PICKETT ADMITS SLAYING OF ARLEDGE

ROOSEVELT RAPS HOOVER STATEMENTS

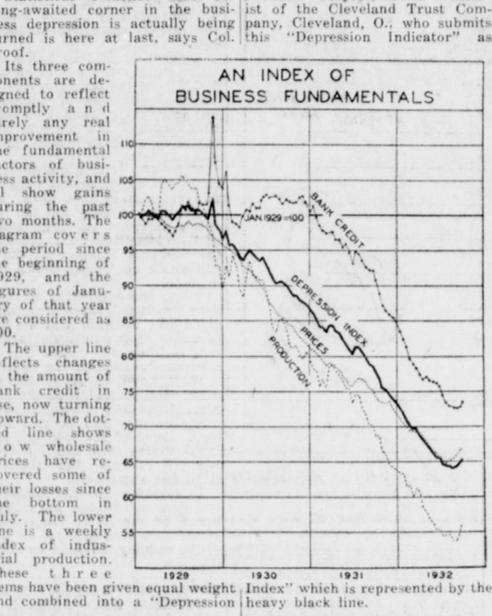

By United Press.
WHEELING, W. Va., Oct. 19.—Franklin D. Roosevelt today rapped his Republican opponent for trying to instill panic into the voters.
"You have been told that things are worse and will be worse if I am elected to office," Roosevelt said in his campaign speech here.
"I am going to instill panic into the electorate at a time when we all have courage is a method of campaigning which does little to leaders trusted with the care of the United States."
Taking up the phrase "things that have been worse" which Hoover has used, Roosevelt said things might also have been better, Roosevelt said conditions might have been worse but two agencies, the Federal Reserve System and the Reconstruction Finance Corporation, both of which, he asserted, were of Democratic inspiration.
Members of Roosevelt's party here would discuss the soldier bonus tonight at Pittsburg. Governor Roosevelt, however, said he was undecided whether to discuss the bonus tonight or reserve it for another day.
Cheering crowds turned out for a 50-mile drive which Governor Roosevelt will make today through the industrial and mining areas of Pennsylvania and West Virginia.

TOO MANY SHAKES

President Hoover, his hand cut and bruised by greeting 3000 persons at a reception, is expected to ban wholesale handshaking in the future. A woman's jeweled ring cut deeply into the president's bruised hand and he was forced to end the reception. A closeup of the bandaged hand is shown above. Below is the president the day after the reception, his appearance refuting reports that had suffered great fatigue.

Eastland Lions Hear Talk On Texas Centennial

The Lions club heard two fine talks on the Texas Centennial celebration at the state capital last night at their luncheon Tuesday on the wellen roof, when Judge L. H. Wellen of Ranger made an address on the amendments to the Texas constitution, and an especially reference to the proposed Texas Centennial in 1836.
The speaker brought out many interesting facts in his statement, consumed some time in explaining the proposed amendments, covering especially the Centennial celebration.
Frank Crowell, secretary of the club, stated that through arrangements with the Eastland county chairman for Texas Centennial celebration, Mrs. W. K. Jackson, had come prepared to talk of the centennial and would present new points not covered by Judge Wellen, which had been brought to his special attention as being important and had accepted the charge which he considered interesting to every Texas voter.
Dr. Crowell dwelt on the amount of financial benefit Texas would receive from thousands of visitors to the centennial, and quoted what Olympic games had done for California as a comparison.
The chair appointed as entertainment committee for next week was P. Randolph and F. M. Kenny.

CONVICTS IN MUTINY; ONE IS KILLED

By United Press.
HOUSTON, Oct. 19.—Chairman W. A. Paddock of the Texas prison board, today revealed that a Gray county convict was killed last week-end at the end of a manhunt which followed mutiny of prisoners at Eastham state penal farm.
Childs Wilson, 29, serving a 20-year sentence for murder, was killed by a posse of guards who trailed him and other convicts with bloodhounds. He was shot when he refused to come from behind a tree.
Paddock said he had withheld the information for reasons of his own. The mutiny occurred last Saturday. Wilson was one of a squad of convicts pitching hay in a field. A mounted guard sat nearby.
The guard got too close to the men, Paddock said, and one of the prisoners struck him with a pitchfork while two other took his pistol and shotgun. The three fled, while other members of the squad returned to the barracks with the guard.
A resolution was adopted pledging a \$500 reward for information leading to the arrest and conviction of Tharp's slayer with a similar amount offered for the same action on any other person committing murder in the next 12 months.

RANGER CITY COMMISSION PUTS C. OF C. APPROPRIATION BACK IN TENTATIVE BUDGET

At the regular meeting of the Ranger city commission, held in the city hall Tuesday night, discussions were resumed on the proposed city budget for the ensuing year. The discussion centered around the proposed elimination of the appropriation of two mills on the \$100 valuation and at the end of the arguments the commission voted unanimously to restate the appropriation in the tentative budget.
It was announced that M. H. Smith, representative of the bondholders, would be in the city tonight to confer with the city commission and it was recommended by the citizens present that the directors of the Chamber of Commerce and all interested citizens be present to present the arguments to the representative.
Discussions centering around the Chamber of Commerce appropriation were led by Dr. P. M. Kuykendall, R. P. Holloway, C. J. Moore, Dr. W. Johnson and several others who made short statements about the need of the organization.
It was pointed out that the Chamber of Commerce was serving the people of Ranger in a way that no other organization could and that its elimination from the budget would be a severe detriment to the town that would detract from the town's growth and the ability of the city commission to pay on the principal and interest of the outstanding bonds.

Oil Men Make a Report to Hoover

By United Press.
WASHINGTON, Oct. 19.—President Hoover today considered a report of the federal oil conservation board, which declared the American oil industry "gives indication of being the best basic industry to emerge from the world depression." The president was informed, however, that if present improvement is to continue the states must co-operate to stabilize production and balance supply and demand.
"Continued stability will depend largely on the situation in the East Texas area," the report said. "East Texas is the greatest potential asset and the greatest current liability of the oil industry," the board declared.

Alleged Robber Is Given Seven Years

By United Press.
ABILENE, Oct. 19.—Harvey V. Taylor, 22, Oklahoma City, today began serving a seven-year sentence for robbery with firearms in connection with a recent holdup of a Western Union office.
Taylor pleaded not guilty to a charge he was the man who entered the telegraph office late one night, wrote out a note saying "Hand me your money or I'll shoot," then pushed it across the counter to the night clerk. The loot obtained was \$37.
Another factor, according to Woods, is that lots of likely spots can't be reached by automobile, and when a miner gets the "flivver" habit he never returns to the burro. The result is that much country capable of producing a gold strike isn't investigated.

Robert Lafollette To Aid Roosevelt

By United Press.
MADISON, Wis., Oct. 19.—Senator Robert M. Lafollette, Jr., leader of the Progressive Republican faction in Wisconsin, today announced his support of Governor Franklin D. Roosevelt, Democratic nominee for president.

Musical Program Entertains Ranger Rotarians Today

Entertainment features took up most of the time at the regular weekly meeting of the Ranger Rotary club today at noon when Mrs. M. R. Newnam presented some of her pupils in piano recitations.
C. E. May, Jr., and Dorris May, daughters of Rotarian C. E. May, presented one number each. C. E. played "In a Hanging Garden" and Dorris played "The Good Night Song."
Miss Mary Elizabeth Campbell then entertained with a delightful vocal solo, "The Glow Worm."
Nannie Katherine Newnam, daughter of Rotarian M. R. Newnam and the program sponsor, played two numbers, "Sesogieto" by Barker and "Yarantella" which were well received.
Miss Mildred Moorman gave us her selection "Fruelie" by Beethoven. All these piano and vocal numbers were enjoyed by the entire assembly of Rotarians and showed the young musicians to be adept in their chosen fields of entertainment.
Little Betty Ray Murphy, 5 years old, of Stamford, introduced herself and gave three readings, "The American Creed," "Why I Like the Depression," and an encore number.
W. W. Housewright, former Ranger Rotarian, addressed the club briefly, saying that he was always delighted to be back in Ranger because he had found no greater fellowship or loyalty than he had found among the Ranger Rotarians and the Ranger citizens.
Charles E. Smith, Rotarian guest of Plainview, spoke briefly on municipal bonds, which he said was his classification.
H. S. Von Roeder called a meeting of the objectives committee to be held in the office of the chamber of commerce on Monday night at 7:30.
Dr. P. M. Kuykendall, president of the club, announced that past district governor, Ray Nichol of Vernon, would be a guest of the club next Wednesday at noon and that Rotarians from all surrounding towns were to be extended an invitation to be present at the meeting.

