And now we suppose it is up to us to pick an all-district pep squad, but if we did, someone would surely accuse of being partial to Ranger because we would have to pick the Ranger squad, though Breckenridge would be a close second.

Which reminds us that a day or so before the Amarillo game we snuck into the ball park and found the team and the pep squad both holding secret practice. One member of the pep squad came over to the sidelines and told us that the serpentines dance, or whatever it would be called, which was used first this year in the Breckenridge game, was to be used again when Amarillo played in Ranger. And it was. The reason given for using it again was because we said it looked great. But that might have been a little flattery to get us to write something about the pep squad again, which we would have done anyway because it looked nice throughout the season.

VOL. X EASTLAND, TEXAS, FRIDAY EVENING, DECEMBER 9, 1932 PRICE FIVE CENTS No. 34

FERGUSON CONTINUES HIGHWAY FIGHT

PEEPING THRU THE KNOTHOLE with BILL MAYES

Just as we thought all of the all-district teams had been selected for the Oil Belt this year there comes a letter which picks another, which in many respects is pretty good, but which in one or two instances is more or less haywire. Here it is, just as we received it. Everyone will notice that Rankin Britt, who was selected by everyone else who saw Ranger play was left off the left end position and Bray was switched from right to left end.

Eastland, Tex., Dec. 7, 1932. Ranger Daily Times, Ranger, Texas. Dear William: I was noticing your all-district team in Tuesday's issue of the Ranger Times and do not hold it against you for being partial toward Ranger in the least. But William, you should open your eyes and forgive the town you live in and pick the best instead of the ones you like the best.

I am a San Angelo fan visiting in Eastland and saw every team in the Oil Belt in action and to my way of thinking Ranger was very lucky to finish ahead of Breckenridge (with the help of the officials).

Here is my idea of a real all-district team: Gray, Ranger, end—By far the best end in the district. Good on defense and offense; also a good passer.

Williams, Ranger, guard—A good guard and captain. Bray, Ranger, center—As good a center as the Oil Belt has seen in several seasons.

Martin, Breckenridge, guard—One of the best guards I have seen this season.

Harlow, Brownwood, tackle—The best defensive man in the district.

Teddlie, Breckenridge, end—The best pass receiver I have seen in a long time.

Burgamy, Eastland, quarter—Best broken field runner in the Oil Belt; also a triple threat man.

Thomas, Brownwood, half—One of the best ball carriers in the district; also a good passer.

Pitzer, Breckenridge, half—The best triple threat man I have seen this year.

Jones, Ranger, full—The best all-around man in the Oil Belt this year and one of the best that has ever played in these parts. Without him Ranger would never have gotten where they did.

No hard feeling, Bill; just another one's opinion. Yours truly, TERREL COLEMAN.

Used Bus For a Football Lecture

COLUMBUS, Ga.—Auburn, with a Southern conference football championship in sight for the first time in a decade, found itself trailing Georgia at the half, 0-7. Things didn't look good at all.

Coaches Chat Wynne and Roger Kiley, thinking fast and wanting a quiet spot to lecture the squad, quickly directed every man who was to start the second half to "get into that bus."

There, in the interior of a large bus which was parked behind the stands, the coaches had it out with their charges. The boys emerged, some of them with tears in their eyes—but they went on to win, 14-7.

STATEMENT IS MADE BY COMMISSION

AUSTIN, Dec. 9.—State highway commissioners who had left Austin today for their homes after awarding contracts, issued a statement denying the allegation on which former Governor Ferguson had sought an injunction.

Their statement said an investigation showed the department entirely solvent, able to pay all obligations and that it will have a "large balance" at the end of the fiscal year.

On highway 89, the Weatherford-Strawn cutoff, the statement said appropriations to date are \$350,000, including contracts let.

County Federal Aid Committee Holds Meeting

At a meeting of the county federal aid committee, held in Eastland Thursday afternoon from 2 to 6 o'clock, information concerning the county relief work was carried out in the various towns was tabulated in order that a report to the reconstruction finance corporation might be made and application forwarded for the January, February and March allotments made.

