The hazel-eyed, brown-haired coed is the daughter of Mr. and Mrs. Paul E. Denton of Bridgeport.

First runner-up was Miss Anna Cheryl Adams, repre-

sented her with a Hamilton diamond wrist watch. Dick Dixon was chairman of the contest.

Master of ceremonies, Jay Staggs, welcomed the audience and interviewed Miss Taylor.

Contestants were judged by Mrs. Mary Douglas of Abilene, a civic leader and club woman; Earnest Mark, of Breckenridge, owner and manager of a radio station; and Charles Richardson, state and church editor for the Abilene Reporter-News.

A buffet supper held at the Womens Club Building preceding the contest honored contestants, their mothers and their escorts.

Miss Denton, escorted by Truman Lee Reed, appeared on stage in a black two piece suit accented with braid around the edge of the jacket and black accessories. Her gown was a white satin floor length formal with a softly pleated skirt with designs of sequins and pearls.

Annual Peanut Bowl Offers Fun Saturday

The stage is set and the 5th Annual Peanut Bowl is ready to unfold in Eastland Saturday with the "Um-Pa-Pa" of big bands, the dazzle of pretty girls and the bone-shattering action of college football on tap for entertainment specials.

Eastland Jaycees, sponsors of the yearly spectacular, are siting this, their fifth presentation, as the "one to see." Tickets are on sale in Eastland at the Men's Shop; in Cisco at Dean Drug; and in Ranger at Crawford - Doss Drug.

Highlight of the festival will be the grid dual between Cisco and Ranger Junior colleges at 8 p. m. in Maverick Stadium on East Main St. in Eastland. Purpose of the Bowl is to pay homage to the humble peanut, main county agricultural product.

TWIRLING CONTEST
Beginning the day will be a giant twirling and strutting contest held on the Eastland courthouse square Saturday morning with EHS Band Director John Foster in charge. Out-of-town judges will select winners to receive appropriate prizes. A record number

of entries are expected, Foster reports.

PARADE AT 2:30 P. M.
The Peanut Bowl Parade begins its trek through the streets of Eastland at 2:30 p. m. with features to include the Peanut Bowl Queen, sel-

ected in the special contest Tuesday evening, and her court of lovelies. Another attraction will be the special appearance of the Mosiah Motor Corps from Fort Worth, famous motor-cycling Shriners who perform aboard their powered two-wheelers to the delight of audiences young and old. The parade will also feature riding clubs, bands, and floats.

8 P. M. KICK-OFF
The football dual will begin promptly at 8 p. m. at Maverick Stadium with Ranger Junior College, which is touting a winning team this year, making plans to regain their status on Bowl records with a victory over their foes to the West, Cisco Junior College, which has a three-to-one Peanut Bowl record.

Half-time ceremonies will include the presentation of the Peanut Bowl Queen and her court in appropriate fanfare, plus the appearance in special routines of the Cisco and Ranger college bands.

Tickets are \$1.50 for general admission and \$2 for reserved seats.

County Court To Canvass Wet Election

County Commissioners Court will convene Thursday morning to canvass the Gorman local option results and nilm toal po aatsednsur con: are scheduled for other items of business.

In the Saturday voting, Gorman residents defeated the proposal 401 against, to 91 for. Style of the election was for the legal sale of all alcoholic beverages for off-premise consumption.

Fewer voted for the proposition than had signed the original petition asking the election, it was reported. There were 138 signatures on the petition.

Commissioners are also to consider the proposed county budget for the coming year and take action on a request to assist with some repair work at the Ranger General Hospital.

The budget hearing had been set earlier but was postponed because of the absence of one of the commissioners.

Contest Winner Scores Again
Some time ago, Mrs. Olen Trout of 1308 South Lamar won a lawn-mower from Central Drug. Her luck is still with her — she has just won eight tickets to Six Flags over Texas.

The prize was the result of identifying the sound of a foghorn over radio station WBAP.

Mrs. Trout's plans for the trip to Six Flags include her husband; their four children, Vicki, Joe, Wendy and Melody; and her parents, Mr. and Mrs. C. V. Swinson of Stamford.