Wink Mayor's Son Dies After Crash

By United Press.
DALLAS, Oct. 19.—Escaping uninjured from the smashup of an airplane in which he was being rushed here for treatment for injuries received in an automobile accident, Benny Warren Theford, 18-months old son of Mayor S. L. Theford of Wink, Texas, died in a hospital here today.

IS RUSHED TO SAN ANTONIO BY OFFICERS

AUSTIN, Oct. 19.—John M. Pickett, confessed slayer of Edgar Alredge, University of Texas student, was rushed back to San Antonio today, presumably because Austin police feared a possible demonstration by University students.
Near midnight, exactly one month from the hour Alredge was shot to death as he threw up his hand to protect his eyes from the glare of a flashlight, Pickett was taken to the scene of the slaying on a side road. He re-enacted the crime to supplement his confession.
Pickett is said to have withheld his confession until promised immunity. Seiser is a stimulant, District Attorney Henry Brooks has agreed to recommend a 99-year penalty.
The shooting was an accident, Pickett insisted. "I had the gun cocked in my hand and I thought I would hit him over the head," he was quoted as saying. "He struck the hand holding the gun and it was discharged and then I ran like hell. I did not mean to shoot him."

Only Justification For Prohibition

(By Dr. W. D. Bradford, S. M. U., Dallas.)
The only justification for prohibiting the traffic in intoxicating liquors, to get which they drink the liquor. Alcohol is not a medicine. The best physicians of today do not prescribe it. Were I to list their names here there would be few exceptions. Seiser is a stimulant, but the opposite—a narcotic. It is classed with opium; chloroform is made from it. Our government prohibits the traffic in opium. Alcohol is also a deadly poison. It paralyzes the nerve centers controlling the respiratory organs or the heart. Death ensues instantly. It is reliably reported that 98 percent of our deaths from so-called "poison liquor" is from liquor containing other poison than alcohol. It is also a slow poison. As a slow poison it damages the cell-substances that form the basis of physical existence and vitality. Here the poison is in direct proportion to the amount taken. It may be in moderate doses not causing drunkenness, yet, if regularly taken, stores up death against the day of a crisis in health, as an accident or disease, being the determining cause whether the patient shall live or die.
It will be noticed that this chronic form of alcoholism may result from the moderate use, if regular, as under the saloon regime. During pre-Volstead days, a distinguished actuary, Mr. E. E. Phelps, after a thorough investigation, reported that 66,000 of our people died annually from alcohol, or 7.7 percent of all the deaths. The question is: Should our government license a traffic in such a poison? If it licenses it, it must necessarily protect it and tacitly recommend it. Can our government afford to be bribed for the tax it may collect thus to sponsor the traffic and use its endorsement to encourage our people to drink it?

Junior College Athletic Group Holds Meeting

The athletic committee of the Ranger Junior College met in the office of the Ranger Chamber of Commerce Tuesday night and discussed plans for the John Tarleton-Texas Rangers football game to be played at Stephenville on Friday afternoon, Oct. 21.
It was agreed that the citizens of the town would not be urged to furnish transportation for the football squad, but if any of the residents of this section were going to the game it would be appreciated if they would take as many of the members of the squad as they can.
Anyone who is going to the game at Stephenville is urged to get in touch with Coach Tricky Ward and let him know how many players he can take. The team is to meet at the high school building and leave for Stephenville on Friday morning at 9:30.

Father, 81, Proud Of 10 Months Babe

By United Press.
HUTCHINSON, Kan.—Uncle Charlie Andrew is 81 years old, but woe to him who dares dispute his prowess. Uncle Charlie merely smiles and points to his 10-month-old son, Charles.
Doctors pronounce Charles the younger as nearly perfect physically as youngsters come in the ordinary run. Just to demonstrate, Uncle Charlie and his wife, 28, entered junior in the state fair baby show here. It was a gesture, for the age limit was one year.
But the examining physicians put Charles in the very cream of the class of 200 babies. He's beginning to walk, has nine teeth and drinks from a glass.
Uncle Charlie, credited with being one of the oldest men in the county to become a father, scoffs when his age is mentioned, and says, "Look at Charles."

NO GAME FOR MAVERICKS

Announcement has been made from the Maverick corral that no game had been scheduled for this week-end, but a team of ex-Mavericks would scrimmage with the high school team.
The decision not to play this week-end was made because of several injuries that would keep the team from being at its best this week and the practice would come in well considering the Breckenridge Backbones will be the next opponents of the Mavericks when they open their Oil Belt schedule at Breckenridge on Oct. 28.
Everyone is invited out to see the Mavericks and the exes in this scrimmage game, which will be held at the Eastland high school field.

Ranger Singers Association Is Being Organized

The first meeting of the Ranger Singers association was held recently and an executive board, consisting of Dr. A. K. Wier, president; W. W. Jarvis, vice president; Ed Dixon, secretary-treasurer, elected. An advisory board was appointed, consisting of Dr. A. K. Wier, Central Baptist Church; E. A. Walton, First Christian Church; Ed Dixon, First Methodist Church; L. R. Wingsar, Church of God.
The object of the organization is for the promulgation of vocal music interest in Ranger and the adjacent territory. It is strictly interdenominational in its scope.

A BIBLE THOUGHT FOR TODAY

TASTE AND SEE: O taste and see the Lord is good; blessed is the man that trusteth in him. —Psalm 34: 8.

SPEAKING OF THE ILLS OF AMERICAN RAILWAYS

President Hoover is ever naming commissions and commissions and their activities cost the taxpayers large sums of money. He named a commission to make a diagnosis of the ills of the railroads of the American world. Well, the commission organized. Calvin Coolidge was named its chairman. It is a board of inquiry, sponsored by important banks, insurance companies and institutions. It held its first session in the offices of one of its all important members, Former Gov. Alfred E. Smith, known to fame as "The Happy Warrior," of democracy. Then the commission christened itself the national transportation committee. It appointed Dr. Harold D. Moulton as chief investigator. It was announced that the committee had been formed for the purpose of studying the modes of transportation; that Chief Investigator Moulton will employ experts and aides necessary to analyze the problems that will be surveyed. It was "hello, Al," and "hello, Cal," when the frozen son of New England and the sunny tempered man of Manhattan met in the offices of the latter in the Empire State building. Incidentally the Associated Press writer let it be known Cal and Al were "garbed in smart brown suits." This is the personnel of the committee: Calvin Coolidge, Alfred E. Smith, Bernard M. Baruch, Alexander Legge, and Clark Howell. Bernard Baruch, a noted financier, was elected vice-chairman. Alexander Legge is former head of the federal farm board and the big voice of the International Harvester company. Clark Howell comes from away down in Georgia and he is the publisher of the Atlanta Constitution. All are important personages but not a trained rail economist in the bunch. Regardless of this, all five are very wise men and all five fill their niches in the American hal of fame. Of course, Sen. Huey P. Long, the Stingfish of Louisiana, would classify these commissioners as "stuffed shirts." Louisiana Stingfish has a nasty tongue. He turned down the invitation to head a committee of cotton men from the Southern belt. He bluntly told Commissioner MacDonald that the movement "was launched too late in the day." It is never too late to do good or to organize for coming emergencies.

