Some 100 delegates for the 26th annual meeting of the Northwest Texas Hospital Association were gathered in the Settles Hotel this morning prior to opening session at 2 p.m. Speakers pictured above (left to right) Sam Lawhon, San Angelo; Julian H. Pace, Waco; Don Burk, Big Spring; Dr. C. D. Head Jr., Dallas; and F. S. Walters Jr., Amarillo. Walters is president of the association. Lawhon, Pace and Dr. Head were to appear on a panel discussion on "Handling a Major Disaster." Lawhon and Pace were hospital administrators in San Angelo and Waco at the time of the recent tornadoes, and Dr. Head is regional medical officer of Federal Civil Defense Administration. Burk will appear on a round table discussion today. The meeting will continue through tomorrow evening. Hospital administrators are present from the entire Northwest Texas area.

## White Spy Case Draws Attention Of Europeans

LONDON (AP)—West Europe's editors trotted out their big black headlines again today to tell readers the latest developments on the subpoena of ex-President Truman in the Harry Dexter White case.

But the only extensive editorial comment was in Britain, where papers of all political shades declared that the summons for Truman to appear before the House Committee on Un-American Activities will blacken the name of America in the court of world opinion.

One or two continental papers blamed President Eisenhower for what they called a new Republican attack on the former President.

Communist papers cited the subpoena to show the "hysteria" in the United States.

In Paris, the Leftist but non-Communist paper Combat attacked President Eisenhower for "lifting the brake on extreme right wing Republicanism."

"Where," it asked, "is the man who knows so well how to solve high command conflicts when he headed the campaign in Europe?"

Said Franc-Tireur, another Parisian Leftist paper: "The men of the Kremlin must be laughing hard."

"What authority can the U.S. President have in the world, at Bermuda or elsewhere, if he shows such weakness before the most delicious demonstrations of intolerance and hysteria?"

The Laborite Daily Herald in London described the incident as the "crowning folly of the witch hunters," and the Liberal News Chronicle said it was "an exhibition of political rowdiness."

The conservative Financial Times termed the call for Truman to testify in the Harry Dexter White case "plainly a political move, the direct consequence of election losses."

In Rome, the Independent II Tempo suggested the Republicans might be worried by recent Democratic election successes.

Big front-page headlines brought the story to Swedish and Danish readers. Belgium's Independent papers played up the story as an "unprecedented political sensation."

The Communist De Rode Van headlined: "The hysteria sweeps the United States."

Comment from behind the Iron Curtain had the same tone. Moscow radio said the United States had established a new "record of stupidity and political cynicism."

The incident, said a Russian commentator, "made a general laughing stock of the glorious U.S. dollar diplomacy."

Copenhagen's Independent newspaper information compared the move with methods used by Soviet authorities against purged officials.

TEHRAN, Iran (AP)—Two demonstrators were killed by police gunfire today as thousands of supporters of ex-Premier Mohammed Mossadegh took their ousted leader's case into the streets.

Torrential rain and heavy army and police guards combined to take most of the fire out of a Communist-backed effort to promote a general strike in support of the ex-dictator, now on trial at Saltanatbad prison.

About 20 demonstrators were arrested in various parts of the capital during the morning and hundreds of shops whose owners back Mossadegh were shuttered but little pro-Mossadegh activity was in evidence beyond the stealthy distribution of Communist leaflets.

Gangs shouting "Long Live Mossadegh" were scattered by charging police as fast as they formed. Several demonstrators got whacked with clubs in these charges. Brig. Teimour Bakhtiar reported the shooting incident occurred at the corner of two main streets—Shah Reza and Pahlevi.

The city's main bazaar, which houses hundreds of tiny stores and booths, was about half shut down. Soldiers with fixed bayonets patrolled the labyrinth of covered passageways throughout the huge shopping area, long a center of Mossadegh strength.

Despite the widespread street agitation, many of the city's activities continued normally.

The strike call had been belittled for more than a week by Communists and pro-Mossadegh leaders as a demonstration of support for the 73-year-old Nationalist leader now facing an army court martial on treason charges.

Mossadegh, ousted in a Royalist revolt Aug. 19, is accused of deposing Shah Mohammed Reza Pahlevi, trying to overthrow the monarchy and illegally dissolving the Majlis (lower house of Parliament).

Murray, the Atomic Energy Commission (AEC) member who recently announced the launching of the first program for harnessing nuclear power as industrial power, made his H-bomb suggestion in a speech at Pittsburgh.

Foreign observers were last admitted to a major atomic test at Bikini Atoll in the Pacific in 1946.

The AEC has announced, without detail, that Bikini will be used in further atomic tests, supplementing the facilities of Eniwetok Atoll, used since 1948. There have been reports that the hydrogen test at Eniwetok last year disintegrated an island.

Murray said foreign observers again could witness a test "under very carefully controlled conditions of observation without loss of security."

HOUSTON (AP)—Former Undersecretary of State William L. Clayton says that during his years in Washington he knew Harry Dexter White very well but never had any reason to question White's loyalty.

Clayton, retired Houston cotton merchant, was in charge of economic affairs as undersecretary of state. He is also a former deputy governor of the International Monetary Fund.

Clayton yesterday said, "I did hear rumors around that he (White) was very much to the left." Clayton added, however, that charge against White did not develop until after he returned to Houston.

### Bigger Than Partisanship Is The Necessity Of Ascertaining Truth

The tempest, touched off by Attorney General Brownell's charge that former President Truman promoted a known Russian spy after receiving a FBI report, continues to seethe. It goes without saying that this allegation should, in the interest of plugging loopholes and alerting against possible repetitions somewhere down the line, be thoroughly aired. Beyond this, the facts in the case should be known to fix responsibility. It may be skeptical to suggest that little legal action, if any is indicated, will result. A matter of this sort is best examined from all its angles so that lessons it presents can be clearly and indelibly impressed.

### If Young Men Are Apathetic, It's No Wonder Considering Examples

In a speech to District of Columbia American Legionnaires, National Commander Arthur J. Connell declared that public apathy to the dangers besetting America constitutes a slap in the face of returning veterans of the Korean War. "I should like to emphasize with all the fervency at my command that a decline in public appreciation of patriotic services has always marked the first decline of any nation," Connell said. "National ingratitude can destroy patriotism! We need to re-establish service to God and Country as the highest and noblest aspiration of the individual citizen."

### Internationalism Is Causing Woes In Oil Producing States

LOS ANGELES — Some of the oil-producing states, such as Texas and New Mexico, have tied their educational budget to the production of oil. The states generally receive a one-eighth royalty. If oil is plentifully produced, the schools are plentifully provisioned. The present general reduction in oil production (although, as it is called) is imperiling school budgets in those states. The petroleum industry of Texas, for instance, provides 37.5 per cent of the available school fund; 54.4 per cent of the foundation school fund; and 58.5 per cent of the teacher's retirement fund. Obviously, a sharp reduction of oil production can cripple these funds. The present cut-down of allowances is attributed to the import of foreign oil in an over-extended world market, which became over-extended during the war years and has never adjusted to peacetime needs.

