Tid Bits

By HVO

EASTLAND COUNTY will celebrate its 100th Anniversary in the year upcoming...The Courthouse grounds look very pretty right now.

WANDA WEBB down at Harmon's Shortstop failed to be properly credited with contributing ice for the snow cones and soft drinks down at the Little League concession stand this year. It was an oversight, and be assured that all (especially the youngsters who played so hard and cooled their tongues so hastily from that ice) appreciate Wanda's generosity...Did you really know that they served a "pickle juice" snow cone at that stand? That's what they say, although lack of courage prevented us from asking for one.

RUDY FAMBROUGH, 1961 graduate of Eastland High School will fill the pulpit at Calvary Baptist Church in Cisco in the absence of the pastor there, Sunday, June 25.

MASTER CHARGE notice: There can't be a photograph on Master Charge renewal card unless Eastland National Bank card holders come in the bank and pose for new pictures between June 26 (Monday) and July 7. The Master Charge people won't, for safety sake, use an old photo when they make a new card, so we must have new snaps made at the bank while the camera is here during this period.

AT THE BANK, did you also know that Mrs. Inez Bourdeau, in charge of the Special Services Dept., has the ability to handle International Banking matters for those who travel abroad? ENB is one of the few banks in this area which can take care of these important currency details for you. You might want to talk to Inez if you're outward bound.

TWO EXAMPLES this week of Standard Operating Procedures (SOP) we natives take for granted here, but outsiders spot and appreciate greatly because they're not used to 'em. A visitor from California found his foreign car camper in serious need of mechanical work. Having had the same machine repaired in shops out west, he was cautious of charges and service. It turned out to be a treat instead of a treatment, when Jonah Finley and his mechanics down at City Garage turned the job out in record time, handed the visitor a reasonable bill, thanked him and told him if he had any trouble, "Let 'em know"...The visitors couldn't believe that people still do business that way...Incident No. 2: You go to buy a lawnmower, and courteous manager Luce Pittman down at Western Auto says, you want one with a grass catcher or without. "Do you need a grass catcher?" you ask, and honest Luce says, "I never do", and so you buy one without...It happens all the time with the friendly people in Eastland...Try 'em, you'll like 'em!

ALBANY FANDANGLE is a fine community project and probably does the participants more good in working together, than it does the spectators, many of whom find the production a little longish. First half exciting and interesting, but second half heavy on songs, dances and a

Kendricks Announce Plans For July 4th Wild West

Once again it is Wild West time at the Kendrick Amphitheater. The giant WILD

WEST SPECTACULAR will be staged July 4, 1972 beginning at 9 p.m. at theater between

Eastland and Cisco, Texas, on U.S. Hwy. 80. There will be cowboys, In-

dians, singing, fights, dancing, wagon trains, and all the works of the origin of the country's

history and promises to be exciting from the beginning to the end which all ages will

enjoy. Music will be a feature of this year's production with area

talent performing in each scene. See the Indians scalp Mrs. Coffee, one of the earliest settlers in this area. See the first oil well drilled and blow over the top, and dancing and card sharks stir up wild excitement in the saloon that flowed nearly as much as the oil well.

The grand finale being a GIGANTIC FIREWORKS display that is to be larger than any ever presented at the theater.

So, for a great fun filled climax to your July 4, plan now to attend the Wild West Spectacular at the Kendrick Amphitheater.

Pictured above are Lena Hageman, seated, Avie Allgood, and Mrs. Willie Walters. Not pictured but also having birthdays were Silas Poe, Lou Venia Whiteley, and Guy Robbins.

Eastland Manor Patients Say 'Good Bye'

To A Very Good Friend

The patients of Eastland Manor celebrated their June birthdays, Thursday, June 15. Those honored were: Lena Hageman, Silas Poe, Avie Allgood, Lou Venia Whiteley, Guy Robbins, and Mrs. Willie Walters.

This was also a farewell party for Bro. Eugene Williams, Pastor of the First Christian Church in Eastland. Bro. Williams has been such an inspiration to the people of Eastland Manor. He led the singing each Thursday morning and for the birthday parties each month. The special music he sang was a joy for them and he will certainly be missed by all.

