## SPECIAL OIL SESSION MAY BE CALLED

### HIGH COURT TURNS DOWN LOBO'S PLEA

A decision handed down in Eastland Thursday morning in the Eleventh Court of Civil Appeals denied the Cisco independent school district any and all relief on its recently filed application for mandamus and injunction to require the district committee of the interscholastic league to arrange a schedule to include the Cisco school.

Judge W. P. Leslie wrote the opinion in which the other two justices, Chief Justice J. E. Hickman and Associate Justice O. C. Fundenburg, concurred.

In rendering the decision the court held, in substance, that the fixing of the amount of the supersedeas bond in vacation rather than in term time by the trial court was regular; that the filing of the supersedeas bond which was filed, operated to suspend the judgment of the trial court permitting Cisco to play football with other Oil Belt teams; that since the power of the appellate court is limited to the granting of only such peremptory writs as are necessary to the enforcement of that court's jurisdiction, and nothing shown by the application indicates that the appellate court's jurisdiction is threatened, the appellate court is without power to grant the writ prayed for.

The appellate court declined to grant any relief before the filing of the statement of facts and transcript, and held that to grant the relief prayed for would be to destroy, rather than preserve the jurisdiction of the appellate court.

The appellate court further held that in the event the appeal should be dismissed because the question has become, or is about to become, moot, by the expiration of the football season, then the proper order would be to dismiss the case from the trial court, rather than merely dismissing the appeal and thus finally put an end to this suit.

It thus appears that practically all the substantial contention of the district committee, composed of N. S. Holland and others, as put forth by their attorneys, has been upheld by the appellate court.

The court did not go to the extent of dismissing the case from the docket of the trial court, but it is considered that the court may do this when the court reaches the appellate court on a formal statement of transcript which probably will be in the near future.

Under this ruling it appears that Cisco has lost its fight to compete with other teams in the Oil Belt league and that it will be necessary for the team to labor under the suspension as assessed by the state committee which extends through this football season.

The case was argued before the appellate court Wednesday, Oct. 19. Attorneys Lyndsay D. Hawkins and James G. Harrell of the Cisco, and Harrell & Allison, Breckenridge attorneys, who represented the district committee together with Robert Holloway of Greenwood, Turner, Seaberry & Springer of Eastland.

### Man Is Killed In Leap From Truck

TEAGUE, Texas, Oct. 28.—When the quilt which J. E. Timm, about 35, of Kirk, Texas, wrapped around himself to keep warm, caught fire early today, he leaped from the motor truck in which he was riding, fell on his head and was killed.

The accident happened near Jewett, in Leon county. The fire was extinguished before it ignited the truck.

### Roosevelt Leads In Straw Vote By 3 to 2 Margin

Roosevelt is shown holding his lead of 3 to 2 over Hoover in the semifinal returns of The Literary Digest's nation-wide Presidential poll, according to tomorrow's issue of the magazine, which gives a tabulation of nearly 8,000,000 votes. This is a larger return, it is announced, than the final returns of the 1928 poll.

Of a total of 2,933,600 votes tallied, Roosevelt has 56.19 per cent, or 1,648,237 votes, while Hoover has 37.33 per cent, or 1,095,275 ballots, and Thomas has 141,992 votes, or 4.84 per cent of the total number counted.

Hoover shows a slight gain from 37.19 per cent of the total vote which he had last week.

Hoover continues to carry the seven States of Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, Connecticut and New Jersey with only scant change shown in the week's balloting in any of them.

Roosevelt continues to carry all of the other 41 states.

With over 300,000 additional ballots received and counted during the past week mailed from every section of the country, neither candidate shows a gain or loss in any state of more than 1 per cent.

In a division of the vote for apportionment in the Electoral college the semifinal returns would give Roosevelt 474 electoral votes to Hoover's 574.

The vote in New York continues to be closer than in any other state, although still carried by Roosevelt, making the outcome here still doubtful. Roosevelt is polling 167,984 votes to Hoover's 157,845, a very slight increase for the President over last week's returns.