WASHINGTON — The Republicans started after former President Truman in high gear. Then President Eisenhower threw on the brakes and they skidded. Given a sharp shove by Eisenhower, Atty. Gen. ### This Day In Texas

By CURTIS BISHOP

The up and coming young town of Matagorda organized a Chamber of Commerce on this day in 1859, with attorney James C. Lann as its president. The town had its beginning soon after Stephen F. Austin in 1827 secured permission to build a town at the mouth of the Colorado. First settlers were 52 families from New York and New England, brought there by Elias Wightman, one of the proprietors of the townsite. As an official port of entry, Matagorda soon became important in the colonial affairs of the Lone Star domain.

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note. The rabies death of little Temple Lewis III in Louisville has set off a controversy over the value of rabies vaccine and a drive for the inoculation of ALL dogs against the disease. We don't need any of the controversy, but Big Spring could do with a dog-vaccinating campaign. It has been estimated that only about one-fourth of the Big Spring canines have been given rabies shots, despite an ordinance requiring every dog owner to have his pet vaccinated.

That goal is, of course, the continuing improvement of security within the government.

"Tell me more about how you let go?"
"Try to listen to your body—the signals it gives out. When you receive a message of fatigue, stop whatever you are doing. Just a brief break will relieve the strain. It's like a rip in your hem—it takes but a few stitches to mend if you catch it right away but if you neglect it, soon the whole thing will rip out.
"I like to go to an open door or window and fill my lungs with good fresh air. I take a deep breath as I can and hold this for a count of ten. Then I exhale forcefully and try to push out of my lungs every bit of stale air. I count ten while my lungs are empty and then breathe in again. Just three rounds of this will make you feel surprisingly refreshed.
"Another way to release tension is to flop over like a rag doll—head down, arms limp, neck relaxed. Then come up slowly, trying to feel your spine lift, one vertebra at a time. Don't be self-conscious about these things," Kristine cautioned. "If someone makes a caustic remark, pay no attention to it."

Tensions Cause Trouble

Kristine Miller feels that nervous tension is an enemy of health and beauty. She tells Lydia Lane her favorite way to stay relaxed.

# Howard Venture Making Water; Borden County Location Spotted

A. K. Turner's No. 1 Caudle Estate, venture south of the Moore field in Howard County, is reportedly making water today following a Wednesday flow of 129 barrels of oil in nine hours. A test is to be made to determine source of water.

A new location has been spotted in the Hobo Field of Borden County by Logrege Drilling Company of Fort Worth. It is the No. 1 W. L. Cain, about 18 miles southeast of Gall.

Owens, 2,162 from west and 650 from south lines, 12-33-3n, T&P survey, has a total depth of 924 feet today.

**Israel Reported Ready To Blame Arab Neighbors**  
By HARRIS JACKSON UNITED NATIONS, N.Y. (AP)—Israel was reported ready today to heap full blame for recent Palestine violence on military and economic pressures by her Arab neighbors.

Turner No. 1 Caudle Estate, C NE NE NE, 32-33-1s, T&P survey, is being prepared for a test to determine source of water which started flowing after some 129 barrels of oil flowed in nine hours. Operator said that the heavy oil flow resulted partially from the shut-in pressure. A last report to date shows a 3,274 feet. The project is about five miles southwest of Big Spring on a 640 acre lease. It is near Turner's No. 1 Hewitt, which recently was completed for pumping potential of 560 barrels of oil.

**Howard**  
Zephyr No. 1 Alfreita Anderson, C SW SW, 20-31-2n, T&P survey, reached 2,971 feet in lime and shale. Phillips No. 2-A Reef, C NE NW, 25-33-3n, T&P survey, drilled to 5,916 feet in lime and shale. Oceanic, Green and McSpadden No. 3 Lou Winsan, C SW NE NE, 25-33-3n, T&P survey, is making hole at 7,920 feet in lime and shale. Fullerton No. 1 L. M. Anderson, C SW NW, 9-31-2n, T&P survey, reached 7,357 feet in lime.

## NUMBER '11' TAKES PLACE IN BABY'S LIFE

HAMILTON, Ohio (AP)—The number "11" already has a place in the life of the one-day-old son of Mrs. Henry Saylor.

He was born at 6:11 a.m. on the 11th month and the 11th day at Mercy Hospital yesterday.

He weighed 11 pounds, 11 ounces.

The parents reside at 611 South Eleventh Street.

general in 1946 and now is a subcommittee counsel. Caudle said, "There was no proof that these statements about this man (White) were true."

He remarked that a lot of people knew of the report and added that if, in fact, White was a member of an espionage system, "then they would have kept him under constant surveillance."

"I've thought perhaps that's exactly why it was done," Caudle said. He did not elaborate.

Caudle, who now practices law in North Carolina, was fired from the Truman administration in November 1951 in the midst of a congressional investigation of tax scandals. There had been a disclosure that Caudle received a commission on an airplane sale involving a taxpayer who was in difficulties. At that time, Caudle was in charge of prosecution of tax cases.

The Senators planned a public hearing, beginning at 2:30 p.m. (EST), with Maj. Gen. Harry H. Vaughan as witness. Brownell said FBI reports intended for Truman were delivered to Vaughan, then the President's military aide.

Preliminary to the public hearing the Senators had a private session with Mrs. Ruth Campbell, who was Vaughan's secretary at the White House.

Robert Morris, subcommittee counsel, said little new testimony had been provided.

"Only a few unimportant things," Morris commented.

Morris said that at the open afternoon session Caudle probably would be the leadoff witness. He said Mrs. Campbell might not even be asked to appear because her testimony added little.

There was some speculation that Valde's go-round with Truman may mean the Un-American Activities Committee will stay out of the future investigation of the whole affair.

## Good Neighbor Group Formed

A Good Neighbor Committee has been formed here to take over the work of the disbanded Human Relations Council. Mayor G. W. Dabney submitted a list of the committee members to the Good Neighbor Commission of Texas today.

The local members are Lewis Price, 810 West 18th; Brown Rogers, 308 North Main; Dorothy Davis, 1518 Sycamore; D. M. Carmona, 415 NW 4th; and Rev. Bernard Wagner, 506 North Main.

The state commission asked that the local committee be formed to coordinate work with the state in promoting "better relations based on sound international understanding." The new state organization has taken over the work of the old State Human Relations Council to a large degree.

## Government Files Suit For \$1,645 Against Contractor

Suit for \$1,645.64 has been filed in federal district court in Abilene against John B. Martin, of Oklahoma City and others.

Federal government filed the suit on behalf of Saunders Company of Big Spring and asks the \$1,645.64 as payment for plumbing materials allegedly sold by Saunders Company to E. N. Hurst of Big Spring, sub-contractor with Martin on a housing project at Webb Air Force Base.

Attorneys for the government are William E. Greenlee and Thomas, Thomas and Jones of Big Spring.

## Inspection Slated For National Guard

Inspecting officers, and the Battalion will be guests of officers of the local unit, Battery B of the 132nd Field Artillery, at a dinner at the Wagon Wheel Restaurant at 6 p.m., prior to the inspection. Capt. Charles K. Vaughn is commanding officer of the battery.

