ECA Has Saved \$277 Millions, Hoffman States

Cut May Be Made In British Funds, Congress Told

WASHINGTON, May 25 (AP)—ECA chief Paul Hoffman disclosed today he has saved \$277,000,000 of this year's European Recovery Fund and that a \$129,000,000 cut may be made in aid to Britain.

Hoffman gave this report to the Senate Appropriations Committee in a two-and-a-half hour secret session.

While Hoffman was testifying to the committee, the senate was in the last stages of debate on a \$3,120,550,000 foreign aid program for the new fiscal year, beginning July 1.

Republicans made a stretch drive to defeat President Truman's \$35,000,000 point four plan to aid backward areas of the world.

Senator Milliken (R-Colo.) argued that the way the authorization for the program was worded it could lead to a "fantastic American imperialism."

"How many times are we going to stumble-bum ourselves into tragedy by the loose use of words?" Milliken asked.

He said the point four version is "without the limits of scope or duration."

"It would fasten on the world a fantastic American imperialism and give a deadly weapon to our enemies."

The wording was worked out by a senate-house committee appointed to compromise differences in separate foreign aid bills passed by the senate and house.

Milliken said the senate members had "surrendered" to the house. He urged that the bill be sent back to the committee for a redraft of the point four program.

Defense Arms Will Go To Middle East Area

A Security Move, Truman Asserts

WASHINGTON, May 25 (AP)—The United States, Britain and France today announced a joint agreement to supply arms to the Middle East—for defense alone. President Truman hailed it as a move to stimulate "increased confidence in future security" in that area.

The President expressed this view in a statement commenting on the three-power accord reached at London during the foreign ministers conference early this month.

Under the agreement, arms can be sent to both the Arab nations and Israel if they give assurances they will not use the military equipment "to undertake any act of aggression against another state."

The agreement marked an end to long-standing differences among the Western Powers over the question of providing weapons to the forces recently engaged in bitter fighting over the partition of Palestine.

Mr. Truman said the United States believes the action "will stimulate, in the Arab States and Israel, increased confidence in future security, thus accelerating the progress now being made in the Near East and contributing toward the well-being of peoples there."

He added: "The participation of the United States government in the declaration emphasizes this country's desire to promote the maintenance of peace in the Near East."

The President declined to answer any questions on the statement at his news conference.

The announcement of the accord was made simultaneously in London, Paris and Washington.

Nationalists Again Repulse Wanshan Drive

By The Associated Press
TAIPEI, May 25. — The Nationalists today reported they repulsed another Chinese Communist attempt to snatch the Wanshan (Ladrone) Islands.

The defense ministry said 3,000 Red invaders were killed and 70 taken captive, including the skipper of a warship.

It added that Nationalist warships sank one 400-ton landing craft, several gunboats and more than 20 motor driven junks.

The Ladrone are off the South-east China coast between Hong Kong and Macao. They are a naval base, from which the Nationalists blockade the Pearl River estuary, main water route to Canton.

It was the second time within a week the Nationalists thwarted a Red onslaught on the Ladrone.

New Arrests Seen In Case Of Fuchs-Gold

WASHINGTON, May 24 (AP)—New arrests in the Anglo-American atomic spy case were predicted on Capitol Hill Wednesday as officials disclosed that the FBI sifted through a list of 1,200 persons to bring about the arrest of Harry Gold.

It was also disclosed that a "trick question" by FBI agents trapped Gold and led to his reported confession of serving as go-between in a Soviet espionage ring.

Gold, 39, a \$4,600-a-year hospital bio-chemist, is being held under heavy guard in Philadelphia in default of \$100,000 bail.

Officials said the question that broke down Gold's stubborn denial of wrongdoing came when FBI agents casually asked him whether he had ever been in the western part of the United States.

When he replied no, they confronted him with evidence showing he met Dr. Klaus Fuchs, the convicted British atomic scientist, in New Mexico five years ago.

HARRY GOLD

That was when Gold allegedly admitted he passed on U. S. atomic secrets from Dr. Fuchs to Soviet agents.

Officials said the trail from Dr. Fuchs to Gold led FBI agents in which 1,200 persons who might have been in close contact with the British scientist were checked.

Eventually, the hunt narrowed down to a small group of chemists in the New York-Philadelphia area, and finally to Gold's arrest, through a long, painstaking quest.

"PEPPY" RETURNS

Blount To Address BSHS Graduates

Seven years ago one of the most popular students ever to graduate from Big Spring high school was awarded his diploma.

Today, at 8:30 p. m., with a record of service in war, and as public official as well as athletic star, he returns as commencement speaker.

He is Ralph E. (Peppy) Blount, Jr., representative from the 18th legislative district. His message will precede the presentation of diplomas to 128 seniors.

As a student here, Blount had served both his junior and senior years as student council president, probably the only individual to hold that office two years. A four-letter man in athletics, he also was most popular boy his senior year.

Curiously, during his first term as council president, his mother, Mrs. R. E. Blount, Sr., had composed "Dear Old Big Spring High" because there was no school song.

After graduation, Blount went into service, piloted a B-25 on low flying missions in the Southwest Pacific. Separated from service, he entered the University of Texas where he starred in football. He also entered the race for state representative and currently is serving out his second term as he studies for law.

At the commencement program in the city auditorium, Frankie Boyd will play the processional and Pearl Mae Clanton the recessional. Rev. John Kolar, Main Street Church of God pastor, will pronounce the invocation. Lloyd

Bergman Is Happy After Marriage

ROME, May 25 (AP)—Ingrid Bergman, "transfigured with joy" over her marriage-by-proxy to Roberto Rossellini, looked forward today to a honeymoon in Paris and London as soon as her husband finishes the film he is directing.

The marriage by proxy in Mexico yesterday appeared to have cut the gordian knot for the couple, who had worried at the prospect of long delays occasioned by the international tangle of laws enmeshing them.

Rossellini and Miss Bergman whose son was born in Rome last February, were married in absentia by a Mexican judge at Juarez. By this they cut through legal delays which had blocked them in the United States, Sweden and Italy.

Navy Concentrates Big Pacific Force

GUAM, May 25 (AP)—The biggest concentration of naval power in the western Pacific since war's end—35 U. S. warships—arrives at Guam today and tomorrow under Vice Adm. Arthur D. Struble, commander of the seventh fleet.

Task forces built around the carriers Boxer and Valley Forge are meeting in Apra harbor in the new rotation system which keeps one first line carrier showing the United States flag in southeast Asia.

The Valley Forge force of 19 ships includes four snorkel submarines. The returning Boxer force has 14 ships.

Struble, a Philippines amphibious invasion veteran, took command of the fleet Saturday. He arrived today with the Boxer Force, which is returning to San Diego after six months operation in troubled southeast Asia.

Struble told a news conference the Valley Forge is carrying two squadrons of Grumman F9F jet fighters. These will be the first carrier operated jets ever seen in the area of the world where Communists threaten to move beyond the China borders into Indochina.

Among the fleet's missions, Struble said, will be courtesy calls in southeast Asia ports. Such calls probably will feature carrier based jets in air parades.

The fleet's mission, Struble added, includes readiness for immediate action in a national emergency.

Strike Called Off At Boxcar Factory

MICHIGAN CITY, Ind., May 25 (AP)—A ten-day-old strike ended today in the boxcar factory of Pullman Standard Car Manufacturing company.