The race is also very close in Delaware, where Roosevelt's lead has been cut from a plurality of 202 votes last week to 175 votes this week out of a total of 4,997 cast in the state.

The returns from "state unknown" divide 59.47 per cent for Roosevelt and 33.65 per cent for Hoover, which percentage is still in excess of the Democratic candidate's ratio for the country as a whole.

In California, the home State of the President, the Democratic candidate has a lead of 143,584 votes to 77,875.

Texas, which was registered in the Hoover column four years ago, now shows a vote of over 4 to 1 in favor of Roosevelt.

### SIX SOUGHT IN JAILBREAK AT CLEBURNE

By United Press.  
CLEBURNE, Texas, Oct. 28.—Search for six men, including one sentenced to two years for burglary, was under way here today following a jailbreak at the Johnson county jail.

The prisoners had sawed their way out of a second-floor cell room, dropped to a lower floor and then dug through an old cement wall to freedom.

Howard Gray, 18, recently brought here from Huntsville prison and sentenced to two years for automobile theft, was arrested shortly after the break was discovered. He was coming back to the jail when arrested, he told deputy sheriffs.

### Fergusons Plead For Support of 'Straight' Ticket

By United Press.  
WACO, Oct. 28.—Declaring, "I never voted against a democratic nominee," Mrs. Miriam A. Ferguson in an address here, urged democrats of Texas to follow her own example, and vote the ticket "straight."

Former Governor James E. Ferguson appealed for party solidarity and predicted an overwhelming democratic victory. Referring to his own part in his wife's campaign, he declared, "You all know I carried her last administration. I carried in the wood and water. And I'll do it again in the next administration," he promised.

### Story Hours To Start In Ranger

Miss Frances Burrage, librarian of the Ranger High school, announced today that the first story hour for the ward school children of Ranger would be conducted on Saturday afternoon at 2 o'clock.

All children of the ward schools are invited to be present. A similar hour will be conducted each Saturday afternoon at the ward schools, one week being allotted to each school so that each school will be visited each third Saturday.

The Ranger changed his tactics to keep pace. Horses were abandoned for automobiles, old-style six-shooters for automatics.

The task of cleaning out oil towns fell to the Rangers. Local enforcement officers seldom could meet the occasion. The incidents ranged from such men as Capt. Tom Hickman or Capt. Frank Hamer, strolled into a town of 20-3000, filled with desperadoes and "moved them out."

At the present time the Ranger force is getting a heavy dose of work in the East Texas oil field. In one raid there Hickman rounded up nearly 100 gamblers who subscribed to his detective tactics of donning a checkered suit, spats and glowing necktie, and joining the game as a "tin horn" gambler.

Such figures as Hickman, Hamer and Capt. R. W. Aldrich made quick shift of the vice in boom towns as at Ranger and Mexia in

### TEXAS RANGERS STILL FACED WITH BANDIT PROBLEM

By WINSTON COPELAND  
United Press Staff Correspondent  
AUSTIN, Oct. 28.—By 1910 the last of the old-time Texas frontier bandits had gone, but in their stead came a new menace—the modern bandit.

The opening of rich oil fields, the attendant boom towns rampant with vice, and the consequent influx of "hard characters" gave the Rangers much to do. These characters carried the nerve of the old-timers but aided with rapid-fire guns and scientific devices.

The Ranger changed his tactics to keep pace. Horses were abandoned for automobiles, old-style six-shooters for automatics.

The task of cleaning out oil towns fell to the Rangers. Local enforcement officers seldom could meet the occasion. The incidents ranged from such men as Capt. Tom Hickman or Capt. Frank Hamer, strolled into a town of 20-3000, filled with desperadoes and "moved them out."

### TESTIMONY IS COMPLETED IN NORWOOD CASE

By United Press.  
FORT WORTH, Oct. 28.—Testimony ended today in the suit of Mrs. Emma Norwood to collect \$100,000 insurance on the life of Sidney Norwood, who lost heavily in peanut speculation and disappeared in 1921 before his Cleburne bank failed with a shortage of nearly \$2,000,000.

