Candy Strippers Serving Eastland Hospital Patients.

Patients in the Eastland Memorial Hospital receive extra special service each Friday afternoon when the Candy Strippers come on duty at 4 p. m. It's so nice to look up to girl ready to assist you in your needs.

Eight Eastland High School girls have been working in the hospital since December. Arrangements were made with Mrs. Mary Sue Lee, director of nurses at the hospital, for the girls to work after they completed a unit in home nursing in their homemaking II course. The unit is taught each year by Miss Loretta Morris, homemaking teacher of Eastland High School, who has an American Red Cross home nursing instructor's certificate.

The students work as volunteers Friday afternoon from 4 to 6 p. m. They wear red and white striped uniforms. Some of the girls have their caps which signify that they have completed at least twelve weeks work at the hospital. The girls are happy to be of assistance to the patients and to be associated with the nur-

O. T. (Ott) Ervin Issues Formal Announcement

The Commissioners Court in Eastland County is charged with a great responsibility — that of running the largest business in the county. And most important of all, the funds that it spends belong to the people of Eastland County, and these people have every right to expect and demand that their representatives, the commissioners, are the most honest and best qualified men available.

P-TA To Meet On April 21

MAYOR? . . . City Commission Organizes At Monday Night Meeting

Newly-elected city commissioners James Reid and Curtis Koen will be sworn in at the regular monthly meeting Monday evening and the commission will be organized.

Convention For State Singers

The 32nd annual session of the Texas State Singers Association will be held in the recreational building in Stephenville on Saturday afternoon, Sunday night and all day Sunday, April 18th and 19th. No hotel or motel accommodations will be furnished this year and every one will have to make their own reservations for Saturday night lodging, according to Charlie Skiles, president.

Reid and Koen were successful candidates in the April 7th voting. Reid polled a high 353 votes and Koen had 178. A total of 419 persons voted. The two will be joining Frank Deaton, Dale Troutt, and Dr. M. A. Treadwell Jr. to form the official city body. Mayor Don Pierson and Virgil Seaberry Jr. did not seek re-election and will be replaced on the commission by the two new men. Wondering around the square is "who will be elected mayor?" The commission elects a chairman from among itself. Many were guessing that Frank Deaton, who has served as mayor pro tem this past term, will likely be the chairman choice. It also remains to be seen whether the selected one will refer to himself as "mayor" or as "chairman." Both have been used in past years. City Manager Lewis Tiner reported that only other business set on his agenda for Monday evening is the consideration of federal housing authority proposals regarding

the constructing of low-rent housing in Eastland. Mr. Koen is owner-manager of Koen Salvage, and Mr. Reid is comptroller at Eastland National Bank.

Carbon Senior Play Set Soon

The Senior class of Carbon High School will present their senior play at 8 p. m., Friday, April 24, in the high school auditorium. FB DIRECTORS TO MEET

Directors of the Eastland County Farm Bureau will meet at 8 p. m., Monday, April 20th in the Farm Bureau Office in Eastland.

BLOOD DONORS NEEDED

Bill Holliday Fund Benefit Games To Be Held In Olden

Two benefit basketball games will be held in the Olden High gym at 7 p. m. Tuesday, April 21st with all proceeds going to the Bill Holliday Fund. There will be a game between two girls teams from Olden and a game between Olden and the Eastland Jaycees. Admission will be 35c for adults and 25c for children. Bill, young man from Olden, who was burned over 50 per cent of his body in an automo-

bile accident about four weeks ago, was transferred Monday night from a Fort Worth hospital, where he has been receiving intensive, expensive care, to the John Sealy Hospital in Galveston. He is receiving blood at the Galveston hospital and a plea has gone out to any of his friends who would give blood for the young man. Blood may be given at the Hendrick Memorial Hospital at Abilene

and any type may be given. Bill will be given credit at the blood bank for each pint given, with two pints to replace one. Anyone wishing to give blood may leave their name at the Eastland Telegram office and will be contacted as to what time and when a group could get together to go to Abilene. Friends of the young man have responded to the need for funds to pay for the expensive care he has been receiving. Over \$800 has been donated in the form of many gifts, some have given small amounts and others more, with contributions still coming in. Contributions may be mailed to the "Bill Holliday Fund", Box 29, Eastland, Texas, or may be left with Carey Hightower at Worth Food Store; Gaylon Ashton, Eastland Supply; I. E. Talley, Talley Barber Shop, Olden; or with Mr. Burl Proctor, Church of Christ minister; or Rev. Bruce Stovall, pastor of the Olden Baptist Church, Olden. (Continued on Page Two)

Cancer Crusade Drive To Be Held Thursday

"One Out of Four!" How far from you is the nearest cancer patient? Is this person in the next block, in your Sunday School class, a member of your lodge or club—or a member of your family? You've probably asked yourself "Am I the one in four who will develop cancer?" or "If not me, who?" Eastland residents will be asked to consider these things as the 1964 Cancer Crusade gets underway this week.