AFL railway car men voted last night, 553 to 55, to accept a new contract raising wages three cents an hour, retroactive to Jan. 1. Hourly rates in the plant have been \$1.12 an hour to \$1.15.

Strawberries Moving

SINNSBORO, Tex., May 25 (AP)—Approximately 500 crates of strawberries are being bought in Winnboro every day at prices ranging from \$3.00 to \$3.50 per crate.

Convicts Slash 'Heel Strings'

5 HOUSTON, May 25 (AP)—Nine convicts slashed their "heel strings" last night and another slit a gash in his arm in the worst outbreak of self mutilation in the prison system in the past two years, it was reported today.

All of the convicts are inmates of Darrington Farm in Brazoria County.

Of the nine inmates who slashed their heel strings, eight are from Houston and one from Dallas. The convict who cut his arm, apparently in a suicide attempt, is Oliver Mann, 22, serving 12 years from Grayson and Lubbock Counties for robbery.

The self mutilation cases are the first reported in the system since February and bring to 13 the number of mutilation cases in the system so far this year. These are the first such cases reported at Darrington Farm since July 11, 1949.

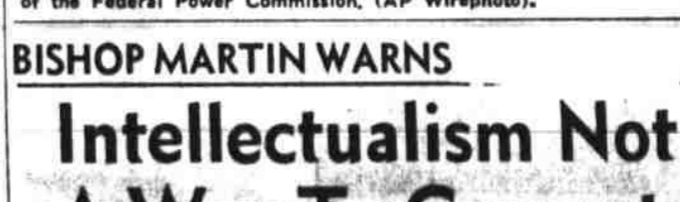

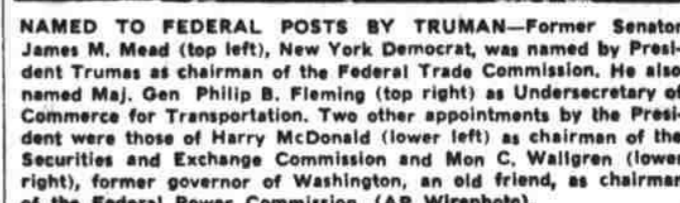

Warden Joe Batson said today that all of the convicts who had mutilated themselves in the farm tank late last night "are cut pretty badly." They were given tetanus shots and their wounds dressed.

Batson said all of the convicts have refused to have their cuts sewed up, but added that Dr. M. B. Hanson, prison doctor, will talk to the men and try to have them agree.

All of the convicts said they cut their heel string so that they could "lay in" and keep from working in the hot sun. They are members of a hoe gang which has been guarding around the Darrington Farm.

BISHOP MARTIN WARNS

Intellectualism Not A Way To Convert

By MILDRED YOUNG
Cold intellectualism will not convert the world, Bishop William C. Martin warned delegates to the 41st annual session of the North-west Methodist conference here today.

Previously, Dr. Robert Goodrich, Jr., Dallas, conference pastor, had warned that "a little religion (like a little education) is a dangerous thing."

As the conference swung into its second day, delegates unanimously rejected a proposal from the general conference that bishops of the central conference be given a full vote. At the same time, unanimous approval was given amendments which would: 1) lower age of lay delegates to 21 years; and 2) would permit selection of delegates at provisional as well as regular conferences.

From the Rev. J. Edmund Kirby, Sweetwater, came a report from the committee on evangelism calling for winning one person for Christ.

"Religion is an experience which must be expressed in every area of life and therefore, all areas must be brought under the control of Christ," declared Dr. Robert E. Goodrich, Jr., Dallas First Methodist church pastor, in the second of a series of conference sermons being presented to the Northwest Texas Methodists now in session here.

Taking as his topic, "Distinctive Things of Methodism," Dr. Goodrich stated that Methodism like any other church has its creeds and beliefs which are plainly stated in the 25 articles of religion found in the church discipline, but that they were very little different from those of any other Christian faith.

Stating that opinions needed only to be Christian, Dr. Goodrich declared that the church accepted all organized Christian believers with love and affection. "There is nothing sacred about our church government," he continued, "it can be changed."

Two basic beliefs come from the distinctive Methodist declaration that religion is an experience, said Goodrich, first, the belief that any man can find religious experience and second, that he should have the freedom of individual expression.

In closing Dr. Goodrich said that in personal religious experience is found a faith that does not give up when things appear dark. He said that such faith was found not by looking to men, but by looking to God.

Chinese Bandits Cross Burma Border

RANGOON Burma, May 25 (AP)—Chinese bandits crossed the India-defended China-Burma border and attacked the Burmese frontier town of Kysok, according to reports reaching here today.

The reports said the Chinese withdrew after a two-hour battle with police.

Truman Sees No Reason For 'Super Nation'

Will Continue To Run Government Under Constitution

WASHINGTON, May 25 (AP)—President Truman said today he sees no reason for a super government in this country.

That was his reaction to a proposal to set up a commission on national security to study security measures.

He said he is trying to run the government under the constitution and he will continue to do so.

His statement came at a news conference when he was asked for comment on a Washington Post editorial proposing the bipartisan commission.

The Post suggested the agency could survey such questions as fifth columns, civilian defense, development of new weapons and size and use of military expenditures.

Mr. Truman said work is going ahead on the defense budget for the fiscal year starting July 1, 1951, and a ceiling has been placed on the amount the military can spend.

He would not disclose the ceiling, but several weeks ago he said the next defense budget would be lower than the proposed outlay of around \$14,000,000,000 in the year starting next July 1.

Mr. Truman said reporters would have to wait for the new budget before getting answers to questions about American defense readjustments reportedly discussed at the Atlantic Pact conference in London and touched on in Armed Forces Day speeches here.

On other matters, the President said he was against setting up a Fair Employment Practices Commission on a voluntary compliance basis. Some legislators are proposing that plan as a compromise for the President's request for an FEPC with power to enforce bans against racial and other discrimination in employment.

He said he does not intend right now to go into the situation involving Robert Denham, general counsel on the National Labor Relations Board. A reporter said Senator Humphrey (D-Minn) had asked that Denham be fired.

Mr. Truman replied that he proposed a reorganization of NLRB under which Denham's independent powers would have been transferred to the board, but Congress rejected it.

'NO STATEMENT'—TRUMAN

Officials Skeptical Of Lie's Efforts

WASHINGTON, May 25 (AP)—American foreign policy officials from President Truman today evidenced a cautious and skeptical attitude toward Trygve Lie's belief that negotiations to end the cold war are possible.

Mr. Truman was asked at his news conference what he thought about the U. N. Secretary General's efforts to arrange negotiations among the United States, Britain, France, Russia and possibly other leading United Nations members.

The chief executive answered carefully that he knows nothing about Lie's efforts and will make no statement on them until he has talked with the Secretary of State.

Lie returned to New York today from Europe where he conferred with Premier Stalin and with British and French government officials. He will come to Washington in a few days to see the President and Secretary of State Acheson.

Acheson meanwhile is returning to this country from London where he wound up last week a series of diplomatic conferences aimed at strengthening the western coalition against Soviet Communism.

Lie's expressed hopefulness has not stirred any sign of optimism at the State Department or in Congress.