WYOMING WILL HOLD A REPEAL REFERENDUM

Wyoming as a territory gave woman the ballot. Wyoming for years has been dry in statute and as wet as a river bottom in the distribution of illicit booze. Now a referendum on repeal of the 18th amendment will be submitted to the Wyoming voters in the general election Nov. 8. John B. Hendrick is the democratic leader in Wyoming state. He is a native Texan. He has never met defeat in his race for office. He served as governor two terms. He is serving his third term as United States senator. He predicts that Roosevelt and Garner will capture the Wyoming electors in November by a sweeping majority.

CONTRIBUTE AND THEN FIGHT HARD

It is for the democrats of Texas and elsewhere to make their contributions and then to go down the line in all the precincts of the Lone Star state in order that an overwhelming majority may be rolled up in the coming month of November for outstanding standard bearers of the national democracy. Approximately a million democrats, or men and women who classify themselves as democrats, cast primary ballots in the month of July.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

It must be admitted that many high in political and business life in this country are advocating a new brand of Patriotism under the name of Economy.

They say Economy is Patriotism, advocating the cutting of wages, cutting on national defense, and depriving our disabled war veterans of benefits granted them.

I wonder if these gentlemen ever stop to think:

That such Economy is cutting down the buying power of the country, and the stronger the Economy wave goes the less money can be spent and circulated. Business men who "Stop to Think" know

To curtail advertising cuts down sales.

Cutting down sales cuts down production.

Cutting down production cuts down employment and income.

When employment and income are cut down it leaves a whole lot of people with no money to spend.

One of the causes of the depression at the present time is that Economy has been preached and practiced altogether too much.

Speaking of "Untouchables"—

Surgeons To Meet In Houston On 28th of November

HOUSTON.—The country's authorities on medicine will gather here Nov. 28 for the Post-Graduate Medical Assembly of South Texas.

It will be attended by approximately 2,000 physicians and surgeons from 36 South Texas counties, as well as by many specialists and educators of international repute.

It will be the first assembly of its kind ever held in this part of the country.

Of major importance will be two public health meetings to be held during the assembly. The first will be of a general nature and will have for its principal speakers Fr. Morris Fishbein, Chicago, editor of the Journal of the American Medical Association, and Dr. E. H. Cary, Dallas, president of the association.

Study Tuberculosis. "Tuberculosis and Its Treatment" will be the subject of the second public meeting. Dr. Allen Krause, Tucson, Ariz.; Dr. H. E. Kleinschmidt, New York, and Dr. J. Colt Bloodgood, Baltimore, will be the speakers.

Dr. Bloodgood is professor of clinical surgery at Johns Hopkins university.

The remainder of the sessions, continuing through Dec. 1, will be of a technical nature and of interest to medical men only.

Others to Attend. Others who will attend are Dr. Walter C. Alvarez and Donald C. Balfour of the Mayo Clinic, Rochester, Minn.; Dr. Frank K. Boland, Emory university, Atlanta, Ga.; Edgar B. Burdell, bacteriologist of New York; Dr. Horton R. Casparis, Vanderbilt university medical school, Nashville, Tenn.; Dr. Arthur F. Coca, post-graduate school of Columbia university, New York; Dr. Robert C. Coffey, Oregon university medical school, Portland, Ore.; Dr. George W. Bankruptcies Are Fewer In Texas During September

AUSTIN.—Fewer bankruptcies and smaller liabilities marked the record made in Texas during September by Texas business firms. Weekly reports to the University of Texas Bureau of Business Research during September indicate that only 47 firms went into bankruptcy during the month, as compared with 70 in August and 87 in September a year ago, declines of 33 and 46 per cent respectively.

Liabilities were only \$799,000, the first time in over a year that the total liabilities for any one month have been less than \$1,000,000, the bureau's report said. "This small volume of indebtedness of failing concerns compared quite favorably with the total of \$1,410,000 for August and \$1,518,000 in September, 1931. The average liabilities per failure, accordingly, showed a substantial drop from \$20,143 in August to only \$17,000 in September. The average weekly number of failures dropped to 12 as compared with 17 in the previous month and 22 a year ago.

An epidemic of failures with liabilities of more than \$100,000 each in July resulted in average liabilities per failure during the

third quarter considerably above those during the corresponding period last year. The average number of failures per week during the period, however, was only 14 as compared with 18 in the third quarter last year, a drop of 22 per cent. Total liabilities for the 187 firms which failed during the corresponding three months in 1931. Based on assets there was available for creditors of failing concerns about 41 cents for each dollar of indebtedness.

More drug stores went into bankruptcy during the third quarter than any other type of stores,

with 27 insolvencies, although dry goods and clothing stores numbering 26 and groceries and meat markets numbering 22 were also included in the failures. Fifteen general stores, 13 manufacturers, 9 men's wear shops, and 7 women's specialty shops also failed. No other type of business accounted for as many as 3 per cent of the number of firms which failed during the third quarter.

Problems Will Be Threshed Out At Petroleum Meet

By STUART E. JONES
United Press Staff Correspondent
HOUSTON.—Forty working committees of the American Petroleum Institute have been assigned quarters for meetings on Saturday, Nov. 12, and Monday, Nov. 14, in preparation for the annual sessions of the Institute here Nov. 15, 16 and 17.

Members of these committees have been grappling with practical problems of producing, refining and distributing petroleum products since last November and in the meetings preliminary to the annual assembly of the Institute will discuss reports to be submitted.

Typical committee topics are such subjects as waste in all three divisions of the industry, fire prevention, corrosion of equipment, car service and freight classification, railroad and pipeline transportation, refinery technology and uniform laws.

The 40 committees represent about one-eighth of the more than 300 committees that have been constituted to carry out the Institute's program. A large number of the committees held sessions at the mid-year meeting of the organization in Tulsa, Okla., early in June.

When the committee work has been concluded, three days will be given over to sessions of the three divisions of the institute: producing, refining and marketing, and a general session of the institute.

W. R. Boyd, Jr., New York, executive vice president of the institute, is working out programs for the divisional and general meetings. Some of the country's leading business men and industrialists will address the meetings, Boyd has announced.

In addition to the committee and general sessions, the institute board of directors, composed of 70 oil men representing all parts of the country will hold its annual sessions.

BULLDOGS TO MEET ABILENE AT LILLARD ON SATURDAY

ONE TEAM IS CRIPPLED FOR FIRST GAME

Setup Will Be Shifted Some Because of Injuries To Players.

The bid will be blasted off the Belt district grid race this week-end, with the first game of season to be played between Brownwood Lions and the Breckenridge Buckaroos at Breckenridge on Friday afternoon.

On Saturday afternoon at 2:30 the Abilene Eagles and the Bulldogs will be lining up for the opening kickoff in the second game in the district conference in Lillard.

Tickets for adult and student admissions have been sent to the Abilene school officials by O. G. Her, registrar of the school, and a large delegation is expected to meet the trip from Abilene for the first district game for the season. Reserved seat tickets have been placed on sale at the drug store in Ranger and student tickets can now be bought in the office of the registrar at the high school building.

A word has been received from Abilene as to whether a special game is to be run for the game but it has not been understood in Ranger that an attempt would be made to sell high tickets to warrant the special game. Otherwise the special game will be overland by the fans.

The manager will present a crippled team against one of the strongest in the district. Drivall and Adkins will not be able to play and there is some doubt as to whether Adkins will be able to see much action in the game.

Old News Story Tells of Big Battle

By United Press.
VIRGINIA CITY, Mont.—With amazing swiftness the course of western empire has taken its way; only 55 years ago the people of what was then the Territory of Montana were engaged in a struggle with wily Chief Joseph, great Indian leader.