## Monroney Declares Truman Subpoena Is Slick Politics

CARTHAGE, Tex. (AP)—Sen. Mike Monroney (D-Okla.) says the subpoenaing of former President Harry S. Truman by the House Committee on Un-American Activities was "political demagoguery."

Monroney told a \$10-a-plate Democratic Party banquet here last night that Atty. Gen. Brownell should pay more attention to live Communists and let the dead ones go. He termed Brownell's airing of the Harry Dexter White case as "new and slick device used by the Republicans to win elections."

He rapped Senator McCarthy (R-Wis.) and said the Republicans were merely making political capital instead of prosecuting and convicting known Communists.

Monroney said recent McCarthy investigations generated fear and doubt in American minds and were helping to destroy American faith.

## Ship To Be Scrapped

HOBOKEN, N. J. (AP)—The 30-year-old Holland-America Line ship, pulled into the harbor last night to end her final Atlantic crossing. Since she was christened, the Vendam carried some 250,000 passengers on 328 trips across the Atlantic. She will be scrapped by the Bethlehem Steel Co.

## School Files Suit For Roof Repairs

Big Spring Independent School District has filed suit in District Court asking that Frank Busbom and J. R. Raugh be directed to repair a portion of the roof of Big Spring High School.

Or, in lieu of the repairs, the school requests judgment in the sum of \$2,750.

Plaintiff alleges that defendants, including Anderson Engineering Inc., a subcontractor, are responsible for a defective roof over a portion of the building which was constructed in 1950-51.

## Another Mild Day Grooms Texans Today

By The Associated Press  
Another mild day greeted Texans Thursday as many crossed their fingers and wondered what Friday, the 13th, would bring in the way of weather.

Not a cloud was in sight.

Junction's overnight low of 25 was the coolest in the state. Precipitation recorded 30, and it was 32 in Lubbock and Lufkin. Most lows were in the 20s and low 40s. High temperatures Wednesday ranged from 61 in Dalhart to 76 in Presidio.

## Byrnes Replies To Questioning

COLUMBIA, S.C. (AP)—Gov. James P. Byrnes, one-time secretary of state in former President Truman's cabinet, replied today to questions about the late Harry Dexter White put to him by the Senate Internal Security subcommittee.

He said he would disclose the answers after the subcommittee has time to study them.

"Have you any recollection as to the identity of the White House official who handled for President Truman in your presence the telephone call to Leslie Biffle, secretary of the Senate, in reference to the nomination of Harry D. White? Will you recount the conversation in as much detail as you recall?"

"After you learned that White had been confirmed, did you do anything further about the matter? If so, whether you wrote or spoke about it or left memoranda or gave instructions? Please give details as fully as possible."

Byrnes said in a statement Monday night that while he and Truman were conferring about the White appointment as director of the International Monetary Fund in February, 1946, Truman called Biffle to find out the status of White's nomination and learned it had just been confirmed by the Senate.

Byrnes said he went to Truman to urge that the White appointment be dropped after seeing an FBI report on White's "espionage activities."

The House Un-American Activities Committee summoned Byrnes to testify before it about the White incident but he refused yesterday to go to Washington to be questioned. The committee later announced it would send a subcommittee here to question him.

## Lions Sell 300 'Blind' Brooms

Lions, getting their sales machinery slowly into gear, had sold around 300 of their "blind" brooms in the first push.

Initial reports, by no means complete, indicated good response. Householders and business operators were responding with broom purchases as an aid to the Lions fight a. servation and blind work fund, c. Larson Lloyd, secretary.

Wednesday, the starting day for selling the brooms, which are made by blind labor out of quality materials, Cosden Petroleum Corp. kicked off the campaign off center by buying 100 brooms.

One team sold out all the brooms it had checked out. Another, working briefly after dark, had brisk sales.

For each of the brooms sold, the club will have 50 cents to apply to providing treatment or visual aid to youngsters who cannot afford the help, and to adults who also need such aid or assistance due to total blindness.

The sales are to continue through Saturday, or until the crop of 134 dozen brooms is exhausted, said Clyde Angel, in charge of the special committee. Most of the warehouse brooms have been sold.

Team captains responsible for the city-wide canvass are Cliff Fisher, Bill Pollard, Joe Blum, Gil Gibbs, B. M. Keese, Carl Smith, Roy Worley, Pete Cook, George Mclear, Marshall Cauley, Jack Cook and Robert McEwen.

## McCarthy Conducts Closed Hearings At Giant GE Factory

ALBANY, N.Y. (AP)—Sen. McCarthy (R-Wis.) conducts a closed-door hearing here today into what he terms "alleged Communist infiltration and alleged espionage" at the Schenectady plant of the General Electric Co.

The Senator, chairman of the Senate investigations subcommittee, arrived last night by plane from Washington.

McCarthy had said earlier that today's session would deal entirely with security precautions at the huge GE installation.

C. George Anastos, assistant subcommittee counsel, said at least 13 witnesses had been subpoenaed for today's session. Neither he nor McCarthy would identify any of the witnesses in advance, but the Senator said he might make daily progress reports to newsmen.

McCarthy said the hearing might run through Friday, with a night session possible and a public hearing "later on."

The session here opens a subcommittee investigation of alleged Communist subversion in industrial plants engaged in defense production, according to subcommittee spokesmen.

## Hernandez Rites Set Here Today

Funeral rites were to be conducted at 4:30 p.m. today at Sacred Heart Church for Pedro Hernandez, 72, who died in a hospital here Monday.

The Rev. B. A. Wagner was to officiate. Burial was to be in the Catholic section of City Cemetery under direction of Nailey Funeral Home.

A native of Durango, Mex., Hernandez had lived in Big Spring for a number of years. He was a retired laborer for the Texas and Pacific Railway.

Survivors include two daughters, Mary Vasquez of Big Spring and Marcella Hernandez of Wood, Calif.; one son, Manuel Hernandez of Big Spring; seven grandchildren and 20 great-grandchildren.

## Firemen Called Out Twice During Night

Fires at Hester's Office Supply, 114 East 3rd, and in a car at 3rd and Johnson were extinguished by city firemen last night.

