Mr. Alford is a graduate, with Bachelor of Music degree from Midwestern University, which he attended on a Valdictorian Scholarship, all tuition paid for four years' residence. Also a graduate of Eastman School, University of Rochester, with a Master's degree in Musicology. In Rochester, Mr. Alford sang in a private Madrigal group, conducted by the well-known theory authority, Dr. Irvine Allen McHose.

Following graduation from Eastman School, Mr. Alford spent six years teaching piano in his private studio. During these years he held various offices in the Oklahoma Music Teacher's Association, and was serving as recording secretary of the Association at the time he left Oklahoma.

In August, 1960 he moved with his family to Austin, where serious residence study was begun toward the Doctor of Philosophy degree. Final oral examinations were completed before he came to Ranger Junior College and at present, the dissertation is being completed; title of which is "Serenade versus Symphony in the Nineteenth Century."

Mr. Alford has toured Europe, attending many music festivals, and was invited and played salon concerts on shipboard during two passages.

At the University of Texas, he was selected for 1963 Honors Day; was given the Teaching Excellence Award for two semesters, 1961-1962 and won a Teaching Fellowship which was renewed 3 years, at the Ph. D. level.

Mr. Alford has a baritone voice of unusual range and has organized a Choir at Ranger College. The group has appeared in this area on occasions.

The Eastland Music Study Club provides each year, several excellent concerts and programs which are open to the public. This is the club's contribution to the community and these are well attended. This year's concert will have general appeal to many persons in this area and guests are expected from Oklahoma, Dallas, Fort Worth, Abilene, Cisco, Ranger, Eastland, Breckenridge and other Texas towns.

Mrs. Donald Kinnaird, vice-president of the club is making arrangements for the concert. Mrs. Don Russell, program chairman, made arrangements for Mr. Alford's appearance in Eastland, will introduce the guest artist.

Mrs. Kinnaird emphasizes that all the guests to the concert are specially invited to the reception to meet Mr. and Mrs. Alford.

not have any time to be with my family. I have checked into the financial affairs of Commissioners Precinct 1, and am familiar with the present financial status of the Precinct. I find that the indebtedness of this precinct is such that liquidation of same will be no burden on our taxpayers and that such will be paid off in three or four years. If elected, I plan to place our precinct on a cash basis with in that time and keep it that way. I have had numerous inquiries as to how I feel about the surplus commodity plan for the aged and needy. I am for retaining the surplus commodity plan, especially for the senior citizenship. It is the duty of the Commissioner's Court, the County Judge and with the able assistance of the County Auditor to pass on and be on the alert concerning our financial affairs.

"If elected, I will use fair and impartial judgement in voting on all these matters that come before the Commissioner's Court. I have no person or group to punish and in like token, no friend or special group to favor. If you elect me as your Commissioner, I will work at the job for all the people.

"I have made an effort to see every voter in this precinct, to ask their support. But in case I should fail to talk with anyone, consider this my personal request for their vote and influence on May 2.

a final request that you give my candidacy due consideration with the assurance that your support will be much appreciated.

I am a native Texas, having been born and reared in Titus County, but have spent most of my life in Central and West Texas. Am a university graduate with the degrees of Bachelor of Science in Education and Master of Arts with a major in history and political science. "With sixteen years experience in the practice of law, six years of which I was county attorney, I am qualified by experience for the office of district attorney. I began the practice of law as county attorney of Kent County, Texas, which was a part of the 39th judicial district. "The district attorney of the district at that time was the Hon. Clyde Grissom, for the past number of years, the chief justice of the Eleventh Court of Civil Appeals at Eastland. Mr. Grissom had me meet with him and the grand jury in the investigation of law violations and make the opening argument in felony prosecutions, in each of which a conviction was obtained. "Am sure Mr. Grissom deserved the credit for that record, as he was as able a district attorney as there was in the State; however, the experience was valuable in qualifying me for the office of district attorney.

"My wife, formerly Frances Ruth Evins, and I have three children. Emily is a teacher in the school at Fabens, Texas, Cynthia is a freshman in John Tarleton, and Caroline is a sophomore in the Rising Star High School.

"If elected to this office I pledge a conscientious performance of its duties, and with fairness and firmness I shall do my best to make the lawbreaker realize that the way of the transgressor is hard."