Judge Oxford To Speak At Methodist Dinner

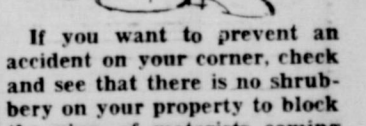

Eastland Methodist Church will hold a Kick-off Dinner for the annual pledge drive for the budget, in Fellowship Hall, Monday, April 20, at 7 p. m. M. H. Perry, chairman of the finance commission of the church will be master of ceremonies and introduce Judge W. J. Oxford of Stephenville, as the principal speaker for the evening. The ladies of the church will provide the covered-dish dinner and at least 100 persons are expected to attend. Persons interested in attending and hearing Judge Oxford are invited. Rev. Cyrus Barcus is church pastor and Charles Marshall is chairman of the official board. Dr. Bob Alexander is heading the pledge drive and will present his plans at the dinner. The Dixieland Band from Ranger Junior College will furnish the entertainment for the evening. This is an independent group made up of college band students, led by Mike Davis from Fort Worth.

CANCER —

(Continued from Page 1)
One of three are presently being saved.
He also pointed out the need for the greater intensity of research which will be needed to save those for whom there is now no cure available.
"Through collective efforts of volunteers of the American Cancer Society, and broad programs of research, education and service," he said, "significant gains are being made in the fight to bring final victory over cancer. Every such gain immeasurably benefits our families, our economy, and our State."
More than half of the funds contributed during the current Crusade will be spent to cancer research in Texas institutions, and for public education to increase the saving of lives. Additional amounts which will be spent for professional education and for service to cancer patients will help bring the total to be spent in Texas to more than one dollar of the dollar contributed.

The Society is currently supporting research at three University of Texas centers, in Dallas, Houston, Galveston, and at Baylor University centers in Dallas and Houston. Texas grants currently in effect total more than \$738,413. This includes some of the important research in the leukemias field, where the most substantial progress has been made in recent years. Other current research is being financed on lung cancer, breast cancer, and cancers of the uterus, liver, bladder, stomach, thyroid, colon and rectum, prostate, and pancreas. State Attorney General Waggoner field, where the most general Carr, members of the Texas Division Board of Directors and Executive Committee, will head the 1964 Campaign as State Crusade Chairman.

The pencils have been made available to the chamber of commerce to use with their new color brochures, and we're sending them with certain outgoing mail. You may want to do the same to tell the "Eastland story."

Thursday's shower was just right for some, a day early for others and no good for a few. The Bill Leslies had just finished having their house painted so they would rather had the rain a day later. Lindsey Clements was bull-dozing a new earthen tank and he wanted to get it finished before rain fell. But for the most part, the dust-settling amount was a help.

ROGER Q. EVANS

PRESENTS ISSUES PERTAINING TO 63rd LEGISLATURE RACE

ROGER Q. EVANS

It is now time that the issues in the State Representative race be spelled out in plain language, states Roger Q. Evans of Baird who opposes Wayne Gibbens.

The people of this district have a right to know the current issues and views of the candidates, in the five county district.

The office of State Representative has become a vital cog in the economy of our state and the citizens of said State. Over a five billion dollar appropriation faces the next session of the legislature. This money will go to state agencies, which will affect the lives of not only our school children but our adult life.

It is the opinion of Roger Q. Evans that the problems are so grave and vital to our economy and the destiny of people that a person well versed in the ups and downs of life and the ups and downs in our economy, that a seasoned experienced person in the problems of government can better represent your tax dollar than a person with little personal experience.

I PLEDGE

To support an Educational Program — including teacher pay increases and adequate school facilities — that will place Texas on par with other states.

I PLEDGE

To support the tourist trade program and to improve our scenery around our lake and places of attractions to induce tourists to put Texas on their (tourist) schedules for visiting.

I PLEDGE

To introduce and fight vigorously to re-earmark the old 2 per cent Confederate pension funds to accrue to the now aging veterans and their widows of any war as a veteran and Widow Relief Fund.