"The Madisonian," local newspaper, recently published a story from its files for September, 1877, relating events in a battle between troops, aided by General Howard, with the Indians near Camas meadows.

The Indians attacked one day before sunrise, surprising the encampment. With a terrific volley of rifle fire, the Indians cut the supply wagons, and escaped with a large number of horses and mules.

Eventually the soldiers and citizens rallied and defeated the Indians, although not decisively. Casualties among the whites were not numerous, since the Indians over-shot their targets in most cases, and huge lava rocks afforded safe retreats.

Gentlemen:

Word has just reached me from General Executive Offices that Ward Week was the most gratifying sale of its kind ever held.

This sale, the greatest event of the year in the Ward organization, was held in 500 Ward stores reaching from coast to coast. This event is generally conceded to be the greatest sale of its kind and scope in America.

You will be interested in the success of the sale because of the fact that approximately 90% of the advertising appropriation for Ward Week was spent in local newspapers.

The amazing total of almost 9,000,000 lines of space in about 800 newspapers carried the Ward Week message to 50,000,000 people.

We feel we owe you a word of appreciation for the splendid manner in which the Yourtown paper co-operated in making Ward Week a success. Your publication has again proven its value as an outstanding advertising medium.

Best wishes for continued success.

STAN BALL accuses ASPER DELO, timber king, of crooked practice and of ordering men shot who try to check up on his activities. Ball says he is making a check and Delo tells him he will personally prevent it. Upon leaving Delo's office Ball saves DONA, Delo's daughter, from kidnappers. He slips away when he finds who she is, telling her he is STANLEY BLACK.

DUDDLEY WINTERS, in love with Dona, goes with her to Three Rivers to get Delo to give up his big and fight with Ball. They find Delo accused of killing a stranger. Dudley has secured a license and has had a marriage certificate filled out to marry Dona. She needs the certificate after Delo is ambushed and wounded to keep him from taking Dona part in his hunt. Ball is caught by SWERGIN, Delo's timber boss, while listening to Dona tell of her marriage. He escapes but believes her married. Dona rides out to find Ball making Delo believe he is in the country. She meets Ball and promises to do the thing of Ball. Valuable records are stolen from the office and Swergin's man took them. A posse surrounds Ball. Dona goes out and Swergin captures her. She shoots at him and he takes a wound, capturing her and taking her to a cave.

Swergin learns of her capture and sends a posse but fails to find her. Ball makes Delo believe he will leave and goes for water and food. Swergin finds the cave and Dona. He waits for Ball. Ball is captured and taken to a cabin. Dona is left with him while Swergin goes for men. Swergin returns with men and sends Dona ahead. His crew are a tough looking bunch and Stan Ball knows they intend to lynch him.

NOW GO ON WITH THE STORY

CHAPTER XXXI

"So you was warn't that gal agin me?" Swergin thrust his face close to Stan's.

"And if my hands were untied I'd smash your dirty face." Stan Ball's eyes were hard as steel.

"No use being a hog! You won't get to camp out with her any more." Swergin leered and his lips parted.

"You dirty rat! You may strangle me up but I'll still be on your trail!" Stan hissed.

Swergin stepped back. He was alone with his prisoner and so sure of him that he was willing to take his time.

"So I'm a dirty rat, eh?"

"Get it over with," Stan snapped.

"There ain't no hurry. They don't even know down at camp that you are caught." Swergin smiled broadly.

"You feel pretty safe with your Pass Creek gang at your back, Stan sneered.

"Pass Creek is a nice place and has a nice location," Swergin chuckled as though enjoying a big joke.

"Hey, boys!" he called. "Come and get him!"

A half dozen rough timber men crowded into the room. They jerked Stan from the wall and pushed him toward the door. He went with his head up. His hat was brushed off but he did not ask for its return.

The men led him outside and mounted their horses. Ball was ordered to walk ahead of the leading rider. There were 20 men in the gang from Pass Creek and the file of riders, with Stan ahead, moved slowly toward Three Rivers by the Pass Creek trail. It was no part of Swergin's plan to have the lynching done near the cabin in the timber.

Stan plodded along over the rough ground. His hands had ceased long ago to have any feeling beyond a stinging numbness and he had given himself over grimly to his fate. There was little chance that anything would happen to save him. The only friends he had were far beyond the rim of Folly Mountain and he had made them promise that whatever happened, they would not ride into the timber country.

His chief thoughts were for the slender girl who had faced him in the cabin and whom he had come to care for so devotedly. He was not sure that he had been able to convince her that he was wholly bad and had an aching fear that she was not safe with Swergin about. The big timber boss might have a plan which involved the girl.

THE cavalcade wound down the low divide separating the Pass Creek trail from the Three Rivers slope. Swergin had now forged out ahead with another rider. "Looking for a suitable tree," Stan thought grimly.

Of one thing he was sure and that was that he would rob the big boss of any satisfaction he might expect from weakness or breaking on his prisoner's part. Stan intended to give them a display of nerve that they would remember.

Swergin halted in a clump of aspens and motioned for the men to head off the trail. Stan was driven to the spot and pulled to a halt. Like a band of Cossacks, the men closed in about him and silently slid from their horses. It was plain they knew exactly what to do. They crowded around their prisoner and the man who had been riding with Swergin unstrapped a lariat from his saddle and began uncoiling it. The big fellow who had driven Stan ahead of his horse shouldered to the cowboy's side.

"Yer goin' where there won't be much chance to snoop," he grinned.

"Of nothin' to say," he bent toward his prisoner.

Stan smiled and met the man's gaze with steady eyes. "Only that I hope you enjoy the party."

The man grunted and backed away. "Get on the end of that rope!" he ordered, as he tossed the rope over a limb above Stan's head. Swergin crowded through the throng for a final thrust at his hated enemy. He glared at Ball as though disappointed at finding him so self-possessed.

"You turned out to be pretty good," he grinned.

Stan refused to reply.

"You and old Delo make a fine pair of fools," Swergin continued.

STILL Stan refused to speak. He had decided hours before not to tell anything he had discovered in his checking of the activities at Three Rivers. He was aware that this was a picked group of men who were in with Swergin and that if he did speak, no word of what he said would get to Asper Delo or anyone else. But he was struck suddenly by a desire to stave off the tightening of the rope that the big lumberjack was slipping over his head.

"You can't get away much longer, Swergin." He gave the timber boss a level look and laughed in his face. "Who's going to stop me?" Swergin grinned.

"I sent in a report to the state and to the federal government. I even told them to expect just what you are doing right now and I've named half of your men." There was a glint of triumph in Stan's eyes. He was lying but he was scoring.

A mutter rose from the men and even Swergin was taken back.

"We ain't responsible for nothin'." We're working for the timber company," the big fellow who had adjusted the rope muttered.

"You are guilty of theft and murder," Stan shot at him. He was gaining a little time and throwing a scare into the dull-witted fellows who had him in their power.

"I thought you had this all fixed?" The big fellow turned to Swergin. "Yeah, a voice from the crowd put in. There was an ominous rumble from the circle of men and dark faces thrust toward the timber boss.

"You dumb fool!" Swergin belted. "You goin' to let this slicker talk you out of this job? He is just jobbin' you. Old Asper Delo takes the rap for all we been doin'. We been stealing the timber for him, ain't we?"

The men began to shift uneasily under his glare and the three who had dropped the end of the rope picked it up again.

"What names did you put in that report?" one big fellow demanded.

STAN realized that here was an advantage. He faced them and smiled. "I'll never tell that. Why should I tip any of you off?"

"You'll tell!" the big fellow edged an threateningly.

Swergin shoved him back and stood facing his men like an old lobo wolf with his pack against him.

"Are you boys yellow?" he roared. "Want me to do this job myself with a six gun?"

"Let him do it," someone from the back of the group called.

