EASTLAND, TEXAS, SUNDAY, MAY 20, 1956

NUMBER 9

Moore... ABOUT Eastland By Virgil E. Moore

Here's an answer to that age old question: "Why does the official rain measurement always come out below mine?"

According to the Weather Bureau, a recent study at the University of Illinois came up with the fact that small rain gauges "have a tendency to catch about eight to 10 percent more rainfall than the regular Weather Bureau gauge, especially when light rain showers occurred."

Just thought you might want to know.

Emmett Powell has really been giving his wife a hard time this week.

"She's lost 'em again", Powell came to the office saying Friday. Seems Mrs. Powell had lost her set of keys this month.

What's to be the name of the new Little League park. That's a question that should be answered soon. Of course the park would just be called Little League Park, but we think we have a better idea. We are for calling the field Wright Park, in honor of James Wright, who has done more than any six of us put together to get Little League going in Eastland.

James has stayed with the movement through thick and thin. He has nailed more nails, sawed more boards and done more leg work than all of the other volunteers put together.

But it goes back further than that. James stuck his neck out plenty to get this thing going. Back about seven or eight years ago, he got the idea that George just wasn't gonna do it by himself, so he started yelling we gotta do something for these boys. We announced through The Telegram that all boys interested in playing ball should report such and such a day.

Wright told us afterwards that he expected about a dozen or so boys. He got over a hundred. He soon found out you needed more than boys to play baseball though. You needed a place to play and you needed equipment. To play with. He worked out a deal with the firemen and gained use of that field, but he still didn't have any equipment — and he didn't have any money to buy any either.

His next step was to visit a sporting goods store, where he shopped over \$600 worth. "I was sure glad when he asked me if I wanted to charge it," Wright told us years later, "because if he hadn't he would have had to stick it back up into the shelves."

It didn't take James too long to raise the \$600 to pay off the bill, though. Eastland took Little League to heart and the city's pocketbook soon opened up.

We think we owe that tribute to James.

Goldie Beth Skiles and Vivian K. Smith are a year older today, according to the Band Boosters' birthday calendar, and Sharon Johnson will celebrate Monday.

Today's Majestic Theatre tickets go to V. O. Wright, J. C. Kuykendall, J. F. Brock, J. H. Armstrong and R. E. Gann. All you have to do is turn them up at The Telegram by 6 p.m. Monday, or give them all before then and we will give them for you.

Benny Butler, publisher of the Rising Star Record, should get some mighty good results from one of the ads he ran this week for a department store down that way. The ad shows a pretty girl in a bathing suit and below it says, "Model Shown Above—\$15.98". We will go half if someone else will pitch in the other \$7.99.

Have you ever seen so many two dollar bills. For some reason Eastland has started looking like Reno, Nev. in the last few days as far as money is concerned. Every bill we get changed gains us another two dollar bill.

Lakeside Country Club members are eyeing all cows with a dirty look this week. Some milk-giver got on the course this week and did considerable damage to some of the greens.

That's all for now. See you again Tuesday.

County's Eight Delegates Ready For 'Big Show'

Eastland County's eight delegates to the State Democratic Convention to be held Tuesday in Dallas were ready for the "big show" Saturday.

Delegates who will attend the convention include Jack W. Frost, David D. Pickrell, W. B. Wright, R. E. Grantham, Ben Hamner, Don Pierson, E. P. Crawford and L. E. Clark.

Frost said Saturday that as far as he knew, all delegates were planning to attend. The county's eight votes are unpledged, although all eight delegates are strong supporters of Gov. Allan Shivers.

How the delegation, which is bound by the unit rule, will vote at the convention was still a big question Saturday. The State convention will be overwhelmingly controlled by supporters of Sen. Lyndon Johnson, and Gov. Shivers himself has said he will not attend so that Johnson supporters can run the whole show.

Ushers will be Betty Ruth Cook, James Elliott, Elmo Boyett and Mary Ann Reese.

