

Frank Deaton to Head Commission

Frank Deaton, owner-manager of Eastland Auto Parts, was the unanimous choice for chairman as the Eastland City Commission swore in two new members and organized at the regular monthly meeting Monday evening.

During the brief meeting, the commission also discussed public housing in Eastland and parking problems and posed for an official picture.

James Reid and Curtis Koen were sworn in as new commissioners.

Dr. M. A. Treadwell Jr. placed Mr. Deaton's name in nomination; Dale Troutt seconded the motion; and Reid moved that nominations cease.

Troutt then nominated Koen as chairman pro tem, and he too got a unanimous vote. Mr. Troutt will continue as secretary-treasurer.

Federal Housing Authority low-rent housing proposals for Eastland were met with less than enthusiasm from commissioners, with members expressing doubts as to the city's need for such housing at this time.

Mr. Deaton said he had talked with seven persons Monday concerning the housing and all had expressed no interest in such a project.

Commissioners took under advisement the need for increasing the cost for parking permits in the city. This is being eyed because of repeated abuses of the 30-minute permits which the city issues presently for \$12 a year.

A resident present suggested that \$25 a year would be more reasonable. The permits specify 30-minute parking at meters and many persons park all day with the permits, the commissioners pointed out.

No action was taken but the commission is investigating as they also indicated they will do regarding parking meters in front of the Village Hotel.

Mr. Koen asked about progress on the demolition of the old city hall and City Manager Lewis Tiner said he had talked with the man Monday and had gotten a promise that he would be back on the job by May 5.

Deaton has lived here eight years. He is past president of the Rotary Club, vice chairman of the Eastland Merchants Credit Association, county Red Cross chairman, member of the Methodist Church official board and twice has served as its chairman. He is Cisco Methodist District Steward and a delegate to annual conference. He also is a member of the church finance commission.

When you make a contribution to the American Cancer

Society what does it mean? It means you are helping the cancer fight in all these, and many other ways:

- (1) By financing the research of thousands of highly trained investigators in hospitals, universities, and laboratories all over the country.
- (2) By furthering a long-range program that will help save many American lives through the dissemination of ACS educational materials.

Abilene Police Escort Mav Band to Victory

By JANICE WATSON
For the first time in 16 years the Eastland High School Band received a first division rating in both concert and sight reading at ULL playing contest.

They were given this rating by all six of the judges. The contest was held at Madison Junior High School in Abilene Saturday, April 18.

Under the direction of John Foster, the band played "Elmira," "Chester," and "American Scene." The sight reading number was "Ballad in Folk Style."

It seemed for a while that the band was headed for misfortune. One of the buses had a flat tire just outside of Clyde and was held up for several minutes while it was being fixed. Later, partly because of this delay, the band was escorted to Madison by a member of the Abilene Police Department.

The band received a very beautiful trophy for their performances. Mr. Foster said, however, "It's not as big as the Sweepstakes and next year we will bring that one home."

In order to be a sweepstakes winner the band must receive a first division rating in marching, concert, and sight reading. Eastland was awarded a second division at marching contest held in San Angelo in November. Sweepstakes winners in Class A this year were Merkel and Ozona.

Other class A schools and their ratings in marching, concert, and sight reading are as follows: Clyde—II, III, II; Baird—II, III, III; Cross Plains—I, II, I; Goldthwaite—IV, III, III; Rotan—II, II, III; Eldorado—I, III, II; Merkel—I, I, I; Aspermont—did not march, IV, IV; Ranger—I, I, II; Roscoe—II, III, II; Albany—II, II, II; Eastland—II, I, I; Santa Anna—II, II, II; and Ozona—I, I, I.

Rotary Hears Of Cancer's Danger Signals

When volunteer 1964 Cancer Crusade workers call on Eastland residents Thursday evening, they will be advising of the seven cancer danger signals as well as collecting funds for crusade service and education. Mrs. Austin Flint of Cisco told the Eastland Rotary Club Monday.