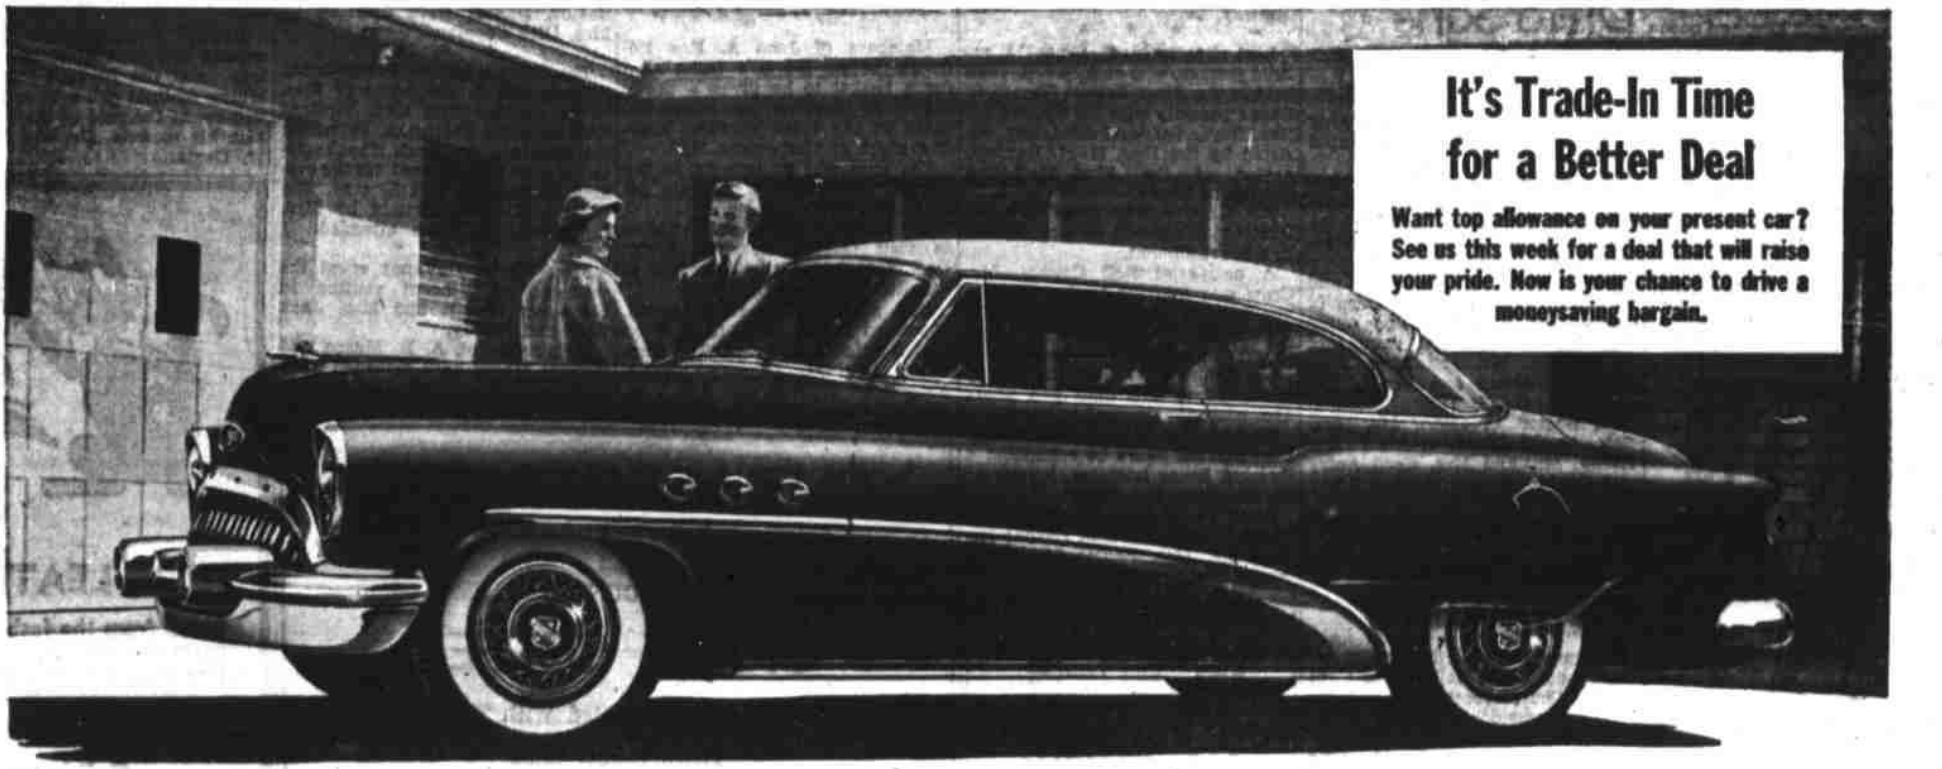

A transformer shorted out at the office supply company about 8:45 p.m., but firemen reported no damage to the building or contents.

The car, which belongs to Gali E. Coleman of Borger, caught fire about 1 a.m. this morning. Cause was a cigarette on the car seat, and the front seat was destroyed. Owner of the car could not be found at time of fire.

## McKay Tells API Not To Seek Import Curbs

CHICAGO (AP)—Secretary of the Interior McKay told the petroleum industry today not to seek "special favors" in the form of government curbs on oil imports.

McKay, in talk prepared for the American Petroleum Institute's annual convention, stressed that such restrictions might weaken friendly oil-producing nations whose economies this country has been trying to strengthen.

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Heard a knock at the door," he said. "Fellow I never saw before. Told me his car went dead down the road and would I give him a shove. My boy, Flip, and I went out to his car with him. We're all set to push when he steps on the starter and the motor turns over.

"Well, Flip and I just stood there when the fellow leans out the window and says, 'Just wanted to make sure you're the right man to vote for.'"

From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor. One way I know is just to have a little regard for the other fellow. Whether your neighbor likes beer or buttermilk, don't try to push him to your choice. Just give him your "vote of confidence."

### Mrs. Jarratt To Run For District Office

STANTON (Spl) — Mrs. H. M. Jarratt will be a candidate for district president, Texas Federation of Music Clubs, at the 17th annual convention of the Ninth District Friday and Saturday in Stanton.

Mrs. Don Newsom has been nominated for district corresponding secretary. The Stanton Music Clubs will be hostess at the meeting.

Also attending from the Big Spring Music Study Club will be Roberta Gay, delegate; Mrs. Leonard Shipman, president; Mrs. J. E. Hardesty, district board member.

Mrs. Sonne Umberson of Stanton, district president, has announced that the convention theme will be "Our American Music."

Mrs. Newsom will represent the Big Spring club on the program Saturday morning.

A district board dinner Friday night will honor the state president, Mrs. Ina Wooten Jones of Abilene; Mrs. T. A. Mitchell of Fort Worth, and district officers and chairmen, Mrs. Jarratt, dis-

trict vice president, will report on state board meeting.

The Odessa College choir and the Sul Ross "Rossonian Choristers" will appear on a program of Texas music Friday at 8:30 p.m. at the First Methodist Church. The public is invited. Mrs. Mitchell, a pianist, will present a concert lecture on Texas music "From Cowboy to Composer."

Mrs. Don Gaddis, president of the Stanton Music Club, will preside at the opening of the convention Saturday morning at the First Methodist Church. Mrs. Jones will report on the state federation.

A luncheon Saturday at the Bellevue Hotel dining room will honor club presidents. Mrs. John Priddy of Stanton will speak on "The Two R's (Records and Radio) and Their Influence on Our American Music."

Election of officers for 1954-55 will conclude the convention Saturday afternoon. Junior clubs will meet at the same time to make reports.

The clubwomen have also adopted resolutions opposing a national sales tax and limiting the amount of income tax that may be levied. Another resolution approved adult forums on Americanism.

The several hundred club women last night heard Rep. Lloyd M. Bentsen Jr. of Mission who urged them to fight against decreased military spending and to support campaigns to promote democracy abroad.