"Well, he's got names sent in. We'll be up fer killin'," someone else suggested.

Swergin was in a red fury. "You fellows are as dumb as the mules you drive. How could Ball send in the names of the men who were to be here before this happened? He had to guess and nobody will believe his guess. He's admitted that he pulled all these killings. While that girl was talking to him he told her he pulled them. You can all get up and swear to that. Swergin spoke slowly so that his words could sink in.

"That's right," the big fellow growled. "I'm ready to go."

But the men on the rope hesitated. Their first lust to kill had lost some of its edge.

"I'm an officer of the law and I'm supposed to clear out and let you fellows do this. I can take care of all of you if I'm in the clear myself but if you're going to make me shoot this varmint I'll be in bad." Swergin paused and faced the men.

Stan watched the faces about him. He could see that Swergin was about to win his point.

"Or I can take him in and let him spill all he knows before a court. How would you like that?" This was Swergin's trump card and he played it with a flourish. "I believe I'll do just that."

The men stirred and began to exchange glances.

"You've all had a cut," Swergin went on.

"String him up!" one of the men on the rope snarled.

"Go ahead; get it over," another shouted.

Stan knew he had lost the last chance. He set himself for the end.

(To Be Continued)

THAT'S HOW IT HAPPENED!

By O. FORD, Olden, Texas.

Say if any one had told me a week ago I could get myself into such a jam as I've been in, I'd have said he was crazy and meant it too. Well that just goes to show you never can tell. No sir, you never can tell.

It all started by my wife's second or third or maybe fourth cousin spending the week end with us. Now don't get me wrong. I like to have any of our kin folks visit us. That is any ordinary human kin folks; but say this guy is one of these psychoanalysts. Did you ever meet one of these birds? I doubt if you have. I don't think there's many of 'em in the country. That is running loose this

way. Anyway I hope there's not a Boy, maybe you think I didn't have a time. Say I lost 10 pounds in weight not to mention my appetite and some of my self respect and it's got to where my neighbors are whispering when I go by. Say it's been awful.

Well he was there when I went home the other evening and Mamie, my bitter half, met me at the door and said Henry who do you think is here?

I said "Search me," and gave my hat a toss over in the general direction of the table.

"Well Henry turn around and see," she said.

I did. I will always wish I hadn't. Say the first look I got

I knew there was something wrong with him. Not specially by the way he was dressed but the way he looked out at me through a pair of big dark rimmed glasses like he was miles and miles away looking at me through one of these long winded telescopes. The way he said "Charmed, I am sure." The way he limply extended a white pasty looking paw and delicately shook my hand. He was creepy. No getting around it. I guess he was around 50 but he looked like he had been posing for an Egyptian mummy or something for so long, his features had set and he couldn't smile if he had to.

Mamie went on to explain, before she left us to get supper, that Cousin Egbert had studied for years abroad, and was only touring this country before returning to Europe to write another book.

Well that was good news to me, to know he didn't figure on staying in our house and I was as glad to know he wasn't hanging around in these United States very long. Yes, sir, I'm patriotic and have the best interests of my country at heart.

We sat there like a couple of clams for a while. I kept stealing a look now and then at Cousin Egbert's face. He never seemed to notice. He was in a sort of daze, it seemed. I decided to try and talk to him and show at least a little manners. I finally busted loose with "How'd you like the way the world's series came out?" He just gazed through me a little and then ignored me. I let it pass.

I first thought I'd just sit there as dumb as he was but I had always been able to talk to any one some way or other and I didn't like to be stumped like that. Why, I've talked to Osage Indians, democrats and republicans and socialists and even the Wild Man from Borneo in the circus one time, so I decided to try again and talk to this new species.

I said, "You must have met a lot of interesting people on your travels." He said "A few, just a few." He waited a minute as if that was all I could digest in a minute. Then he continued, "You realize of course that there are only a few interesting people in each generation. Most of the people I meet are merely cases to me. I like to study them and see what makes them tick."

Then when I began looking around to get the exact location of the door, I realized he might get violent any minute.

Trying to pacify him, I stammered, "Yes, er, er—by the way, what does make them tick?"

He looked at me as if he was miles away and said, "Well that is what I have been trying to discover all my life. However, one lifetime is entirely too short in which to discover why man is what he is, and what motivates him to do thus or so. The surface has barely been scratched."

Yes, sir, that's the exact words he used. Started out like he was talking politics and ended up with some sort of advertising like "save the surface and you save all."

I was just wondering if it wouldn't be wiser to slip out and quietly get the sheriff to come and take him away, when Mamie came in and told us supper was ready.

So I followed them into the dining room and after we had sat down, Mamie said "Henry, Cousin Egbert promised me he would psychoanalyze you and maybe it would help you to find your place in the world. Isn't that good of him?"

"Too darned good. I mean I couldn't think of having him go to so much bother," I growled.

Egbert gave me a look like a wise old owl, half asleep in a tree, and said, "But my dear fellow, since you are in a manner of speaking related to me, having married my cousin, Mamie, I feel it is my duty to do what I can for you."

"Do for me?" I stammered. I feel fine. I tell you. I don't need any er, er, pills or advice. "Perhaps not. Egbert grudging-

ly admitted but Mamie my dear, he is sadly misplaced in life. Sadly, Sadly."

I came mighty near telling him he was sadly misplaced right then himself and taking the toe of my shoe and placing him out in the street. But I controlled myself and even counted 10 under my breath, as I realized he was not responsible for what he said. He was gazing into space again, so I tried to nibble a little but found my appetite was gone. I couldn't keep my eyes off Egbert. I was afraid to. Pretty soon though when I was least expecting it, he looked straight at me and blurted, "Just what were you thinking at this precise moment?"

Well sir, I almost choked to death at that lecture before I ever got my breath. I thought I was a goner but I came up for air. I knew I didn't dare tell that old fossil what I was thinking. I

I knew there was an old bench in there. It wouldn't be a bad place to sleep and it was at least peaceful and quiet. But imagine how I felt just as I started to go in, when a pair of strong vice like arms got me from the back and a deep voice boomed, "Wait a minute, buddy. What do you mean sneaking around going into people's storehouses this way in the middle of the night?"

I turned around and saw a man I had never seen before. I was relieved anyway. I just hoped he wasn't a psychoanalyst. I said, "Why I live here."

"Say, that's good. Besides that's a new one. Well, if you live here what do you mean by sneaking around and acting like a crook. Is it one of your regular

What Has LIGHT To Do With Education?

Boys and girls have enough unpleasantness during their school careers without deliberately adding to it with difficult study periods due to improper lighting. Eyes grow tired and weak, dispositions are ruined, little bodies fail to develop, and there is trouble all the way 'round, unless particular notice is taken of home and school lighting facilities. And it's so simple—so easy to have good lighting in proper proportions. All you have to do is add a globe here, change one there, move the portable lamp around a bit and keep all sockets filled. Inadequate lighting is nothing but false economy—there is no reason for it.

HERE--- AND THERE

By ELVIE H. JACKSON

The Broadway of America signs stand at the eastern and western entrances to our city of Eastland, as a result of presenting the object of securing these signs to a Rotary club of this city, which was done by Dr. H. B. Tanner, secretary of the Chamber of Commerce, and who received the Rotary's endorsement for the enterprise.

And now the fact accomplished thanks for the generosity of the Texas Electric Service company, of the Lone Star Gas company, who furnished the signs and the striations who had the painting of finishing done.

Services and materials were donated this work free of charge, he said to the credit of the honors, E. Lewis and Joseph M. Weaver, who presented two and one-half yards of crushed rock and Hoffman & Page, who contributed pipe and the machining necessary for standards, and union finished; Henry Pullman for the unions and other irons; Frank V. Williams of Community Tank Gas company for 10 sacks of cement; F. O. Hunter of Eastland County Lumber company for his lumber, and Texas Electric Service company for use of trucks and four men to place guys on signs, and place sign on eastern entrance to our city, with work supervised by Ed Johnson in a few days.