Doyle Carter, a resident, presented Bro. Williams with two beautiful shirts and ties, on behalf of the residents of the home.

The cake, by Donna Brown, was inscribed "Keep in Touch Bro. Williams" with a large mail box to Eastland Manor on it.

Dr. Eugene Williams . . . To Michigan

Area Processing Is New P.O. Innovation

The newest innovation of the United States Postal Service -- Area Mail Processing -- is to be installed at the Stephenville, Texas, post office within the next two weeks.

This was announced today by Carl C. Ulsaker, Regional Postmaster General, Southern Postal Region, which covers the Southern United States from Texas to Florida.

"The program is intended to speed the ultimate delivery of the mail and to gain a maximum efficiency and economy through full utilization of Stephenville's modern post office," Ulsaker said.

One electric cancelling machine is available at the Stephenville Post Office to move the increased mail volume from the associate offices.

"The Stephenville Post Office," Ulsaker pointed out, "is a Sectional Center Facility, and the new system will revolve entirely around that capacity and that function."

Randy McDonald To Lead in Kokomo Revival

Randy McDonald, Minister of Youth at North Richland Hills Baptist Church in Fort Worth will be the evangelist at the revival at the Kokomo Baptist Church June 26 through July 2. Woodrow Browning will direct the music and Mrs. Claude Fuller will be the pianist.

shortage of Indian raid, stage-coach robbing and general Old West action. But it's a show with color that everybody in these parts should see once.

"The program will take effect June 28 in Eastland," he said.

Area mail is a plan whereby virtually all mail originating within a Sectional Center Area, including any or all of the associate offices of the Sectional Center Facility, will be consolidated at the SCF for complete preparation and processing for outgoing dispatch.

All mail deposited in street letter boxes or the out-of-town letter drops at the associate offices will be transferred to the SCF for processing and will bear the postmark designated for the SCF area.

The Stephenville SCF postmark will read, "U.S. Postal Service, Tx 764", along with the date and AM - PM designation. The city postmark of Stephenville and each individual associate office will not be changed.

Mail deposited in a designated drop unit at a post office or a letter box labeled "For Local Cancellation Only" will be postmarked at the local office of origin with the name of that office. Each Postmaster will have deposit boxes and letter drop units designated for this purpose. All metered mail will bear the postmark of the office of origin.

It was emphasized by Ulsaker that no office will lose its local postmark.

He asked specifically that customers no longer use the word "City" as an address in place of the name of the city of destination. "Obviously," he said, "in this new system, a

letter with just 'city' could lose its identity.

Post offices affected by this program in the Stephenville area are: Albany, Cisco,

Special Scholarship Grant Available At Local College

A special scholarship grant, through the Walter Alan Richards Foundation, Inc., has been made available to Ranger Junior College according to a recent announcement by Tom's Foods, Ltd. of Columbus, Georgia.

Tom's one of the largest confectioners in the peanut products industry, made the grant possible to help support the new peanut production curriculum developed by Ranger Junior College. The inauguration of the new program will be in the fall of 1972 and is designed to offer students specialized vocational training in all aspects of peanut production. Course work will include a balance of classroom and field-laboratory work over a two year period, leading to an Applied Science Degree in Farm and Ranch Management.

An advisory committee, made up of growers, shellers, and officials of the peanut industry, joined with the planning committee of the college to design a practical curriculum that would fulfill the needs of the peanut industry as a whole.

Heading up the program at Ranger Junior College will be Mr. Weldon Wilson. Mr. Wilson has received extensive training

in peanut research and is interested in the peanut industry as a whole. He received his Masters Degree from Texas A&M University. Following his graduation there he worked in agricultural engineering department as a research associate in harvesting and curing peanuts.

Serving as members of a special advisory board are: Wayne Eaves, Chairman -

Comanche, Cross Plains, DeLeon, Dublin, Eastland, Gorman, Hico, Ranger, Rising Star.