Mrs. Flint was assisted by Mrs. Ann Justice of Eastland. A film, "The Million Club" was also shown to the club.

The seven danger signals, she pointed out, are: 1. Unusual bleeding or discharge. 2. A lump or thickening in the breast or elsewhere. 3. A sore that does not heal. 4. Change in bowel or bladder habits. 5. Hoarseness or cough. 6. Indigestion or difficulty in swallowing. and 7. Change in a wart or mole.

It braved the storm for me.

GORDON McLENDON

Your candidate for the Democratic nomination for U. S. Senator

BELIEVES . . .

● **FOREIGN AID**—Foreign aid should be withheld from all communist-dominated countries. Foreign aid should be maintained in those countries in which we have military bases. In other countries where any aid might be prudent, it should be mainly in the form of surplus agricultural products.

● **NATIONAL DEBT**—Government expenditures should be made only from current income in peacetime. An orderly program for retirement of the public debt should be initiated.

● **FOREIGN AFFAIRS**—The Monroe Doctrine should be firmly restated and upheld.

Delta Kappa Gamma Installs New Officers At Meeting On Saturday

Mrs. Lela Lloyd of Cisco was installed as president of Beta Upsilon Chapter of Delta Kappa Gamma at a meeting last Saturday at the Women's Clubhouse in Cisco.

Other new officers installed for the next biennium were Mrs. Ruth Poe Herring, first vice president; Mrs. Marie Lambaugh, second vice president; Mrs. Ruby Lee Pirtle, recording secretary; Mrs. Lois Whitaker, corresponding secretary; Mrs. Minnie Hill, treasurer; and Mrs. Ella Andre White, parliamentarian. Installation was conducted by the retiring president, Isadore Grimes, who presented the new international handbook to each incoming officer.

Announcement was made of the selection of Miss Anna McEver of Ranger as the teacher of the year from the Heart of Texas District.

Mrs. Bertha Mehaffey, chairman of the yearbook committee,

reported that a communication from the state chairman listed Beta Upsilon's yearbook as meeting all requirements and being especially outstanding in three areas — program planning, arrangement, and format.

Mrs. Lloyd, member of the publications committee, handed out a newsletter that had been prepared by that committee. In the survey made of the membership, it was noted that six will attend the state convention in Dallas; two will journey to the Golden Gate City for the International Delta Kappa Gamma meeting; seven will further their educational development by attending workshops and summer school; five will attend the world's Fair; two will teach; eight will travel extensively in the states; and one will visit Canada.

Program speaker for the meeting was Mrs. Evelyn Whately, librarian of Eastland High School. Her topic, "A Way of Life," was presented from chosen excerpts from an address by Sir William Osler. She stressed a key quote, "Live neither in the past nor in the future, but let each day's work absorb all your interest, energy, and enthusiasm. The best preparation for tomorrow is to do today's work superbly well."

Hostesses for the meeting were Mrs. Virginia Inzer, Mrs. Lois Marshall and Miss Verna Johnson. Twenty-two members answered roll call.

For her tenth birthday, the young lady of the house announced she wanted a blue angel food cake. It was her birthday, so she got it. But

when the cake was served at the party, few people ate it. The reason: A blue cake isn't very appetizing.

Recent visitors in the home of Mrs. R. L. Kirk were his sons and families, Mr. and Mrs. Odell Kirk of Pasadena, Mr. and Mrs. Weldon Kirk and family of Sweetwater, and Mrs. Ardell Kirk of Fort Worth.

Food not only has to taste good, it has to look good. Blues, blacks, and purples are usually not too tempting food colors. For example, orange juice served in a blue glass has much less appeal than in a clear glass. Black is associated with burnt flavors.

Unusual colors arouse suspicion. Green bread suggests mold; red chicken loaf is alarming. So go easy on artificial food coloring. And when you do use it, keep within a reasonable color range. Also avoid serving foods of clashing colors. Purple-red beets, red cabbage, pickled radishes, and orange-red tomatoes and pimentos are not attractive together.