Rep. Eaton (R-N.J.), top Republican on the House Foreign Affairs Committee, said he hopes Lie is correct but nothing has shown any reason to believe Russian promises.

State department officials were deeply skeptical of Lie's estimate that successful negotiations with the Russians are possible.

Speaking privately, they said they see no reason to believe that the Soviets are any more ready now than they have been for several years to make the kind of adjustment in their policy which western authorities deem necessary to a peaceful situation in the world.

MORE TROUBLE FOR COACHES

DENTON, Tex., May 25 (AP)—Real strategy will be called for when five North Texas College coaches get together here tonight.

They are football coaches Odus Mitchell and De Walker, track coach Pop Noah, basketball coach Fred Shanda and golf coach Pete Cobb.

The ticklish situation they face: they're going to select the queen of North Texas State's water carnival from more than a dozen of the college's beauties.

School Activities Highlight News Events In Garden City Community

GARDEN CITY, May 25 (Sp)—Members of the first grade class presented the assembly program under the direction of Mrs. Frank Ramsel in the school auditorium Tuesday morning.

Gary Seidenberger acted as announcer. Sandra Booth read the scriptural text and the Rev. Anthon Wade gave the invocation. Frances Parker gave the reading, "The Moo Cow Moo," and Joe Melanie Calverley presented the reading, "The Loose Tooth."

The play, "Tom Changes His Mind," was presented by Kenneth Baker, Sue Ann Dolan, Douglas Parker, Buster McCortney and Diane Brookshire. Larry Wade served as reader during the pantomime, "The Little Indians," including a cast of Sonny Byerley, Carolyn Koenig, Deanne Robinson, LaVerne Stephens, George Davis, Billy Wayne Harrison, Joe Melanie Calverley, Pauline Cortez, Shirley Hayden and J. D. Junek. "Echo Hollow," a playlet, was also presented during the program hour. Those in the cast were Mary Beth Cox, Douglas Parker, Billy Wayne Harrison, Jack Asbell, Larry Wade, Bill Schroeder, Joe Melanie Calverley, Gary Seidenberger and Jackie Adams.

Members of the senior class presented a program following the first grade assembly. Ed Weyman served as master of ceremonies. Wilma Dean O'Bannon presented gifts to Nora Koen for her assistance with the senior play presentation and to A. H. Self and Curtis Fisher. Charlie Cun-

ningham read the class history. Neil Hughes gave the class will and Prince Ricker presented the class prophecy.

Senior commencement exercises were held Tuesday evening at 8:30 o'clock. Clyde E. Thomas, Sr. of Big Spring gave the principal address on the theme, "Building For Tomorrow." Prince Ricker presented the senior gift to the school and to their class sponsor, Mrs. W. E. Chaney. Fred Christie, a junior was given an award for a year of perfect attendance. She won the same award last year. Seniors graduating were Jack Berry, Johnny Cline, Charlie Cunningham, C. B. Fisher, Neal Hughes, Wilma Dean O'Bannon, Prince Ricker and Edward Weyman. Class officers were C. B. Fisher, president; Charlie Cunningham, secretary; and Johnny Cline, reporter. Ushers during the service were Barbara Currie, Mildred Hardy, Troy Cline and Allison Cunningham.

Engagement Told

STANTON, May 25 (Sp)—Mrs. and Mrs. Martin L. Gibson have announced the engagement and approaching marriage of their daughter, Betty Ruth, to Dr. Don A. Gaddis, M. D. He is the son of Mrs. E. E. Gaddis of Arlington, Virginia. The couple will exchange vows late in June.

Lions Auxiliary Has Luncheon At Morales Grill

Mrs. M. C. Grigsby and Mrs. John Dibrall served as hostesses at the Lions Auxiliary luncheon meeting in the Maverick room of the Hotel Douglas Wednesday. The table centerpiece was of daisies and purple larkspur.

Hostesses for the June meeting will be Mrs. Avery Falkner, Mrs. Carl Coleman and Mrs. Vernon Baird.

Those attending were Mrs. C. C. Jones, Mrs. Truett Thomas, Mrs. Lewis D. Carothers, Mrs. Avery Falkner, Mrs. Vernon Baird, Mrs. Carl Coleman, Mrs. F. W. Mahone, Mrs. Dan Conley, Mrs. Lester Kornfeld, Mrs. S. H. Bouillion, Mrs. Sam Bloom, Mrs. Otis Graf, Sr., Mrs. John Coffee, Mrs. M. C. Grigsby, Mrs. John Dibrall, Mrs. Joe Pickle, Mrs. C. W. Norman, Mrs. Cliff Wiley, Mrs. Willard Sullivan, and guests, Mrs. J. Bloom of Ferris, Mrs. Ted Phillips and Mrs. Roy Griffin.

Operetta Date Set

The Farrar Pre-School will present its annual operetta on Friday evening, June 2. This year's production will be "Cinderella," which was presented four years ago and is being repeated due to popular request.

Apples, baked, stewed, or made into sauce, make a fine breakfast fruit. Or apple slices may be simmered in a sugar syrup and served with crisp ready-to-eat breakfast cereal.

Elbow HD Club Has Business Meeting

ELBOW, May 25 (Sp)—Mrs. B. J. Petty and Mrs. N. Peugh entertained the members of the Home Demonstration club at the school cafeteria Wednesday afternoon.

Mrs. Ellis Iden presided during the business session. Mrs. Bob Asbury was named a candidate for the Howard county TIEIDA chairmanship. Mrs. Roy Hale was appointed a nominee delegate to the state Texas Home Demonstration association to be held in Big Spring in August.

Eugenia Butler, Home Demonstration agent, gave a demonstration on pattern alterations. Mrs. Forest Sneed and Mrs. Ray Shortes were announced as hostesses at the next club meeting.

Refreshments were served. Those attending were Mrs. N. Peugh, Mrs. B. J. Petty, Mrs. Ray Shortes, Mrs. Jack McKinnon, Mrs. Bob Asbury, Mrs. Ross Hill, Mrs. Marvin Fields, Mrs. Harlan Pierson, Mrs. Ellis Iden, Marie Petty and Eugenia Butler.

LOST 28 POUNDS WITH THIS HOME RECIPE

Baronette is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your drugstore and ask for 4 ounces of liquid Baronette. Pour the contents into a pint bottle—add enough grapefruit juice to fill bottle. Then take just two tablespoons a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help you slim down, more graceful curves—if you lose pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, back, abdomen, hips, solve and ankles; just return the empty bottle for your money back. You need never know a hunger moment while taking Baronette. No starvation diet. No painful diet list to buy. No vitamins to fortify you against hunger, for you WON'T be hungry.

LOST 28 POUNDS
"As a grateful user of Baronette, I can recommend it to anyone," writes Susan Roman Tristram, Box 626, Bahama, Texas. "I have taken 5 bottles and lost 28 pounds—from 157 to 129."

Broncs Cop Thriller From Angelo, 3 To 1

Baez Notches Fifth Victory

SAN ANGELO, May 25.—As far as San Angelo fans are concerned, the current edition of the Big Spring baseball team is as good as any thing the Broncs have fielded in the past. Perhaps the 1946 club, some folks will add. The Cayuses have played four games in San Angelo this season and won them all. The latest Big Spring win came Wednesday night, when the Steeds rallied for two tallies in the 11th frame to cop a 3-1 decision.

