

Compromise Neutrality Bill Approved

City's New Traffic Statute In Effect

Bonds Cancelled, Reducing City's Debt By \$28,000

The city of Big Spring freed itself of a \$1,400-per-year interest charge and trimmed its bonded indebtedness by \$28,000 by the city commission's action Tuesday night in formally cancelling a bond issue of the latter amount.

Recommendation on the cancellation was included in the monthly financial statement, which showed the city operated its general fund during January \$2,355.39 under budget quotas. Total expenditures were \$8,505.11. Only police and park departments exceeded budget figures, and capital outlays were made for both departments.

Will Supervise Balloting At Fifteen Polling Places

Election judges for the fifteen boxes in Howard county were named by county commissioners' court Tuesday.

'Coin' Harvey Death Victim

Drafted Demo Party's Famed 'Sixteen To One' Silver Plank

MONTE NE, Ark., Feb. 12 (AP)—William "Coin" Harvey, 85, economist and politician who drafted the democratic party's famous "sixteen to one" free silver platform plank before the turn of the century, died late last night at his Ozark Mountain home here.

Harvey was stricken with peritonitis following an attack of intestinal influenza. He passed into a semi-coma late Tuesday and death followed swiftly. With him at the time of his death was his second wife, Mrs. May Elliott Leake Harvey, to whom he was married seven years ago and who was his private secretary for more than 30 years.

He practiced law from 1871 to 1874 and married Anna R. Halliway of Delaware, Ohio, in 1876. They were divorced in 1929.

Harvey, writer on money and economics, was the presidential candidate of the Liberty party in 1922 after he had been in retirement for years.

Grant Only Is Asked On Proposed Water Project

In a move designed to get a preferred position for its application for federal aid on the proposed waterworks improvement project, the city commission Tuesday evening adopted a resolution asking the Public Works administration to amend the application striking out the city's request for a loan.

Big Spring previously had asked for a PWA loan and grant to finance projected construction of a reservoir and other water supply facilities; but since municipal officials feel that the city is in a position to handle its own bond issue to finance its share of the cost, the loan request would be cancelled.

The commission's action was taken after the group heard a report on the project from City Manager E. V. Spence, who returned this week from Washington. Spence explained that the municipal bond issue procedure probably would advance the application since PWA favors the method as a means of putting private money to work.

The application has been given final approval by all divisions of PWA, Spence reported, and further progress of the project depends upon allotment of more funds. PWA at present has no money for an allocation, but available funds are expected in the future.

If and when the grant is finally made, completion of the city's part of the deal would depend upon action by voters in an election which would be necessary on the municipal bond issue.

Liebowitz Enters Hauptmann Case

NEW YORK, Feb. 12 (AP)—Samuel Liebowitz, famous criminal lawyer, said today he had agreed to enter the Hauptmann case after a conference with Mrs. Hauptmann, "if Hauptmann will tell the truth."

Will Provide For Limit On Parking Time

Second Officer On Job To Aid In Enforcing Terms Of Ordinance

Big Spring's revised traffic statute, a comprehensive code embodying all control rules into a single ordinance, was automatically in effect Wednesday — and an additional special officer was on duty to assist in its enforcement.

The ordinance was passed finally on the third reading by the city commission on Tuesday night. Many of its provisions have been operative for some time, since George Herbert, one of the traffic officers went on duty several months ago. Herbert has been instructing motorists and others on terms of the laws so that observance could be maintained.

Wednesday, Herbert was joined by Harold Shumate, who also will serve as traffic officer. Shumate recently completed a training course conducted by the state department of public safety.

While the new ordinance covers all traffic control, of principal immediate interest to Big Spring citizens are new parking rules. These include a one-hour limit on a part of Third street, a 15-minute time limit in the vicinity of the postoffice, the prohibiting of all-night parking on downtown streets, and the prohibiting of double parking.

The one-hour limit is effective on Third streets from Gregg to Johnson streets. The area immediately in front of the postoffice and across Second street from the building is made a 15-minute zone.

Angle parking is required in the area from Second to Fourth streets inclusive and from Gregg to Johnson streets inclusive.

Leeway Granted Stop signs are provided at Fourth and Scurry streets, Third and Gregg and Third and Johnson; and slow signs are provided for other major intersections.

Some leeway in the parking time limit provision will be accorded, city officials said Wednesday, because signs have not yet been erected and the traffic ordinance has not been distributed. City Manager E. V. Spence said that signs would be erected at once, and that the laws would be printed in "pamphlet form for the information of all citizens, and when this is done, the statute will be strictly enforced."

"We have no desire to work a hardship on motorists or others," city officials said, "and we will give all problems pertaining to the traffic code full consideration. We believe that when people are adjusted to the new requirements there will be full support of the ordinance."

The commission had before it Tuesday night a petition signed by merchants on Main street between Second and Third, asking for a parking time limit in that block. The commission felt that action on the matter should be delayed until all results of the time limit on Third street are viewed.

Missionary Case Studied

ADDIS ABABA, Feb. 12 (AP)—United States Minister Van Engert today requested fuller information from Ethiopia concerning the detention of an American missionary, Harold Street, in the Gamo province. Van Engert indicated he feared the possibility of an extortion.

Street and a colleague, Rev. John Trewin of Toronto, were ordered released yesterday.

Mrs. Street and her four children were held under guard at a mission station.

NATION HONORS HIS MEMORY

A likeness of Abraham Lincoln, the martyr president, whose memory is honored by the nation today in the observance of his birth anniversary.

Lincoln Day Becomes One Of Politics

Borah, Knox Announce Entry In Illinois April Primary

WASHINGTON, Feb. 12 (AP)—Abraham Lincoln's birthday today brought much political cannonading as the present executive and the emancipator were compared by new deal friends and contrasted by his foes.

Illinois filing announcements of Senator Borah of Idaho and Col. Frank Knox, Chicago publisher, created interest vying with the report that New York republicans were favoring Governor Alf Landon of Kansas.

Borah and Knox filed entries in Illinois, advisory to the primary on April 14.

The day brought an onrush of speechmaking looking toward the choice voting millions must make in November.

Meetings to acclaim Lincoln and his works were held from coast to coast in an atmosphere often associated with the heat of late summer.

Play Slated For Feb. 25

Directors of the Playgoers League will meet Friday morning to discuss plans for the presentation of the forthcoming league play, "The First Legion," here Feb. 25 from the municipal auditorium.

Steps will be taken to promote ticket sales in addition to season tickets held by several local people.

"The First Legion" is a drama founded on the history of the jesuit order and requires only a male cast. In this respect it is said to be one of the outstanding examples of an all male cast in theatrical history. Because there are no women, it was first thought the play could not succeed. Instead the country has received it with high acclaim.

Would Extend Arms Embargo Until May '37

Two Major Provisions Of Administration Plan Are Omitted

WASHINGTON, Feb. 12 (AP)—The senate foreign relations committee approved unanimously today an abridged neutrality bill extending the present arms embargo features until May 1 of next year, but exempting American republics from its application when attacked by non-American nations.

The compromise bill omitted two major provisions of the administration act: permission for the president to impose peace-time quotas on war materials, and permission to require trade to proceed with belligerents at the shipper's risk.

The neutrality measure passed at the last session of congress will expire at the end of this month.

While the neutrality bill was being advanced, the senate munitions committee continued its investigations after having heard evidence that a great European munitions firm sought American aid in scouting the 1925 conference for the limitation of traffic in war materials.

From the files of the Colt's Patent Firearms company, the committee produced a letter from the Fabrique Nationale des Armes de Guerre of Belgium urging it to "get busy in the high places" and seek delay in the appointment of the American delegations.

Colt's replied that it was "unwise to approach the state department" on the subject and that the best course was to "let sleeping dogs die." The Fabrique Nationale letter said the same communication was being sent to the Remington Arms company. Letters introduced suggested among other things a suggestion from a British army officer that judiciary bribery and the appeal of the "fairest of fair ladies" could be combined effectively in the sale of munitions.

Chairman Nye (R-ND), of the committee, condemned such munition sale practices as "something more than corrupt."

A stack of letters and the testimony of L. C. Codd, the association's executive secretary, were offered as evidence to show the organization worked for the diversion of relief funds to army projects and generally was in close cooperation with army officers and war department officials.

With the munitions inquiry in its concluding stages, the committee took up the affairs of the ordinance association prior to examining the activities of the Colt Patent Firearms company in supplying machine guns to the army.

Codd testified that about a year ago, due to much sensational publicity on the activities of arms manufacturers and merchants, he asked Maj. Gen. J. F. C. Fuller of the British for a factual article on that subject for publication in the association's periodical "Army Ordnance."

It was Fuller's letter of reply that arrested the interest of the committee. Nye read sections of it with an assertion that he was obliged to omit parts because they were unfit to appear in the committee's record.

THE WEATHER

BIG SPRING AND VICINITY—Mostly cloudy tonight and Thursday; colder Thursday.

WEST TEXAS—Mostly cloudy, probably snow north portion tonight and Thursday; much colder in Panhandle tonight, temperature 12 to 18. Livestock warnings in Panhandle.

EAST TEXAS—Cloudy, probably rain tonight and Thursday, changing to sleet in extreme north portion tonight and on north and east coast Thursday. Livestock warnings north portion.

Wilbur C. Hawk, Texas Publisher, Taken By Death

Heart Attack Fatal to West Texas Civic Leader

AMARILLO, Feb. 12 (AP)—Wilbur C. Hawk, co-publisher of the Amarillo Globe and News and a prominent republican of the Southwest, died suddenly at his home here today.

He had been ill several weeks, suffering from high blood pressure and heart trouble. He suffered a stroke this morning and succumbed before a physician arrived.

Hawk had celebrated his 51st birthday Monday and worked at his office a short time yesterday. He had planned to participate in a republican rally here today.

Survivors include his widow, the former Miss Hallie Lewis of Amarillo, whom he married here March 16, 1929.

Held Many Civic Offices At Austin, Governor James A. Alfred said Hawk's death was a loss "not only to Amarillo and the Panhandle, but to all of Texas."

