**BEST POLL TAX** story you've heard this year, or any other, was related by Mrs. Dorothy Waldon, deputy in the county tax office. In order to fill out your receipt the employes there routinely ask: "Have you been a resident of the state all your life; have you been a resident of the county all your life; have you recently had a man who answered 'No' to the first question 'Yes' to the second, do you just have to take their word for it, Mrs. Waldon says."

**EVERYBODY** IN town, with the possible exception of Mr. and Mrs. John Hart, enjoyed yesterday's good rain (an inch and 40) and thought it was the greatest thing since the invention of frozen TV dinners. That day was moving y for the Harts, and rain, regardless of how good it may be for crops, gardens, lawns, and temperaments, is never unproductive to an efficient housewife. The family is moving here from Abilene and (eldest son of the late county Judge John Hart and other of Eastland attorney Bill Hart) will open an office on the third floor of the Exchange Building Monday. He is a dealer in oil and gas leases and a Southwest Conference football official. The Harts moved into the Hooper residence at 506 S. Daugherty, formerly occupied by the H. Chances. Hart and his wife, Mary Elizabeth, have five children, Bob, 14, Pat, and Judy, a student at McCurry College. A Hardin University graduate has been president of the Abilene chapter of the Southwestern Football Officials Association and is a past director of the state association. The family attends the Methodist church.

**PARTICIPATING SUNDAY** introducing a new hymn to Breckenridge Presbyterian congregation will be Mrs. Jack Frost. Mrs. Frost is soloist with the choir which will sing "O Wondrous Light, O Vision Fair" which has been selected as hymn of the month of February.

**ENJOYED A NICE** visit to Mrs. Ita Parrish this week and she reports that the Flower Shop at 200 N. Main St. is "blooming" with daisies and other daisy-like plants coming in daily. She's got assorted colors Sweet Williams and Pansies; red, bronze and other colors of Snap Dragons; pink in rose and assorted colors; and two types of Daisies. Now's a good time to get your beds in shape, she urges.

**MR. JIM GOLDEN**, one of the most reliable local historians, informs that the first year Eastland High School commencement was held in 1900, and the last one was in 1950, when the 5-year plan was adopted. The next opening will be June 18, and 20, this year.

**DO YOU THINK** you would react to a situation like this? You're called up in the middle of the night and told a whimpering female, "My friend kicked my cat something." So what a cat do you do: a. get a state-ment from the cat; b. tell her to hang up the phone; c. hang up the phone and go back to sleep? It is on Page Two)

## Coach To Football's Great To Be Speaker Jan. 28

H. N. (Rusty) Russell of Brownwood, retired after 41 years of coaching, will be guest speaker at the traditional 34th annual Father-Son Banquet of the P-9 Sunday School Class to be held Thursday, Jan. 28, at 7 p. m. in the Fellowship Hall of the First Methodist Church.

Organized in 1930 at the home of the late Judge J. E. Hickman, the non-denominational class has sponsored a banquet every year except in 1961 and 1964. The object of the class is to present a clear and comprehensive view of the Holy scriptures, foster Christian living among its members and to deepen belief in God and faith in Christ. "Every man and boy is welcome, regardless of church affiliation. Those who do not have sons are urged to 'borrow' one for this night of fellowship."

## Mavs Crush Clyde 67-43 for No. 7

The top three spots in the District 10-A basketball race remained intact after this week's play with the Eastland Mavericks pacing the field, adding another victory to the skein Friday night with a 67-43 win over the Clyde Bulldogs.

The Clyde girls defeated the Mavettes, 56-45 with Marsha Treadwell high pointer for Eastland with 35. Mary Clark had 8; Judy Kendrick, 2.

It's No. seven for Eastland and close following Baird stayed one back with six wins, downing DeLeon Friday night. Ranger was idle and held its third place spot.

Past president of Texas High School Coaches Association, Hall of Honor of High School Coaches Association, he was recipient of the Sportsmanship Award of Champion Spark Plug in 1950, and was national coach of the week in 1950 and 1951.

Albany defeated Cross Plains to keep that team tied with DeLeon for cellar position.

A few of the outstanding players coached by Mr. Russell have been Allie White, TCU line coach; Scott McCull; Gordy Brown, Pro Hardly Brown; Dewitte "Tex" Coulter; Bobby Layne; Doak Walker; Kyle Rote; Pat Knight; Dick Hightower and Floyd Dellinger.

## Poll Tax Payments Lagging Over County Area As Deadline Nears

Sales of poll taxes over Eastland County were reported lagging yesterday with the deadline — next Saturday, Jan. 30 — only a week away.