The work of the various communities checked in order that a complete report of the work done, the families aided, the applications for work who have not as yet been helped and other details included in the report.

It was estimated that Eastland county would spend approximately \$7,900 in relief work and that the total needed was about \$54,000 for the three months, leaving a balance of approximately \$46,000 that would be needed from the corporation fund.

It is expected that this money will be received early in January, if the needs of the county are filled as requested, and that it will be available for continuing the work started in beginning with the first of the new year, when the present fund will be exhausted.

ELKS' FIGHTS POSTPONED FOR A WEEK

Announcement was made in Ranger today by Jack Garner that due to the large number of cases of sickness in the town it had been voted to postpone the fights, scheduled to be held at the Elks grove on Main street, until Monday night, Dec. 18.

The decision was made after consulting with several of the doctors in town, who thought that it would be best not to hold the show next week.

Plans had gone forward to make the show better than the opening bill on last Monday night, but, because of the sickness, the postponement was decided to be advisable.

It is expected that by having another week in which to work up a good card that the fans can be given a much better show than they could have been presented this Monday night.

Announcements concerning the fights to be staged on Monday night, Dec. 18, will be made later next week when the complete card has been finally arranged.

Eastland Boy Dies After Long Illness

Harvey Lee Bouchillon, 18, the only son of Mr. and Mrs. Harvey Bouchillon of Eastland, passed away Monday afternoon at 3 o'clock at the home of his parents on West Moss street, following a lingering illness of two years, which, though it robbed him of activity, had not affected his sweet and fine disposition and Christian resignation in the acceptance of his knowledge that his was an incurable case.

Young Bouchillon had been a member of the junior class of the Eastland high school when forced to give up his attendance on account of his weakened condition.

He was never heard to complain and was as courageous as any soldier on the battlefield and loved by all who knew him.

For the past year he was confined to his bed, and dependent upon his friends and family for that contact with the outside things of life he had loved so well.

Funeral services were conducted at the residence by Pastor O. B. Darby of Baptist church, on Tuesday afternoon at 4:30 o'clock.

The last services were held in Lexington, Texas, on Wednesday evening, Dec. 7, with interment in the old Bouchillon family lot in the Lexington cemetery.

Cisco Boy Elected Longhorn Captain

AUSTIN, Dec. 8.—The center of the Longhorn football team for 1933 will be its captain, Bill Smith of Cisco, Texas, on Wednesday evening, Dec. 7, with interment in the old Bouchillon family lot in the Lexington cemetery.

At a meeting of the county federal aid committee, held in Eastland Thursday afternoon from 2 to 6 o'clock, information concerning the county relief work was carried out in the various towns was tabulated in order that a report to the reconstruction finance corporation might be made and application forwarded for the January, February and March allotments made.

Wife Is Prize Farm Speaker

It took a wife, of course, to walk away with first honors in speaking at the American Farm Bureau federation meeting in Chicago. Mrs. John W. Jackson, above, of Oskaloosa, Ia., does all a regular farm wife's work, caring for two children, milking, canning, churning, and does her speaking on the side.

COMMITTEE IS WORKING FOR BASKET FUND

At the meeting of the Community Welfare committee of Ranger, held in the office of the chamber of commerce Thursday night, it was decided that money would be raised for Christmas baskets through a charity ball to be given at the Elks club on next Thursday night and a solicitation of funds on Wednesday.

W. C. Blackmond, chairman of the committee, appointed workers to put on a drive for funds on Wednesday and this committee is working to secure money with which to fill the baskets.

In addition to the chamber of commerce, the pastors of the churches and the Lions club of the city to place small purchases in the barrels provided for the receipt of Christmas packages. Any small purchases, either of food, clothing, toys or anything else that might make someone happy on Christmas, can be dropped into the barrels, or anything that is brought from the home can be placed there for distribution among the poor families of the city.

Through the charity ball, the solicitation of funds and the barrels placed around town it is hoped that every needy family in town might be remembered on Christmas day.