Mr. and Mrs. R. R. Barton recently visited their son, Ronald Barton of Seneca, Missouri, where he is a teacher.

Old Rip Scrip Drawing Day Is Saturday Too

Adding stimuli to an already exciting day in Eastland Saturday will be the semi-monthly Old Rip Scrip Drawing Day on Eastland's downtown streets.

Already on tap is an all-morning twirling contest and a parade set for 2:30 p. m. Chamber retail committee chairman B. W. Robertson announced that the drawing will be held immediately following the parade and that the scrip amounts will be one for \$50, one for \$30 and two each for \$10 each.

The stub hopper is at Corner Drug for the convenience of those who want to deposit their stubs before drawing time, which is encouraged by the way to facilitate a rapid drawing, it was announced.

P.T.A. TO MEET
The Olden School P.T.A. will meet next Thursday, Oct. 15, at 7:30 p.m. at the community center.

Mavericks Tackle Clyde Friday in Local Stadium

The winless, but willowly Eastland Mavericks tackle another District 10-A powerhouse Friday night when the top spot-seeking Clyde crowd invades Maverick Stadium.

Kickoff time is 7:30 and if over-confidence is a factor, as it frequently is in school-boy action, the Clyde gridders might be in for a surprise when they run up against the Maverick determination.

Clyde is 4-1 for the season and 1-0 for district competition, tied neck and neck with district - dominating Albany, after last week's unseating of Ranger.

Eastland held Baird to a 20-0 round last week and observers felt that the Mavs would have been victorious had the breaks fallen just a little better. (Albany undid the Mavs 33-8).

Riding season-long without an off-date the Maverick horses have swung wide and scampered on schedule against the big guns of the big clubs week after week, and even though hampered by marriage and repeated injuries, continued to give their fans a show every Friday night.

Probable starters for the Mavericks will be Mike Miller, end; Gene Wilson, quar-

terback; Gaylon Griffen, back; John Moylon, back; Bill Boles, center; Garry Rollins, tackle; Wayne Waldon, back; James Fullen, guard; Larry Wilson, end; Dan Phillips, tackle; and Mickey Sargent, back.

DISTRICT 10-A Last Week's Results

The club will sponsor a turkey shoot Saturday, Oct. 31 and Sunday, Nov. 1. Both days, the shoot will begin at 1 p.m. Turkeys will be supplied by Troy McKillup of Desdemona. This will be a live turkey shoot with iron sights and all classes of guns are welcomed, Mr. Arrington said, or additional information call Otis Coleman at MA 9-2345.

Juvenile Crime - A Possible Cause

The time has come, we feel, for Texas - the nation - to begin viewing the problem of delinquency in a more realistic light than we have in the past.

If a boy or girl has not learned right by the age of 15, when can they be expected to learn it? If the law protects the person who violates it, who then is to protect the innocent victim of the violation?

It is not argued that any juvenile has reached the age of mature judgment in all things, but it is argued that legally protecting a chronic law violator is neither strengthening the law, its enforcement, or the character of the perpetrator himself. It is argued that the public is being made the victim, more and more, while being protected less and less.

If parents feel their boy or girl is qualified to handle a car (which even the law describes as a "dangerous instrument") at the age of 14, then it would appear logical that such parents have little ground to stand on in opposing a lowering of the age limit at which time juveniles may be tried for the commission of capital offenses. The rapid growth of crime in this nation is reflected in the mounting percentages of thefts, rapes, murders, etc., committed by teen-agers, while the utter disregard for property by juvenile offenders is fast approaching a national scandal. The theory behind all law enforcement is based on the premise that the criminal should be punished for his crime - as a deterrent - and

Peanut Bowl Clash Of Ranger, Cisco Colleges Expected To Be Classic

The annual Peanut Bowl Classic scheduled for Saturday, Oct. 17, is expected to offer a grid-battle the likes of which hasn't been seen in this area in a long, long time, from all indications.

The long-rivalled Ranger and Cisco Junior College teams will go at it once again as highlight of the Eastland Jaycee sponsored, peanut-honoring event. Both schools attract fans from far and wide and the stands are ex-

pected to be filled to see the inter-county class of college-class muscle football.