Besides his civic contributions, Governor Alfred said "Wilbur Hawk was in every sense a man loved by all who knew him."

The high positions cited by Alfred gave an indication of the civic responsibilities Hawk carried. He not only had devoted time to the building of one of Texas' major newspapers, but was actively identified with all civic enterprises in his section.

Hawk was president of the West Texas chamber of commerce in 1932-33, presiding for the organization's convention when it was held in Big Spring.

Noted Masonic Leader Dead

Services Held At Dallas This Afternoon For Sam P. Cochran

DALLAS, Feb. 12 (AP)—Samuel P. Cochran, 82, distinguished elder statesman of American Free Masonry and prominent public figure, died here late yesterday after a long illness. He was to be buried here this afternoon.

From 1911 until recently Mr. Cochran was sovereign grand instructor general for Texas and member of the Supreme Council of the Ancient and Accepted Scottish Rite of Freemasonry for the Southern Jurisdiction. At various times he represented different foreign nations on the supreme council.

When he was 77 years old, Mr. Cochran began studying law. C. M. Cureton, chief justice, convened the Texas Supreme Court in a special session to admit him to the bar. While a law student at Dixie University here, which is no longer in existence, he met Miss Regina Urbish. She at 19 was the youngest student, while he was the oldest. In 1934 they were married.

Mrs. Cochran survives him, as do a brother, F. D. Cochran of Dallas, and a sister, Mrs. Townsend Cushman of Washington.

The former Miss Urbish was his second wife. He married Miss Sue Webb Higgins of Lexington, Ky., in 1883. She died in 1925.

Age Pension Blanks To Be Here Friday

Forms Will Be Available At Courthouses In This District

Application blanks for old age assistance will be received here in time for distribution Friday, George White, district supervisor, said today.

Ample supplies of the forms will be left at courthouses in county seats of the thirteen counties in the district and at public places in other towns.

Any persons 65 age or more of age may procure the blanks and file their application for assistance amounting to as high as \$30 per month in cases where the applicant is virtually destitute.

The district office, located in the Petroleum building, will not fill in the applications, White said. This must be done elsewhere and the application filed with the district office for investigation.

"Look on the back page before you start to fill out the application," was White's advice to oldersters. "The blank is really very simple if you will only read the back page first."

Investigators attached to the district office will arrive here by Monday, the district supervisor was informed. They are being escorted by the state headquarters and not by the district supervisor.

Already White has received a flood of mail inquiring about the old age pensions. Some, written in unsteady hand, express faith that the aid will pull them through difficulties and see the writer in security.

Communists And Catholics Jailed By Nazi Police

BERLIN, Feb. 12 (AP)—Officials charged by collision between Roman Catholics and communists today as at least 100 Catholics and communists were arrested in simultaneous raids by secret police.

The grip of secret state police on public life was tightened by a law ordering district governors to take commands from secret police headquarters, which are allied closely with the civil administration.

State's Age Benefits Will Go Only To Citizens, Carpenter Points Out

This is the third of a series of articles explaining the requirements on applicants for benefits under the state's new age pension system.—Editor's Note.

AUSTIN, Feb. 12.—Assistance will go only to citizens, Orville S. Carpenter, executive director-designate of the old age assistance commission, said explaining the old-age assistance law.

"If the applicant is a naturalized citizen, he or she should be able to prove when and where naturalized," Carpenter stated. Naturalization papers will be required," Carpenter added. "An applicant should know the nationality of his or her spouse if not a citizen."

Around And About

By Tom Beasley

VIC WEBBER, handsome German middleweight grappler who wrestled here last year, is back in New York. He lost a bout by decision recently to Tony Siano. Vic spent several months in El Paso and was popular with the grunts and groan fans there.

TED PHILLIPS, Moore school teacher and basketball coach, has made the pairings for the junior boy and senior girl county basketball tourney here Friday and Saturday. Phillips was late making the pairings because of illness.

TWO FORMER Sweetwater high school football stars, o-teges of Ed Hennig, will be in the Texas Christian backfield next fall. Topping the list will be Sammy Baugh, gifted passer. Coleman Sullivan of Sweetwater will be a candidate for a halfback position.

JOE MOORE, New York Giant outfielder, is not only a man who has the qualities to gain national recognition by his baseball playing, but is a man with good judgment and an "eye for the future." Moore just recently bought a farm near Cameron. He intends to raise cattle, but will soon leave for Florida, where he will enter spring training with the Giants, with whom he has been playing for five years.

MOORE IS reputed to have one of the greatest throwing arms in the major leagues. He rose to the top in a hurry, playing with the West Texas league, then at San Antonio with the Texas league and then with the Giants.

BASKETBALL IS one of the few games where little effort has been made to keep records of heroic deeds by teams or individuals. However, here are a few of interest: Collegiate scoring record—Robert H. Many, Lehigh University, 625 points during three varsity seasons, 1927-28, 1928-29, 1929-30. Totals were, 225, 202 and 205, scoring 241 field goals, (2 points each) and 150 fouls; game average: first year, 15.2; second, 14.4; third, 14.6; grand average, 14.69; highest score single game, 28, against Susquehanna, 1928-29.

1930—L. E. Feevy, League (Tex.) High, made 143 consecutive field goals.

FEB. 15, 1930—in a game between Wenona, Ill., and Toluca, Ill., at Toluca for championship of Marshall county, 10 overtime periods were played. Score at end of fourth quarter, 15-15, the first overtime period ended, 15-15, the second, third, fourth, fifth, sixth and seventh ended 17-17, the eighth ended 19-19, the ninth 21-21 and, in the tenth period, Wenona won by scoring seven points against two. Final score: Wenona 28, Toluca 23.

RECORD FOR tournament entries—625 teams entered, and 625 played, in Central A. A. U. tournament 1930-31 season; 5,476 registrations.

MEN'S CONSECUTIVE victory record—159 in a row won by Pascale (N. J.) H. S. team, 1922 to 1925-26.

GOLF ETIQUETTE for today: 1.—A player who has incurred a penalty should intimate the fact to his opponent as soon as possible. 2.—Players should at all times play without undue delay.

MOVE TO LAMESA Mr. and Mrs. J. T. Johnson and son, John Thomas, Jr., left Sunday for Lamesa where they will make their home. A member of the district WPA staff, Johnson has been transferred to Lamesa.

HELPS AVOID MANY COLDS Especially designed aid for nose and upper throat, where most colds start. Used in time, helps prevent many colds.

Whitman's VALENTINE CHOCOLATES —the Grandest of all Valentines

Now Don't Forget

AT ALL 5 STORES

What Would Be Nicer?

A certain amount of Mr. Gould's ardor may be discounted as showmanship. Mr. Gould is an expert at build-up himself, and he knows that a public debate with the Louis stable will nourish the ticket sale for the Louis-Braddock fight.

It is something in what he says, all the same. The Louis stable and its sponsors are working hard to develop interest in the Schmeling fight. By hinting that the bout with Braddock is off, they feel they can lure more customers to watch the Bomber with Schmeling.

Mr. Michael Jacobs and his cohorts have mentioned the sum of \$1,000,000 in connection with the Schmeling affair. This, to me smacks strongly of rose-colored glasses. For many people know that Schmeling is a weary and waning fighter, and too many people know that even at his best the Black Ulfan was no match for

COUNTY SCHOOLBOY CAGERS PLAN LARGE BASEBALL SCHOOL

GAMES ON FRIDAY AND SATURDAY

Fifteen teams will take part in the county basketball tournament here Friday and Saturday for junior boys' and senior girls' teams. Forsen won the senior boys' Class B title last week while the championship of the junior girl division went to Elbow. All games will be played in the high school gymnasium. The tournament will open 2 p. m. Friday with Midway junior boys meeting Forson. Elbow meets Hilway at 3 p. m. Coahoma drew a first round bye and will play the winner of the Elbow-Hilway game Saturday afternoon. Moore, Sonah, Knott and Lomax are entered in the junior boy rural division. Moore is paired with Sonah and Knott with Lomax. The winners play Saturday afternoon, and the winner of the Class B boys' division, plays the rural boys' championship team 7:30 Saturday night. Knott and Moore are the only two teams entered in the rural girls' division. They play Friday, and the survivor meets the winner of the Class B section in a championship game 8:30 p. m. Saturday.

Only 900 Down! Elderly Golfer Optimistic In 14-Year Rivalry

LONDON, Feb. 12. (AP)—A golf duel that began in 1922 is still being fought on the 9-hole Littlecote course, near Swindon. Victory can only be claimed when one or the other of the rivals is forced to retire through old age or death. Every week since August, 1922, the two golfers, R. W. Chamberlain, retired farmer, and George New, postmaster of Chilton Follet, have met to continue the match—for a silver jug. The postmaster, who is the younger, is about 90, but his opponent, a youngster of 73, is quite unperturbed. "There is plenty of time to catch up," he says.

Taylor Out Of Rice Owl Game

AUSTIN, Feb. 12. (UP)—Jack Taylor, forward and captain of the University of Texas basketball team, probably will see his first game of the season from the sidelines tonight, Coach Marty Karow said. Taylor's loss from a pulled thigh muscle will greatly lessen Texas' chances against the third-place Rice Owls in Houston tonight. He was injured in a game against the Hunt Oilers two weeks ago. The Texas captain has averaged 11 points per game thus far in the Southwest conference season and is among the league's leading scorers. His place will be filled by one of two sophomores, Jerry Sparkman or Joe Roach.

Golf Analyzed

One reason that Willie MacFarlane remains one of the greatest threats in golf despite the fact that he is well up in his forties is that he seldom makes a wrong shot. In 1,000 instances where the situation calls for the use of a certain club in a certain way, Willie will be right 1,000 times in doing what the situation demands. "Duffers have more heartaches than they ought to have," Willie once told me, "because they don't stop to study each situation as it comes up. They try to do things they can't do, because they haven't analyzed the play they have to make."