Americanism awards were presented to Sue Miller, Memphis High School student and Patricia Guess, Bay City High School student for prize winning essays on "What America Means to Me."

The Quid Umc Club of Tyler won a citizenship prize awarded by Mrs. R. F. Lindsay of Mt. Pleasant. Mrs. Sam R. Greer represented the Tyler club.

The convention comes to a close tonight.

In Season's Big Test Friday Night

Here are the offensive starters of the Stanton Buffaloes, who play Sundown in their Homecoming Game Friday night in Stanton. A win by the Buffs would earn them a tie for first place in the circuit. Left to right, up front, they are Reggie Myrick, Gordon Stone, Harold Smith, Mike Baugh, Burley Polk, David Johnson and Wayne

Butcher. In the backfield, it's Bobby Carlile, Jimmy Butcher, Jimmy Henson and Norman Blocker. Johnny Woody will start in place of Butcher, who will play defense. Conrad McCaskie will be in there in place of Carlile in the backfield.

Bisons Cheered By The Return Of Star Back

STANTON — The Stanton Buffaloes, grinding themselves for their Friday night game here with the District pace-setters, the Sundown Roughnecks, have been cheered by the return of Conrad McCaskie, star halfback. McCaskie has been out of action since the Coghams game. The Buffaloes, now in a tie for second place in conference standings, have been pronounced "as ready as can be" by their coach, Melvin Roberts. The Buffaloes gained added respect last week by belting Morton, 35-0. The Stanton team was picked to win, but not by that score. Don Waygood, a 185-pound triple-threat, sparks the Sundown team. Stanton knows it will have to stop him, if it hopes to win. Norman Blocker, one of the two seniors in the Stanton lineup, will offer a threat to Sundown's defenses. Blocker, getting better with each game, has scored close to 100 points this season. Sundown will outweigh the Buffs considerably but Coach Robertson hopes to make up for that shortcoming with speed. Should Stanton lose, the game winds up the season for the Buffs.

Will Tigers Be Tough Foe? Hark Back To 1952 Game

Local football fans may be taking it for granted that Big Spring will have an easy time of it in Snyder Friday night, at which time they can clinch a tie for the District 1-AAA title by beating the Tigers. The local coaches aren't. They remember all too well what happened in last year's game between the two clubs, when the Tigers—three touchdown underdogs—fought the Steers all the way down to the wire before losing, 28-13. The Steers left the field trailing, 7-0, at half time and had to go all out to discourage the game Bengals. Any team handled by Speedy Moffett, Hal Bettle and Horace Bostick—all of them former Big Springers—gives Big Spring trouble. After that near miss the Steers experienced last year, the local mentors should have no trouble getting their team in the right frame of mind. This could be as tough a game as the team has had all season and the local athletes seem to sense it. Coaches Carl Coleman and Wayne Bonnar had their players

rehearsing stuff Wednesday. All the rough stuff is behind the Steers for the time being. The mentors want to take no chances on getting any of the lads hurt for this crucial contest. Snyder has been thoroughly scouted, but the Tigers could use a new formation against the Steers. These facts have been reported to the team by local scouts: Jackie Grimmert is not only one of the top ball carriers the Steers will face all season, he is also one of the best line blockers. Gerald Crawford is a cut above the ordinary safety, dangerous every time he gets the ball. Reagan White is a fine, offensive end, will catch anything he can get to. Steve Blair is an excellent middle guard and can't be moved out of a play easily. The best blockers on the Snyder team are Blair, White and Milton, a tackle. The Snyder team has two quarterbacks about on a par with each other. They are Bernie Hagins, whose passing gave the Steers a lot of trouble in 1952, and Alan Snead, a fine sophomore. They alternate their regularly. Snyder carried an unsullied record into conference play but since has lost to Vernon, 20-0; Breckenridge, 41-28; and Lamesa, 21-14.

FOR FOOTBALL

**New Restrictions To Be Discussed**

By SKIPPER PATRICK

KANSAS CITY (AP)—The NCAA will be asked to consider new proposals dealing with the shorter practice and playing seasons for football and basketball at its annual meeting next January. The 18-man policy-making council of the National Intercollegiate Athletic Association completed plans for the coming convention at Cincinnati in a two-day session which ended here yesterday. The convention also will be asked to consider such matters as disciplining member institutions on probation and postseason all-star high school basketball and football games. An amendment to NCAA regulations that basketball preseason practice not begin before Nov. 1, the game schedule not before Dec. 1 and the season limited to a maximum of 26 games, will be offered by the council. The 26-game limit would be exclusive of the NCAA championship tournament, but preseason and in-season tournament games would be counted. The council noted that some schools played as many as 32 games, including the various tournaments. Ten games, instead of 11 as some schools are now playing, would be the maximum in football. The post-season games approved by the NCAA would be excluded in the total number allowed. If the convention writes into the bylaws the council's recommendation, football preseason practice won't start before Sept. 1. Spring practice, already abolished by some conferences, primarily in the East, won't be affected. The council also recommended that institutions subject to disciplinary action should not be permitted to serve as host for any NCAA event during their period of probation. However, this would not affect any of the association's events presently scheduled.

Steers Advance To 4th In Poll

DALLAS (AP)—For the third straight week the powerful Texarkana High School unit ruled the Dallas Morning News's Class AAA football poll. The Texarkana team topped a first-place vote on every ballot. Texarkana won over Marshall last week with an impressive 33-0 score. There was one new entry to the top 10 list—Brownwood, holding down ninth spot. Edinburg, South Texas power, held to its runner-up position, after whipping Brownsville, 33-21. The first 10: 1. Texarkana (4-AAA) 2. Edinburg (8-AAA) 3. The South in San Antonio (7-AAA) 4. Big Spring (1-AAA) 5. Temple (5-AAA) 6. Kilgore (4-AAA) 7. Freeport (Brazosport) (6-AAA) 8. Breckenridge (1AAA) 9. Brownwood (2AAA) 10. Lufkin (4-AAA) Sportswriters throughout the state cast ballots for only 15 teams this week as district competition leveled off. Others receiving votes were: Sherman, Corsicana, Palestine, Kingsville and Port Neches.

FULL AGENDA AT MEETING

A number of important matters will be discussed before the Quarterback Club at that organization's convulse at the High School Study Hall this evening. The meeting begins at 7 p.m. All persons who still have tickets for the Barbershop Singing Convention, or who have money for same, have been urged by club officials to turn them in tonight. The problem surrounding the job of getting a special train to Sweetwater on Thanksgiving Day will also be aired. No decision has yet been made on the train. As entertainment, action films of the Big Spring-Lamesa football game will be screened.

