

Eastland Welcomes EBAA Iron, Inc. -- \$150,000 Payroll Coming To Leon Site

EBAA Iron, Inc., a successful foundry situated at Frisco (North Dallas), Tex., will expand its operations with the installation of a major plant at Eastland, bringing an estimated \$150,000 annual payroll to

this area, Corporation President Earl C. Bradley Jr. announced in Eastland Friday afternoon.

Details of the expansion were worked out with the Eastland Industrial Foundation

and the announcement came at a coffee hosted at 2 p.m. by the Foundation for Mr. Bradley, his family and foundation share holders.

H.T. Wilson, president of the local organization, presided and directors

instrumental in assisting Mr. Bradley and his firm include J.T. Carter, M.H. Perry, Frank Sayre and Virgil Seaberry Jr., who were introduced. Chamber of Commerce President Marcus O'Dell, Chamber of

Officials and City Officials and others attended the announcement meeting held at the Eastland National Bank Conference Room.

Approximately 25 men will be employed at the plant at the Foundation's

Leon Plant Industrial Park east of the city. Production is expected to begin about the first of the year.

EBAA was established by Mr. Bradley in Frisco in 1965 and has enjoyed healthy growth since that

time it was pointed out.

The foundry is of the gray and ductile ferris type and will make among other things: fire hydrant castings, motor blocks, a line of retainer glands (used to keep pipe together underground and a device for which the company has applied for a patent), parts for other manufacturers, fan clutch drives for auto air conditioners, farm implement parts, and rubber goods for the oil industry including certain parts for the Oil States Rubber Co. of Cisco.

Agreement between EBAA and the Eastland Industrial Foundation calls for the lease - purchase of a 50 - acre tract at the Leon Site, including the old power plant building, dam and lake; foundation retaining all lake water rights.

(Texas Electric Service Co. made 400 acres available to the Foundation, retaining 14 acres for that company's Transmission Division.) Eleven acres of the industrial park have been leased to F&K Tubing Co. which will start production soon at the site.

The majestic masonry and steel power plant building of two floors and a tremendous basement area is deemed ideal for the foundry operation, Mr. Bradley said. The dimensions of the basements are 51 x 247 feet with an 18 foot ceiling and 51 x 76 feet with a 23 foot ceiling.

Work will begin immediately Mr. Bradley said, getting the plant building ready. First project will be the construction of a ramp up to the main floor. Access to the plant will be over the TESCO Road.

Mr. and Mrs. Bradley and their children will move to Eastland about the first of the year. He is a native of Houston, born there in 1924, and Mrs. Bradley is a native of San Antonio.

Their children are Leslie, 18 to be a freshman at Baylor University; Terry, 15 to be a ninth grader; Jennie, 12 to be a seventh grader; and Jeffrey Scott, 11, to be a sixth grader.

Mr. Bradley attended Texas A&M University and took a Bachelor of Arts Degree from the University of Houston in 1948, the same year he and his wife were married.

He was a water works superintendent in Houston, until 1954 when he and his wife moved to Tyler where he became manager of the sales division for Tyler Pipe & Foundry Co. Their children were born in Tyler.

In 1961 the family moved briefly to Troy, N.Y., where he was associated with the Ludlow Valve Co.

They returned to Texas and he became a manufacturer's representative. He organized his own firm, as a representative, in 1964, calling it Earl Bradley Associates. When he formed the foundry business in 1965 he extended the name slightly and made it EBAA Iron, Inc. (pronounced E - Ba)

One of the items to be made in Eastland includes parts for air

conditioners to be used on luxury automobiles manufactured in England.

Using sand molds, the molten metal will be poured at 2,750 degrees and will set at 2,000 degrees. The one - time use sand molds will be made from maintained patterns. Products will be distributed through factory representatives and Mr. Bradley does a lot of his own sales.

Key personnel to be with the plant in Eastland are:

Mr. and Mrs. Earl Bullock who have two sons and one daughter. He is general foreman. Assistant Foreman and Mrs. Joe Diviney; and

Administrative Assistant and Mrs. Henry Collins who have four children. Mrs. Collins is a registered nurse.

Several production lead men will come to Eastland, and others will be employed here.

The Eastland furnace will be an electrically - fired induction type, capable of melting 15 tons of ore a day. Initially an eight - hour shift will be worked with the possibility of a short night shift added later as production increases, Mr. Bradley said.

Raw materials will include steel scrap and pig iron for the furnace and silica mold sand from Cleburn. Finished products will be shipped by common carrier.