The gist of this is that golf, like any other game, is a thinking game. When a shot goes wrong, it usually is best to realize that one has penalized himself, accept the penalty and be content with merely getting the ball to a favorable position for another shot—which may, by chance, retrieve the original error. A drowning man tries to get to the shore nearest to him.

Veteran Major League Stars Plan Large Baseball School

BEARS DRILL FOR SERIES WITH PORKERS

WACO, Feb. 12.—Though out of the championship running themselves, the Baylor Bears are hoping to throw a monkey wrench into the works of the Southwest conference cage race by upsetting the league-leading Arkansas Razorbacks in one of the two contests between the Bears and Hogs on the Baylor floor Friday and Saturday night. Last week the Bruins came through their strenuous road trip with two victories in three starts. The Grizzlies were downed by the flashy Rice Owls in the last meeting of these two teams when Rice displayed a speedy offensive attack to take a 32-23 count from the Baylor team. On the following night the Bears came back strong with a 42-28 win over the Texas Aggies, and then they moved over to Beaumont where they were the winners of the exhibition match against the Knights of Pythias of that city. The score was 35-28. Back on the home court for a few days of preparation for the Porker invasion, Coach Ralph Wolf is putting his Bruin charges through intensive drills daily in an effort to have them in fine working condition when the victory-fatted Hogs come to town. It will be the last road trip for the Razorbacks and most scribes believe that they will have easy sailing for the remainder of their conference schedule if the scale the Baylor wall successfully. The Baylor hopes again lie in Slim Alford, who is now among the conference's leading scorers after chalking up 16 points last Friday night in Anglinland. Alford is the big gun of the Baylor attack and will have to be bottled up before the Arkansas leads can control the situation this week-end. Coach Wolf plans to start against the Porkers: Theo and Kyle Alford, forwards; Earl Wray, center; and Ken Clark and Hugh Wilfong, guards.

SPORT SLANTS

Joseph E. Widener, president of the Miami Jockey Club and vice-chairman of the Jockey Club, has started a move that may eventually lead to the discontinuance of the name "derby" in all races in this country with the exception of the Kentucky Derby. Mr. Widener at his annual dinner to the visiting members of the National Association of State Racing Commissioners and their representatives, emphasized the fact that the word "derby" has been overworked by various racing associations, intentionally or otherwise violating the traditions of the two great races, the English Derby which had its beginning in 1780, and the Kentucky Derby, originating in 1875. The latter is the only classic in this country rightfully entitled to the name. One of the first things young Gillespie did when he arrived here was to walk along a cow path until he came to a dried-up pond. There he heaped up a tiny mound of sand and, it is recorded, said: "Two holes for practice and it can be entered later."

Champ Aims One For Joe

NEW YORK, Feb. 12.—James J. Braddock, the champion of the world, commented tersely on the heavyweight situation. "It looks kind of serey to me," he said. Pressed for further bulletins, Mr. Braddock unfurled a choice assortment of hems and haws and divulged that he would report for duty shortly as a day laborer on the Jersey docks, the same docks from which he emerged less than a year ago to win his merit badge for Bare-knuckling. Mr. Braddock plans to start kicking the bales around on March 1. "I need work," said Mr. Braddock, in a sudden burst of oratory. Mr. Braddock has always needed work, but this time the meaning of the words is a little different. "He wants to harden his thumbs for that go with Joe Louis, come September. The Jersey docks are a luxury to Jimmy today. Last year they were his bread and butter, and rather more bread than butter at that. "They will pay Jim to work, because he is a hell of a good dock hand, and they like to have him around," said Braddock's manager, Joe Gould, stepping swiftly to his favorite spot in front of the microphone. "But we are just taking this job for the physical training. We want to take off a few pounds and keep in shape."

Member Of Original Scotch Colony Built Golf Course Near Sarasota Bay In 1885

SARASOTA, Fla., Feb. 12. (UP)—The famous "Apple Tree Gang," credited by most historians with having transplanted the ancient and royal game of golf to America, has a new challenger for that distinction in Col. J. Hamilton Gillespie, member of the original Scotch colony that settled Sarasota in 1885. According to an old diary kept by Alex. Browning, a member of the colony, whose son holds the document, Gillespie laid out a two-hole course in a dried up pond a few yards from the shore of Sarasota Bay. By this entry, made in May, 1886, the Sarasota debut of golf preceded the six-hole Yonkers, N. Y., layout by two years. It wasn't until Nov. 4, 1888, that John Reid and a few of his friends began knocking the little white pellet about a vacant lot in Yonkers. Gillespie, a young Scottish barrister, was born at Dunfermline, Scotland, in 1852. He studied law at Edinburgh, and there took up golf. As a young man he went to Australia, but soon was recalled and sent to Florida as resident manager of 60,000 acres of land, owned by his father. One of the first things young Gillespie did when he arrived here was to walk along a cow path until he came to a dried-up pond. There he heaped up a tiny mound of sand and, it is recorded, said: "Two holes for practice and it can be entered later."

STEERS LOSE ANOTHER GAME TO LUBBOCK

Lubbock Westerners filled the basket in the third period last night and Steer cagers lost to the Plainmen at Lubbock, 32 to 21. The Big Springers were holding their own until early in the third stanza when Flowers, forward, fouled out. The count at half time was 14-14. The Big Spring Calves gave the Lubbock Cowboys their second straight defeat, walloping the junior team, 30 to 21. Coach George Brown was ill and did not make the trip. Steers were in charge of "Speedy" Moffett.

(UP)—The famous "Apple Tree Gang," credited by most historians with having transplanted the ancient and royal game of golf to America, has a new challenger for that distinction in Col. J. Hamilton Gillespie, member of the original Scotch colony that settled Sarasota in 1885. According to an old diary kept by Alex. Browning, a member of the colony, whose son holds the document, Gillespie laid out a two-hole course in a dried up pond a few yards from the shore of Sarasota Bay. By this entry, made in May, 1886, the Sarasota debut of golf preceded the six-hole Yonkers, N. Y., layout by two years. It wasn't until Nov. 4, 1888, that John Reid and a few of his friends began knocking the little white pellet about a vacant lot in Yonkers. Gillespie, a young Scottish barrister, was born at Dunfermline, Scotland, in 1852. He studied law at Edinburgh, and there took up golf. As a young man he went to Australia, but soon was recalled and sent to Florida as resident manager of 60,000 acres of land, owned by his father. One of the first things young Gillespie did when he arrived here was to walk along a cow path until he came to a dried-up pond. There he heaped up a tiny mound of sand and, it is recorded, said: "Two holes for practice and it can be entered later."

Pep Squad Girls Entertain Boys With Leap Year And Kid Party

Prizes For Most Clever Costumes Of
Prizes For Most Clever Costumed Of
Fete; Evening Ends At Show

Members of the high school Pep Squad celebrated with a leap year party Tuesday evening, inviting their boy friends to help them put on a "kid" party and then taking them to the show. The girls carried out the leap year idea completely making their dates and going for them.

The party began at the high school auditorium at 7:30. Appropriate games and stunts were played, suited to the costumes of the guests, which ranged from actual kid garments to tacky costumes.

Boxes of Valentine candy wrapped in Valentine colors were awarded the boy and girl whose costumes were voted the cleverest.

In the run-off were Austin Burch, Lois Whitehead, Murrey Patterson and Frances Stamer, the last-named couple winning the prizes.

A flashlight photograph was taken of the group. The party ended up at the picture show.

The sponsors of the party were: Miss Lillian Shick, Pep Squad teacher-sponsor, Mrs. Nat Shick and Mrs. Charles Koberg.

Members and guests were: Ruth Arnold, Gordon Buffington, Frances Blodson, Joe Hendricks, Jewel Caudle, Donald Anderson, Lula Belle Crenshaw, Melvin Baker, Do-ye Cunningham, John Coldiron, La Fern Dehlinger, Lawrence Liberty, Mary Ruth Dittz, J. W. Coats, Jean Dublin, Billie Danner, Betty Lee Eddy, Durwood Riggs, Josephine Edwards, Merle Creighton, Norma Edwards, Austin Burch, Charlene Fallon, Bobbie McEwen, Mickey Gordon, Marcus Woods, Elizabeth Graves, Clinton Jones, Henriette Hall, Donald Schurman, Marjorie Hudson, W. T. Bolt, Mary Louise Inkman, Vernon Porter, Camille Koberg, Ray McCullough, Eloise

Business Women Lunch At Crawford

Members of the Business and Professional Women's club met at the Crawford hotel Tuesday for their regular business meeting and luncheon. Miss Anne Martin presided.

Several guests were present: Mrs. Onnie W. Earnest and Etta Martin; Misses Lon O'Donnell, Mabel Robinson and Stella Flint.

Members attending were: Mmes. Charles Eberly, E. B. Kimberlin, Jim Black, Ruth Airhart, Olive B. Riley, Thomas A. Roberts; Misses Eunice Greene, Mayma Lou Parr, Anne Martin and Nell Davis.

The club will meet at the Crawford on Wednesday night Feb. 26 for its next meeting. Miss Katherine Mooney will have the program. There will be a brief business meeting preceding the program at 7:30.

1922 Bridge Members Meet With Mrs. Price

Members of the 1922 Bridge club met at the Settles hotel with Mrs. E. O. Price as hostess Tuesday afternoon. Mrs. Battle was high scorer for members and Mrs. Fahrenkamp for guests. Both received boxes of Valentine chocolates.

Mmes. Emil Fahrenkamp, Sam Goldman and M. M. Edwards played with the club members.

Present were: Mmes. Ira Thurman, M. H. Bennett, Tom Helton, Robert Parks, V. V. Strahan, Mae Battle, Grover Cunningham and Roy Carter.

Mrs. J. Y. Robb will entertain next.

Fairview H. D. Members To Hold Food Sale Here

The Fairview home demonstration club met at the school house recently for a business meeting and Lincoln's day program. The group voted to hold a food sale at Hodges grocery next Saturday.

Mrs. Gabre Hammond was elected secretary.