Phil Hilliard, Kenneth Reese, Jim Colburn, Jim Everett, Rex Martin, Jim Grubbs, Donald Lawrence and Elnora Patterson are the graduates.

Betty Weaver will deliver the salutatory address for the Junior High graduates and Barbara Cook and Gary Fox will give the class history. Valedictory address will be given by Dolores Cooper.

Kenneth Reese will give the High School Salutatory Address and Phil Hilliard the class history. Valedictory address will be given by Jimmy Everett.

Following Everett's address, the presentation of awards and diplomas will take place. Elnora Patterson will lead prayer.

The new senior class will then be introduced. Elizabeth Fox will play receptional and then Butch Cooper will light the candle for the new eighth graders and Bill Holladay the candles for the new senior class. All will then sing Alma Mater.

Ushers will be Betty Ruth Cook, James Elliott, Elmo Boyett and Mary Ann Reese.

HANGING UP A RECORD—Allen Sherman, 28, of Brooklyn, N.Y., poses a record-breaking catch of blue marlin at dockside in San Juan, Puerto Rico. The weight, 756 pounds, must be confirmed by the International Game Fish Commission before it's official. Largest catch of blue marlin recorded heretofore was a 742-pounder, caught off Bimini in the Bahamas, in 1949.

Mullins, superintendent, will give the announcements. Mrs. Roger Butler will sing and then Milton Underwood, pastor of the Carbon Church of Christ, will deliver the sermon.

Commencement exercises will be held in the High School auditorium May 25 at 8 p.m.

Members of the graduating class are Reba Campbell Bell, Dennis Farrel Jordan, Lavonda Ray Jordan, Charles Milam Morghn, Carol O'Neal Sandlin, Barbara Louise Tucker, Tommy Joe Burleson, Nickie Buryl Duggan, Madeline Ann Justice, Frances Lanell Park, Peggy Sue Snider, Edna Ann Underwood and Alene Griffin.

Explorers Go Down Brazos In Two Canoes

Four Eastland Explorer Scouts and Troy Boone, District scout executive, left Friday afternoon for a canoe trip down the Brazos River.

The four, all members of Post 48, sponsored by the American Legion, left from the Possum Kingdom Dam Friday afternoon and were to complete their trip Sunday at the Dark Park Valley Bridge near Grafrod. The trip will cover 18 miles in all. The group gained permission from the Scout Council and the Lower Brazos River Authority.

Members making the trip were Henry Van Geem, David Caithorn, Saul Fullman, Hampton Stamey and Troy Boone. The group planned to travel in two long canoes. They first talked to other explorers who had previously tried the same journey down the river, and Boone said before leaving that, "We expect to have a lot of fun."

Candidates Pay Plenty To Get Names On Ballot

Crime doesn't pay, and neither does politics! At least that's probably the thinking of most Eastland County politicians today after paying their fees Saturday to have their name placed on the Democratic primary ballot.

Eastland County politicians were tappered 7 1/2 percent of one year's salary. The assessments will be used to pay the cost of printing the ballot and holding the election. Most voters apparently believe that poll tax payments pay the cost of all elections, but that isn't true. Only the general election costs come out of that fund.

The County Democratic Executive Committee, which sets the figure each year, changed their tactics this year, as did many other counties. Instead of charging so much an office, with candidates running for that office sharing the expenses, they charged each candidate 7 1/2 percent of one year's pay of the office he is seeking. The

only good thing about the entire deal—as far as the candidates are concerned—is that they will share in a refund of all money left after expenses.

District Judge T. M. Collie, the only candidate for 91st District Judge, had to pay a \$675 fee. His office pays \$9000 a year.

Two candidates for county attorney, Joe Nuessele, who seeks reelection, and Earl Conner Jr., each had to pay \$350. The county attorney post pays \$4672.50 a year.

It cost Truly Carter and J. C. Allison, candidates for tax collector - assessor, \$318.75 to get their names on the ballot. The job pays \$4250 a year.