Both sides rested after attorneys for the Southland Life insurance company, defendant, produced two witnesses who testified they had seen the fugitive alive in 1929.

Three issues were suggested in informal conversation with the court: First, whether Norwood is dead; second, whether he died before Oct. 3, 1928, nearly a month after his insurance policy lapsed; and third, whether he should be adjudged legally dead under Texas statutes after an alleged absence of seven years.

Arguments were scheduled this afternoon. The case will go to the jury late today.

Kay Griffin of Fort Worth was to have been a third witness to testify he had seen Norwood within the last four years, but attorneys presented a physician's statement that Griffin was ill with a heart ailment.

On a Pullman coach near Monterey the bearded, unkempt former financier was seen July 25, 1929, Luther White, who repairs typewriters in Tampico, Mexico, testified.

Rural Free Deliverman Junius H. Gwynn sat in a juvebar and talked for 30 minutes to Norwood the same month, he testified late yesterday.

### Eastland Civic League Flower Show Opens

The community flower show under auspices of the Civic League of Eastland opened its doors to throngs of visitors at 10 o'clock this morning in the Nemir building.

At the entrance guests were received by Mrs. J. C. Patterson, president of the league, and Mrs. James Horton, general chairman of the flower show and shown through the building by the hostesses committee, Mmes. O. F. Chastain, P. B. Bittle, V. H. McDonald, W. C. Vickers, V. T. Seaberry, S. D. Phillips, J. T. Cook and Ed T. Cox Jr.

Near the entrance a dainty candy table, in rose, white and silver was presided over by Mrs. J. Leroy Arnold and committee.

Big show window depicted a forest scene in scarlet, gold and green tints, centered with musical score of Joyce Kilmer's "Trees," with a music standard, arrangement by the Eastland Music club.

The opposite window holds a complete setting of domestic life in house, landscaped grounds, winding roadways and other buildings that form an estate arranged by the Thursday Afternoon Study club.

The central show window exhibits all phases of Camp Fire Girls life from outing scenes to camp fires, and is cleverly done in rock, sand, houses and camp fire trappings.

Extending through the center of the building a long oasis of verdure, exhibition flowers, plants and foliage, has miniature lake in center surrounded by flowering plants. Oasis terminations are in artistic atmosphere of an ocean rock-bound coast, a lighthouse, life-saving station, all illuminated, and with plants and foliage massed in artistic placement.

Opposite the end of the oasis shows a collection of Texas cacti, 150 varieties, in sloping rock and sandbeds, arranged by Guy Quinn.

All decorations were done by Mrs. M. J. Pickett, chairman; Mrs. T. A. Bendy, Messrs. J. M. Perkins and Smith.

Miss Betty Perkins, and Miss Betty Stire, in attractive gypsy costumes presented the toy bank to guests for their free-will offering, an annual flower show custom.

At the right rear end a display of handwork of the South Ward and the West Ward schools is shown by Mrs. B. E. McGlamery and Mmes. Guy Dunnam, Frank Crowell, and Guy Parker.

At opposite side a delightful music room, arranged by Mrs. J. M. Perkins, assisted by Mrs. A. H. Johnson, is furnished with rugs, screens, chairs, for the audience.

Programs were given this afternoon by Mrs. A. F. Taylor, presenting South Ward school talent, and Mrs. Sue G. Spencer, who gave a delightful little play by the Spencer kindergarten students.

All the flowers are to be judged this evening and awards of ribbons and prizes affixed.

The classification committee, Mrs. W. P. Leslie, chairman, is delighted over the beautiful showing in plans and flowers.

A program is scheduled for tonight by Wilda Dracoo, violinist, and her student artists.

The flower show opens tomorrow at 9 a. m., and will close Saturday night.

### GOVERNOR MAY ISSUE CALL BEFORE NOV. 8

By United Press.  
AUSTIN, Oct. 28.—Governor Ross S. Sterling said this afternoon that he would "sleep over it" before making a decision about calling a special session of the Texas legislature to pass new oil prorations laws.

If there is a session, he indicated it would be called for next week, before a new legislature is elected on Nov. 8.