GET A CHECK-UP! President Texas Peanut Producers Board; Ross Wilson, Manager Southwestern Peanut Growers Association; Victor Scott, President Southwestern Peanut Shellers Association; Tom Birdsong, Gorman Peanut Co.; D.B. Warren, Member Southwestern Peanut Growers Assoc.; J.O. Jackson, Member Texas Producers Board; and Shelby Newman, Texas A&M Experiment Station.

W. H. Hoffmann On Tech List

LUBBOCK, Texas - William H. Hoffmann, son of Mr. and Mrs. Bill Hoffmann of Eastland is one of a total of 913 students in the College of Business Administration at Texas Tech University who qualified for the dean's honor list for the 1972 spring semester, according to Dean Jack D. Steele.

To qualify for the honor list, a

Marquee Fire Does \$100 Damage

A fire was reported about 8:30 Friday night at the Majestic Theatre in Eastland

after some birds had built nests and caused a short in the large neon Majestic Sign. The damage estimate was around \$100, according to J.D. Yowell, the theatre manager. The fire was extinguished in about five minutes.

Funeral For M. H. Crossnoe Held Saturday

Marshall Homer Crossnoe, 75, a concrete contractor of Rising Star, died at 3:45 a.m. Friday in the West Texas Hospital in Lubbock after a long illness.

Funeral was at 4 p.m. Saturday in Higginbotham Funeral Home Chapel with James Haney, minister of the Rising Star Church of Christ, officiating, assisted by the Rev. L.L. Lewis of the Bible Baptist Church. Burial was in the Blake Cemetery near Rising Star.

Mr. Crossnoe was born April 30, 1897, and married Georgia Harris in Rising Star on Oct. 27, 1919. He was a veteran of World War I and a member of the Church of Christ.

Ranger Scouters Visit Eastland National Bank

Ranger Cub Scout Troop No. 10 of Ranger was conducted on a tour of the Eastland National Bank and visited the Sam Houston exhibit Thursday. Guide for the visit was Mrs. Inez Harrell Bourdeau, who is head of the special services department. Mrs. Mike Fisher, den mother, and Mrs. Johnny Welly and Mrs. Grady Shook, assistants, also assisted a very big part in the day at the bank.

WEST CENTRAL Texas Council of Governments, was one of 26 regional and metropolitan area planning council awarded criminal justice planning grants for fiscal 1973 today by Governor Preston Smith. Amount was \$27,300.

The awardees, totaling \$793,718, will come from the Criminal Justice Council, which oversees statewide law enforcement

EASTLAND NATIONAL BANK EASTLAND, TEXAS

2 County Youth Named To Attend Bureau Seminar

Two high school students from Eastland County will attend the tenth annual High School Students (Citizenship) Seminar to be conducted by the Texas Farm Bureau July 18-22 on the campus of Baylor University in Waco, according to Sam Kimmell, president of the County Farm Bureau. Students selected to attend from this county include: Debbie Nunnally and James Steel.

They will be among some 450 students from all over the State who will be entering the 11th or 12th grades in September and have been carefully screened as to leadership ability and scholastic achievement.

Attendance is not limited to students from Farm Bureau

families, but is open to those who reside in towns or cities as well as rural areas. Their attendance is sponsored by the local county Farm Bureau. Purpose of the seminar according to Mr. Kimmell, is to convey to the students a better understanding of our American heritage and the capitalistic private enterprise system "that has made ours the greatest of all nations."

They will also be informed about some of the forces, both internal and external, that are eroding our way of life. The ultimate goal, he added, in addition to helping them to be better informed, is to cause them to want to pass on their experiences to others.

Several nationally known authorities will be discussion leaders at the seminar. They include Dr. Clifton Canus, president of Harding College, Searcy, Ark., who will speak on "Understanding and Preserving our American Heritage," "Moral Foundation of Freedom", and "Pyramid of Freedom".

Cleon Skousen, lecturer, author of "The Naked Communist" and other publications, and former FBI agent, of Salt Lake City, Utah, will speak on "History, Strategy, and Tactics of the Communist Party". Tom Hollingworth, former member of the Green Berets, will discuss "Behind the Scenes in

Vietnam". Dr. C.L. Kay, assistant president of Lubbock Christian College, Lubbock, will speak on "Freedom is on Trial" and "The Battle Ahead".