Sheriff J. B. Williams, who is unopposed, also had to pay \$318.75. His post also pays \$4250 year.

There are seven candidates seeking two county commissioners' positions which will be filled. Yearly pay is \$3547.50 and J. B. (Tip) Arther and W. J. Herrington had to pay \$266 to get their names on the ballot in the Precinct 1 race, as did R. L. Carter, Doss Alexander, E. B. McCollum, Mark Clark and R. M. Earp in the Precinct 3 race.

There are five constables posts to be filled and eight candidates have filed. The positions pay \$900 a year and each candidate had to pay \$67.50 to get his name on the ballot.

Omar Burkett and Paul Brash-eaer each had to pay \$10 to get their names on the ballot in the State Representative race, as did Herman Fits and Floyd Bradshaw in the race for State senator. Omar Burleson and Dan Kralis paid \$50 as candidates for United States congressman.

Persons Inoculated With Salk Polio Vaccine Six Times Safer

Persons inoculated with Salk vaccine have a chance of escaping paralytic polio at a rate of six times greater than those who have not been vaccinated, statistics just released state office of the National Foundation for Infantile Paralysis, indicate.

During 1956 only four cases of paralytic polio have been reported in the vaccinated group, compared to 143 cases of paralytic polio in the unvaccinated group.

Between April 15 and October 1 of last year, 477,040 persons in the 5-9 age group received their first shot of the vaccine. In the vaccinated group, only 13 cases of paralytic polio developed, a rate of 2.7 cases per 100,000. In the unvaccinated group, containing 375,000 persons, 60 cases of paralytic polio developed, a rate

of 16 per 100,000 and six times the rate of the vaccinated. The Salk vaccine, while not preventing polio, does prevent death and crippling and that is what we are trying to do."

Under the Polio Voluntary Assistance Act of 1955 Texas has available \$1,500,000 for the purchase of vaccine for use among susceptible age groups, which include all persons up to the age of 20 and all pregnant women. This means that your local Health Officer might request a quantity of vaccine to be delivered to him at no charge. This vaccine could be utilized in any practical program that the local health officer might see fit to work out in his com-

munty, either on his own or in cooperation with other groups within the County. Certainly we wish to stimulate most effective use of the vaccine among the greatest number of children in our communities.

Bible Comment:

Pentecost Marks Birth of the Christian Church

THE birth of the Christian church is usually dated from the day of Pentecost. Hitherto, Christianity had its growth in the fellowship of the Teacher and His disciples moving about from place to place. But now, with their Master ascended, the disciples became organized into a more definite fellowship.

Originally, Pentecost was a festival held 50 days after the Passover. A Jewish festival, it became a symbol in the Christian church of the outpouring of spiritual power. We speak today of a "Pentecost of grace," a "Pentecost of blessing," a "Pentecost of power."

What did it mean to receive the Holy Spirit? What do we mean by the Holy Spirit? There have been various forms of definition and interpretation, even among those who have accepted the belief in three persons in the Godhead—Father, Son and Holy Spirit. Some have thought of them as three manifestations of the one God.

It is obvious that in considering the Trinity we are in a realm of mystery, where definitions and explanations are exceedingly difficult and where any one man's human conception may fall far short of reality.

Perhaps we may say that the Holy Spirit represented to the disciples the same Presence that Jesus had represented when He was among them.

The baptism of the Holy Spirit is the baptism of God—the power of God manifest in the hearts and lives of men.

Two Hundred and Eight Enroll During Baptist T.U. Revival

The Training Union Revival closed at First Baptist Church Thursday night with 208 enrolled and 122 meeting the requirements to receive awards. Rev. Lee Perry from the State Training Union department directed the revival and taught classes each evening for young people and adults. Other workers from the state department were Miss Nella Casement with the Intermediates, Mrs. Pat Crawford with the Juniors and Mrs. James Odom with the Elementary groups.