When the two take the field, the crowd can expect 60 minutes of bone-crushing football, Peanut Bowl Chairman Ben Lancaster is predicting.

CISCO JR. COLLEGE
Coach Jim Puryear expects his Cisco Junior College Wranglers to improve as the season moves along. The 33-man squad includes numerous large and talented performers.

The Wranglers opened the season with a 12-0 loss to Texarkana in a game that was played in a steady downpour of rain. Gaugs registered a little over three inches by the time the final whistle blew.

Next, the Ciscoans went to Athens where they tackled the tough Henderson County JC team and battled them to a 12-12 draw. Navarro JC clipped CJC 13-12 Saturday night.

Two members of the Cisco team distinguished themselves enough in the game to win statewide honors. Center six foot, six inch sophomore from Marlin, was named Line-man of the Week by the JC Federation coaches, and Primo Gonzalez of Sonora, the team's quarterback, was the runnerup for Back of the Week.

The team's speedy halfback, John Love, a sophomore of 9.8 100 yard dashes, is due

back in action by Peanut Bowl time. He broke a bone in his left foot before the first game and has been out.

One home town boy, Danny Phipps, is a backfield starter for Cisco. Danny made the Class AA-8 all-district team twice. Only last year, the Fort Worth Star-Telegram nominated him for Top Back of the Week honors after he carried the ball on virtually every down for Cisco to win an important game.

The Wrangler line weighs an average of 210 pounds, which isn't big but then it's not too small. The backfield average will be around 175 pounds.

Puryear used to coach at Ranger and has won considerable honors as a mentor. He has been called on three times to coach in post season all-star games. His assistants are Leland Willis and Carroll Scott.

Rising Star News .. 26 Girls Out For Basketball At Rising Star

Basketball is getting underway and a game is being scheduled for Oct. 15, according to Sandra League, one of the captains.

Competition is really stiff with 26 girls trying out for the team and only 14 suits to be issued.

Other team captains besides Sandra are Anna Ezzell and Linda Duggan; manager for the group is Candy McCutcheon, with Margie Phillips as her assistant.

The WSCS of the First Methodist Church met Monday afternoon for a mission study entitled "Missions in India."

Mrs. Milton Slayden, secretary of Mission Education, was in charge of the program. She led the devotional after the president, Mrs. Jim Ray Bucy, called the meeting to order.

Monday's study topic was a continuance of the general study course, "Studies of Christian Issues in Southern Asia."

Present and taking part in the afternoon discussion were Mmes. Emma Weathermon, John Mathis, May Pearl Hull, Cecil Joyce, Slayden and Bucy and Miss Loretta Pierce.

A birthday party honoring the oldest member of the Union Center Hobby Club, Mrs. Ellie Scott, was held recently when the club resumed its meetings following the vacation time during the summer.

Many lovely and useful gifts were given to Mrs. Scott and towel showers were given to several members who had birthdays while the club was in vacation.

Each second Tuesday night is party night at the club house, three miles north of Rising Star on Highway 183, near Criswell's Store.

Everyone is cordially invited to come.

Kenneth Pittman, son of Mr. and Mrs. F. H. Pittman, Richmond Ezzell, son of R. T. Ezzell and Randal Weems are students in Cisco Junior College.

Mr. and Mrs. Horace Shoemaker left Thursday for their home in Connecticut after a visit in Rising Star with his sister, Mrs. D. Breeding and friends and in Fort Worth with their daughter, who is a student at Texas Christian University.

Mrs. Leta Metcalf of Throckmorton died Oct. 3 at her home and was buried on Sunday, Oct. 4, in Throckmorton Cemetery.

She was 86 years of age and a sister of G. E. McDonald of Rising Star, Mrs. Underwood and Mrs. Moore, both of Brownwood.

Mr. and Mrs. McDonald attended the funeral.

Word has been received of the death of Mrs. Rosella Masters, who died Monday in California.

She was the sister of Dean Broughton who formerly lived in Rising Star but is now residing in Big Spring.

Mr. and Mrs. Walter Faulkenberry of Rising Star moved recently to Caddo where they are living temporarily. They have their home listed for sale.

Oscar Clark visited in Rising Star last week with his sisters, Mrs. Hattie Goss and Mrs. Edna Hancock, who was in the hospital for several days.