The next meeting will be held the 28th instead of the 20th of February at the home of Mrs. Ray Smith for a demonstration on cooking leafy vegetables.

Refreshments were served to: Mmes. W. H. Ward, Ray Smith, Clotus Langley, Hammock, Henry Long, G. J. Hammock, W. A. Langley, Willard Smith, J. W. Wooten, Rallsback, John Phillips.

GOOD GARDENING

1. THE SEED BED

The best way for the spring gardener to get the jump on the weather is to do his first work in the house. A seed bed is the thing. Tender plants can be started while it's still too cold for them to live outside. Get a wooden box three inches deep, a foot wide and a foot and a half or two feet long. Fill it with fine, clean soil. Mark lines in the soil about half an inch deep and two inches apart. Seeds of tomatoes, eggplant, peppers, okra and the like should be placed about a quarter-inch apart, covered with fine soil. Sprinkle, put the box away in a warm place. When the plants peep out put the box in the sunlight. If it's by a window, turn the box halfway round each day to keep the plants growing properly.

Tomorrow—Baked Soil

Presbyterian Children Have Party At Church

Members of the Junior and Intermediate departments of the First Presbyterian Sunday school took advantage of the lull between windy storms Tuesday and spent the sunny afternoon at a party held at the church.

Teachers who participated were: Mmes. T. S. Currie, H. G. Foshes, D. A. Koons, W. C. Barnett and Raymond Dunagan.

Valentine games were played after which refreshments of sandwiches, candy and ice cream were served to the following pupils:

—Howards Finley, Alfred Adams, Billy Koons, Jack McDaniels, Patsy Sims, Willie Joe Allison, Ralph Sheets, Kathleen Boatler, Mary Jean Lees, Jo. Ellen Wilkerson, Jesse Allison, Ralph Arnold, David McConnell, Albert Bliss, Florence McNew, Billy Marie Boatler and Dr. and Mrs. D. F. McConnell.

New Evening Bridge Club Is Organized

A new bridge club was organized Tuesday night when a group of six couples assembled together and decided to play bridge every Tuesday evening and call themselves the Eight O'clock bridge club.

Mr. and Mrs. Ed Allen were the first hosts.

Miss Ruth Luak substituted for her aunt, Mrs. R. H. Miller and, with Mr. Miller, won couple high score. Mr. Allen received the bingo prize.

Couple members present were: Messrs. and Mmes. William Dehlinger, Dutch Schlegel, George Crosthwait, Watson Hammond.

The Crosthwaits will entertain next Tuesday evening.

First Baptist Homemakers In Valentine Party

Mrs. E. E. Bryant entertained the T. E. L. class of the First Baptist Sunday school with a Valentine social Friday afternoon. The house was decorated with red Valentine hearts and potted plants.

After the business session Mrs. Scarborough and the hostess presided over the social hour and conducted several enjoyable games.

Miss Eltha Bryant gave several song selections with Mrs. Ira Powell at the piano.

Refreshments of cherry pie and coffee were served by the three hostesses of the afternoon, Mmes. Jack Cain, E. C. Scarborough and Bryant to the following class members and guests:

Mmes. E. R. Stephens, Thos. Andrews, L. M. Gary, R. V. Jones, J. A. Fuller, R. E. Day, J. P. Dodge, L. Graub, Roy Lay, A. L. Souders, Ira M. Powell, K. S. Beckert and Miss Eltha Bryant.

Four Aces Members Play With Mrs. Green

The Four Aces bridge club was entertained this week by Mrs. Wald Green with a party at the Settles hotel.

The Valentine motif was used in the tallies and prize wrappings.

Three prizes were awarded. To Mrs. Davis went a picture for membership high score and to Mrs. Broughton also a picture for guest high. Miss Secrest received a sewing kit for consolation.

Mrs. Fred Read and Mrs. Walter Broughton were the only guests of the evening.

Members playing were: Mmes. Stanley Davis, Pete Sellers; Mmes. Agnes Currie, Irene Knous, End

Avriett, Neil Davis, Marie Johnson, Clara Secrest and Gene Dubberly.

Miss Johnson will be the next hostess.

Bridge Club Meets At Settles To Play

Employing a Washington theme Mrs. Tom Donnelly was hostess at the Settles hotel this week for the Tuesday Dinner-bridge club. A cleverly contrived hatchet centerpiece was used for the table, with small hatchets as favors.

The tallies were alhounettes of the Father of Our Country.

Mrs. Golden scored highest.

Mrs. W. G. Wilson, Jr. was the only guest.

Present were: Mmes. D. M. McKinney, present as a member for the first time, Constance McEntire, Glen Golden, W. J. Donnelly, Elmer Craven; Misses Ala B. Collins, Emily Bradley and Jeanette Sumner.

Mrs. W. J. Donnelly will be the next hostess.

WEST WARD P.T.A.

The West Ward P.T.A. meeting will be held tomorrow evening at 7:30 instead of in the afternoon. Fathers are asked to accompany the mothers of the children to the meeting, inasmuch as this meeting is being held for them.

BIRTHDAY PARTY

Members of the local chapter of the Order of Eastern Star will celebrate their 48th anniversary Wednesday evening at the Masonic hall with a party. All members are invited to attend.

BAPTIST HOMEMAKERS

Members of the Homemakers class of the First Baptist Sunday school will meet Tuesday at the home of Mrs. L. I. Stewart instead of at Mrs. W. F. Fries' who has illness in her home.

Mexico Facing Threat Of A Railroad Strike

NOGALES, Ariz., Feb. 12 (UP)—The entire west coast of Mexico faced a tie-up of business today as employees of the Southern Pacific railroad of Mexico served notices of a general strike starting Feb. 20.

The employees' move immediately was followed by an embargo on freight from the United States over the company's lines. The railroad officials also issued an order that all freight from the affected Mexican states along the 1,000 miles of the road's right-of-way must be moved by Feb. 17, when operations will be suspended.

The strike call followed months of wrangling between the railroad union and the company over wages. Formal notice that the strike was impending was delivered in Mexico City by union representatives at a meeting of the federal labor conciliation board.

Finally Wins The Girl For Whom He Flew The Atlantic

MADRID, Feb. 12.—Young love which triumphed over all obstacles was rewarded in San Marcos church when Juan Ignacio Pombo was married to Maria Elena Rivero, for whose sake he flew the Atlantic to plead his case.

In the end, parental opposition also had to be overcome. Maria's mother put her in a convent and forbade her to marry before she is 21—two years from now. Pombo, 22, last Saturday persuaded the girl to leave the convent and marry him in a civil ceremony.

A church wedding was held yesterday. The bride's mother, Concha, showed her displeasure by remaining away. Her brother, Jose Ramon, also did not attend.

The wedding was attended by about 100 relatives and close friends. Maria Elena was pale and composed. Pombo wore the Cuban, Venezuelan and Mexican decorations which were awarded to him when he flew from Spain to Mexico City to join Maria Elena, who was waiting there with her parents last week.

Enana Rivero did not try to prevent the church wedding, but it was rumored she was so displeased she contemplated disfiguring her

Lady Took Cardui During Middle Life

Women who are entering middle life will be interested in the experience of Mrs. L. C. McDonald, of Paragould, Ark., who writes:

"I cannot say anything but good about Cardui. I think it is a grand medicine. I took Cardui during change of life. I was so weak, so nervous, I could hardly get. I just dragged around. I had fainting spells and would just give down. My back and head hurt. I knew I had to take something to give me strength. I read of Cardui. I took about seven bottles. It gave me relief and strength. I am now 60 years past, and can do a pretty good day's work in the house and garden."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.—Adv.

Federal Agents Fight Gangsters In Lyric Picture

Insights into the detective work of the department of justice men and a love story are combined in another picture of the G-man cycle, "Men Without Names," which plays at the Lyric Wednesday and Thursday.

Fred MacMurray, Madge Evans, David Holt and Lynne Overman feature the cast. In the film, MacMurray, one of the department's agents, is sent to a small Kansas town where money stolen in an armored car hold-up is making its appearance.

Posing as an aviation promoter, he makes the acquaintance of key figures in the mystery, learns that the mob is somewhere in the vicinity, and is being shielded by the local banker. MacMurray sends out a call for aid. Lynne Overman answers the call and between them they proceed to get the evidence and track down their prey.

As the ring closes in about the mob, they become desperate. Overman is killed in line of duty. MacMurray attempts to come to his aid, but he, Madge Evans, whom he has come to love, and her little brother are trapped by the gangsters. In a dramatic, rapid-fire climax, the gangsters are apprehended, the prisoners released and the film brought to a happy conclusion.

Texas Ranges In Good Shape

Cold Weather Causes Deterioration, But Moisture Helps

AUSTIN, Feb. 12.—The condition of livestock and ranges in Texas remains favorable with only slightly above average deterioration during January, according to the monthly report of the United States department of agriculture. There is a surplus of feed crops remaining in most areas, with very little supplemental feeding necessary so far this winter. Contracting of wool has been very active. Prospects are favorable for good lamb and calf crops.

Extreme cold weather, during January injured winter ranges and caused the condition to deteriorate more than average during the month. However, moisture conditions are more favorable than for some time, and prospects are favorable for early spring and summer range feeds. Portions of the northwestern and western districts still have insufficient moisture to insure summer range feeds, but the balance of the state is adequately supplied. Grain fields are furnishing some grazing in portions of the plains area of Northwest Texas, but in several counties, in the western and extreme northern portion of this district, growth has not been sufficient to allow much grazing. The condition of ranges at 77 percent of normal is 5 points below the condition reported a month ago, but is 1 point above the 10-year average, and 30 points above the condition a year ago.

The cold weather during January has caused some shrinkage in cattle, but generally, they have held up unusually well. Feed supplies, in most areas, are abundant, and no shortage is anticipated. Losses have been very light so far. Slightly above average shrinkage has also occurred in sheep during the month, but, in most areas, they are still in good flesh.