The following are to be commended for the use of their trucks and drivers, who hauled rock and sand, and gave other assistance in the work, and that laid the expert work of concrete foundation for the sign, given by Tom Lovelace and Jim Watson.

Whenever various interests of a city can be combined in such a way through the efforts of a single individual, to produce such results as these highway signs, it may be truly said that the city is dominated by a community spirit.

Dee High painted the signs for out one-half the actual cost, and in Gamble of the Lone Star did the important gift of one of the signs, made in their shop, and donated free of expense.

A similar gift was made by J. E. Wis of the Texas Electric Service. Jim Horton of the Green Filling Station, permitted the signs to be erected on his premises and donated the use of tools in erecting them.

Fourteen men donated their services to clear the ground from brush and weeds, dig the foundations, and mix the concrete, on the property of R. E. Sikes, who generously gave permission for the erection of the sign on that portion of his ground at west entrance Eastland.

Eastland can proudly boast that its new signs are now uniform and similar signs on the Broadway of America from New York to San Diego, Calif., are a credit to our city and a particular credit to the Eastland Rotary club which sponsored the enterprise.

This is true community spirit the result of that real father our city, Dr. H. B. Tanner, secretary of Eastland Chamber of Commerce.

Motorists To Get Mexican Picture

By United Press.
MEXICO CITY. — Automobile owners in the United States next year may expect to receive many a beautiful picture of Mexican scenery. The department of industry is now receiving from Chambers of Commerce and similar organizations throughout the country photographs of the most attractive scenes in each community. Of these the best are to be included in booklets to be broadcast, especially in the southwestern States of the United States, so that tourists may know something of what awaits them below the Rio Grande.

The first booklets probably will be sent out early in 1933, in anticipation of the formal opening of the Laredo-Mexico City highway, scheduled for next July.

Free From Pain Thanks To

For years I suffered agony with pains in my stomach, and with heart burn, caused from gall bladder trouble. It had been over fifteen years since I had been able to see the shape of my ankles they had been so badly swollen.

About four weeks ago I started using CRAZY CRYSTALS, and now I am perfectly easy, and free from pain. The swelling in my feet and ankles has almost entirely disappeared. I would like suffering people everywhere to know about CRAZY CRYSTALS.

Facing Death For \$1.25 a Day!

By WINSTON COPELAND
United Press Staff Correspondent
AUSTIN.—The Texas Rangers were born of circumstance in the blood-smeared wild-west days of the Texas Republic.

When Texas gained its independence from Mexico, the territory was a wild, sparsely settled region, terrorized by scalping Indians fighting for their existence, Mexican border bandits, plundering and pillaging then fleeing to refuges in the treacherous canyons of the Rio Grande, and a few white renegades to become so numerous later.

Forced to meet the situation, the provisional government, which preceded the Texas declaration of independence, in November, 1835, established the Ranger force, severing it from the militia but making many of its functions military. It was to be a force of 150, all volunteers.

For this service of ever-threatening death, the Rangers received \$1.25 a day—"when on duty." Each man was required to equip himself with 100 rounds of powder and ball and a horse. In 1839 the Ranger still received only \$25 a month and in 1932 his salary is far below the danger he faces, a captain receiving monthly \$150, a sergeant \$100 and a private \$90, the maximum increase never to exceed 20 per cent of the original salary.

This fact has accounted largely for the caliber of men entering the service. The Ranger force attracted men who sought adventure rather than remuneration, men of strong character. In the present force there are several members who are financially independent, men who are in it for the thrills it offers.

Occasionally a "greenhorn" gained admittance to the force, since each captain in the earlier days was allowed to select his own men. He couldn't stay green long, however, the risks were too great.

When Will Tullis joined the Ranger force, he couldn't even load a gun, Major A. B. Coffee, one of the old regime, relates. The company was out in the Frio regions facing the ambushes and scalplings of the plains Indians. Coffee taught the youngster to load and how to aim. Within six months, Tullis was an expert. Such was the fascination Ranger tradition held over its members.

The same quest for adventure led Capt. R. W. Aldrich to give up a post in his father's bank in a Southwest Missouri town to become eventually a Texas Ranger. Through the Oklahoma land run in 1889, the Spanish-American War and the Boer War, Aldrich became an expert marksman with a motto—"talk first, then shoot if necessary."

Aldrich is a modern Ranger, entering about 15 years ago, but it was the same love for thrills that attracted the rough-clad frontiersman of 80 years ago that caught his fancy. His case has been duplicated repeatedly throughout Ranger history, from Capt. R. M. (Three-Legged-Willie) Williamson in the days of Sam Houston, through Captain Bill McDermald, who "would charge Hell with a bucket of water," on down to Tom Hickman and Frank Hamer, present day captains.

Eight Bus Drivers Have Good Records

Eight bus operators of the Southland Greyhound lines have just completed a two years' driving record without an accident of any kind, according to J. A. Knutson, operating manager of the company. These men have been awarded the two-year gold award for safe driving. With the award goes a pearl studded pin.

The eight men to receive this award are: Roy Benskin, E. A. Brown, J. E. Doherty, L. D. Porter, H. Honnell, E. Layne, I. Springer and J. Walsh. Over the two-year period each of these men have driven approximately 125,000 miles, a distance equivalent to five times around the world, without a single accident.

To date 56, which is nearly two-thirds, of the Southland Greyhound bus operators have won the one-year safety award.

Mr. Knutson states that Southland Greyhound lines, over the period from Jan. 1 to Oct. 1, operated 4,563,541 miles and averaged only one accident every 108,658 miles of operations. This includes even minor accidents, such as scratched fenders. This is one of the most outstanding safety records of any public transportation company in the entire country. Mr. Knutson attributes this remarkable safety record to the careful schooling of drivers, plus regular safety meetings. There has never been a passenger fatality on the Southland Greyhound lines since it began operations.

TAKE OVER "WHITE HOUSE."

HAVRE.—French nuns here have taken possession of the "White House of Havre," from which President Felix Faure of France in August, 1892, inaugurated the first trans-Atlantic telephone conversation in history with President McKinley in Washington. This former summer home of one of France's earliest presidents is now the cloistered home of the Sisters of the Order of the Adoration. The street upon which

it is built is named Rue Felix Faure. The once luxurious interior of the mansion is now ascetically plain.

Informal Dinner Party. One of the delightful informal affairs of this week was the dinner party given by Mr. and Mrs. Clifford Hyatt of Olden in honor of the birthday of Mrs. Van Wetter of Ranger, at 7 o'clock Monday evening.

The Hyatt home was beautifully decorated with roses for the occasion and the Madeira laid dining table was centered with a white iced birthday cake, surrounded with a wreath of red and yellow roses and red tapers topping the cake and twinkling their rays over the hospitable scene.

Covers were laid for Mr. and Mrs. A. J. Campbell and Fayannette Campbell of Eastland; Mr. and Mrs. Van Wetter of Ranger, and Mr. and Mrs. Hyatt and their small son.

Mrs. Van Wetter was the recipient of a number of beautiful birthday gifts.

Mrs. L. J. Ayling Hostess Tea and Bridge. Mrs. L. J. Ayling, 1208 South Green street, entertained most charmingly with bridge and tea at her home Tuesday afternoon.

A charming color motif in yellow and black was carried out in dainty appointment of bowls of marigold blossoms adorning the artistic home, which reflected the exquisite taste of the hostess in its atmosphere of luxurious furnishings from the Far East, and many unusual pieces gathered from ornamental countries in course of Mrs. Ayling's travels.