Mr. Bradley is looking forward to be somewhat closer to his father, Earl Bradley Sr. who lives at Robert Lee. His mother will move to an Eastland nursing home when his family comes here, he said. The family attends the Presbyterian Church.

"If the people we've met are any indication, we know we're going to love living in Eastland," Mr. Bradley said, "and we're going to try to be the best industrial neighbors anybody ever had."

Services Held Thursday For Mrs. Speer

Funeral services were held for Mrs. May Speer, 82, Thursday at 2 p.m. in Gorman at the Church of Christ. Mrs. Speer lived at Gorman and was formerly of Carbon.

W.E. Moore officiated with Robert Bostick assisting. Burial was in Carbon Cemetery, under direction of Higginbotham Funeral Home.

Born May 1, 1809, in Llano she was a member of the Gorman Church of Christ. She married W.J. Speer in November 1911 in Rising Star. He died in 1936.

Survivors are two sons, C.L. of Abilene and Robert E. of Haskell; four grandchildren; five great - grandchildren.

Pallbearers were Gus Fossard, Floyd Gilbert, E.T. Hudnall, Dick Foster, R.C. Mehaffey and Clayton Cook.

Tid Bits

By HVO

THE COOPER - ITES are swarming Eastland nowadays, most evident in the evenings, and the species can most generally be identified, but you'll find variations too. The really hard - core advocates are fast and you must look quick to see them. They're usually near the track field on West Sadosa. There's no limits however, and you just as easily can spot them on any street, sidewalk or path in town. Presumed harmless, their only apparent danger appears to be their missionary zeal to induct others unto their tribe. Many, oh, many are given to the use of wheeled vehicles, and give evidence of traveling in family groups, with the very young being carried in various manners.

The most significant trait for the entire species is detection of their constant "huffing and puffing". Actually this characteristic is not only an identifying factor - it's the sole purpose for being, with the Cooperites.

If you get one slowed down, you'll find these are ordinary Eastland citizens, many of whom are your friends, neighbors or perhaps your own kin. Their common interest is good health, and they're working hard to achieve it or retain it.

Most have read Dr. Kenneth H. Cooper's famous physical fitness book "Aerobics", either on the advice of their physician or from a friend. The Dallas fitness researcher, a former Air Force training director, advocates: "Train, don't strain". His first rule is get your physician's permission, then move out.

His book gives examples of any number of health problems (some serious) that have been helped through systemic, continued exercise. Cooper has devised a point - system to measure the amount needed depending on sex, age and other factors, so it's a purely scientific approach. Purpose of the program is oxygen consumption: - the more you suck in, the more stretching and straining your system does to absorb it, and this strengthens blood vessels and the heart. Continued, the program is to give you a strong mechanism.

Best exercises to achieve results listed by Dr. Cooper are Continued Inside

Here We G-R-O-W Again!

Every indicator shows Eastland "On the Grow".

Not boom - wise, but steady, solid increases in the places where it counts. The kind you can count on today and -- more importantly -- tomorrow.

The agri - economy is important and has done yeoman's work of maintaining the area between the boom - burst oil days and the blossoming days of 1972.

There's growth now in so many areas - new businesses, new investments, new economy, new people and resulting benefits of more population of good people enjoying the good qualities of life in and near Eastland.

A major magazine is considering a feature article on Eastland's "come - back" and what a story it will be.

New businesses and professional services have sprung up "all around" since the first of the year.

Utility connections and expansions are up as are postal receipts and bank deposits from the first of the year.

FEW P.O. BOXES

And did you know that the post office is hard pressed to offer postal boxes now? At mid - week a check showed that only two small boxes were unrented, and Postmaster Marcus O'Dell is giving serious consideration to expansion of the box service.

80 NEW PHONES

Southwestern Bell Telephone Co. last year allocated 100 slots for that many additional telephones for Eastland during 1972. The company has already hooked up over 80 new phones so far this year, with a great number of additions expected before the year ends.

41 ELECTRIC METERS

Texas Electric Service Co. reports 41 new electric meters installed since Jan. 1.

25 WATER METERS

The City of Eastland has placed at least 25 new water meters since the first and quite a few other new homes and businesses are in the building stage.

Lone Star Gas Co. reports continued increases in their services.

RECORD BANK DEPOSITS

Bank deposits at Eastland National Bank have grown nearly \$1 million in six months, from \$11,611,461 on Dec. 31, 1971 to \$12,392,639 on June 30, 1972. Assets too, are up from

Continued To Industrial Pg.