The condition of cattle on Feb. 1 is reported at 81 per cent of normal, compared with 83 per cent a month ago, 85 per cent a year ago, and 75 per cent the 10-year average condition on Feb. 1. The reported condition of sheep at 84 per cent of normal is 4 points below that of a month ago, but is 22 points above a year ago and 2 points above the 10-year average Feb. 1 condition. The condition of goats has followed that of sheep closely. Brush is furnishing an abundance of feed now in most areas, and the condition of goats is good. There is good local demand for goats at this time.

Seventy-five years ago yesterday Lincoln delivered his famous farewell address at Springfield, Ill., as he was about to start for Washington, D. C., to be inaugurated president of the United States. En route to the nation's capital he made 57 speeches, which included addresses before five different state legislatures.

He also spoke in Independence Hall, Philadelphia, on Washington's birthday. The above facts were recalled by Dr. Louis A. Warren, director of the Lincoln National Life Foundation here.

Three human interest incidents occurred on the trip, Dr. Warren said. They were: the temporary postponement of the inaugural address manuscript; the greeting of Grace Beidel, the 11-year-old girl of Westfield, N. Y., who had written Lincoln about growing whiskers; and the foiling of would be assassins by Lincoln's making the last part of the trip traveling incognito.

All along the route from Springfield to Washington cities through which Lincoln passed will call attention to this centennial anniversary of the memorable presidential itinerary.

Angelo's Olympia. The springbok, a kind of gazelle, is pictured in the coat of arms of South Africa.

Lincoln On Way To Capital On Birthday In 1861

FORT WORTH, Ind., Feb. 12.—While the nation today is observing the 127th anniversary of the birth of Abraham Lincoln, it is recalled that in 1861 he was en route to Washington to become the nation's chief executive.

Seventy-five years ago yesterday Lincoln delivered his famous farewell address at Springfield, Ill., as he was about to start for Washington, D. C., to be inaugurated president of the United States. En route to the nation's capital he made 57 speeches, which included addresses before five different state legislatures.

He also spoke in Independence Hall, Philadelphia, on Washington's birthday. The above facts were recalled by Dr. Louis A. Warren, director of the Lincoln National Life Foundation here.

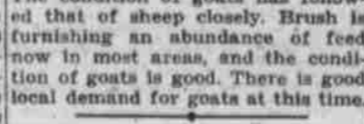

Three human interest incidents occurred on the trip, Dr. Warren said. They were: the temporary postponement of the inaugural address manuscript; the greeting of Grace Beidel, the 11-year-old girl of Westfield, N. Y., who had written Lincoln about growing whiskers; and the foiling of would be assassins by Lincoln's making the last part of the trip traveling incognito.

All along the route from Springfield to Washington cities through which Lincoln passed will call attention to this centennial anniversary of the memorable presidential itinerary.

Modern-Day Valentine Sentiment Ranges From Comic To The Sugary; Leap Year Motif Not Overlooked

STAR AT QUEEN

Ricardo Cortez (above) who appears with Mary Astor in heading the cast of a thrilling mystery film, "The Murder of Dr. Harrigan," which is the feature at the Queen theatre Wednesday and Thursday.

WASHINGTON, Feb. 12.—(UP)—A new efficiency system, making life in the postal service a "sporting proposition," will go into effect April 1, the postoffice department revealed today. The plan is a revised merit system which rewards good work as well as punishing poor work.

Reports that the plan involved politics incensed Clinton Uttley, superintendent of the postoffice service and veteran career man with the department who worked out the complicated system of merits and demerits.

"The idea is to put a higher premium on merit," he said. "If any clerk pulls a boner and gets a demerit this gives him a chance to wipe it out through his own good conduct."

Uttley's schedule listed a dozen pages of things for which clerks may be given demerits, such as general carelessness, intoxication, loitering, losing mail keys, losing badge, repeated failure to pay

debts, untidiness, failure to collect mail from box, and dispatching mail sacks without locking them.

But with all the comedy still there are found those that convey sentimental loveliness. Lovely faces framed in lacy white with wavy bits of chiffon, blue, pink and silver ribbons adding touches of daintiness to a tiding of sincere love and friendship.

Mothers, fathers, husbands, sisters, brothers, girl friends, boy friends all share in the exchange today along with the sweethearts.

Some are silly, some funny and others just too, too sentimental, but always bringing the message of true devotion.

Telephone Girls Enjoy Valentine Frolic In Home

A jolly Valentine frolic was given by Miss Marie Griffin for the employees of the Southwestern Bell Telephone company's traffic department. Miss Marcella King was also a hostess.

The group met at the home of Mr. and Mrs. O. P. Griffin and enjoyed games of bunco throughout the evening. Comic Valentines furnished merriment when they were distributed and read aloud.

Inez Frizzell received perfume for high score at bunco and Elizabeth McCrary a heart-shaped box of chocolates for low.

Red and white were used in the party decorations and in the refreshments which were passed by the two hostesses with the assistance of Ann and Georgia Griffin, the following guests:

Mmes. Joe Clere, D. Davis, Mary Brothers, S. Mathews, Hollis Webb, Lena Carter; Misses Mary Louise Gilmour, Jane Sadler, Pauline Howie, Lois Tamplin, Elizabeth McCrary, Inez Frizzell.

RFC Report Shows Steady Recovery

WASHINGTON, Feb. 12.—Repayments on loans of various types received by the Reconstruction Finance corporation during December totaled \$94,128,106, compared with disbursements of only \$38,770,467, according to RFC's latest report to congress. Banks made repayments of \$23,139,563 during the month and received \$20,291,243, the advances being chiefly to closed banks to facilitate payments of dividends to depositors. Repayments from self-liquidating projects were \$29,867,200, from railroads \$16,600,000, mortgage loan companies \$4,388,490, insurance companies \$2,771,370 and building and loan associations \$154,957. Among the principal authorizations for loans in December were \$12,434,371 to drainage districts; \$13,751,964 for purchase of preferred stock of banks; \$5,419,696 for loans to industry and \$5,167,750 to assist in the ordinary marketing of agricultural commodities. As a result of its operations in December, the RFC showed a cash balance for the month of \$11,812,475, compared with \$2,837,948 on November 30.

Brother Of Former B'Spring Man Dies

Funeral services were to be held at San Antonio Wednesday morning, press dispatches announced, for Lake Robertson, 44, owner of a resort hotel at Kerrville, who died Tuesday after a long illness. He will be buried at Schulenburg Thursday.

Robertson was a brother of Will A. Robertson, Gatesville, formerly of Big Spring. Other survivors are the widow, two children, his father and step-mother, and another brother.

Baseball's Immortals Voted Places in Hall of Fame

Players and sportswriters voting in the poll to select players meriting places in baseball's hall of fame at Cooperstown, N. Y., could agree on only five men—although scheduled to pick ten—to represent the period from 1900 to the present day. Top choice was Ty Cobb (foreground), the "Georgia Peach," who set a staggering assortment of records in his stormy playing career with the Detroit Tigers. He received 222 votes, only four short of unanimous. The others chosen, left to right, were Babe Ruth and Hans Wagner, who polled 215 votes each; Christy Mathewson, next with 208, and Walter Johnson, fireball king, who qualified with 189. In the background is the memorial hall in Cooperstown where baseball's centennial will be celebrated in 1939. (Associated Press Photos)

AUTOMOBILE EMBRACES POLE, DRIVER KILLED

This is what happened when a speeding automobile came to a sudden halt against a telephone pole. The driver, Mrs. Ethel Dell le Grand, 29, was killed in the crash near Exeter, Calif. Authorities blamed excessive speed for the tragedy. (Associated Press Photo)

MRS. LONG ARRIVES TO TAKE SENATE SEAT

Mrs. Huey P. Long, widow of the slain Louisiana "Kingfish," shown with her party at the railway station, Washington, D. C., as she arrived in the capitol to take the oath as senator from her state. Left to right: Russell Long, Rose Long, Mrs. Noe, Palmer Long, Mrs. Long, and Gov. James A. Noe of Louisiana. (Associated Press Photo)

NIAGARA RIVER ICE JAM CAUSES EXTENSIVE DAMAGE

Cottages which line the lower gorge of the Niagara river from Lewiston, N. Y., to its mouth were crushed by the dozen by the great ice jam which filled the gorge from bank to bank. The river was more than 25 feet above normal level. (Associated Press Photo)

Leads Prison Break

James C. Morris, 28 (above), led three other convicts in a spectacular break at Frankfort, Ky. The quartet commandeered several cars in a dash for the mountains. (Associated Press Photo)

Her Slaying Solved?

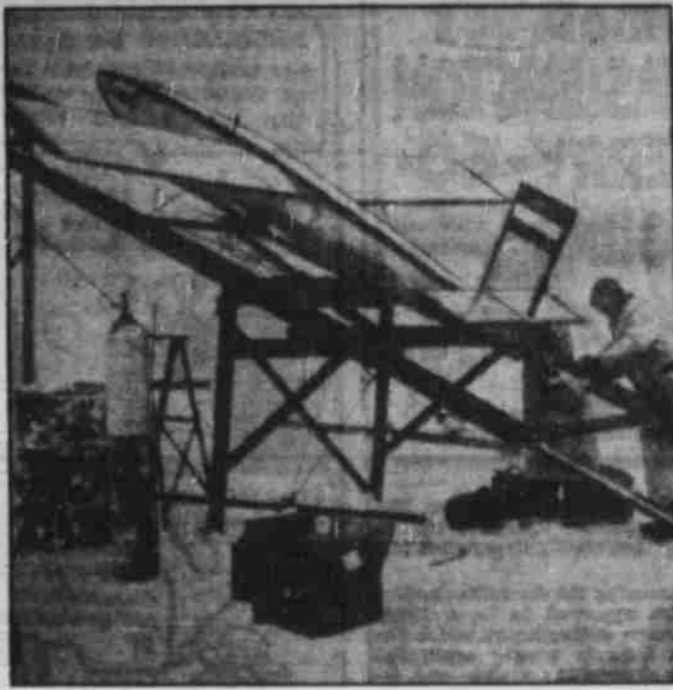

Police at Mineola, Long Island, grilled a retired police sergeant who trapped himself as a suspect in the 1933 mutilation slaying of pretty Mary Helen O'Connor, 18 (above), after volunteering to solve the crime. (Associated Press Photo)