175 Are Dead In Traffic Mishaps Of This Region

MIDLAND - "With 175 rural traffic fatalities recorded the first nine months of 1964 in the 49 county Region of the Department of Public Safety, we are sincerely asking the aid of everyone who operates a motor vehicle to assist in reducing this carnage in the West Texas area," said Major Leo E. Gossett, commander of the Midland DPS Region.

The 49 county Region has recorded 3382 rural traffic accidents, injuring 1793 persons, with property damage of \$4,099,323.00. Ector County has recorded the highest number of accidents with 203. Tom Green County leads the Region with 14 deaths. El Paso County has had 112 persons injured. Taylor County tops the list in property damage with \$1,200,821.00 Loving County has reported no traffic accidents in 1964, in fact, a traffic death has never been recorded in Loving County. No traffic deaths have been recorded in the following counties during 1964, Borden, Coke, Edwards, Irion, and Loving.

"The trend upward in traffic accidents exists in our area, as well as throughout Texas, therefore, we are faced with the deadliest year in the history of Texas. Driver failure appears in most traffic accidents, to be the primary cause. Please accept your part of this responsibility and let's turn this trend back," Major Gossett said.

Guests this weekend in the home of Mrs. Gladys Bond will be her daughter, Mr. and Mrs. Vernon Duff and children from Snyder.

making his second appearance before the annual meeting, entertained with dry humor, spicing his remarks with gems of thought.

Outlining the company's growth and progress, Mr. Bee-man Fisher, company president, sited the safety record attained by the Leon Plant under Mac Beazley's management and the Division Transmission Department managed by Kenneth Thompson.

Jim Parks of the Eastland Division headquarters, was coordinator for the Quarter Century banquet. There were no new additions to the club this year from the Eastland area.

"Our company now serves 344,000 customers," Mr. Fish-

er told the officers and employees, and guests, "which is an increase of 5,200 over last year."

He also pointed out that the investor-owned utilities pay 23 cents of each dollar of revenue in taxes, compared to some three cents paid by the co-operatives, and yet, he said, our free enterprise system is producing more and serving more, with eight power generating plants serving 116 communities in 46 counties.

Mr. Fisher drew mixed response when he mentioned the Hexell Corp. which began operations in Graham in July and is presently expanding. (The aircraft sub-contracting firm selected the Graham site over an Eastland location).

Some 250 employees and guests were served a complete banquet meal at the National Guard Armory meeting.

Letters TO THE EDITOR

October 11-17 is National Newspaper week. On behalf of the officers, executive board, and members of the Comanche Trail Council; as well as the hundreds of other volunteer adult leaders and more than 1,500 boys currently active in Scouting in our eight-county area, may I extend to you our best wishes and hearty thanks for the support your newspaper has given Scouting.

The newspapers of America have been strong supporters of the Boy Scout Movement since its inception more than 54 years ago without this vital support the Boy Scouts of America could not have grown to be the effective force for character development, citizenship training and physical fitness that it is today.

Again, congratulations and best wishes on the occasion of this, YOUR week, may your paper continue to grow as the prime force for community betterment that it has been in the past!

John H. Pound, scout executive.

'Y' Benefits Many Youngsters With UF Gifts

Young Men's Christian Association of Eastland receives \$1,200 annually from the United Fund. This money is spent locally on the Day Camp at the city park, which lasts three weeks, and the YMCA's Club House, The Cellar, located in the basement of the Petroleum Building.

YMCA Day Camp and the "Y" Tennis Program occupy hours for many Eastland youngsters. Members usually take a trip to the State Fair each year, according to James Reid, secretary and treasurer.

Committeemen are James K. Smith, Cecil Collins, H. V. O'Brien and James Wright, who is also president.

The Cellar of the YMCA is located below the bank building. It contains pool tables, various games, a juke box and a cafe, Wright said.

This organization benefits underprivileged children by seeing that they receive toys at Christmas time. The members have a Christmas party each year; they draw names, exchange gifts and what they receive is given to underprivileged children.

**Ladies,

gas is a vote

cooking!**
(down with hangover heat!)