I. P. A. Outlines Meeting Program

FORT WORTH.—The program for the annual convention of the Independent Petroleum association of Texas to be held in Fort Worth on Dec. 9 was completed and announced this week.

In addition to the address by J. R. Barten, president, other speakers and their subjects follow: J. Edward Jones, New York, "Experiences and Competition."

Col. E. O. Thompson, "Texas and Federal Control." These addresses will all be delivered in the Longhorn Room of the Texas hotel during the morning session, which will begin at 10 a. m.

Seventy-five directors will be elected and they will go into executive session at luncheon for the election of officers.

Due to the wide spread interest in the subject of federal control emanating from Washington and other oil states the address by E. O. Thompson of the Texas Railroad commission is of special interest.

The public is invited to the morning session, regardless of membership in the association and the officers of the organization are extending invitations to those interested in the oil problems whether they are engaged in the business or not.

NEW BOATS TO BE MADE

ST. JOHNS, Ore.—Plans are under way here for the erection of a factory which will produce quantities of "Lottafuns"—an amphibian boat which travels on both sea and land. Its inventor, Myron Howe, proposes a Portland, Ore., to Portland, Me., cruise as an advertising stunt.

Hoover Receives Farm Petitioners

WASHINGTON, Dec. 9.—The U. S. Senate, sitting under the eyes of the militant farm marchers, today held up the president's economy message to hear their petition.

After the petition was read, five farmers, one in overalls, was received by Mr. Hoover. They reported the President received them "very well indeed" and promised to investigate their requests.

SAYS BEER WOULD BRING BIG REVENUE

WASHINGTON, Dec. 8.—Legalization of beer that could be sold at a nickel a glass, would increase employment and produce significant new revenue, the house ways and means committee was told today by anti-prohibitionists, arguing for quick modification of the Volstead act.

Joseph Dilworth of Pittsburgh, representing a banking and industrial committee, estimated Volstead act modification would mean capital expenditure of nearly \$50,000,000 in four cities alone.

George P. McCabe, representing the associated producers of cereal beverages, said that modification would yield the federal government a first-year revenue of \$200,000,000.

GROUPING OF DEPARTMENTS IS DEMANDED

WASHINGTON, Dec. 9.—President Hoover today ordered a thorough re-organization of the federal government in a series of executive orders embodied in a special message to congress.

The President ordered the grouping or consolidation of a total of 58 executive agencies and bureaus in the national government. The orders become effective in 60 calendar days or on Feb. 8, unless rejected within that time by congress.

Priest Gets Credit For Boston Victory

BOSTON.—Coach Joe McKenney of the Boston college football team gives credit for his team's 3-0 victory over Fordham to the Rev. George Murphy, S.J., professor of religion at Boston college.

Father Murphy was a football player and star kicker in his college days and during the past season spent many hours teaching the intricacies of placement-kicking to Ed Kelley, substitute back, whose boot defeated Fordham.

Beer To Reward Finder of Pistol

ST. LOUIS, Mo.—Lost: A .44 caliber Colt revolver. Reward: One barrel of real beer, when and if legalized.

The advertisement is that of the president of the world's largest brewery, August A. Busch, of Anheuser-Busch, Inc.

Forty-five years ago Busch, son of a wealthy St. Louis family, purchased the pearl-handle revolver and a cowboy outfit and set out for the "wild west" to become a real cow-puncher.

Six months on the lonely range with nothing but jack rabbits and antelope at which to shoot the pistol convinced Busch he had misjudged his ambition.

Since then the revolver has been one of his most prized possessions. Someone recently removed it from a drawer of his desk. He immediately offered a "liberal reward" and no questions asked.

Ranger Legion Post Is Host at Inter-City Meet

The Carl Barnes post of the American Legion was host Thursday night to an inter-city group of legionnaires from Eastland, Cisco and other towns in this section when a good crowd was present for the gathering.

M. J. Benefield, district commander of the 17th district, and Mrs. Benefield, president of the auxiliary district, were present and made interesting talks.