Seven Area Papers Give Endorsement to Mr. Gibbens

State representative Wayne Gibbens of Breckenridge, who is seeking re-election to the Texas House from District 63, has received the editorial endorsement of seven district newspapers. Boosting Gibbens' re-election bid are the Breckenridge American, Eastland Telegram, Mineral Wells Index, Cisco Press, Palo Pinto Star, Ranger Times and the

Rising Star Record. "A young man going places," is the term used by the Eastland paper to describe Gibbens. They also cite that he has twice been selected to represent the state at national conferences.

The Cisco Press quoted Governor John Connally's statement that "Wayne Gibbens is an outstanding young man and an intelligent, effective legislator. The people of his district are indeed fortunate to have his capable representation."

"One of the real leaders in the Texas House of Representatives," say the Mineral Wells Index.

"The vigor and energy of a young man with the mature judgment gained through legislative experience," is a qualification cited by several of the endorsing newspapers.

Rising Star quotes two neighboring representatives, "Wayne is an industrious, progressive and capable member... one of the most valuable members of the house. He is a young man dedicated to the principles of responsible government and completely devoted to his duties as a representative."

The Ranger Times states, "Gibbens has served on revenue and taxation, rules, oil and gas, agriculture, and contingent expense. In addition, he is a member of three other study groups, including a legislative internship program that has won recognition sufficient to be financed by the Ford Foundation."

Speaker of the House Byron Tunnell says, "Wayne's dedication to purpose and principle very definitely mark him as a young man with a promising future in the service of his state."

Gibbens serves as chairman of two legislative committees and is a member of five other which include the critically important Congressional Redistricting Committee.

Gibbens is seeking his second term from District 63 which is composed of Callahan, Eastland, Palo Pinto, Shackelford and Stephens Counties.

E. T. (SHORTY) BOYD Issues Formal Statement

E. T. (Shorty) Boyd has issued the following statement concerning his candidacy for Commissioner, Precinct No. One:

"To the voters of Precinct 1, I was born and raised in Eastland County and operated my own business of farming and ranching the majority of my 58 years, near Morton Valley where my wife and I reside. I have several years experience in a bank and several for building contractors, architects and engineers, where sums of money were involved and among others, it was my duty to prepare estimates or vouchers where percentage, interest, retainage, time and material were involved. "I have done work under and appeared before the State Highway Commission at Austin, the Federal Housing Authority, School boards, and etc., as well as Commissioners Courts and have served a year with the Engineering Department on Lake Leon where it was my duty to physically locate property lines as well as obtain official information from the county records pertaining to right of ways for the water lines and also serving as inspector of dirt work where many types of equipment was used including road machinery, and having had work by same done for me personally.

"I ask your vote if you feel the above could, should, or would be of benefit to better serve as your commissioner, if you believe the continued assistance to the aged and needy under proper supervision and obtaining Farm to Market hard surface roads when possible, maintenance of all county roads to the best the County finance will permit, bearing in mind that according to the County auditor's books we only owe \$25,000 bonded indebtedness and this is expected to be paid off in the near future and that would be a good condition to remain in.

"Also I have attended public schools here and elsewhere having completed high school and two years of college work. My daughter Joann Boyd Roye is a graduate of Ranger High School, having married J. E. Roye, a former student of Ranger Jr. College.

"They reside in Winters, Texas, with their two children, and operate the J. E. Roye Oil Well Service business.

"If and when my opponents defeat me I shall step aside and get behind them.

"I am glad I live in a country where a person may vote for anyone they may choose, naturally I hope you choose and vote for me. Respectively submitted for your consideration."

FOR SALE

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

We work with you to arrange for a loan that's as easy to handle as monthly rent.

Recently I went to Arizona to bury my brother. He and I, as well as my brother Jasper (deceased) and sister (Mrs. Adeline Norris) have a good many friends and relatives in and around Eastland since we were reared in that area.

We attended Flatwoods school after coming to Eastland County in 1933 from O'Donnell, Texas. However, as time passed, the family began to leave Eastland County for

to her grandmother Butler. Linda Butler, sister of the bride, was bridesmaid. She wore a pink dress with matching accessories and carried a bouquet of pink and white carnations.

Johnny Yancey served as best man.

The bride's mother wore a beige silk eyelet dress with red accessories and a red corsage. The groom's mother wore a blue and white suit with white accessories and a white corsage.

