

Wreckage Of Oregon Plane Crash Found

Evidence Indicates Gov. Snell And Top Officials Dead In Mishap

KLAMATH FALLS, Ore., Oct. 30. (AP)—The wreckage of a plane carrying Gov. Earl Snell of Oregon and two other top officials and the pilot was reached by a search party today and there were no survivors, Fremont Forest Supervisor Merle Lowden said.

Lowden said that Ranger Jack Smith, with the party at the wreckage, reported by portable radio that the aircraft was demolished and four bodies were found.

Lowden said the bodies were being brought on litters from the wreckage by a party of some 100 men.

They formed the group searching the area where two volunteers, Chet Ellis and Gregg Tainter, both of Lakeview, Ore., found the wreckage, Lowden said.

Because of the difficult terrain, it was believed possible it might require hours to bring out the bodies, but Lowden

ON GAS RATION

British Labor Regime Has Close Vote

LONDON, Oct. 30. (AP)—Britain's labor government averted defeat by less than 30 votes on two occasions in the House of Commons today—the narrowest margins it has had since the party came to power in August, 1945.

By a count of 184 to 160, the labor majority approved a hotly argued motion to end debate on a controversial government proposal to abolish the slim basic gasoline ration now allotted to British motorists. The conservative opposition greeted the vote with shouts of "gas" and "resign, resign."

A few moments later the House defeated, 187 to 160, an opposition motion to annul the government order wiping out the basic gasoline ration. The closeness of the votes was due partly to labor abstentions and to the hour—the ballot came in the early hours of the morning after a night sitting—which reduced the attendance generally. The labor party has 394 seats and the conservatives 190.

These votes followed by only a few hours Winston Churchill's fourth unsuccessful effort to throw the labor party out of office by a vote on the Parliamentary bill. The House defeated his attempt last night, 384 to 201. His previous attempts failed, 381 to 197 in 1945; 374 to 198 last April; and 251 to 148 last August.

NOTICE GIVEN

Bids To Be Asked On Vet Hospital

Bids will be asked on Nov. 1 for construction of a Veterans Administration general medical and surgical hospital in Big Spring.

This was the word received by the Herald today in a telegram from the district office of the corps of engineers at Albuquerque, N. M. in answer to a request for a definite date for advertising of bids. Notice had been given on Sept. 24 that bids would be asked about Nov. 1. The new communication pins the time definitely to that date.

Bids will be held open for a period of approximately 45 days and the successful bidder or bidders will be given 15 days in which to start after orders to proceed. The original notice specified completion in 730 days, but information received subsequently by City Manager H. W. Whitney indicated that the completion time had been shaved to 530 calendar days.

The project will consist of a main hospital building with six main floors, a partial basement, and dumb waiters and elevator facilities for seventh and eighth

Taft Can See No Bi-Partisan Work On Price Remedies

WASHINGTON, Oct. 30. (AP)—Senator Taft (R-Ohio) said today he sees no chance for bi-partisan cooperation in dealing with remedies for high prices and inflation during the coming special session of Congress.

Taft, who is chairman of the Republican policy committee, told a news conference that he could not agree with a suggestion of Senator McGrath (D-R.I.) for eliminating politics at the special session.

Found, Bodies of Gov. Earl Snell (top photo) of Oregon and Robert S. Farrell Jr. (lower photo) Oregon secretary of state, are reported found along with State Senator Marshall Cornett and pilot Cliff Hogue in plane ruins which took off from Klamath Falls, Oregon. (AP Photo)

Two More Film Writers Cited For Contempt

Witnesses Will Not Answer Red Membership Query

WASHINGTON, Oct. 30. (AP)—Two more Hollywood screen writers were cited for contempt by a House un-American activities subcommittee today, bringing to 10 the number thus accused.

Bing Lardner, Jr. and Lester Cole were cited when they refused to give "yes or no" answers to questions whether they are or have been communists.

As in the eight previous cases, the committee presented testimony from its investigators of finding evidence that the men cited have been affiliated with the communist party.

Like the others cited, the witnesses took the stand that the committee has no right to ask questions about political beliefs.

The son of the late noted writer took the same stand which led the committee to cite eight earlier witnesses for contempt. This is that the committee has no right to ask questions about political beliefs.

Lardner, a script writer who adapted "Forever Amber" to the screen, was the first witness called as the committee went into the ninth day of its public hearings in its investigation of communism in Hollywood.

The thin Lardner wore a dark business suit, a blue shirt and a blue tie. He spoke with a nervous voice, prompting Chairman Thomas (R-NJ) to remark "You haven't learned your lines very well."

The resumption of the hearings was delayed by a closed-door session of the committee to consider the future course of its hearings. No announcement was made as to any decisions reached.

Thomas had said earlier that before the day's hearings were concluded the committee would develop from a "mystery" witness "sensational evidence about atom bomb espionage."

A top committee official said this witness has evidence that certain movie and Red were key figures in a plot to steal the secret of the bomb.

The 400-seat hearing room was filled with spectators and nearly 200 waited outside for a chance to get in when Lardner went on the stand.

Before the question as to communist affiliation was put to him, See PROBE, Pg. 4, Col. 7.

Medical Men Open Meeting

Some 70 delegates had registered this morning for the Second District Medical Society meeting which opened at 9:40 a. m. in the Settles hotel.

The morning program included addresses and discussion sessions by well known medical authorities, while a coffee at the Country club highlighted morning activity for the auxiliary.

The business session was to be concluded early this afternoon, and other features were to appear after the luncheon, which was scheduled for 1 p. m.

Speakers on the program include Dr. Carl Moyer, Professor of Experimental Surgery, Southwestern Medical School; Dr. H. E. Heyer, Associate Professor of Medicine at Southwestern Medical School; Dr. A. W. Diddle, Associate Professor of Obstetrics and Gynecology; Dr. E. Glenn Walker, Midland; Dr. George E. Peacock, Big Spring; Dr. Joseph E. Brackley, Big Spring; Dr. C. T. Uthoff, Midland; Dr. William F. Mengert, Professor of Obstetrics and Gynecology.

Mrs. Edward C. Ferguson, president of the Texas State Medical Society Auxiliary, was featured speaker at the women's meeting this morning. A book review by Maria de Haro of Dallas, highlighted the auxiliary luncheon.

A banquet beginning at 7:30 p. m. in the Settles will conclude the program. Dr. P. D. O'Brien, pastor of the First Baptist church, and Joe Pickle are to speak at the banquet.

CIVIL RIGHTS BACKED SAN ANTONIO, Oct. 30. (AP)—Telegrams endorsing the report of President Truman's committee on civil rights were sent the President today by Rudy J. Pena, president of the San Antonio league of United Latin-American citizens.

what they called "Democratic liberals."

Westerners talked of Wallgren, of Mr. Truman. One committee member said the name of Lane a Hagerstown, Md., publisher, has been mentioned favorably by some westerners who said he had made an impression at governors' conferences.

Philadelphia, chosen earlier by the Republican party for its 1948 convention beginning June 21, won the Democratic convention yesterday without opposition.

McGrath, authorized to name the date, said he thought it would be sometime after July 4.

The new chairman plainly evidenced his feeling that the eve of the special session of Congress is not the time to belabor the Republicans.

PHILADELPHIA GETS CONVENTION

Last Question Facing Demos Is Running Mate For Truman

WASHINGTON, Oct. 30. (AP)—The Democratic party as represented by its national committee gave evidence today that it has settled just about everything for its 1948 convention except who is to run for vice president.

At a one-day meeting yesterday, the committee unanimously picked Philadelphia for next summer's nominating convocation and elected in 43 year old Senator J. Howard McGrath of Rhode Island a new national chairman who favors non-partisan action on emergency legislation at the November 17 special session of Congress.

The 108-member group also applauded a statement by retiring Chairman Robert E. Hannegan praising President Truman and asserting millions of Americans are calling for him "to stay at

the helm." Everyone present appeared to agree that Mr. Truman would be the nominee in his own right next year.

Vice-presidential talk was informal and scarce.

Names heard include those of Secretary of Defense James V. Forrestal, a New Yorker; Supreme Court Justice William O. Douglas, of Washington State and Connecticut; Gov. Mon C. Wallgren of Washington, and Gov. William Preston Lane, Jr., of Maryland.

Mr. Truman is represented as yet to make a choice.

Former Gov. John J. Dempsey of New Mexico, national committeeman for his state, told a reporter he had heard much talk of Forrestal.

Those mentioning Douglas said he is more or less favored by

what they called "Democratic liberals."

FOR COMMITTEES

Marshall Returns To Capital To Shape Final Plan For Aid

WASHINGTON, Oct. 30. (AP)— Secretary Marshall returns to his state department desk today to take a leading role in shaping final recommendations to Congress for a four year European recovery program that may cost up to \$20,000,000,000.

The program he and other top administration officials are due to turn out within the next week is expected to be laid before congressional committees November 10 with the argument that it offers a "reasonable" chance of (1) saving Europe from economic disaster and (2) preventing a vast westward extension of Russian communism.

Marshall returned late yesterday from New York where he has been personally directing the American diplomatic offensive in the United Nations assembly.

He is to remain here until mid-November when he will leave for London and the Big Four foreign ministers conference on a German peace treaty.

Diplomatic and economic officials say that while almost no final decisions have been made, the broad outlines of the "Marshall plan" already are well laid down. In general they cover these main points to be laid before Congress when the special session opens November 17:

1. The United States would make available to Europe next year a combination of relief and recovery supplies totaling about \$6,000,000,000. Relief supplies such as food would be given free. Recovery supplies such as factory machinery would be financed with loans.

2. Beyond the first year and possibly the second it will be impossible to forecast accurately the amount of help Europe will need because of changing conditions. Congress thus would be asked each year for only the next year's funds.

3. As proposed by the European nations themselves, the sums from the United States would decrease each year as recovery progress was made. Both American and European officials would try to make certain of successful recovery at the end of four years.

In addition to American government financing the plans call for

Indian Planes Lash At Invaders

NEW DELHI, Oct. 30. (AP)—Indian forces have thrown Tempest fighter planes into battle in an attempt to stem a three-pronged invasion from Pakistan menacing Srinagar, capital of Kashmir. New Delhi sources said tonight.

The fighter planes are "the only thing stopping" the invaders, the informants said.

Military sources estimated 2,000 seasoned Indian troops, armed with nothing heavier than machineguns and mortars, were opposing the invasion of Pathan tribesmen in superior numbers, armed with howitzers, mountain guns and mortars. The dominion of India sent in Sikhs to reinforce the Kashmir state army of 10,000.

LIONS TO BACK FRIENDSHIP TRAIN

Texas Lions clubs will cooperate in collection of food for the Friendship train, Bill Dawes, president of the Big Spring club, was notified Thursday by M. O. Woolam, Andrews, district 2-T-2 governor.

Committees are to be set up within local clubs to collect food pending arrangements for transportation to central points and transfer to key terminals for inclusion in the Friendship Train—a people's voluntary effort to send food and feed to Europeans.

Krug Becomes Sick While Making Speech

PHOENIX, Ariz. Oct. 30. (AP)— Secretary of the Interior Julius A. Krug became ill this morning while delivering a speech before the national reclamation association and was unable to continue.

He was taken to his hotel room and a physician was called.

Robert W. Sawyer, president of the association, finished Krug's speech, reading from a manuscript.

Members of the Secretary's party said fatigue probably caused his illness. They said his condition was not serious.

He was scheduled to leave by plane later today for Washington but the flight was cancelled.

William E. Warne, assistant secretary of the interior, reported that the physician had described Krug's collapse as "a fainting spell brought on by exhaustion."

Warne said Krug would have to remain in Phoenix for several days of rest.

Krug has traveled extensively during the last several months.

CIO Union Ousts Leader Opposing Anti-Red Ruling

WASHINGTON, Oct. 30. (AP)—The CIO utility workers executive board today removed an officer for failing to sign a non-communist affidavit under provisions of the Taft-Hartley act.

Other officers of the union then proceeded to submit the required oath to make the union eligible to carry labor disputes to the National Labor Relations Board.

The official ousted from membership on the executive board is James L. Daugherty, California regional director. Members of the 12-man board are classed as officers by the union constitution.

The disciplinary action is probably the first of its kind by a CIO.

Under the Taft-Hartley Act officers of a union must swear they are not communists before that union may use the facilities of the NLRB.

PAYROLL TAKEN

Six Gunmen Rob Hyde Park Firm

BOSTON, Oct. 30. (AP)—Six gunmen held up the B. F. Sturtevant company in the Hyde Park district today, escaping with a \$110,000 payroll.

The Sturtevant company is a division of the Westinghouse Electric corporation.

Working methodically, two of the men entered the office of R. W. Marshall, paymaster, and two others went into an adjoining office. A fifth stood at the door leading into the factory, and the sixth remained at the wheel of the getaway car.

One of the pair who walked into the paymaster's office wore a burly bag over his head. Marshall and five employees who were preparing to assist in preparation of the payroll were herded together, facing a wall. The pair then seized the money and fled.

Police said their only immediate clue was a registration number on the get-away automobile.

Investment Houses Named In Charges

Conspiracy Is Claimed In Securities

WASHINGTON, Oct. 30. (AP)—Attorney General Clark today announced the filing of a civil anti-trust suit against 17 of the largest investment banking firms in New York. The suit charges a conspiracy to monopolize the handling of securities issues.

In addition, the government asks for dissolution of the investment Bankers Association of America which maintains headquarters in Chicago.

Clark told a news conference the suit is being filed in Federal district court for southern New York.

He described the suit as "one of the largest and most important in the history of the anti-trust laws."

The complaint alleges that the 17 banking firms "have conspired to restrain unreasonably and to monopolize the securities business in this country by restricting, controlling and fixing the channels and methods, the prices, terms, and conditions upon which security issues are merchandised."

The securities were described in the suit as covering "stocks, notes, bonds, debentures, or other interest certificates."

The defendants have their principal offices in New York and many maintain branch offices elsewhere. They were named as Morgan Stanley and company; Kuhn Loeb and company; Egan, Dillon and company; Kidder, Peabody and company; Goldman, Sachs and company; Lehman Brothers; Smith, Barney and company; Glore, Forgan and company; White Weld and company; Drexel and company; the First Boston corporation; Dillon, Read and Company, Inc.; Blyth and Co. Inc.; Harriman Ripley and Co. Inc. Stone and Webster Securities Corp.; Harris, Hall and Company, Inc.; and Union Securities Corp.

Clark told reporters that some \$20,000,000,000 in securities had been issued in the United States during the last 10 years, and that the defendants managed the sales of about 60 per cent of the total, aggregating about \$14,357,000,000.

Investment Bankers Deny Clark Charges

NEW YORK, Oct. 30. (AP)—A quick denial of the charges of conspiracy to monopolize the securities business was made by leading investment banking firms today after the government announced such charges had been filed.

Col. A. M. Pope, president of the First Boston Corp., said: "We find nothing in our own procedures to warrant the charges made by the attorney general. We do not believe that the best interests of either the consumer or labor or industry are served by this action and are confident of vindication in the courts."

Other officers of the union then proceeded to submit the required oath to make the union eligible to carry labor disputes to the National Labor Relations Board.

The official ousted from membership on the executive board is James L. Daugherty, California regional director. Members of the 12-man board are classed as officers by the union constitution.

The disciplinary action is probably the first of its kind by a CIO.

Under the Taft-Hartley Act officers of a union must swear they are not communists before that union may use the facilities of the NLRB.

