TIDBITS . . .

(Continued from page 1) "Convoy" and "I Dream of Jeannie" - will not be in color.

Beginning in September the popular Danny Kaye and Red Skelton shows will be seen each week in color on CBS-TV as well as a tremendous lineup of excellent movie features on Thursday evenings. ABC-TV will continue telecasting some of its shows in color or although its complete schedule has not yet been released.

THERE'S PROBABLY a little less urgency about getting up early in the morning these days out at Mr. Marshall T. Berry's comfortable home in the Pleasant Hill community. He sold his dairy herd recently and, for the first time in 17 years, the milking chore consists of one cow.

Darrell Taylor of Rising Star bought the 40 Berry milkers along with the assorted equipment that goes into a modern dairy barn. The one remaining cow is sort of a problem. She gives about three gallons of milk per day, and the Berrys have milk to spare.

IT WAS IN the mid-forties that Mr. Berry started his dairy - hand milking his cows. He sold milk through the dairymen's association that serves this area. Before long, he built a Grade A dairy barn and added electric milking. He was a pioneer in the Eastland County Dairy Association and served as its secretary for a good many years.

Mr. Berry was born in Navarro County at Dawson and came to Eastland County first in 1928 where he married his wife, the former Mittie Garrett, a native of Carbon. After a few years, the Berrys went back to Dawson County and remained until 1943. They've lived in Pleasant Hill ever since.

The Berrys have two daughters - Mrs. Don Williams of Abilene and Mrs. Jerry Lyon of Cisco. Both are college graduates and teachers. The family belongs to the Methodist church in Carbon, are members of the Farm Bureau, and take part in community activities generally.

TODAY'S FLAG-BIT from the VFW: "When displayed otherwise than being flown from a staff the U. S. Flag should be suspended so that its folds fall free."

March 26 Is Deadline Feed Grain Signing

March 26 is the final date for the 1964 Feed Grain Act, according to County Manager, Agriculture and Conservation (A. S. C. S.) Jesse H. He also stated that it is the last day to re-sign contracts that will be terminated.

With reminders producers of legumes planted the 1964 ACP program left on the land until 1965 before plowing. Rye cover crop planted on the land until after the season or until the spring prepared for spring Rye or winter legume program under ACP program may not be harvested in inner.

Fruit Crop Not Believed Seriously Hit

Hope exists for Eastland County's fruit crop after the temperature dropped into the low 20s Thursday night and Friday morning.

Naturally, there are reports of scattered individual fruit damage where single trees had blossomed out, it is reported, but the larger orchards aren't believed far enough out to have been damaged.

The mercury dipped to 21 in Eastland and Cisco, and was recorded at 20 in Ranger; and Gorman had a 23-degree low.

Earliest bloomer traditionally is the apricot and not many of these trees had put out, it

is believed.

As temperature climbed Friday to above freezing by noon, thoughts were whether another sudden drop, say about April 1, which could conceivably be the "Easter snap," would in deed, damage the county's fruit potential.

Consensus appears to be that enough trees hadn't bloomed out yet to have been seriously, across-the-county disastrous to fruit, although many individual trees undoubtedly bore black, black blooms Friday.

Temperatures dropped to 18 degrees early Saturday morning for the lowest reading of the present cold wave.

WIN BRIDGE HONORS

Mrs. E. L. Graham and Mrs. R. A. Bearman were winners of the Eastland County Special Event held during the past week at Lone Cedar Country Club. They were awarded a first place trophy.

Players participating were from Eastland, Ranger, Cisco, Gorman, Stephenville, Brownwood, Coleman, San Angelo, Breckenridge, Graham, Strawn and Abilene.

Saturday's Meet

In Saturday's cutting at the Gage Indoor Arena, Wichita Falls, Hollywood Lin, owned and ridden by Gayle Borland of Hereford, won first place among 19 horses with a total score of 144. Minor Johnson and S. A. Wheeler were judges.

Miss Del Rio, ridden by Sonny Perry and owned by Circle K of Dallas, and Show-

Spirits in a general term

used for drinks containing at least 40 per cent alcohol.

