IE MAIL brought the following letter from Mr. Bruce Perry, owner and general manager of Perry Brothers of Lufkin, Tex., and we'd like to share it with you:

Dear Mr. O'Brien: 65 marks Fifty Years of continual growth in the Vast Store Field for Perry Brothers, Inc. Beginning with one small store in 1915, we have expanded to the point of operating ninety-two stores throughout the State of Texas and stores in Lake Charles, Louisiana, making a total of 97 stores. Before the year 1950, we will open Number One Hundred. We have Perry Brothers so successful in the vast field: There is just one answer: loyal Customers.

It is true that through all these years in business we made every effort to our customers the best merchandise their money could buy. It is true we have tried to be as honest and as helpful as possible. But the fact still remains that we had not had the patronage of loyal customers in and day out during all these years, we would not be where we are today.

Mr. Bruce Perry of Eastland store is one of our company's oldest and as it's always been, it's used to our town. Loman James Johnson, has been with the company for the past ten years, mark his sixth year in Eastland soon. Congratulations to a fine firm and its personnel on its 50th Anniversary.

ANY WORDS and phrases in business reports and personnel evaluations become meaningless when used over - use, but the son of a gun - Ledger in Mississippi has supplied a translation for a few: "Not too bright" - qualified - Has committed no major blunders to live socially - Drinks by. She is active socially - She is too. Character and integrity - approach - Still one of the law. Proud attitude. -Opinion-ck - thinking - Offers able excuse for errors. Has pride in his work - ited. - offensive and aggressive - nemative. - attention to - A nit picker.

JAMES REID attended a seminar in Austin Tuesday and what we'd like to know is: What pretext did he show Gov. Connally his old pictures of his recent catches? You know he had with him . . . Friday is fine for turning in peanutting cards, warns Gildereth, ASCS manager.

Bears Maul Mavs 76-71 to Tie Race

It was a "foul" night for the Eastland Mavericks Tuesday as they gave up their first district loss to a powerful Baird team, 76-71 in the last quarter.

The Mavericks led 53-51 going into the final quarter but the Bears outscored them 25-18 in that frame (in the final eight minutes in fact) to win the game and tie up the district standings. Both teams now carry a 7-1 record.

Three key men fouled out during the last quarter adding to the Mavericks' problems. Taking the bench via the foul route were Terry Treadwell, Mike Miller and Jim Herridge.

Miller was high for the team with 26 points followed by Herridge, a sophomore, with 18. Bobby Black and Tommy Barton made 25 and 23 points, respectively, to lead the win for the Bears. Maxie Gordon aided the cause with 13.

Baird also won the girls game 66-42 with Marsha Treadwell high for Eastland with 23. Carolyn Key ripped the nets for 14 and Mary Clark added five. Carolyn Thomas, Sue Underwood and Marilyn Huckaby all played good defense.

Five Abilene Men Post Bonds To Appeal Guilty Verdict, Fines Assessed In Chicken Fight Case

Appeal bonds for five Abilene men were filed Tuesday at noon with Justice of Peace M. D. Underwood in Ranger. The bonds were for \$200 each for their release pending appeal of their cases of "being concerned with a chicken fight" in 91st District Court at Eastland.

The quintet are represented by Jim Robinson, Abilene attorney, who defended them in their appearance in Underwood's justice of peace court here last week.

A six-member jury returned a verdict of guilty following that trial and the jurors assessed their fines at \$65.00 each - plus court costs. County - District Attorney Perry T. Brown prosecuted the case at the Ranger hearing.

It was not known Tuesday when the case would be heard in the 91st District Court at Eastland. Justice of Peace Underwood

The Mavericks will go to Albany Friday night for a triple-header, starting with the boys at 5:30 p.m. The Mavericks and Mavs have both won over Albany teams earlier.

Infant X-Ray Proposed In Rotary Talk

Mrs. Eureka Ferguson of Abilene, and a native Eastlander, presented a program Monday at the Rotary Club meeting on the "Eureka infant X-Ray Foundation."

Mrs. Ferguson accepts every opportunity she can to speak to groups, "Anyone who will listen", she said, on the horrible possibilities of birth defects. Her inspiration in the founding of Eureka Infant X-Ray Foundation was her granddaughter, who had bone abnormalities and prenatal defects which weren't discovered until she was three years old.