Three Are Tied In TD Scramble

NEW YORK (AP)—Chances are that the 1953 major-college individual scoring champion is going to be a rarity on two counts—he's likely to score less than 100 points and he may be a Big Ten player. NCAA Service Bureau statistics showed today that Bobby Watkins of Ohio State, Mickey Bates of Illinois and Joe Ulin of San Jose State, each with 11 touchdowns for 96 points, are the nation's top point makers. Since Ulin has been ineligible for four weeks now, the real leaders are Watkins and Bates, although seven other players are within easy reach of the top. Only once in the last 15 years has the major-college scoring champ failed to score 100 or more points. That was in 1947 when Maryland's Lou Gambino had 96. And not since Tommy Harmon of Michigan took top honors in 1939 and 1940 has a Big Ten representative held that distinction. Watkins and Bates, with two games apiece to go, however, are far from safe. Four players have 10 touchdowns for 60 points—VMI's Johnny Mapp, Denver's Fred Mahaffey, Oklahoma's Larry Grigg and California's Al Talley, Wyoming's Joe Mastrogiovanni, the season-long total offense leader, is right up there with 59 points while Jack Parker of Mississippi State, the defending champion, has 58. Georgia's Jack Carson is clinging to first place in pass receiving with a good chance to stay there.

YEARLING TEAMS SPLIT TWIN BILL AT LAMESA

LAMESA — The Seventh Grade Yearlings of Big Spring, coached by Darrell Flynn, bowled over the Lamesa Breezees, 22-6, in a football game played here Friday afternoon. The Big Spring Eighth Graders lost, 13-6, in a controversial contest. In that one, the Yearlings had four touchdowns called back and Lamesa scored its winning TD on what Big Spring coaches said was a "fifth down." In the Seventh Grade game, Jerry Graham scored three touchdowns, ran across one extra point and tackled a Lamesa carrier in the end zones that gave Big Spring a safety. Graham went around right end for 80 yards and a score the first time the Yearlings had the ball in the first period. Jackie Phillips made the extra point. In the second period, the Big Springers added a safety after Ronnie Pelache and Chubby Moser had set it up with some fine defensive work. Later in the second, Graham scored from 35 yards out on a bootleg play. Lamesa drove 40 paces for its lone tally in the second. In the third, Graham grabbed a Lamesa pass and scooted 40 yards across the double stripes.

Lamesa wasn't able to move against the fine Big Spring line in the second half. Big Spring twice moved down to Lamesa's 15-yard line but wasn't able to find the punch to get across. Moser, playing his best game, threw Lamesa ball carriers for losses on 12 occasions. Pelache was outstanding, as were quarterback Jimmy Whitfield, halfback Phillips and halfback Joe Perry. The entire Big Spring line played fine all-around ball. Knox Pitzer scored Big Spring's lone touchdown on a 45-yard run in the Eighth Grade game. Lamesa led, 7-6, at half time. The Big Spring Seventh Graders are tentatively booked to play Coahoma in Big Spring Tuesday evening.

Bombers In Tie With Colonials

The Washington Place Colonials and the Airport Bombers fought a 7-7 deadlock in a Ward School Football League game at Steer Stadium Wednesday. Two more makeup games are on tap this afternoon, the first of which gets under way at 6 p.m. A full schedule of contests will be played Saturday, the first one starting at 8 a.m.

Ackerly Eaglets Won Five Of Six Gridiron Starts

ACKERLY — The Ackerly Grade School six-man football team wound up a successful season here Tuesday night by beating Garden City, 52-40. The Eaglets staged a furious rally after being down, 20-7, at the end of the first period. Garden City registered a TD in the first two minutes of the game. Hard running by Phil Wallace and Jimmy Britow and the brilliant passing of Joe Cook, with Campbell as his favorite targets, pulled the game out of the fire for the Eaglets. The score was tied, 33-33, at half time. A pass interception by Jimmy Savells early in the fourth quarter finally swung the issue Ackerly's way. Ackerly won five of six starts

Ninth Graders To Sweetwater

Dan Lewis and his Big Spring Junior High School Yearlings head for Sweetwater today, where at 3:30 p.m. they are scheduled to take the field against that city's junior high school club. The Yearlings are fresh from a 13-6 success over Colorado City. In that one, they showed improvement in all departments of play. It was their second victory of the season, both of them over Colorado City. The Yearlings may play a return game with Sweetwater here next week.

SWC 11's Ease Up In Drills For Contests

By The Associated Press

Southwest Conference football outfits took it easier Thursday after hard workouts in perfect weather Wednesday and planned only tapering-off drills Friday. Saturday's games match Rice with Texas A&M at Houston, Baylor against University of Houston of the Missouri Valley Conference at Waco, Arkansas against Southern Methodist at Dallas, and Texas with Texas Christian at Austin. Here's the way they looked Wednesday: Arkansas—Coach Bowden Wyatt had the Porkers running through a long scrimmage in the formation he used briefly against Rice last Saturday when the Hogs were slaughtered, 47-0. The Razorbacks sharpened their spread attack and kept busy with single wing formations. Blocking back Billy Proctor was the only man on the injured list. Texas—The Longhorns' No. 1 backfield unit looked erratic in running plays and dropped some passes in a fumbling exhibition of the Texas offensive machine. Coach Ed Price said he was satisfied with the progress of Glen Dyer, No. 3 quarterback switched to center. "We are prepping him for later in the season," said Price. Rice—Buddy Grantham, senior man-under for the Rice T-attack, watched as a sophomore quarter —Pinky Nesbit—guided the varsity against Aggie formations. Grantham, who injured an ankle in Tuesday's workout, limited his work to running exercise minus the pads. Southern Methodist—The Mustangs looked over the single wing as used by Arkansas, the junior varsity ran through single wing power plays with good results against the first stringers. They showed more defense on tap for Thursday drills. Baylor—Coach George Sauer, slightly ill, watched from the sidelines as a spectator as the Bears went through a hard scrimmage. However, the Baylor regulars did not take part in the contact work. Star Halfback Jerry Coody and Tackle Jim Smith, injured last week, were listed as doubtful starters this week. Texas Christian—Classwork and a field trip kept three TCU quarterbacks from taking part at the Horned Frogs went through dummy sessions stressing pass offense and defense. There was no scrimmage. The absent quarterbacks were Mal Fowler, Ron Clinkscales and B. J. Meredith. Texas A&M—Coach Ray George held a long warmup before moving his charges into their last hard scrimmage of the week. George seemed to think Aggie blocking and pass protection was improved.

## Dykes Is Back In Business: Oriole Boss

By HERB THOMPSON  
BALTIMORE (AP)—Genial Jimmy Dykes, who lost his job as manager of the Philadelphia Athletics a week ago, was back in business today at a new stand, working for his old boss.

He became the third manager on the rising payroll of the Baltimore Orioles after Marty Marion was fired last year with a year still to go on the \$30,000-a-year contract he had with the St. Louis Browns. Marion joined former Browns Manager Rogers Hornsby on the inactive pay list.

Altogether, the Orioles will pay nearly \$100,000 for the three managers and get work out of only one of them. Both of the surplus contracts expire after next season, as well as that of Dykes, which was bought from Philadelphia. Hornsby is believed to draw around \$40,000 and Dykes \$30,000.

Dykes, 37, was picked by General Manager Art Ehlert, his recent boss at Philadelphia, to guide Baltimore in its return to major league baseball after nearly half a century.

Ehlert said he was firing Marion because of his "defeatist attitude." He called Dykes "forceful and energetic" and said he knew first hand he could work well with the club.