Edgar Altom, Eastland County tax assessor and collector, also reminds citizens that Saturday, Jan. 30, also is the final deadline for payment of currently due ad valorem taxes. Effective Monday, Feb. 1, he said, unpaid taxes will be subject to penalty and interest.

In 1964, a presidential election year, 4,747 poll taxes and 597 exemption certificates were issued in the county. Since this is an "off-election" year, substantially fewer polls are expected to be sold.

However, county and city officials remind citizens that there will be a number of important local elections and in order to qualify for voting in city, school and other important referendums a poll tax receipt or exemption certificate is required.

Assessor-Collector Altom has emphasized that over-age persons who are not required to pay their poll tax in order to qualify to vote, or not required either to obtain an exemption certificate to be eligible to vote.

Through Friday at 5 p. m. there had been 687 poll taxes issued at the County Tax Assessor-Collector's office at the courthouse, a report showed.

Substations are operating in Cisco at Chamber of Commerce office, in Ranger at Chamber of Commerce office, in Gorman at Todd's Variety Store, in Rising Star at Jenkins Insurance Agency.

It is true, he said, that exemptions have been issued in the past to those who have insisted on having them, but are not supposed to be written because rules pertaining to the issuance of exemption certificates specify "A person 60 of age does not have to obtain an exemption certificate if he does not reside in a city having a population of 10,000 inhabitants."

Mr. L. E. Clark, Democratic precinct chairman at Desdemona and one of the deans of the election judges, explains voting requirement like this: "All persons between the ages of twenty-one and sixty years are subject to a poll tax as a qualification to vote in any state, county, city or school election in 1965."

"Any person who attained his twenty-first birthday any time in 1964 may vote at a general, special, primary, city or school election by obtaining a certificate of exemption from the county tax collector before Feb. 1, 1965."

"Any person whose twenty-first birthday falls after Feb. 1, 1965, may obtain a certificate of exemption at least 30 days before any election at which he wishes to vote and be deemed a qualified elector."

"But any such person who has failed or refused to obtain such exemption certificate shall not be allowed to vote. Art. 5.17, Texas Election Code."

"Any individual desiring to vote free, because of overage, must be 60 years of age before Jan. 1, 1964. No exemption certificate is required of such person, except in cities of ten thousand population or more."

"Persons desiring to register as a qualification to vote instead of paying a poll tax may vote only in federal elections, or for candidates for federal offices of the United States."

Passenger licenses for this county total 8,965 and are listed in ten series with three letter prefixes and three numerals, as follows:

Commercial licenses begin with IW-775 to IW-999 and IX-10 to IX-24; farm trucks 8J-7850 to 8J-9224; and trailers, A66950 to A67649.

DGM-725 to DGM-999, DGN-10 to DGN-999, DGP-10 to DGP-999, DGR-10 to DGR-999, DGS-10 to DGS-999, DGY-10 to DGY-999, DGW-10 to DGW-999, DGX-10 to DGX-999, DGY-10 to DGY-799.

## Fraudulent Insurance Sales Being Reported

"Beware insurance swindlers and report any recent improperly handled dealings with insurance agents."

That's the warning from County Sheriff L. E. (Lefty) Sublett, who reported Saturday that numerous fraudulent sales have been reported to his department this week, mostly by elderly, pensioned persons who have been slow in reporting improper handling of their insurance protection purchases.

## Record 815 Students In Local Schools

Eastland public school enrollment has reached 815 — highest level during the past 20 years, Supt. Wendell Siebert has announced.

In fact the census total "spilled over the top" of a graph kept by Siebert, which had originally been made to show 775 white students.

There are 776 white students and 39 Negro, he said. Records are kept separately in compliance with state record-keeping practices.

The report was for the period ending with the first term, Jan. 15.

School population has gained steadily the past few years in Eastland.

Visiting this weekend in the home of Mr. and Mrs. H. H. Hardeman has been their daughter, Mrs. N. D. Swope of Killeen.

Recent guests of Mr. and Mrs. B. W. Brewer were Mr. and Mrs. Conrad Kroll and children of Abilene.

## Over 200 Attend Attend Lion Meet

District Governor James P. McCracken of Cisco presided at conference sessions at the annual Mid-Winter Conference of District 2-E-1 Lions Clubs in Graham Saturday.

Highlighting the program were addresses by State Highway Commissioner Herb C. Petry Jr., and Frank J. Phillips of Dallas, Director of the Southwest Division of CARE, Inc.

Conference registration for district Lions was from 10 a. m. to 12 noon at the Auditorium. There was a luncheon at noon for both Lions and ladies with President John A. Killough of the Graham club presiding.