Broom corn is a grass from which brooms and clothes brushes are made.

Cutting Horse Meet Set For March 28 In Eastland

The next cutting meet of the West Central Texas Cutting Horse Assn. will be held Sunday, March 28, in the arena of the Eastland County Sheriff's Posse, according to Boley Cotton, secretary-treasurer.

The Eastland show will be the second one since directors voted to add a new novice-novice class and to permit a contestant to ride two horses in the two classes.

Books will close at noon for the Eastland show. The working order follows: \$1,000 novice, \$500 novice, any rider, \$500 novice-novice, \$250 novice-novice and open.

Malcolm Jernigan and Robert Terring are to be the judges.

Dutchess Lady Wins

In the \$500 novice, any rider class, 18 horses were entered and the winner with 142 points was Dutchess Lady, owned by D. L. Powell of Seymour and ridden by James Powell. Second was Butcher's Poncho, ridden by Glenn McWhorter and owned by Billy Gene Crowder of Fort Worth, with a score of 137.

In the \$500 novice - novice class Billy Wynn of Joy rode his own horse, Miss Blue, to first with a score of 137. There were 14 horses entered. Second was Bubble's Red, owned and ridden by Delwin Burch, Graham. The score

was 136.

In the \$250 - novice - novice class, 12 entries, Pistol's Shorty, ridden by Jerry Belew and owned by Dr. E. F. Meredith, Olney, scored 139 points for first. Second was Swen Sir 28, ridden by Jodie Vance, and owned by Circle K Stock Farm, Dallas, with a score of 137.

CALF ROPING SUNDAY

There will be a calf roping program at 1:30 p. m. Sunday at the Sheriff's Posse Arena in Eastland, according to an announcement. There will be no admission charges.

TOP STEER — Reggie Underwood, son of Mr. and Mrs. R. V. Underwood of Route Two, Gorman is the proud owner of the Grand Champion steer of the 1965 Eastland County Livestock Show. "Apache" (as Reggie calls him) was in the heavyweight division and won first place in that class. Reggie purchased his steer from Dr. D. V. Rodgers, a prominent hereford breeder who sells numerous calves to 4-H boys and girls from all areas each year. He also showed two lambs, both of which won sixth place in their classes. The lambs were purchased from Tommie and Bobbie Lee of Route Five, Cisco. A member of the Carbon 4-H Club, Reggie participates in all school sports and is a member of the American Quarter Horse Assn. He is owner of two registered quarter horses. (Progress Photo)

Lake Leon Briefs

Bass fishing is getting underway at the lake. Boone Yarbrough and Stubby Warden took four nice ones on Black Bluffs, the largest weighing in at seven pounds.

R. L. Sorrels and his sons, Curtis and Dale of Odessa, were here last week. Boat motor trouble was an indirect cause of Mr. Sorrels making contact with Lyndell Levens

at the Sport Center in time to view a "catch" of rattlesnakes. He was very impressed and rather shook up. I'm sure Eastland County and surrounding places owe Lyndell and the men working with him a "great big thank you" for the fine work they are doing.

Crappie fishing is still fairly good, especially for some peo-

ple. Mrs. Law of Ranger seems to have a special knack of catching the big ones.

The water is still cold, but Sunday afternoon brought out some early skiers. However, the first one of the year was on Jan. 13. None were dressed in waterproof suits, just trunks and ski belt.

This reporter took a weekend trip to Glendale, Ariz., last week to visit Mr. and Mrs. W. G. Tyrone, an uncle. Saw some beautiful country and part of the landscaping in almost everyone's yards includes lemon, orange and grapefruit trees.

The Fort Worth Anglers Club has planned a fishing tournament on the lake March 27-28. We invite each of you out to see these boys in action. They should do well at this time of year, weather permitting, and our fishing news should be better now.

Lt. B. E. Gregg Assigned To AF Unit In Azores

Second Lieutenant Billy E. Gregg, son of Mr. and Mrs. T. Y. Gregg of Gorman, Tex., has graduated from the training course for U. S. Air Force communications officers at Keesler AFB, Miss.