Turn a gas burner off... and it's OFF! There's none of the hangover heat you find with electric ranges — wasted heat that causes boilovers and burned foods. Gas broiling is cooler, too, because you broil with the door closed. And it's smoke-proof broiling — (the flame consumes the smoke!) With gas your kitchen stays cooler and cleaner! Now's the time to elect a modern gas range to head up your kitchen: it's sale time!

Commissioners request Monmouth county hospital repairs between Eastland and the city for assistance program.

Also discussed was a program to set up a food stamp program for Eastland County. If this change is made, instead of the welfare office distributing food, stamps will be given to persons who receive welfare, and with these stamps groceries may be purchased.

Saturday's Peanut Bowl Line-Ups

RJC RANGERS

The Ranger Junior College Rangers will be gunning for their first victory over Cisco JC since 1960 — the Purple & White has since dropped six consecutive games to the Wranglers — when the two Eastland County grid machines collide in the 5th annual Peanut Bowl classic at Eastland Saturday night.

The Texas Junior College Football Federation battle will be waged on the turf of Maverick Stadium. Opening kickoff is set to blast open action at 8 p.m. sharp.

A capacity crowd of rabid grid fans from all sections of the county is expected to be on hand to watch the two junior colleges — only 20 miles apart — renew a gridiron feud which began back in 1947.

Larry Lee, one of the Rangers' defensive stars who received a head injury in the Wharton game two weeks ago, is expected to be in top fettle and ready for his usual rugged action against Cisco.

Early Wednesday, RJC Coach Gerald Williams said he wasn't completely sure there'd be no changes in his offensive and defensive starting units for the Saturday night fray.

Tentatively at that time, however, they remain the same as usual and stack up like this:

Starting offense for the RJC Rangers:

Clary, 165, quarter; Tony Pietoso 190, and Joe Fitzgerald, 175, halves; John Demaria, 220, Full; Skipper Voss, 180, and Larry Lee, 185, ends; Dickie LeDeux, 235, and Dale Fruge, 222, tackles; Lawrence Helton, 210, and Arnold Stevens, 195, guards; and Tony Jackson, 230, center.

And the defensive eleven: Don Carter, 180, Larry Lee, 185, Sterling Pike, 175, and Phil Wiggins, 145, defensive backs; Rudy Ramirez, 225, 185, linebacker.

CJC WRANGLERS

The Wranglers of Cisco Junior College expect to be near full strength when they line up Saturday night against the Rangers of Ranger Junior College in the Peanut Bowl football game at Eastland.

Coach Jim Puryear reported today that his speedy halfback, John Love of Marlin, would be in uniform for the first time this season. He had

and Johnny Sarabia, 180, ends; Jerry Jones, 225, and Bob Taylor, 216, tackles; Leon Tice, 225, and Arnold Jasso, 230, guards, and Byron White, 185, linebacker.

Quarterback — Primo Gonzalez, 175.

Halfbacks — Isaac Barnes, 170, and Willie Redmon, 170.

Fullback — Ernest Kaska, 205.

The Wranglers have a record of one win, one tie and two losses in the season to date. No opponent has scored more than two touchdowns against them.

The probable starting Cisco lineup was given as follows:

Ends — Dick Brobst, 205, and Harry Gunner, 205.

Tackles — Gerald Robeure, 240, and Jerry Johnson, 225.

Guards — John Kallinger,

Center — Fred Washington, 205.

Folk S(w)ingers In Review

By HOMER TERRY this week, bubbling with enthusiasm about a musical group that had appeared for the first time at a school assembly. Judging from this, his critique, the Beatles are destined to be overshadowed by a team called, "Mike and John."

Southwest Monday at the Eastland High School Auditorium. Their names were Mike Nesmith and John Lennon, better known to the public as "Mike and John."

The two, made a smash with folk songs such as "The Wolf," "Swing Low, Sweet Chariot," and another of Irish vintage. They told the spell-bound audience that the nationally known Peter, Paul, and Mary, were going to have a song on the popular charts soon that they had written. The song is in style of a folk song and as they sang it, the looks on the teenagers faces indicated it will be a hit.