Marion said at St. Louis: "I don't feel too bad about it, honest I don't. To go to Baltimore with two strikes against you, like I had, would have been a pretty tough operation. But I wish 'em a lot of luck."

He said someone in the old Browns organization had given him a bad name with the Oriole management.

As for Dykes, he said he was "tickled to death" to be back at work as a manager again and especially pleased to be "back with Art Ehlert."

"Art knows I'm not a yes man and I've never hesitated to tell him when I think a deal is good or bad," he said.

He predicted Baltimore would be a "hotter major league town" than Philadelphia and envisioned his new team playing in front of crowds of 20,000 rather than "the 1,500 or 1,600 fans" they customarily played for in St. Louis.

Dykes was to come here today for a get-acquainted luncheon with the press and to talk over his new job with Ehlert.

The Athletics dropped him last week as manager after he had piloted the club through three seasons—boosting them from eighth to sixth place in 1951, climbing to fourth in 1952 and slumping to seventh place last season with a team hampered by injuries.

Marion said his plans for the future were uncertain.

## Flower Grove And Loop Play Friday

FLOWER GROVE — The Flower Grove Dragons host Loop here Friday afternoon in their final six-man football game of the season. Game time is 2 p. m.

Flower Grove, loser in its last two District Six starts, will be favored to topple the winless Loop team.

## Outsiders Finish In Money In International Feature

By GEORGE BOWEN  
LAUREL, Md. (AP)—The second Washington, D. C., International provided more fuel today for those who argue which country produces the best thoroughbreds and confirmed that the ideal of bringing them together is a smashing success.

For the second time, three of the first four horses to finish were bred outside the United States. France's two entries both earned part of the prize money, Ralph B. Strassburger's Worden the \$50,000 first award and Paul Duboscq's Silnet the \$2,500 fourth.

The runner-up Iceberg II was bred in Chile and now is owned by Arnold W. Hanger of the United States. The Brookmeade Stable's Sunslow saved the United States from a shutout by finishing third.

A record Laurel crowd of 31,100 bet a record \$1,754,548 although the race was postponed from last Saturday because of snow.

## One-Third Of Playoff Teams Can Be Decided This Weekend

By The Associated Press  
More than a third of the 27 districts of Texas schoolboy football will have representatives for the state playoffs when the firing ceases in a jam-packed scheduled this weekend.

Ten already have been determined and 18 others are due to gain their places Friday night.

Westaco won the District 32 title Wednesday in an Armistice Day 34-0 triumph over Donna in Class AA. The Panthers became the fourth team to clinch a playoff spot in this division. Stamford, Comanche and Handley previously had nailed down the honor.

Three championships go on the line this week in Class AAA. Big Spring can gain the playoffs by beating Snyder in District 1. Edison (San Antonio) by defeating Alamo Heights (San Antonio) in District 7 and Edinburg by downing McAllen in District 8.

Class AAAA—the top division—decides no district championship this week barring some major upsets, but there are some very important games. Waco and Highland Park (Dallas) clash at Waco with the leadership in District 5 on the line. It's the same in District 6 where Brackenridge (San Antonio) plays at Ray (Corpus Christi).

In Class AA Turrell, the defending state champion, can sew up the crown in District 13 by beating Pine Tree. Huntsville and Madisonville play for the title in District 20. Belton can win District 23 by beating Cameron. Wharton can win District 26 by beating El Campo. Nederland can win District 31 by beating Aransas Pass.

## 40 TICKETS AVAILABLE

Only 40 reserve seat tickets for the Friday night Big Spring-Snyder football game, which will be played in Snyder, remain on sale here and those are available at Dibrell's Sporting Goods Store downtown.

They will remain here until 2 p. m. Friday. What is left must be returned to Snyder at that time.

The duets are priced at \$1.25 each.

## Flower Grove And Loop Play Friday

FLOWER GROVE — The Flower Grove Dragons host Loop here Friday afternoon in their final six-man football game of the season. Game time is 2 p. m.

Flower Grove, loser in its last two District Six starts, will be favored to topple the winless Loop team.

## Outsiders Finish In Money In International Feature

By GEORGE BOWEN  
LAUREL, Md. (AP)—The second Washington, D. C., International provided more fuel today for those who argue which country produces the best thoroughbreds and confirmed that the ideal of bringing them together is a smashing success.

For the second time, three of the first four horses to finish were bred outside the United States. France's two entries both earned part of the prize money, Ralph B. Strassburger's Worden the \$50,000 first award and Paul Duboscq's Silnet the \$2,500 fourth.

The runner-up Iceberg II was bred in Chile and now is owned by Arnold W. Hanger of the United States. The Brookmeade Stable's Sunslow saved the United States from a shutout by finishing third.

A record Laurel crowd of 31,100 bet a record \$1,754,548 although the race was postponed from last Saturday because of snow.

John D. Schapiro, Laurel president, who organized the race, concluded it "shows that people who

Palacios, Boerne and Lyford already have gained the playoffs in Class A. Other titles on the line are:

District 2—Dimmitt at Springlake, District 4—Sundown by beating Stanton, District 9—Crowell at Pedocah, District 12—Richardson by beating Dunesville, District 15—Canton at Brownboro, District 18—Hemphill at Newton, District 19—Trinity by beating Grapeland, District 23—Burnet at Llano, District 25—A&M Consolidated at Bellville.

Top games in Class AAAA include Odessa at Pampa and Bowie (El Paso) at Yaleta. Odessa is the only unbeaten team in District 1 where defending state champion Lubbock has lost twice, and victory over Pampa would virtually sew up honors for the Broncs although they still have two games to play after this week. Bowie is unbeaten in District 2 and in the evening Jefferson (El Paso) loser to Austin (El Paso) Thursday night could win its way into the playoffs by downing Yaleta.

## Carter To Seek 147-Lb. Title

By MURRAY ROSE  
MONTREAL (AP)—Lightweight champion Jimmy Carter, winner of three straight title fights by knockouts, today sought a crack at the winner of Friday's Kid Gavilan-Jimmy Bratton welterweight championship bout.

After knocking out rangy Armand Savoie of Montreal last night in 59 seconds of the fifth round with "the best single punch (a right) I ever threw," Carter immediately put in a pitch for a shot at the welter crown.

"There ain't nobody left in the lightweights now for Jimmy," said Manager Willie Ketchum, the loquacious member of the New York combination, "so he might as well fight for the welterweight title."

"The NBA said there wasn't any logical contenders in their last ratings. We could make big money with a Gavilan match—and money is what we're after."

"Anything Willie says goes," said Carter. "A welterweight title fight is fine with me."

The champion had a slight cut over his left eye as the result of a head collision with the 23-year-old Montrealer in the fourth round. Savoie had a similar gash.

Carter said the key punch "was a beauty—the best single punch I ever threw—traveled just about three inches."

(To ringers it appeared to be about 8 to 10 inches).

Bantams Collide For World Title

By GORDON TAIT  
SYDNEY (AP)—Australia Jimmy Carruthers remains the popular choice to keep his world bantamweight title against challenger Pappy Gault of Spartanburg, S. C., tomorrow night.