The program for the luncheon included a welcome address by Roy Dies, President of the Graham Chamber of Commerce introduction of guests by International Counsellor D. L. Ligon; entertainment by the Woods family of Holiday; introduction of the speaker, Mr. McCracken; and an address by Frank J. Phillips.

## Preliminary Plans for Museum Completed

Preliminary architectural drawings of the proposed Texas Oil Museum to be built in Ranger — tentatively on a 25-acre site located south of the city on the old hand-laid brick highway once known as the "Broadway of America" — have been completed and are on display in the offices of the Ranger Chamber of Commerce in downtown Ranger.

Charles Fox, executive director of the project, said Wednesday morning that copies of the plans are being shown to oil industry leaders in the Fort Worth-Dallas area this week.

Building site for the museum, now owned by Ranger Chamber of Commerce, would later be deeded to Texas Oil Museum, Inc., an independent, non-profit corporation formed here last fall. Plans indicate the Jaycees' rodeo arena would remain in its present location, but the Pony League baseball park would be moved to another location on the plot.

According to the preliminary plans of Earl E. Koeppe, Fort Worth architect, the museum edifice will be 250 feet from end to end with an open entrance 44 feet wide separating two exhibit buildings each 106x50 feet.

A second floor housing an office, lounge, spacious conference room, and large kitchen will be located over the center of the ultra-modern structure.

Outstanding feature of the museum design are the five aluminum oil derricks which will protrude through the flat roof of the building. A large 66-foot derrick with a 20x20-foot base will be in the center over the open entrance area. Stairs to the second floor would be built inside the base of that derrick. Two smaller derricks, each 40-feet high, are shown on each of the two exhibit buildings. Their bases, 10x10 feet, would be glassed in from the floor to ceiling, with flowing water fountains and colorful floral displays inside.

Flood lights will be erected on the crowns of the five derricks to light the front area (Continued on Page Four)

**BREAD of Life**  
I went into the sanctuary of God; then understood I... —Psalm 73:17.  
Oh, blessed life — the soul that soars.  
When sense of mortal sight is dim,  
Beyond the sense — beyond to Him,  
Within the sanctuary doors.

and also the large block-long mall to be located at the rear of the museum. On each side of the mall later will be erected replica buildings of the old roaring oil boom era as were seen in Ranger and neighboring cities and communities in the field, scene of one of the most fabulous and highly-publicized petroleum explosions in the history of the industry. At the rear of the mall and at the end of the historic boom town block will be an old cable tool rig and other pieces of oil field equipment used during the peak of the early oil play in this area. Executive Director Fox said that the cost of the oil museum building has not yet been determined. James Van Gorder of Fort Worth, well known engineer, will make a determination of cost in the near future.

First, Fox added, oil industry leaders will be shown the preliminary design plans and as a result some additional changes may be made. Several of them, he revealed, have expressed enthusiasm in the proposed oil museum and have indicated an interest in financing the project. He said the cost of the building probably would be in the neighborhood of around half a million dollars.

## 'Holding Institute' to Be WSCS Program Topic

Members of the Woman's Society of Christian Service will meet Tuesday in their respective circle, at which time the program topic will be "Holding Institute—A Story Without End." The Davenport Circle will meet with Mrs. W. P. Leslie, the Deaton Circle with Mrs. B. O. Harrell and the Barcus Circle, at the church.

The last meeting of WSCS was held in the parlor of the First Methodist Church, for the second mission study on program was arranged in the form of a television broadcast, with the program leader, Mrs. Frank Crowell, serving as Master of Ceremonies, speaking over network WWO (Womans World and Outlook), over station WSCS. She called attention to a poster on which were pictures of the poor housing and other aspects of the deprived Spanish American people.

The roving reporter, Iantha Elliott, was called in to give viewers a work picture on "Plight of the Migrants or Stoop Laborers," bringing out that migratory farm workers are the lowest paid workers in this country today. While they plant, cultivate and harvest the crops, which make us the best fed people in the

world, they reap a harvest for themselves and their families of poverty, illiteracy and disease. Mrs. Elliott presented a few measures that have been taken to alleviate these undesirable conditions.

Next reporter, Nita Forgey, presented "The Church in Disadvantaged Communities." Her example of what appeared to be apathy and lack of concern on the part of a man out of work, was revealed as more or less withdrawal from harsh realities of life.

Following this report, another "commercial" gave pictures of churches and church-related institutions and organizations which are attempting to improve the lot of the Spanish Americans.

Various reporters were then called by the master of ceremonies to describe the church response to the needs of underprivileged people. Mary Davenport spoke on Pearl Street Methodist Church in Connecticut; Hattie Baker,
