Helen Poe, In Benefit Lecture For League, Delights Audience

Helen Poe, world traveler and international lecturer, delighted a representative area audience with a benefit lecture sponsored by the Civic League and Garden Club at Eastland High School Auditorium Tuesday night.

Mrs. Horace Horton, first vice president and program chairman of the Civic League, introduced Miss Poe, a graduate of SMU, who continued her education through graduate work at Columbia University and The Juillard School of Music in New York City as well as through extensive world travel.

Of unusual charm and personality, Miss Poe, whose speech was both serious and witty, captivated her audience as she took them on a word sky voyage across the States and the Atlantic, drove her car all over Ireland and England; crossed the channel to the continent, visited Holland, the Hague, Amsterdam, Dusseldorf, the Rhine River, Cologne.

She drove from Germany to Luxembourg, then to France noted for its cathedrals and delicious food; Spain, and the gay country of Portugal, Tangiers, into Morocco and back to Tangiers, by the Rock of Gibraltar, on boat eight days and the thrill of straining the eyes to see and finally seeing through the fog — the Statue of Liberty in New York Harbor and all that it signifies made sharper after having seen some of the old world's poor people.

"All Americans Are Rich," title of her talk, was the comment she heard in every language in every country she visited.

Miss Poe told of the dreadful poverty of the people in some of the places she visited; of life in America in contrast and concluded that this country, so blessed, must pay the price of ingratitude from some of the less fortunate because it is morally and spiritually bound to help its needy neighbors.

Dist. Scout Leader School Plans Listed

The University of Scouting, conducted semi-annually for all leaders and other interested persons in the Boy Scouts of America, will be held at Cisco in the First Presbyterian Church beginning March 5.

Other meetings will be held March 12, 19, 26 and April 12. Each meeting will begin at 7:30 p.m.

Dr. Chief Brown, Cisco, chairman of Leadership Training in the North District of the Comanche Trail Council, will serve as director of the training courses.

"This is a five-night training program in all three phases of Scouting and will be of particular help to those working in Cubbing, Scouting and Exploring," stated Dr. Brown.

These courses are national accredited and certificates will be issued the leaders completing their work.

"This opportunity provides our leaders with the best instructors in our area and we are most anxious that all committee members, den mothers, interested parents and unit leaders avail themselves of this experience," stated local Scouters.

Reservations to attend one of the three courses, will be received by Dr. Brown through Monday noon.

All sponsoring organizations responsible for Scouting units are urged to have representation in this training program.

AROUND the TOWN

By Fay

Hope you heard the P-TA Study Club program this morning and attended the Hospital Auxiliary meeting; then tonight go to the "Story - Telling" class at the Woman's Club at 7 and to the Band Boosters Club at 7:30 (if you can manage both you are good)...

Take your children, by all means, to "Story Hour" at the Woman's Club at 10 a.m. Saturday — all of them from 3-years-old through the fifth grade.

They will enjoy hearing MRS. TOM WILSON tell stories, we know, and then, mothers, you can march right on down to the Zeta Pi bake sale, south side of the square, have yourself some coffee and some of MRS. JOE SPARKS' famous homebaked breakfast rolls or pie or whatever you like with your coffee — and, incidentally, while there, you may select pies, cakes, cookies, candies and/or loaves of bread, all homebaked by the culinary artists of Beta Sigma Phi.

And not so incidentally — you will be helping the Little League, for Zeta Pi has designated March and "Little League Month." This bake sale is the "kick-off" on their list of events — Proceeds will be used for the Little League concession stand.

Speaking at the "Reporters Training" meet Wednesday afternoon on "How to prepare copy for the newspaper editor" it was nice to again be with the women from over the county, to extend to them a hearty welcome to send their news to our county and paper and to express heartfelt appreciation to them for their having done this so faithfully the past year!

Mark on your calendar — March 15 at 10 — EHS senior class play "Girl Crazy" because it is going to be hilariously funny!

We want to watch our young people in their theatrical roles; they are rehearsing faithfully for us!

Mrs. J. C. Whitington, president, presided at the business session and Mrs. Ed Sargent, vice president and program chairman, introduced the speaker, Mrs. Herwick.

Refreshments of cakes, cookies and nuts were served by Sue, assisted by her mother, to the above members and the sponsor, Mrs. F. L. Drago.

"SWEET SIXTEEN"—BeeAnn Gilchrist of Abilene, former of Eastland, had a birthday Wednesday, Feb. 29, and she is 16, though she has had only four birthdays to date because of a leap-year baby. She moved to Abilene from here five years ago the past September with her parents, Mr. and Mrs. Bob Gilchrist. She has one sister, Jane, 13. The 16-year-old young lady of only four birthdays is a niece of Mrs. P. A. Wheeler of Eastland. (Art courtesy Abilene Reporter News.)