Bridge tables were decked in yellow and black designs with tallies in halloween motif in these shades and were occupied by Mrs. William Keith, Mrs. James Horton, Mrs. Joseph M. Perkins, Mrs. Turner, M. Collie, Mrs. Milton Lawrence, Mrs. Earle Johnson, Mrs. Harry B. Sone, Mrs. J. Le Roy Arnold, Mrs. M. C. Hayes, Mrs. Guy Patterson, Mrs. W. J. Peters, and George W. McKinney of Chicago, the honor guest of this charming afternoon.

Tea guests were, Mrs. J. E. Hickman, Mrs. Ed Graham, Mrs. T. J. Molley and Mrs. Kellogg. The favor in contract was awarded.

Quicker Relief For Headaches

Because of Quick Dissolving Property BAYER ASPIRIN Starts "Taking Hold" 3 or 4 Minutes After Taking

Due to important, scientific developments in the world-famous Bayer laboratories, almost INSTANT relief from headaches, neuralgia and rheumatic pains is being afforded millions. Because of a unique process in making and tableting, Genuine Bayer Aspirin is made to dissolve almost INSTANTLY in the stomach. Hence it starts to work almost instantly. And thus "takes hold" of the average pain or headache in as little as three or four minutes after taking. The fastest, safe relief, it is said, ever known for pain.

Remember, it is Genuine Bayer Aspirin which provides this unique, quick-acting property. So be sure you get the Real Article—GENUINE BAYER Aspirin when you buy. Naturally you want the fastest, possible relief—and that's the way to get it. To identify the genuine, see that any box or bottle of aspirin you buy is clearly marked "Genuine Bayer Aspirin." And that any tablet you take is stamped clearly with the name "Bayer" in the form of a cross. Remember—Genuine Bayer Aspirin cannot harm the heart.

Susan Steele Bible Class Had Quilting Party

One of the very most pleasant days passed by the Susan Steele Bible class was that of Tuesday, when an all-day quilting party, of ye olde time flavour, was enjoyed by the members in the Susan Steele classroom of the Methodist Church.

The day began at 9 in the morning and busy hands were soon employed at the quilting frame, which held the finished cover, each block of which was made by a member of the class, embroidered with the name of donor, and pieces put together at this meeting.

When finished the quilt will be presented the retiring president of the class, Mrs. Joe J. Mickle, in keeping with the custom of the class, which presents each member with a quilted cover, one of these beautiful gifts of friendship.

The table, laid for a bountiful noon dinner, was spread with linen, decked with flowers, and provided with dainty service from homes of members.

The menu of chicken, baked ham, hot vegetables, salad, fruit, pie and coffee was most delectable.

Table hostesses were Mmes. Joe J. Mickle, Iola Mitchell and May Harrison. Others present were Mmes. Mary Hughes, Sallie Hill, Massie, T. H. Johnson, Maggie Dulin, Jonathan Jones, M. Westbrook, R. B. Braley, Robert Jones.

During the afternoon Mrs. E. T. Murray and Mrs. Walter Harrison, visited the class.

Scale Runners Club

A delightful meeting of the Scale Runners club was held Tuesday afternoon at the home of Betty Jo Newman, hostess, assisted by co-hostess, Marie Hart, with program presided over by Marjorie Murphy, president of the club, and minutes presented by Catherine Carter, secretary, and approved as read.

The next meeting was announced for the third Tuesday in November, 3:30 p. m., with Catherine Carter, hostess.

The program opened with piano duet by Johnnie May Murphy and Josephine Murphy, the latter, member of Beethoven Junior club.

Piano solo, Wilma Dean Pierce. Article, "How the Organ Got Its Stop," Anne Jane Taylor.

Piano solos, Helen Lucas, Frances Maye Pierce, Patsy Sparks. Article, "A Fairy Music Lesson," Marjorie Murphy.

Piano, Anna Harrell, Marie Hart, Betty Jo Newman.

Article, "When Paderewski Played," Catherine Carter.

A dainty tea, plate of sandwiches, cakes, and fruited punch was served by Mrs. Milton Newman, assisted by Mrs. John S. Hart, to Emmalee Hart, Maxine O'Neill, Frankie Maye Pierce, Helen Lucas, Maia Lua Crossley, Catherine Carter, Ann Harrell, Wilma Dean Pierce, Marjorie Murphy, Patsy Sparks, Marie Hart, Lorena Sparks, Johnnie Mae Murphy, Anne Jane Taylor, Betty Jo Newman and Beethoven club members Josephine Murphy, Joyce Newman, and Mrs. A. F. Taylor, director.

Mrs. Pritchard Entertains Informally

Mrs. E. S. Pritchard entertained informally at her home Tuesday night, with two tables arranged for auction bridge, in honor of Miss Clara Mae Jones, and sister, Miss Imogene Jones, the latter of Breckenridge and her guest.

Table appointments carried out the Jap design in tallies and score books, and tables were covered with Jap cloths, in yellow and red. The rooms were decorated with bouquets of red roses and yellow cosmos and at close of a very pleasant evening, a golden glow shone, was served with sweet waters and coffee with whipped cream topping.

The guest list included Misses Willie Snider, Maurine Davenport, Iona Raines, Joyce Johnson, Orlean Davenport, Loraine Taylor, Clara Mae Jones, and honoree, Miss Imogene Jones of Breckenridge.

Honors Son With Birthday Party

Mrs. Jack Clott, honored her little son, Derald Gene, on his second birthday, Saturday afternoon from 4 to 6 with a delightful party. A number of games and contests were played. The small honoree was given many gifts in token of the happy occasion. A delicious angel food cake was baked and beautifully decorated by Mrs. Carl Crone of Olden. Brightly colored balloons were presented each guest as favors.

Those enjoying the delightful refreshments of cake and cream were, Peggy Tucker, Delores and Gerald Lee Williamson, James Dwyse, Florence Clott, Margaret McGlamery, Sayle Randolph, Jr., Billie Crone, of Olden and the honoree, Derald Gene. The mothers present were, Mmes. Jack Dwyne, Dee Williamson, H. B. Randolph, W. J. Clott and Mrs. Cooper of Carbon.

West Ward P.-T. A. Has Busy Session

The Parent-Teachers association of West Ward school met in the school cafeteria Tuesday afternoon with session conducted by the president, Mrs. Paul McFarland, with a large number of new members noted in attendance, the greatest the association has had since its organization.

All new officers were in place. A delightful little playlet in three acts, centering about the history of Columbus, and America, and entitled, "The Fool," was given by twelve girls from Miss Henderson's room.

The play was interesting and

If you are planning to keep open house the afternoon of election day, or to serve something to guests waiting for returns in the evening, nothing could be more keeping with the occasion than old-fashioned election cake with coffee.

The traditional election cake is fark, rich, spicy and fruity—a most delectable concoction that our grandmothers reasoned would appeal particularly to the menfolk who did the voting in those days.

Election Cake

One compressed yeast cake, 1 cup lukewarm water, 1 tablespoon granulated sugar, 2 teaspoons salt, 1 tablespoon lard, 6 cups flour, 1 cup butter or other shortening, 2 cups brown sugar, 3 eggs, 1 cup seeded raisins, 1 cup shredded citron, 1 teaspoon nutmeg, 1 tablespoon cinnamon, 2 tablespoons lemon juice, 1 1/2 teaspoons soda.

Dissolve yeast cake in lukewarm water. Add lard, granulated sugar, salt and 2 cups flour. Mix thoroughly and let stand in warm place over night, or six or eight hours. Then cream butter and brown sugar, add lemon juice, heating until creamy. Add 2 cups of flour and mix thoroughly and stir into mixture. Mix thoroughly and turn into buttered and floured deep cake pans. Cover with a cloth and let stand in a warm place until double in bulk. Bake one hour in a moderate oven.

This cake should be baked about a week before wanted for use. It will keep a long time, so the rule is a large one, making three large loaves of cake. They can be frosted or not, as you prefer, but the fruit makes a frosting unnecessary unless particularly wanted.