The granddaughter, Shere Lynne Stubbs, as a result of having both hips out of socket since birth, has undergone many costly and painful operations and has spent many years in bed-traction and steel and plaster casts. The realization is that if there was X-Rayed at birth this defect might have been discovered; thus, treatment could have begun earlier.

Mrs. Ferguson, daughter of Mrs. Millie Drake of Eastland and ex-movie star of the 20's, is putting up a "well worth while" fight in order that other children might not have to suffer as her granddaughter has.

The Eureka Infant X-Ray Foundation was established in Abilene as a non-profitable organization. Not only does it provide information to parents concerning the need of finding birth defects at an early stage, but also helps those whose parents can't afford the cost of X-rays by furnishing part of the cost for them.

Established by herself, this foundation provides that all new born infants be X-rayed for birth defects. If X-rays are made by the Eureka Foundation and a birth defect is sighted that early in the infant's life, a higher possibility could be given that the child, with correct treatment and medication, would become a healthy, normal adult, she said.

Roy Lee Smith was program chairman.

There Is No Such Thing As An 'Off-Election' Year

(An Editorial)

Today is Thursday and citizens have only through Saturday to qualify to vote in 1965 elections.

And poll tax sales are lagging in Eastland County. The tax office is offering a public service in announcing its intention of remaining open Saturday - but that's no reason to wait. Get 'em today. And remember too, that mailed applications must be in the hands of the tax office before the deadline - post marks do not count.

It's every person's own business whether he wants to equip himself to vote this year, but we would at least remind the public that the term "off-election" year is somewhat deceptive. And at no other time have Eastland Countians had more reason to be qualified voters, what with the EC-65 program now in progress. We have no idea what we may be called on to do in the future to help our county expand industrially, and some sort of election might be necessary. You'd want to be prepared to voice your vote.

And too, there's a vacancy in our 91st District Court which may at some time in the future require the casting of a ballot by a qualified voter.

And poll tax sales are lagging in Eastland County. The tax office is offering a public service in announcing its intention of remaining open Saturday - but that's no reason to wait. Get 'em today. And remember too, that mailed applications must be in the hands of the tax office before the deadline - post marks do not count.

It's every person's own business whether he wants to equip himself to vote this year, but we would at least remind the public that the term "off-election" year is somewhat deceptive. And at no other time have Eastland Countians had more reason to be qualified voters, what with the EC-65 program now in progress. We have no idea what we may be called on to do in the future to help our county expand industrially, and some sort of election might be necessary. You'd want to be prepared to voice your vote.

And too, there's a vacancy in our 91st District Court which may at some time in the future require the casting of a ballot by a qualified voter.

In Eastland, a city election is certain in April, when three members of the City Commission will be chosen for three-year terms. There'll be a school board election with three posts to be voted on.

And what about local option? One never knows and it's best to be prepared to vote - regardless of your convictions.

Through Wednesday morning there had been 837 poll tax receipts and 113 exemptions issued by the tax office. (Most of the 113 exemptions are for 21-year-olds, which represents a goodly-sized new voting group.)

Beyond that, it cannot be predicted in January what other elections will arise before the year is out.

There already are strong signs that there will be a state constitutional election as a result of the legislative session now underway.

For example, Gov. John Connally Monday told the State Democratic Executive Committee he hopes Texans will have the opportunity to vote again this year on a constitutional amendment to repeal the poll tax. Connally urged the committee members to support an all-out drive for poll tax payments this week in anticipation of such an election.

Locally, elections could be called during 1965 on which citizens would want to vote. These could include bond issues or, conceivably, a wet-dry election. We say simply these are possibilities, without having any foreknowledge that such proposals are in the making.

For whatever eventuality may come, citizens will want to be qualified to vote.

Ironic as it might be - remember you'll need a poll tax receipt to vote for the repeal of the poll tax.

EDWIN AARON . . . off critical list

Edwin Aaron Is Improving, Not Critical

Edwin Aaron is doing much better and seems to be improving each day, according to his mother, Mrs. Johnnie Aaron who said, "I think he can be taken off the critical list now." She also said that Edwin recognizes everyone now and that the braces he has to wear, after surgery on his jaw, must be worn for five weeks.

