Mavs Into Finals Trailing Bears

The Eastland Mavericks, idle Friday night, go into the last week of season play, against De Leon there Tuesday night, and on the local hardwoods Friday night against Cross Plains.

Baird pulled a half-game ahead of the Mavs by defeating Albany Friday night, 64-32, and the Bears have but one more district game this week.

Ranger defeated DeLeon 58-36 Friday night, and Clyde clobbered Cross Plains, 52-37. Percentage-wise, Eastland trails Baird by a slim .009.

Going into the last week, Baird has a 10-1; Eastland a 9-1; Ranger, 6-4; Clyde 5-5;

Eastland — E. D. McCollum, C. B. Chaney and Lewis Pagan.

A petit jury will be called for a criminal docket on Feb. 22, it has been announced. A murder trial is among the cases to be heard.

Attorney Frank Sparks Is Named To Vacant 91st Court Judgeship

Gov. John Connally appointed veteran Eastland Attorney Frank Sparks to the bench of the 91st District Court Friday.

Judge Sparks will complete the unexpired term of the late T. M. Collie, who died in December.

A native of Bell County, Judge Sparks has practiced law in Eastland County since 1919 when he was admitted to the bar, except for a term as a state legislator in 1925 and 1926.

He becomes the third judge to preside in the Eastland County court. Incidentally, he was responsible for the court's being named a permanent court, having authored and steered a bill to that effect when he was a member of the 39th Legislature. He was also responsible for the assignment of the 11th Court of Civil Appeals in Eastland.

Judge George L. Davenport, now retired and living in Fort Worth, was the first man to receive his degree in 1925, following service in the First World War as an officer in the field artillery.

He and his first wife, his high school sweetheart in Belton, had four children, and Mrs. Sparks died in Eastland in 1949. He married Mrs. J. A. Brann of Sweetwater in 1952.

The children are Joe, a Lubbock public accountant; Mrs. Carl Butler Jr. of Bryan; Ben, a Colorado City contractor; and Dick, an employe of the Sun Oil Co. of McComb, Miss. The new judge has 12 grandchildren.

After returning from the legislature, Judge Sparks served for one term as district attorney in this county when another district court was here as well as the 91st.

And it was a noteworthy term, with Aggressive Sparks prosecuting, among many other spectacular cases, the Santa Claus bank robbers. During that time, he tried 213 contested felony cases, and the record reveals that there were five death sentences handed down, and the courts recorded some \$3,500 in excess fees.

Local Scouts Participate In 55th Anniversary Event

Eastland's 107 Boy Scouts will be among the more than five million boys and adult leaders of America who will commemorate the 55th anniversary of Boy Scouts of America beginning Sunday, Feb. 7 through Feb. 13. To help celebrate this event, the boys will be attending church services in uniform; also, there will be a Blue and Gold Cub Banquet on Feb. 27, according to Northeast District Scout Executive Roland McFarland.

Mr. McFarland, and Eastland native, serves Erath, Eastland, Comanche and Stephens counties as Scout Executive.

Eastland's scout units feature Cub Scout Pack 136, sponsored by Jaycees with the following den mothers: Neta Parsons, Francis Staggs, and Ruth Horn. Institutional representative is Dick Johnson and chairman of the pack committee is James Horn. Serving with Mr. Horn as committeemen are Ben Lancaster, Dick Dixon and John Foster. There are 22 members of Cub Pack and Jay Staggs is Cub master.

Troup Six, also with 22 members, is sponsored by the Rotary Club and has Winston Boles as Scout Master and Kenneth Thompson as assistant Scoutmaster. Institutional representative is Rev. Haston Bower, pastor of the First Baptist Church, and chairman of the committee is A. D. Taylor. Committeemen are Pearson Grimes, Frank Sayre, A. R. Gaeta and Roy Smith.

Scout master of Troup 103, sponsored by Eastland Lions Club, is Ray Pryor. Institutional representative is Dr. Fehrman Lund and chairman of the committee is Homer James Smith. Committeemen are James Reid and Donald Kinnaird, Jr. and there are 48 members.

V. F. W. sponsors Explorer Post 23 with its 14 members and associate advisors are Ray Pryor and Bill Horn. Doyle Equires is institutional representative and chairman —Continued on Page Six

COUNTIANS INSPECT INDUSTRIAL SITES

Schools Open Monday a.m.

The Eastland Public schools will open doors Monday after a week-long epidemic of flu. The students have been out since Monday.

According to Wendell Sieber, Superintendent of Schools, the days missed this week will be added to the end of the school year. School was originally scheduled to turn out May 21, but will now turn out May 28, if the schools do not miss any more school days.