The governor conferred today with leading figures in the state's oil industry who urged a special oil session.

A law similar to that of Oklahoma, recognizing economic waste as preventable, will be sought, a number of the oil delegation said. The belief the Texas law should be so amended as to permit the state railroad commission to prevent production greatly in excess of market needs.

A BIBLE THOUGHT FOR TODAY

GREAT POWER FROM GOD: Behold, I give unto you power to tread on serpents and scorpions, and over all the power of an enemy; and nothing shall by any means hurt you.—Luke 10: 19.

NEWTON D. BAKER PREDICTS A SWEEPING VICTORY

Newton D. Baker was one of the master minds of the Wilson cabinet. He is one of the able men of America noted for his achievements in his chosen field. He issued a statement predicting a huge democratic majority in Ohio. He roundly condemned industrial heads who give political advice to employes. His words: "I think there ought to be federal and state laws prohibiting the heads of industries giving political advice to employes." Speaking of conditions in Ohio covering industry as well as agriculture he said, "The industry of Ohio is profoundly depressed, agriculture is depressed, people in both industry and agriculture in Ohio want a change." He made the sweeping declaration that President Hoover had not changed a single democrat into a republican voter by his Cleveland speech. He laughed at the assertion of Ogden Mills, "that national credit would suffer through a democratic victory," and placed this in the record for the historians, "Only two administrations in history are likely to be remembered. I refer to those of Wilson and Cleveland. They were both democratic administrations. And also that of Theodore Roosevelt—but he left the republican party when he became a liberal." This is the hour of political claimants. Hoover leaders predict a clean sweep for their ticket with a large popular majority in total vote and safe majority in the electoral college. As the chicken dealer remarked to a buyer, "You pays your money and you takes your choice."

WHERE THE FARMERS FEED THEMSELVES

Over one million cans of food are on the pantry shelves of Tarrant county farmers, placed there by their wives who have during the summer converted fresh garden vegetables into a preserved state which will serve them until next spring. Tarrant is only one of the 251 counties, and it is said that hundreds of millions of containers containing food supplies from the orchards and the gardens and the pens and poultry yards of Texas are found on the shelves of farmers the state over.

PICKING UP A PASSENGER

PEEPING THRU THE KNOTHOLE with BILL MAYES

Ho, hum. The Cisco Lobos lost another court battle and are "definitely" out of the Oil Belt for the third or fourth time. It is like that old poem about the train that jumped the track so often that the conductor finally wired in his report: "Off again. On again. Gone again. Finnegun." The latest is the court of civil appeals at Eastland has refused an injunction asked by Cisco attorneys making it mandatory that the Lobos be placed on the Oil Belt schedule. Now what will be the next step?

"Gripping" Gus Coleman, erstwhile Ranger and Eastland scribe but now of Breckenridge, says, "The winner of the game Friday between Eastland and Breckenridge will be the 1932 district champion team." And Gus goes on to say, "This prophecy is made after careful consideration of all that may be expected and Bill Mayes and Bruce Francis and Joe Carroll and Jake Sandefor and Cap Curry and Peck Williams and practically all the noted sports experts have said."

The readers of this column, if any, will remember that we have frequently mentioned that we are not predicting any predictions until after games are over. In other words we have developed into a first class second guesser.

We did make one prediction. Prexy Anderson mentioned it today. He said "That J. L. Jones boy of Ranger is getting so many press notices that his will be one of the names heard when all-state chatter begins." Bill Mayes of Ranger said a lot of nice things about him before the season started and the Corporal has made Bill look smart.

We weren't smart. We just knew J. L.

And, speaking of predictions reminds us that we had just about decided to come out today and predict a victory for the Texas Rangers over the San Angelo Junior College Rams for tomorrow when H. S. Von Roeder informed us late yesterday that there was no San Angelo Junior College team. That shows how smart we are.

Instead a game has been scheduled between McMurry college and the Texas Rangers, which is quite another thing and one on which we do not feel inclined to predict, except to say that the Rangers will either win or will do their best to take on their older, larger and more experienced opponents.