Interest is running high in Sydney. It's the first time Carruthers has defended his crown in his own country.

The two boxers, both 24 and both married, finished their training yesterday and retired to retreats in the country today. Carruthers punched the bag and skipped through seven rounds in his final workout. Gault boxed four rounds with sparring partners.

The only thing that worries the Sydney fans about their home boy is his relative lack of big-time experience. He has had only 16 professional fights and just one this year. Gault has fought 50 times as a professional, including 15 this year.

the fight to the champion, a notorious slow starter. He appeared to have swept the first three rounds with long-range left and right and short left hooks to the head. But in the fourth stolid Jimmy went to work. He ripped at Savoie's body with short, thumping blows and hurt the challenger with a left-right-left combination to head and body.

At 133½ pounds, Carter weighed the lightest since he won the title for the first time by halting the Williams in 14 rounds in 1951. Savoie weighed 134.

In Demand At Offices

Gene Thomas, (right), owner and manager of the Thomas Typewriter and Office Supply, shown here with two employees of the store, Mr. and Mrs. Don Anderson, displays two office machines—

a Royal typewriter and an adding machine—which are very much in demand in the business world.

### Thomas Store Suggests Royal As Yule Gift

With Christmas only a few weeks ahead, the wise parent can end the problem of trying to decide on the right gift for that son or daughter by purchasing one of the Royal typewriters on sale at the Thomas Typewriter and Office Supply, located at 107 Main Street. The new Royal III standard machine boasts features never before offered on any machine. It has, among other things, the palm tabulator, which speeds up the operation of typing, has equal and plus signs on the keyboard and other features.

The student finds it a willing and efficient servant in preparing his home work.

Other models of Royal machines, from portables to electric typewriters, are also available at the Thomas Typewriter and Office Supply. Typewriters with elite and pica type can be supplied immediately by the Thomas store. Those ordering century type, used principally in law and public offices,

can have them delivered in less than a week.

The idea of giving adding machines is also catching on throughout the country, especially with wives whose husbands are in business.

Olivetti, Precisa, Remington and R. C. Allen adding machines are all stocked by the Thomas store. The Olivetti electric machine, made in Italy, divides, multiplies and prints proofs on everything it carries. It can add up to 11 columns of figures.

### Truck Blockade Ends

AURORA, Ill. (AP)—Aurora's police called off their truck blockade Sunday night when Mayor Paul Egan failed to show up. Merle Morgan, chief of police, said, "We decided we were skating on thin legal ice." Egan and police blocked U.S. 30 and Illinois 65 Saturday, forcing trucks to bypass the city because Egan said truck traffic is a menace.

### GOP Dinner Set

CHICAGO (AP)—Two Cabinet members will address the Republican \$100 a plate fund raising dinner here Nov. 23. They are Secretary of the Treasury Humphrey and Mrs. Oveta Culp Hobby, secretary of welfare.

### Phillips Tire Co. Has Anti-Freeze Supply On Hand

The Phillips Tire Company, located at Fourth and Johnson Streets in Big Spring, has on hand plenty of Prestone anti-freeze for its customers.

Personnel of the concern will install the anti-freeze in any vehicle upon purchase throughout the month of November. The total cost amounts to \$3.25, which is the price of the liquid itself.

The coldest weather of the winter season is just ahead. Motorists should prepare for it by installing the Prestone now.

For commercial accounts, employees of the Phillips Tire Company will install Prestone for \$2.95 in case lots. A sizable saving can result, where a business concern uses a large number of vehicles. Registration for the set of free

tires, which will be given away at Phillips Tire Company at 3 p.m. Nov. 28, is now going on at the Phillips concern.

Persons registering are not required to purchase anything, Ted Phillips, owner and operator of the concern bearing his name, emphasized.

An entire set of US Royal Air-Ride white sidewall tires, of course, will be supplied to fit any make or model of automobile. Phillips is also the headquarters for tire recapping service and tailor-made seat covers.

## Gilliland's Christmas Gift Ideas Numerous

Before doing your Christmas shopping, consider what is offered at the Gilliland Sewing Machine Exchange, 112 East Second.

Of course, the No. 1 Christmas gift for the homemaker is the Necchi sewing machine, which does everything from plainstitch to monogram and buttonhole, automatically. Or there is the Elms, precision-built Swiss portable sewing machine, also automatic.

But the world's leading sewing machines aren't the only gift suggestions you'll pick up at Gilliland's.

Right now, seamstresses at the Gilliland Sewing Machine Exchange are making a variety of items suitable for Yule giving. Monogrammed pillow cases, aprons, dresser scarves, etc., made on the famous Necchi machine, may be inspected at the Gilliland establishment. A. F. Gilliland says he will have a few of the articles for sale this Christmas season.

Of course, the housewife who owns a Necchi sewing machine can make her own Christmas gifts, making at the same time a considerable saving in funds which otherwise would be expended for presents.

And if the homemaker has a new machine in mind, the savings it will afford during the Christmas season will go a long way toward purchase of the machine, Gilliland points out.

The Necchi is America's first and most famous fully-automatic sewing machine. It performs all sewing operations without the necessity of having attachments and other troublesome devices installed. Simply push a little lever, even when the machine is in operation, and it shifts from plain stitching to monogramming, embroidery or a variety of other operations.

The Necchi cabinet is available in a variety of styles, including the popular desk model which serves a dual purpose and resembles a desk when in the "closed" position. All of the machines make attractive additions to the furnishings of any home.

The Elms, noiseless, compact and efficient, is available only in the portable model. Gilliland also is distributor here for the Domestic sewing machine, another popular line of equipment.

In addition to distribution of the three makes of sewing machines, Gilliland is engaged in sewing machine repair and service. He is qualified and equipped to repair or service any make or model of machine and maintains a large stock of parts for the various types.

Operated in conjunction with the sewing machine sales and service agency is the Alteration Shop, specializing in all types of needlework.

### Back In PHA Office

FORT WORTH (AP)—Marshall Amis, director of the regional office of the Public Housing Administration here from its establishment in 1939 until 1948, resumed that position Monday. Since 1948, Amis has been general counsel of the PHA in Washington. The Fort Worth field office he heads has 110 housing authorities operating in Texas and five other states. C. J. Stenel, director since 1950, will remain as deputy director.

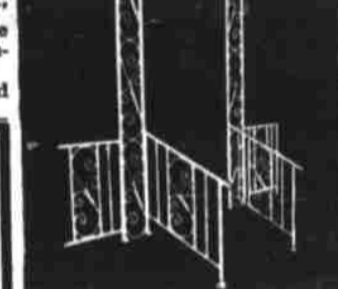

### Heavy Plaster Falls

DALLAS (AP)—Two persons were injured when the heavy plaster covering of an air-conditioning and heating conduit at the Tower restaurant fell to the floor in a crowded Dallas cafe Sunday night. They are Keibard Zobel, 27, and Mrs. Al Zobel, 19.

### State Employee Dies

BRENNHAM (AP)—Services were held Monday for E. T. Zwerneman, 48, a Texas Liquor Control Board inspector for 18 years. He died Saturday.