Mr. Siebert has tentatively set Baccalaureate services for May 30 and graduation exercises, May 31.

Bad weather could conceivably cause more "out days" which would push school closing even later.

Local's Nephew Buried Wed.

Funeral services for D. W. Johnson, nephew of Tom Haley of Eastland, were held Wednesday, Feb. 3, in McKinney, where he had been a resident for several years. He died Feb. 2 at the family home.

Survivors include his 85-year-old mother, with whom he had made his home for many years; two brothers, Marion W. Johnson of Amarillo and Page Johnson of another state; and several nieces and nephews.

Funeral Services For Sam Mize To Be Held Sunday

Samuel Bascom Mize, 66, suffered a fatal heart attack at 2 p. m. Thursday in the Eastland National Bank. Born in Grimes County Dec. 6, 1896, Mr. Mize was a stock farmer who lived between Cisco and Eastland.

Mr. Mize formerly owned and operated a feed store in Cisco until he moved to his farm on Route 3, Cisco, some 20 years ago. He was a member of the Oddfellows Lodge.

Funeral services will be held at 2:30 p. m. Sunday (today) in the Cisco United Pentecostal Church with Rev. Lamb, pastor of the Ranger Pentecostal Church, officiating. Burial will follow in Oakwood Cemetery with Rust Funeral Home in charge.

Survivors include his wife; two sons, Robert Earl Mize of Uvalde, and Dan Lee Mize of the home; five daughters, Mrs. Zerena Stull and Mrs. Frances Reeves of Eastland, Mrs. Elizabeth A. Rice and Mrs. Sue Endebrock of Cisco, and Miss Mary Lou Mize of the home; one brother, Morris Mize of San Antonio; and one sister, Mrs. Maude Johnson of Waco; and 16 grandchildren.

Community Leaders Of County Study Industry Sites In EC-65 Tour

A group of community leaders from Cisco, Eastland, Ranger, Gorman and Rising Star toured those cities Thursday, inspecting possible available locations for new industry.

The county-wide junket, climaxed with a luncheon and discussion with a three-member site panel at Rising Star, was the third in a series of five industrialization seminars being sponsored by the EC-65 program.

The program is co-sponsored by Eastland County civic and business leaders in cooperation with the Texas Industrial Commission.

Late in 1964 Gov. John Connally designated Eastland County as the pilot area for a proposed statewide campaign to expand present industry, increase payrolls and secure new manufacturing and processing plants for Texas.

During Thursday's tour the Eastland County group visited 25 sites proposed as locations for industrial plants.

The jaunt began in Cisco where the assembled leaders

Incident in Judge's Life Ideal for O. Henry Tale

Judge Frank Sparks, appointed this week by Gov. John Connally to the bench of the 91st District Court, recalls an incident that happened to him recently that could well be the "twist" for an O. Henry-type short story.

It happened about two years ago, when Attorney Sparks was visiting the old home place, about eight miles outside Belton.

Mr. Frank was examining the little old house, which then was vacant, and as empty places go, deteriorating. Of course, it brought memories of his youth — pulling cotton, warming before the fireplace, reading by coal-oil lamp and all the things that go with being raised on a farm.

As he roamed through the now-bare rooms, he remembered '16 when his dad, J. E. was told by doctors to go to a dry, high climate because of his health. How they'd loaded him in a wagon with brothers, bound for New Mexico. They'd been told "Don't change climates too fast," but they didn't have to worry, in those days you couldn't change too fast riding behind a team of mules. Looking at the old place, Frank remembered that he was afraid he'd never see his Dad alive again, because he was so sick. But before the wagon got to Clovis area where it was to stop, the elder Sparks was riding one of the mules himself, and went on to live many years in the dry, high climate of New Mexico, and to die in 1949 at Frank's home in Eastland at a ripe old age, and of an entirely different illness.

Prowling through the old house near Belton, Frank remembered this and his brothers and sisters: Edgar, now of House, N.M.; S. E. of Fort Sumpter, N.M.; Crockett and Mrs. Arthur Milburn, both now of Clovis.

Frank had been in his senior year of law at the University of Texas in '16, and he didn't make the trip to New Mexico. He went on to finish, the war came, and things began to happen. Since then "a lot of water had gone under the bridge" as the saying goes.

And therein lies the "twist" because as Frank lingered in the old home place that day, a milestone was being reached for the home.

He doesn't remember the date exactly, but for the sake of the story, we'll say it was, say June 5, 1963.

As he wandered into one of

FARMERS NEED ORGANIZATION An Editorial

At one time in our history, rural areas in general and farm people in particular were in firm control of the political power of this nation.