Edwin is married to the former Babeth Quinn, daughter of Alma Quinn of Eastland, and they have three children: Edwin Jr., 6, Lisa Beth, 5, and Johnny Guy, 2. Johnnie Aaron was at the bedside of his son in a Wichita Falls hospital, Tuesday morning. "Some of the family is with him all time," Mrs. Aaron said, "he's a pretty big man and sometimes he wants to get off the bed."

Young Aaron was seriously injured in an auto crash about a month ago. SHOP EASTLAND FIRST

The next seminar for EC-65 will be held on Thursday, February 4, beginning in Cisco and continuing in area towns before concluding with lunch and a briefing session in Rising Star, according to the Texas Industrial Commission.

Missing Girl Found Safe At Home Of Friend

A 15-year old girl who had been missing from her home one mile northeast of Cisco since last Tuesday was found Saturday night at the home of a friend.

A search party of volunteers from Cisco, Eastland, and Ranger, the Cisco Volunteer Fire Department, city police, and the Highway Department instituted an extensive search after the girl's family reported her missing Saturday.

The young girl reportedly had left home on previous occasions but had never been missing that long before. She has been taken to the state school at Gainesville.

Fire Department Buys Boat, Motor - Asks Help

The Eastland Volunteer Fire Department has recently purchased a boat and motor to be used for emergency rescue service at the area lakes.

Individuals and firms are contributing to help defray the cost of the needed equipment and donations may be made directly to members or Chief Wayne Jackson.

The emergency unit will be kept at the fire station and be used for recovery of drowning victims' bodies so that they may be taken from the water as soon as possible. In the past, the fire department has had to depend on borrowed boats and equipment for this purpose.

Every assistance with this program will be appreciated, Chief Jackson said.

S. degree in business administration in 1963. Henry was a student at Midwestern, when asked to return as a teacher after graduating from North Texas State University, making the situation quite honorary for him. Son of Mr. and Mrs. Henry Van Geem of Eastland, he received the M.B.A. from North Texas and, while at Midwestern, will assist in compiling the paper, "Economic Base Study of Wichita Falls".

Letters TO THE EDITOR

Editor,
That letter you printed about repaving, curbing, and cleaning up South Daughtery Street was good.
There is a democratic way to get the city commission to take a public stand on this. The folks on South Daughtery Street ought to appoint a citizens committee to represent them with the city commission until they start this work.
Folks like Mr. McMoye, T. E. Richardson, C. B. Chaney, Mrs. Ray Johnson, and R. N. Wilson ought to get free radio time for them and the city commission to talk about this and the Texas Electric Co. ought to be there to talk about lights they sure need and people from the hospital ought to be there too.
This is a good thing and somebody ought to do something until it is done like it should be.
Name Withheld by Request
Mr. and Mrs. Weldon Armstrong will visit this weekend in Wichita Falls with their daughter and family. Mr. and Mrs. D'Wayne Knight and Kim.
Visiting with Mr. and Mrs. Raymond Beck during the week has been their son, Tommy Ray, a student at Texas University.

Comanche Trail Explorers Will 'Compete' With Pros

Explorers in the fourteen Posts in the Comanche Trail Council, Boy Scouts of America, will be competing against two of the top champions in bowling and golf as a part of Sports That Last A Lifetime, a new national sports and physical fitness program, Dr. M. A. Childress, Health and Safety Chairman of the council announced this week.
Explorer Post units are active in Ranger, Eastland and Cisco.
High School boys who are Explorers will compete against scores set by bowling title holder Dick Weber and golf champion Ben Hogan.
Explorers will also compete against standards in swimming and physical fitness. The swimming skill will be measured by having Explorers swim five miles in quarter-mile segments and show their skills underwater with mask and fins and by swimming 30 feet using the snorkel. Physical fitness tests are based on pull-ups, sit-ups, standing broad jump, 50-yard dash, 600-yard run (walk), and a six-mile hike.
The program will continue through 1965 as a cooperative activity of the Boy Scouts of America and the American Funds for the program materials and awards came from a

contribution of one cent for A.M.F. Monorail at the New Yorks World's Fair.
Explorers who compete against Weber's bowling score or Hogan's golf score will receive a pocket-piece award indicating that "I beat" or "I played" the champion. Pocket pieces will also be presented to all Explorers meeting the swimming and physical fitness requirements.
The program is being conducted to encourage interest in sports that will carry over into adult life and to promote all-round physical fitness.