The program for the evening was as follows: Vocal selections by Miss Maxine Henderson of Olden, accompanied on the piano by Miss Belva Dixon of Ranger.

Address by Mrs. M. J. Benefield. Some imitations of birds and beasts by Jesse Searcy of Ranger. Talk by Earl Francis, post commander of the Dulin-Daniels post of Eastland.

Address by M. J. Benefield of Brady. Selections by the American Legion Tickville band of Ranger.

Ranger Poultry Show Has Many Good Exhibits

The annual Oil Belt Poultry show opened in the Tharpe building on Main street, Ranger, with a large number of pens of birds on display, in spite of the cold weather that prevented many from bringing their exhibits to the show. Entries have been received from all over the county, including Eastland, Cisco, Ranger and the towns in their trade territories.

The exhibits include chickens, ducks, geese, turkeys, bantams in all breeds, with a number of coops of each kind of bird.

The attendance at the show was good Thursday afternoon and night, in spite of the fact that many were prevented from attending because of the cold and disagreeable weather.

A record attendance is anticipated on Saturday afternoon and night, when the show will be closed, as much interest is being shown in the exhibits.

The building is kept warm and all entries are being properly cared for by the Ranger chapter of the Future Farmers of America under the supervision of Ben Whitehouse, vocational agricultural teacher, who is manager of the show.

Cash, merchandise and ribbon prizes will be presented to the winners in the various groups, all coops having merchandise and ribbon prizes except the champion group of 20 birds entered by one exhibitor, which will carry a \$10 cash prize.

TURKEYS TO BE GIVEN AWAY ON WEDNESDAY

Between eight and 10 turkeys will be given away Wednesday afternoon in Ranger in one of the biggest events of its kind ever planned in the city.

Through the co-operation of the Ranger Times and Ranger merchants, these turkeys will be made available for anyone as the birds will be tossed from the tops of the store buildings and anyone catching a turkey can have it for his Christmas dinner.

The first turkey will be thrown from the top of the Montgomery Ward building on Main street. One turkey will then be thrown from each of the buildings occupied by others participating in the free gift, with the announcement to be made just before each bird is released as to where the next will be tossed to the crowd.

Merchants who are participating in the big turkey event, and from whose buildings the birds will be released, though not in this particular order are J. C. Penney company, Montgomery Ward & Co., Hassen company, United Dry Goods Stores, Inc., Scott Store, Joseph Dry Goods company, "M", System and Killingsworth, Cox & Co.

It is expected that other merchants may come in on the plan and have turkeys to give away on Wednesday.

WOMAN MAKES LAST PAYMENT ON COAT

INDIANAPOLIS, Ind.—A negro woman who scrubbed floors and washed other people's clothes for 20 years to make payments weekly on a seal skin coat costing \$1,000, has paid the last installment and received the garment.

A score of years ago, according to officials of a local department store, the woman, whose name they refused to divulge, selected the garment and had it placed in the lay-away department.

When she paid off her bill recently, it was discovered the coat she had chosen—a 1912 full-length model—had been lost. She was satisfied, however, when the management replaced it with a 1932 style jacket-length seal skin wrap.

FORECAST IS FOR SNOW IN WEST TEXAS

The sharp winds of winter's first cold wave took a toll in human suffering today as temperatures clung close to the zero mark or below.

From the Rockies to the Atlantic coast and from the Arctic to the Gulf of Mexico, cold weather ruled. Death and suffering increased, especially among destitute unemployed.

In Chicago six deaths were reported. Most fatalities were due to heart exhaustion due to prolonged exposure to the cold.

The cold weather streak stretched almost across the state of Texas. Weather forecasters said there was a possibility West and North Texas would awake tomorrow morning under a blanket of snow. Sleet was reported from many points in that area at noon today, with gradually decreasing temperatures.

New warnings were issued to livestock growers and shippers of perishable goods.