Foundation President H.T. Wilson, Mr. and Mrs. Fred Bradley, Mayor Durel Reid, and Chamber President Marcus O'Dell.

New Industry Joins List Solid, Growing Neighbors

EBAA Iron, Inc., a solid, successful, non - polluting industry with a great history, will join a cadre of similar firms already operating in the favorable climate that is Eastland.

Ideal living conditions and enthusiastic employees make the Eastland work - force second to none.

V - C MENUS

Eastland's pride is its own "home - grown" industry, Victor Cornelius Menus, with diversified products and a world - wide market for its top - of - the - line menu and Redi - Clip services. The entire V - C operation is creditable to the genius of Eastlander Victor Cornelius who put it all together through talent, skill and good management. Today the extra - modern plant employes over 100 people and its payroll is a substantial boost to the city and surrounding area. A dynamic civic leader, Mr. Cornelius is noted for the good things he does for his employees. A constant thinker, he delights in new and unusual ways to reward employees with gifts and bonuses. The V - C plant is on West Main directly across from the post office. V - C is the P.O.'s biggest customer.

AZTEC

Aztec Mobile Home Construction Co. came to Eastland with Foundation help and located north of town on the Airport Industrial Park. Originally owned by an individual, the firm has since been bought by the Pancho Mexican Buffet (P.M.B.) Corp. and the Eastland plant now has about 100 employees. Produced here are fast selling mobile homes and a top - of - line model was recently introduced to enthusiastic response. Eddie Barnes is General Manager.

LIGHTWEIGHT AGGREGATE

One of Eastland's oldest and most conscientious industrial citizens is Lightweight Aggregate, a division of Texas Industries Inc., located northwest of Eastland, where General Manager Charles Martin and a top crew of some 20 employees produce much - in - demand lightweight aggregate building material. Using native shell, the plant burns the cinders and ships to other company plants for use in a multitude of

buildings in Eastland. Through the years the firm has changed ownership, and with Chamber of Commerce help, moved into its modern plant on the West side of town. At mid - week plant officials reported 305 employees, highest number since 1968. The Foundation was instrumental in executing the Vassarette expansion of recent years, and has assisted the good tenant with paving and other improvements. Top quality ladies lingerie is the product. Gene Johnson is General Manager.

building purposes including highway construction (a new venture), cinder blocks, slab concrete work and other building projects. The annual payroll at Lightweight is approximately \$185,000. As a good citizen the plant can take credit for helping "level" Eastland, as its refuse (unburned sands and other materials) have been used and are used as "fill" for many low spots around the town. The pits from which it had removed shell are "ready - made" sanitary landfill locations for the city's new waste disposal system.

TRI - CITY READY - MIX

Just completing installation of a brand new, automated plant is the Tri - City Ready Mix Cement Plant, now located on the northwest edge of town, where Owner Mr. Carey has spent tens of thousands of dollars putting in a really first class installation. He recently relocated from the east part of town.

WEBSTER CERAMICS

House of Webster Ceramics is another virtually home - grown industry. It originally was Horton Ceramics developed by former residents Mr. and Mrs. Horace Horton who sold the plant in the

E.I.F. Makes It Happen!

Nice things like EBAA don't "just happen" in Eastland.

They are brought about through the hard work of a lot of people.

Playing no little part in this project, as in past projects, have been members of the Eastland Industrial Foundation board of directors and their wives.

And the women certainly deserve credit for their assistance.

Eastland had a sound basis to grow on, but it was in 1964 that the establishment of the Foundation added direction and unified effort to the efforts. The results have been magnificent.

250 NEW JOBS

Since that chartering day of Feb. 18, 1964, Eastland has gained some 250 new jobs as the result of the Foundation's efforts, and that's the purpose of the foundation - to bring new payroll to Eastland.

The Foundation began from below zero, when it assumed the industrial certificates held by the Chamber of Commerce, and the ensuing financial obligations, as well as the chamber's lease agreement on the Hollywood - Vassarette plant building and site.

Today, eight years and many local jobs later, the Foundation lists total fixed assets in excess of a quarter million dollars. It didn't just happen.

WILSON LEADS WAY

Under the expert guidance of Foundation President H.T. Wilson, the organization operates on an honest, "ask for the sale" basis, offering assistance and help, and attempting to make every deal a good deal for both parties.