Mr. & Mrs. B. C. Warren Now Living in Abilene

Mr. and Mrs. Benny Carl Warren, married Jan. 15 in Lamar Baptist Church of Wichita Falls, are residing at 1705 S. 3rd St., Apartment 204, Abilene.

The bride, daughter of Mr. and Mrs. F. W. Riggins of Breckenridge, is the former Margie Faye Riggins; and the bridegroom is the son of Mr. and Mrs. H. D. Warren, Sr. of Eastland.

She has been named Abi-

lene Duchess to the Queen of Hearts Ball at San Angelo, is president of Zeta Alpha Chapter of Beta Sigma Phi and is secretary to J. D. Sandefer III.

He is employed by Fort Worth Pipe and Supply Co. The couple was attended by Mr. and Mrs. Terry Don Warren, brother of the bridegroom.

Mr. and Mrs. W. A. Wood of Fort Worth have been visiting this week in the home of his brother, Mr. and Mrs. Earnest Wood and David.

During the week, visitors of Mr. and Mrs. Tom Harris have been their daughter, Janie and a friend, Vicki, both students at North Texas State.

Visitors in the home of Mr. and Mrs. Ralph Stevens this week have been Mr. and Mrs. and Mrs. Marion Barrett, Laura and Jody of Wichita Falls.

Rep. Gibbens Given Key Assignments

Rep. Wayne Gibbens of Breckenridge, whose district includes Eastland County, is one of eight West Texans who have been given key legislative committee chairmanships and assignments by Speaker Rep. Ben Barnes.

Rep. Gibbens is chairman of Insurance and member of Congressional and Legislative Districting, Oil-Gas-and Mining, Rules and State Affairs. A member of a specially-named task force, Rep. Gibbens has throughout the summer assisted with the tricky re-districting study and comes well-prepared for that assignment.

House members got news on their committee assignments Monday — four days earlier than expected, as Speaker Barnes' surprise announcement finished the last big organizational task of the session.

An area representative commented that Speaker Barnes "was very generous in recognizing the West Texas delegation," but he said it was only natural, since West Texans were among his earliest supporters in the Speaker's race.

Legislative Panel Named By Association

The West Central Texas Oil & Gas Association has announced a new Legislative Committee composed of Lester Clark, President of the Grady Corporation in Breckenridge; Tom Gordon, attorney who is chairman of the State Action Committee; James Russell of Russell Engineering in Abilene, and who is also chairman of the Railroad Commission's Industry Advisory Committee and John Mark McLaughlin, formerly of Snyder and now of San Angelo in the law firm of Runge, Marshall, Hall and McLaughlin.

W. N. Tindell, District Manager for Mayfair Minerals in Abilene, is chairman of the committee and is immediate past president of West Central Texas Oil & Gas Association.

The primary purpose of this committee will be to study all proposed oil and gas legislation introduced in the Texas Legislature during the current session.

Tindell says, "Our committee plans to cooperate with all members of the Texas Legislature from this area in evaluating the effects of any proposed oil and gas bills upon the overall economy of West Central Texas."

Leon Briefs

By MRS. O. D. QUARLES

Colder weather and brisk winds have combined to make our fishing news scarce. A seven-pound, six ounce, bass was our largest, taken by Boone Yarbrough of Ranger. Most popular baits now seem to be black jigs with trailers attached, preferably spring lizards, eels, or pork strips.

Visitors at Lake Leon this week were Jack Thurman and Mr. Walker of Fort Worth; also, Earl Clarke of Dallas.

Better wrap up good and try trotline fishing now. The channel-cat are really nice, and sizes are running from two pounds up to four pounds and over. Place your lines deep and be sure the hooks and staging is in good shape. Channel - cat are "twisters" and will get off the hook before you know it. Crayfish and cut crappie are good bait now.