Neither are mono-colored foods. A menu of mashed potatoes, creamed onions, fried liver, celery, white bread, and rice pudding lacks character. It needs perking up — with buttered peas substituted for the onions, pickled beets instead of celery, and some brown-crust rolls in place of the white bread. A spoonful of red jelly will enliven the rice pudding.

You can also bring color to a meal with gay dishes, flowers, and table linen. Just see that the colors are compatible.

Only 50 percent of the green portion of a blade of grass should be removed each time you mow. The green blades of grass manufacture food for the plant. If 90 per cent of the blade is removed, root growth stops for several days or even weeks.

An easy rule for homeowners to remember is: Mow whenever the grass doubles in height. Set your mower at 1/2 to 1 inch for creeping grasses-Bermuda and Zoysia; 2 to 3 inches for Bluegrass and Fescue.

There is no chemical difference between cane and beet sugar. They may be used interchangeably in cooking.

Ford's new sports car, the Mustang, is on display in a special showing at King Motor Company in Eastland. The new car combines styling and features of expensive foreign cars with a low cost made possible by American mass production, according to Dealer Hood King. The Mustang features bucket seats, six or eight cylinder engines, and other features. The public is invited to see the new Mustang, Mr. King said.

Party-Line Chatter

Mrs. John (Tommye) Foster handed us this recipe and tells us it is a favorite at her house. Seems to us that it would be an easy and tasty dish for a group because all that is needed to complete the meal are a salad and bread.

GROUND BEEF CASSEROLE
2 lbs. ground round
1 lb. grated cheddar cheese
1 no. 303 can tomatoes
1/2 jar salad olives chopped, with pimentos and olive oil to taste.
1 green pepper, chopped finely
1 large onion, chopped finely
1 1/2 c. noodles, cooked as directed
Lightly brown the ground meat. Season with salt and pepper. Add onion and pep-

per and cook a few minutes longer. Pour off the grease. Put meat mixture, cooked, drained noodles and other ingredients in a 2 quart covered casserole dish and lightly mix. Bake at 350 degrees for about 40 minutes.

Half of above can be frozen for later use if you wish. Just reheat it well in oven before serving.

Send your recipes and helpful household hints for to Box 29, Eastland.

(6) By assisting the Society's mounting programs against colon-rectum cancer, lung cancer, and leukemia.
(7) By furnishing films and other materials that will help American women save their own lives from breast cancer and from uterine cancer by teaching them healthy protective habits.
(8) By providing a school children—your own perhaps—

(9) By joining a vital and dynamic organization which is widely recognized as the first and foremost voluntary health agency in this field.
(10) By striving toward the goal that your descendants—perhaps your own children—may never need to fear this disease.
Every man, woman and child has a stake in the outcome of the attack on cancer. Each has a right and a responsibility to participate in it.

The Sword of Hope is the symbol that to most Americans means "Help Fight Cancer." The original insignia carried the slogan "Fight Cancer With Knowledge." Variations of this theme have been used by the American Cancer Society since then. Today's "To Cure More, Give More" supplements the Society's classic theme "Fight Cancer With a Checkup and a Check."

Classified brings action

J. B. Williams —

(Continued from Page 1)

formance of duties and conduct in office is a matter of public record, we feel that we are dedicated and qualified to render the type service which our citizens deserve and have a right to expect.

"I am not a politician. I am a law enforcement officer. My background includes three and a half years' experience as a constable, four months as a deputy under the late and esteemed John Hart, and 10 years as your sheriff. During my three years' service in the U.S. Navy during World War II I was engaged in military police and law enforcement activity. I also spent 13 months as a security officer in the employ of Humble Oil & Refining Co.

"Over these years we have had the opportunity to handle every type case from minor infractions of the law to major thefts, homicides, etc., and are thoroughly trained in all phases of law enforcement work and procedures, including use of the polygraph, modern fingerprint identification and the latest scientific methods now employed in preventing and controlling crime.