Bert Baez, pitching one of his great games, and Pat Stasey shared starring honors for the Big Springers.

Baez set the Colts down with three hits, two of which were off the bat of Ken Kowalk. He issued only one walk.

Stasey appeared as a pinch hitter in the second extra round and powered home Manny Junco and Julio Delatorre. The bases were loaded at the time, Bobby Gonzalez having reached first on a walk.

The Steeds, despite the fact that they collected 13 hits off Angelo hurling, had to count a run in the ninth frame to stay in the ball game. Junco it was who pounded across the dish on a safety by Delatorre.

Baez had a no-hit game through the first six innings of play. Only 19 men faced him in that stretch.

The entire contest was ripped off in an hour and 55 minutes, which must set some sort of a record for league play.

The win was Bert's fifth against two losses and further secured Big Spring's hold on third place in the standings. The Broncs now lead fourth place Midland by 2 1/2 games.

The Cayuses head for Sweetwater where they play two games with the Swatters starting tonight. Luis Gonzalez is scheduled to hurl for the Steeds.

Big Spring returns home Saturday night to play that same Sweetwater team.

English, Hodges Putting Champs

Dan English and Lois Hodges were winners in the weekly putting tournament held at the Big Spring country club Tuesday night.

English racked up the men's crown by firing a 63, two strokes better than Champ Rainwater. James Edwards, Bob Hodges and Marvin Miller tied for third with 69's.

Mrs. Hodges pieced together a 73 for the women's crown, followed by Leona Freeman with 76 and Dorothy Edwards with 78.

A total of 15 players competed in the meet.

Hogan-Sneed Feud Renewed As Colonial National Invitational Gets Underway

FORT WORTH, May 25.—The Ben Hogan-Sam Sneed rivalry gets its third showing today as a field of 58 pushes into the first round of the \$15,000 Colonial National Invitational golf tournament.

Wee Ben, the Texan who figured in one of sports' greatest come-backs, and Sneed, the West Virginia sweet swinger, are rated top men in the battle for the \$5,000 first money in this exclusive and star-studded tournament.

Hogan returned to golf last January, less than a year after being gravely injured in an automobile crash. He tied Sneed for first place in the Los Angeles open but lost in a play-off. But a few weeks ago, little Ben went to the Greenbrier open in Sneed's home town and not only bested Sammy by 10 strokes but tied the world's record for 72 holes on a par 72 course—258.

So the meeting here is the third and "sugar" game.

The man whose record Ben tied—Byron Nelson of Roanoke, Tex.—also is in the field.

There will be 34 professionals and national amateur champion Charlie Cox of Oklahoma City in the field that starts today at 12:30 p. m. (CST) today. It represents not about every championship the game has to offer and it also includes 17 of the 25 money-winners of the year headed by Sneed with his \$17,750.

In tees-up round this week the par 35-70, 7,505-yard Colonial Country club course has been taken apart. Only yesterday Pete Cooper of Ponta Verde, Fla., and Joe Kirkwood, Jr., the motion picture actor from Hollywood, turned in 66's for the lowest rounds. Sneed did 87 on his first four of the course.

FAN DANCE—Fellow fans find amusement in the plight of this unidentified spectator who spilled onto the playing field in a vain attempt to catch Brooklyn Dodger right fielder Carl Furillo's foul behind third base in the Dodgers-Chicago Cubs game at Ebbets Field, Brooklyn, adding to the sprawling fan's discomfort, the man standing at the rail holds the troublesome ball. LOOKING 'EM OVER

With Tommy Hart

If a few cities like Odessa would build gymnasiums big enough to seat crowds of 5,000 or more, perhaps the annual state basketball tournaments could be passed around from community to community.

As it is, Austin hosts the huge show every year. Such procedure isn't fair to the member schools, especially to those in West Texas, whose teams have to travel great distances to the carnival every year.

MIDDEN BALL TRICK IS BACK IN BOOKS

Baseball's "hidden ball" play is back in the books, effective last Monday night.

The rules makers decided it was all a part of the national pastime to lure a base runner off the path, then tag him. They obviously felt too many runners were going to sleep while on base, as it was.

Now, the pitcher can help to feint a runner out of position, if he doesn't step into the box. The play usually works best where a second baseman holds the ball and slips up behind a runner playing off the keystone sack.

JAKE MCCLAIN IS STILL GOING STRONG

Jake McClain, the Big Spring ex, continues to belt the ball for Harlingen in Valley league play but Ted Squillante, the former San Angelo outfielder who started off like the proverbial house afire, has slowed down.

Ted, also with Harlingen, is hitting .368 for the Capitols but he hadn't bashed a home run for some time, at this writing.

STEVE FOLLETT BOGIE-MAN TO BRONCS

As far as Big Spring is concerned, Steve Follett of the San Angelo Colts is getting to be quite a bogie-man.

Follett hits only reasonably well against other Longhorn league teams. Against Big Spring, however, he's harder to get out than Ted Williams.

In an April series here, Follett collected nine blows in three games and drove home four tallies. He hit a home run and drove in four tallies in the Colts' last trip here.

He's been about as tough to get out of there in games played against the Broncs at Angelo, too.

Savold Figures To Win Crown

SCARBOROUGH, England, May 25.—Lee Savold of Englewood, N. J., figures on winning the British version of the heavyweight crown.

Savold's training schedule is being worked out that way, Manager Bill Daly says, "because Lee is punching vigorously and Bruce Woodcock won't be around after that number."

Savold is training for his June 6 fight against the British champion at this southeast coast resort.

He plans to weigh in at 190 pounds, which leaves him about four pounds to shed.

At an impressive workout today before British sports writers Savold sweated heavily as he went through six rounds of fast sparring with three heavyweights.

Navy Names Victim

CORPUS CHRISTI, May 25.—U. S. Navy announced today that Ensign E. N. Mitchell, Jr., was the pilot of the F4U Corsair which crashed during a practice dive bombing run about 15 miles southeast of Jigsville yesterday afternoon.

Luke Appling, the ageless Chicago White Sox star, has a .311 life league average for 21 big league seasons.

Missions Slip 50 Per Cent

DALLAS, May 25.—Texas league attendance is down 21.8 per cent and a Tulsa, Okla., sports writer last night speculated that if it continues to slip League President J. Alvin Gardner may be ousted from his job.

B. A. Bridgewater, sports editor of the Tulsa World, in his column last night said his information came from a "well informed" source outside the Tulsa baseball club.

Gardner said here that "I don't like to see attendance drop, but I don't see what I can do about it."

President of the Class AA baseball league for 17 years, Gardner said Bridgewater was entitled to his opinion, but that "I can't do anything about the weather."

Gardner yesterday released figures which showed attendance drops for every club, with San Antonio reporting a slip of more than 50 per cent.

The league, for the first quarter, including 135 games, drew 394,805 this season compared to 505,499 for the same period and same number of games last year.

Bridgewater in his column said opinion was sharply divided among league members at this time. He said Oklahoma City, Beaumont, Shreveport and Dallas were pro-Gardner; Tulsa, Fort Worth, Houston and San Antonio anti-Gardner.

Only two clubs owners could be reached for comment.

Dick Burnett of Dallas had no comment to make on Bridgewater's speculation but said "It's the first I've heard of anyone trying to get Mr. Gardner out of office."

