VIRUS...SMIRUS - be any name, it's a pain in the neck, or any of several thousand other places it may hit you. And just about everybody hereabouts has had at least a variety or two. Families pass it back and forth, and what with the winter weather, it's been a stay-in-the-house kind of season, with sniffles abounding. Then when the cold front moved through, dropping temperatures, leaving sleet and closing schools, it really has been a fun - time. Public school youngsters holidayed for two weeks, went back Monday, then iced out for two more days Tuesday and Wednesday, due to bad weather. Temperature reached a high Tuesday of 22 and dropped to a frigid 8 Tuesday night. It went into a warming trend Wednesday and the sunshine was a welcome sight - for virused eyes. When the announcements of no school came Tuesday and Wednesday, youngsters whooped it up and beragged mothers sighed, looked heavenward and started looking for more jig - saw puzzles, games and occupiers.

WOULDN'T IT be nice if Southwestern Bell Telephone Co. provided "metro" dialing for customers between Eastland, Cisco and Ranger? The trio of Eastland, Olden and Carbon subscribers enjoy it now, with no toll dialing privileges, and linking Cisco and Ranger into the same network would be a bonus par excellence unsurpassed. 'Course it's been discussed before, but always with an undesirable rate increase attached, but with modern volume and all, it seems like the thing to do... District Manager John McQuire reports that extra Direct Distant Dial (DDD) circuits are being added to service Eastland. It seems we're a bit unique here. In most cities where DDD goes in, there's a sharp immediate rise in use and then a gradual tapering off. There's been no tapering off for Eastland.

MRS. LULA MAE Basham postcards from Hawaii where she's vacationing with a group: "Having a wonderful time. Can't see it all in 16 days. Simply beautiful here. We'll go to 3 outer islands, then return home Jan. 13. Mrs. Annie Harper and I will come into Eastland on the noon bus. Harvey will be there to carry all this load of packages home."

"HOW TO make your taxes easier" - says a cheery sign up at the post office and a booklet that gives information on how to fill out Federal tax returns will be sold at all First and Second Class Postal Service facilities in the Eastland area. Postmaster Marcus O'Dell announced today.

"Your Federal Income Tax" was written by the Internal Revenue Service and contains many examples to illustrate how the tax law applies to actual situations. A special feature of the booklet is the sample, filled-in return, Form 1040, keyed to pages where explanations can be found for each entry on the return.

The 160 - page booklet will be on sale January 4, 1972 and costs 75 cents a copy.

"By selling this booklet at postal facilities in the Eastland area we are offering a convenient service to our customers," Postmaster O'Dell said. "We are participating in a nationwide program to make the tax booklet available to the public in 15,000 postal facilities."

TAX TIME is here (when is it ever absent) and such terms as W2 forms, deductions and total earnings are household words, sometimes provoking language too strong for household use. Consult ads in this paper for competent help in filing adequate and complete reports.

Library Other Matters Could Be "Aired" In Town Hall Meet

A town-hall meeting could be the vehicle for the airing of plans and hopes for Eastland's over-crowded library, and a good number of other civic projects as the result of steps taken this week.

The 14,000 - volume library is "busting at the seams" for space in its present location adjoining the Women's Club on West Plummer St. The sponsoring Thursday Afternoon Club officers and members have been begging consideration for the library for years, and apparently the way will be paved for an opportunity to discuss the various avenues available for expansion.

Mayor James Reid will bring the matter of a town-hall meeting to the attention of the city commission at that body's next regular meeting, Monday, Jan. 17, and such a meeting conceivably could be called for the following week.

The club women are joined

by others in searching for ideas and plans for providing more space for the library, a modern club meeting room, and other facilities.

The Women's Club is owned by the City, and its future use or disposal would be determined by the best course for the library and club house.

Some advocate turning the entire building over to the library and moving the club house into a new combination civic center - type building, or a re-modeled old home. Utilization of the old recreation building on City Park Hill is being given consideration by some, although the problem of vandalism would have to be solved there, it is reported.

Whether or not the citizens would be willing to contribute toward a new civic center through added taxation or other means would have to be decided, it is pointed out.

15,000 Baptists Expected For Meet

More than 15,000 Baptists from throughout the state are expected to gather in Fort Worth's Tarrant County Convention Center Jan. 10-12 for the annual Texas Baptist Evangelism Conference.

Leading preachers of three races - Black, White and Oriental - will challenge preachers and lay people through the theme of "God's Priorities in Evangelism."

"The 1972 Texas Baptist Evangelism Conference is especially planned to provide Christians with information and Holy Spirit motivation to build onto the spiritual resurgence that is breaking out across the country," said C. Wade Freeman, director of the Evangelism Division of the Baptist General Convention of Texas.

Major speakers for the conference will be John Bisagno, pastor of First Baptist Church, Houston; Kenneth Chafin, director of evangelism for the Southern Baptist Home Mission Board; Wayne Ward, professor of Christian theology at Southern Baptist seminary; James Landes, pastor of First Baptist Church, Richardson; and Bill Pinson, professor of Christian ethics at Southwestern Baptist Theological Seminary, Fort Worth.

Before the conference gets underway Monday night, there

will be a session in collegiate dialogue Monday afternoon led by George Worrell, associate in the Texas Baptist Evangelism Division.

Baptists To Conduct Meeting

The Baptist Double Mountain Area will conduct an Area-Wide Evangelism Conference Monday, January 24, 1972 at the First Baptist Church in Stamford, Texas. The Conference will be in two sessions, one in the afternoon and the other that evening.