# Typhoon Winds Hinder Rescue In Philippines

MANILA, Oct. 30. (U.P.)—Towering seas whipped by the winds of a typhoon frustrated attempts today to rescue 26 crewmen and one or more passengers from the stricken motorship FSE77, in distress in Butuan bay in the Mindanao sea.

The FSE77 reported this afternoon that the 270-ton inter-island freighter was "in a sinking condition very close off shore." Ahead of the distressed vessel lay the rocky cliffs of Mount Tubay, northern Mindanao.

The FSE77 said it had been forced to give up rescue attempts and seek shelter because of the violent seas.

The Philippines weather bureau reported all communications with its stations on the island of Samar, Leyte and Masbate were out. The Philippine airlines radio operator at Tacloban, Leyte, went off the air with the final report that heavy waves whipped by 120-mile winds were flooding the airfield.

Airline operators at the town of Masbate, on Masbate island, directly in the path of the oncoming typhoon, reported winds of 100 to 120 miles swept the island.

SCENE OF ROARING GAS BLAZE — One man was killed and a second narrowly escaped death in this spectacular explosion at a gasoline storage yard in Detroit. Leaping flames were prevented from reaching seven underground tanks in the yard, containing 300,000 gallons, by firemen from 22 companies. (AP Wirephoto).

# BY PRESIDENT, LEADERS Tribute Is Paid To U. S. War Dead

WASHINGTON, Oct. 30. (U.P.)—President Truman joins today in a last sad tribute to a score of the country's honored dead.

He arranged to attend mass burials services at historic Arlington National cemetery for 20 American fighting men who gave their lives in World War II.

The flag-draped caskets were among those recently returned from temporary graves abroad.

Due to join the President at the 11 a. m. (E. S. T.) ceremony were civil and military leaders including Secretary of Defense Forrester and Secretaries Royall, Sullivan and Symington of the Army, Navy and Air Force, respectively.

Army and Navy chaplains of the Catholic, Protestant and Jewish faiths were to conduct the religious service.

The 20 bodies are the first of an estimated 6,000 to be buried in the national shrine just across the

Polomac river from Washington. After the 45-minute committal ceremony the President planned to come work on his message to the special session of Congress he has called for November 17 to consider emergency aid for Europe, return to the White House to re-

pretext the soil from washing. Monroe Johnson, cooper with the district on his farm in the East Center Point conservation group, made approximately 1,000 pounds of grain sorghum on each of his terraces this fall. The feed on the terraces was better than feed on the rest of his field Johnson says.

C. J. Engle has completed a water spreading diversion terrace on his place 10 miles north of Coahoma. The terrace was built to divert water from an active eroding ditch to a large flat to stop erosion in the ditch and spread water over the flat. This will irrigate the native grasses and promote more growth of the vegetation.

He said that although San Antonio does not have the authority to operate a power plant within the city limits of New Braunfels, the river authority (LCRA) which is now operating the plant does have the authority.

The city of New Braunfels had filed the suit in an effort to obtain the Comal Plant as a part of the New Braunfels Electric System.

# New Braunfels Loses Suit

NEW BRAUNFELS, Oct. 30. (U.P.)—Litigation involving ownership of the Comal power plant of the San Antonio electric system has been decided in favor of San Antonio against the city of New Braunfels.

District Judge K. K. Woodley said yesterday that he felt the issues raised had been settled by the Texas Supreme Court when it decided the case of the city of San Antonio against the Guadalupe-Blanco River Authority and the Lower Colorado River Authority. He said he felt the city of New Braunfels was bound by a transaction made when the city of San Antonio acquired the San Antonio Public Service company properties in which the power plant was involved.

# T&P Presents Recreation Hall

Texas & Pacific tralmen breaking their run at Baird for layovers before returning to Big Spring now have a recreational plant to occupy some of their leisure time.

A \$30,000 hall, occupying the second floor of the Baird terminal, was presented to T&P employees Tuesday evening by W. G. Vollmer, president of the road. Mayor Hugh Rosa, Baird, accepted, expressing thanks for the facility which includes reading rooms, pool tables, library, various games and lounging chairs.

L. C. Porter, Dallas, assistant to the president, rejoiced in the project because "a dream of many years has been realized." J. B. Shores, public relations director, had praise for the hall and like Porter, urged sound relations between employer and employee. J. G. Brannon, superintendent of the western division, was master of ceremonies, which attracted several hundred people.

# Mertzon Game Rated Tossup

Forsan, Sterling City and Coahoma have been listed as outstanding favorites in District Seven eleven football games this weekend while the clash between Mertzon and Courtney, which will eliminate one of the contending teams from title consideration, is rated a toss-up.

Mertzon will be playing on its home field and for that reason may hold a slight edge.

Forsan plays in Garden City and, although Gordon Griggs' Bearkats are improved, the Buffs should romp to the decision.

Water Valley hosts Sterling City and the guests are due to administer a severe licking to the Wildcats. Water Valley hasn't been able to break into the win column yet while Sterling is leading the league along with Coahoma.

The Coahomans play Rankin's Red Devils at home and should take that one without too much trouble. The Devils were routed by Courtney last week while Coahoma was measuring Garden City.

The Greater and Lesser Antilles form a chain of some 200 islands extending from south of Florida close to the coast of Venezuela.

### Senate Committee Views Tidelands

WASHINGTON, Oct. 30. (AP)—The staff of the Senate judiciary committee is studying all angles of the problem of ownership and development of minerals in tidelands in preparation for possible legislative action.

A measure introduced last session by Senators Moore (R-Okla.), McCarran (D-Nev) and Knowland (R-Calif.), calls for the Federal government to renounce and disclaim right and title to the tidelands. It would provide for quitclaim of title to such lands.

In view of the recent supreme court decision, holding that the Federal government has a paramount interest in the tidelands off the West Coast, some of the committee staff members believe that the legislation may have to be amended or an entirely new measure introduced.

This revised legislation, one member suggested, should provide for transfer of title to the state in view of the Supreme Court's ruling.

### PENTATHLON DATES

LONDON, Oct. 30. (AP)—Dates for the modern Pentathlon in next year's olympics have been altered from July 31-August 5 to July 30-August 4, Britain's organizing committee for the games, announced today.

Four of the five events comprising the tournament will be decided at Aldershot. Shooting probably will be contested at Bisley.

**AIDS FIGHT AGAINST CHOLERA**—A little girl in the Egyptian village of El Maniel screws up her face as she receives an inoculation against cholera from Lt. (jg) R. W. The girl at right nurses her arm after the injection while villagers form a line (left background) for their turns. Much of the vaccine was flown to Egypt by U. S. Navy and Air Forces planes. (AP Wirephoto from U. S. Navy).

## FROM GALVESTON Ships Leave For Exercise Seminole

GALVESTON, Oct. 30. (AP)—The U. S. S. Taconic, flagship of Rear Admiral Ralph O. Davis, led eight other ships out of Galveston harbor today, Florida bound in Exercise Seminole against an imaginary enemy there.

Fog cleared over Galveston harbor an hour before the flagship of the commander of amphibious forces, U. S. Atlantic fleet, moved past the east and west jetties at 9 a. m. The eight vessels that followed comprise the first unit of task force Choctaw.

A second unit of 20 vessels, headed by the flagship U. S. S. Mount Olympic, will leave Galveston at 9 a. m. tomorrow.

On D-day, Sunday, Nov. 2, the first unit will put ashore 250 seabees on a Florida beach and on the following day an imaginary infantry division will be disembarked.

The 20-ships tomorrow will carry 3,000 troops of the second armored "hell on wheels" division of Camp Hood. These trigger-trained fighters, many of them combat veterans of the last war, will storm the assault beach, 15 miles southeast of Panama City, Fla., at dawn Nov. 3.

In all, 7,000 servicemen are taking part in the exercise, the nation's first war game to be staged jointly by the Army, Navy, Marine and Air Corps.

Exercise Seminole simulates that troops of the aggressor nation gained a foothold in the southeastern United States Aug. 1 in a surprise attack.

Tomorrow approximately 400 battle planes of the Air Forces, Navy and Marine Corps will begin simulated attacks on the assault area.

## S. T. Franklin Is Dead Here

Enroute to the West Texas Compress and Warehouse to inquire about work, Sam Tresevant (Doc) Franklin, 58, died of heart attack Wednesday afternoon.

Justice of Peace Walter Grice entered a verdict of death from natural cause. He said investigation showed that Mr. Franklin had been observed to drop as he walked up a spur track toward the compress. Switchmen also noticed him and halted a movement of cars until aid could be summoned. He was dead on arrival of a physician, however.

Rites have been set for 3 p. m. Saturday, awaiting arrival of a son S. T. Franklin, Jr., who is enroute from his Navy station in Brooklyn. Rev. C. A. Long, assisted by Rev. Cecil Rhodes, will officiate. Nephews Paul Sweatt, Ben Elliott, Henry Franklin, Fred Franklin, Buck Franklin, Arthur Franklin, F. H. Franklin and Clyde Franklin will be pallbearers.

Mr. Franklin, a carpenter by trade, had been in the county for 31 years. He apparently was enroute to see about a position as night watchman at the compress at the time he was seized.

Surviving are his wife, Mrs. Fannie B. Franklin; two sons, Vernon Franklin, Fort Worth, and S. T. Franklin, Jr., U. S. Navy; four daughters, Mrs. Odest Buchanan and Zella Franklin, Big Spring, Mrs. Oneta Rode, Ridgecrest, California, and Mrs. Paulene Dougherty, Lubbock; three brothers, J. B. Arthur and Roy Franklin of Big Spring; two sisters, Mrs. Betty Elliott, Westbrook, Mrs. G. W. Sweatt, Colorado City; and six grandchildren.

## Maytag Executive To Be Honored Here

Roy A. Bradt, vice-president and director of the Maytag company of Newton, Iowa and president of the American Washer and Ironer Manufacturers association, is to be honored here on Nov. 10 with a dinner affair.

T. B. Atkins, in charge of local arrangements, said that Bradt, Verne R. Martin, general sales manager for the company, and B. B. Turner, sales manager of the stove division, would be principal speakers at the affair, to which dealers and distributors in the area will be invited.

past the east and west jetties at 9 a. m. The eight vessels that followed comprise the first unit of task force Choctaw.

A second unit of 20 vessels, headed by the flagship U. S. S. Mount Olympic, will leave Galveston at 9 a. m. tomorrow.

On D-day, Sunday, Nov. 2, the first unit will put ashore 250 seabees on a Florida beach and on the following day an imaginary infantry division will be disembarked.

The 20-ships tomorrow will carry 3,000 troops of the second armored "hell on wheels" division of Camp Hood. These trigger-trained fighters, many of them combat veterans of the last war, will storm the assault beach, 15 miles southeast of Panama City, Fla., at dawn Nov. 3.

In all, 7,000 servicemen are taking part in the exercise, the nation's first war game to be staged jointly by the Army, Navy, Marine and Air Corps.

Exercise Seminole simulates that troops of the aggressor nation gained a foothold in the southeastern United States Aug. 1 in a surprise attack.

Tomorrow approximately 400 battle planes of the Air Forces, Navy and Marine Corps will begin simulated attacks on the assault area.

## Gideons Give Out Testaments

Distribution of Testaments to 225 Coahoma high school and junior high students was accomplished Wednesday afternoon by members of the local Gideon camp.

Approximately 10 Gideons from Big Spring were on hand for the ceremonies. Previously, more than 1,200 testaments were distributed here. Plans call for others to be given at Forsan, Knott, Colorado City, Lorraine and Stanton.

At the regular weekly meeting of the Gideons, 16 businessmen attended Thursday morning.

## Services For War Dead Are Optional

Whether to hold military or private services for interment of returned war dead is optional with the next of kin, Lt. Col. S. H. Partridge announced from San Antonio today.

Although the armed forces and local service organizations have offered their services in this connection, he said, it is optional with families of the deceased as to what type of services, if any, shall be held. A large number, he continued, have expressed a desire to rebury the war dead at home with simplest possible ceremonies.

## REPORT ON FIRE

ST. LOUIS, Oct. 30. (AP)—An investigator's report today attributed negligence by the chief engineer for an explosion and fire aboard the excursion steamer Island Queen that cost 19 lives last Sept. 9 at Pittsburgh, Pa.

## GENERAL IS ADOPTED

NEWPORT, R. I., Oct. 30. (AP)—A 57-year-old retired Army commander has been adopted by the 80-year-old wealthy Newport widow and social leader, with all the rights of a natural son under inheritance tax laws.

The adoption of Brig. Gen. Ralph C. Tobin by Mrs. Hamilton Fish Webster was disclosed last night by John M. Dring, clerk of the Newport probate court. He said the papers completing the adoption were filed more than a week ago by William A. Peckham, Newport attorney.

Mrs. Webster's husband died in September, 1939, leaving her an estate valued at \$1,250,000 to be held in trust during her lifetime. The will also granted her lifetime use of the Webster's \$120,000 Newport estate, Pen Craig.

## U. T. Dean To Speak

AUSTIN, Oct. 30. (AP)—Arno Nowotny, dean of student life for the University of Texas, will speak at a session of the Texas Association of Deans and Advisors of Men during the conference at Dallas Friday and Saturday.

Brilliantly colored flowers attract more bees and insects than the drab blooms.

## Man Is Indicted For Hammer Slaying

DALLAS, Oct. 30. (AP)—J. R. Clark 29, was under indictment by the Dallas county grand jury today on charges of murder in the hammer-slaying Aug. 11 of his uncle, Doc Washington, Ash, 42.

The true bill was returned yesterday in a special report before District Judge Henry King. Clark was ordered under a \$50,000 peace bond after Mary Frances Moore, 22, declared that he had threatened her life if she told of the killing. The woman said she was an eye-witness.

Clark and his brother, Ralph, 25, were charged shortly after Ash's body, the head badly battered, was found Aug. 12.

Although Diaz rounded the Cape of Good Hope in 1488, no settlement was established in the area until the Dutch set up a station and fort in 1652.

## COLLEGE DOINGS

### Mary Lomax Is In Dance Group

Mary Helen Lomax, daughter of Mr. and Mrs. E. W. Lomax, appeared recently before the Ariel club of Denton with a Folk Dance club from Texas State College for Women in a lecture demonstration on the history and philosophy of folk dances and music. The program was designed to show how the customs had evolved from the people as a means of self expression.

Miss Lomax is a junior, majoring in physical education and recreation. She is president of the club.

Bob Yarbro, Forsan, son of Mr. and Mrs. D. F. Yarbro, is among the juniors and seniors named to the fall semester dean's list, composed of outstanding students at North Texas State Teachers college. He is a junior and a business administration major.

Ablene Christian College is to hold its annual homecoming for 15,000 ex-students on Nov. 14-15. The second day is the big one, featuring a football game with Austin college.

With all colleges and universities in the state, denominational agencies and others represented, Dr. Gordon G. Singleton, president of Mary Hardin-Baylor college at Belton will be honored at a banquet in Hardy hall here at 6 p. m. today. The occasion signals the completion of his 10th year as president of the college.

Homecoming date for the North Texas State Teachers college has been set for Nov. 14-15. A search is being made for the oldest alumnus of the school. Clem L. Sone is believed to be that alumnus but school officials have not been able to locate him.

### Celebrators Asked To Obey Safety Rules

Police Chief W. D. Green today called upon the public to observe safety regulations during Halloween celebrations Friday night.

The police department has no intention of depriving any person of a good time, Green said, but at the same time measures will be taken as necessary to curtail property damage and possible personal injuries.

The police chief emphasized that his department's chief interest would be to make sure that celebrations do not "get out of hand." Halloween should not be regarded as a time when violating regulations is excusable, especially if such violations are at the expense of safety to other persons and to property, Green concluded.

