Eastland Echoes

By Casey

THOUGHT FOR PUBLIC SCHOOLS WEEK: "Education is the apprenticeship of life." — (Wilmott).

Journeying out to Eastland High with Rotary yesterday, we grew to thinking about what Eastland produces. Obviously, the greatest thing it produces is its boys and girls, and, therefore, the schools are our most important "factories," as they turn out education for them — that far, at any rate.

They should all take a deeper look at our schools. Which leads to this thought: Have you visited the schools this Public Schools Week? If you haven't, be sure to drop by Wednesday or Thursday, as there'll be a holiday Friday. See the schools — and See Democracy in Action!

"Any time a husband gives his wife flowers for no reason, there's a reason." — (Aunt Slug).

Don't forget — when you're writing friends at distances who like fishing, boating and other water sports — to put in a plug for that fine lake of ours, Lake Leon. Help make it a heap-bigger season for Leon, spring, summer and fall.

Office Boy: "Sir, there's a salesman outside with a mustache."

Absent-minded Purchasing Agent: "Tell him I've got a mustache." — (Selected).

The doc vaccination program is a good thing. If you've ever seen anyone affected by rabies (or who even had to go through the experience of taking the anti-rabies shot) you're convinced. It's too big a gamble with welfare, maybe lives of people of the community not to inoculate the docs.

Ranger Man Who Was Shot Is Improving

Joe Barton, 58, of Ranger, was still in "fair condition" this morning at Ranger General Hospital where he was taken Saturday for treatment of gun wounds following a family argument.

James Henry Barton, 16-year-old son of the wounded man, admitted shooting his father after the older Barton had cut the boy with a knife and threatened to kill the entire family, statements taken following the shooting said.

He was released after being questioned by County Attorney Joe Nuesse, Sheriff J. B. Williams and Police Chief W. G. Pounds. Nuesse said that probably no charges would be filed against James Henry.

The father was shot once in the left arm and once through the neck.

James Henry suffered the knife wound on his left side, but the wound was not considered serious. He was released after treatment Saturday.

Threatened in the family quarrel other than James Barton, were his mother, sister-in-law and two children. Nuesse said the three admitted in separate questioning Saturday.

The district attorney unraveled these facts: Early Saturday morning Joe Barton persuaded his son to drive him to Strawn where he purchased 12 cans of beer. After the two returned, the boy went to town and returned about 12:30 p.m. His mother and sister-in-law, who is living with the family while her husband is working in New Mexico, (Continued on Page Two)

While changing location of a pistol that he has kept at his Highway 80, west, service station, Pete Tucker, Monday morning suffered accidental wounds to his left leg and left arm, Police Chief Ray Laney reported after investigating the mishap.

The accident occurred when the gun was dropped. It was discharged and the bullet rained through his leg and up into his arm.

He is the son of Mr. and Mrs. Taylor Smith, 412 S. Oaklawn, and is now a student at Texas Tech College.

What Ag Program Goals Should Be, Is Told By Burleson

WASHINGTON, D.C. — On July 6, 1953 Mr. Benson, Secretary of Agriculture, said, "I did not become Secretary of Agriculture to stand idly by while farmers suffer from high costs and falling prices."

On February 2, 1956, in Portland, Oregon, Mr. Benson said, "I did not become Secretary of Agriculture to stand idly by wringing my hands while our farm families continue to suffer year after year of economic decline."

During the past year, cattle prices have declined 14 per cent and hog prices 36 per cent. But the big packers haven't shared the farmer's plight. Profits of the big meat packers are up between 33 per cent and 50 per cent in 1955 over 1954.

In 1952 the Republicans were saying, "The first thing we intend to do is to take the emphasis off of Washington. Our goal will be sound farmer-run programs that safeguard agriculture, but do not regiment you, do not put the Federal Government in charge of your farms."

Under the Administration's farm bill as submitted to the Congress, the Secretary of Agriculture will be the absolute boss of the so-called "soil bank."

It is a peculiar thing, but many of the features for a new farm program now recommended by the Department of Agriculture were (Continued on Page Two)

Grandson of Eastland Couple, Paralyzed By Polio, Lives Pluckily

Michael LeFan, son of Minister and Mrs. James LeFan, Temple, and grandson of Mr. and Mrs. Jack Lusk of Eastland, celebrated his 10th birthday anniversary in his portable respirator at the LeFan home in Temple recently.