A reception was held immediately following the ceremony. Mrs. James Sherrill assisted Mrs. Ruth Butler in serving. The bride's table was laid with a pink and white cloth and centered with a white floating gardenia.

Following a short wedding trip, the couple will make their home at 707 Metkar Drive in Irving Texas.

The bride is a 1962 graduate of Eastland High School and was an employee of Eastland National Bank.

The groom is a 1963 graduate of Olden High School and is a 1964 graduate of Barber

My brother Jasper died in 1938 (age 16) of appendicitis. My sister, Adeline married George Norris, a farmer in the community, in 1935. Her daughters and son are married now. EARL CONNER'S RECORD SPEAKS FOR ITSELF

Official Grand Jury Report

MARCH 28, 1964

TO THE HONORABLE T. M. COLLIE, JUDGE OF THE 91ST DISTRICT COURT OF EASTLAND COUNTY, TEXAS:

We, the Grand Jurors for the February Term, A. D. 1963, desire to submit our final report and upon acceptance of the same, we respectfully request that we be discharged for this term.

... When this Grand Jury was convened in early February, we had reason to feel concerned by reason of an article which appeared in the local newspapers on January 17, 1963. We have had occasion to investigate this matter and find that the newspaper article did not give a true picture of the situation, and we feel that the people of this county are entitled to a fair representation of the facts. Not having been advised of the number of cases filed, but only as to those remaining on the docket, we have checked into the matter very thoroughly and beg to report that from January 1, 1958 until today, the following is the record of the docket referred to in said article:

During the period of time from January 1, 1958 until March 28, 1963, 362 cases were placed upon the County Court docket, and they were disposed of as follows: 224 convictions; 57 cases transferred to District Court; 8 dismissals; 11 cases adopted by the Grand Jury, and 2 cases docketed in error, leaving 70 cases pending. In reviewing the cases still undisposed of, in our opinion, a very few of those cases would result in a conviction, if tried. There are a number of reasons why the great majority of the cases remaining on docket cannot be tried. Many involve invalid complaints, some of which are not even signed; many of the cases involve family fights, which were settled between the parties; many involve searches and seizures without a search warrant; in many of the cases no arrests have ever been made for the reason that the defendants have not been located, and many of the cases cannot be tried because of insufficient evidence.

During the period of time covered by our investigation, there has been turned in to the County Treasurer by the District Attorney's Department as fees of office the sum of \$105,845.70, and his report for March, 1963, will bring the total to \$106,937.20. We deem this a very fine record, and commend the District Attorney for his efforts.

The above report has been unanimously adopted by the Grand Jurors of the February Term of the 91st District Court of Eastland County, Texas.

Having completed our deliberations, we respectfully request that we be discharged.

/s/ Arther Deffebach, Foreman
/s/ E. F. Harrison, Secretary

(In addition to Arther Deffebach of Ranger, foreman, and E. F. Harrison of Gorman, secretary, other members of the above Grand Jury included C. R. Pippen, Route 2, Eastland; Hoyt Bryant, Gorman; M. J. Hale, Carbon; Gaston Dixon, Ranger; Floyd Killingsworth, Ranger; J. M. Sparks, Desdemona; Tomny Alford, Olden; Henry Reed, Rising Star; Chester B. Norvell, Cisco, and C. C. 'Short Form' For Free Poll

There's going to be two kinds of ballots for Saturday's Democratic and Republican primaries — a short one and a long one.

The long ballot will be for those voters who qualified for local election voting by purchasing a Texas poll tax at \$1.75 each.

To be given the "short" ballots are the some 70 persons in Eastland County who did not buy the regular poll tax, but who qualified for voting

in national elections by picking up the free poll tax at the county tax assessor-collectors.

This short ballot will list only three races—U. S. Senate, Congressman-at-Large and Congressman, 17th District.

The County Democratic Executive Committee ordered 200 copies of the special short ballot printed, and each election judge will be supplied, to issue to persons presenting "free poll Tax receipts," it is reported.

When you can make bond in Eastland County you've "got it" would seem to be the case from a check of criminal files in the county clerk's office. Figures reveal that there are 76 cases, some of which are five years old, which have not been brought to trial. Fifteen of the defendants are under bond.

Under the current setup, a person who is charged in court has the option of pleading "guilty," and facing a fine, or pleading "not guilty" and having his case set for district court.