The two could not only sing and play, but could also make the audience laugh and laugh between songs. After the finale, they were brought back on stage and sang one of the best national songs of the day and by the most famous artists of the day — "the Beatles." This really made a hit with the older high school students, who wanted more.

Superintendent Wendell Seibert brought the boys back on stage and announced "This must be the last song." The boys then sang one of their own, entitled "How Can You Kiss Me." Then back to classes.

Leon Briefs

By MRS. O. D. QUARLES

The Permian Bass Club from Odes had nice weather and fairly good luck Oct. 3-4 with O. D. Quarles Lodge as headquarters. Lake Leon was still a little murky due to the recent good rains, but some of these nice bass have real good eye sight.

The Earl Duncans, T. R. Kinseys, and J. W. Bensons are here for about three weeks vacation. They have already put quite a few nice packages in the deep freeze, and are still plugging away. These folks are all from Monahans, Texas and are real boosters of our beautiful Lake Leon.

A lady from Carlsbad, New Mexico, whom we shall call Mrs. B., tells us the only way you can get a fisherman to take a bath is to lock him in the bathroom with no clothes — or else he'll go out the window.

Out of town this week is Mrs. Hattie Davis, who is in Fort Worth with her daughter, Mrs. Faye Iley who underwent surgery last week.

Mr and Mrs. Leslie Hammonds have as guests this week, from Nebraska, a sister and other relatives.

State Capital NEWS

By Vern Sanford

AUSTIN — A top finance authority on state government is hopeful that the tax bill written by the 1965 Legislature will be smaller than many advance predictions have indicated.

Jim McGrew, research director for the Texas Research League, said \$35,000,000 a year in new revenue ought to cover the bulk of Gov. John Connally's higher education program, teacher pay raises about 40 per cent of the budget increases sought by state agencies.

McGrew, who addressed Austin's chapter of Sigma Delta Chi, professional journalism fraternity, made these "guess-timates":

— About \$625,000,000 will be available for general revenue spending next biennium, including a \$33,000,000 surplus at the end of the present fiscal period. That's \$35,000,000 above the present level.

— With no new taxes at all, the Legislature could provide up to \$120,000,000 in additional general revenue spending for higher education and maybe \$45,000,000 more for state departments and agencies.

— An added \$69,000,000 plus in revenue (per biennium) would finance the state's \$74,000,000 share of a \$45-a-month pay raise for public school teachers as well.

Texas Commissioner on

Higher Education recommended \$89,000,000 more for higher education from general revenue. Governor's Committee on Education Beyond the High School recommended an increase of \$165,000,000. But it suggested doubling tuitions which would reduce the general revenue hike to \$120,000,000. State Hospitals and Special Schools, the judiciary and other state agencies have put in for \$112,000,000 more than the current budget.

Asked where additional money likely would come from, both McGrew and his boss, League Director Alvin A. Burger, noted that restoration of the \$2.75 corporation franchise tax rate, removal of exemptions in the present sales tax or raising of the rate would be big revenue producers. They made no recommendation.

Larry Temple, 28, formerly of Plainview, was named by Governor Connally as his executive assistant to succeed Howard Rose, who returned to law practice in Midland.

Connally appointed Edward H. Harte, publisher of the Corpus Christi Caller-Times, to succeed Vann Kennedy, Corpus Christi radio executive, who resigned from the Texas State Historical Survey Committee.

A State Department of Pub-

lic Safety investigation of Billie Sol Estes will continue. "until all ramifications" are cleared, Connally told a press conference.

Sen. Ralph Yarborough has challenged authority of the DPS to look into allegations that he received \$50,000 from Estes, who now faces prison sentences for swindling.

Connally said of the DPS: "It has a clear duty and responsibility with respect to law enforcement. It is not a political organization. It has not been used as such, and will not be used as such if I have anything to do with it."

A Yarborough campaign aide, Fagan Dickson of Austin, issued a release in which he said he has information that Estes has made a statement bearing out an FBI investigation report that there was no \$50,000 gift to Yarborough.

Texas Highway Commission authorized \$360,000 in farm-to-market road development in Davy Crockett (Houston County) and Angelina National Forests. Two projects included are linked to development of Sam Rayburn Reservoir. A third would connect two scenic roads south of Kennard.