### Hurricane Winds Sweep Galveston

GALVESTON, Oct. 30. (AP)—Winds of hurricane intensity swept the western end of Galveston Island last night during a severe thunderstorm.

Weather bureau officials said wind velocity was recorded as high as 85 miles an hour.

A plane was demolished and several buildings damaged at the municipal airport. No storm damage was reported within the Galveston city limits.

### Publisher Shows Meaning Of Brevity

BILLINGS, Mont.—(AP)—Shortest speech of the Montana Press Association meeting was made by C. J. Doherty, Missoula publisher assigned the subject "What can we expect in printing equipment?"

His full text: "Nothing."

### Weather Forecast

### Markets

**COTTON**  
NEW YORK, Oct. 30.—Cotton futures at noon were \$1.15 a bale higher to 50 cents lower than the previous close. Dec. 22-26. March 22-25 and May 22-27.

**LIVESTOCK**  
FORT WORTH, Oct. 30.—CATTLE 2,700 calves 2.65, slow and narrowly mixed but averaged about steady. Mature slaughter steers about 11.00-11.50; medium to good fat cows 11.50-12.00; heifers 11.00-12.00; good to choice fat calves 17.00-21.00; stocker calves, yearlings and steers 15.00-21.00.

**HOGS** 400; butcher tops steady to 20 cents higher, some steady, top 28.00; good to choice 25.00-28.00; few to heavy, some steady 23.00-24.00; few to 24.75.

**SHEEP** 2,000; killing classes of sheep were steady and feeders scarce, medium to good slaughter lambs 20.00-22.50; better price for 55 lb lambs, medium and good slaughter yearlings 15.00-18.00; good slaughter ewes 8.00-25.

**LOCAL MARKETS**  
No. 2 Milo FOB Big Spring \$3.10 cwt. Best candied 80 cents each market, cream 24 cents pound, butter 70 cents, lard stronger, 20-22. Fryers steady, 35 cents, old cockles, few offerings, 30 cents.

**WALL STREET**  
NEW YORK, Oct. 30. (AP)—Selling commission prevailed here and there in today's stock market but the general course of leaders was downward.

Dealings active, with stable blocks appearing, soon tapered and sections of fractions predominated near midday.

Occasional resistance was shown by U. S. Steel, Westinghouse, International Nickel, Corro De Padua and J. P. Morgan Lazard's included General Motors, Goodrich, U. S. Chemical, Caterpillar, Tractor, Boeing, United Aircraft, Western Union, Consolidated Edison, Kennecott, Dow Chemical, Great Lakes, Pullman, Morris, Santa Fe, Southern Railway and Texas Co.

Reeds were narrow and cotton futures steady.

### Events

**FAINTS AFTER VERDICT** — Irene Zawistowski (center) faints and has to be supported by police officers in Chicago after hearing coroner's jury verdict of "accidental death" at an inquest into the death of her sister, Adeline, 18. The girl testified that she did not intend to hurt her sister, who died after scissors thrown by Irene punctured Adeline's lung following a quarrel over a borrowed dress. (AP Wirephoto).

### PRESIDENT TRUMAN DIDN'T CALL SPECIAL SESSION — \$64 ANSWER

WASHINGTON, Oct. 30. (AP)—Today's question — look out, now — is: Did the President call Congress into special session November 17?

The answer is, No.

He called Congress into session November 17, all right, but it's not a special session.

That's the view of Lew Deschler, House parliamentarian, which makes it official.

What the session will be is a reconvening of the first session of the 80th Congress, Deschler says.

"When Congress adjourned last July it did not adjourn sine die (without setting a date)," Deschler explained to a bewildered reporter.

"It adjourned until next January 2, or at the call of the Congressional leaders or, as is provided under the Constitution, at the call of the President.

"So it will be a continuation of the first session of the 80th Congress — not a special session. That's a misnomer."

A check of President Truman's proclamation shows he didn't refer to it as a special or extraordinary session of Congress. He merely said an extraordinary occasion made an early convening of Congress necessary.

And incidentally, if any Senators or Representatives are awaiting formal notification from the President, they are in for a long wait.

They'll just have to take it from the newspapers that the President did issue his call. It's the only notification they'll get.

### Menu For Quick Dinner To Serve Two Persons

By CHARLOTTE ADAMS  
Associated Press Food Editor

When you want to prepare a quick dinner for two people your main concern is the main course. If you want soup you can make an excellent one from a can, or from combining two cans of different varieties. Here are some suggestions for dinner-for-two entrees which require very little preparation time.

**Pork Chops**  
2 thick pork chops  
2 tablespoons butter or vitaminized margarine  
1 large sweet potato  
2 large slices pineapple  
6 large prunes (optional)  
1-2 cup pineapple juice

Brown pork chops in butter or margarine. Sprinkle with salt. Peel sweet potato, cut in half and place a half over each chop. Remove pits from prunes and add them and pineapple slices to meat. Pour pineapple juice over all. Cover and simmer 35-40 minutes.

Canned goods and quick-frozen foods are your best friends when you're a quick-cooker-for-two. Here are some suggestions for entrees involving canned goods.

**Mushroom Surprise**  
1 4-ounce can sliced mushrooms  
1 8-ounce can peas  
Milk  
2 tablespoons butter or margarine.  
3 tablespoons flour  
2 tablespoons pimiento strips  
1-4 teaspoon salt

Drain the liquid from mushrooms and peas and combine it with enough milk to make 1 1/2 cups liquid. Cook the mushrooms in butter until lightly browned. Blend in flour. Add liquid. Cook until thickened, stirring constantly. Add peas, pimiento, salt and cayenne. Heat and serve on toast points.

**Corned Beef and Asparagus**  
1 12-ounce can corned beef  
1 teaspoon prepared horseradish  
1 pound can asparagus tips  
1 8-ounce can tomato sauce  
2 tablespoons sliced cheese

Cut two 1-2 inch slices of corned beef. Arrange in a shallow well-greased baking pan and spread with horseradish. Arrange four asparagus tips lengthwise on each beef slice. Cover with 1/2 of the can of tomato sauce, allowing the ends of the asparagus to show. Sprinkle with cheese and bake in a moderately hot oven (400 degrees) about 20 minutes.

**Notes:** The remaining meat can be used for sandwiches and the remaining asparagus in a salad for the next day's lunch. The remaining tomato sauce will be ready for use in a casserole dish the following evening.

When the first petal drops from a big chrysanthemum, drop some candle wax into the hole it leaves, thus sealing the remaining petals in place.

### Seaboard Swabs 330 Barrels

Seaboard No. 6-A John H. Robinson, first deep test in the Spraberry (San Andres) pool of southeastern Dawson county, swabbed 330 barrels of oil, cut five per cent by load water, in 18 hours Wednesday.

The swabbing unit then broke and a large one was being moved in for further testing through casing perforations at 10,590.630 feet. The test was plugged back to test this zone, possibly the Mississippi, after it failed in the Ellenburger. Other shows were logged in the lower Permian, possibly the Wolfcamp. Location is near the C NW SW section 27-34-Sn. T&P.

There were reports from Sweetwater that the Skelly No. 1 L. E. Adrian, 11 miles southeast of Sweetwater, had shown substantial flows from about 6,150 feet. The test is a rank wildcat.

The Russell Magee No. 1 J. W. Fryar, seven miles north and two west of Big Spring, a 3,150-foot venture, was reported below 2,900 feet.

### Marshall

(Continued From Page One)

for some reconstruction loans from the world bank. There is also considerable hope here that other countries, such as Canada and Argentina, might help with their own financing.

5. From the American side, the program would be administered by a new government agency.

Whatever the form, the greatest task of the European reconstruction administration probably would be to keep scarce supplies, such as food and various types of machinery, moving to Europe as needed.

6. From the European side, the 16 nations who drew up their estimates of need at a Paris conference would be expected to continue an organization to deal with the United States on overall aspects of the recovery program. In addition special agreements probably would be worked out between the American government and each of the 16 nations to guarantee that American goods were used for the specific purposes for which they were furnished.

### Farm Bureau Slated Report On Drive

Howard County Farm Bureau membership workers are scheduled to make reports on a full week's canvass work at a meeting Friday night at the county agent's office.

Workers in all communities of the county launched an intensive drive in connection with the state-Oct. 23. Although incomplete re-wide membership campaign on port already recorded indicate substantial increases in the bureau's membership, a full account of the drive will not be available until reports are in Friday night.

### Tax Receipts Boom

County and school tax collections boomed to \$277,282.30 through Wednesday, more than half that aggregate having been paid yesterday.

Including a \$49,000 assessment handled by one oil company, payments for Wednesday alone amounted to \$114,403.78.

Property owners making payments by 1 p. m. Saturday will receive three percent deductions. After Saturday, the deductions drop to two percent.

### Silence Is Golden

PINE BLUFF, Ark.—(AP)—Silent fishing long has been the practice of most followers of the sport, but it would appear one owner of property near here insists on it. A large sign posted on his land reads: "Keep out. No fishing aloud."

### ADDS TO LANGUAGE

CHICAGO (UP)—The United States has added more to the king's English than slang expressions. A Dictionary of Americanisms which will be published soon by the University of Chicago press lists the words appendicitis, automobile, campus, currency, derby hat, faculty and hydrant as words contributed to the language by the United States.

### Wreckage Of Doctors' Plane Is Sighted

EL PASO, Oct. 30. (AP)—Wreckage of a two-seater plane believed to have carried two El Paso physicians on a flight from Carlsbad, N. M., was sighted near Salt Flats, Tex., today by an Army search plane from Biggs field.

A ship carrying the physicians, Dr. William Glasier, 34, and Dr. Frank Goodwin, 47, was reported missing last night. Both are orthopedic specialists.

### Reimbursement Is Received For School Lunches

Reimbursement in the amount of \$195.82 has been received from the government by County Supt. Walker Bailey and will be distributed to the four common school districts maintaining student lunch programs.

The payments, the amount of which are determined by the number of plates served in each lunch room per month, are made possible through the federal school lunch program. The grant is four cents a plate this year compared to the seven cents paid in 1946.

Schools benefitting in the payments include Midway, Forsan, Elbow and Gay Hill.

### QUANTITY PRODUCTION WEYMOUTH, Mass. (UP)

Within 103 weeks, Mrs. John J. Walsh, 26, gave birth to three sets of twins.

### Probe

(Continued From Page One)

he was asked whether he is a member of the screen writers guild.

Shaking his head, Lardner replied: "If you can make me answer that, you could make somebody tell tomorrow whether they believe in spiritualism."

Cole, who followed Lardner, wrote such screen plays as "Blood on the Sun," "The Romance of Rosy Ridge" and others.

The 43-year-old writer was refused permission to read a statement which Thomas described as "villification."

Cole was followed by Berthold Brecht, a 48-year-old poet and writer, who said he was born in Germany and entered this country on a quota visa in 1941.

Speaking with a heavy German accent, Brecht quietly answered what the committee has begun

calling his "364 questions".

"I was not a member, and am not now a member, of any communist party," he said.

Brecht told the committee he has never written for the movies, but studios have bought some of his stories. One, he said, was "The Hangman Also Dies".

While the hearing was proceeding, reporters were handed a statement signed by the Progressive Citizens of America, with headquarters in New York. The statement accused the committee of "waging a deadly assault" against the Constitution.

# Oil Leader Denies America Made A Bad Deal In Arabia

WASHINGTON, Oct. 30. (AP)—An American oil industry official today drafted a detailed denial of a statement by Senator Brewster (R-Ma.) that the government "got absolutely nothing" for what Brewster called its \$80,000,000 Arabian oil investment.

W. S. S. Rodgers, board chairman of the Texas Co., already has replied that actually the United States "got great break" for its money and stands to gain more.

He gave this answer to the Senate war investigating committee late yesterday when Brewster, who heads the group, contended otherwise. The Maine Senator told Rodgers he could expand on

his denial of Brewster's contention today and Rodgers said he welcomes the opportunity.

The controversy arose as the committee delved into a charge that the Texas Co. and Standard Oil of Calif.—which hold vast oil concessions in Saudi Arabia—agreed to sell oil to the Navy at 40 cents a barrel and then collected about \$1.05 a barrel.

The charge was made before the committee last March by James A. Moffett, former board chairman of a subsidiary of the two companies. Yesterday Rodgers testified that the government was authorized to propose such a 40-cent oil agreement to the late President Roosevelt but that it never was accepted by the government.

Rodgers termed the higher price charged the Navy "eminently fair and reasonable."

He also told the committee that the government rejected a proposal that the United States advance \$6,000,000 a year for five years to King Ibn Saud of Saudi Arabia in return for 40-cent oil. The King owns Arabian oil fields.

Rodgers said the two American oil companies which held the concession rights were anxious to block any spread of British influence in the Arabian area, and that for this reason were opposed

to funneling American lend-lease aid to Ibn Saud by way of Britain, as was done later.

Brewster put in the record state department figures showing that this type of U. S. financial help to Saudi Arabia amounted to \$51,000,000. He said America eventually advanced another \$29,000,000 in direct lend-lease and other aid, and that the \$80,000,000 was "probably not recoverable." The Senator added:

"So we put \$80,000,000 into it and we got absolutely nothing for it. All we got was that you could charge what you felt was a fair price for the oil."

Brewster said that a week before Mr. Roosevelt declared Saudi Arabia eligible for direct lend-lease aid in 1943, the two American oil companies had offered to supply the government with enough oil to offset any such aid at a price "well below" the world price.

But Brewster said this offer "evaporated and was forgotten" when the lend-lease program was put through. Rodgers said the government "completely ignored" the offer and "we never heard of it again."

**TAKES OVER DEMOCRATIC LEADERSHIP** — J. Howard McGrath, (right) senator from Rhode Island, takes over the gavel symbolizing the chairmanship of the Democratic National Committee, from Postmaster General Robert E. Hannegan at a committee meeting in Washington. Hannegan resigned because of ill health. (AP Wirephoto).

## Beef Supply Rests On Rain

WASHINGTON, Oct. 30. (AP)—A shortage of beef may develop next spring unless good rains fall soon on the thirsty wheat lands of Texas, Kansas, Oklahoma and Nebraska, an agriculture department official forecast yesterday.

Charles Burmeister, livestock economist in the department's production and marketing division, pointed out that normally some 250,000 head of cattle graze from late November to March on "wheat pastures" in the winter wheat belt.

No harm is done to the wheat crop, he said, so long as the grazing is halted by the time the young wheat stalks begin to develop joints.

"But this year present crop prospects are such that most stockmen probably will have to keep cattle grazing on range grass," Burmeister said.

"That means the cattle won't get as fat as they would on wheat pastures, and stockmen will hold them off the market until they get the benefit of further feeding—probably until September."

An ordinary thimble would hold 20,000 gold screws of the size used in the balance wheel of a watch.

the outskirts of Princeton and had lived there since.

Her death leaves five living widows of former presidents. They are Mrs. Benjamin Harrison; Mrs. Theodore Roosevelt; Mrs. Woodrow Wilson; Mrs. Calvin Coolidge and Mrs. Franklin D. Roosevelt.

## ADVANTAGE OF UPPER FLOOR

NEW YORK, Oct. 30. (AP)—The housing shortage being what it is, 35 families living in an apartment house here will go along for a several days ride when the four-story building is moved soon to a new location.

One family, occupants of the basement apartment, won't make the trip. The basement is being left behind.

WORK AS USUAL  
BUTLER, Pa. Oct. 30. (AP)—W. D. Brandon is going to report at his law office as usual on Saturday—his 100th birthday. Brandon said yesterday he is in fine health and has not made any plans to retire from his law practice.