The story is told that when Li Hung Chang, the great Chinese premier, visited Washington during the presidency of General Grant, the first question he asked upon introduction to various representatives was "what are you worth?" True Chinese frankness, but wouldn't it be embarrassing to answer such a question now that the crash has crashed, the depression pressed, and the market marked us all as poor as church mice?

But should he look beyond your pocketbook and mine and gaze into the young and old life of the present day, what would he find it worth? With the optimism of youth one goes forth to conquer the evils of conditions, and finds them elusive somethings beyond definite grasp. With great self-confidence the young men pound his chest and roar, "Give me a job, for I am qualified to do big things." Whereupon, he sits back calmly and awaits the onrush of business managers and others. And when they fail to lift him to their shoulders and pronounce him the find of the day, he is indignant, bewildered, hurt. "Why, I have a degree," he explains, "and a

PARIS STYLES

By MARY KNIGHT, United Press Staff Correspondent. PARIS.—Max von Boehn, who writes so entertainingly about Modes and Manners, cites some amusing bits of information about gloves of 100 years ago.

"In Paris in '823," he said, "gloves were worn at meals and even when playing the harp and clavier. There was little variation in cut or trimming and change of fashion was chiefly confined to color. For a time, yellow was so very much the mode that 'gant jaune' became the slang phrase for 'dandy' in Paris. There were frequent changes in the length of ladies' gloves; according to fashion's whims they might be wrist-length, elbow-length or almost shoulder-length.

"In the seventies, when Sarah Bernhardt, who had thin and ugly arms, was at the height of her fame, she introduced a fashion for gloves so long that they formed innumerable wrinkles up the arm. For a time black gloves were worn with light dresses, then fashion repented; the stitched seams on the backs were sometimes broad and again narrow, and sometimes of a contrasting shade."

Highway commission recently allocated \$14153 for grading and drainage structures on highway No. 24 from highway No. 34 east.

Dr. Haslam Gives Fine Address At Young School P.-T. A. Upholding the standard which was more than successfully achieved last year when the summarizing report was made, Young School Parent-Teacher association is opening another study with interesting projects well on the way to success. All committees are working in a splendid co-operative manner under the direction of the president, Mrs. H. D. Reese.

Tuesday afternoon 50 parents and teachers assembled in the auditorium for one of the most valuable and profitable programs ever to have been presented since the organization.

The hour was opened with the Lord's Prayer given in unison, led by the president. The program chairman, Mrs. C. L. Childs, directed the program subject, "Health."

Dr. G. E. Haslam, associate of the West Texas Clinic and Hospital, favored the meeting with an address on "Diseases of the Throat," one of the best of its kind and one which was received by an appreciative audience. The Parent-Teacher association feels greatly indebted to Dr. Haslam for this address, particularly at this season of the year.

Miss Louise Vaughn played a piano solo, followed with two "health" songs, sung by the room pupils of Miss Mittie Pettit.

A second piano solo was offered by young Miss Johnnie Hazel Reese.

As the program drew to a close the president called for a short business session during which time P.-T. A. subjects of interest were presented. Plans for the Halloween carnival were given much round-table discussion and one of the best and most complete holiday affairs thus far will entertain the students and friends. Detailed announcements will be given by the secretary, Mrs. S. P. Boon, and other officers soon.

Commendable work is being done and all members are enthusiastic over the program of work outlined for the year and approaching new year 1933.

Mrs. Herring Speaks At Cooper P.-T. A. Yesterday afternoon when the Cooper Parent-Teacher association met in its regular session, it was favored with a very interesting paper on "Parent Education," by Mrs. Lonnie Herring. Mrs. Charles Hummel was the enthusiastic leader who was instrumental in the organization's decision to buy the Congress library in order that the P.-T. A. may attain the standard of excellence.

Further plans were made for the Halloween carnival and the president, Mrs. F. P. Brasher, introduced to a large group of mothers, teachers and patrons, plans for the upbuilding of all for which the organization stands.

The afternoon hours were spent in a social thoroughly enjoyed by each guest for its informal mode of delightful diversion.

Those attending the affair were Mmes. R. W. Lee, J. A. Wilson, J. C. Carrothers, J. F. Donley, R. H. Patterson, R. E. Jones, E. Nelson, Ora Ratliff, Tom Adams, Jack Blackwell, John Wallace, F. C. Ware, E. T. Matthews, and special guest, Miss Mildred Matthews.

Mr. and Mrs. William A. Camp-ton, Jr., of Dallas, were Ranger visitors Monday and Tuesday of this week. Mr. Compton was a member here as the former Miss Hilda Andrews.

Church Picnic At Butler Springs Thursday Afternoon

Thursday afternoon at 4 o'clock will open a gala event for the members who are planning on attending the Church of Christ picnic to be given at Butler Springs.

The entire church membership together with friends will take part in this outing. Supper will be cooked and served. The warm glow of a camp fire will lend that realistic finish to an affair of this kind and a program of entertainment is promised for all.

Invitations are being extended in a cordial manner to friends this week and a large attendance is anticipated.

Martha Dorcus Class To Spend Day in Quilting

Dance To Open Elks Social Season

All this week there has been whispers about town and among the dance set regarding the dance to be given at the Ranger Elks club Thursday evening.

A novelty dance really suggests something different and with the south's best seven-piece orchestra, directed by Clayton Hunt, an evening of real delight should truly be in store.

Ranger dance folk should plan on attending this opening event and extend a cordial greeting to the out-of-town guests who attend Elk dances.

Loyal Women's Class Visits Mrs. Stidham at Thurber

The Loyal Women's Sunday school class of the First Christian church visited yesterday with Mrs. R. C. Stidham of Thurber, a former member of the class for years until she and her family moved to the neighboring city a few weeks ago.

The ladies met at the church at 10 o'clock and motored to the Stidham home on New York hill, a residential section of Thurber. A covered dish luncheon was served at noon in buffet fashion and consisted of a varied and delicious menu.

The afternoon hours were spent in a social thoroughly enjoyed by each guest for its informal mode of delightful diversion.

Those attending the affair were Mmes. R. W. Lee, J. A. Wilson, J. C. Carrothers, J. F. Donley, R. H. Patterson, R. E. Jones, E. Nelson, Ora Ratliff, Tom Adams, Jack Blackwell, John Wallace, F. C. Ware, E. T. Matthews, and special guest, Miss Mildred Matthews.

X-Ray Reveals Why Hair Changes Color

By United Press. A permanent hair color may be just a permanent because the woman who gets away Adki Prof. George L. Clark at the Illinois X-ray shows the still change of hair texture.

Speaking before the West-Routenray Society, Clark explained that definite molecular change in hair structure after a little wave, which may be a little X-ray.

"The hair is changed by the X-ray shows, there is a molecular change resulting in the permanent wave of the hair curl."

Explaining the variation of the X-ray, Prof. Clark said that such apparatus is not undiscernible by the method. The government discovered the X-ray in its study of the study of metal.

"At the present time we are discovering the molecular changes which nature has made," he said. "In the future, it will be possible to combine that arrangements and uses and needs."

Thrilling Mystery Is Revealed "White Zombi"

An eerie, spooky mystery which for sheer mystery is one of its predecessors. Artists feature which Arcadia theatre, Ranger day.

This picture may seem to be in a class by itself, deals with a subject which for has been little shared, and a not very one made. Its story occult practices in remote of Haiti where zombi bodies, are dug from the and, by a process of animation and put to the fields and mills as slaves.

Whether or not you see in this picture, you see in this picture, enthralled by its presentation, particularly when you learn its a wealth of evidence of its authenticity. The picture is done with such with such conviction that one cannot but be substance.

Certainly, "White Zombi" is the greatest picture of emotions of any recent picture. And this appeal is heightened by the story puts upon people when one recalls that there were recently American writers, who have borne out the one large these undead creatures, and staggered by this fact our nation.