Recently the list of 76 have not been brought for arraignment from Cisco, headed by Police Commissioner Benton and Rev. G. W. French Jr., chairman of the Citizens' Association, called on County Attorney Earl Conner and County Judge Scott Bailey last week.

Conner said they discussed the matter of city and county authorities working closer together in efforts to expedite handling to completion those cases involving liquor statutes.

Of the 76 cases are for possession of assorted intoxicants, 42 are for the actual sale of intoxicants. One other is for transporting.

Most of crimes runs the gamut from driving while intoxicated (9 counts) to procuring (1 count).

Penalties for the offenses vary from \$100 to \$1,500. In 1958, 26 of the cases date from 1958; five from 1959; 19 from 1960; 26 from 1961; and 19 from 1962.

At this week about the backlog of cases, Conner said "typical" and said that satisfactory arrangements have been made on many of the cases, and that these removed from the files.

Representative cases include:

Ranger man was charged on Jan. 2, 1958 with possession of liquor for sale. He made a \$500 bond on the same day. He hasn't been tried yet.

Another Ranger man was charged on the last day of 1958, with sale of whiskey. He made a \$500 bond on the same day. On August 17, 1960, he was charged with possession of intoxicating beverages, and made a \$1,000 bond. He hasn't been tried on either account.

A Cisco woman was booked and charged with aggravated assault on March 3, 1958. The incident allegedly happened at a Cisco post office. She made bond for a \$1,000. No trial yet.

A Stephens County man was charged on March 13, 1961 with kidnap of an Eastland man at gunpoint. The man made a \$1,000 bond on the same day. The man was charged with the same type of crime, the 76 cases since 1958, run like this:

Possession of liquor for sale, 6; driving with license suspended, 2; sale of whiskey, 3; driving while intoxicated, 9; possession of liquor, 1; carrying a pistol, 2; malicious prosecution, 7; shooting game illegally, 2; malicious prosecution, 2; swindling with worthless checks, 2; failure to surrender registration and arto plants, 1; possession of liquor for sale, 1; defacing a public building, 1; kidnap at gunpoint, 2 (same person, sale of liquor); possession of alcoholic beverages, 3; possession of wine for transportation of beer, in dry area, 1; assault on a person, 2; displaying a pistol, 1; carrying a pistol, 2; misappropriation of public money, 1; child desertion, 1; and procuring, 1. Amount of bonds in the untried cases exceeds 36,000. Most are cash bonds.

The year-old assault-to-murder case scheduled to be tried Monday in 91st District Court will be watched with a great deal of interest.

Not for the case itself, but for an indication of the movement of the wheels of justice in the county.

Only 22 criminal cases were tried last year. The case set for Monday, which was postponed twice in 1962, is one of 114 untried criminal cases pending in the court.

Cases set next week are among the 114 untried criminal cases pending in the court.

Seven of the 22 were jury tried and 15 were non-jury cases.

Five criminal cases were dismissed last year, as well as 94 civil cases.

Juries heard four civil cases, and 55 were non-jury cases.

A total of 83 of the 114 untried cases stem from grand jury indictments and the remainder come to the court as transfers from justice, county and out-of-county courts, including three from Duvall County, filed in 1955 for misappropriation of public money.

(The Duvall cases are still on the local books because prosecuting attorneys from that county and/or the state attorney general's office didn't appear.)

Of the 114 cases, one dates from 1952; one from 1953; one from 1954; three from 1955; 13 from 1956; 14 from 1957; 8 from 1958; 20 from 1959; 20 from 1960; 18 from 1961; and 14 from 1962.

Name a crime and the chances are it will be listed among the 114 cases . . . from wife desertion to operating a semi-trailer without a license.

Burglary is the most prevalent offense among those on file — 22 cases.

Divorces appear to be easy to get in this county — 75 were granted in 1962 and not a single one tried was denied. Three annulments were also granted.

However, after working all year, the court was still three divorce cases further behind at the end of the year, than at the beginning.

On Jan. 1, 1962, 56 divorce cases were pending; 87 new cases were filed during the year; 75 were granted; and nine were dismissed — leaving a back-log on Dec. 31 of 59 cases.

The court started last year with 70 tax cases pending; tried none and had none added; ending '62 with the same 70.