## Baylor Files Suit Over Will

SAN ANTONIO, Oct. 30. (AP)—Baylor University has filed suit for declaratory judgment against Mrs. Raymond Briggs Ogilvie, and others, involving almost \$1,000,000 left in the will of Dr. Henry Houston for who died June 15, 1945.

Ogilvie, prominent San Antonio doctor. The Baptist school at Waco has asked judgment on the ground that due to various contentions of persons named in the will it is impossible for the doctor's will and estate to be administered.

Attorneys of the university claim the school became the principal beneficiary following the death of Virginia Ogilvie, daughter of the doctor, on July 22, 1946.

Mrs. Raymond Briggs Ogilvie contends that the will and trust agreement is null and void and should be annulled.

Kashmir Evacuation  
NEW DELHI, Oct. 30. (AP)—Fifteen Royal Air Force Dakotas were expected to complete evacuation today of British civilians from Kashmir, where Indian and state troops were reported repelling invading Pathan tribesmen from Pakistan's northwest frontier province.

The evacuees—mostly retired civil servants, vacationists and school children—will total between 200 and 250.

## Economic Knowledge Stressed By Leader

DALLAS, Oct. 30. (AP)—Bernard Kilgore, president of Dow, Jones and Knapman, told a group of business and industrial leaders here last night that a worldwide conflict is raging between two divergent philosophies and said that it was important to know where one stood in the fight.

It is important for Americans to be well informed on the happenings in the economic world, the president of the financial reporting firm said, because totalitarian attacks on the democratic philosophy and way of life are coming largely on

the economic plane. Kilgore spoke at a dinner given by the Dallas chamber of commerce in recognition of the firm's decision to publish a southwest edition of the Wall Street Journal in Dallas.

## Cleveland's Wife Dies

BALTIMORE, Oct. 30. (AP)—Mrs. Thomas Jex Preston, Jr., 83, who married President Grover Cleveland in a White House ceremony when she was 22, died here in her sleep yesterday at the home of a son at the age of 83.

Private funeral services and burial will be held tomorrow in Princeton, N. J., her home for many years.

She had come to Baltimore to help her son, Richard F. Cleveland, celebrate his fiftieth birthday.

The Cleverlands had five children, four of whom survive.

In 1913, five years after Mr. Cleveland's death, Mrs. Cleveland married Preston, a retired professor of archeology. They settled on

To help relieve congestion, coughing, muscular soreness, rub on warming VICKS VapoRub

### LOST 36 POUNDS WITH THIS HOME RECIPE

Barcetrane is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your drugstore and ask for 4 ounces of liquid Barcetrane. Pour the contents into a pint bottle—add enough grapefruit juice to fill bottle. Then take just two tablespoonful a day. That's all there is to it. If your first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves—if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles; just return the empty bottle for your money back. You need never know a hungry moment while taking Barcetrane—no starvation diet—no printed diet list to buy—no vitamins to fortify you against weakness while going hungry, for you WON'T be hungry.

Here is what Mrs. D. W. Ezer, 1823 20th St., Galveston, Texas, says about Barcetrane, "It is your privilege to know the fine results I obtained from your wonderful product—Barcetrane. I weighed 208 pounds when I commenced to take it. I now weigh 172, a loss of 36 pounds, and best of all I feel fine; have good healthy flesh—no flabby skin after reducing." You can get Barcetrane from any drugstore in Texas.

FOR FOOD ABROAD

Government Seeks Plan To Coax Grain Off U. S. Farms

WASHINGTON, Oct. 30. (AP)—The internal revenue bureau has joined the agriculture department in a search for means to coax stored grain supplies off the farms to ease shortages at home and abroad.

Senator Wherry (R-Neb) that the bureau has "under study" a plan to let grain producers apply part of their 1947 receipts on 1948 incomes.

Wherry had informed Schoeneman that "any number of farmers" are "holding their wheat and other farm products until next year because of the high income taxes."

Secretary of Agriculture Anderson has talked of starting a program of direct Federal grain purchases from farmers, thus bypassing the regular exchanges, and specifying that payments would apply in the 1948 tax year.

In making his suggestion to Schoeneman, Wherry said in a letter he had learned that the practice of holding some crops off the market to avoid too heavy taxes in any one year is "more or less usual."

"Isn't there some way the farmers could be coaxed into marketing their crops but apply the sales price on their 1948 incomes?" Wherry asked.

"Many farmers told me if this could be done they would market great quantities of badly needed farm products right now. I am sure solution of this problem would be a major factor in making a dent immediately in the high cost of living and the foreign relief program."

Schoeneman said the bureau will advise Wherry when it has reached a conclusion.

He gave no indication of the bureau's attitude toward the plan.

Settles, Youth Score Victories

Settles Beauty shop and Youth Beauty scored narrow victories in Women's Classic Bowling league play at the W. Texas Recreational center Wednesday night, defeating Modern Cleaners and Nathan's Jewelers, respectively.

Each of the teams won two out of three games.

Led by Faye Johnston, Youth walked away with scoring laurels, registering a 2093 aggregate after tacking up a 720 for game high.

Mary Ruth Robertson was out in front in individual scoring, pegging a 523 after posting a 200 in one outing. Mrs. Robertson wears Modern Cleaners' colors.

A simple, unusual flower container may be made by hiding a small water container inside a carved-out gourd, squash or pumpkin.

TWAS A GOOD TRIP — Herman Van Eck, 16-month-old, is made ready for a return trip to Amsterdam, Holland. He was flown to Philadelphia for removal of paint flakes from his windpipe and lungs. The successful operation was performed at Temple University Hospital. (AP Wirephoto.)

Nittany Lions Boast Finest Defensive Mark

NEW YORK, Oct. 30. (AP)—Penn State's granite-ribbed rushing defense was cracked wide open as West Virginia gained almost three times as much ground as its predecessors last Saturday, but it's still tighter than a "New Look" corset.

Last week's National Collegiate Athletic bureau figures showed the Nittany Lion line yielding but an average of five inches per try on the ground.

This week, as a result of the West Virginia game which Penn State won, 21-14, it's now 14.4 inches per crack.

For the second straight week the Penn Staters lead the nation in both total defense against rushing and passing, and in rushing defense. The enemy has averaged only 69 yards per game in combined rushing and passing, and has dented the line for only 10.8 yards per game in five games.

The Lions yielded only 54 yards in 135 ground thrusts.

West Virginia, third in rushing defense the week before, was tumbled clear out of the first 15 by Penn State, which held a statistical edge miles wider than the 21-14 score would indicate.

North Carolina state (105.8 yards average per game), and Georgia Tech (125.4) rank second and third and Texas Christian (136.3) advanced from seventh to fourth at Oklahoma's expense in total defense. Baylor (128 yards) is fifth.

Notre Dame dropped from first to third in forward pass defense when Iowa completed nine out of 22 for 84 yards, or more than the Irish had yielded to enemy passes

Ackerly Plays Union Friday

ACKERLY, Oct. 30. — The Ackerly Eagles will host the Union Bobcats in a District Four six-man football game here Friday afternoon in a contest that should decide the circuit championship.

The Eagles are undefeated in league play while the Cats dropped an early season decision to Knott, which later lost to Ackerly.

Billy Brown, the leading Eagle scorer with 34 points, is the top Ackerly threat. Gerald Rogers had counted 44 points for Ken Baggett's Ackerly clan while Dwain Williams isn't far behind with 37.

Chief Union threat is Billy Lambright.

Ackerly stores are closing for the game. Hallie White, newly elected football queen at Ackerly high school, will be crowned at half time.

In their three previous games—75. North Carolina again led the nation's punting teams with an average of 44.5 per punt in 36 efforts.

The South continued to keep its clutch on the top punting spots as Virginia ranked second and Miami, Fla., third.

Figures included: Rushing defense—1. Penn State, 10.8 yards average yielded per game for five games; 2. Wake Forest, 39; 3. Baylor, 59.2.

Forward pass defense—1. Colorado College, 29 yards average yielded per game; 2. North Carolina State, 32; 3. Notre Dame, 39.8; 4. Texas Christian, 42.7.

Punting—1. North Carolina, 44.5 yards average per punt; 2. Virginia, 43.7; 3. Miami (Fla) 43; 4. Holy Cross, 42.8; 5. St. Mary's, 42.3; 6. Duke, 41.9; 7. Texas Mines, 41.9; 8. North Carolina State, 41.7; 9. Kentucky, 41.5; 10. Texas, 41.2.

IN AUSTIN

Ban Is Talked On Closed Meetings Of State Boards

AUSTIN, Oct. 30. (AP)—When three separate state boards recently selected the same day to close their doors to the press and public for policy discussions and action, it started new talk of a law to ban such secret sessions.

Reporters assigned to cover the capitol have two outstanding beefs about the officials and bodies with whom they deal.

First is the off-the-record statement—frequently delivered gratuitously but for some definite if concealed reason—that hamstrings their efforts to inform the public of what's going on.

Second is the executive session of some committee, commission, or board making decisions of public interest and spending public money.

The matter of most immediate and urgent concern is that of secret sessions because there is a definite trend of increase. It was merely brought into sharp focus on Oct. 13 when the game, fish and oyster commission, the state board of education, and the board of plumbing examiners all excluded the press from portions of their meetings at which presumably touchy questions were discussed.

The State Board of Health is the only such agency of the state required by law to hold open meetings. On the other hand, there is nothing in the law permitting or even encouraging iron curtains.

In fact, the libel laws require that published reports of proceedings before such boards be correct, adequate, and impartial. It would seem that this at least carries an implied obligation on the part of public agencies to make all that happens before them available to the reporters who shoulder this responsibility.

The state constitution requires that legislative proceedings be open "except the senate when in executive session." The senate—also empowered by the constitution to make its own rules—has for many years held such closed sessions when considering nominations by the governor.

Another senate rule provides that a committee hearing a bill may act upon it in executive session, but only after a public hearing has been concluded. A further limitation is that a record of such session be kept, and left open for public inspection.

This latter rule is seldom invoked even in the most delicate legislative matters. The closure rule on nominations is followed strictly, and efforts during the past two sessions to abolish it have been defeated. Almost any Senator,

however, will admit privately that when the upper house gets in a snarl that it feels it can not untangle publicly, it goes into executive session presumably to talk about some appointee, but actually to speak out frankly on some bill without the inhibitions imposed by the presence of reporters.

Capitol correspondents can not see any logic in a system which requires laws to be enacted publicly, then permits them to be administered privately.

There is hardly a state board that has not at some time or another shut its doors, although the records of some are better than others.

The Railroad Commission holds public hearings on controversial issues. Its decisions may be arrived at sometimes in closed meetings, but no citizen is barred from the proceedings at which testimony is developed upon which to base these decisions. This correspondent has heard no complaints in recent years about the Railroad Commission's policy on the matter.

The Game Commission itself seldom holds an executive session, and until the recent row over acquisition of surplus army lands near Brownwood, it has held full public hearings before deciding on policies.

The Board of Control frequently hears controversial questions discussed in private, with the parties to a dispute having the opportunity to air their views, but with the press barred.

The Board of Regents of the University of Texas has until recently followed a policy of holding the greater part of its meetings in executive session. Reporters sat in on proceedings which for the most part appeared highly routine.

At the Regent's October meeting, however, the press was admitted throughout and discussions were "on the record."

For years, the State Highway Commission has been holding

public hearings on road applications and similar matters, but some controversial questions and most decisions have been made in executive sessions. Recently, the Commission informed the press it would be welcomed at any session it cared to attend.

These policy changes by two important state agencies followed considerable public discussion of the question of open meetings.

Please DON'T MAKE CHAIN CALLS on Party Lines Did you have trouble reading that headline? There's a reason. There are no spaces between the words "Don't Make Chain Calls." "Chain" calls cause trouble on party lines. Other folks on the line can't make calls, and no one can call in while the "chain caller" goes down his list. If you have a party line and have a number of calls to make, the friendly, neighborly thing to do is allow...a...little...time between calls. That gives others on the line a chance to call or be called. SOUTHWESTERN BELL TELEPHONE COMPANY

The Bigger the Better in Texas! And bigger, better Pepsi-Cola gets the call. There's no bigger, better drink—no bigger, better bargain. See what you get in every bottle—12 full ounces of finer flavor, highest quality, top-drinking pleasure. Remember, the proof of Pepsi's in the drinking—in every tall 12-oz. bottle. Any time and every time, it pays to call for good good Pepsi-Cola. Buy one—buy six—buy plenty. 5¢ PER BOTTLE Get it now! Ice it up! Drink it down! ## U. N. Group To Meet With Dutch

BATAVIA, Java, Oct. 30. (AP)—The United Nations good offices commission returned by plane from Jogjakarta this morning and was expected to confer later today or tomorrow with top Dutch officials concerning the site for future negotiations between Dutch and Indonesian representatives.

The commission planned to return to the Indonesian capital within the next three days for further meetings with Republican officials. Indonesian Vice Premier A. K. Gani and Deputy Foreign Minister Tamsil, who accompanied the three-power group to Jogjakarta, also returned here with the commission.

An informed source said that Indonesian leaders had specified to the commission yesterday that future Indonesian-Dutch negotiations must be held in an area not under Dutch control. Singapore has been mentioned as a possible scene, although the Dutch thus far have insisted on Batavia.

## MORE TEXAS INDUSTRY

# Daingerfield Plant Taps Vast Iron Resources In 16 Counties

DAINGERFIELD, Oct. 30. (AP)—Another of east Texas' vast natural resources—iron ore fields scattered over 16 counties—was tapped today to bring the section another big industry.

While hundreds watched, smoke billowed and conveyors moved to stir into action a sprawling plant near this Morris county center for the processing of the ore into pig iron that eventually will find its way into automobiles and innumerable other articles made of steel.

Federal state and civic leaders from many Texas towns partici-

pated in dedicatory ceremonies set for noon.

Born of wartime necessity, the mammoth plant is operated by the Lone Star Steel Co., a Texas corporation. It is one of the most modern of its kind in the world.

The total area of ore land immediately available is 32,070 acres, most of it within a 12-mile radius of the plant. The ore is 40.75 limestone and 40.47 siderite, the principal ingredients of pig iron.

The plant, units of which are scattered over several square miles, will consume the equivalent of two freight train loads of raw material a day. Its maximum daily output is 1,200 tons.

Four hundred people will be employed at the start.

Operations call for top-surface mining. The ore is dished up by bulldozers and draglines and dumped into trucks for a mile and half trip to the beneficiation plant, a \$4,000,000 unit.

Here the soil and ore are separated and the ore washed and crushed. The ore is next dumped into rail cars for a 3 1/2-mile trip to the blast furnaces. Coke and limestone are added to the ore in the furnaces after which the mol-

ten metal is poured into castings, known to the industry as pigs.

The coke oven battery consists of two sections of 39 ovens each. Three coal mines in Oklahoma, also operated by Lone Star Steel, supply coal for the plant.

Limestone comes from Chico, in Wise county.

Pig iron will not be the only product. A by-products unit has been in operation since August. It recovers from the ore process benzol, xylol, toluol and other light oils and ammonium sulfate, tar and coke oven gas. Another marketable item is tailings for road ballast and other similar uses.

A part of the plant's pig iron output already has been contracted for by two of the nation's largest automobile manufacturers, Kaiser-Frazer and Ford. At present two-thirds of the output is reserved for veterans housing.

Lone Star Steel is operating the plant under lease from the War Assets Administration, but a meeting of stockholders has been called to consider outright purchase of the properties for \$7,500,000.

The plant cost the government \$37,000,000.