I am in excellent health and top physical condition and my only hospitalization in recent years was for a hernia operation to correct an injury received while working at my ranch. Earlier this year a cataract was removed from my right eye and my vision is good.

"We are intimately aware of the challenges which lie ahead for the man who will serve you as your sheriff during the next four years and know that we can vigorously and efficiently handle any problem or law enforcement field.

"If elected we promise an efficient, courteous administration, handled by a new, highly capable and experienced staff and pledge ourselves and those who assist us in assuring the citizens of Eastland County that our laws will be fairly and impartially enforced.

"Although we have been busily engaged in the conduct of this campaign, it has been impossible for me personally to meet and greet every voter in the county.

"Due to the shortage of time," Williams' statement concluded, "I am taking this opportunity to invite you to consider my past record, experience and qualifications and to respectfully solicit your vote and support on May 2."

Williams, who served as sheriff from 1947-1951 and 1955-1961, was constable at Gorman prior to his enlistment in the Navy during World War II.

The husky six-footer who weighs 180 pounds was raised on a farm and attended school in the Duster community. He is the son of the late R. H. (Uncle Bob) Williams, a pioneer Eastland County resident.

His wife, the former Miss Thelma Taylor, is a lifelong Eastland County resident and daughter of C. S. Taylor, Gorman pioneer.

The Williamses, who make their home six miles north of Gorman, have one daughter, Nanette, age 8. The family attends the Church of Christ.

The crash occurred shortly before 9 p.m. on flat farmland

about five miles north of Wilmington, Ohio. Both planes were based at Clinton County AFB.

Two survivors of the 19 men aboard the two planes were reported in fairly satisfactory condition.

The Hollywood - produced film showed the experiences of several persons who were cured of cancer — through early diagnosis.

Mrs. Dale Troutt is Eastland chairman for the crusade and will have a number of volunteer workers helping call on homes in Eastland to tell the cancer story and collect funds. Mrs. Flint explained that funds are distributed in this manner: research, 33 per cent; public education, 19 per cent; professional education, 10 per cent; service, 20 per cent; fund raising, 10 per cent; and administration, 8 per cent.

Ben Hamner was program chairman and President Mac Beazley presided. Guests were Verell Bowen, Eastland High School senior, and Frank Smith of Dallas.

Mrs. Flint pointed out that 30 persons died of Cancer in this county last year. There are five tumor clinics in the state, she said and explained how she works with cancer education in this county (every 4th grade student in the county has seen a film on the relation of smoking and cancer, she said.)

May 14th is the date for the next county cancer board of directors meeting, she said.

The presentation was made at the Lions Club meet Tuesday. Chairman Smith pointed out that the S.A. spends about \$700 a year helping people. Of this amount, \$500 goes to transients.

The memory of the late H. R. (Pop) Garrett was also enriched during the same meeting when Int. Counselor O. L. Stamey presented a certificate to the club, from the Texas Lions International Counselors Association, of which Pop was president at the time of his death. The resolution noted Mr. Garrett's service to Lionism and to mankind. It was given to the club, his home club.

HAPPY DIRECTOR

—Eastland High School Band Director displays a "three-quarters" smile as he displays the trophy won by his band in Intercholastic League University Interscholastic League competition. The band won two first division ratings (for concert and sight reading), for which they were presented this trophy. Had they made a One on marching, rather than a Two, it would have been a clean sweepstakes win, and the director undoubtedly would have displayed a complete smile. (Staff Photo)

Chaperones for the trip were Mr. and Mrs. Ray Pryor, Mr. and Mrs. Bennett Ragsdale, Theron McKinzie, and band director.

For the six senior members of the band—Mike Jones, Sharon Wilson, Richard Jones, Cecilia Copeland, Floyd Robertson, and Janice Watson—this was the last trip to playing contest and possibly the last trip with the Eastland High Band.

Judge Oxford Speaks At Budget Dinner

Approximately 90 persons attended the First Methodist Church's annual budget campaign kickoff dinner Monday night and heard Judge W. J. Oxford of the 29th District of Stephenville.