Grayle Howlett of Tulsa said he was not prepared to reveal his club's position on the matter.

"We have just one vote in the league. When the time comes to cast it we'll cast—how, I can't say at this time."

There have been 17 games postponed so far this season, the same number of last year.

Three Big Spring Players Named To All-5AA Baseball Contingent

Three Big Spring high school baseball players were named on the all-district 5AA nine chosen by coaches.

Howard Jones, pitcher; Floyd Martin, third base, and Howard Washburn, shortstop, were Big Springers making the all-star team. Honorable mention for the honor went to Harold Rossen, also of the Steers.

Players chosen for the various positions and the number of first place votes each received, by position, were:

Pitcher—O'Bar, Abilene (2); Clatterback, San Angelo (2); Howard Jones, Big Spring (2).

Catcher—Eddie Hartman, San Angelo (4).

First base—Robert Jones, Abilene (3).

Shortstop—D. C. Andrews, Sweetwater (1); Don Blackburn, Abilene (1); Charles Dennis, Abilene (1); and Howard Washburn, Big Spring (1).

Second base—Don Baker, San Angelo (2); Will Armstrong, Abilene (2).

Mammoth Atom Plant Is Now Strikebound

OK RIDGE, Tenn., May 25.—A mammoth atomic plant construction project was shutdown completely today by a wildcat walkout of AFL workers.

Some 3,000 workers are affected by the walkout. The AFL crafts involved are members of the Knoxville Building Trades Council, whose officials were not immediately available for comment.

Picket lines were established outside the various entrances to this atomic city early today, and by mid-morning pickets also appeared near a gate to the restrict area.

Burke Battles For Open Berth

NEW YORK, May 25.—Jack Burke, Jr., third in the year's money rank, and at least a dozen other topflight professionals battled today for births in next month's national open golf championship.

The keenest competition in three sectional trials was at New York's Cherry Valley and Hempstead Golf clubs, where 165 pros and amateurs sought 14 places.

Other tests were scheduled at Cleveland, Ohio, and Rochester, N. Y. The bulk of the 36-hole preliminary competitions will be staged next Monday at 24 scattered locations.

Burke, a sensation of the winter professional tour, was one of the many crack golfers seeking to earn their ticket in the Metropolitan scramble.

Ranking just behind Sam Snead and Jimmy Demaret in the year's pro golf earnings, the Texas-born is rated an outstanding threat for the open crown.

He faced a tough qualifying obstacle, however. In the field with him were such pros as Julius Boros, who led at the halfway point of the open last year at Medinah, Ill.; Vic Ghezzi, former PGA champion; long-hitting Jimmy Thomson.

Brooklyn Play Still Confuses

By The Associated Press

In the cold light of day the play is still confusing.

What play? The one that happened last night as Brooklyn beat Chicago, 6-1, in the National League.

Who pulled it? Three guesses and you're right the first time—Brooklyn.

Briefly, there was a three-man race for home plate that wound up in the records as an "interference" double play.

It came in the eighth inning and went like this:

Jackie Robinson was on third, Gil Hodges on second, Eddie Miksis hit a ball to third base. That set it up.

The third baseman threw to the plate and Catcher Mickey Owen chased Robinson back to third.

When Robby arrived he found Gil Hodges also standing on the bag. Owen touched both men and the umpire ruled Hodges out.

Then Miksis headed for second base and Owen threw to Wayne Terwilliger. Although he had been ruled out, Hodges started for the plate in a three-man race with Robinson and Owen.

Down the stretch they came virtually shoulder to shoulder, Robinson first, Hodges second, and Owen third. But the finish was not official. An objection was lodged. The relay from Terwilliger was taken by first baseman Phil Cavarretta, who had run to home plate. He tagged Robinson sliding across the plate. First Umpire Art Gore ruled Robinson out because Hodges interfered.

The official scoring was a double play—third baseman Bob Ramazzotti to Owen to Terwilliger to Cavarretta. Owen got the putout at third and Cavarretta the one at home.

In other National League games Boston beat Cincinnati, 4-1; Philadelphia beat Pittsburgh, 6-3 and St. Louis blanked New York, 3-0.

In the American League, Cleveland edged Washington, 5-4, Boston beat St. Louis, 7-5, Chicago clipped Philadelphia, 10-7, and Detroit and New York were rained out.

The sports hero of Paul Mitchell, tackle with the New York football Yanks, is Joe DiMaggio, whose locker at Yankee Stadium Post uses in the fall.

Midwest Hot Spell Ends With Cool Air Mass

By The Associated Press

The brief hot spell over the Midwest ended today as cool air from the Rockies moved into the area. Warm weather however, was expected to continue over most of the eastern and southern sections of the country.

Readings in the 90's were reported over many parts of the central states yesterday.

But it was cool today over the Great Plains, the Upper Mississippi Valley and the northern and Central Rockies. Temperatures dropped to near or slightly below freezing in parts of Wyoming. Some light snow also fell in Wyoming.

There were several wet spots in the cool belt. There were showers and thundershowers from Michigan and Wisconsin southwestward to Kansas and Oklahoma. Rain fell in western Nebraska and South Dakota. Some thundershowers were reported in Ohio and along the Atlantic Coast from North Carolina northward. Skies generally were clear in other parts of the country.

A tornado yesterday struck the downtown area of Quinlan, Okla., a small community 126 miles west of Oklahoma City, and flattened several buildings.

New Location Announced In Borden County

A new location in southeastern Borden county—north of the two-well Von Roeder pool—has been announced.

It will be Vickers Petroleum Corp. and Norwood Drilling No. 1 J. R. Canning. Location is 1,800 from the south and west lines of section 14-25, H&TC, 3/4 miles north and slightly east of the Von Roeder pool, and a mile and a half north of Amerada's abandoned No. 1 Canning, Amerada and Honolulu farmed the acreage.

Fair & Woodward No. 1 Griffin, two miles south of the Reinecke pool extender, deepened to 7,250 after getting water on its second test. Keef had been picked up at 7,154 feet (minus 4,782 or 140 feet low to Castelman & O'Neill No. 1 B Griffin, a mile and a half north). It is in the southeast corner of section 46-25, H&TC.

More than half an inch of rain early Thursday morning delayed starting of a test on the Seaboard No. 1 Akin Simpson, which has Vealmoor production two miles south. It is to test from 8,115-25. Location is 960 from the north and east lines of section 46-25-20, T&P.

Seaboard No. 1 S. L. Lockhart, C SW NW section 34-32-20, T&P, southeast edge in the Vealmoor pool, completed for 346.05 barrels of 46.6 gravity oil through quarter inch choke from 7,837-990. Gas-oil ratio was 900-1. Toakland No. 1 McAdams, a northeast edge in the Vealmoor area, drilled to 7,510. In Borden county Amerca No. 1 Johnson, seven miles north of the Good pool, was at 8,315 feet in lime and shale.

Sterling county's northern wildcat, Strake No. 1 Davis, progressed to 6,338 in shale, detrital and lime. Northwest Martin county's deep prospector in the Ellenburger, may deepen after drilling plugs from oil string at 13,342. It is the Texas variety. Free oil and gas have No. 1-X State, section 17-7 Unshoars in the Ellenburger. Spartans No. 1 Wolcott drilled at 9,145 in lime and shale and Gulf No. 1 Glass at 8,186.