KEY DIRECTORS

Assisted by Vice Presidents M.H. Perry and Franke Sayre, the Foundation's growth and track record is exceptional. J.T. (Buddy) Carter is secretary - treasurer and Virgil T. Seaberry Jr. is the fifth director and legal council. Where do the wives come in?

Well, it's easy to see when you stop to think about it. They're the ones who keep dinner warm when there're late meetings; hurried plan changes when a "prospect" comes to town; and 1,001 other details that only a woman can handle.

And of course too, many people in Eastland deserve credit for helping make the project work too. There were very few industrial certificates redeemed. Most were donated

A Message to Dads...

TO BIG, STRONG, HANDSOME DADS EVERYWHERE

Keeping home a good, secure place for the family can be a pretty tall order these days. That's why so many Dads count on us for insurance against fire, burglary, liability and all the other ills a home is heir to.

How's your insurance program? If you haven't checked up on it lately, why not let us help? There'd be no obligation, of course.

When it comes to insurance, we're experts in the kind of "better program" that makes for that secure, comfortable feeling.

Fox Reunion
Held Aug. 6

The annual Fox Reunion was held August 6 at the Fireman's Hall on Park Hill in Eastland. It was an all day event, with a bountiful lunch spread at noon.
A business meeting was held in which new officers were elected for the coming year. They were:
President - Earl Fox of Graham
Vice President - Jay Jenkins, Mineral Wells
Secretary - Treasurer - Mrs. A.L. Fox of Eastland
Reporter - Mrs. Diehl Yeilding of Eastland
Grounds Chairman - O.B. Woods of Olden and Rev. Rainey of Desdemona
Program Committee - A.G. Fox of Lubbock
Food Committee - Mrs. Shirley Garner of Olden
There was well over 100 people who attended. People who attended came from many different places - Alaska, Juarez, Grandfield, Lubbock, Wickett, Hurst, Weatherford, Fort Worth, Wickett, Brady, Olden, Desdemona, Rising Star, Stephenville, Kermit, Midland, Cisco, Lancaster, Missouri, Breckenridge, Hamlin, Abilene, Eastland, Ranger, Carbon and Houston.

Generation II

Arriving Saturday August 19

It's the biggest tractor announcement day in more than ten years. It's August 19 — the day you can enter Generation II and meet four new tractors from John Deere ranging from 80 to 150 hp. It's the day you can start farming more safely—in greater comfort and luxury. It's an all-day affair you simply can't afford to miss.

HD NEWS
By Janet Thomas County
Home Demonstration Agent

Pant suits seem to be here to stay!
Current fashions include pants that rise high at the waistline, with self belts banding the midriff. A new emphasis is trouser pleats at the waistline in a men's wear mood. Cuffs are becoming increasingly popular and so are pant lengths, rolled up to mid-calf or above. Flared lines are popular, with many reaching widths of 27 or more inches.

Plans for the 1972 fall Senior Citizens Bazaar will be announced in the near future. A planning committee will be meeting this month to finalize the arrangements and set a date.
Last year's Bazaar had 61 exhibitors, and a record number is expected this year.
Representatives of the Home Demonstration Clubs in the county met this week to discuss ways of increasing club membership and participation in all activities.
Those ladies participating in the planning meeting were: Mrs. Clarence Hastings, Mrs. D.F. Eaves, Mrs. Herman Schaifer, Mrs. R.W. Gordon, Mrs. Arlin Bint, Mrs. J.E. Stansell, and Mrs. T.L. Hale.
Home Demonstration Clubs have been observing August as vacation month. The club activities will resume in September. Any homemaker wishing to join is invited.

Plastic oven bags can become a fire hazard if not properly used. The accidents are caused by a phenomenon called "Bumping." Bumping occurs when a layer of water forms under a layer of fat that's seeping out of the meat being cooked. As the trapped water continues heating, it may reach and exceed its boiling point and convert into steam.
When the steam becomes super-heated it may break the bonds of the fat and spew out with enough force to burst the bag. If the fat released during the outburst hits, the heating element, a serious fire can result.
To prevent this, coat the inside of the bag with a tablespoon of flour or use a sauce mix with a flour base to coat the bag.
Also punch small air holes in the bag to inhibit sudden build-up of pressure.

Proposed PUBLIC NOTICE CONSTITUTIONAL AMENDMENT
 NUMBER 7 ON THE BALLOT (JSR 16)
 General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article I of the Texas Constitution be amended by adding a new section to be known as Section 3a, to read as follows: "Section 3a. Equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin. This amendment is self-operative."

Sec. 2. The foregoing amendment to the constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide that equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin."