I PLEDGE

To give full support to all phases of agriculture, and livestock — to fight against the encroachment of foreign beef imports wherein it affects our markets and production.

I PLEDGE

To give every aid and assistance to our retired and aging citizens by trying to amend the restrictive laws — to permit, under certain conditions, a recipient of old age assistance, social security and other pensions, to earn money through self-employment or part-time employment through programs established for the one's able to work so as to improve their economy.

I PLEDGE

To work with all agencies of the city, county and state governments to improve our economy through added payroll incomes to be provided through self-made projects — I have confidence this can be accomplished by establishing in each County a County Senior Citizens Industry Inc. to work out the details to manufacture products to be sold commercially through a five-county marketing program.

That if you elect me as your state representative by your vote on May 2, 1964, as long as I draw the \$4,800 per year, my services will belong to the five counties in proportion to the population of the counties. I will work with the various agencies to develop jobs and open opportunities to make life more liveable for this fast growing population of senior citizens who have been the backbone of our defense and civilization.

I PLEDGE

To energetically fight to protect the rights of property owners on all phases of their constitutional rights and work to defeat any legislation that tries to give powers of attorney to any state agency to control your oil, gas and other mineral rights under the surface of your land. House Bill 510 sponsored by my opponent tried to do this to land owners at the last session of the Texas Legislature.

I congratulate the Farm Bureau Legislative Director and its membership for so vigorously fighting against the Forced Pooling Bill No. 510 sponsored by Mr. Gibbens.

The bill was opposed by Land Commissioner Jerry Sadler, the Sheep and Goat Raisers Assn., the Independent Land Owners Assn. and others.

I PLEDGE

To support and vote to see that our tax dollar, before and when appropriated, will produce a dollar in return in needed services to the people of the State. I shall work to economize in said appropriations which will go a long way to meet most of the need for new taxes. Spending the tax payers' hard-earned tax money, is truly a grave responsibility and merits the most rigid test of NEED to the agencies requesting appropriations and to do this you need a seasoned and experienced man who knows these problems.

I PLEDGE

To give every assistance to the state and local Health Units in their fight to reduce health hazards such as pollution, sale of bad foods, and through lack of proper sanitation.

I PLEDGE

To support better rural roads and highways with adequate lateral roads.

I PLEDGE

To work for Industrial Development in our cities and small towns — to re-establish some of our lost business. I have been asked to express myself on two or more very controversial issues. In stating my views I will realize that I will lose votes, and will gain support by others.

I lived through and experienced the economic breakdown in business in a radius of 100 miles of the Arlington Downs, and saw when it got so corrupt that the government called a special session of the Legislature to repeal the growing menace. I do not believe in legalizing for tax purposes, or otherwise, anything that will demoralize, and open opportunities for further breakthrough on the moral standings of our State.

TOTAL OF 4,056 RESIDENTS OF COUNTY GET SS CHECKS

About one out of every five residents of Eastland County is now receiving a monthly social security check according to figures released by R. R. Tuley, Jr., Abilene, social security district manager.

Tuley's report listed the number of Eastland county beneficiaries as 4056 at the end of 1963 an increase of 221 over the corresponding figure at the beginning of 1963. The dollar benefit amounts total more than \$2,775,744 yearly.

Retired workers are the largest single group of social security beneficiaries in the County. There are 2229 in this group and their old-age insurance benefits total \$146,360 monthly.

In releasing the figures, Tuley pointed out that the social security benefits are important to the community as well as to the people who receive them. "It is a fact," he said "that almost every dollar of social security benefits coming into the County is spent each month in local businesses for food, clothing, shelter, and other essentials. In this way, the benefits have a stabilizing effect on the local economy."

Tuley forecast that the number of social security beneficiaries will continue to increase in the future, but at a much slower rate than in the past 10 years. He said that, nationally, the social security benefit rolls increased from about 5 million people in 1954 to more than 19 million at the end of 1963.

This rapid growth in the beneficiary population resulted from major amendments to the Social Security Act from 1950 through 1961. He cited several amendments which extended social security coverage to self-employed business and professional men, farmers and agricultural workers, and other groups.

As a result, several million people whose work was brought under social security are now receiving benefits.

Others qualified through amendments which reduced the amount of work needed to get benefits. One change—lowering the age at which older people can get benefits from 65 to 62—accounts for 1.8 million out of the 19 million people now entitled to benefits. The amendments also introduced a new protection under Social Security—disability benefits—and 1.5 million disabled workers and their dependents now receive benefits under the disability provisions of the law.