Not a Stowaway

Miss Marion Trosper, Stanford university co-ed and daughter of a wealthy Oklahoma oil man, said she had gone aboard an Hawaii-bound liner to tell friends goodbye and was not a stowaway. She is shown upon her return as a first-class passenger. (Associated Press Photo)

ROCKET PLANE TEST FAILS

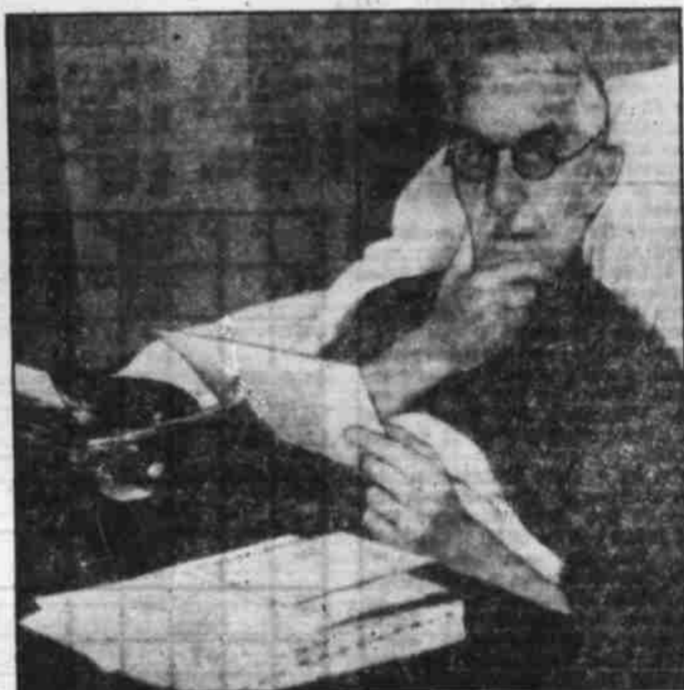

An attempt to fly a rocket plane with mail at 500 miles an hour across Greenwood Lake in New York, failed, but sponsors said they would try again. The plane is shown just before the attempted take-off. The ship shot upward 30 feet, then plunged into the snow, undamaged. (Associated Press Photo)

MAX BAER'S GIRL FRIEND WEDS

For a time it was predicted that Max Baer, former heavyweight champ, and Mary Kirke Brown would wed. He didn't and neither did Mary. However, after a rapid two-day courtship 'neath a Miami sun and moon, she became the bride of William Seymour, New York jewelry salesman. Here they are showing their love for the benefit of the cameraman. (Associated Press Photo)

TOWNSEND RECOVERS FROM COLD

Dr. F. E. Townsend, originator of the old-age pension plan bearing his name, shown in the Glendale sanatorium at Los Angeles, recovering from a chest cold contracted in Chicago. (Associated Press Photo)

WHEN THIS FALLS—LOOK OUT!

This giant mass of snow atop an electric light pole at Seattle, Wash., would be a pedestrian hazard, but there were few walkers in the 127-inch mantle of snow on the ground. (Associated Press Photo)

AUKERS GOLF IN FLORIDA SUN

Elden Auker, submarine hurler of the world champion Detroit Tigers, whose home is in Norcatur, Kas., and his pretty wife shows skimming up Florida's sun while they golf before the spring training season opens. (Associated Press Photo)

GUARDS EMANCIPATOR'S TOMB

Herbert Walls Fay (above), who has the world's largest collection of Lincolniana, has been custodian of the Civil War president's tomb at Springfield, Ill., for the past 15 years. He is shown with a favorite portrait of Lincoln. (Associated Press Photo)

To Gas Chamber

St. Valentine's day, Feb. 14, was fixed as the execution date for Otis McDaniel, 30 (above), in the lethal gas chamber at Colorado state prison, Canon City, for the murder of Sheriff W. W. Dunlap of Montezuma county. (Associated Press Photo)

Held As Slayer

Modesto Trujillo, 16 (above), confessed, authorities said, that he killed—and robbed—Carl Taylor, magazine writer, in his lonely cabin near Albuquerque, N. M., where he had been studying practices of a secret cult. (Associated Press Photo)

DAFFY HITS THE OLD BUCKET

Paul (Daffy) Dean, younger brother of the Dean & Deane St. Louis Cardinal pitching staff, caught milking a cow on his new 80-acre farm near Garland, Tex., admitted it was going to take "considerable more money" than he got last year to interest him in the 1936 flag chase. (Associated Press Photo)

THE STATE SCHOOL FUND

The state's financial affairs are causing school authorities some concern just now. The general fund is deep in red ink, so is the Confederate pension fund...

This state of affairs, curiously enough, has unpleasant possibilities for the schools. There are some Texans who feel that since the schools have more money than they need...

The question probably will be fought out in the legislative halls when the special session is called. It is not going to be easy for the schools to protect their fund...

By all means the larger apportionment should be kept in view as an objective toward which to strive. Whether this is the time for it, considering the condition of the state's finances, is another question.

★ Man About Manhattan ★

By George Tucker

NEW YORK—They tell me that most of the expatriates gathered on Paris' Left Bank are folding their cabanas and silently stealing away.

H. M. the Queen is, of course, our own Mabel Boll, who went to Paris and became the Countess de Porceri. They call her the Queen of Diamonds because she owns such a lot of them.

"Well, Countess?" "Well, it's only six years," she grins delightedly. "And do you remember six years ago?"

"Stop me if I'm wrong—Hoover was president, Walker was mayor, Roosevelt was governor, Wall Street was insane; and everybody was singing 'I Still Get a Thrill Thinking of You'."

"But since the designation of Huey's widow as his successor, the proposal has been dropped. The total \$2,500 will be paid."

The Pan-American peace conference being discussed secretly by the state department and Latin American diplomats would carry out the idea emphasized by the president in his message to congress...

"I remember also that Broadway was staggering like a clipped sleep-walker. Rockne had another undefeated team, everybody was making their own home-brew, and Babe Ruth was still poling out those fat home runs."

"Ah, ah, Countess, no embarrassing the columnist with technical questions!—Besides, I'm doing the interrogating. How does that title work in Paris?"

"Well, let me give you the unvarnished truth. In Paris when I desire last-minute reservations I telephone and say, 'This is the Countess de Porceri, and shall there be a table for seven at the 11 o'clock show?'"

"Well, when they give me that line, I say, 'Listen here, this is Mabel Boll and I want a table for seven! Tonight!... And they exclaim, 'Why, Miss Boll, but yes, but yes—come right down! Can you beat it?'"

I can't beat it and I say so, but the Queen of Diamonds goes right on talking. Everybody but the poet Richard Le Gallienne spends week-ends out of town because Paris is so dead.

More political minded than he, they were in a constant sweat that the famed international banker would make an unguarded remark which would hit the headlines.

"If you destroy (by taxation) the leisure class, you destroy civilization." At the time the statement was made, Morgan's uneasy associates said nothing to delighted newspapermen.

"I just wanted to make sure that Mr. Morgan's views were not misinterpreted." Townsend Voters Advise: SANTA CRUZ, Cal. (UP)—Under the California law requiring re-registering of all voters this year for the next presidential election, local Townsends are advising supporters to refrain from registering till plans for a new Townsend party are completed.

WASHINGTON—Professor Moley's "Committee for Economic Recovery" has finally spawned a real idea.

For months the committee's chief function appeared to be a Moley admiration gathering at which the ex-No. 1 brain trust expounded on the state of the nation—and, incidentally, boosted circulation and advertising of his magazine, "Today."

Now Allie Freed, financial father of the committee, has sold a new housing program to the president. This was behind Roosevelt's conference last week on the unexpended balance of the HOLC.

The president is sold on the plan one hundred per cent. He thinks it will mean the construction of a million private homes and the biggest building boom since the bull market.

Mrs. Roosevelt also is sold on the plan of making Allie Freed head of the new housing set-up.

To this end Allie had played his cards well. It probably escaped general attention, but Allie was one of those who recently accompanied Mrs. Roosevelt to her home project at Reidville, W. Va.

Furthermore, Allie has held out hopes that he might build a factory at Reidville to employ the homesteaders. If there is one thing dear to Mrs. Roosevelt's heart it is her Reidville homesteaders, and Allie Freed knows it.

And if there is one fault consistently entertained by the Roosevelt it is a perennial prepossession for colorful and charming personalities who cannot possibly fit into a smooth running piece of government machinery.

Hence the General Johnsons, the Peeks, the Jimmy Moffats, the Jimmy Warburgs, the Ray Mays and all the other new deal discards.

The 45-year-old Allie Freed is king of Paramount-Cable corporation, a New York taxicab company. He is an enthusiastic, sincere, vigorous Roosevelt rooster and deserves credit for concocting the new housing plan.

But as its prospective head, Allie is a risk.

The death of Senator Huey P. Long has focused attention on a little known fact—that for years the government has paid the bill for burying members of congress who die in office.

Ordinarily senate funerals cost about \$1,200.

Apparently Huey's hearsemen spared no expense—and then sent the bill to Uncle Sam. Chief item on the account is \$2,200 for a bronze casket. The balance is for flowers and incidentals.

Some members of the senate audit and control committee are indignant over the size of the expense statement, and there was talk of demanding that it be cut in half.

But since the designation of Huey's widow as his successor, the proposal has been dropped. The total \$2,500 will be paid.

The Pan-American peace conference being discussed secretly by the state department and Latin American diplomats would carry out the idea emphasized by the president in his message to congress...

The conference would rub home to Europe the idea that the New World nations, at least, can live peacefully together, and would attempt to strengthen political and economic ties between the Americas.

Some of the far-seeing gentlemen in the state department believe that during the next war in Europe, the United States must confine its trade almost entirely to Latin America. Certainly this will be true if American ships and war materials are to be withdrawn from European belligerent waters.