Twelve miles north of Big Spring, Livermore, et al No. 1 W. B. Hardy was at 7,013 and being watched closely. It is in the southeast quarter of section 33-31-20, T&P.

Nearing the critical zone in the Reinecke area was Cosden No. 1-A Holley, a southwest offset to the discovery. It was at 6,607 feet.

CONFERENCE

(Continued from Page 6)

son by profession of faith for every 14 members in the church this year.

"The church that is through with evangelism is through," he said. "We must win people by every method and of every age this year. We must pray and witness."

In his devotional Thursday morning, Bishop Martin saw in Methodism a great and mighty stream which was peculiar in its ability to unite divergent forces. Chief among them, he said, was the joining of "mind and heart."

Great forces of Methodism is dependent, he said upon the fusing of "Oxford (John Wesley the intellectual theologian) with Aldersgate (the fires of God burning in altar of a man's heart)." Neither cold intellectualism or a superficial emotionalism will give a well rounded interpretation of Christianity, the bishop said. It takes the best in both, "the awakening of mind and a burning heart."

Dr. H. L. Robinson, Lubbock, reported that 25 churches, approximating one-third of the conference total, had regularly participated in the first of a four-year Christian Advance program.

This, he said, had not only resulted in some plus giving, but had stimulated a new interest in the churches. He touched on plans for an adult fellowship in Methodist churches to study "Our Church" in Sunday sessions from October to April. He also reported on plans for 20 youth emphasis meetings (10 in church-supported and 10 in state-supported schools).

Conference approval was granted a proposal to unite the traditional Wesley Foundation plan (\$5 per student from each church at a state-supported school) and the church school Sunday (special offerings for school). Details will be worked out in November.

Resolutions of appreciation were voted Dr. and Mrs. M. C. Overton, Lubbock, who financed the raising of a student center at Texas Tech, valued at more than \$100,000. Cecil Matthews, Lubbock, director of the center reported on the center.

Reports were heard also on the student center at West Texas college in Canyon.

Jordan Grooms, Levelland, told of marked gains in physical properties, enrollment, endowment and academic standards at McMurry College in Abilene.

He presented the report for the board on education, headed by Rev. A. A. Carleton, host pastor. The raising of a balance of \$72,000 outstanding on a \$200,000 fund campaign for McMurry. S. M. Jay, Abilene, will head the campaign, which will center in churches which have not yet given their people an opportunity to give.

Dedication of McMurry college (the college has never been formally dedicated, nor have several new buildings) was set for Oct. 10-11. It is timed to coincide with dedication of the Radford Memorial Student center.

Taking occasion to touch on members of church history by J. T. Griswold, Bishop Martin and others raised a word of encouragement to prospective writers and church leaders to keep church histories up to date.

Dr. Charles C. Selectman, Dallas retired bishop and former head of SMU, asserted that "when the world is at its worst, the church should be at its best."

Greater support of pensions for those who have given life of service to church was urged by Dr. J. Wilson Chriclow, St. Louis, associate secretary of the general pension board.

Matthews urged emphasis upon Christian vocations and told of work being done at Lubbock in teaching Christian leadership. He also announced a conference on "Churchmanship" at Ceta Canyon on Aug. 28-Sept. 1.

Examples of mission work were presented in the closing business session Thursday morning. Presented to the conference were T. Eger Neal, San Jacinto church in Amarillo, N. E. Daniel, Lockney, Jordan Grooms, Levelland, and Carol M. Jones of the YF Progress circuit.

John A. Wells, superintendent of work among the Colored people of this area was introduced together with others in the Colored field.

Auto Recovered, But Not Thief

An automobile stolen from the showroom of the Shroyer Motor company here about ten days ago has been recovered but the individual who took it is against at large.

Ray Miller, reportedly in the vehicle when it was stopped by Harlingen police, has jumped \$10,000 bail at Houston, it has been reported. He was taken to Houston to face another charge.

Local Man Among RMA Ex-Presidents Honored At Banquet

Bryon Lillie, Big Spring, was among the past presidents of the Retail Merchants Association of Texas, who were honored at a banquet in Fort Worth Monday evening.

The banquet climaxed the R-AT's annual business conference and credit sales clinic. Lillie, along with five others, was presented with a plaque. Formerly of Fort Worth, for more than two years, Lillie has been a partner in the Southwest Tool & Supply company here.

House Group Voter For Another Judge In Eastern Texas

WASHINGTON, May 25 (U.S. News)—Legislation to provide another federal judge for the eastern district of Texas has been approved by a House judiciary subcommittee.

The favorable action was taken yesterday on a proposal by Rep. Combs of Texas, who said the increase of the court in that district has increased rapidly with rising population and industrial development.

No additional districts would be created by the new judgeship.

Vapor Lighting To Be Installed In Downtown Area

Mercury vapor lighting is to be installed throughout the downtown section by July 1, City Manager H. W. Whitney said this morning.

Texas Electric Service company workmen are drilling holes for erection of the lamp poles this week, and the lighting project will probably be completed sometime in June, the city manager said.

The mercury vapor lamps are to be installed from 1st to 4th streets on Scurry, Main and Runnels; and from Gregg to Johnson streets on 1st, 2nd, and 4th.

FIREMEN FIND FIREHOUSE FIRE

PHOENIX, Ariz., May 25 (U.S. News)—Firemen of Station No. 1 didn't have to go far to put out a fire today. It was on their own roof where an elevator shaft and hose tower are being constructed.

Sparks from a welder's torch set off the flames. Damage was slight.

Snyder Holds Three For Charges Here

Snyder police are holding three men who are to be charged with simple assault as the result of an altercation at the Panhandle Service station at 201 N. Benton, Big Spring, Chief of Police Pete Green said this morning.

Green said the Snyder group "tried to beat up" two men at the northside service station. They will probably be returned to Big Spring this afternoon, he said.

Two Autos Reported Stolen Wednesday

Two automobiles were reported stolen here Wednesday night.

Mrs. E. L. Gavit told police her 1940 Plymouth was taken from its parking place in the 300 block of Johnson street about 9 p. m. Reese Manning, Ellis Homes, reported his 1940 Plymouth stolen from in front of the Furr Food store at 400 Gregg about 5 a. m. today.

O'Brien Store Is Completely Air Conditioned

Shop in cool comfort at O'Brien's Grocery, 1201 11th Place, personnel of the concern can tell you with assurance.

The air conditioning system of the store has recently been repaired and improved so that a constant temperature can be maintained within the establishment in the hot months just ahead.

Big Spring's favorite neighborhood grocery store and market is located in a fast growing community and surrounded by plenty of parking space.

The store maintains a frozen food compartment that proves especially popular with housewives, and, for that reason, with their families, during the summer months.

Fresh fruits and vegetables, temptingly displayed are also available to the customers at O'Brien's. The fruits and vegetables are brought to the store several times weekly from the orchards and gardens of South Texas and Southern California.

Huge refrigerator vans haul such items from the two localities, insuring them freshness.

All lines of nationally advertised canned goods are also stocked by the O'Brien store, along with fresh meats of all grades and cuts.