The lieutenant is a graduate of Gorman High School. He received his B.S. degree from Sam Houston State Teachers College at Huntsville, Tex., and was commissioned upon graduation from Officer Training School.

Mrs. Turner Collie Will Give WSCS Lesson Tuesday

Woman's Society of Christian Service of the First Methodist Church will have a monthly business meeting Tuesday under the leadership of president Mrs. H. J. Bul-

Turner Collie will preside on missionary which will help keep members informed on what organization is doing to help further the phase of the Christian's responsibility, according to W.S.C.S. Reporter Mrs. Carl Elliott. Information on program materials will be given by Mrs. L. C. Brown.

The organization tries to keep members and prospective members well-informed, believing that an educated group will be a fully participating group, Mrs. Elliott stated.

Tuesday, March 16, W.S.C.S. members concluded their study on "United States Responsibility in a World of New Nations," under the leadership of Mrs. Donald Kinnaird Jr.

The devotional, presented by Mrs. Don Vieregger, was appropriately coordinated with the study, and was based on Luke 19:41-42. The subject, "Things to Which We Are Indifferent, That Make for Peace," reminded listeners that not only did Jesus weep over Jerusalem, but also that things happening in our land today must cause Him sorrow.

Due to the fact that many new nations are located on the continent of Africa, it was appropriate for members to enjoy the pictures of Africa, presented by Mrs. Jim Horton, taken by herself and her husband while traveling in Africa. The pictures were explained while being shown.

Present were Meses. Bulgerin, Collie, Brown, Kinnaird, Vieregger, Horton, Ina Bean, Roy Lawson, O. O. Mickle, Joseph Perkins, Charles Lovelace, Rose Day, R. E. Sikes, E. O. Harrell, Tom Haley, E. S. Perdue, Carl Elliott, Fred Davenport, Milburn Long, J. Lester Davenport, and a visitor, Mrs. Ed R. Harris.

Youngsters Not Taught To Earn Leisure Time

"Schools of young folk are being educated to enjoy leisure. Too few are being taught to 'earn' leisure. You can earn it only through success and you can succeed only if you are equipped." This saying was the general theme for last Tuesday's P-TA meeting.

The following questions were asked by Mrs. Joe Stephen, in association with teaching students: What time does your child go to bed at night? How many hours does he sleep? Does he have a special place to study? Does he eat a good breakfast? What about his eyes, his ears, his throat? Does he have an encyclopedia to help him with his home-work? Does he have a good dictionary handy at all times? Are you home when he gets in from school? How much does he watch TV? What kind of programs does he watch? What kind of

movies does he see? Is the picture for children? What is your attitude toward his teacher? Is he self-reliant, or do you help him too much? Does he get along with other boys and girls? Do you work with his teacher to create a love for learning? Does he feel loved and secure?

Parents participating in a panel discussion of these questions were Mmes. Weems, Hart, Alexander, Germany, Jones, Treadwell, Wilson, Kincaid, Jolly and Arrington.

The subject for the program was "Together we help a child by creating a love for learning."

Desdemona's Fort Blair To Be Officially Marked

A state marker will be placed on the site of Old Fort Blair at Desdemona during ceremonies in which the Eastland County Historical Survey Committee will participate, according to committee chairman, Mike Collins. Date and time of the event have not been announced.

Twelve log cabins were erected inside the fort walls and during the Civil War several families moved into these cabins. The fort was established in 1857.

Among the families to move there were the William Arthurs, Ellisons, W. C. McGoughs, W. H. Manckers, brothers Jasper, Jim and Tom Gilbert and the Blairs. Many Eastland County citizens are descendants of the families who took refuge at the fort.

Not only did these families provide education for their children but also made their own food, clothing, soap, soda, candles, etc., according to Mrs. Howard Williams, Desdemona director for the county-wide historical survey committee.

AUSTIN. — Gov. John Connally's top legislative project — creation of a powerful coordinating board to control state colleges and universities — apparently is headed for early enactment.

Bills to establish the board breezed through Senate and House committees to floor calendars without direct attack after members of the Governor's Committee on Education Beyond the High School testified for them.

Quick and easy committee approval contradicted early rumors that establishment of the strong central board would meet vigorous opposition in the Legislature.