## LEADS SIMPLE LIFE Rejects Pay Raise

CANBERRA—Australia's dour Labor Prime Minister Joseph B. Chifley has refused a sizeable increase in salary, because he said, "My needs are simple."

He asked the Parliamentary Labor Party to drop a proposal that his salary should be raised to approximately \$16,200 a year, adding the extra money "would only embarrass me."

The prime minister at present receives about \$14,500 a year—the exact amount is not disclosed.

Pointing up his "simple needs," Chifley marked his 62nd birthday a few days later with a typical 12-hour working day. He was up at 6 a. m. at the prime minister's residence, The Lodge, and made his own cup of tea.

He was first in line in the Parliament House barbershop for a hair-cut, was in his office at 8:45 and settled down to his mail.

One of the first letters Chifley saw that day was formal advice from the Australian Federated Union of Locomotive Enginemen that he had been made a life member of the union in acknowledgment of "splendid services during many years of active association."

Chifley was a locomotive engine-driver before he entered politics.

Only recently he moved his Canberra living quarters from a simple hotel room to the Lodge. Mrs. Chifley mostly has remained in the country town, Bathurst, living in the small cottage they bought when Chifley was an engine-driver.

## Solon Hits Vet Firing

WASHINGTON, Oct. 30. (AP)—Rep. Rees (R-Kan) said today the government is firing more war veterans than it is hiring although such federal workers "were promised and have every right to job security."

The federal payroll stood at 2,021,760 at the end of September, Rees said, and 818,840 were war service and temporary employees.

He declared the civil service commission has made "little progress" in replacing these with career government workers and veterans who are supposed to have precedence.

During September, the chairman of the House civil service committee added, 34,897 veterans were dismissed from Federal jobs while 26,390 others were hired, a net reduction of 8,500.

## CAR NEEDS MUSCLE POWER

AUSTIN, Oct. 30. (AP)—Notice on a student bulletin board yesterday at the University of Texas:

Wanted: two big, strong athletes for ride of uncertain duration toward Dallas in 1926 Ford "straight four" with intention of seeing SMU game. Leave in plenty of time.

Need a Heater? For Car or Truck

**BIG SPRING MOTOR CO.**  
Has It.

## IN NEXT CONGRESS

# Chances Look Bright For Cut In Duplication Of Taxes

WASHINGTON chances of a cut-down in overlapping taxation by federal and state governments look brighter than in years—but not too promising at that.

Of about \$39,000,000,000 in federal and \$5,000,000,000 in state collections in fiscal 1946, more than 90 percent came from taxes levied at both levels on the same things.

The dual levies were income, death, gift, liquor, tobacco, gasoline, admissions and stock-transfer taxes.

Reasons why chances for relief from some of this overlap are brighter than usual include:

1. General revision of the federal tax system for the first time in a considerable period is to be studied by Congress at its next session. The administration has encouraged this study.

2. A number of senators and representatives who attended a recent Chicago conference with 11 governors agreed something should be done, and that the federal government should take the first step by giving up certain tax fields to the states.

But that last suggestion points up why the outlook is not too promising: both the federal and state governments require a lot of revenue to pay for their operations, and each is inclined to favor having the other fellow pull out to end overlaps.

A Treasury Department tax analysis of the question suggested guardedly that the federal government might well pull out of the gasoline tax field—"in exchange for state withdrawal from another field." It hinted at state withdrawal from tobacco taxation.

On the other hand, it said, conflicts between federal and state income taxes are "not as broad as appears at first sight" and that, furthermore, taxpayers might as well assume they'll have to keep on paying both.

Latest available figures on collections are for the fiscal year 1946, the 12 months ending June 30, 1946.

During that period, the Treasury Department said, 76.9 percent

is "of secondary importance."  
6. Inheritance, estate and gift taxes—Less than two percent (\$677,000,000) of federal and less than three percent (\$143,000,000) of state collections come from this source. There's a problem of overlapping among the states as well as between the states and the federal government.

The District of Columbia has 34 miles of railway lines.

**Cupids Inn Cafe**  
Home Made Pies A Specialty  
Best Food — Coldest Beer  
Moderate Prices  
ADRIAN A. PORTER  
304 E. Third

(\$18,705,000,000) of federal and 16.9 percent (\$395,000,000) of state collections were from income taxes.

Neither is likely to give up such an important source of revenue. The Treasury analysis said an integrated program might smooth out some conflicts, though.

Here are some further Treasury views on overlapping taxes:

1. Tobacco—38 states tax it. It's the ninth best producer of state revenue, yielding \$199,000,000. It accounts for only 2.9 percent of federal collections—but that's \$1,166,000,000.

It's naturally easier for the federal government to administer tobacco taxes. It collects from the relatively few manufacturers. States have to collect from wholesalers, retailers, and even consumers.

2. Gasoline—The states got \$900,000,000, or 18 percent of total revenue, from this. Federal gasoline collections, though amounting to \$406,000,000, were less than one percent of all federal revenue.

The report said it might be well for the government to quit taxing gasoline—limiting its spending on highways proportionately.

3. Liquor taxes—During fiscal 1946 the federal government got \$2,526,000,000, or 6 percent of all revenue. The states got \$466,000,000, or about 10 percent from this source.

One suggestion is that the states quit this field under arrangement that the federal government which collects its tax from the distilleries and warehouses, increase its levy and distribute the extra revenue among the states.

4. Amusement taxes—The federal government got \$415,000,000 from taxes on admissions in fiscal 1946. The states got \$12,000,000, not counting collections from admissions under general sales taxes.

5. State sales taxes and federal manufacturers' and retailers' excises—27 states now impose sales taxes duplicating specific federal excises on communications, transportation, luxury and other goods and services. But duplication here

# Yearlings, B Team In Action Tonight

Starting Time  
Is 6:30 P. M.

Hard, bruising football is in prospect at Steer stadium this evening, when two games featuring local teams are booked.

The opener, slated to begin around 6:30 p. m., sends Jim McWhorter's Ninth grade Yearlings out against the Lamesa Junior high team.

Immediately after that struggle is completed, the B teams of the two schools will take the field. The local reserves trounced the Lamesa, 18-0, several weeks ago and will be slightly favored to turn the trick again.

Gerald Burrows, Carrol Cannon, Johnny Hooper and Virgil Roundtree lead the Short-horns into action. The Big Spring line is anchored by Cecil Gilstrap and Joe Bailey.

Since tripping the Lamesans, the Dogies have twice subdued Odessa and dropped a close decision to Sweetwater.

McWhorter's team has had trouble getting started this fall but appears to be clicking on all cylinders now.

The teams don't go in for much trickery. Rather, they seem content to hit and hit and hit some more.

## Riegel Entered At Mexico City

MEXICO CITY, Oct. 30. (AP)—The 22nd Mexican amateur golf tournament gets underway today with only a few outsiders vying for honors with Mexican golfers.

Best score in practice rounds was a 67 turned in by John Barman of Chicago, Ill., for the par 72 course.

Other entries include Bobby Riegel, Houston, 1943 Mexican champion; Rolly Selby and Ed Herron, Houston.

## BIG SPRING DAILY HERALD

SPORTS THURSDAY, OCTOBER 23, 1947 EDITORIAL

### TO SEE CLASSIC

## Longhorns Take Off For Denison Date

The Big Spring high school football team left for their weekend assignment in Denison at 9 o'clock this morning and were to spend the night in Wichita Falls.

The trip was one of the longest ever undertaken by a Big Spring team. The Steers, who will work out briefly in Wichita Falls after their arrival, will come back by way of Dallas where they will be guests at the Southern Methodist - Texas University football game Saturday afternoon.

Pat Murphy's troops are decided underdogs in the struggle. Denison was a pre-season favorite to cop the title in District 5AA. The Jackets have not lived up to all expectations but are salty, when considered by any measuring stick.

In six outings to date, the Jackets have rolled out 94 points while limiting the common foe to 53. They succumbed before the onslaught of the mighty Wichita Falls Coyotes, 26-0, and dropped a 14-7 decision to Amarillo. Paris tied them last week, 7-7, and Forest of Dallas held them to a scoreless standoff earlier in the year. In other games, they beat San Angelo, 19-6, and pulverized Bonham, 61-0.

The Big Springers will be seeking their second victory. They opened with a 25-6 win over Cisco but since have dropped decisions to Childress, Odessa, Lamesa and Brownfield.

## LOOKING 'EM OVER

With TOMMY HART

There's no rest for the weary, as the saying goes. In the case of the local baseball brain trust, composed of Claude McAden and Pat Stasey, that goes double. The two Irishmen are shouldering the job of seeding the State Street baseball park and the infield. It's a big project but the pair want to have the infield looking like a billiard table by the time spring training rolls around.

Pre-season drills are still nearly six months away but McAden and Stasey don't figure on resting until the job is behind them.

The high school, which owns the field, is going to cooperate by furnishing the fertilizer, the seed and so forth but McAden and Stasey are to be given free rein in preparing the field for play.

The baseball chieftains are trying to interest local parties in creating a fund for the addition of two sections of steel bleachers at the plant. The current steel section seats less than 1,000 persons. At least another thousand permanent seats should be added.

Temporary bleachers, most of which were purchased by the McAden-Stasey combine, brings the seating capacity of the stadium up to around 1,500 now. Claude and Pat figure they can still make use of the bleachers if the steel sections are added.

Their fond hope is that the sections, which would extend to the end of the box seats installed and paid for by the ball club last season, will be in place by the time the first ball is thrown in spring training. The club lost revenue this year because it had no chance to play exhibitions. No exhibitions were played here because the park was not ready.

For those who think McAden and Stasey should finance the proposed additions to the park, they should be acquainted with the record. In the first place, the boys are renting the park. The plant is owned by the schools and is more or less a community project. In the second place, they shelled out something like \$2,000 for permanent improvements (e. g., a concessions house), an investment that became the property of the school. The boys were glad to do their part in building the plant but feel like they've done their part.

Local contractors are now making estimates on what the proposed additions would cost. A drive may

be launched in the not-too-distant future for the necessary capital to finance the improvements.

Hal Battle, the former Big Spring grid guard great, is getting to play "all he wants to" for the Sul Ross Lobos this fall, he told friends here on his visit last week. Hal was moved to center when he reported to Coach Red Pierce and seems to revel in the rough stuff.

Battle, who played under Pat Murphy here in 1940 and later was a line standout in service football abroad, will work toward his degree and then cast his lot in the coaching profession.

Kirby "Tex" Watkins, the Post wrestler who was active here several weeks ago, is now working the El Paso circuit and gets as far up the T & P as Odessa occasionally.

Some observers see the Southern Methodist football campaign this year as a parallel to the 1935 season, the year the Mustangs went to the Rose Bowl.

The Ponies that year were ranked behind Rice Institute's Owls and the TCU Frogs. Rice had Bill Wallace and John McCauley, two All-American backs, TCU the redoubtable Sammy Baugh and hard-running Jimmy Lawrence.

The Cayuses were given no serious title consideration until they collided with Rice and escaped with a 10-0 victory. Bobby Wilson, a great climax runner, earned himself lasting glory in that game.

Later the Mustangs invaded Los Angeles and thrashed the UCLA Bruins, 21-0. They hurled Texas, 20-0, then came up to the final game with TCU and picked up the marbles in that one, 20-14.

This year they come down to the Texas game with the same record.

## State Asks Time To Brief U. T. Case

AUSTIN, Oct. 30. (AP)—More time for completion of its brief answering the admission to the University of Texas was asked yesterday by the state.

Attorney General Price Daniel filed a motion asking the deadline for submission of the state's brief be moved from Nov. 1 to Nov. 15. Attorneys for Sweat agreed to the motion.

Attaches of the court said the case, appealed from Travis county district court by Sweat, probably will not be set for hearing before Jan 1 unless an advanced hearing is sought by one of the two parties.

## Raider Cagers Open Season Here Dec. 1st

LUBBOCK, Oct. 30.—The Texas Tech basketball schedule for the 1947-48 season will include 24 single games and one tournament appearance. Coach Polk Robinson has announced. Tech will play six games on the road before taking on McMurry college of Abilene Dec. 12 in the first home encounter.

The season will be launched the night of Dec. 1 when the Red Raiders meet the Hardin-Simmons Cowboys in a non-conference game at Big Spring, concluding the Clarence Fox coaching school. Hardin college will be met in Wichita Falls Dec. 4 and the Raiders will move into Fort Worth Dec. 5 and 6 to clash with Texas Wesleyan and Texas Christian in the double-header program at the coliseum. On Dec. 8 and 9 Rice and Texas are to provide opposition in another double-header program at Houston, with LSU as the other team.

Tech's tournament appearance will be in the All-College program in Fort Worth on Dec. 29, 30 and 31. SMU, TCU, Texas Wesleyan, Texas A&M, North Texas and LSU also are to participate.

The Hardin college five will come to Lubbock Jan. 6 for the only other non-border conference game scheduled. Conference games include:

- Dec. 17—New Mexico at Lubbock.
- Dec. 18—New Mexico A&M at Lubbock.
- Jan. 9—Arizona at Lubbock.
- Jan. 14—Arizona at Tucson.
- Jan. 15—Arizona State at Tempe.
- Jan. 16—Arizona State at Flagstaff.
- Feb. 6—Texas Mines at Lubbock.
- Feb. 9—Hardin-Simmons at Abilene.
- Feb. 12—Arizona State of Tempe at Lubbock.
- Feb. 13—Arizona State of Flagstaff at Lubbock.
- Feb. 18—New Mexico at Albuquerque.
- Feb. 19—New Mexico A&M at Las Cruces.
- Feb. 20—Texas Mines at El Paso.
- Feb. 24—West Texas State at Lubbock.
- Feb. 27—Hardin-Simmons at Lubbock.
- Mar. 1—West Texas State at Canyon.

## Lucas May Play For Christians

FORT WORTH, Oct. 30.—T.C.U.'s Horned Frogs will go against Baylor Saturday in just about the best physical condition of the year—barring practice injuries this week.

Jim Lucas, tagged in early September as Coach Dutch Meyer's No. 1 tailback, may play his first down of the year against the Bears.

Big Don Narrell—heaviest man on the Frog squad at 240—will be back at his tackle post. Fullback Otis McKelvey will be in shape to play some if needed. Wingback Jerome Blazek, who looked potent in early contests, is about ready for duty.

For the most part, however, recovery of the crimps merely deepens the reserve strength. Carrying the load for the Frogs will be the approximately 22 men who have been in there most of the way since the Arkansas game.

Overconfidence on the part of his players is Coach Meyer's greatest worry. He's afraid that that 50-point margin on relative scores (TCU 26, Texas A&M 0; Texas A&M 24, Baylor 0) will get the Frogs to thinking they're good. The Dutchman has another comparison figure for you. He warns his boys that the Bears are also 14 points better than the Frogs—Arkansas 6, TCU 0; Baylor 17, Arkansas 9!

## Horn Favored At Arlington

ARLINGTON, Oct. 30. (AP)—Ted Horn, the National Champion automobile driver, sees a big-time racing circuit next year comparing favorably with professional golf—both in number of events and money that can be won.

Here to defend his title in the last race of the year in the American Automobile association sponsored series, Horn, the Paterson, N. J., flyer, commented on the boom that has come to the driving game and said he expected twice as many events next year.

There have been eight thus far this season—Indianapolis, Milwaukee, Langhorne (Philadelphia), Lakewood, Ohio, Bainbridge (Cleveland), Goshen, N. Y., Milwaukee again and Springfield, Ill. The ninth will be run Sunday at Arlington Downs, bringing big-time racing to Texas for its first showing.