There were 148 civil cases pending on Jan. 1 last year. During the year, 124 new ones were filed. Even with the 59 that were tried and the 94 that were dismissed, the court still ended up with 119 pending at year's end.

The court had 141 criminal cases on file during 1962 — 110 carried over from the preceding year and 31 new ones filed or transferred in.

Five dismissals and the 22 trials totaled 27 disposals, leaving the 114 still to go.

Statistically, 100 of the criminal cases have been on the books for over a year without trial; 82 for more than two years; and 34 for more than 5.

By offense, here is the way the pending cases tally out.

Habitus corpus, 2; swindling with worthless check, 6; driving while intoxicated, 8; theft, 11; misappropriation of public money, 3 (Duvall); removing mortgaged property, 1; wife desertion, 3; false swearing, 1; worthless checks, 1; altering a prescription, 1; exposing private parts to a minor, 1; felony swindling, 1; forgery and passing, 2;

Speeding (first and second offense), 8; theft by false pretense, 1; burglary, 22; operating a semi-trailer illegally, 1; theft over \$50, 3; concealing stolen property, 1; forgery, 6; selling alcoholic beverages, 2; carrying gun, 1; negligent homicide, 1; disturbing peace, 1; disposing of mortgaged property, 1; swindling, 2;

Removing mortgaged property from county, 3; aggravated assault, 1; possession of alcoholic beverages for sale, 5; passing forged instrument, 1; obtaining money by false pretense, 1;

Cutting-in after passing, 1; assault with intent to rape, 2; parking on roadway, 1; no Texas registration, 1; threat to kill, 1; drunk in public place, 2; enticing child for immoral purposes, 1; assault with intent to murder, 1; and child desertion, 1.

Two sale-of-whiskey cases were transferred to 91st District Court from County Court, Jan. 15, and nine (including four DWI's, 2 possessions and four sales cases were transferred on Jan. 3.

A recent check of records in County Court showed 76 untried cases pending there.

One of the cases, an assault with intent to rape, filed in 1960, was brought to trial once and ended in a mistrial because of sepearation of the jury — and now awaits trial.

O'BRIEN WINS AWARD — H. V. O'Brien, second from right, was being presented the \$250 first place award from the Texas Law Enforcement Foundation by Contest Chairman Maurice Bullock, Fort Stockton attorney, when the above picture was made in Austin recently. There aren't many attorneys in Eastland County — but the records show that for the most part each one is a mighty busy professional.

A check of civil suits filed in the 91st District Court during the past three years reveals that attorneys in this county have filed 490 "brand new cases" since Jan. 1, 1960.

Number per year has dropped but very little. In 1960, 169 new civil suits were filed; 159 in 1961; and 155 in 1962.

These represent cases in which the attorneys have been engaged as lawyers for plaintiffs only and not cases where they accept cases for defense.

Dewey Cox of Ranger and Frank Sparks of Eastland were almost tied for most cases filed, and lead their associates in the county. Cox filed the larger number for the three-year period — 96, followed closely by Sparks with 92.

Cisco Attorney W. B. (Bill) Wright wasn't far behind in third place with 72 cases.

County Attorney Earl Conner, Jr. ranked fourth in the county for the three-year period with 66 civil cases on file.

Veteran Eastland Attorney Allen Dabney had 51 cases; and R. E. Grantham of Cisco, 44. Virgil T. Seaberry, filing under the firm name of Turner and Seaberry of Eastland, had 19. Perry Brown of Rising Star had 14 cases for the past two years, because the records show no cases filed by him in 1960. The Eastland firm of Frost & Frost had 13 cases.

The husband and wife law firm of Mangum and Mangum of Rising Star has 8 cases on file in this court.

L. R. Pearson and Beverly Dudley, both of Ranger, and J. M. Parker, 92 year-old Gorman attorney, each have five cases on file during the past three years.

PERRY T. BROWN for DISTRICT ATTORNEY

An attorney is supposed to be the peoples' lawyer in the courtroom. To do his job effectively he must be honest, and qualified. Wouldn't that kind of County-District Attorney in Eastland County be a change? There's one available — PERRY T. BROWN. Honest, experienced.