Commissioners also authorized preliminary engineering studies for development of sections of U. S. Highway 59 in Victoria and Jackson counties into multi-lane expressway. Eventually the multi-lane facility will extend from Houston to Brownsville.

AUSTIN — It's almost time to vote again. General election ballots already are in the hands of local officials, for printing.

Secretary of State Crawford C. Martin has mailed out the sample ballot to the clerks. Along with it went 44-page certified list of all state and district candidates. Many clerks had been pressing for

Preparing sandwiches for the school lunch pail can be a real morning chore for mothers who have several children in school. It can be made easier by preparing a large quantity of sandwiches at one time, then freezing them. Wrapped in a double thickness of heavy waxed paper, sandwiches can be stored a week in the freezer without loss of quality. If you use a moisture vapor-resistant wrap, you can extend this period to two or three weeks.

Let the youngsters help you order necessary printing well in advance of the November 3 election date.

Absentee voting begins 20 days before the general election, and clerks must post ballots 10 days earlier than that.

This ballot will list Democratic nominees in column 1, Republicans in column 2 and Constitution Party candidates in column 3.

Three constitutional amendments also will appear on the ballot:

One would remove authorization for transfer of up to one per cent a year from the permanent school fund to the available school fund for current spending.

Another would set tougher requirements for creation of special conservation and reclamation districts; and

The third would permit the Legislature to authorize medical care payments (on a matching basis with the federal government) to needy persons over 65 who are not receiving old age assistance.

Martin held up his final certification of candidates pending a Supreme Court ruling on a Scurry and Borden Counties suit. Court declined to hear Snyder attorney J. Ray Martin's request for listing as an independent candidate for 132nd district attorney. Martin also sought, unsuccessfully, to keep Democratic nominee for district attorney, Wayland G. Holt, off the November ballot.

State Land Commissioner Jerry Sadler says Texans ought to vote again on whether to continue the veterans land program.

It just now is starting to make money for the state, he advises in his annual General Land Office report. Profits were reported as nearly \$3,000,000 last year and eventually should run to \$80,000,000 — maybe \$100,000,000.

Voters last year turned down a proposal to issue an additional \$150,000,000 in bonds to continue the purchase of land for resale to qualified veterans at low interest rates.

State Republican Headquarters here announces that a gold-colored bus — called the "Goldwater Special" — carrying Republican candidates for statewide office will arrive in Austin on October 3, following a three-day tour through East Texas, down the Gulf Coast to Corpus Christi, and up South Texas through Alice.

Passengers will include candidates Jack Crichton for Governor; Horace Houston, Lieutenant Governor; John Trice, Attorney General; T. E. Kennerly, State Supreme Court; Don Flanagan, Railroad Commissioner; Dallas Calmes Jr., State Comptroller; Fred S. Naumann, State Treasurer; John Matthews, Land Commissioner; and John Armstrong, Agriculture Commissioner.

This week's tour will be the first of three. On October 12, the "Goldwater Special" will tour four days from El Paso through West Texas and North Texas and wind up in Houston. On October 27, the candidates will make a plane tour of major cities not touched by the bus.

Non-farm employment in July rose to 3,316,300, compared to 3,214,200 in June and 3,255,500 in July, 1963, according to the Texas Employment Commission.

Percentage of job-seekers in the period dropped from 4.4 per cent of the state's potential working force to 4.2 per cent — a healthy change from the 4.8 per cent of jobless in July a year ago.

Wrap the sandwiches separately. Freeze at 0 degrees F. or below.

Frozen sandwiches can go directly into the lunch pail. By noon, they'll be completely thawed. Once ever, they should be reheated. Sandwiches should be reheated after they have cooled to 450 degrees F.

Why Pay Twice? You already pay tax to support a generous federal-state medical program for those over 65 who need it. Why pay again for a plan that isn't needed.

Surprised? Chances are you never heard of the Kerr-Mills Law, passed by Congress in 1960. We call it...Health Opportunity Program for the Elderly.

This program enables individual states, with federal assistance, to guarantee to every elderly person who needs it the health care he or she requires. Thousands of people every day are being helped by its broad benefits.