Ablene had a temperature reading of 28 degrees at 7 a. m. Palestine, Austin and El Paso residents awoke to find mist or rain falling.

SNOW IN PANHANDLE

AMARILLO, Dec. 9.—Nearly an inch of snow blanketed the Panhandle and the north and south plains regions this afternoon and was still falling. The moisture was badly needed for winter grain.

Olden Student At T. C. U. Visits Home

FORT WORTH, Dec. 8.—Miss Carolyn Slay, freshman in Texas Christian University, will leave Dec. 21 to spend the Christmas holidays with her parents, Mr. and Mrs. B. Slay of Olden, Texas.

Miss Slay was graduated from Thurber High School in 1932. She is a member of the Woman's Athletic Association and the Outcast Club, an organization of out-of-town girls who do not reside in the dormitory.

NEW ORDERS ARE ISSUED BY COMMISSION

Grading Contract On Highway 89 Is Let To Dallas Firm.

AUSTIN, Dec. 8.—Former Gov. James E. Ferguson, husband of Governor-elect Mariah A. Ferguson, today had lost his fight to restrain the Moody-Sterling appointed highway commission from awarding \$4,000,000 worth of state road and bridge contracts.

The contracts were awarded after the third court civil appeals at a night sitting, had overruled the re-application for a restraining order.

Ike D. White, one of the attorneys for Ferguson and his associates, said that the next step will be a motion for re-hearing. If that is overruled, he said, a writ of error to the supreme court is planned.

Contracts let by the commission included: Seven and one half miles of grading and drainage structure on Highway 89 in Eastland and Erath counties from the Palo Pinto county line to Highway 1. This is a part of the Weatherford-Strawn cutoff, which is now first sought to prevent by local court action. The work was let to Gifford Hill & Co., Dallas, for \$56,823.

The state highway department today designated state highways from Cisco to Highway 67 and from Graham to Strawn via Metcalf Gap.

State Highway 89 was ordered extended from Weatherford to Decatur at a place on Highway 169, which will be changed to Highway 89, running into Gainesville.

Highway 22 from Hamilton to Comanche was ordered changed to Highway 36 and 36 extended from Comanche to Rising Star in Eastland county.

Surveys were authorized today for bridges over Buck and Sandy creeks on Highway 89 in Palo Pinto county.

Ranger Seniors To Present Play On December 15

The cast of the Ranger High school senior class play is rehearsing for the annual play, which will be presented on the night of Dec. 15 at the school auditorium.

The play was selected because it was so adaptable to the cast that could be selected from among the seniors of the school and, after considerable thought, characters for the play were picked.

"Polly with a Past" which will be presented by the class, has every promise of being the best high school play ever presented in the Ranger auditorium.

An admission price of 35 cents for adults and 25 cents for students will be charged.

Western States Disregard Danger

WASHINGTON.—Commissioner of Reclamation Elwood Mead informed Secretary of Interior Wilbur in an annual report that the west does not realize the "danger" from recurring water shortages, and urged that it co-operate with the federal government to support national irrigation.

"Because of the character of the opposition to irrigation," he said, "public opinion instead of being informed is being misled."

"It is a situation which primarily concerns the west and which can be improved only by the active influence of an aroused public opinion."

Mead told Wilbur the federal government "has done everything," while the western states "have been the beneficiaries, present and prospective."

Player Makes Up Lost Grid Time

WHEELING, W. Va.—Joe Kershalla, of Wilkes-Barre, Pa., a freshman at West Liberty college, never had scored a point in college football until West Liberty played Cedarville, Ohio college. In fact he had played in only two games.

When Kershalla got his chance in the game with Cedarville, he came through with 11 touchdowns and five points after touchdowns for 71 points. His team defeated Cedarville, 137 to 0.

Mrs. Allison Announces Choir Practice for Tonight.
Mrs. A. H. Allison, member of the Methodist church choir, and will personally direct the Christmas cantata, with practices held at the Methodist church every Tuesday and Friday evenings, asks the presence of all members tonight at 7:30.