He was introduced by 91st District Judge Turner Collie, who called Oxford a "most efficient" judge and possessor of a great sense of humility. In stating his position in support of the Christian Church, Oxford said, "We owe the Jews for our background of religion. We owe the Catholic Church for preserving our Christian Church for 1,200 years. We find ourselves today in a society when churches are competing. At this point in our civilization, all churches must preserve our Christian religion.

I urge you to support your church. We must stand firm at a time when a casual air pervades even our religious world." Dr. Bob Alexander, chairman of the budget canvass, presented plans of his committee. Chairman of the four groups named by Dr. Alexander are Willard Griffin, Don Vieregger, Bennett Ragsdale and M. H. Perry. Women of the church served the dinner.

Twins Write Tributes To Late President

Garry and Larry Barnes of Duncaneville, Texas, 9 year old twin grandsons of Mr. and Mrs. H. C. Pounds of Eastland composed the following two bits of rhyme following the death of President Kennedy. The boys are the sons of Mr. and Mrs. J. L. Barnes.

The Death of Our President
President Kennedy was not bad.
After he was shot I was sad
God knows sorrow and so do
But this is the sad day, you
know why?
Our nation with its head bowed
low.
Mourn the one we love so.

10,972 Vehicles Registered To Date In Eastland County

Vehicle registration is big business in Eastland County today — a far cry from what it was when the first Texas Traffic Law, which included provisions for registration, was enacted nearly 60 years ago.

The county tax office, and its appointed sub-stations, are beehives of activity during "tag time" each year.

This year a total of 10,972 sets of tags have been issued through the office, County Assessor-Collector J. C. Allison has reported. And the process accounts for a lot of revenue for the county and the state.

Eastland County has collect-

ed \$136,710.13 for its share and will send \$86,762.08 to Austin as the state's share. That amounts to \$223,472.21 in revenue from vehicle registration from this one of 254 counties.

Sales so far are only \$34,679.40 below that for all of 1963, indicating that a lot of tags will be sold throughout the year.

Last year there were 7,239 sets of tags sold for the year, with the county's share of the revenue amounting to \$153,567.37 and the state's, \$104,584.24. The state gets half of all monies taken in after \$50,000, a tax deputy said.

By types, vehicles registered

this year:

Passenger cars, 7,514; commercial, 1,916; farm vehicles, 1,218; farm truck-tractor, 2; trailers, 489; motor cycles, 20; and farm trailers, 10. The revenue reported for the year also includes one-trip permits, duplicates, transfers and additional fees.

All in all, it makes a good source of revenue for the state and county. A state agency this week announced that the cost of producing each set of 1964 plates was six cents. They are made at the Huntsville Penitentiary.

Quite a contrast indeed from the original registration law.

According to Department of Public Safety Highway Patrol Sgt. Roger Sosebee, the first Texas Traffic law was enacted by the legislature April 15, 1907, and provided that no vehicle be permitted to exceed 18 miles per hour on the open highway (8 M.P.H. in towns and villages) and that each be registered with the county clerk and assessed a fee of 50 cents each.

The Eastland 4-H Sewing Group met Monday in the home of Mrs. B. R. Sullivent. Irene Sullivent, Barbara White and Pat Sullivent worked on their blouses and received instructions for their record books.

The 4-H Dress Review will be May 15th, and all of the girls are working very hard to complete their projects.

Reporter for the club is Barbara White.

Lone Star Man Is Speaker For Meeting Of LVNs

The meeting of the Licensed Vocational Nurses Association Division No. 64 was held at the American Legion Hall at Ranger on Monday, April 13.

'IT'S SO EASY' — An unidentified model demonstrates the ease of auto washing at the new 5-Minute Self-Service Car Wash in Eastland. The wash wand she holds is almost a "magic wand" in the way it cleans the exterior of autos, using water and special detergent under pressure. The car's also high powered vacuum machines to clean interiors too. Owned and operated by Bob Perkins, the new facility, located at 102 N. Daugherty St., doesn't necessarily advocate washing your auto in an evening gown, but it is convenient and economical (5 minutes for 25 cents.)