That the people are interested is attested by the fact that a crowd of 30,000 is expected for the race here. Horn and Bill Holland of Bridgeport, Conn., will settle the championship. They are so far ahead in points no other driver has a chance and all Horn has to do is finish as high as fifth to win the title even though Holland, grabbed first money.

The Arlington Downs race, over 100 miles, is a \$10,000 event. It was to have been held last Sunday but was postponed because of rain.

A jar of dried beef on the shelf is a life-saver for emergency meals. Try a casserole of boiled noodles, shredded dried beef and cheese sauce. Good for lunch, dinner or supper.

## Happy, Sox At Loggershead Over Commissioner's Edict

### Club Suspended By Commissioner

CINCINNATI, Oct. 30. (AP)—Baseball Commissioner A. B. (Happy) Chandler's office promised a "statement of facts" today following suspension of the Chicago White Sox and General Manager Leslie O'Connor yesterday in a case pivoting on an alleged violation of the national pastime's high school rule.

O'Connor and the American league club were suspended, Chandler's secretary, Walter Mulbry said, after the general manager refused to remit a \$500 fine levied in the signing of 17-year-old George Zoeterman, a Chicago Christian high school pitcher who won't finish his studies at the Lutheran institution until January.

Himself a strict enforcer of baseball law during 24 years as aide to the late Judge Keneaw Mountain Landis, Chandler's predecessor, O'Connor so far has said only that he was suspended from baseball, but doesn't want to talk until he issues a statement later.

Mulbry said last night that both O'Connor and the club would be reinstated immediately if the fine was paid, but the White Sox boss indicated he would fight the Chandler edict. The ball club's executive officer released a statement, however, terming the suspension an illegal act and an attempt "to coerce the club and Mr. O'Connor in the submission to his (Chandler's) illegal acts."

Signing of Zoeterman, a promising southpaw who hurled in batting practice for the White Sox and made the club's last eastern swing of the 1947 season, was the second time, said the commissioner's office, that the Chicago organization had been fined by Chandler. Last March, his office reported, the White Sox were fined \$500 for a similar complaint involving one George Murphy, a high school student.

As originally drafted by a major league committee of which O'Connor was a member the high school rule applied only to schools holding membership in the National Federation of High School associations.

Baseball sources claimed the rule never was amended but Mulbry said that after its adoption two bulletins were sent to club owners advising them Chandler would interpret the rule as applying "to all high school students."

The suspension, he explained, bars both the club and O'Connor from participating in any of baseball's "transactions and activities," including the major league player draft Nov. 10.

Mulbry said he "assumed" the team couldn't play ball if the fine were not paid by the start of next season and added, without elaboration, "but the commissioner would take more definite action."

In its statement last night, the White Sox executive office said "Chicago Christian high school is not a member of the association. (Officials of the school verified this and reported it is accredited by the state as a private school.)"

"The commissioner in voiding our contract with this player and in fining the club violated his own rules of procedure, the baseball rule under which he purports to act and various other provisions of the major and minor league agreements and rules and also the law of the land."

## Football At White Oak Family Affair

LONGVIEW, Oct. 30. (AP)—As long as there has been a White Oak school football team, there has been a McGee in the lineup.

The White Oak Roughnecks played their first football game in 1935. Beryl McGee was in the backfield. Since then no White Oak team has taken the field without a McGee in uniform.

Kenneth McGee was second, followed by Coy, who is now a possible All-America halfback at Notre Dame.

The remaining two McGee brothers, Randal and Max are still playing at White Oak. Randal finishes high school next spring, but Max has two more seasons.

White Oak and the McGees are doing all right, too. The Roughnecks have not been defeated in District 22-A since 1940, and they won three regional crowns in five years.

This season they have won six straight games.

## Elected Bank Head

WICHITA FALLS, Oct. 30. (AP)—Charles P. McGaha, oil operator in the Wichita Falls and Mid-Continent area since 1923, has been elected president of the City National Bank of Wichita Falls.

He succeeds Wily L. Robertson who resigned effective Nov. 1.

CHANDLER AND O'CONNOR — Baseball Commissioner A. B. (Happy) Chandler talks with Leslie M. O'Connor, general manager of the Chicago White Sox, in Chicago in 1945 when Chandler appointed him "special assistant to the commissioner." O'Connor was suspended by Chandler, it was announced, for failing to pay a \$500 fine for violating the rules in connection with the signing of a high school player. (AP Wirephoto).

### Sports Roundup

## National Pro Circuit Gets A-A Challenge

By HUGH FULLERTON, JR.

NEW YORK, Oct. 30. (AP)—Adm. Jonas (The Needle) Ingram has challenged the National Football league on behalf of the first and second-place teams in the All-America Conference without results.

Now why not have the Rockets challenge the Giants to settle which is the worst team. At least it would give one of them a chance to win. . . . The conference, incidentally, is plugging three kicking specialists, Lou (The Toe) Groza, Joe (Little Toe) Vetrano and Ben (Toeless) Agajanian. . . . Would you say they're trying to get a toe-hold on pro football? . . . The city of Miami is taking over the old Miami Biltmore golf course, which has stood idle since Pratt General hospital was closed in July. The announcement said playing fees will be about \$2.50 daily for winter visitors and "within reason" for year-round residents.

Quote, unquote . . .

Dizzy Dean (in a recent interview): "What baseball needs now is more talented fools and fewer untalented businessmen players."

Shorts and Shells . . . Gibby Welch, the old Pitt star, is cooking up a 20-year reunion of the Panthers who played against Stanford in the 1928 Rose Bowl game, Jan. 2. . . . Dick McGuire's kid brother, Al, is a freshman basketball player at St. John's U. and looks like a good one. In scrimmage the other day, the varsity couldn't stop Al until Dick, who isn't particularly noted as a defensive star, was given the task and according to all reports they just about ripped up the gym.

HURT IN CRASH . . . GALVESTON, Oct. 30. (AP)—Wilbur Sheridan, 29, Houston, was critically injured here last night when his car overturned on Highway 75.

James D. Robertson, 22, Los Angeles, suffered a fractured right arm.

## Corsicana-Waco Encounter Tops

Schoolboy football teams face a lot of leveling up this weekend in preparation for the November championship stretch when 16 district titlists will be determined. Leading the list is the battle between undefeated, untied Corsicana and once-defeated Waco. Also in the undefeated, untied bracket, Wichita Falls plays Quannah, Austin (El Paso) meets Blaine, Ariz., Marshall engages Henderson, and Corpus Christi tackles Lake Charles, La. Unscored on Longview and Odessa take the week off.

It's stag night. The game is in full swing. From the big smiles surrounding the Y-B Cigarettes it's a cinch they're still the king. The result of blending fine imported Cuban and Puerto Rican filler tobacco. Try a Y-B today. BUY AND BUY Y-B!

**Sauteed Calf Liver**

Remove the skin and veins from slices of calves' liver. Season with salt and paprika. Dredge them in flour. Saute pieces in hot bacon drippings or melted butter or margarine until done (a matter of 2 or 3 minutes). Serve with crisp bacon. If you wish to serve onions with the sauteed liver, saute them and keep hot on the side. Cook liver on one side and when you turn heap the onions on the cooked side and continue to cook the liver until done.

**Make Cookie Witches For Halloween Parties**

By CHARLOTTE ADAMS  
Associated Press Food Editor  
A charming set of cookie cutters in plastic, which tell the story of Hansel and Gretel, is fun to use for cookies for children at any time of year.  
Right now, however, for Halloween, the cutter which makes an old witch comes in particularly handy. You can give her a broom-

cleaner, with an orange paper brush attached, and she'll look like the personification of All Hallow's!

Cookies make attractive decoration for a children's Halloween party table, and can then be eaten up at the end with the orange ice or other timely dessert provided for the party. Here are a few good recipes for cutting with the Hansel and Gretel or other cutters:

**Spice Cookies**  
2 cups cake flour  
1 1/2 teaspoons baking powder  
1-2 teaspoon salt  
1-2 teaspoon cinnamon  
1-4 teaspoon allspice  
1-4 teaspoon cloves  
1 cup sugar  
1 egg  
1/2 teaspoon vanilla  
1 tablespoon top milk  
1-3 cup shortening  
1-4 teaspoon ginger

Mix and sift 1 1/2 cups flour, baking powder, salt and spices. Cream shortening and sugar. Beat in slightly beaten egg, vanilla and cream. Stir in flour-spice mixture and add enough additional flour (about one-half cup) to make a fairly stiff dough. Chill at least 1 hour in the refrigerator. Roll 1-8 inch thick on a lightly floured board, cut with floured cookie cutter, and bake on ungreased baking sheets at 400 degrees for 8-10 minutes. These cookies will store well in a tightly covered container.

**Molasses Cookies**  
1 cup molasses  
1-2 cup shortening  
1-2 teaspoon cinnamon  
1-4 teaspoon salt  
1 teaspoon soda  
1 tablespoon water  
1 1/2 teaspoon ginger  
2 cups flour (about)

Bring molasses and shortening to the boiling point. Cool and add spices, soda, water and salt. Beat well. Then add enough flour to make a stiff dough. Roll very thin, cut out as desired, and bake at 350 degrees for 5-8 minutes. Do not overbake as these cookies scorch very easily.

**Cut-Out Molasses Cookies**  
1-2 cup butter or margarine ...  
1-4 cup sugar  
3-4 cup old-fashioned molasses  
1 teaspoon vanilla  
1 egg well beaten  
2 1/2 cups sifted flour  
1-8 teaspoon anise powder  
1-4 teaspoon baking soda  
1-4 teaspoon salt  
1 teaspoon baking powder

Cream the margarine or butter and the sugar. Add molasses gradually, then vanilla and the egg, and stir in a little at a time to make a stiff but not too dry dough. Mix until well blended. Wrap in waxed paper and chill for an hour. Roll thin on a lightly floured board. Cut into fancy shapes with a cookie cutter. Bake on ungreased cookie sheet in 350 degree oven 8 to 10 minutes. Cool and frost with orange frosting, perhaps picked out and defined with chocolate.

**Chicken Casserole**  
1 small fowl  
1 chopped onion  
2 stalks celery  
1 bay leaf  
Sprig of parsley  
2 whole cloves  
Fleisch of thyme  
Salt  
3 whole black peppers  
2 onions  
2 tablespoons butter or margarine  
1 1/2 cups sour cream

Cut the fowl up in pieces and place in a kettle. Cover with hot water and add the chopped onion, celery, bay leaf, parsley, cloves, thyme, salt and whole peppers. Cover and simmer gently until the chicken is tender. Let pieces of chicken cool in the stock. Remove meat from bones. Saute the 2 onions, finely minced, butter or margarine but do not brown. Scald sour cream and stir into the onions. Mash through a sieve and cook until blended. Season with salt and freshly ground pepper and pour over the chicken. Serve in a casserole.

**Soups And Stews For Cold Weather**

When you "boil it all down," the most of the suggestions for cutting food costs could be summed up in the simple statement, "Serve stews and nourishing soups!"

Seriously though these two standbys are certainly two reliable means of making sure that one is serving nourishing foods and at the same time making use of the less expensive cuts.

It is easier to make a big batch at a time though it certainly is false economy to permit foods to become old and unpalatable before serving them.

The best answer is to make up a really big batch of good stew and can all which is not needed for a single meal. In this way one saves the preparation time for the next three or four occasions on which the stew is served.

This is also true in making soups. It is false economy to make a small batch of soup, but there is logic aplenty in making up enough to serve three or four times—canning the quantity not needed for the first serving.

The soup or stew could be canned either in glass or tin, though of course it's easier to do it in tin. The pressure can be released instantly when processing time is up, then cooled quickly in running water and labeled and stored all in the length of time that it would normally take to permit the pressure to return to zero.

In making soup, boil the meat or soup bone, using the extracted flavor for the soup and pick the meat off of the bone and combine it with potatoes for hash thereby making it do double duty.

Using cheaper cuts does not mean putting up with less appetizing meals, but it does mean that the cook of the household has to use her head as well as her hands! It takes a "smart cookie" to be a good cook on limited means.

**Baked Lamb Shanks**

4 lamb shanks  
Salt  
Freshly ground black pepper  
Flour  
2 onions, sliced  
1 clove garlic  
Celery salt  
Sage  
Poultry seasoning

Do not crack the bone in the lamb shanks. Salt and pepper each one and roll in flour. Brown them in drippings in hot oven. Add sliced onions, garlic and seasonings. Add a little water to pan and cover. Bake in a 350 degree oven for 1 1/2 hours. Thicken the liquid in the pan and add some kitchen bouquet if a dark brown gravy is desired.

**Meal From The Broiler**

1-12 pt. MEAL FROM  
Meal From The Broiler  
1 pound ground flank steak  
1-2 cup oatmeal  
1-2 teaspoons salt  
1-8 teaspoon freshly ground black pepper  
1-2 cup grated onion  
3-4 cup milk  
6 cooked carrots

Combine flank steak, oatmeal, salt, pepper, onion and milk. Shape into patties and place on broiler rack. Place cooked carrots in one end of broiler pan. Arrange drained, cooked peas in other end. Season with salt and pepper. Place broiler rack over vegetables and set pan in broiler three inches from flame. Broil patties on one side 10-15 minutes, turn and brown on second side. The vegetables will heat while the patties are cooking.

Bake Biscuits like these with

**AMERICAN BEAUTY**

Make your next biscuits the "talk of Texas!" Bake them with AMERICAN BEAUTY.

AMERICAN BEAUTY is made from wheat specially chosen for the flavor it gives to biscuits... and to everything you bake. It's milled with extra care, so the texture and appearance of all your baked foods will be "just right."

To boost your own baking skill, use AMERICAN BEAUTY Flour with Virginia Roberts tested biscuit recipe below. For a more detailed recipe, with steps illustrated, send for your free copy of the famous Photo-Method for Biscuits. Send in the coupon below.

**AMERICAN BEAUTY BISCUITS**

A Virginia Roberts Tested Recipe (Quantity: 12 Biscuits)  
2 cups AMERICAN BEAUTY Flour  
2 teaspoons baking powder  
1/4 cup shortening  
1/4 cup sweet milk  
1 teaspoon salt  
1. Sift, then measure the flour.  
2. Measure baking powder and salt. Add to the flour and sift together into a mixing bowl.  
3. Measure shortening and add to the dry ingredients. Cut in shortening until mixture resembles a coarse meal.  
4. Add milk gradually; blend lightly.  
5. Turn dough out onto a floured breadboard; knead lightly 30 seconds to form a round ball.  
6. Flatten dough to 1/4 inch thickness using floured hands or rolling pin.  
7. Cut dough into rounds; place on ungreased baking sheet.  
8. Bake in a hot oven (450°) 12-15 minutes until lightly browned.

**Waffles For Supper Or Any Time Of Day**  
1-2 cup flour  
1 teaspoon baking powder  
1-4 teaspoon salt  
1 teaspoon sugar  
1-3 cup milk  
1 egg yolk  
1 tablespoon shortening  
1 egg white  
1 teaspoon water  
Sift flour, baking powder, salt and sugar together. Add milk, egg yolk slightly beaten and shortening. Fold in stiffly beaten egg white. Heat waffle iron and sprinkle with water and when iron stops steaming put in half the mixture. Cook until waffle stops steaming and is crisp and brown. Remove and cook remaining mixture.

**Iced Cucumber And Dill Soup**  
3 cucumbers  
1 onion  
1 teaspoon salt  
1/4 teaspoon freshly ground black pepper  
3 cups water  
1/4 cup flour  
1 bay leaf  
1 cup cream  
1 tablespoon finely chopped fresh dill  
Pare and slice the cucumbers thin. Slice onion and place with cucumber slices in saucepan. Add salt, pepper and one cup of water. Cook slowly until very soft. Remove from heat and stir the flour in slowly. Then gradually add the remaining water. Return to flame and stir and cook until mixture comes to a boil. Add bay leaf and simmer 5 minutes. Press through a fine sieve. Add cream and dill. Chill and serve.