"Several new workers were enlisted and we are expecting results from this successful methods school," stated Gayle Bowen, Training Union director at First Baptist.

The pastor, Rev. Harvey Kimbler, will fill the pulpit both services Sunday and Gayle Bowen will direct the music. For the special music in the morning worship service the choir will sing a special arrangement of "Glory To His Name" with Mrs. Gayle Bowen at the organ.

For Full Garden Harvest Sow Seeds in Summer

Vegetable seeds sown in the early spring can make only half a garden. The other half must be grown from seeds sown in the summer.

All the early vegetables, which grow fast and give the first harvest should be sown in summer for fall crops. There are others that in many sections do not grow successfully from spring sowings, but yield fine harvests in the fall.

Before you sow early vegetables late, check with the weatherman in your locality to learn when the first killing frost may be expected. That will give you the number of frost-free days which remain for tender varieties, which freezing would ruin.

Their harvest should begin at least a month before the first frost, and it may be advisable to select the fastest growing varieties to make sure. Remember that growth will be slowed somewhat by hot, dry weather, so a little more time is required to mature from summer sowing.

New sowings of beets, 50 days, beets, 55 days and carrots, 70 days, will give fall crops of much better quality than old plants which may survive from spring sowings. Lettuce plants seldom live through midsummer, the fall lettuce crop is dependent upon summer sowing.

Vegetables difficult to grow in the spring in many sections, may yield a fine harvest in the fall. A reason for this in some cases is that long days and hot weather makes the plants bolt to seed, and spoil their leaves. There is no tendency to do this when days grow shorter and nights cooler.

Head lettuce, in sections where it is difficult to grow early, will make fine heads in the fall. Cauliflower most difficult for amateurs in the spring, makes fine heads of excellent flavor in the fall. Chinese cabbage is easy to grow in the fall. Its tall, cylin-

Chinese Cabbage Matures Best From Seed Sown in Summer.

drical heads of crisp leaves are delicious in salads. When cooked it has a delicate cabbage flavor, but no cabbage odor.

Brussels sprouts should be sown late in most sections. It gives a fall harvest lasting until Christmas, surviving repeated freezing without injury. Some varieties of broccoli mature in 60 days and the quality is much improved by cool autumn nights. The fall turnip crop is the best of the year.

In many ways the fall harvest is the best for all kinds of vegetables, and no home gardener can afford to neglect the summer sowing which will make his fall harvest complete. Summer sowing is easy if the precautions which insure good germination, and emergence of seedlings, are taken. Make the drills deeper, soak the soil below and around them, cover the seed with a special porous soil containing no clay and keep the soil moist until the seedlings are well established.

the group enjoyed an afternoon of painting.

Church Supper Honors Seniors, New Members

Graduating Seniors and 29 new members of the First Christian Church were honored at an all church supper Thursday night in the church.

A Revised Standard Version Bible was presented to each graduate after which Dr. William Reed, of the Brite College of the Bible at Texas Christian University, showed films on the Holy Land. The congregation bid farewell to Dr. Reed who will leave soon for a professorship at the College of Bible in Lexington, Connecticut.

Mr. and Mrs. Bill Collins were program chairmen and Rev. Roy Turner is pastor of the church.

The tables were decorated with old fashioned bouquets of roses and greenery and three motifs were carried out. On one table was

a toy truck loaded with toy furniture symbolizing Dr. Reed moving; on another, a miniature church in honor of the new members and on the other a graduation cap honoring the graduates.

Mr. and Mrs. Lester Trout and family of Morton Valley will move to Breckenridge soon where Mr. Trout will be employed.

Christian Science

The vital importance of understanding the true nature of God and man will be emphasized at Christian Science services Sunday in the lesson-sermon "Soul and Body."

The scriptural readings will include Paul's statement to the Philippians (3:13, 14): "Brethren, I count not myself to have apprehended; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (20:113): "Spiritual perception brings out the possibilities of being, destroys reliance on aught but God, and so makes man the image of his Maker in deed and in truth."
