Persons wishing to pass information about the cemeteries may contact these people or contact the county committee by addressing Post Office Box 356, Eastland. Chairmen will be named for Olden and Desdemona. For instance a report has

already been turned in showing that a man is buried in the Jewel Cemetery, who liv-ed during George Washington's day- which is not unusual for New England cemeteries, but quite unique for the Southwestern area. The record project is ex-

pected to take perhaps a year, Collins said, and others will be undertaken later to record histories of the county's mail service, newspapers banks, churches and schools These histories will be edited from citizens' reports and bound into permanent volumnes for an assembled record of the county. The County historical group

is also still interested in locating the burial places of Confederate soldiers, for whom plaques are available.

John Paul Jones Commemorated **By National DAR**

The Charles Crawford Chapter, Daughters of American Revolution, joining with the National Society during American History Month in calling attention to American patriots in the nation's history, points today to John Paul Jones, according to Mrs.

Joe Clements, Regent. Jones was in command of an old, leaky ship, the Bonhomme Richard, when he met a convoy of 40 British ships headed by the Serapis. The Bonhomme Richard, a 12pounder, engaged the Serapis, an 18-pounder.

After a fierce fight, the BR began to sink, and the captain of the British ship sig-naled: "Have you struck?" To which John Paul Jones made his immortal reply, "I've just begun to fight."

Lashing his ship to the Serapis, he forced the Serapis to surrender after three hours of hand-to-hand fighting. Jones and other patriots are

being commemorated during the month of February, Mrs. Clements announced. Altitudes in Eastland Coun-