Pecan School Is Good Success, Cooper Reports

The eighth annual Eastland County Pecan Budding and Grafting School, which was held last Wednesday at Cisco Junior College, was the most successful in the history of the event, County Agent J. M. Cooper reported. More than 150 persons registered for the school, and others took part.

Mr. Cooper covered all phases of pecan orchard development, including budding and grafting, in lectures during the morning. After lunch in the college cafeteria, the group went to the Ken Word orchard south of town for practice and demonstration. Mr. Cooper said the biggest demand for budwood was for the Comanche type that was developed in recent years at the Brownwood Pecan Experiment Station.

The outlook for this year's crop is especially good at this time, Mr. Cooper told the visitors. Some fruit orchards suffered freeze damage but, as a whole, the fruit prospects are good, he added.

Guests were registered from throughout West Texas.

Cross Plains To Be Host City For Star Fox Hunters

Cross Plains will be the host city for the annual Star Fox Hunters Association to be held on May 9, according to H. H. Harrelson, president of the organization.

Between 500 and 1,000 dog fanciers from all over the state are expected to attend the event, which will include a full day of contests, field trials, and exhibitions. The program will get underway at 10 a. m. the morning of May 9 at City Park and continue into the night. A western barbecue supper will be held at 6 p. m.

According to Mrs. Harrelson, competition may be keener this year than in the past. The association's secretary, Mrs. J. D. Brawley, has been answering inquiries about the convention and interest seems to be growing, he said.

Nimrod Will Be Given Inspection In State Event

The Nimrod community will be visited by an inspection team on Wednesday, April 22, in the state community improvement contest, according to a report Friday. The inspecting team will be from College Station.

Plans call for the tour of Nimrod area homes, farms and ranches to begin at 1:30 p.m. and to continue until 4 p.m. Refreshments will be served at the club house at the end of the tour.

Herman Schaefer, club president, has invited the public to take part in the tour. County Agent J. M. Cooper, HD Agent Beverly Nicholson and District Agents Annie Lucy Lane and R. G. Burwell will take part.

The Nimrod club won a \$50 second prize in the district last year.

GIBBENS — (Continued from Page One.)

"The confidence, trust and faith you have placed in me during my four years as State Representative are deeply appreciated. Your help and guidance have been valuable election in 1962 from the 63rd District following legislative re-apportionment. District 63 is composed of Callahan, Eastland, Palo Pinto, Shackelford and Stephens Counties.

Few Texas legislators have ever had as many year-around assignments or as heavy a twelve-month committee workload as has Wayne Gibbens. Currently, he is representing this district on the important Congressional Re-districting Committee-- appointed by the Lieutenant Governor at the request of Governor John Connally.

Representative Gibbens brings still further credit to this district by serving as chairman of two additional legislative committees. He was elected by other members of the House of Representatives and the Senate to act as chairman of the finance committee of the legislative council and he is also chairman of the house contingent expense committee, which, under Gibbens' tight-fisted supervision, has cut house legislative costs and expenses by nearly 50 per-cent.

Representative Gibbens also serves on the important agriculture, rules, oil and gas, and revenue and taxation committees.

In making his formal announcement for re-election Gibbens stated, "I am proud of the trust and confidence which you have placed in me and I have worked to bring credit and honor to Eastland County and District 63. The people of this district are entitled to an effective voice in our legislative halls."

Representative Gibbens has won commendation for giving the citizens of Eastland County strong and effective representation as witnessed by Governor John Connally's statement after the last Legislative session, "Wayne Gibbens is an outstanding young man and an intelligent, effective legislator."

Gibbens is a graduate of Berkenridge High School and holds a degree in government from Texas Tech. A member of the Baptist church, Gibbens is married to the former Beth Cannon. Mrs. Gibbens has been a teacher in the public schools, but is now campaigning with her husband.

Gibbens' statement continued: "The next session of the Legislature will be an important one to Texas. Congressional re-districting, improvements in our educational system--both public schools and colleges and universities, industrial and economic development of our state, pollution of fresh water supplies, industrial safety programs, tourist attraction, election code reforms, delinquent youth rehabilitation programs, and fiscal reforms to promote the greatest advantage for the least amount of money in state government. All will be of major concern during the next session of the legislature.

"I sincerely hope that you will give me an opportunity to use my experience, seniority in the House, and committee assignments for your greater benefit at the next session. The citizens of District 63 are among the finest folks in the world and you are entitled to the best possible representation. I will appreciate your vote and support. I pledge to you my best to give you the energetic, effective representation that you deserve."