Mrs. Herwick, Co. Council P-TA Head; Mammals, Papas, Children Appear on S. Ward P-TA Program

Mammals, papas and children appeared on the South Ward P-TA Founders' Day program Tuesday afternoon at the school.

Mrs. M. W. Herwick of Ranger, president of Eastland County Council of Parents and Teachers, was the guest speaker. She gave the importance of the P-TA and summarized its work and achievements.

First Event of Zeta Pi 'Little League' Benefits Is Bake Sale South Side of Square Saturday

Zeta Pi chapter of Beta Sigma Phi, having designated March as "Little League Month," has endeavored a bake sale to "kick-off" the Little League.

The bake sale will begin at 9 a.m. Saturday in the old King Appliance building, south side of the square and will last until these culinary artists have sold their wares—which might be before 5 p.m.

There will be pies, cakes, cookies, candies and loaves of bread, all homebaked, of course.

All morning Saturday the Zeta Pi's will be serving homemade rolls, pie by the slice and other delicacies, together with coffee, and they invite people to have coffee with them during their breaks and while there, should they care to do so, they may select their bread or dessert for Sunday.

Mrs. Joe Sparks is chairman of the bake sale, assisted by Mrs. Larry Kinard and Mrs. P. E. Ervin, though all the members of the chapter are helping by baking their "very best" receipts for the sale.

The chapter's next event will be a chicken fry March 9 with

visits in the CHANEY HOME.

Mrs. Joe Jones of Dallas, formerly of Eastland, is visiting in the home of Dr. and Mrs. W. E. Chaney.

HERE FROM KERMIT

Mrs. E. C. Harkrider of Kermit is visiting her brother-in-law and sister, Mr. and Mrs. Allen D. Dabney.

Mrs. Don Doyle as chairman, assisted by Mrs. Bill Arther and Mrs. Jack Horn. Then March 17 the Zeta Pi's will make pins to be sold, with Mrs. A. L. Gallagher as chairman, assisted by Mrs. R. S. Higgins and Mrs. Jerry C. Carter.

The date for the benefit ball game the chapter will sponsor will have to be reset because of a conflict of dates but will be played by two local organizations the latter part of the month. Mrs. Willis Moore is chairman of this contest, assisted by Mrs. Norman Guess, Mrs. R. M. Sneed, Mrs. James Hendrick of Cisco.

All proceeds from these events will be used toward providing a Little League concession stand.

County Unit of American Cancer Society To Be Organized Here

A county unit of the American Cancer Society will be organized in Eastland County, it was decided at a meeting of women from over the county Wednesday morning at the home of Mrs. Joseph M. Perkins of Eastland, a member of the national service committee of the American Cancer Society.

Plans were made to organize the unit at a meeting to be held at 8 p.m. Monday, March 19, at the Texas Electric conference room in Eastland. Letters are now being prepared to send to persons over the county who would form a nucleus for this unit.

Dr. W. P. Watkins of Ranger, president of the Five-County Medical Society, will give the welcome address at this meeting and Miss Joan Daniel of Fort Worth, field representative of District 13, American Cancer Society, will explain the work. Every doctor in the county is invited. The unit will select a county Crusade chairman for the annual crusade in April, which probably will be conducted along the same successful lines as in previous years.

At the meeting at Mrs. Perkins' home, Miss Daniel explained that there is a job for every person who would like to do something for the cancer program. "The educational campaign is most important," she said, stressing the educational programs for schools, businesses and the homes.

Of particular interest and inspiration was Miss Daniel's story about a county unit being organized recently at Anson. After Miss Daniel and Mrs. Perkins had told the purpose of the county unit and the value of its functioning in a community, Mrs. Perkins served coffee and Southern Coffee cake from her tea table in her solarium.

Attending the meeting Wednesday to lay the groundwork for the unit to be organized March 19 were Mrs. T. C. Wyllie and Mrs. Roscoe Hopper, both of Ranger; Mrs. H. H. Williams and Mrs. Horace Lane, both of Desdemona; Mrs. E. E. Todd, Gorman; Mrs. A. Louise Weber, Rising Star; Mrs. John Love, Cheaney; Mrs. Minnie

Mae Hart of Eastland, County Home Demonstration Agent; Mrs. E. Roy Townsend, vice president of the Five-County Medical Auxiliary; Mrs. Arthur Murrell, Mrs. Floyd W. Casebolt, Mrs. Don Doyle and the hostess, Mrs. Perkins, all of Eastland, and Miss Daniel of Fort Worth.