Leon District To Compete in Project

Upper Leon Soil and Water Conservation District will compete for the top prizes in the 26th annual Goodyear Conservation Awards Program, according to Gene Gilbreath, Dublin, district chairman.

The district will pit its 1972 record of conservation achievements against other districts in the contest sponsored by the Goodyear Tire & Rubber Company in cooperation with the National Association of Conservation Districts (NACD). An independent judging committee will select the first and second place districts in the state.

Each first-place district wins expense-paid, vacation-study trips for its outstanding cooperators and a member of the governing board. Representatives of 53 award-winning conservation districts nationwide will be guests of Goodyear on a tour of outstanding resource development projects.

The awards program also includes recognition of the outstanding cooperator who will be selected by the district from the 4,500 landowners and land users who are enrolled in

Herman B. Dempsey, center, Transmission Division's southwest regional manager, joins Don R. Martin, left, regional plant manager, and Weldon O. Cunningham, general clerk, in front of their new headquarters building in Eastland.

It'd Take Spell To Call 'Em All

If you tried to call all the telephones in the world it would take 10 years. ALAMEDA, CALIF. Coast Guard Seaman Recruit Kenneth R. Higgins, son of Mr. and Mrs. George R. Higgins of Desdemona, graduated from basic training at the Coast Guard Training and Supply Center at Alameda, Calif.

He is a former student of Shelbyville High, Shelbyville, Ill. The Upper Leon district's program.

Members of the district governing board are Gene Gilbreath, Dublin; Norman Moore, Comanche; J.T. Wilkerson, DeLeon; Joe B. Criswell, Rising Star; and Edward F. Harrison, Gorman.

be impossible, even for an American who places more calls a year on the average than anyone else on the globe.

John McGowan, Manager for Southwestern Bell Telephone Company said the task of reaching all 272.7 million phones would take more than 500 years.

"This of course is assuming someone in Eastland could talk at a rate of one conversation a minute," McGowan said.

"Statistics show, however, each man, woman and child in America averaged about 2.1 conversations a day, of 779 for the year. This is more than the combined average of our counterparts in Argentina, Greece, China and Australia."

McGowan based his calculations on the latest edition of "The World's Telephones", a booklet published annually by AT&T's Long Lines Department, the Bell System unit for interstate and international services. He said the telephone census reflects developments to January 1, 1971, because a full year is needed to compile the data.

Eastland played a role in helping Americans set another record - that of having more telephones in service than any other country.

"The record showed the U.S. ahead with 120.2 million phones, five times as many as second place Japan which reported 26.2 million," McGowan said. "There are 2,891 phones in Eastland which is more than all the telephones in the country of British Honduras," he noted.

Even though the U.S. topped the list in total telephones, its growth rate is less than half that of a number of countries led by Greece, Yugoslavia, Japan and Korea.

"However, it probably will be a long time before these countries equal telephone concentration in the U.S. which is one phone for every two people," he said.

To make his point, McGowan compared Texas with its 5,072,306 telephones with Sweden which has 4,505,802.

"With the other four states - Arkansas, Kansas, Oklahoma and Missouri - served by Southwestern Bell, the total company phones at the end of 1970 surpassed the number in Canada. Southwestern Bell had 10,488,540 compared with Canada's 9,752,537."

2nd Bike Project Meet June 28

The second Bicycle Project meeting will be held on June 28th, at 3:00 p.m. under the pecan trees just west of the high school on Plummer Street.

This program will be on minor maintenance of bicycles. Instructions on chain tightness, height of seat and how to raise it, how to straighten handlebars, etc. will be shown. Also tools will be available for individuals to make adjustments.

This meeting along with others (to be given at later dates) are open to the public, young and old alike, regardless of race.

by DeMarquis Gordon

Another case of screwworms were found in Eastland County last week, bringing the total to three for this month. The location of this case was two miles southeast of Cisco. All owners of animals are urged to be on the alert. We've got to stop this destructive insect. There were over 1000 cases confirmed in Texas on June 19th.