Buick has a great transmission.

An automobile transmission, we grant you, isn't the most soul-stirring subject on earth. Nothing to look at either.

But if you'd like for your next new car to give you a better break on performance and gasoline mileage, something happened last week to be your guide.

The Los Angeles to New York Mobil Economy Run proved one thing for sure. There's quite a difference in the transmissions of new cars.

Three out of four for Buick

The long-time champion in the transmission league—Buick—walked off with the 1964 economy pennant. No other single make of car won as many events as Buick. Four entries, three winners.

The winning Special carried the new Super Turbine 300 automatic transmission; the LeSabre was equipped with the Super Turbine 400 (both optional at extra cost). They're the latest in a long line of Buick transmissions well known for their smoothness and absence of "shift feel". The Super Turbine is a refined and improved torque converter type to help you safely pass cars and trucks as well as gas stations.

You'll hear a lot about it in the next couple of years as this modern kind of transmission is adopted by more and more car builders.

What about engines?

Of course, an efficient transmission gets more efficient when teamed up with a lean, agile engine. The winning Buick power plants were our new V-6 and V-8. The 300 cubic inch V-8 in the winning Buick Special (the lowest priced of all Buicks) and the Buick LeSabre (the lowest priced big Buick) is like a well-conditioned fighter. All muscle, no fat. Weighs in at far less than other V-8's of similar punch. It took every other V-8 in the Economy Run.

Your type of driving—regular gas

The Run was through cities and towns, across super highways, in traffic, out of traffic. This was not race track driving or proving ground driving. This was your kind of driving—even though you can't expect to get as good mileage as these expert drivers in their finely tuned production cars. The distance was 3,243 miles, about what most families log in four months. All three Buicks used regular gas. So the Economy Run is not just a cross country tour for the Mobil people and a few car buffs. It's a reliable test of a car's power team and what it's able to squeeze out of its fuel.

We don't expect everybody to rush out this week-end to buy a new Buick just because we won a few economy trophies.

There are so many other good reasons for leaning to Buick that economy usually gets second billing. There's styling, naturally. An unusually great ride. Extraordinary engineering and workmanship. And very young performance. Small wonder Buick sales are running at 11.5% over last year.

But it's nice to get economy as a plus in a Buick. Beyond the dollars saved on gasoline, there's a certain pride in knowing you have a car that's built to get the most out of every tank of gasoline.

Yarborough Asks Re-Election On Basis Of Record

"I seek re-election to the United States Senate on a record of accomplishment," Senator Ralph Yarborough said this week.

"I have been your Democratic United States Senator for seven years. In those seven years — working with and for the people of Texas — we have made major steps forward in education, agriculture, conservation, and many other areas."

Listed as major accomplishments by Sen. Yarborough are:

TAX CUT: Senator Yarborough has fought for the just-enacted tax cut — to stimulate the economic progress of this country — since he was first elected to the Senate in 1957. He helped slash one and a half billion dollars of fat from foreign aid last year.

EDUCATION: Sen. Yarborough co-authored the 1958 National Defense Education Act which provides loans for thousands of Texas students in 77 State colleges and universities. He co-authored bills expanding Federal aid to school districts burdened by heavy inflow of children of Federal personnel, affecting 250 Texas school districts, and co-authored the 1963 law for expanded vocational education. He was a leading sponsor of the Health Professions Educational Assistance Act, 1963.

AGRICULTURE: Sen. Yarborough is a leading supporter of soil and water conservation programs, rural electrification and agricultural research. He co-authored the bill to cut foreign meat imports, and is now investigating depressed cattle prices.

VETERANS: 15 laws bearing Sen. Yarborough's name have been passed on behalf of veterans.

WATER CONSERVATION: Sen. Yarborough vigorously supports water conservation programs, such as the Saline Water Conversion Act of 1961, and of the dams rising across Texas — McGee Bend Dam (now the Sam Rayburn Dam), Sanford Dam of the Canadian

River, and Amistad Dam on the Rio Grande, and of numerous other water conservation projects.