Agricultural producers now constitute only 8 per cent of our total population. The recent Supreme Court ruling on reapportionment further diluted the voice of rural people.

If there ever was a time when farmers and rural people needed strength through organization that time was in the past.

The organization is truly democratic with participation of even more farmers if agricultural organizations have the strong voice it so badly needs.

It deserves the support of all farmers and ranchers who want to protect their economic future and guarantee their voice in affairs of government.

County Farm Bureau Officials Participating In State Drive

Local county leaders participate in the formal of the Texas Farm 1965 membership drive in three area rallies are held — one Feb. 2 in Comanche, and two Feb. 4 in Dallas and Fort Worth. Representatives will meet in Dallas today, according to Cozart of Cisco.

Planning to attend include Mrs. John and Mrs. Cyrus L. Ricks, Mitchell M. and Mrs. Gordon, Mr. and Mrs. Hendricks, and Pat and B. T. Graham.

Following the rally, an all-out drive for new members in this county is set for the period of Feb. 18. This is part of a state-wide effort, by the 201 organized county Farm Bureaus, to reach a total of 100,000 members in Texas this year. The local county goal is 632.

EC-65 Tour —

(Continued from Page One)

1:30, the EC-65ers convened in the American Legion Hall for a panel presentation and wrap-up of the day's tour and an open discussion and frank evaluation of the sites visited.

Harry W. Clark, executive director of the Texas Industrial Commission, presided during the session and introduced a panel of three widely known experts on industrial sites.

They included W. C. Higginbotham, director of industrial development, Texas & Pacific Railway Co., Dallas; Robert L. Shaw, Dallas industrial realtor representing the Dallas chapter of the Society of Industrial Realtors, and Homer N. Tanner, Jr., manager of the Brownwood Chamber of Commerce.

During the afternoon appraisal of the 25 sites visited in the county area, three were pointed out as particularly outstanding:

(1) The Humbletown prop-

"WHAT ARE YOU DOING HERE?" asks Tony Curtis of Debbie Reynolds in this scene from the 20th Century-Fox comedy in Cinemascope and De Luxe Color, "Goodbye Charlie" which opens Feb. 7-8 at the Majestic Theatre. Pat Boone has just fished Debbie out of the Pacific Ocean and brought her to the nearest home, which happens to belong to Tony Curtis. The cast of "Goodbye Charlie" also includes Walter Matthau, Laura Devon and Joanna Barnes. Vincente Minnelli directed from a script by Harry Kurnitz.

erties at Cisco, a 20-acre site with additional adjoining land available.

(2) The Hood King property on Highway 80 east, Eastland. Particularly important, panelists agreed, was the highway frontage with the main line of the Texas & Pacific Railway at the rear of the site.

(3) The old Prairie Oil & Gas Co. pump station on Tiffin Road, north of Ranger, a 20-acre site with a large building, gas, electricity and a railroad spur.

"Financing" for industry will be the topic of the next seminar to be held Thursday, Mar. 4, at Gorman. The fifth and final educational phase of the EC-65 project will be a seminar on "prospecting" for industry to be held early in April at Cisco.

Those making the Thursday five-city tour included: GORMAN — W. F. Brown-

Bailey, Collins Will Attend A&M Study Course

County Judge Scott Bailey and County Commissioner Buck Collins of Rising Star will be among the judges and commissioners from at least 100 Texas counties expected to attend their seventh annual conference scheduled for February 14-16 at Texas A&M University. Total attendance is expected to reach 300.

The conference, as in past years, is being sponsored by the County Judges and Commissioners Association of Texas and the Texas Agricultural Extension Service.

The conference program, said Director John E. Hutchison of the Extension Service, will be based on information requests from the county officials. It will be designed to help them with the many problems they encounter in carrying out their responsibilities, he added.

Two state officials, Assistant Attorney General J. C. Davis Jr., and Director John Winters, State Department of Public Welfare, will again be speakers and will cover subjects of vital importance in their respective fields.

Gillis W. Long, assistant director, Office of Economic Opportunity, Executive Office of the President, will be the featured speaker on the Tuesday morning, February 16, session. He will discuss the Economic Opportunity Act of 1964 as another resource for counties. He will speak at 10 a.m.

Monday afternoon sessions, Hutchison said, will include separate sessions for the judges and commissioners. Panel discussions will again be featured since they have proved popular at past conferences as a method for answering questions raised by the judges

and commissioners. Hutchison said local county agents could supply information on registration & housing.

The Readers Write . . .