That "white stuff" on your favorite rose or Crepe Myrtle might be powdery mildew.

Numerous shrubs and flowers in Eastland County are showing symptoms of powdery mildew. This mold first appears as whitish patches on leaves and then spreads over the entire leaf. Such surface growth produces thousands of fungal spores daily. Winds carry these spores long distances to infest other plants.

Particularly susceptible are photinia, rose, crepe myrtle, verbenia, euonymus and zinnia.

Products containing Benomyl, a relatively new

systemic material, are some of the best controls. Other materials including Folpet, Phaltan and Actidione PM are also effective. Unfortunately, not all fungicides will control powdery mildew. Check the label to see if the product contains one of the suggested materials.

Generally a spray schedule of every 10 to 14 days is required. Follow the directions on the label of each material used and handle all with care. After use, the containers should be properly stored or disposed of if empty.

We are also getting a lot of calls concerning honey dew. Honey dew is completely different from powdery mildew and is caused by aphids of plant lice. The aphids can be controlled with Diazinon, Malathion, Zolone as well as several other insecticides. Be sure to read the label before using any insecticide to be sure it is recommended for the plant you are going to spray.

Newly transplanted trees, shrubs and vines will be needing extra care this summer.

The most critical problem of newly moved plants is providing adequate moisture since they require frequent watering.

Soil moisture may be conserved through the use of mulches. Many organic materials such as pine needles, oak leaves, pine bark, bagasse, gin trash or even grass clippings may be used effectively. The selected material should be applied several inches deep over an area large enough to cover the plant's spreading root system.

Mulches also help control weeds which compete with plants for moisture and nutrients.

Some mulches, however, decompose rapidly and use the existing soil nitrogen, causing the plant to yellow. This may be corrected by small applications of a nitrogen fertilizer.

Plants often die the first season from over application of fertilizers. For this reason we recommend that no fertilizer be added at planting time and only very small amounts, if any, be applied during the first growing season. Since most new plants have limited root systems, they can be damaged easily by even small amounts of fertilizer.

Homeowners who will be on vacation for more than a few days, should arrange for someone to water the new plants. A thorough soaking once a week is usually sufficient for plants that have been properly mulched, staked and watered prior to leaving.

By providing some extra care

HD NEWS
By Janet Thomas County Home Demonstration Agent

Mrs. Adena Lockwood from Santo will join the County Home Demonstration Agent's Office staff as an Apprentice Extension Agent on July 1 to July 15. Mrs. Lockwood, a senior home economics major from Tarleton State College, will be working with the local agents during this two weeks period. She will have an opportunity to learn and gain an understanding of Extension work in relation to 4-H and Home Demonstration activities.

We welcome Mrs. Lockwood to Eastland County!

A Food Preservation Workshop will be held on Friday, June 30th at the Texas Electric Reddy Room in Eastland. The program will begin at 2 p.m. and the public is invited to attend.

With the large abundance of fruits and vegetables now available, freezing and canning of food offers the family excellent meals at a lower cost.

Recommended methods of freezing and canning of foods will be demonstrated at this time.

Summertime arrived this for new plants, homeowners are protecting an investment that can provide dividends for the years ahead.

past week, and you may be considering another air conditioner for your home. The big question is determining what size cooling unit is needed. The "rule of thumb" guide is to figure one ton of air conditioning for each 500 to 600 square feet of floor area of the home. Depending on local electric rates, a one-ton unit will cost about two or three cents per hour to operate.

Fashion Fiesta

A "Fashion Fiesta" will be held Friday, July 23rd at the Cisco Junior College Student Union Building. The County 4-H Dress Revue will begin at 8:00 p.m. with thirty-three girls modeling their clothing projects.

The girls will be representing the Ranger, Cisco, Eastland, Carbon, Rising Star and Nimrod communities. Awards will be presented to each of the girls.