With sixteen (16) years experience in the practice of law, Mr. Brown has been a peoples' advocate before. For six years he was county attorney in Kent County, and his record there proves that he "knows how to do the job, and does it." He has worked with the best, and this,

coupled with his basic qualities of fairness and honesty, make him the man to do the job you want done in your courts. His statement is simple. He says "I will do my best to make the lawbreaker realize that the way of the transgressor is hard." And after all, that's what prosecuting

is about — to see that justice is done. Tell your neighbor, speak out and Saturday, vote — for PERRY T. BROWN FOR COUNTY-DISTRICT ATTORNEY OF EASTLAND COUNTY . . . and then we can be proud of our courts again.

To Our Friends and Neighbors

FROM:

Tarrant County Friends of Jim Langdon

We are working to keep Jim C. Langdon as Railroad Commissioner, for several reasons. These reasons include:

1. Jim Langdon has the ability, training and integrity necessary in this unusually important office. He is a distinguished lawyer who was serving as Chief Justice of the El Paso Court of Civil Appeals when Governor Connally appointed him as Railroad Commissioner.
2. Jim Langdon, in a year's time, has proved himself to be a really outstanding member of the state agency that regulates oil and gas production, truck and railroad rates, and other vital industries.
3. Jim Langdon is well known to us, either personally or as the brother of Jack Langdon of Fort Worth, Associate Justice of the Second Court of Civil Appeals which serves Cooke, Denton, Montague, Clay, Parker, Tarrant, Wichita, Wise, Archer, Jack, Young and Hood Counties. Jim himself was born in Erath County and has lived in Somervell and Johnson Counties.

We urge you to join us in supporting Jim Langdon and voting for him in the Democratic Primary, May 2.

JIM C. LANGDON
for Railroad Commissioner

(Pol. Adv. Paid for by Tarrant County Friends of Jim Langdon, Dee J. Kelly, chairman)

Oil Production Increase Is Aim Of Jim Langdon

AUSTIN — Land owners were assured this week by Railroad Commissioner Jim C. Langdon that he favors greater oil production in Texas.

Although the Railroad Commission cannot consider prices (only physical waste), he said, it was logical to assume that the greater the production the bigger the royalty checks for several hundred thousand land owners in the state.

However, if production exceeds demand, then the price of oil decreases. Any excessive over-production, such as occurred in the 20's in East Texas when oil sold for 10 cents a barrel, will cut deeply into the checks received by owners of mineral rights in land from which Texas' oil and gas are produced, Langdon said.

"A market demand law prevents the production of more oil than can be sold," Langdon said. "This guards against economic waste by instituting a system of sound conservation."

Langdon repeated this week that he is opposed to excessive foreign imports, but unfortunately imports are controlled by the Federal government, and not by the Texas Railroad Commission. He said he was against federal control of petroleum.

"The platform that my opponent in this race is advocating amounts to a program of deliberate waste. It is a program of anti-conservation that would depress oil prices and certainly have an economic effect in all parts of the state," Langdon said.

As for lower crude prices making gasoline cheaper to consumers, Langdon said the opposite effect would result. "Many independent operators are having a hard time staying in business at present prices," Langdon said. "We would have fewer and fewer companies controlling more and more of our oil, thereby creating a monopoly-type situation."

OMAR BURLESON A Quiet Man

Who Gets Things Done Receives Accolades From Washington

The President of the United States Remembers A Birthday . . .

Quiet • Methodical • Coolheaded...

OMAR BURLESON is far from the flamboyant type, but states his views in quietly methodical fashion that has gained him the respect of colleagues in Congress. His 1963 attendance and voting record was 100% and since 1947 his attendance and voting record is 98%.