INSPECTING NEW HUDSON—W. C. Robinson, sales manager at the Eaker and Neel Motor Co., invites prospective purchaser to take a look at a new Hudson. In addition to retailing new Hudsons, the local dealers operate a modern shop for service and repair work, employing all modern equipment and experienced personnel. (Culver Photo).

New Boats, Motors Displayed At Clark's

With fishing and boating season at hand, local sportsmen are being invited to inspect the new Arkansas Traveler boats and Johnson Seahorse outboard motors now on display at the Clark Motor company, 215 E. 3rd street.

The Arkansas Traveler, aluminum boat, comes in a variety of models and types, ranging from the custom Sportsman to the Utility, a car-top boat designed for the fisherman from a comfortable speedy boat. The Utility is adaptable for motors from three to 10 horsepower.

The 14-foot Arkansas Traveler Playboy is built for speed and stability and may be used with motors of from 10 to 33 horsepower ratings. The 12-foot Sportsman, light enough for car-top travel, is strong enough for motors up to 17 horsepower.

The Custom Sportsman affords all the luxury of inboard boats but gives outboard economy. It has roomy upholstered cockpits, windshield, and steering wheel.

Clark Motors is authorized dealer for the water craft in Big Spring and can secure any one of the Arkansas Traveler boats.

Smooth, efficient power for handling any outboard boat is assured in the Johnson Seahorse motors also available at Clark's. The Seahorses are available with ratings ranging from 2.5 to 22 horsepower.

The model QD Seahorse comes with gear-shift control and separate mile-master fuel tank. All-around performance is the boast of all the Johnson motors.

12th Air Force Headquarters At Brooks Will Close

WASHINGTON, May 25 (AP)—The 12th Air Force headquarters at Brooks Field in San Antonio will be closed under a reorganization plan announced by the Air Force.

The plan calls for four instead of six regional Air Forces — eliminating the 9th and 12th Air Forces.

States formerly in the 12th Air Force district will be attached to the 14th District at Robins Field, Macon, Ga. The states are Texas, Louisiana, New Mexico and Arkansas.

Complete Automotive Service Is Offered

Expert wheel alignment and bearing work are just two of the many services available to automobile owners at Clark Motor company, Big Spring DeSoto-Plymouth dealer at 215 E. 3rd street.

Complete automotive service is offered at Clark's service department and machine shop. A shipment of new DeSotos and Plymouths is to be on display in the Clark showrooms within a few days.

New Hudsons Afford Generous Selection

The Eaker and Neel Motor Co. of Big Spring, by virtue of its Hudson dealership, probably offers the widest range of selections for the consideration of new automobile purchasers.

Hudson features three distinct groups, the custom Commodore series, the Super series and the Pacemaker series, all designed with the high-compression, high output, L-head type of engine with the power dome cylinder head. The eight-cylinder engines are 128-horsepower, while the Super-Six has a 123-horsepower engine and the Pacemaker six has a 112-horsepower unit at its disposal.

Hudson, of course is noted for its "step-down" design, which means a low gravity center calculated to increase safety factors and provide additional comfort and performance at the same time.

The Eaker and Neel Motor Co., located at the corner of Main and Fifth streets always keeps new Hudsons in its show room for inspection.

The local Hudson dealers also operate modern repair shop and service department, featuring the famous Bear front-end and wheel alignment equipment and other equally efficient machinery and tools. Mechanics are thoroughly trained and experienced, and two members of the staff specialize in Buick and Cadillac service.

Some Top Democrats Doubt Extension Of Federal Rent Control

WASHINGTON, May 25 (AP)—Some top administration Democrats doubt that federal rent ceilings—last of the major war-imposed controls—can be continued another year.

One said today a check of House members indicated the vote there will be close, and that the house may reject even a local option bill that would continue rent ceilings only in cities that vote to keep them.

The House Republican Policy Committee met, discussed the rent bill, and took no stand on it.

East Texas 'War'

Moonshiners Still Fight Revenooers

AUSTIN, May 25. (U.S.)—The war between state "revenooers" and "moonshiners" continues unabated in East Texas.

Inspectors knocked over six illicit stills in April, but the boys in the backwoods probably have replaced those and added a couple more by now. Seems like a few arrests doesn't dampen the spirits of the illegal-liquor boys very much.

That's straight from the lips of the man who should know—Bohn Hilliard, chief supervisor of the Texas Liquor Control Board.

"It's hardly noticeable, but the number of stills we capture each month has been gradually increasing ever since the war. At first we just had two or three stills each month. Now we average six or seven," said Hilliard.

This is still a far cry from the 1936-41 period, right after prohibition ended and Texas went dry. Fifty to 100 raids a month was not unusual then, Hilliard recalled.

How come all the stills seem to be in East Texas? Are all those in West and South Texas teetotalers?

"It is rather peculiar, but there are three reasons," Hilliard explained.

First, the locality. East Texas geography is conducive to successful operation of stills. Plenty of running water for the stills and plenty of trees and brush to make it hard for law enforcement officers to find the mash mixers.

Second, the type of people. "The colored people and low-class whites are a good market for that moonshine stuff," Hilliard said.

Then too it is solidly "dry" territory north of Beaumont except for Gregg County.

"Isn't West Texas almost as 'dry'?"

"Yes, but it's harder to hide a still out there, and actually the illegal whiskey problem is tougher to solve in West Texas than in East Texas," replied Hilliard.

How come?

"Because the illegal whiskey is regular company—distilled stuff, tax-paid, that is transported in a

Why "Moose" Changed His Mind

Last week, parents were calling Moose Jackson on the phone—and kids were hooting at him in the streets. All because Moose fenced in his field near the depot, where the kids like to play ball.

Moose got sore the way folks acted—refused to budge. Then Doc Sherman, who likes to play center-field himself sometimes, decided to "use a little psychology."

Over a friendly glass of beer at Andy's Garden Tavern, Doc says, "Burry this came up, Moose. We're thinking of asking you to umpire—what with your professional

Cuban Arrest Of Woman Hit

SANTIAGO, Cuba, May 25. (U.P.)—The attorney for Mrs. Karen Nelson of Ulica, Mich., says there is "no evidence whatsoever" to back up charges against her of murdering her cane planter husband.

The attorney, Dr. Rafael Molino, issued a statement branding the arrest of Georgia-educated Mrs. Nelson as "without legal foundation." He expressed confidence a special judge named recently to investigate her detention in woman's prison at Guanajay, near Havana, would prove her innocence.

Mrs. Nelson's arrest March 11 has brought a storm of protest from American residents in Cuba and from the Cuban press.

The U. S. embassy filed a formal request for appointment of a special judge and a complete investigation. In diplomatic language, it hinted the embassy thought Mrs. Nelson's arrest improper.

Born in Denmark, Mrs. Nelson is a naturalized U. S. citizen. She attended Emory University, Atlanta, Ga.

Alvar Nelson, 31, died at his plantation last Dec. 11 of a gunshot wound. A coroner's inquest held he died accidentally.

Three months later Mrs. Nelson and two workmen on the plantation were arrested and charged with murder.

CUSTOMER TO HELP PAY BILL

GM To Pay One Billion Dollars In Next Five Years To Workers

NEW YORK, May 25. (U.P.)—General Motors is making a billion dollar bet that the next five years will be fat ones. It will probably ask you, its customer, to put up a sizable part of the money.