Mrs. Stafford Announces Mothers Singers Club Meeting.
Mrs. Herbert J. Stafford, chairman of the Mothers Singers club, recently organized and composed of a group of mothers who are active members of Young School Parent-Teacher association, announces the second meeting to be held at the school auditorium next Wednesday afternoon at 3:45.

Mrs. F. K. Smith acts as secretary and Miss Marguerite Adair, director and pianist.

All members are urged to note this announcement and reserve date in the approaching week's calendar.

Study Club Renders Well Given Program.
Substituting for Mrs. George Rhoades, who is enjoying a delightful vacation in El Paso, where she and her young daughter are guests of relatives, Mrs. F. E. Jacobs directed the study program for Child Study Club No. 2 Thursday afternoon, when members met at the home of Mrs. W. R. Avert, Strawn highway.

Citizenship and World Good Will provided a very fitting and profitable subject carried out by papers given by Mrs. C. A. Hummel and Mrs. Onis Littlefield. A complete report of the state convention of Texas Congress of Mothers and Parent-Teacher associations held at Galveston the latter part of last month was given by Mrs. C. E. Maddocks and enthusiastically received by each member present for the splendid lesson.

During a business session Mrs. C. A. Hummel and Mrs. Littlefield were appointed chairmen for the arrangement of the social and refreshment features of the Christmas party to be given on the afternoon of Dec. 23, at the residence of Mrs. C. E. Maddocks, 700 Sixth street.

Elaborate plans are being perfected for this function which comes as a yearly entertainment just before the bells sound for Christmas morning.

The hostess passed a delicious refreshment plate while Mrs. Gable favored the brief social hour with a pretty piano solo. Miss Brown, teacher of correct speech, offered a very clever reading, followed with a piano number played by Mrs. Avant, who is a talented pianist.

A good attendance of members observed the well filled study hour.

Ranger Merchants To Open Nights On December 19

Mrs. Alice D. True, secretary of the Ranger Retail Merchants association, announced today that the merchants of the city would not begin remaining open at night for the Christmas season until Monday, Dec. 19.

Humble Stations Assure Customers Good Gasoline

Humble dealers in Eastland and Ranger are calling attention of the motoring public to the fact that their gasoline customers are protected by a lock on the gasoline inlet to the storage tanks underground, which eliminates all possibility of inferior gasoline being put in the tanks to be sold as high-grade Humble gasoline.

The Cut Glass Pickle Boat is a Pretty Thing -But not this year!

WARD'S have nothing against pickle boats. In their place, wherever that might be, they're undoubtedly quite alright. But Ward's does feel pretty sure that Christmas 1932 is neither the time nor the place for cut glass pickle boats, hand painted ash trays, or for that matter anything that isn't really useful.

New Store Will Open In Eastland

Mr. and Mrs. Dave Wolf of Eastland have announced that they are opening a modern dry goods store in the Moldava building on the north side of the courthouse on Saturday, Dec. 9.

The store will make a specialty of up-to-the-minute fashions at prices that will appeal to everyone and that will be in the reach of all. "Fashion for less" has been uppermost in the mind of Mrs. Wolf in buying for the new store and her wide experience as a buyer in the wholesale centers for the past several years has qualified her as an authority, both on what the women will want and what prices are wanted by the shoppers.

Advance spring styles already await the shopper in the ready-to-wear department as well as in the lingerie, hosiery and footwear departments. All shoppers have been invited to visit this newest Eastland store a visit.

The hunger marchers who ate dinner first and THEN took a taxi to the White House showed pretty good judgment at that.

Ranger Consumers of Water Are Urged to Pay Bills Promptly

Roy Jameson, city secretary of Ranger, acting on instructions of the city commission, has notified water customers that all water bills must be paid promptly and that all balances must be materially reduced.

According to the present plan of financing the city, all water revenues are retained by the city to pay current expenses and this is the only revenue the city has with which to meet its obligations. Should service be discontinued for non-payment of water bills, in addition to the payment of the account it will cost the consumer \$1 to have the service resumed.