A reception honoring the 4-H girls will be held immediately following the Revue. It is being hosted by the Eastland County Home Demonstration Council. The public is cordially invited to attend the event.

Ten minutes of Miami: \$2.10

That's the cost of a 10-minute call from here to the tropical city if you dial it yourself the One-Plus way from 5 p.m. to 11 p.m., Sunday through Friday. It's figured like this:
First three minutes: 70¢ Each extra minute: 20¢
One-Plus rates on out-of-state calls are even lower all day Saturday and Sunday till 5 p.m.

One-Plus... there's no cheaper way to call Long Distance.

Court Cases Decreased In 1971

AUSTIN - The number of cases filed in district court in Eastland County during 1971 was 7 per cent less than the number filed during 1970, according to statistics released by the Texas Civil Judicial Council.

Cases filed during the last calendar year totaled 343, including 105 criminal and 238 civil.

Judge Earl Conner, Jr., of the 91st District Court has jurisdiction in Eastland County.

The local district court disposed of 297 cases during 1971, 46 per cent of the cases filed during the year or carried over from 1970. At the end of the year, 354 cases were pending on the docket.

Statewide, the 245 district, domestic relations and special juvenile courts experienced a 7 per cent increase in filings - - to 278,338 cases from 260,171 in 1970. One-fourth of these were criminal cases.

These state courts disposed of 51 per cent of the total cases filed in 1971 or carried over from 1970. The defendant entered a guilty plea in 47 per cent of the criminal cases disposed of. In the cases disposed of by a jury verdict, 78 per cent of the defendants were found guilty and 22 per cent acquitted.

Of the 272,234 cases pending throughout the state at the end of 1971, 16 per cent had been on the docket 12 to 24 months and 24.5 per cent had been pending over two years.

County Successful In Getting Pullman Elected Delegate at State Meet

BY ORA LEE WOODS
Senatorial District 22, the fifth largest voting district in the state, was represented by 174 delegates to the State Democratic Party convention in San Antonio June 13. Eastland County's share of the district vote was 10 delegates, and all ten of the elected delegates showed up in San Antonio. Only three of the ten elected alternates went to the south Texas city, but others from Eastland County swelled the ranks until there was full voting strength on the floor at all times. Visitors with the official delegation were Mrs. Lee Starr, Mrs. Vernon Phillips, Nancy Newham, Mrs. Truman Kirk, and Mrs. Scott Bailey.

Mrs. Jerry Craft of Jacksboro called the district delegates to order for a pre-convention caucus on Monday. The main item of business was

to elect the district delegates to the national nominating convention to be held in Miami July 10. The size of the population in the seventeen county district provided for the area to be represented by four delegates and two alternates. Records from the county conventions indicated that 115 delegates from the counties were uncommitted to any particular candidate, 28 were for Wallace, 16 for McGovern, 1 for Jackson, and 1 for Connally.

Following the proportionate division of the delegation, four of the delegates were to be uncommitted and there would be one alternate for McGovern and the other alternate would be a Wallace person. Eastland county delegates worked to back Mr. Saul Pullman as one of the four from the district to

the national convention. Through the leadership of county chairman, Mr. G.A. Dunn, Jr., Ph.D., efforts in behalf of Mr. Saul Pullman were successful and he will attend the national convention as part of the 130 vote Texas delegation.

At the convention proper there were a total of 3,864 votes cast out of a possible 3,988. All voting was finished before the convention was called to order. Wallace received a total of 1,270 votes to lead the delegation with 33 per cent of the total votes cast. McGovern followed with 1,061 votes, or 28 per cent of the votes cast. There were 946 votes tallied as uncommitted; this was 22 per cent of the vote. Humphrey received 613 votes, 16 per cent and all the others votes make up the final 1 per cent. Among the others voted for in the last 1 per cent were Chisholm, 24;

Connally, 7; Jackson, 15; Ted Kennedy, 6; Mills, 4; and Muskie, 17. Although Hubert Humphrey was in San Antonio and greeted the convention informally, the most heat and noise of the convention were generated by the McGovern and Wallace backers.