One billion dollars is what the big auto concern will pay out extra to workers in the next five years, under the contract announced yesterday. Certain "ifs" are attached.

Most of the billion will be paid out by you, the customer. It will be included in the cost of cars you buy—whether that means a hike in car prices, or just a cancellation of price cuts that might have come along.

If the next five years don't turn out to be as prosperous for auto producers as GM is betting, GM likely will curtail production, and its five-year wage bill won't be boosted by all of that \$1 billion by any means.

If the wage-pension pattern GM is setting proves hard for some lit-

tle fellow who supply it with parts, there might be strikes there, and these could tie up production at the assembly line.

So that the five-year contract is no absolute guarantee of five years of labor-management peace in GM's overall operations, as some quarters are prone to hail it.

It is probably a well-calculated bet on GM's part. The auto giant apparently is counting on national income staying high. It appears to believe the free-spending era that has followed the war will continue for some time, that the dangers of a sharp deflation within the next five years are slim. It counts on there being a lot of money around, and more people wanting, and affording, new cars.

GM may thus believe that a billion is a reasonable price to pay for labor peace in a highly competitive market.

Walter Reuther, the CIO auto union chief, took the occasion to blast again at Chrysler.

With the union playing footie-footie with GM and apparently still resentful of Chrysler, the GM position of being relatively strike free may be a strong competitive factor. Chrysler has just reported its greatest productive year in history.

There will be just that many more cars on the market to compete with GM and Ford the summer-buying weeks ahead.

The billion-dollar cost doubtless will make only a small nick in GM's earnings, while the present auto-buying spree continues. GM officials are loud in optimistic estimates of the boom continuing.

GM's chances this year of becoming the first American corporation to make \$1 billion annual profit probably have gone glimmering. The auto giant set a corporate record last year with \$554.4 million profit.

Wall Street was guessing that the year as a whole, barring a sudden ending to the auto boom, would find GM nearing the \$1 billion profit mark. The additional-labor costs, provided in the five-year peace pact, may keep the auto company from that stratospheric height.

As for you, the car driver—if GM's betting on continued inflation is correct—the changes of substantial price cuts in autos are just that much farther off now.

And you might remember that at the same time the GM contract was announced, the fire companies raised their prices and hinted of more hikes to come.

Gasoline prices have already risen in parts of the country.

It takes quite a bit of joy out of the Sunday joy ride.

CIO Members Said Guilty Of Violence

LOCKPORT, N. Y., May 25. (U.P.)—Five CIO union members have been convicted on charges resulting from violence that broke out during a strike against Bell Aircraft Corp.

Eight other union members were acquitted by the Niagara County court jury that returned its verdict late last night.

The 13 had been charged with riot and conspiracy.

Those convicted included two regional officials of the CIO United Auto Workers Union.

Martin Gerber, 35, of Elizabeth, N. J., regional director of UAW District 4, and Edward F. Gray, 33, of Buffalo, sub-regional director, were found guilty of conspiracy, a misdemeanor. The maximum penalty is a year in prison and a \$500 fine. They were acquitted on the riot charge.

Joseph Ippolito, 21, and Joseph B. Blachowitz, 41, both of Buffalo, and Donald Freed, 20, of Hamburg, were found guilty of riot, but acquitted on the conspiracy charge.

The riot charge, a felony, carries a maximum penalty of five years in prison and a \$1,005 fine.

Judge John S. Marsh set Monday for sentencing. He was to hear today defense arguments to set aside the jury verdict.

Fish Story Is A False Alarm

AMESBURY, Mass., May 25. (U.P.)—The fish story two young sons caused a false alarm of fire.

Waskiewicz returned empty handed from a fishing trip yesterday. He told the disappointed three and four-year-old boys he left his fish in a red box up the street.

They shuffled off to find the box. When they came to a red one on a pole, one youngster boosted the other who pulled the knob. It was a fire alarm box.

Fire Chief George A. MacDougall suggested Waskiewicz improve his fishing luck or find a new alibi.

REDS GUARD BOUNDARY TO RESTRAIN SOME 100,000 'FREE GERMAN YOUTH'

BERLIN, May 25. (U.P.)—Red police posted guards along the Russian sector boundary today to keep some 100,000 "Free German Youth" FJD marchers, now in East Berlin, from straying West.

Soviet controlled newspapers blared a warning that "Anglo-American incendiaries are throwing young German peace fighters in jail just for wearing the blue shirt."

West German police confirmed that they have arrested 15 FJD members since Monday for riding in trucks decorated with Communist propaganda. Red officials charged that the arrest total was far higher.

Meanwhile, FJD cohorts continued to pour into East Berlin by train and truck every hour. With 100,000 already here, Communist youth officials predicted that the figure would double by tomorrow.

Apparently apprehensive whether they can keep the swelling mass from flooding over into the western sector, the East Germans announced hopefully:

"Our people's police will protect our peace fighters from unwittingly overstepping the sector boundary at the most dangerous points."

The Communist police force, bolstered by more than 15,000 reinforcements for the Whitnautide youth demonstrations, suffered two desertions last night.

Two young patrolmen in uniform appealed to western authorities for asylum.

Dr. Otto Suhr, chairman of the west city assembly scoffed again at old rumors of Whitnaut violence. "The West gives it more thought than we do in Berlin," he said. "We will observe Whitnaut as we always have."

LAST THOUGHT OF HIS FAMILY

TOKYO, May 25. (U.P.)—This Japanese war prisoner found a way to get a message out of Siberia; He floated it off in a bottle, and it arrived more than two years later.

The message, dated March, 1948, and signed T. Takai: "I'm now in Siberia. The only thing I want to do before dying is to see the face of my wife and child."

Mass Revolt Predicted On China Mainland

TAIPEI, May 25. (U.P.)—Gov. K. C. Wu today predicted "famine, Communist misrule and oppression" would cause mass revolt against the Reds on mainland China in the fall.

Wu, Princeton-educated former mayor of Shanghai, delivered his prediction in a broadcast.

He declared the revolt would pave the way for Nationalist Chinese counter attacks in November and a full scale mainland assault next year.

He charged Mao Tse-tung, Chinese Red leader, is ready to reduce the population of China from 450 million to 150 million. He did not explain, but asserted "transport of food from Red China to Manchuria and Communist refusal to accept American famine relief prove this is true."

Red leaders have said they can combat famine among some 50 million mainland Chinese without outside aid.

Formosa, site of the Orient's largest manpower pool, against Communism, awaits an expected Red invasion with undignified concern—despite official boasts that it will be beaten off.

Chiang Kai-shek told tea guests Wednesday the first stage of this island's defense preparations had been completed. The day before, he said Formosa's nearly 800,000 troops make it impregnable.

June "Dairy" Month

AUSTIN, May 25. (U.P.)—June will be "Dairy Month in Texas" by official designation of Gov. Allan Shivers.

14 SHARKS ON ONE HOOK

BRIELLE, N. J., May 25. (U.P.)—Here's the biggest fish story of the season: 14 sharks with one hook.

Sigmund Schart of New Brunswick hauled in a six-footer off Brielle. Aboard the boat it gave birth to 13 more, each about a foot long.

For youngsters' mid-meal snacks serve something simple: an orange, a glass of tomato juice and a cracker, a glass of milk and a cookie are all suitable.