Editor:
A number of "nameless" people have written The Telegram urging that care by The City Commission be given the neglected street, Daugherty. I will sign my opinion.
I have lived on Daugherty Street only a short time. I moved there because I envisioned the great potential of the street and its location. It did not take me long, however, to panic, surrounded by the unlovely and unnecessary

sight of mesquite-grown pastures, and, as other Letters To The Editor pointed out: a laughable city-neglected, beat-up street, uncontrolled-fire inviting grass, and a nightly pile-up of beer cans . . . a situation failing to improve under the "caring eye" of The City Commission.
In disgust, I put my property on the public market. Recently, when offered a sum above my original investment, I determined to recapture my

lost faith and vision in the growth of South Daugherty Street and its proximity to the hospital, the new school, and the highway arteries surrounding it.

The residents of South Daugherty Street notice a recent (after some public letters of criticism.) taken placation by the city of a few weeds cut and some tar daubed on a few of the holes in the street.

THIS SOP — THIS TOKEN OF APPEASMENT — is not enough! **WE WANT ACTION** which we and the street deserve. We insist that South Daugherty Street be repaved, curbed, well lighted from downtown to the Carbon Highway. We insist that South Daugherty Street be cared for like its cousin: South Seaman Street on a PERMANENT basis.

There are powerful, public tools at hand: the voting booth and other effective means of placing men of vision and positive action on the City Commission and in The City Hall if the present group fails to heed our legitimate pleas.

We want and will cooperate but we demand action on the great need of South Daugherty Street. Let us hope that work begins quite soon before we are forced to take action of our own. The mighty and fearful force of the Voice of The People has, in many instances, changed the course of men and situations.

Sincerely,
Elsie Glenn

EDITOR:

Why should we, the working people of Eastland, have to pay for parking permits or parking tickets?

Aren't we supporting the local economy enough by living and working in our city?

In my opinion this is a program that should have went out with the Dark Ages. These permits have 'Good for 30 minutes only' on them and when you have to park all day is this not a violation?

Let's abolish parking meters in Eastland. I am getting disgusted paying parking meters and fines in order to park in town to work.

Editor:

This is an expression on health care for the aged.

People need to wake up and take notice of what's going on in our government today. There is a bill called "Medicare" waiting to be passed by Congress.

Please, do not be fooled into accepting this bill. The best way to find out is to investigate. Talk to your doctors, then write to your congressmen in Washington, D. C. Tell them you do not want the health care bill to pass in Congress. Your letter and others may be all that are needed to prevent this type of bill from ever passing.

You would end up paying more social security and more income taxes for something we already have.

The Kerr-Mills Act covers the elderly already. Why pay twice?

Thank You,
Donald Ray Baird

The Library Committee of the Thursday Afternoon Club announces with pleasure the presentation of the new book, "Mama Was Pregnant" to the Eastland Public Library.

It is written by Eastland's own Lillian Horton. "Mama Was Pregnant" is a simple, heartwarming, autobiographical account of what home life was like in Mrs. Horton's youth. It is a worthy reminder of how rich home life can be.

The Seniors began work on their research themes. Teach Johnson informs us that the themes will be helpful to us when we prepare our graduation theses in college.

As time draws near for the 1965 Eastland High School Reunion, members of the Class of '65 are planning a reunion of their own. We want to inform the chairmen of this event that they can count on us for any assistance they may need.

Noticed the excavations behind the Hill lately? The earth is being moved to prevent erosion of the practice field. Work has begun on the new Agriculture Shop and Feeding Barn. Mr. Sims will have a new home for his future farmers which anyone would be proud of.

1965 GOAL: 100,000 MEMBERS IN TEXAS

JOIN THE ORGANIZED FARMERS IN THE FARM BUREAU

The week of Feb. 8-13 has been designated "Farm Bureau Membership Week" in Texas by Governor John Connally and in Eastland County by County Judge Scott Bailey.

During this period, volunteer membership workers in Eastland County will be joining thousands of fellow workers in a state-wide campaign to enroll 100,000 farm and ranch families in Farm Bureau in Texas. A quota of 632 new members has been set for Eastland County.

Join Farm Bureau and help give agriculture a stronger "voice" in the affairs of our county, state and nation.