Proposed PUBLIC NOTICE CONSTITUTIONAL AMENDMENT
 NUMBER 4 ON THE BALLOT (HJR 61)
 General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Article XVII, Constitution of the State of Texas, be amended by adding a Section 2 to read as follows: "Section 2. (a) When the legislature convenes in regular session in January, 1973, it shall provide by concurrent resolution for the establishment of a constitutional revision commission. The legislature shall appropriate money to provide an adequate staff, office space, equipment, and supplies for the commission. (b) The commission shall study the need for constitutional change and shall report its recommendations to the members of the legislature not later than November 1, 1973. (c) The members of the 63rd Legislature shall be convened as a constitutional convention at noon on the second Tuesday in January, 1974. The lieutenant governor shall preside until a chairman of the convention is elected. The convention shall elect other officers it deems necessary, adopt temporary and permanent rules, and publish a journal of its proceedings. A person elected to fill a vacancy in the 63rd Legislature before dissolution of the convention becomes a member of the convention taking office as a member of the legislature. (d) Members of the convention shall receive compensation, mileage, per diem as determined by a five member committee, to be composed of the Governor, Lieutenant Governor, Speaker of the House, Chief Justice of the Supreme Court, and Chief Justice of the Court of Criminal Appeals. This shall not be held in conflict with Article XVI, Section 33 of the Texas Constitution. The convention may provide for the expenses of its members and for the employment of a staff for the convention, and for these purposes may by resolution appropriate money from the general revenue fund of the state treasury. Warrants

Proposed PUBLIC NOTICE CONSTITUTIONAL AMENDMENT
 NUMBER 5 ON THE BALLOT (HJR 35)
 General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 2, Article VIII, Constitution of the State of Texas, be amended to read as follows: "Section 2. (a) All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax, but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages; that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property mentioned in this Section shall be null and void. (b) The Legislature may, by general law, exempt property owned by a disabled veteran or by the surviving spouse and surviving minor children of a disabled veteran. A disabled veteran is a veteran of the

All friends and relatives are invited to attend the wedding of Debra Jean Aaron, daughter of Mr. Buddy Aaron and Mr. Joe Stephen Trout, son of Mr. and Mrs. Olen Trout, Saturday, August 19 at 7:00 p.m. in the First Baptist Church. There will be a reception at the church following the wedding.

Tidbits
 running, swimming, cycling, walking, stationary running, and handball - squash - basketball, in that order. His best motto is "Endurance is the best insurance". Start moderately and work up, the doctor says, but stay with it. If you haven't joined the Cooperites, don't knock it, you might feel better. There are those in our midst who are running over two miles and evening, and results reported include, among many other things, better dispositions, and even reduced need for such things as cigarettes, etc. So get out the old tennis shoes and sweat shirt, and join the pack. It's not embarrassing.

Antonio visited their parents Mr. and Mrs. D.C. Frost last weekend.

Mrs. Valera Hargus and Mrs. C.W. Boles were weekend guests of their brother Mr. and Mrs. Gilbert Hargus of Austin.

Electricity that can help save lives.

can observe their patients constantly. X-rays, long an important diagnostic tool, can now be ready to read in as little as 90 seconds. And all newborn babies are now helped to adapt to life conditions by the controlled temperature, humidity and light of modern incubators. Built-in equipment monitors each child's health. These machines extend the skills of highly-trained medical professionals.

And they all require electricity to make them work - electricity that will be required in even greater supply in the years ahead. When additional power is needed, we'll be ready to provide it to hospitals and to all our customers.

But getting ready and staying ready is an increasingly expensive, never-ending job at Texas Electric. Our construction expenditures are at a record high for facilities necessary to keep an adequate and reliable power supply at your service.

Those that come most quickly to mind include electrocardiogram equipment, sterilizers, special lights in the operating room, surgical and physical therapy equipment. Intensive care units in some hospitals have closed-circuit television, so nurses on duty stations

FOUNDATION. From Pg. 1

directly to the Foundation for their continued use.

Accomplishments? A bundle. Handling the Vassar plant arrangements; expansion there of major proportions; acquisition of the Airport Industrial Park and the placement of Aztec Mobile Homes there; acquisition of the Leon Plant Industrial Park and the establishment of F&K Tubing there; and now the placement of EBAA Iron, Inc. in the plant building on 50 acres.

Foundation members operate with sharp pencils and play it straight on every deal. President Marcus O'Dell and the Chamber of Commerce is tremendous help in routing data and doing research, with officers and directors all pitching in to help make the program fly.