NATIONAL DEFENSE: Sen. Yarborough advocates national defense by well-trained, well-equipped Army, Navy, Air Force and Marines. He supported the Military Pay Raise Acts of 1958 and 1963. He endorses our NATO Alliance and our defense pacts with free nations.

INTERNATIONAL AFFAIRS: Sen. Yarborough co-sponsored the Peace Corps Act, and supported the Nuclear Test Ban Treaty halting atmospheric testing. He was instrumental in getting Senate ratification of the Chamizal Treaty. He strongly supports the Alliance for Progress to combat communism in Latin America.

ECONOMIC ADVANCEMENT: Sen. Yarborough co-authored the Area Redevelopment Act of 1961, called "The Magna Carta of East Texas Economic Redevelopment." He worked for the Federal Airport Act of 1959 and the 1958 National Housing Act. He strongly supported the 1961 Housing Act — the most comprehensive program ever passed by the Congress. He battled for more help for elder citizens, old age pension increases and Social Security improvements.

FEDERAL EMPLOYEES: Sen. Yarborough has fought to maintain the efficiency of Federal service, and to provide pay scales comparable to those paid in private industry.

At a statewide appreciation dinner honoring Sen. Yarborough last fall, U.S. Senate colleagues — the men who know him best — told the more than 4,000 Texans in attendance: "Senator Ralph Yarborough is a man who gets things done for Texas." Also at the dinner, in a filmed message, our then President John F. Kennedy said:

"Ralph Yarborough speaks for Texas in the United States Senate, and he also speaks for our nation, and he speaks for progress for all our people."

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. INCOME TAX REDUCTION

The income tax reduction bill that became effective in April of 1964 had the vote and support of OMAR BURLESON who has long felt that tax relief for the public was one of the most important issues before Congress.

LIMITED BEEF IMPORTS

OMAR BURLESON introduced a bill in Congress to limit the imports of beef from foreign countries. With a 25% wholesale price decrease caused by foreign imports this bill would provide a broader market for the ranchers and cattlemen. Retail prices remain high.

REDUCE FEDERAL BUDGET

Long an advocate for lower federal spending, OMAR BURLESON, in his 18 years in Congress, has voted to reduce the federal budget from three to 13 BILLION dollars each of his nine Congressional terms. He has never voted to reduce defense expenditures.

CUBAN EMBARGO

During the Cuban affair OMAR BURLESON introduced a bill for a complete embargo on trade with that country. He voted against the sale of wheat to Russia, recognizing that it would encourage our allies to sell to Cuba which they have done in fact.

CIVIL RIGHTS

Because the present form of the Civil Rights bill would limit the freedoms of all Americans, he has voted against it. He is for the constitutional guarantees for all regardless of status.

LIMITED OIL IMPORTS

In 1949 OMAR BURLESON introduced the first oil import bill, and then voted for the bill that gave the President of the United States power to limit or abolish oil imports.

REDUCE COMMITTEE BUDGET

As chairman of the House Administration Committee BURLESON has consistently reduced the operating budgets of all special committees. He reduced Adam Clayton Powell's committee spending budget by 50%.

FOREIGN AID

OMAR BURLESON has voted against foreign aid since late 1940s. The recent reaction in Congress to reducing foreign aid and discussion about it proves him correct.

For your protection—to insure top quality and quantity production—Wilco Certified seed are always field cured, never artificially cured—they are handled only in bags from field to you, to eliminate bruising and splitting—and there's no chance of mixed-up varieties, because Wilco is only in the Certified Spanish seed business.

NOW TTZ TESTED, TOO

There's no risk of germination with Wilco Certified seed—because the seed are tested and certified-tagged for standard germination, then double checked for TTZ testing by qualified laboratory technicians.

See your dealer now for Wilco Hi-Bred brand Certified Starr or Wilco Certified Spantex seed while most sizes are still available.