During the election of the permanent officers for the convention Mrs. Eddie Bernice Johnson, an attractive young black from Dallas, was nominated from the floor to oppose Mr. Roy Orr as vice chairman of the convention. A roll call vote by counties was required to satisfy the desires of the convention. Eastland county split its votes five for Orr and five for Johnson. Most of the counties in District 22 stayed with Briscoe's choice of Orr. The most obvious exception was Denton county which split its 23 votes 1 for Orr and 22 for Johnson. Erath

County, with Stephenville as county seat, split its votes 4 for Orr and 5 for Johnson. The total vote tally for the convention was 1,795 for Orr and 2,125 for Johnson.

Revival Continues

The revival which is being held at the Olden Baptist Church will continue through Sunday. Wallace Pierce, Pastor, reports having good attendance.

The guest evangelist, Rev. B.J. Chick and Singer Carol Fitzgerald both of Bangs, are reported by Rev. Pierce as doing a very fine job.

Rev. Pierce urges everyone to come out to Olden and hear the revival.

BROILED CATFISH
2 lbs. catfish fillets or other fish fillets, fresh or frozen
1/2 cup pineapple juice
1/4 cup steak sauce
1 tsp. salt
Dash pepper
Skin fillets and cut into serving size portions. Place fish in a single layer in a shallow baking dish. Combine remaining ingredients and pour over fish. Let stand for 30

minutes, turning once. Remove fish, reserving sauce for basting. Place fish on a well-greased broiler pan. Broil about four inches from source of heat for four to six minutes. Turn carefully and brush with sauce. Broil four to six minutes longer until fish flakes easily when tested with a fork. Serves six. (This recipe has approximately 80 calories in each serving.)

Oil Again Under Seige

THE MIDLAND
REPORTER-TELEGRAM
MIDLAND, TEXAS
JUNE 7, 1972
MR. BILL COLLYNS, EDITOR

The petroleum industry is in for another vicious attack from Washington . . . and there is nothing fair about it. The attack not only is harmful to the industry, it is detrimental to the nation and its security, as well as to the general public, including consumers.

The industry once again is caught up in proposed legislation aimed at so-called tax "loopholes."

The legislation, proposed by Rep. Wilbur Mills, chairman of the House Ways and Means Committee, of all people, would terminate 54 provisions in the income tax law, including depletion allowances for mineral industries and deductions for intangible drilling costs.

Sen. Mike Mansfield, Senate majority leader, introduced the measure, in the Senate.

No wonder oil and gas men are frightened at the ramifications of the proposed measure.

"It is tragic for American consumers that here on the brink of an energy shortage Washington politicians have decided to make a political football of tax provisions affecting oil and gas exploration," Robert A. Buschman of San Antonio, president of Texas Mid-Continent Oil & Gas Association, said a few days ago in Dallas.

He said the same pattern developed prior to the 1969 act which "removed more than \$700 million a year from the producing and exploration end of the oil and gas industry. The act contributed to the dwindling of reserves of both oil and gas which we see today."

A study made by the Texas Employment Commission of petroleum employment trends in the Midland region, as reported in last Sunday's Reporter-Telegram, portrayed vividly the drop in drilling and employment following the 1969 legislation which cut the depletion allowance from 27 1/2 per cent to 22 per cent.

The industry now is unable to meet the growing domestic demand for energy fuels, which has resulted in increased oil imports. Oilmen and others warn of the dangers of the U.S. becoming overly dependent upon unreliable foreign fuel sources.

The situation is critical, demanding the interest, concern and action of individuals, organizations and business firms generally. The real message of the critical situation at hand somehow must be gotten across to persons and groups across the land.

No longer can the petroleum industry handle the job alone. It needs and must have help from everyone who is aware of the situation, if the petroleum industry is to survive. And if the industry goes down the drain, so do many other industries — with government not far behind. Interested persons are urged to write their senators, congressmen, friends, relatives and business associates everywhere . . . telling the story as it is. This is everybody's fight for survival.

The petroleum industry deserves help from Washington; not harassment!