**Lions Learn Of Milk Problems**  
Production is the No. 1 problem of the local dairying industry, Jack Gill said in a talk before the Lions club Wednesday.  
He said that approximately 700 cows were in production for two Big Spring creameries, yielding around 2,100 gallons per day, more than was presently being consumed. The margin, however, he said was insufficient for safety, that ultimately greater production at lesser cost would enable reduction in milk costs and greater selectivity in purchasing.  
Gill also outlined safeguards for insuring a "better bottle of milk," urging housewives to put milk in refrigerators promptly upon delivery and not to leave it outside the cooler while cooking or eating.  
"Life for bacteria starts at 40 degrees," he said, urging all handlers to cooperate in keeping temperature of milk below that level. He said that both Banner and Borden anticipated adding field men to aid producers to "secure maximum production at minimum cost, that Borden's had an enlargement program planned for Big Spring. Bill Dawes, president, announced the club's Frontier Night program for Nov. 4 at the Legion hall, and a meeting with the Midland club on Nov. 5 when Roy Keaton, assistant general secretary of Lions International, will speak. Keaton is a brother of H. G. Keaton, Big Spring.

PLAIN OR IODIZED  
**MORTON'S SALT**

**Potato Boxes**  
12 small potatoes  
Melted butter or margarine  
1 teaspoon chopped pimiento  
1 teaspoon chopped parsley  
Chives  
Trim potatoes into rectangles and hollow slightly on one side. Boil ten minutes or until tender. Drain and brush with melted butter or margarine. Mix the pimiento and parsley and pile in the hollow of each box. Cross chives on top of each.

**Steamed Salmon**  
2 pounds fresh salmon  
Salt  
Pepper  
1-2 lemon, quartered  
1 hard cooked egg, quartered  
Chopped Parsley  
Wipe salmon with damp cloth and sprinkle with salt and pepper. Place on greased plate or wrap in dampened cooking paper. Place in steamer and steam for 20 minutes over hot water. Remove from steamer and place on serving dish, retaining juice use in sauce. Garnish with lemon and hard cooked egg and sprinkle with drawn butter sauce to which a chopped hard cooked egg is added.

**Coffee Bavarian**  
2 tablespoons gelatin  
1 cup milk  
1 cup strong coffee  
2 cup sugar  
2 egg whites  
1-8 teaspoon salt  
2 cups heavy cream  
Crushed nut brittle  
Soak gelatin in milk. Bring the coffee to the boiling point and dissolve the gelatin in it. Add sugar. Chill these ingredients until they are about to set. Whip them until light. Whip egg whites and salt until stiff and fold them lightly into the gelatin mixture. Whip cream stiff and fold it lightly into the gelatin mixture. Chill until set and serve with a sprinkling of crushed nut brittle on top.

**AMAZING INTRODUCTORY OFFER**  
To Every Woman Who Longs for a More Radiant Complexion!

**Let Us Buy Your First 3 Cakes of SWEETHEART SOAP**

*Yours at Absolutely NO COST!*

**ACCEPT OUR OFFER TODAY!**

- Go to your neighborhood store today—while offer holds. Buy three cakes of SweetHeart Soap. Don't put it off! Do it now!
- Compare pure, mild SweetHeart with any other beauty soap you have ever used.
- Write us a letter telling whether or not you liked SweetHeart Soap—and why. Be sure to enclose the three SweetHeart Soap wrappers.
- In return, we'll send you the purchase price. Your first 3 cakes of SweetHeart cost you nothing!

**WHY WE MAKE THIS OFFER!**  
We're so sure that you'll prefer SweetHeart Soap, with its biliousness of extra lather, to any lowly soap you've ever used, beauty soap you've ever used, that we're willing and anxious to back up what we say with real money. What could be more fair?

You cannot lose! But you may discover a complexion care that will leave your skin smoother, softer, more radiant than you ever dreamed possible. So accept our limited offer today!

**OFFER MADE SO YOU CAN DISCOVER HOW SWEETHEART'S BEAUTY CARE MAY HELP YOUR SKIN LOOK ITS LOVELIEST**

**LIKE FINDING MONEY!** Here's all you do. Just get three cakes of SweetHeart Soap. After you have used them, mail the three green SweetHeart Soap wrappers to SweetHeart Soap, Box 186, New York 8, New York. Write us a letter telling us whether or not you liked SweetHeart Soap. That's all. We'll send you the purchase price. Don't wait. This offer is limited. Your letter must be postmarked before midnight, November 30, 1947.

**How To Learn To Keep Your Shirt On**

DANVERS, Mass. — In the middle of the night, Patrolman Raymond Cashman met an early bird.  
"Easy does it, chum," said the policeman as the man raced toward him stuffing a shirt-tail into his trousers.  
"What time is it?" the runner gasped.  
"Just 1:40," Cashman told him.  
"What happened?"  
"Sorry," said the man sheepishly. "My clock stopped and I thought I'd missed the six o'clock bus."

**RETURNING TO U. S.**

**Texan Says Arabia Ready For Great Agricultural Growth**

WASHINGTON, Oct. 30. — A former Texas farm official, returning from a year's work in Arabia, says that country is on the threshold of great agricultural expansion.  
Kenneth Edwards of Gainesville, who was an extension service agent at College Station before heading an agricultural mission to Arabia under the sponsorship of the Arabian-American Oil Company, told a reporter:  
"I am back in the United States to line up about 20 county agricultural agents to enlarge the farm program now underway in Arabia."  
"I probably will recruit most of them in Texas, but some may come from Arizona or California because of their experience in such specialized crops as the production of dates. Among other crops that we are raising over there on irrigated farm lands are tomatoes, carrots, onions, watermelons and potatoes."  
Edwards said that King Ibn Saud has taken a great personal interest in the demonstration projects which he and five other Texans have been conducting on a 3,000-acre tract of irrigated land, and has encouraged expansion of the program.  
Thousands of additional acres will be put into intensive cultivation and numerous demonstration plots will be operated under the county agents he recruits, Edwards said.

Much of the water for irrigation, Edwards related, comes from underground water reservoirs called "ains", which crop out at the surface at places, forming a sort of pool approximately 100 feet in diameter and 300 to 400 feet deep. The temperatures range up to 130 degrees in midsummer, and for about six weeks it is too hot for crop production. A low of about 40 degrees above zero is reached in winter, giving the country a long

**Builders Do Their Knocking On Parade**

SAN JOSE, Calif. (AP)—Twenty carpenters entered a float in a parade, but started the two-hour-long jaunt with nothing but a pile of boards—and tools.  
At the finish line, they were resting—with a 10 by 14 by 8 house completed on their float.

# Issue That Contains Many Problems

Application for a wholesale milk permit by Tennessee Dairies, now more or less in a state of suspension, has at least focused attention on the milk industry.

The big problem, according to those in the industry at present, is production. Rising costs of animals, feed and labor have brought on advances in prices to producer—and in turn to the consumer. During the war years the cost factor caused liquidation of many herds. Production in this section dropped as much as 75 per cent. It is on the increase now through entry of new producers and addition of more cows.

Because of drier climate, producers and processors contend it takes more to produce milk in this area than in sections with more pasturage (the most economical meat and milk food known) hence a differential to producers. Hence, also a differential passed on to consumers.

Thus, there are two schools of thought concerning milk. One is to let economic laws govern and obtain production from the most economical source. The other is

to develop production in this locality, through differentials or price subsidies if necessary to support the local industry. Whatever else is said, these are the basic issues involved in the permit application which has gone before the commission.

Unfortunately, conditions are not normal now and persistent drought has aggravated the situation. In light of this, ultimate solution must be long range. There is need for a strong dairy set-up to take its place in a well-rounded agricultural program. The answer eventually will be found, we believe, in better breeding and better and cheaper feeding. And in the latter category, we have long thought and are still of the same mind that we are missing a golden opportunity in not utilizing our possibilities through widespread use of ensilage. Normally this will give an abundant, cheaper and quality bulk feed, possessing both indispensable vitamins and moisture which would go a long way to smoothing out the big spread between summer and winter production.

## "THEY DIDN'T ASK ME WHO SHOULD GET THE TRIP, KID"

Hal Boyle's Notebook

### Teen-Age Club

ROCHESTER, N. Y. (AP)—Teen-age kids have their own night club here—a modern fun spot run by themselves where soft drinks replace hightails.

They call it "The Barn," and it's a big glossy redesigned quonset hut structure with all the interior trimmings of a Manhattan night club.

This unique experiment in recreation for high school children, praised by religious organizations and civic clubs here, originated with a mother who sent a \$250 check to Publisher Frank Gannett in a letter asking:

"Why isn't there a place for our children to go and have a good time without drinking?"

Gannett investigated and found that problem was worrying many parents who didn't want their children exposed to adult temptations.

"Then I made a check to find out what the children themselves wanted most in the way of entertainment," said the 71-year-old publisher. "They said they wanted a place with a night club atmosphere—dancing, food and good music—but without liquor."

"The Barn" was the outcome.

Monroe county officials donated the use of county land on a hill outside the city. Gannett put up \$40,000 to erect "The Barn." It has a soft drink bar with low-priced food, tables, a band platform with microphone and a

dance floor that any metropolitan night club might envy.

On opening night last May 16th it was jammed, and it has drawn capacity crowds of 500 to 600 'teen agers ever since. A terrace is now being added.

"The Barn" is governed by the board of the Gannett Youth Club, made up of a representative from each of 30 public and parochial high schools in the Rochester area. Executives of two Rochester newspapers act as advisors, but the 'teen age board members make and enforce the rules.

The board voted that no stags would be allowed and set the price at a dollar a couple. Dances are held each Friday and Saturday evening from 9:15 to 12:30 a. m.

The kids put on their own shows. Each week a different high school trots out its best talent in the way of singers, specialty dancers, magicians and choral groups.

"There has been no misbehavior of any kind," said Gannett. "The club isn't an agency for the reformation of juvenile delinquents. It was set up primarily to provide a wholesome place of play free from liquor and poor surroundings. High school children in every city need such places."

He'd like to see the idea spread.

Washington Merry-Go-Round—Draw Pearson

## Taft To Report On Price Probe

WASHINGTON — Senator Taft has decided to summon his joint committee on the economic report to Washington three days ahead of the special session to review America's No. 1 domestic problem — high prices.

Taft, who hadn't much time for other than politics this summer, will hear reports from congressional teams which probed the cost of living across the country. Most exhaustive study was done in the East by a subcommittee, under Vermont's conscientious Senator Ralph Flanders. His important findings have not been boiled down upon paper yet, but this column can reveal that he will stress the following:

1. More than anything else food prices are keeping the cost of living up. Normally one-third of the family budget goes for food, and this has been boosted from one-half to two-thirds.
2. Profiteering by food dealers is at a minimum despite record income. Wild speculation on the grain, hog and beef markets has done much more to push up prices.
3. Statistics do not give a true picture of wage earnings. The national average is high, but many special groups are—teachers, negroes, white-collar workers and others within state boundaries who do not get the benefit of Federal laws and practices affecting interstate commerce.

Senator Flanders, though a Republican, frankly believes that drastic action will be necessary to curb the cost of living.

**WHERRY'S SON**

One of the biggest economy-clamorers in Congress is GOP Senator Kenneth Wherry of Nebraska, sometimes known as the "Merry Mortician."

The gentleman from Pawnee City, Neb., is always talking about saving money and how much he has contributed to such saving.

However, Navy department experts estimate that it costs about \$10,000 a year to put a boy through the Naval Academy. It is one of the most luxurious educations obtainable in the U. S. A. — free to the lucky boy who manages to get in.

Economy-minded Sen. Wherry, however, didn't mind getting his son an appointment to Annapolis, and then, after the gov-

ernment had invested \$20,000 in two years of his education, letting his son drop out.

Note—Some legislators propose requiring any West Point or Annapolis student to serve in the Army or Navy five years after graduation.

**LEWIS WALK OUT?**

Labor insiders say it is only a matter of time until John L. Lewis takes another walk from the American Federation of Labor. That rough sitdown he got at the AFL San Francisco convention was too much for the big miner's pride.

As scrappy George Lynch of the AFL Pattern Makers union expressed it:

"John L. never pays money into anything he can't boss. Not for long. He broke with the new deal when he found he couldn't control FDR with miners' funds. And unless I miss my guess," continued Lynch, "Lewis won't continue paying per-capita dues to the AFL after that licking he got in San Francisco."

Lewis is sore at practically everybody in top AFL councils, including his erstwhile cronies, Bill Hutcheson, the carpenters' boss, who deserted him in the crucial battle over Lewis's stubborn refusal to sign a communist "disclaimer" on behalf of his union.

The miners' boss went to San Francisco intending to demand a roll call on this issue, but changed his mind when he was unable to rally support from Hutcheson and others.

Lewis accuses Dan Tobin, astute president of the teamsters' union, of being the chief factor, in his downfall. Real fact is, however, that all the leaders, big and little, were fed up with the mine boss's bulldozing, with the exception of Matt Burns of the paper workers and Philip Randolph of the pullman porters. They supported Lewis down the line.

Tobin's main effort against Lewis was on the question of whether the mine leader should remain on the AFL executive council. Tobin hit the ceiling when he heard that AFL President Bill Green had been trying to persuade Lewis not to quit.

"If he's sore and wants to quit, let him quit," Tobin angrily informed Green. "I want harmony myself, but not if we have to crawl on our knees to get it. There will be no more

of this catering to Lewis. If you want my support."

That ended, that, and probably will mean that Lewis walks again.

**MERRY-GO-ROUND**

Conversation between two eminent Republicans regarding armed forces to Palestine: Senator Vandenberg of Michigan. "We can only act through the United Nations..." Senator Brewster of Maine. "But we did not do that in Greece..." Vandenberg. "Oh, we must not consider Greece a precedent..." Senator Wayne Morse of Oregon got a chilly welcome from Republican businessmen in Portland this summer. "I am aware of the opposition against me," replied maverick Morse. "But it doesn't come from the factories and the streets. It comes from the office buildings. Let me give a little advice to those occupants. Between now and 1950, when I come up for re-election, they had better learn how to count noses..." when acting Secretary of State Bob Lovett told President Truman he wanted to appoint Mark Ethridge able Louisville Courier-Journal publisher, to be assistant secretary of state, Truman replied that Ethridge would not be confirmed by the Senate. Truman probably had in mind the fact that Ethridge would be opposed by Georgia's dour Senator George, who has never forgiven the Louisville publisher for opposing him when he was editor of the *Nation*. "Telegraph. Despite this, most capital observers believe Truman is wrong."

**UNDER THE DOME**

With one or two exceptions, the Congressmen who went to Europe to study conditions last summer have come back feeling just about the same toward helping Europe as when they left. Whether originally for it or against it, they were able to convince themselves that they were right. . . . Although Sept. is usually the month when cattle eat best, Rep. Bob Poage of Texas saw Norwegian feeding cows from huge rolls of wood cellulose. "If they're eating that paper now, can you imagine what they'll be eating in the winter?" Poage remarked. He was told that the cows that survive the winter in Norway will do it largely on dried fish. What their milk will taste like is another question.

(Copyright 1947 The Bell Syndicate, Inc.)

## Chance For A Noble Adventure

Making a routine announcement before a local service club, Shine Phillips came up with something that ought not to be dismissed with the usual indifference accorded such appeals.