Groupings For Draft Listed By Authorities

Official advice has been mailed to Texas draft boards by state Selective Service headquarters which direct the boards to divide files of all 1-A men into six groups in the new order of calling men up for service.

This directive will cause younger men to be taken and virtually will relieve fathers and men above age 26 from chance of being drafted, as long as service quotas are as low as they are, Colonel S. Schwartz, state Selective Service director, said.

Here, it was announced, is the way draft boards will divide the 1-A files in the new order of liability for service:

The first liable group: Draft delinquents who have reached 19, with the oldest being selected first.

The second liable group: Volunteers up to the age of 26, in the order in which they have volunteered.

The third liable group: Non-volunteers 19 through 25 who do not have a child, with the oldest being selected first.

The fourth liable group: Non-volunteers 19 through 25 who do have a child, with the oldest being selected first.

The fifth liable group: Non-volunteers 26 or above, with the youngest being selected first.

The sixth liable group: Non-volunteers between 18½ and 19, with the oldest being selected first.

Colonel Schwartz pointed out there will be hardly any in the first liable group because there are not many delinquents. He said that 29 per cent of inductees in December and January were volunteers and predicted at least that percentage, if not more, in the months ahead.

Colonel Schwartz said that the majority of inductees would now come from the third liable group, consisting of single and childless married men. He said that, without a doubt, calls would be filled from this group and the volunteers.

He predicted that, unless calls go much higher, no one in the fourth, fifth, and sixth liable groups would be drafted.

The new draft regulations will operate to take younger men into service, but not the youngest on the draft rolls, Colonel Schwartz said.

SWEET ARRANGEMENT—If you have a nice taste in flowers, you'd enjoy this floral offering. Blossoms of sugar and a vase of almond paste are placed on display at a pastry and confection show in Paris, France, by master confectioner Jean DeBlieux.

Gorman Soldier Prevents Huge Fire, Fort Ord

A possible million dollar fire was averted one night recently when a Fort Ord, Calif., sentry—Gorman—discovered flames leaping from a clothes hamper in the post quartermaster laundry. The quick action of Private Cecil J. Collins in summoning fire fighting equipment to the scene saved the laundry from extensive damage.

Colonel Clark A. Barker, Fort Ord Quartermaster, estimated the damage at \$276. The fire apparently started when the heat from a huge safety pin, used to tie laundry together, caused spontaneous ignition in a clothes hamper.

Collins spotted the fire while walking on guard duty at the laundry. Seeing flames through a window, Collins ran to the nearby military police booth and called the post fire department. The Fort Ord fire department quickly extinguished the blaze.

According to Fire Chief Frank B. Ernst, Collins' quick action averted a major disaster. Had the blaze not been discovered a million dollars worth of damage might have occurred.

Collins, son of Mr. and Mrs. Henry A. Collins, Route 2, Gorman, is currently undergoing advanced basic training with Tank Company, 1st Infantry Regiment at Fort Ord. He was commended for his action by Colonel Barker, Fire Chief Ernst and Colonel A. E. McCormick, commander of the 1st Infantry Regiment.

The 22 year old private is married. His wife, Peggy, resides in Gorman.

Most Popular Father is Gastronomic Gardener

Of all the recreations which can be enjoyed in a modern backyard, dedicated to family use, the most rewarding for a man is vegetable gardening.

Don't scoff at the idea that growing vegetables is relaxing. Thousands of new home owners have found it the ideal hobby for an office man.

Women enjoy the decorative side of gardening, lighting in floral color schemes and landscape effects. Men get their greatest satisfaction from watching a seed which they have sown develop into a mature plant. Those perfectionists are a tribute to their skill.

The whole family shares the enjoyment of the vegetables from the home garden.

Men tend to specialize on one kind or group of plants. Some grow dahlias, roses, or gladioli, but for most the vegetable garden has the greatest appeal. This produces well-balanced family team-work, father growing food and mother ornamental plants. Specialists may aspire to the largest tomatoes, the sweetest sweet-corn or the finest melons in the neighborhood. But the largest group have the gourmet's approach to gardening. They are connoisseurs, for whom Albert C. Burrage of Ipswich, Mass., has written a manual, published by D. Van Nostrand & Co.

They are men who guard their taste buds and have learned, as Mr. Burrage puts it: "There is nothing like home-grown vegetables. Until you have eaten these wonderful delicacies you cannot believe that they actually exist." Strong words, but fully justified by the facts which Mr. Burrage has assembled.