Jones-Crain Wedding Vows Exchanged In Gordon Church

Miss Paula Jean Jones of Houston and Mr. Gregory E. Crain of Gordon exchanged wedding vows Saturday, June 10 at 8 p.m. in the First Baptist Church of Gordon. Rev. Cecil Harper officiated at the double ring ceremony.

Jeannie Balzen of San Antonio was maid of honor. Ronnie Crain of Gordon was best man.

Notice-Basham Beauty Bar will be open every Thurs., Fri. & 2 Sats. until further notice.

FOR RENT: this MINI-BILLBOARD for ONLY \$3.50 a month Call your local paper!

Musical selections were by Edmond McClure Azle and Ivan Balzen, organist. The bride's gown was white

Gleaners Class Enjoys Picnic At City Park

The Gleaner Sunday School Class of Bethel Baptist Church enjoyed their summer covered dish picnic party June 8 in the City park. The table was covered with a multi colored floral cloth, centered with an arrangement of red gladiolas and lilies and a white container. A delicious meal which consisted of fried chicken and dishes of fresh vegetables from the garden, salads and more delicious salads, pie, cakes, ice tea and ice coffee, was served. The prayer before the meal was lead by Mrs. Susan May, teacher of the Sunday School class. The devotional was given at the end of the meal by Mrs.

lace over pink. She carried a bouquet of white carnations atop a white Bible. A reception in the church

fellowship hall followed the ceremony. Parents of the couple are Mr. Paul Jones and Mr. and Mrs.

Everett E. Crain of Gordon. The groom attended Ranger Jr. College and Tarleton State College. The couple will make their home in Eastland where he is employed by Crain Motor Company.

Farm Store Schedules Program

Get the facts on Peanuts LESSER CORNSTALK BORER!!

1. What insecticide lasts longest?
2. Can you feed the peanut hay from treated fields?
3. Which insecticide is safest to the operator.
4. Which insecticides was used by more peanut growers than all the rest combined in 1971?
5. Is there a consistent product available.

For the answers to these and other questions plan to attend a Corn Borer Clinic at the Carbon school cafeteria, Carbon, Texas, Monday, June 26, 1972 at 8:30 p.m. sponsored by Carbon Farm Supply.

Refreshments will be served.

Visit Allison's Birthday Celebrated

Last week guests of Mr. and Mrs. J.C. Allison were Nelson Allison and Marian Tuper, of Odessa. Rev. and Mrs. Weems S. Dykes and Susan Jane of Colorado City; Mrs. Earnestine A Allison and Nelda Allison of Clarendon, Texas.

Friday evening the Allison and their guests celebrated Rev. Weems S. Dyke's birthday. Mrs. J.C. Allison served apricot nectar cake with orange filling, and fruit punch. Colorful birthday napkins and favors were provided by Susan Jane and her mother, Mrs. Dykes. It was an enjoyable celebration.

Charges of felony theft were filed Monday afternoon against five Odessa youths arrested in Eastland early Sunday morning.

Charged were Jerry Wayne Harper, 18; Donald Wade Stevens, 17; and Jimmy Howard Newton, 18, all of Odessa, plus two 15-year old juveniles.

Eastland Dist. Atty. Emory Walton said Monday the youths were in Eastland County jail.

8 ways to save money on air conditioning.

1 Set thermostat between 76 and 78 degrees — the lower the setting the more electricity the unit uses.

4 Install proper duct, ceiling and wall insulation and weatherstrip windows and doors — keep hot air out, cool air in. (Helps reduce winter heating costs too!)

closed — prevents excessive loss of cool air and infiltration of hot air.

7 Shade windows from direct sun-

light with awnings, blinds or draperies — reduces the load on the unit.

2 Replace disposable or clean permanent type filters as required — clogged filters make the unit work harder and use more electricity.

5 Shade the outdoor unit from the sun

but keep the unit free of grass or other obstruction that might prevent proper air circulation.

8 Have the unit checked by a qualified air conditioning serviceman. Do this in the spring, prior to your need for cooling.

3 Provide adequate attic ventilation — helps reduce heat buildup.

6 Keep windows and fireplace dampers