J. P. Morgan His two weeks appearance before the senate munitions committee was a pleasant and interesting experience for J. P. Morgan—as he cordially assured Chairman Gerald P. Nye upon its conclusion. But his partners were less enthusiastic.

More political minded than he, they were in a constant sweat that the famed international banker would make an unguarded remark which would hit the headlines.

"If you destroy (by taxation) the leisure class, you destroy civilization." At the time the statement was made, Morgan's uneasy associates said nothing to delighted newspapermen.

"I just wanted to make sure that Mr. Morgan's views were not misinterpreted." Townsend Voters Advise: SANTA CRUZ, Cal. (UP)—Under the California law requiring re-registering of all voters this year for the next presidential election, local Townsends are advising supporters to refrain from registering till plans for a new Townsend party are completed.

Borah Entry In Ohio Race Significant

Present GOP Leadership Will Be Submitted To Popular Test

By BYRON PRICE (Chief of AF Bureau, Washington)

There are special reasons why the dominant leaders of the Republican party are deeply interested, indeed, in Senator Borah's decision to enter the presidential primary in Ohio.

Ohio is a proud state in Republican tradition. This year it will entertain, at Cleveland, the national convention. It commands almost the largest bloc of electoral votes in that mid-western sector where many politicians believe the election of 1936 will be decided.

Against that background Mr. Borah proposes to submit to a popular test his demand that the present leadership of the party be repudiated by the rank and file.

Particularly, he asks for a popular verdict against the convention plans of the old-line leaders. These plans, as announced in the various states, contemplate the selection of uninstructed delegations in the east and mid-west, including Ohio, in sufficient numbers to hold the balance of power with respect to the nomination.

A Psychological Blow Suppose Borah wins his case at the hands of the Republican voters of that crucial state. What becomes of the plans of the leaders, morally and psychologically, and what becomes of their leadership?

The answer need not involve, except incidentally, the much-discussed question whether Borah seriously is a candidate, or whether he has any idea he can be nominated.

He has said quite directly that his first concern is the breaking down of the present leadership, which he regards as reactionary. That fits in exactly with his hesitant conduct, his determination not to go into states where he feels the sort of verdict he is seeking would be foreclosed.

His lingering progress toward an actual announcement obviously has not resembled the usual coyness of presidential aspirants. His tentative and cautious footsteps have been more like those of a wise pedestrian crossing an ice-covered street in traffic.

A candidate who expects to be nominated must go out after delegates wherever there is any outside chance of gathering in even a few. Mr. Borah has had long experience in politics, and must know the difficulties which stand between him and the nomination. He chooses to strike only where the psychological effect promises to be greatest.

Convention Possibilities Whatever the immediate effect of the Ohio venture, by way of forcing the hand of other candidates, it is the more remote possibilities of which the senator obviously is thinking. If he wins in Ohio, but has too small a total of delegates strength...

Coin Campaign Is Organized

Centennial Sale Will Finance Memorial Museum At Austin

AUSTIN, Feb. 11.—Organization plans for the Texas Memorial Museum Centennial Coin campaign will set up local organizations in thirty-one districts in Texas, it has been announced here by Beauford H. Jester, of Corsicana, general chairman of the coin committee. Proceeds from the Texas Centennial half-dollars will be used in building the Texas Memorial museum.

HERALD WANT-ADS PAY

One insertion: 8c line, 5 line minimum. Each successive insertion: 4c line. Weekly rate: \$1 for 5 line minimum; 3c per line per issue, over 5 lines. Monthly rate: \$1 per line, no change in copy. Readers: 10c per line, per issue. Card of thanks, 5c per line. Ten point light face type as double rate. Capital letter lines double regular rate.

CLOSING HOURS: Week Days 11 A.M., Saturday 4 P.M.

No advertisement accepted on an "until forbid" order. A specific number of insertions must be given. All want-ads payable in advance or after first insertion. Telephone 728 or 729

REAL ESTATE 46 Houses For Sale 46 FIVE rooms, bath, hardwood floors, \$1600. Newly painted. Apply 2204 Runnels or write box 452, Big Spring.

Peace Conference Is Being Planned WASHINGTON, Feb. 12 (UP)—A conference of all western legislative governments to solidify peace machinery on the two continents probably will be called for this fall, it was reported reliably today.

Preliminary plans have been made and president Roosevelt, it was stated, probably will issue invitations as soon as Paraguay and Bolivia have officially resumed diplomatic relations.

State department officials declined to comment upon the plans but there was no authoritative denial. Several governments have been "sounded out" on the proposition.

to make him a serious contender for the nomination, what will be his role in the convention? Many guesses are possible, but the circumstances keep bringing back to mind a scene in another national convention many years ago. At Baltimore, in 1912, the leading candidate in a deadlock was Champ Clark. In a single dramatic speech, William Jennings Bryan blasted forever Clark's vision of the White House. The burden of that speech was that Clark had the support of Wall Street.

It is Borah preparing, similarly, to assume the mantle of spokesman for the rank and file, so that he can upset the chances of some other candidate? And if so, what can...

CONGRATULATED by Gov. James V. Allred upon their work thus far, the conciliators were to confer with D. P. Trend, regional director of rural rehabilitation for Texas and Oklahoma, and elect a permanent chairman. R. J. Murray, Dallas, presided.

Chapter Three
ENTER FRANKIE

"Sorry, Dad," Bobby broke in, speaking cheerfully and breezily as was his habit no matter what the subject. "Not my fault this time. I was keeping guard over a corpse."

"You were what?"

"Keeping guard over a blighter who stepped over the cliff. You know—the place where the cismas, by the seventeenth tee. There was a bit of mist just then, and he must have gone straight on and over."

"Good heavens," cried the Vicar. "What a tragedy! Was the man killed outright?"

"No. He was unconscious. He died just after Dr. Thomas had

by found himself looking at the sole other occupant of the compartment.

It was a first-class carriage and in the corner facing the engine sat a dark girl smoking a cigaret. She had on a red skirt, short blue jacket and a brilliant blue beret, and despite a certain resemblance to an organ-grinder's monkey (she had long, sorrowful, dark eyes and a puckered-up face) she was distinctly attractive.

In the midst of an apology, Bobby broke off.

"Why, it's you, Frankie!" he said. "I haven't seen you for ages."

"Well, I haven't seen you. Sit down and talk."

Bobby grinned. "My ticket's the wrong color."

"That doesn't matter," said

neby general's office are trying to work together—they have not done in the past. As a result, enforcement is really effective."

McCooy says he has melted, among other metals, the tungsten

carbide, indicating the furnace develops well over 4,000 degrees Fahrenheit.

He is confident the apparatus will be adopted by industry to replace coal and oil for heating factories. He says that for \$25,000 he can build an ore smelting plant equivalent to present-day smelters costing \$100,000.

Visions Auto Power

"It sounds fantastic," he said, "but I think the motorist of the future may drive up to a service station and, instead of buying gasoline, exchange the battery of his

electric automobile for one that has just been charged by a solar furnace generating plant."

Undertakers are already consulting the inventor on the possibilities of using the device for cremation of bodies, their idea being that cremation by sunlight has a certain poetic appeal.

As a test, he placed a two-pound rabbit on the "hot spot." It vanished in smoke after two minutes under the concentrated sunbeam.

Steel Melted By Harnessing Rays Of Sun

Invention Produces 4,000 Degree Heat, Says Californian

LOS ANGELES, Feb. 11. (UP)—H. E. McCooy, bald Los Angeles inventor, gingerly held a steel plate in front of a beam of his "concentrated sunlight" and chuckled as the ray promptly melted a hole through the plate, the molten metal dripping down like melted butter.

He waved triumphantly at a huge revolving battery of 60 mirrors which was focusing the bright California noon-day sun into a beam some 4,000 degrees Fahrenheit in temperature.

"We'll run all our factories with 'sun power' through outfits like this some day," he declared. "Give me the capital to build one eight times as big as this one, and I'll make the sun generate enough electricity to light a city of 80,000 population."

McCooy's invention consists of three panels, each holding 20 curved slabs of silvered window glass. They tie up or down and run on a circular track, following the sun's path from east to west. The sun's rays are kept aimed constantly on a fire-brick oven 15 feet away.

All the sunlight striking 60 square feet of mirror is concentrated on the small target, raising the temperature to approximately half the terrific heat of the surface of the sun itself.

McCooy says he has melted, among other metals, the tungsten

carbide, indicating the furnace develops well over 4,000 degrees Fahrenheit.

He is confident the apparatus will be adopted by industry to replace coal and oil for heating factories. He says that for \$25,000 he can build an ore smelting plant equivalent to present-day smelters costing \$100,000.

Big Problem Before World Naval Parley

Delegates Turn To Task Of Limiting Size Of Battleships

LONDON, Feb. 12.—Naval conferees of the United States, the British empire, France and Italy prepared today for the most important problem of their meeting—the limitation of battleships, the floating fortresses to which all other fighting ships are auxiliaries.

So divergent are views of the anxiety as to what Japan and Germany may do, that a special meeting is to be held to discuss the problem.

Japan left the conference because its demand for equality with the United States and Britain was not conceded. Germany was not invited.

America's delegates want to limit ships to 35,000 tons, with 14-inch guns. The French and Italians, particularly, want to limit battleships to 25,000 tons if possible, with 13-inch or even 12-inch guns.

But everything depends on what Japan and Germany may do. It is understood the Americans are unwilling to make any agreement that is not contingent on Japanese adherence within the present calendar year. France is anxious about Germany as regards all classes of ships.

A drafting committee was to meet today to put into concrete form an agreement reached by a technical sub-committee for limiting tonnage and gun calibers of all categories of warships except capital ships.

The draft is expected to provide for six-year agreement beginning Jan. 1, 1927.

A principal feature is an agreement for a naval holiday on construction of 10,000-ton cruisers with 8-inch guns. This is a big concession by the United States, which needs cruisers big enough to

be able to cruise for long distances. It was agreed aircraft carriers should be limited to 2,000 tons and guns of 8.1-inch caliber.