Most important advantage which the "gastronomic gardener" enjoys is that of freshness in his vegetables. Flavor depends on freshness and the degree of maturity at which the height of tenderness and flavor are combined. Practically all vegetables begin to lose flavor the moment they are harvested. Sweet corn

and peas, for example, must be cooked within minutes after picking to be at their best. Even potatoes, newly harvested, have a special flavor which is soon lost after they are dug.

The only way to get really good vegetables is to grow them in your own garden so near the kitchen that they can be cooked garden fresh and served at the peak of their flavor.

The whole family shares the enjoyment of vegetables harvested in the home garden. Children appreciate top flavor and tenderness as much as the parents do, and never have to be coaxed to eat vitamin rich foods, which taste so good. As for the cost of this hobby, it actually saves money. To grow the family vegetables takes less time than to shop for them in the market.

Try this, men, before you turn the back yard wholly over to other uses. No other hobby could make you so popular with the family. To quote from Richardson Wright's foreword to the Burrage book: "The gastronomic gardener is the finest flower of family life. . . . Only among a circle of off-spring and friends can he truly display his taste and the fruits of his horticultural skill."

Five Local Members and Adult Attend Y Conf., Wichita Falls

Over 500 young people representing 13 West Texas cities attended a two-day district meeting at Midwestern University in Wichita Falls over the week end. The meet was held under auspices of the Southwest Area Council of the YMCA.

In following the theme, "World Peace Through World Fellowship," delegates attended discussions on problems such as family relations, Christian emphasis, program planning, narcotics and alcohol, and club organization.

Assembly programs consisted of devotionals, group singing and speakers of note. A talent show, a sports festival, recreation and a general election were also part of

the agenda. The conference ended with an impressive rededication service Saturday night.

Graham Says Publicity Will Cut His Ministry Short

By George Burnham
Chattanooga News-Free Press,
Staff Writer

OSAKA, Japan — Billy Graham intended to talk on evangelism but never got around to it. About twelve hundred missionaries from every city and village in southern Japan were gathered at Osaka to hear the young preacher most of the missionaries had prayed for but few had seen. A large majority of the missionaries were from America.

Billy announced his text and then started talking about something else. It was very informal. He was among home folk who loved God enough to leave their loved ones for Him.

"Bless your hearts. You should be preaching to me. Your devotion and sacrifices have been far greater than mine." He told them that great crowds that came to hear the Gospel of Christ in Great Britain, Europe and India.

And then he said: "I want to tell you something that I haven't told others on this trip around the world. I feel tonight as if my ministry is going to be very brief. My name has appeared in too many newspapers. It has been placed on too many posters. There has been too much praise given to a man and the Bible says God will not share His glory with any man."

He added, "If there are any newspapers in heaven the name of Billy Graham will not be on the front page. Headlines will be about some unknown missionary back in the jungles who has been faithful."

After telling about the big crowds attending the meetings he discussed some of the reasons for his unusual ministry. He said: "The Number One thing has been prayer. People around the world have prayed. God answers prayer. The great need on the mission field today is not a new method or more money even though we don't give enough. The big need is more prayer from folks at home. They should join you in saturating the work with prayer."

"The second reason for our success has been the power of the Holy Spirit. A human being can take another just so far toward heaven. God's spirit must do the rest. All of us need to be filled with the Holy Spirit. There were only 120 people at Pentecost but they went out and shook the world in one generation. We have more of everything than they had, except one. They were filled with the Holy Spirit."

"The message is important—not the messenger. The trouble with many preachers today is that they are too proud to preach the simple Gospel that people can understand. I used to be too proud myself. I have found that I cannot win anybody for Christ unless I preach about the cross on which He died. There is a power in no other place in the Bible. And I have found that I must preach the resurrection. Christ didn't stay in the grave. He rose again. I worship a triumphant, living Christ. Some of us Christians go around with long faces as if we are at-

tending a funeral.

"Another thing that revolutionized my ministry was the day I accepted the Bible as God's inspired word. Back in 1946, '47 and '48 I had doubts about some parts of the Bible. And when I preached I had no power. I fell on my knees and told God I was going to get out of the ministry unless I found a message with power. From that day I have accepted the Bible as God's inspired word to man and have preached it with authority."

"These are unusual days. The Spirit of God is moving across the nations of the world in a way never before seen. It is easier to talk with people about Jesus Christ today than any time in living memory. I wouldn't trade places with the Apostle Paul or any of the others who lived in the past. This is God's hour for the church. Let's be faithful to the task God has called us to do."

He seemed to be a different Billy Graham as he talked with the missionaries. Maybe they can hear the address or evangelism on his next trip around the world... unless his ministry is cut short.