We do not have a record of the games won or lost this year by McMurry, but they are in the same conference with Daniel Baker college and Daniel Baker has played State university and T. C. U. and St. Edwards, while McMurry has played but a few games to date, according to their schedule. Taking on a senior college the Rangers are going up against a much better team than the Rams would have been and the fans of this section are scheduled to see a much better game than they would have with the original schedule for Saturday. The price of the game is to remain the same as it was when the two junior college teams were scheduled and all tickets sold for the game will be honored when McMurry and Ranger Junior College clash at Lillard field.

TO THE DEMOCRATIC VOTER OF THE 107TH DISTRICT.

I wish to call your attention to the fact that the Democratic National Campaign Committee of Texas is especially urging every Democrat to do his part toward raising the necessary funds for carrying on the national campaign. I believe we have the strongest national ticket we had in many years, and we have been especially honored by having the name of our distinguished citizen, Hon. John N. C. [Name obscured] placed on the ticket as nominee for vice president. We should therefore exert ourselves to the utmost to see that Texas does her share and does not fall down on her quota. The time is short, let us act now. Mail your remittance to the Democratic National Campaign for Texas, Austin, Texas, or see your county chairman at once, and urge your friends to do likewise. We must have change in the national administration and this can only be accomplished by concerted action on the part of all loyal Democrats. Sincerely yours, CECIL A. LOTIEF, Democratic Nominee for Representative of the 107th District of Texas.—(Adv.)

Attended O. E. S. Golden Jubilee. The Order of the Eastern Star golden jubilee, which has engaged the attention of Fort Worth this week had a gorgeous setting at the First Baptist church for con- vention, attended by hundreds of members and visitors.

Several social affairs were given in honor of the various groups, the Texas furnishing the settings for three luncheons for sections of the Eastern Star, and several inner organizations being feted with luncheons and teas.

Gorgeous gifts were presented deputies and other officers, and green and gold obtained in all af- fairs, in color note. A climax was reached in the tea in the new Ma- sonic temple, given Wednesday by the Fort Worth matrons' com- mittee, assisted by junior matron, and patrons' committee, and honoring grand officers, deputies, and vis- itors to jubilee.

The convention closed on Thurs- day night, with installation cere- mony held at 8 o'clock. One important feature was the question of changing requirements for entrance into the Eastern Star home at Arlington, the resolution recommending that five years' af- filiation with Texas chapter be re- quired before admittance was to be voted on Thursday afternoon.

A wonderful memorial service was held in the darkened audi- torium of First Baptist church by Mrs. Elizabeth Lillie, grand chap- lain, on Thursday night.

Eastland O. E. S. members who left Tuesday for the convention included Mmes. James A. Beard, D. J. Fiensy, Kahrs, who joined Mrs. W. J. Thomas, worthy ma- tron of the Eastland O. E. S.,

Visiting Pastor First Christian Church. Announcement is made that Rev. C. W. Lipsey of Randolph college, will preach both morning and evening sermons at the First Chris-

tian church this Sunday. The morning subject is "The Touch of the Dead," and the eve- ning subject, "A Satisfied God." The public cordially invited to both services.

Civic Parade. All those participating in the civic parade, tomorrow morning, are asked by the chairman, Mrs. W. A. Martin, to be promptly at the First Christian church, 9:30 a. m., ready for formation, of high school, pep squad, Camp Fire Girls, Boy Scout troop, glee clubs, rhythm bands, stunt performers, and the Spencer kindergarten.

Ghost House. The long expected play, an- nounced for the benefit of charity by the Parent-Teacher association of the South Ward school, is now on its way to production, under the expert direction of Miss Mary Alice Kelahan, from a dramatic house in Kansas City.

Realizing the need for quick funds for alleviation of distressing conditions among a large number of children, who should be at- tending school, the president of the association, Mrs. J. M. Arm- strong, and her committees are working hard to place this un- dertaking before the public in such a way that those giving towards this charitable enterprise will receive a pleasant evening in return for their gift.

So "Ghost House" will be pre- sented by amateur talent, on Thursday and Friday night of next week, in high school audi- torium.

