SCISSORS THIS DAILY EXERCISE!

Madam! Do you know that it's clever to be a clipper? Here's a habit you can readily cultivate, and you'll find many of your best friends following it.

To become a clipper at one elip, so to speak, just see that the shears are handy when you sit down to read your newspaper. As you spot an advertisement of something that interests you . . . especially some time that you want to examine when you're shopping next time . . . clip out the notice and take it with you,

The merchants who advertise with us are glad to have you ask for specific merchandise. And sometimes it's helpful to refer to the advertisement when you're right in the store.

At all events, a clipping pinned to your shopping list helps you to remember this particular errand. It simplifies and shortens a shopping-trip so much to know what you want and where to get it!