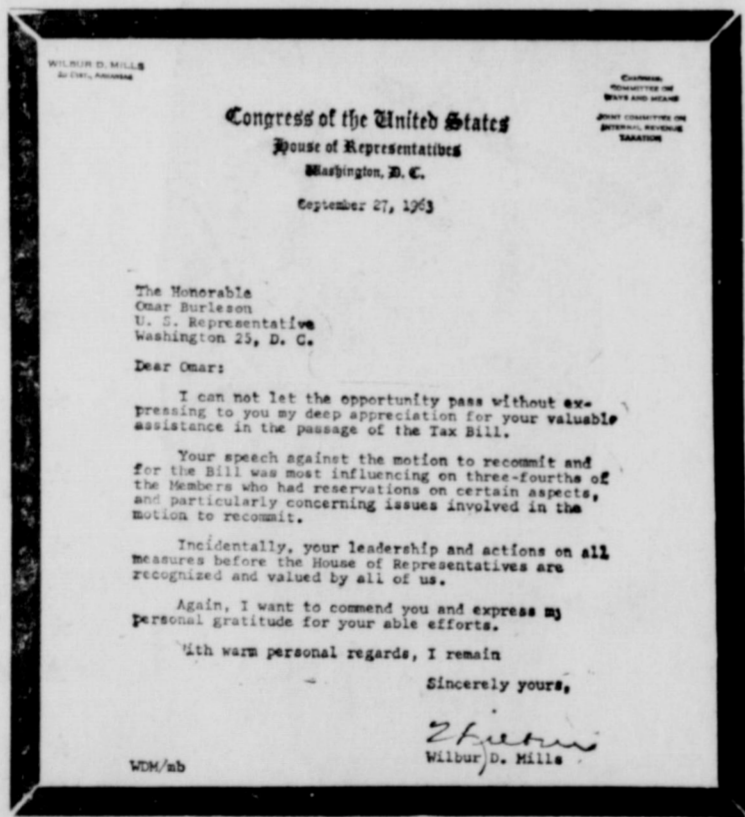

OMAR BURLESON has always voted for the defense bills of this country; he voted for the income tax reduction bill; he introduced a bill to limit beef imports to this country; he introduced the first bill to limit oil imports; he introduced a bill for a COMPLETE embargo on trade to Cuba.

In his 18 years in Congress OMAR BURLESON has voted to reduce the federal budget from three to 13 BILLIONS each congressional term; as Chairman of the House Administration Committee he has consistently effected economy in committee spending (i.e. reducing Adam Clayton Powell's committee spending 50%); he has always voted against foreign aid since the late 1940s and recent reaction in Congress is proving him correct. He voted against the Civil Rights Bill because in its present form it limits the freedom of all Americans; he is for the constitutional guarantees regardless of status.

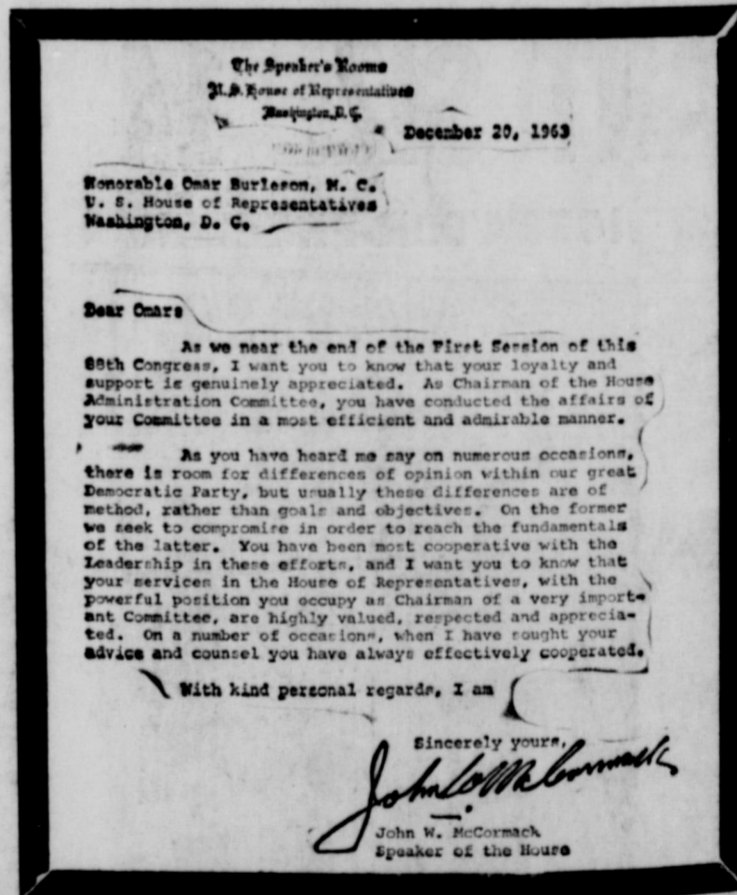

In 1961 the late President appointed him congressional delegate to the United Nations where he used knowledge gained as ranking member of the powerful Foreign Affairs Committee. He is also chairman of the Joint Committee on the Congressional Library and vice chairman on Printing.

Quiet, methodical and cool headed, he is widely known in Congress as a quiet man who gets things done.