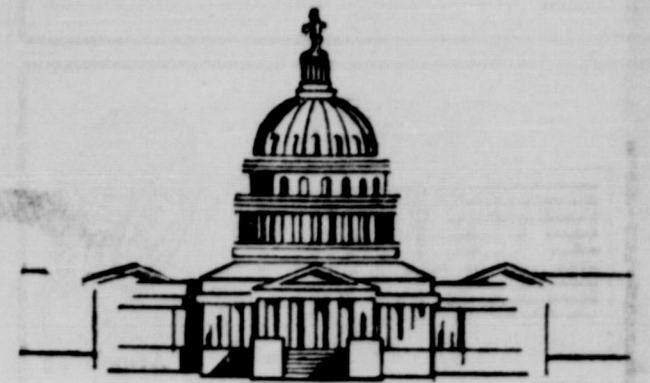

Farm Bureau is an independent organization of 622 farm and ranch families in Eastland County — financed by their voluntary dues and controlled by them to represent their interests in local, state and national affairs.

Eastland County Farm Bureau is affiliated with the Texas Farm Bureau (92,552 members), which, in turn, is affiliated with the American Farm Bureau Federation (1,647,455 members).

Here's How FARM BUREAU WORKS for AGRICULTURE:

LEGISLATION

Today only the strongly organized are heeded! As the largest general farm organization in the nation, the Farm Bureau has represented agriculture effectively in the Nation's Capital for over 45 years. The Texas Farm Bureau is the only general farm organization in Texas with a full-time legislative staff and office in Austin.

MARKETING

Farm Bureau works for farmers and ranchers through assistance in contract bargaining, developing markets and marketing service. In cooperation with the Farm Bureau Trade Corp. office in Rotterdam, the Texas Farm Bureau promotes new markets in Europe for Texas Farm produce through test shipments and personal contact with buyers.

FAMILY SERVICES

There are many benefits available to families through membership in Farm Bureau. These include: income tax and tractor gas refund services, fire extinguishers and seat belts, predator control projects, and life, fire, auto, farm liability and crop hail insurance.

LOCAL ACTIVITIES

Farm Bureau works for betterment of rural life through — sponsorship of youth activities, social events for the entire family, crop and livestock improvement programs, animal health projects and safety demonstrations. Other activities include citizenship and educational programs.

EDUCATION

An integral part of Farm Bureau's overall program is education or information. The organization sponsors informational meetings, training schools and citizenship seminars. Members are kept informed on current issues through county, state and national newsletters, newspapers and magazines.

**WSCS Tuesday Meet
With Mrs. Kinnaird Jr.**

Woman's Society of Christian Service of the First Methodist Church will meet Tuesday to begin Christian social relations study on "United State Responsibility in a World of New Nations," with Mrs. D. L. Kinnaird, Jr. as leader.

Last Thursday WSCS met with Mrs. Carl Elliott as leader, presenting a program on "Sharing Basic Freedoms." This topic, an introduction to the forthcoming study, was also stressed by Mrs. L. C. Brown, Turner Collie, James Horton and Frank Crowell.

They stated that the United States must assume a large part of the responsibility for these revolutionary times. Contact with the western world, which the western world forced, gave the non-progressive nations their first concept of "individual human rights." In fact, this concept was so foreign to their previous experience that Japan found it necessary to coin new phrases for "individual rights," since their vocabulary could not express the ideas.

It was also brought out that not all contacts with this country was good. For example, the slave trade, for which we have a need to be penitent. Better relations would be possible if we thought less of how appreciative the "poor African" should be for what we do, and more about how we can atone for what we have already done.

In the discussion concerning the need for the United States

Mr. and Mrs. Troy Ray visited recently in Dallas with their daughter, Mr. and Mrs. Delmer Jones.

Shifting Insurance Burdens —

... has long been an American custom, and a good custom. Don't try to carry the load of financial risks yourself against the hazards of modern times, but shift it to your local agent and let Insurance do it. Your losses may be heavy years away but meanwhile Insurance will give peace of mind and financial protection that is worth far more than it costs. Loss or no loss you win either way — with Insurance.

Impala Super Sport

CHEVROLET Redecorate your driveway

Park out front, at least for a while, and let the neighbors enjoy that sleek Impala Super Sport styling. After all, you have everything else to yourself: the luxurious Super Sport interior with its cushy bucket seats, center console and carpeting; the smooth easy Chevrolet ride; and Chevrolet power, starting our famous 140-hp Turbo-Thrift 230 Six. This Chevrolet's a home improvement if you ever saw one.

CHEVELLE Looks, luxury and lots more *Malibu Super Sport*

The looks you can see. The luxury that's a Malibu Super Sport you can imagine: bucket seats, full carpeting, patterned vinyls and eight interior schemes. The rest you'd better sample for yourself.

CORVAIR Everything new but the idea

The idea still is, make the sportiest low-price side of the Atlantic look: suave new styling, even better than styling, even better than styling. Driving's fun. Try it.