There will be two special guest speakers, from out of the state, featured along with several men from this area. The guest speakers will be Dr. William L. Bennett, pastor of the First Baptist Church, Fort

Smith, Arkansas and Rev. Leon Kibbreth, a Sunday School Evangelist from Greensboro, North Carolina.

The conference is sponsored by the Southern Baptist Churches in the six counties that make up the Baptist Double Mountain Area. They are Fisher, Haskell, Jones, Kent, Knox, and Stonewall Counties.

The public is cordially invited to attend each session of the conference.

League and Garden Club, Thursday Afternoon Club, Music Club and Las Leales share the Club House and each has a member on the governing club house board.

A museum is also being discussed in connection with a civic center.

The matter of whether federal money for library and or civic center planning would probably be another topic aired at the town hall meeting, along with a number of other subjects.

The city has just launched a sanitary land - fill project to dispose of waste, and has voted \$92,000 in bonds to help finance a new sewer system, which will be built with the help of federal money.

Shop At Home

Reclamation of the City Park, paving and any number of other projects likely would be aired at a town hall meeting, if and when one is called.

The City presently contributes \$700 a year to the library and the women of the Thursday Afternoon Club. It's library committee with the help of Librarian Mrs. A.F.

Cushman provide one of the finest libraries in the country, with a large number of regular readers.

If and when it is decided "to do something" about the library, committees would most likely be appointed to explore possible avenues of attacking the various problems.

Farm Income Tax Meet Set

A Farmer's Income Tax meeting will be conducted by the Agricultural Extension Service, Friday January 7th. The meeting will be held in the Eastland County Farm Bureau building on Highway 80 East of Eastland. County agent De Gordon said the meeting is being planned to help farm families with their income tax reporting.

James Denton Jr., Area Farm Management Specialist will discuss the new changes in the income tax for the 1971 tax year. He will also answer questions about depreciation, capital gains, and losses, deductions and other items of importance on the tax forms.

Gordon said the meeting will begin at 9:30 a.m. and will last until 3:00 p.m., or as long as anyone has questions. "The Farmer's Tax Guide will be available to everyone. The county agent said he will also have two types of farm record keeping books for anyone who wants to use either of the record systems.

Bank Assets Top \$12.5 Million

Year - end totals at Eastland National Bank continue to break all records as a whopping \$12.5 million in assets are reported on the Dec. 30 statement of condition.

That's up from \$11,963,225 three months earlier on the Sept. 30 report.

Also recorded at record level are deposits at the close of business, 1971, when \$11,611,679.46 is shown, compared to \$10,981,673.80 three months earlier.

Reflecting the national picture is a decline in loans, and pegged at the lowest spot

since mid - 1968. Loans totaled \$7,743,861.13 at the end of 1971, compared to \$5,062,763.99 three months earlier; and \$4,159,830 on Sept. 30, 1968.

Money in reserve appears to be the picture and more and more individuals and firms plant their funds into savings, and await the coming of the new year's economy before making loans for expansion and development.

Total assets approached the \$12 million mark three months ago, and went over the \$12.5 figure with \$12, 613, 461.19 reported on the current statement.

Sleet, Snow Blast Area

Schools throughout the county were dismissed Tuesday and Wednesday after an Arctic cold front ripped through the area Monday night, dropping temperatures to 8 degrees by early Wednesday morning.

Temperatures dropped to the mid - teens Monday night accompanied with freezing rain and intermitten snow flurries early Tuesday morning.

Police in Ranger had no reports of accidents occurring during the icy conditions. Texas Electric Service also

reported no power failure because of ice on the power lines. Two Eastland accidents were reported.

Weathermen called the Arctic cold front "unseasonably strong." They said ice forming on trees and wires might cause considerable damage in some areas.

Motorists were warned that bridges and overpasses were iced over and that the motorists should drive with extreme care.

A predicted warming trend was predicted by late Thursday or Friday.

and on display. Early that morning a very cold norther had blown in and it was windy, and wet.

The customers did not come easy that first day for she only had two. One man from Carbon came in and bought 70 cents worth of onion plants. Mrs. Raspberry said this really was the first and only customer. Later in the day, Grover Hallmark of Eastland came by and brought the store a pot plant from Eastland National Bank. This was just before noon. By mid-afternoon it looked bleak and by 5 p.m. she didn't think there was any hope.

However the weather did clear up and Mrs. Raspberry stated that they have had a very good year and have enjoyed Carbon very much. Carbon people and the surrounding people of Carbon are not just customers to the Farm Supply Store but they are friends also.

The Farm Supply Store menas exactly what it says. They carry Feed, Hardware of

The Carbon Farm Supply Store in Carbon means exactly that, stated Mrs. Lucille Raspberry, manager and bookkeeper of the store.

The store is jointly owned by Charlie Ben and Harry

Bradberry of Dublin. They have for many years owned and operated Farmers Feed Store and Import Co. in Dublin.

On year ago the Bradberrys bought the building and started the clean up and paint up of the

store. It took six weeks of scrubbing to finally get things ready so Mrs. Raspberry, sister of the Bradberrys could open the Farm Supply Store.

On the opening day Mrs. Raspberry had everything out

all types, Pesticides, Herbicides, Fertilizers Veterinary Supplies and have just recently opened a new Sherman Williams Paint department.

In the equipment department they have Plow parts and Disc Harrows. The Farm store motto is if we don't have it won't take but a day or two to get it, said Mrs. Raspberry.

Danny Norris of Carbon is the no. 1 man in the store. Mrs. Raspberry said that they have appreciated everyone's business and friendship in the past year and they are looking forward to the coming years and the friendship of the many people that they serve.