It seems that opposition, if there is to be any, will be confined to specific details of the bill and not to the overall proposal.

If enacted, the 18-member coordinating board would have broad powers over all aspects of higher education in Texas — junior colleges, as well as senior institutions.

It would have the final word on launching or eliminating college degree programs, control the addition or deletion of courses, develop future plans for higher education and pass on proposals to create new senior colleges.

It would supplant the existing Commission on Higher Education, although members of the commission would be eligible for appointment to the board.

Said Governor Connally: "I am very pleased with the action of the two committees. This reflects what I have said all along — that there is a

Deadline Near To Obtain Auto Safety Sticker

MIDLAND — "Many motorists are going to be caught in long lines, before April 15th," said Major Leo E. Gossett, commander of the sprawling west Texas Region of the Dept. of Public Safety. "With less than 30 days left during the present Motor Vehicle Inspection period, over 208,000 vehicles remain to be inspected within the 49 county West Texas Region," Gossett stated.

"The period set by law for securing the 1965 inspection sticker ends at midnight, April 15, and there can be no extension of the deadline, Gossett pointed out. "Any Texas motorist whose vehicle does not display the new sticker after April 15 is subject to arrest by any sheriff, deputy, city policeman, or by officers of the Department of Public Safety."

The 49 county Midland Region of the Department of Public Safety has 533,810 registered vehicles, with 325,366 inspected as of March 15. This leaves 39 per cent of the registered vehicles within the Region yet to be inspected.

"May we encourage all motorists, who have not had their vehicles inspected, to have this done immediately as some of the inspection stations are already becoming crowded," Gossett asked.

The historical survey committee will have its next meeting March 29 at 5 p.m. in the community room of the First National Bank of Cisco.

Rev. Robert Butler of Sweetwater, a retired Methodist minister and native of Eastland County, has submitted information to Mike Collins concerning the Pleasant Grove Cemetery, answering a call by the Eastland County Historical Survey Committee.

This information was brought forward when Collins, committee chairman, asked that anyone having information about old county cemeteries to contact him so that arrangements might be made to preserve and mark these quickly disappearing plots.

B. M. McKleskey gave a deed for five acres of land to trustees of Pleasant Grove Methodist Church in 1910; thus, Pleasant Grove Cemetery was established.

great will and desire on the part of the Legislature to make some real strides toward excellence in higher education."

Rep. Dick Cory of Victoria is handling the bill in the House and Sen. Bill Moore of Bryan has it in the Senate.

Legislative committees set aside another Ladies' Night to hear a familiar debate — should the state constitution be amended to insure that no legal rights be "denied or abridged because of sex?"

Without even hearing arguments for or against, a Senate panel quickly agreed that the amendment should be submitted to the voters.

On the other hand, the House committee listened to hours of testimony. Most of it was in opposition to such an amendment. The State Bar and spokesmen for university law schools led the opposition.

Opponents claim the amendment goes too far and would "open a Pandora's box" of future litigation. Specific statutory changes were recommended as preferable for consideration.

Dyess Wins Citation In United Fund Help

DYESS AIR FORCE BASE — A certificate of appreciation to Dyess AFB, for support of the United Fund in Abilene, was presented March 11th at the Strategic Air Command base in Abilene.

Units at Dyess contributed approximately 105 per cent of the fair-share effort, matching the 1963 performance. Base project officer both years was Lieutenant Colonel Morris D. White, who is now retired from active service and residing near Cisco.

recting such discrimination as might exist. Spokesmen for the women's groups, who have stubbornly pushed the amendment, retorted with considerable conviction: after all these years of talking about giving women full powers to manage their property and other rights long denied them, little serious effort has been made to repeal the discriminatory statutes one at a time.

Governor Connally appointed Rev. Robert S. Tate Jr. of Austin to the Texas Youth Council. He succeeds Dr. Guy Newman of Brownwood. Connally also named Frank Sparks of Eastland as judge of the 91st district court. He succeeds the late Judge T. M. Collier.

Durwood Manford of Smiley was named to a new term on the State Board of Insurance.