A special Industrial team has specialized training to be available at a moments notice to go, or welcome visitors, and supply hard - rock information about the many advantages of the Eastland scene.

Eastland's Foundation is mighty good under - pinning for the continuing growth of the city.

NEIGHBORS... From Pg. 1

southeast part of town to a Colorado firm which operated it as Romco for a number of years. Several years ago, the prestige gift firm of House of Webster of Arkansas bought the plant to manufacture elegant containers for its top-line gift items. Jimmy Little is Co - Owner and General

Manager. He has eight full - time employees with an approximate payroll of \$4,500; expandable upwards during rush, peak periods.

F&K TUBING

Located in the Leon Industrial Site and to be next - door neighbor to EBAA is F&K Tubing Co., Inc., just completing installing of modern equipment to begin production soon of steel tubing by the cold rolling process, to be used in the construction of steel gates by F&K Gate Co. It is owned by A.P. Fambro of Cisco and Ancil King of Eastland.

FARM & RANCH

Eastland Farm and Ranch Equipment Inc., 306 E. Main St., builds steel gates and portable corrals, and is owned by Bert Herridge, Bill Moore and Jack Dixon. The quality products turned out by Farm and Ranch are sold all over the nation. F&K, Farm & Ranch Equipment and EBAA will bring to three number of industries announced in three months.

AUCTION CO.

While not an actual manufacturer as such, Eastland Livestock Auction Co. plays a vital role in very important livestock industry for this entire area. Under the capable direction of Owner Lloyd Coan, the firm on East Main in Eastland serves the marketing needs of thousands of buyers and sellers every Tuesday sales day.

Eastland County Newspapers has just celebrated its first anniversary in its new \$100,000 offset printing plant in Eastland where eight newspapers are printed

GROW... From Pg. 1

\$12,613,41 at the end of last year to \$13,552,076 at mid - year.

Expansion at the hospital continues with a major 40 - bed addition expected to be announced by Eastland Memorial Hospital momentarily.

NEW NURSING HOME

Largest single expenditure of money during the first six months was the announcement by Eastland Manor Nursing Homes, Inc., which already operates a 102 - bed center on West Commerce St., of construction of a new 102 - bed center, costing over \$500,000. Construction is well underway at the corner of W. Sadosa and S. Ostrom in the south part of town.

Bakker Funeral Home, located at 306 W. Plummer, opened in March and is owned and operated by Dale O. Bakker.

H&W Construction Co., specializing in home building, located at 1200 W. Commerce St., has several major house building projects underway. The firm is owned by Walter Hall and Ray Winnegar and presently has 15 lots in Airport Acres under development.

Mr. L.D. Wyatt has completed several new homes here.

Also opening recently was U - Sav Pharmacy, in a new building at the corner of W. Commerce and S. Daugherty,

weekly.

It all adds up to a pleasant environment of economic diversification.

Eastland, a town of many proclivities and firms and these have found a good place to call home.

operated by Richard Watson.

Located at 104 S. Seaman is "Photos and Things", a photographic supply store, studio with gift department, owned and operated by Mr. and Mrs. Hugh Matthias.

Coming to Eastland from Seymour, Dr. Melvin Henexson, chiropractor has offices in his home on East Plumm 4er St.

In downtown Eastland, a Radio Shack franchise store has been added to the B&B Sales and Service Co. at N. Lamar and W. Main, owned and operated by Don Baird.

Taylor Center is the name of a new firm located at 724 W. Main St. The business houses a grocery store, family recreation center, self - service gasoline station and washateria with 30 machines and 15 automatic dryers. It is owned by Mr. and Mrs. Jerry Taylor.

"Big Tex" Mobile Home Sales is located on Int. 20 just east of Eastland and opened under the ownership of Mrs. Eddie Barnes, selling direct from Eastland's Aztec Mobile Home Manufacturing Co.

Mrs. Nina Wallace operates Style - O - Rama, a beauty salon, at 602 S. College.

"Eye of the Needle" is the name of a sewing center recently opened at 1701 W. Commerce St., owned by Mrs. V.L. Davis.

Located at 203 West Main is the office of Richard Rossander, representing M.F.A. Insurance Co.

"Tomatoes by Paul" is located at 501 S. Bassett.

Dandy Don's Insurance Salvage, is located at 208 W. Main.

A convenience grocery is under construction on Sadosa St. and a new super service station is abuilding at the east interchange.

Winston Boles has added a service at his Boles Dairy Queen.