ERVIN — (Continued from Page 1)

Mrs. J. L. Ervin, Eastland County pioneer, Mr. Ervin was educated in Ranger schools and has lived in Ranger most of his life.

Mr. Ervin and his wife, Loyce, presently live three miles east of Ranger, where they have made their home for the past 18 years.

He said in his statement: "I am a member of the First Christian Church and the Ranger Masonic Lodge. I did oil field construction and maintenance work in the Ranger oil fields for 30 years. Sixteen of these were with Sinclair Oil Co. This experience has thoroughly qualified me with heavy machinery and equipment. For a period I was also in charge of buying petroleum for the company and this amounted to handling thousands of dollars of company funds, requiring that I budget and be cautious with purchases and agreements. When the company moved from this district in 1960, I took early retirement, rather than move my family from this county, and accepted the job as Sheriff's Office Deputy, the position I now hold.

"I am thoroughly familiar with the problems confronting the county commissioners court including the budget requirements. My work with the various county officials has afforded me the experience of county business management. I know that I am adequately qualified to fill the job which I am seeking.

"Having been a tax payer for some 30 years and raising a family of five sons, I am fully aware of the responsibility placed on public officials in the proper handling of public funds."

"My wife and I know that we like to know where our tax money is being used and believe that you deserve the same consideration."

My sons are Maj. James R. of Denison; Don M. Ranger businessman; Dean, wire chief of T&P Railway Co. at Big Spring; Gail, a Grand Prairie mortician; and Max A., personnel manager for Pure Oil Co. of Houston.

"If I'm elected to serve as your commissioner, I promise to do just that. I will do my best to do a fair, impartial, and workmanlike job for the county tax payers, trying to get full value from every tax dollar spent in our precinct.

"I am attempting to see every

voter in the precinct to ask their support, but in case I should fail to talk with anyone, I hope that he or she will consider this my personal request for their vote and influence."

Guests in the home of Mr. and Mrs. J. A. Boze over the weekend were their children, Mr. and Mrs. J. B. Boze and children of Fort Worth and Mr. and Mrs. Ray Neal and son of Ranger.

night manager
Southern TV Systems
hi. i guess id better introduce myself right at the start. my name is i. mouse - the i stands for iring - and im the night manager at southern tv company. i know this typing looks kind of funny - but when you are my size its impossible to be able to stand on the shift key and hit the other letters as i hop around on the boss's typewriter - so i have to leave out the captial letters. i run this office during the late night hours when all of our pretty girls have gone home. usually there isnt too much to do but the boss insists that somebody be available to answer the phone at all times-sometimes he calls service, i guess if you should call at 3 a.m. in the morning the chances are ill be answering the phone. if i dont its because im back in the engineering shop having a cheese break. the boss said i could handle some of the advertising for the next few weeks - as long as i didnt get too commercial - whatever that means. so, im going to try to tell you some of the things that are going on around here. when we started this business the boss ordered 500 contracts. i understand there are only a very few left of this original order so it looks like the people really like the tv signal service. he didnt even grumble when he had to order another batch of them. there is also a lot of talk going on around here that i dont understand. it has something to do with channel 13 being added to the system. ill keep my ear to my mouse-hole and if i can find out anything ill let you know. the engineers are also up to their eyebrows in plans involving what they call microwave system. i dont understand this either but it has something to do with improving the pictures on some channels. it sure does sound expensive, though. i hear our landlords cat stomping around out in back - hes pretty stupid but awful quick - so id better wrap this up. maybe ill see you again some night.
yours,
I. mouse

Orient Is Theme For Senior Baptist Banquet

By JANICE WATSON
The Senior Class of Eastland High School was feted at a banquet given by the Woman's Missionary Union of the First Baptist Church on Friday, April 10.

The Oriental theme was carried out in both decorations and food. The room was decorated as an Oriental garden, with a lovely flower garden in the center of the room. The tables were adorned with roses, Japanese figurines, candles, and both large and small parasols. Each student was given a pair of chop sticks as a favor. These chop sticks caused much enjoyment as the students tried their skill at eating with them.

Master of Ceremonies for the evening was William Chance, educational director of the First Baptist Church, by Mrs. W. O. Jolly, WMU president, and Mrs. Eddie Simms, banquet chairman. The response was given by the president of the senior class, Jimmy Yancey.

A SAD STORY
FOR SALE

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

We work with you to arrange for a loan that's as easy to handle as monthly rent.