This mystery-comedy in three acts, has three interior scenes, the first two in living-room of the Brown home, and third act in basement of home.

Action takes place on a rainy March evening when will of the late Mr. Brown is read. Action is furnished by the eccentric house maid, a colored cook, the Widow Brown; her niece; a nephew; the butler, the attorney, a sister-in- law and her hen-pecked husband; an enterprising newspaper report- er, a police inspector and a mys- terious stranger.

Between acts will be given specialties in song and dance, a clever costume act, and a chorus by 14 leading young girls of Eastland.

The play is specially costumed and promises to be one of the most snappy amateur perfor- mances of Eastland's many success- ful home talent plays.

West Ward School Carnival Saturday Night. Of the many brilliant carnivals given by the West Ward school, that set for Saturday night prom- ises to be the most outstanding.

The old Charlotte hotel is in course of transformation by com- mittees in charge from the Parent-Teacher association of the West Ward, who are arranging the eerie attractions, decorating gay booths, covering the walls with bright fab- rics, and planning for a joyous evening of merriment with exten- sive arrangements for taking care of the large attendance anticipated.

All sorts of booths will be in charge of committee women, and there will also be the witch and her prophecies, the fishing pond, the toy sale booth, and other out- standing projects peculiar to Hal- lowe'en.

General chairman of the carn- ival, Mrs. Don Parker, and her committee members, are executing brilliant and splendid plans for this outstanding event in West Ward school life.

The carnival will present on their program of amusements a famous Russian ballet dancer, Rosetteski Jazovitch under di- rection of manager, Olga Prepen- ski. This feature will be given at 7:30 p. m. sharp, and should not be missed.

### South Ward School Carnival

The crowning of the king and queen will be the supreme effort of the evening, and will furnish a beautiful pageant.

The coronation committee, Mmes. Joe C. Stephen, Virgil Seaberry, Wood, Butler and A. F. Taylor, are uniting in making this a gorgeous spectacle.

The ceremonial takes place sharp at 10 p. m. The Parent-Teacher association will provide the coronation robe, crown and scepter.

Send in your vote for your favorite for king or queen, candi- dates are for queen, Billie Sue Bender, Helen Virginia Pratley, Marl Helen Armstrong, Dorothy Pringley, and Katherine Carter.

### Happy Birthday Party

Mrs. W. A. Beavers, 413 South Seaman street, entertained for her little daughter, Dorothy Beavers, on a recent happy occasion, honoring the little girl's fifth birthday.

Hallowe'en games on the lawn with contest gifts awarded Merle Hodges Deek, who received a whistle, and Donald Berry, made hap- py with a horn, were the di- versions.

The party was a surprise to little Dorothy, who, upon returning from the Connelley theatre matinee, found the happy group await- ing her, who marched into the liv- ing-room, as Dorothy was turning on the radio, when Nita Jean Mc- Neese and Lawrence Berry pre- sented her with a beautiful birth- day cake, white feed, and topped with lighted rose tapers.

# McMURRAY PLAYS TEX-RANGERS LILLARD FIELD SATURDAY

## GAME WILL BE SEVERE TEST FOR RANGERS

### Fans Will See Junior College Pitted Against Strong College Team

Ranger Junior College's Texas Rangers take on what will probably be their toughest assignment of the season Saturday afternoon at Lillard field when they take on the McMurray college team. The kick-off will be promptly at 3 o'clock.

McMurray, a member of the T. L. A. conference, has played three games to date, defeating Abilene Christian college at Abilene on Oct. 6 by a score of 3 to 0, losing to Sull Ross at Alpine on Oct. 13 by a score of 6 to 0 and losing to the strong West Texas Teachers in a night game at Canyon on Oct. 21.

The probable starting lineup of the McMurray club contains several names that were well known in the Oil Belt high school circles a few years back. C. Smith at quarter was formerly on the Eastland Mavericks. Foster at half, Jeffries at guard and Daniels at end were stars on the Abilene Eagles and Bell at the other half and T. Smith at one tackle starred on the Big Spring Steers only a short time back.