Yet, the supporters of the proposed Medicare Tax would have you believe that its passage is urgent...that persons over 65 are deprived of needed medical care because they can't pay for it.

So why pay twice? Find out about the health program you're already supporting. For information on health care for the elderly in your area, ask your doctor or contact your local medical society.

Birthday Month At Kindergarten For 4 Students

Curtis Bulgerin celebrated his sixth birthday at Green Kindergarten last week—however, this was not a new adventure for him as he has celebrated his third, fourth and fifth birthdays of former years at the kindergarten, Mrs. Fern Green, teacher, said.

Others celebrating birthdays during October were Delanie Basham and Ginger Reynolds, who were six. Both girls celebrated their fifth birthdays at Green Kindergarten last year; then Kathy Trout got in on the 'big birthday party', for she was five on Oct. 3rd.

Miniature decorated birthday cakes and punch were served to the group. After the usual candle lighting and happy birthday song, the children shared their refreshments with Mrs. Thura Taylor, Mrs. John Brown and next-door neighbors, Gail Swift and Don Cate were host and hostess.

The room was decorated with a huge, yellow chrysanthemum plant. DeWayne Pierce led the group in reciting the "Ten Commandments." Band leader was Jamie Harris, Terry Don Alexander was table captain at his table and Jim Owen, at his table.

Emily Perkins led the group in playing games; Jerry Ables held the flag for the pledge and singing "America"; Ginger Hoffman, Tommy Culpepper, Wayne Bell, Claudia Bulgerin and Keith Bulgerin were in a play enacted by the group.

Teachers are Mrs. A. E. Cushman, Mrs. Walter B. Maynard and Mrs. Fern Green. This is the tenth year of Green Kindergarten, located at 903 W. Plummer.

Injured Rangers Expected Ready For Bowl Tilt

Coach Gerald Williams of the Ranger Junior College Rangers said it is expected that Larry Lee will be ready for the Annual Peanut Bowl game on Oct. 17.

Lee, an end for the Rangers, was injured on Oct. 3 in a game played against Wharton Junior College in Wharton. He did not suit-out for the RJC Homecoming Game, which was played in Ranger Stadium at 2:30 p.m. on Oct. 10.

Joe Cochran, freshman student from Rusk, went into the Homecoming Game to replace Lee as a defensive end.

The pigskin rivalry began back in 1947 during the first meeting of the two schools in a football contest.

The Ciscoans shutout the Rangers, 20-0, in that initial duel. Since that year the CJC

One From County To Be Inducted In November

The state draft quota for November calls for 307 men, compared to 236 for October, Colonel Morris S. Schwartz, state selective service director, said Wednesday.

The state quota of 307 for November is the Texas share of a national call for 8,600 men, all for the Army. One

only from the local board will be inducted and ten 18-year-olds examined, the local board reports.

The state selective service director also announced that state draft boards will forward around 2,900 males for Army mental-physical examinations in November, all of whom will be 18 year-olds.

These tests for 18 year-olds are the result of President Johnson's action early this year which ordered the director of selective service and the secretary of defense to examine all newly-registered men who are out of school and available for service. Males married at age 18 and those known to be in school at that age will not be examined.

Colonel Schwartz stressed that these youths will not be considered for armed forces at this time. Normally, draft for service is about age 22.

The 18-year olds who fail the Army's mental examination will be referred by draft board letters to local offices of the Texas Employment Commission.

Youths who get the letters are under no compulsion to visit the TEC offices, but may go if they feel the government can benefit them.

The November quotas already have been figured and sent to the state's 137 local boards.

SS Office In Abilene Moved To New Location

The Abilene office of the Social Security Administration will move to the removed and expanded Federal building along with many other Federal offices previously located in other space. Monday, Oct. 19, will be the first day of operations at Room 2321 in the building at N. 3rd and Pine Streets, according to R. R. Tuley, Jr., District manager.

A new mailing address will also begin to be used, P. Box 3258, Abilene, Texas 79604, for those handling the business with Social Security by mail. Office hours for callers will continue to be from 9 a.m. to 5 p.m.

On February 11, 1854, the Texas Legislature appropriated \$17,500 for the erection of suitable residence and office buildings for the governor. The present Governor's Mansion was completed in 1855.