Operates Bureau To Smooth Out Domestic Rows

TOLEDO, Feb. 11. (UP)—Three weeks ago, A. D. Grigby began giving weekly lectures on marriage, at night school in the University of Toledo.

Today, Grigby sits at the desk of his new "Marriage and Family Counseling Bureau." It's a full time job, now, the culmination of the growing popularity of his courses, given in the university's basement chemistry lecture room.

The bureau's outlook is promising, for on the first day, three perplexed persons brought marital problems to him for advice. Grigby, affable, roly-poly and bald, indignantly refuses the suggestion that his is a match-making bureau. One gets advice, not husbands and wives in his office, he says.

The bureau, he says, is operated like a legal or medical office. The client reveals his problem, and attempts to untangle the knot.

"Grigby's father was a 'marrying parson' and that's the source of the whole affair. Some of the thousands of unions his father formed didn't endure, and that worried the parson."

"Frequently dad used to say to me, 'Son, I wonder what's wrong with all these people.' Grigby explained: 'I couldn't answer him then, but I resolved to find out.'"

"Three years ago I started the marriage class at night school. Now, there are hundreds of people who are having trouble before, during and after marriage. I decided, after studying the question for a number of years, that I was in a position to help them. So I opened up the bureau."

Sidney Claiborne of Fort Worth, district supervisor for the Frigid-Aire corporation, was a business visitor in Big Spring Wednesday.

Funds Sought For Canal And Dam Projects

Army Engineers Favor Continued Work On New Deal Jobs

WASHINGTON, Feb. 12. (UP)—The army engineering corps was disclosed to have recommended federal expenditure of \$21,000,000 to finance 1936-37 construction of Florida's ship canal and Main's ocean tidal power dam, two of the most ambitious projects started by the new deal's work-relief program.

The ship canal, cutting across the state to connect the Atlantic ocean with the Gulf of Mexico was recommended to receive \$12,000,000 for construction during the twelve months after July 1. The project already had been allotted \$3,300,000 with \$18,000,000 required for completion.

Passamaquoddy, a plan to trap Atlantic ocean tides at their height and create power as they fall, was recommended for \$9,000,000. A total of \$7,000,000 had been given that project, with another \$36,732,000 required to complete it.

In all, the engineers sought \$129,000,000 for the next fiscal year. That figure was recommended by President Roosevelt in his budget message to congress.

Five projects started with relief funds were recommended for \$39,000,000 from regular appropriations. In addition to the \$21,000,000 for the Florida and Maine work, they were: Sardis reservoir, Miss., \$2,500,000; Conchas dam, N. M., \$3,200,000; and Bluestone reservoir, W. Va., \$2,000,000.

The other \$100,000,000 was recommended for three groups of projects, along with the totals estimated necessary to complete the developments, including:

Projects authorized by congress on which work has not yet been placed underway, but highly desirable in interests of navigation:

Galveston harbor, Tex., \$234,000, \$354,000.

Former Resident Dies In Angelo

Word has been received here by Mrs. A. S. Woods of the death of Mrs. Phillip Blanck in San Angelo Monday. Mrs. Blanck, a former resident of this city, has resided in San Angelo with her husband for the past nine years, moving from here to join their son, Jake Brown, in the operation of a tourist camp. While here they owned and operated the garage building just south of the Ritz theatre. Funeral services were held in San Angelo Tuesday afternoon and the body shipped to Victoria for burial.

Miss Fleeman Is Married To Chicago Man

Georgia Belle Fleeman was married to Carl Landress of Chicago, Ill., Saturday night at Carlsbad, N. M. The ceremony was read by the pastor of the Methodist church.

Sunday evening the couple came through Big Spring enroute to Sylvestor, where both teach, and visited with parents of the bride, Mr. and Mrs. G. E. Fleeman. The members of the First Methodist league, hearing of their arrival, paid them a visit in a body. The bride was an active member of that group during her residence here.

Mrs. Landress was reared in Big Spring and was graduated from the local high school in 1932. She finished her college work at C.L.A., Denton in three years, majoring in home economics.

This fall she went to Sylvestor to teach home economics and has since then taken over the extension work of the school teaching night classes in addition to her school program.

The groom is teaching his first year also. He is football coach of the Sylvestor high school and principal of junior high.

The couple returned to Sylvestor Sunday night.

Tulsa Man Will Talk Here Tonight

John Allen Hudson, Church of Christ minister at Tulsa, Okla., and a staff editor of the church paper, The Gospel Advocate, will speak at the local Church of Christ at 7:30 this evening. It was announced today by Forrest R. Waldrop. The public is invited to attend the meeting.

Panhandle Due For A Cold Wave

This section of West Texas was enjoying spring-like weather Wednesday, but the balmy spell was due to be short-lived. Forecasts indicated another cold wave was on the way.

It was due to strike in the Panhandle tonight, where snow, with temperatures of from 12 to 18 degrees was predicted. Livestock warnings were issued for the Panhandle and for the northern portion of East Texas. In the latter section rain changing to sleet was forecast for tonight.

Association Shows Loans Of \$20,000

Loans of \$20,105.48 were shown on the monthly report approved Monday by directors of the First Federal Savings and Loan Association.

Other items shown by the report was a cash balance of \$7,443.32. Sixty-eight shareholders have paid in \$11,662.37, the amount being supplemented by federal subscriptions totaling \$16,000.

Friday Fixed As A School Holiday

Friday was approved as a holiday to call city school Tuesday evening by the school board in its regular meeting. The move was made to allow teachers to take part in the West Texas Teachers meeting Friday at Lubbock.

J. M. "Speedy" Moffett was elected to the coaching staff to assist George Brown. Miss Lurline Paxton and Mrs. Jewel Isbell were elected to the teaching staff. Miss Paxton is a teacher in the north ward school while Mrs. Isbell is a high school teacher.

University Credit Corp. Ford touring car.

Lecture On Fingerprinting Given At Lions Club Session By L. A. Eubanks

There are two classes of people who sincerely believe in the accuracy of fingerprinting—the police and the criminal, L. A. Eubanks, manager of the Retail Merchants' bureau and special officer, told Lions Wednesday.

Eubanks, who for a long while was the only fingerprint expert between Fort Worth and El Paso, explained how an innocent touch of the hand on some smooth article could place a criminal in prison. He exhibited print enlargements collected on local cases which have resulted in the imprisonment of culprits.

Identification is made possible by means of "identification points," of which there may be more than 100 to a single print. If as many as 10 of one print correspond to another, the chances are one billion to 10 that the prints were made by the same person, he disclosed.

He demonstrated his lecture with large charts drawn from prints involved in local cases. He showed that there were nine different types of prints ranging from the "accidental" or freak print to the common "plain loop," which occurs in 80 per cent of the cases.

The slightest touch to a surface will leave a print, said Eubanks. He demonstrated by dusting a plain piece of paper with print powder and plain prints appeared. On a criminal case, the prints are classified and an inquiry sent to Washington where 7,000,000 prints are on file. Within a minute's time a report is forthcoming on the print if it has ever been filed at the capital, he declared.

Eubanks cleverly climaxed his address by demonstrating how a print might even reveal the character of the author. He photographed a print made by the president of the club and in a moment's time turned out several prints of the president's portrait.

Feb. 28 was announced as the date of a ladies' night social. March 12 a zone meeting will be held here with Colorado, Midland, Snyder and other clubs participating.

Entertainers To Be At Club Here Tonight

Novelty numbers by Jack and Thelma March will be presented in connection with the regular dance at the Cottonwood Klub this evening. It has been announced by J. E. Vandeventer, who has acquired an interest in the place.

The entertainers are stopping here en route from California to Florida.

FISCHER HERE

Raymond W. Fischer, formerly station manager here for American Airlines and now stationed at Fort Worth, is in Big Spring for a short visit.

F. L. Danner Is In Marshall Hospital

Mrs. F. L. Danner returned Wednesday from Marshall where she accompanied Danner, who is confined to the T. & P. hospital with an attack of sciatic rheumatism. She said that he weathered the trip very well and his condition was practically unchanged. Danner was confined to his home here two weeks before he was taken to Marshall.

Welfare Lectures Here Are Cancelled

A series of lectures by Dr. Jack Johnson, Dallas, public welfare consultant, scheduled for Friday, Saturday and Sunday in Big Spring has been cancelled, Mrs. Ora Wood, district relief administrator, said today.

Work Started On Knott Highway

Work on the Knott highway No. 9 road project was started Tuesday. WPA district officials announced.

Calleche base will be placed on 5.5 miles of the road which will connect Knott with the main highway.

Another road job in Glasscock county just over the Howard county line is going steadily forward.

Wednesday the first NYA job in this WPA district was officially opened. The youths are to develop the roadside park sponsored by the state highway department. As yet there are hardly enough young men registered in the entire district to supply the need on the one job in this county.

Bomber Crashes, Men Are Unhurt

ATLANTA, Feb. 12. (AP)—A plant army bomber was demolished in a crash today when a motor faltered over dangerous terrain—16 miles southwest of here.

Four aviators aboard, en route to the Panama Canal zone, jumped in parachutes and suffered only minor bruises and scratches.

Now Don't Forget

Exactly what you care to know about winter gasoline

No gasoline can start up any quicker than it vaporizes. You know how heat makes vapor, but it's something different to get up a vapor in winter cold. The special winter blending we have carefully worked out for Conoco Bronze makes it vaporize even when a carburetor is sucking in the coldest outside air you'll find in the U.S. With this high-explosive vapor and any kind of spark, only one thing can happen—a good fast start.

When you absolutely know this about a gasoline you know why to choose it for a

time like February around here. The biggest reason in your mind for getting Conoco Bronze this weather is its easy starting. Yet it is not like those "winter-type" gasolines that cut down on full mileage. With your Winter Blend Conoco Bronze you can count on the whole ball o' wax—no shortened mileage—no hit-or-miss getaway—no long-time choking that ruins your oil and mangles your engine—no starting or battery worries. You can just put all of that down. Continental Oil Company, Established 1875