He simply suggested a fund for Christmas remembrances to patients in the Big Spring hospital.

Whether this club (Rotary) or others undertake such a project, or whether several organizations and agencies go in together, this certainly is a worthy undertaking.

We do not argue any therapeutic values for remembrance of these sick people

at the Christmastide, though there may be some attached to the vague recognition that others are concerned about them. But we do argue that because a psychopathic needs prying eyes less than anything else in the world, it is all too easy to forget our responsibility as a community to the patients in our hospital.

Seeing that the approximately 500 ill people at the hospital are included in our Christmas plans is a mighty fine thing, and we commend it to any and all organizations which would undertake this noble adventure in neighborhood.

The Nation Today—James Marlow—

## Dry Weather And Forest Fires

BY MAX HALL (For James Marlow)

WASHINGTON, (AP)—Most of the country has enjoyed a golden October of phenomenal warmth and dryness.

It was great for golf but it also brought a string of crackling horror—the forest fire.

This week big changes are occurring in the nation's weather.

Rains and cold masses of air are cutting down on the golf and picnics.

Rains have also cut down on forest fire hazards in the West and Midwest, and are expected to ease the situation soon in New England, which has had its worse fire season in years.

A weather bureau official here said a really heavy, general rain over New England would "probably solve the problem" for this year.

Nearly all bad forest fires come out of a partnership be-

tween human carelessness and drought. The drought sets the scene of the crime, and some inconsiderate person comes along and does the rest.

Nearly all of the country has been having unusually warm weather.

East of the Rockies, October was the third straight month above normal.

August was a scorcher, September was above normal, and October was almost as warm as September.

In the East South, and Midwest, the coldest snap of the season hasn't been in October at all. It came in the final week of September. October brought warmer weather.

In fact October reversed the customary procedure and actually got warmer as it went along.

For example: Boston's average temperature in the last week of September was 52. In the first

Affairs Of The World—DeWitt MacKenzie

## Slavs Organize To Oppose Reds

One of the striking developments in the political battle between democracy and communism is the formation of a committee of exiled peasant leaders from the eastern European Slavic satellites of Russia to inaugurate an anti-communist propaganda offensive with headquarters in Washington or London.

This fits in perfectly with your columnist's recent observation that freedom loving people like the Slavs—who through the centuries have fought for their independence time and again—wouldn't indefinitely submit to the fierce regimentation of totalitarian communism. The ferment of freedom is at work in these small countries which have been communized by strong-arm methods.

However, significant as is this news it is far from being the complete picture of current trends. To this we must add the announcement by General Lucius D. Clay, U. S. military governor in Berlin, that the American military government is embarking on a new aggressive policy of defending before the German people the principles of freedom, and attacking communism.

Then we have the launching of General Charles De Gaulle's crusade against bolshevism in France. And the drastic step of Brazil and Chile in severing diplomatic relations with Moscow in protest against Red activities in those two countries.

Disclosure of the projected peasant organization was made by Serbian Yugoslav peasant leader Dr. Milan Gavrilovic, who is in London. Representatives of the Yugoslav, Romanian, Bulgarian, Czechoslovak and Polish peasants met in the British capital and laid plans for an all-out propaganda drive against communism, to be inaugurated as soon as the Polish peasant leader, Stanislaw Mikolajczyk—who has just escaped from communist dominated Poland—reaches London or Washington.

What these leaders project is a world peasant "international," to co-ordinate the fight against communism.

Summary: The tide of resistance against communist aggression is rising with increasing rapidity.

Texas Today—Jack Rutledge

## Dress Plant Ignores Fashion War

Mrs. Neila Franklin of Decatur is up to her neck in stitches, says Bill Rives of the Dallas News. She's busy supervising the manufacture of 800 garments a day, and says to heck with the little below the knee squabble. "Thank the Lord we don't have to worry about the length of dresses," she said. "We make garments for girls from three to twelve years old, and their clothes are always above the knee."

The Decatur plant is busy, with 36 women bending over sewing machines, using 23,200 yards of thread per day.

They don't worry about style changes, either. There are few basic alterations of style for the young ladies. There's no premium on exclusiveness—since June, the staff has turned out 9,498 dresses from a single pattern.

The employees of Mrs. Franklin's plant live in small towns around Decatur and come to work by bus. One lone man is employed—Frank Nemeck, maintenance man. He succeeds an elderly man who got caught on a whirling shaft under a battery of machines.

"He leaned over the shaft to slip a fan belt in place and the shaft caught his clothing. I had to scissor him loose," Mrs. Franklin said. "Poor guy. It popped all the buttons off his long underwear."

Mrs. Franklin has been sewing for over 20 years. Even her hobby is sewing. She makes clothes for relatives and friends. She makes her husband's shirts.

As to her women employees, she says those who can't sew a lick make the best operators. They may be awkward at first, but they catch on.

"A woman doesn't make a good operator until she's sewn her finger."

Some, however, are victims of sewing machine fright. They freeze to the treadle and, "first thing I know, they're sewing all over the place. They're so petrified they can't even turn the machine off."

Mrs. Franklin hopes that Paris leaving girls' styles alone. She's doing all right, the way things are now.

In Hollywood—Bob Thomas

## Bergman Is Child Psychologist

HOLLYWOOD, (AP)—Being an actress and a mother presents some difficult problems in child psychology, says Ingrid Bergman.

Ingrid, in her short bob and suit of mail for "Joan," said she wouldn't let her daughter see the stage version from the audience. "Seeing her mother burn at the stake would have been too much for her," she told me.

"Instead I let her watch from backstage. She could see me go onstage and occasionally I would wink at her so she would know I was all right. I'll do the same in the picture. Pia is watching all the preparations."

"Now," Ingrid laughed, "she can hardly wait to see me burn."

Then out to see Errol Flynn, who is back in tights again, as Don Juan. Flynn has received more bad publicity than any other star except Charlie Chaplin, and I asked him if it ever bothers him.

"It used to," he answered. "I used to be deeply hurt by things that were said about me. But I got over that. Now when people call me a rogue and scoundrel I just say, 'you're absolutely right.'" When his friends told him to sue over a recent magazine article, Flynn answered it was the best thing ever written about him.

"The glamorous life of a movie star? Nuts, says Ann Southern. Annie, who has been around Hollywood since 1934 and is now going stronger than ever, came out of a grueling scene of "April Showers" and unloaded with some realistic dope on the acting business: "I turn it on at nine and turn it off at six. . . ."

Frank Capra says "It's a Wonderful Life" still hasn't shown a profit. His current film, "State of the Union," will cost about the same (\$2,900,000), but it has more star power. "The Melvyn Douglas Mexico City trip is off. His wife has to go to work in Washington. . . . William Cagney signed James Barton to a seven-year pact. Sylvia Sidney is the only other non-Cagney under contract."

"This Time for Keeps" is another mixture from the MGM musical formula. Ingredients: Esther Williams' swimming, Jimmy Durante's clowning, Lauritz Melchior's operatics, Johnny Johnston's crooning, colorful scenery (Mackinnon island), plus the usual paper-thin plot. Put them all together they spell entertainment, if nothing new.

**SAUCE FOR GOOSE**

SPRINGFIELD, O. (UP)—Red faces were in order in the city manager's office here as a result of the city's weed-cutting campaign. The city has undertaken to cut weeds on vacant properties and City Manager Oscar L. Fleckner received a police letter ordering removal of weeds on what police said was municipal property.

**The Eyes Have It In Facial Make-Up**

By BETTY CLARKE  
 AP Newsfeature Writer

Seven out of ten women have no idea how to use eye make-up or to enhance the beauty of their eyes, most experts agree. This may be due to the fact that they don't use makeup every day and that when they do use it for special occasions they don't know how to go about it.

You must make up your eyes so that they really look refreshed, bright and sparkling without looking theatrical, says movie makeup expert Perc Westmore. Here's what Mr. Westmore suggests for better eye grooming.

First apply foundation cream, powder and lip rouge to face and before applying the mascara use a cotton swab dampened with skin freshener to remove all traces of powder in the crevices of the eyelid and at the last line, to restore eye-shadow color.

If you have forgotten to apply eyeshadow after foundation and before powdering, you may use a cotton swab dampened with skin freshener to remove excess powder. Mix a small bit of vegetable oil with your eyeshadow for ease of application and then re powder.

Using a broad camel's hair brush, apply eyeshadow. The color is applied at the lash line, outward from the center of the lid. The tip of the little finger is then used to blend it carefully upward. Eyeshadow should always be used in minimum, and should never be used at the inner corner of the eyelid.

When applying mascara Mr. Westmore makes use of the "quarter lash" method of application. Mascara is applied lightly over the inner three-quarters of the eyelash, then as the corner of the upper lid is lifted, it is applied more heavily on the outer one-quarter for a more subtle effect.

Never acquire the theatrical eye-make-up look by using a line around the eyes for street wear or gobs more mascara than is necessary.

An easy way to apply mascara is to drop a cube of sugar into a small glass of water, allow it to dissolve and use the mixture to dampen your mascara brush. Westmore advises that waving lotion, also, may be used in the same manner.

If eyelashes look droopy after you apply mascara, use a lash curler to get a nice lustrous sweep to fringe around your eyes.

**Vegetable Soup**

Now that cooler weather is here, soup can make a tempting meal once again. Here are some recipes to try.

2 cups of diced vegetables  
 2 cups cold water  
 2 tablespoons butter or margarine  
 2 tablespoon flour  
 2 cups milk  
 1 teaspoon salt

Drop vegetables in cold water and bring to boiling point. Cook gently until tender. Mash through a coarse sieve. Mix butter or margarine, blend in flour, and gradually add milk. Cook in double boiler until white sauce thickens. Then add salt, pepper and vegetable puree. Reheat and serve at once.  
 (Recipes Serve Four)

**Cauliflower Soup**  
 1/2 cup thinly sliced onion  
 2 cups cauliflower (leaves may be included)  
 3 cups water  
 1 teaspoon salt  
 2 chicken bouillon cubes  
 1/4 cup soft bread crumbs  
 1/4 cup scalded milk  
 Salt and Pepper  
 2 egg yolks, slightly beaten  
 Chopped parsley

Place the onion, cauliflower, water, salt and bouillon cubes in a saucepan. Bring to boil and cook gently for 15 minutes. Remove enough cauliflower flowerettes to make a 1/2 cup. Add breadcrumbs to pan and cook remainder 10 to 15 minutes longer, then rub through a sieve. Bring this to the boiling point and add the scalded milk and cauliflower flowerettes. Season to taste with salt and pepper. Add slightly beaten egg yolks to a small portion of the soup, then add that to the remaining soup. Serve at once with a sprinkling of chopped parsley on top of each serving.

**U. T. Dean To Speak**

SPOKANE, Wash., Oct. 30. (AP)—After surveying 89 colleges and universities in the United States, the Rev. Charles E. McAllister is convinced they "are not breeding places for communism."  
 The president of the Associated Governing Boards of State Universities and Allied Institutions said at a meeting last night that communism "is not even a serious threat" in colleges.

**PUBLISHER DIES**  
 JACKSON, Miss., Oct. 30. (AP)—Walter C. Johnson Sr., 75, one of the founders of the Jackson Daily News, died last night at a hospital here after several months' illness.

**WHAT IT MEANS**

**Monopolies Of Wartime Make Trust Busting Rush Necessary**

By The Associated Press  
 WASHINGTON — The Justice Department has more trust-busting battles on its hands than at any time since Pearl Harbor.

It's little Anti-Trust Division — only 160 lawyers and about a dozen economists — has taken on so many of the giants of industry that a list of defendants reads like an industrial blue book.

The campaign has been gathering momentum since the war's end. During hostilities there was little the trust-busters could do but watch. The necessary regimentation of industry in the emergency had made monopolies temporarily legal.

Now, however, the division has 122 pending cases. Fifteen of them are appeals before the Supreme Court.

The sharpest fight is against prices of food, clothing and housing. Attorney General Tom C. Clark last August ordered the Anti-Trust Division's big guns to be aimed at the high cost of living.

The preliminaries of that battle now are being fought out before a federal grand jury in Chicago. Scores of meat and dairy industry officials have been subpoenaed. Suits under the Sherman anti-trust act are pending in Illinois and Oklahoma federal courts against the American Meat Institute and the leading meat packers, accused of large-scale price fixing.

The housing phase was launched when the division secured indictments from a District of Columbia federal grand jury against the National Association of Real Estate Boards and the Real Estate Board of Washington, D. C. They are

charged with a criminal conspiracy to restrain trade through fixing commission rates charged by realtors.

The high cost of building materials is a major issue in three of the cases pending before the Supreme Court: (1) U. S. Gypsum Co., charged with unlawfully fixing the price of gypsum board; (2) Cement Institute, charged with price fixing in the cement industry; (3) Line Material Co., charged with patent pooling and price fixing in the "drop-out" electric fuse field.

The Federal Trade Commission has filed against practically the entire steel industry a complaint charging an unlawful price-fixing combination.

Nearly all the railroads of the nation—964 of them—are defendants in suits alleging they overcharged the government on its military freight during the war.

A newly created unit in the Anti-Trust Division is watching for illegal mergers. Atty. Gen. Clark said many companies have been taking advantage of the unsettled reconversion period to buy out competitors under circumstances which violate the Sherman Act.

One suit has been commenced which may serve as a test for this class of cases. This action, filed in the federal court in Delaware, seeks to prevent the U. S. Steel Co. from purchasing, through a subsidiary, the Consolidated Steel Corp., largest steel fabricator on the West Coast.

The anti-trust division is achieving considerable success in eliminating interlocking directorates. When the division discovers that directors of large corporations are serving on the board of one or more competing corporations, the men concerned are quietly reminded that they are in violation of the Clayton Act.

This has been enough in many cases to get them to resign from all but one board of directors. Many of the division's pending cases are nine or ten years old, instituted long before the incumbency of the present director, John F. Sonnett. Here are a few of the better known defendants on the division's docket:

The American Society of Composers, Authors and Publishers; the Owens-Corning Fiberglass Corp.; the Rubber Manufacturers

**MEN'S CLUB TO HEAR WOMAN**

CHICAGO, Oct. 30. (AP)—For the first time in the 70-year history of the commercial club of Chicago, the city's oldest and most exclusive business men's group, a woman will appear as a guest speaker.

The club announced that Clare Booth Luce, former Republican congresswoman from Connecticut, will address the club at its next meeting Nov. 15.

Formal dress and precise seating arrangements usually are observed at meetings of the club, which was organized in 1877. Membership is limited to business and industrial leaders.

**Eight Injured In Crash Near Hearne**

HEARNE, Oct. 30. (AP)—Eight persons were injured, one seriously, yesterday when a car carrying the body of an infant to Gause, Texas, for burial and another automobile collided near here.

Alma Moore of College Station was taken to a hospital at Bryan for treatment of head injuries. Joe D. Wilson of Houston, en route to Gause, with five other persons to bury his infant son, was the driver of the second car.

**McLennan County Fights Gambling**

WACO, Oct. 30. (AP)—McLennan county has declared war on football sweepstakes cards and slot machines.

Yesterday the county grand jury ordered peace officers to put an end to all betting on football games through sweepstakes cards distributed "for amusement only."

At the same time they instructed continued vigilance in a campaign to stamp out operation of "one-arm bandits."

**Former Mayor Dies**

PHARR, Oct. 30. (AP)—Former Mayor A. A. Kelley, 59, of Pharr, died yesterday at his home here. Kelley was mayor from 1940 until last summer when he resigned because of ill health. He moved here from Brownsville in 1923.