The probable starting lineup for McMurray will be Kenzie and Daniels at ends; Hammock and T. Smith at tackles; Wadzeck and Jeffries at guards; Carroll or Weatherman at center; C. Smith at quarter; Bell and Foster at the halfback positions and Green at full.

According to information received this morning from Coach Meadows of McMurray, the team will average about 160 to 161 pounds, with the line weighing about 165 pounds and the backfield weighing on an average of slightly less than 160. According to these figures the team will be slightly lighter in both the line and backfield than will the Ranger Junior College starters.

No starting lineup has been announced for the Texas Rangers by Coach Tricky Ward, but it will probably be about the same as in the John Tarleton game, except that Seth Hubbard will probably be back in his old position at quarter and Donald Flahie may not be in the starting backfield because of a leg injury.

Ends will probably be Mills and Landers; tackles, Murray and Mitchell; guards, Aishman or Steed and Bumpers; center, Horton or Reese; quarter, Hubbard; halves, Stevens and Weaver or Faircloth, and full, Townsend.

The game will start promptly at 3 o'clock Saturday afternoon and all tickets purchased for the Rangers-Rams game, previously scheduled for this date, will be honored at the gate.

### THURBER NEWS

Special Correspondent.

THURBER, Texas, Oct. 28.—Dr. W. C. Anderson was born in Murray county, Georgia, Nov. 22, 1847, and died at his home at Russell Chapel, Thursday, Oct. 16, 1932. He was married to Miss Mollie C. Rice March 1, 1874. To this union was born 10 children, six boys and four girls, two girls and boy dead. Besides his wife he is survived by the following children: Charlie Anderson, Benton, Ill.; Walter Anderson, New Castle, Texas; John, Bob and Lawrence, Gordon; Mrs. Jennie Merchant, Gordon; and Mrs. Dovie Nixon, Graford, Texas. Being a doctor by profession enabled him to show to the world the great interest he had in humanity. Not for money alone did he labor but for love he had for his fellow man. MOVIES SUBSTITUTE FOR LIQUOR

DES MOINES, Ia.—Motion pictures, says Prof. W. E. Bohman of Drake University, "are the modern substitute for getting drunk." Both offer temporary escape from life's ordinary pace, and both throw the indulger into an unreal situation, he says.

### Third Party May Be Outcome Of Economic Struggle

FORT WORTH.—Will a new American party, molded in the same fires of hardship that gave to Germany Hitler's Nazis and to Italy Mussolini's blackshirts, arise in economic distress to wipe out old political lines?

Major James G. Howard, reserve officer, Bonus Expeditionary Force, Rank and File of America, Inc., says yes—"unless the democratic party does something to relieve economic conditions."

His prediction was made here at a meeting called to organize a district chapter of the national B. E. F. Application for a local chapter is to be forwarded to national headquarters in Washington, leaders said.

Addressing the organization meeting, Major Howard declared "our battle is not one of clubs, but of ballots. You learned that the present group of congressmen is not for you, so you must chase them out, not with force but with votes."

"Your power is political. Use it that way. In 10 years war veterans and their close relatives will number 20,000,000," he said.

### Colds that Hang On

Don't let them get a strange hold. Fight germs quickly. Creomulsion combats the 7 best germs known to modern science. Powerful but harmless. Pleasant to take. No narcotics. Your druggist will refund your money if any cough or cold no matter how long standing is not relieved by Creomulsion. (adv.)

### Roy Speed Showing Steady Improvement After Auto Wreck

The many friends of Roy Speed, who was injured in an automobile accident several weeks ago, have been congratulating him for the past few days on the progress of his recovery since his return to Ranger.

Mr. Speed has been back in Ranger for a couple of weeks and in that time his arm is reported to have shown considerable improvement and two of the breaks are reported to be healing nicely.

Some trouble is still being encountered in the break at the elbow, but it is expected that this break will begin to heal soon.

Not only are his friends glad that he is showing improvement but they are glad to have him back in town and are looking forward to the time when he can enter into the activities of the city as he did before his accident.