His picture, lying on his aluminum bed with his petite 5-year-old sister, Loris, standing beside his bed holding his birthday cake for him to blow out the candles, appeared with an article in the Temple Telegram. His father is minister of Avenue G and Seventh Street Church of Christ, Temple. The article follows:

By BILL STUCKEY Temple Telegram Staff Writer

The young gentleman in the sharp green shirt and tan trousers puffed up his lips and let fly a mighty blast at the 10 birthday cake candles.

Although most of the candles went out, it was hard to hear the breath in the background was the rasping hum of a respirator.

Michael LeFan is almost a complete paralytic, as a result of an attack of polio in August, 1954. That didn't stop him, however, in joining in the games and fun with his five birthday guests Monday afternoon. While his friends grouped around a miniature shuffle-board game, Mike joined in by playing with his foot.

His aluminum bed was covered with dangling balloons, and a big sign carried with the words, "Mike's Hangout."

Mike, whose parents are Minister and Mrs. James LeFan, 1802 South 13th, was wearing his portable lung for his second birthday party since his paralysis. Actually, he can wear it all day now, resorting to the bulky iron lung only when he goes to sleep. Both are furnished by the March of Dimes.

While Mike's five boy friends played their games and talked a streak, they kept one eye on the succulent cake with green icing. Mike invited all boys to the party because — well, he flat doesn't care for girls.

But that is about the only thing that Mike doesn't like. "His cheerfulness and zest are really amazing," said his father. "He keeps busy all day, and really hates to go to bed."

What does he do? He paints pictures with his foot or teeth, reads at least a book a day, plays marbles, checkers and does his homework. Since he can't go to school, a teacher comes to him twice a week. So far, Mike has made almost straight A's in his work, with one B in arithmetic.

While several boy friends come in every day, Mike's favorite playmate is his five-year-old sister, Loris, a saucy little lass with dark brown hair and big blue eyes. One of their favorite games is hide-and-seek. Since Mike can't go hide, he has his sister guess where he and his imagination have hid.

He can even play a few piano tunes with his foot.

But he doesn't always stay put. "He goes outside during warm weather on his rolling lounge chair, and goes to the Avenue G Church of Christ to hear his father preach on Sundays."

Since Mike's life is dependent on electricity — to run his respirators — the LeFans have installed an elaborate system of emergency generators. When Mike goes to Houston for his treatments, a spare battery and generator go also.

By forcing breath into his lungs with his throat muscles, Mike can leave his portable lung for about 30 minutes a day. Mike is pretty seriously paralyzed. He has no control of his arms or torso, but can move his legs a little. And will he get well? Minister LeFan said, "That's something we just don't know. But judging by the way he has recovered the last year, we are very optimistic about the future."

Elaborate Plans For Scouting Exposition Are Announced

Eastland Boy Scouting leaders have been informed of details concerning the forthcoming Scouting Exposition at Brownwood, which numerous Scouts, Cubs and Scouters are expected to attend.

The annual spring activity for Cub Scouts, Boy Scouts and Explorers in the Comanche Trail Council, the exposition is to be held March 24.

Hundreds of boys will exhibit and demonstrate "Scouting in Action" in Memorial Hall in Brownwood beginning at 2 p.m. and lasting until 9 p.m. This is a walk-around show and people should feel free to come and go as will.

More than thirty Scouting activities will be demonstrated and displayed in booths — county fair style.

"The Exposition will be the biggest boys' show in our area. It will feature boy activities and all sorts of displays which depict skills and hobbies staged by the boys," stated Lee R. Tesson, chairman of camping and activities for the Comanche Trail Council.

Exhibits already entered include cooking, bridge building, tent pitching, handicraft and nature study. The animal show includes dog care and rabbit raising. This will be a most interesting activity with the boys working in the booths.

Tickets may be secured through the boys and each Scout unit will receive a percentage from the tickets the boys sell.

Scout officials urge the public to secure tickets and attend the show.

There will be stage attractions which will give the show added appeal. Awards will be presented to all units participating in the show.

Country Echoes
Mrs. Bill Tucker

For the past two months have you missed the news column of this correspondent? Well, we can assure you we have missed it more than the readers. I like writing to you.

Since moving to the Indian Mountain area, the weather, as everyone knows, kept us at home for a time.

Repairing a six room house has also provided us with a job to do while camped here in the nicest black mud imaginable.

Our neighbors are the nicest ever coming and welcoming us to the community. The loaf of banana-nut given us by Mrs. Earnest Broome cheered our spirits and was delicious. We visited the Broomes and watched television.

Mrs. Bud Lay and Mrs. Steele and Mr. and Mrs. E. L. Lassiter

Mrs. Maud Dean is recovering nicely from recent surgery for removal of gallstones, so reports Mrs. Ben Freeman.

Mr. Lonzo is still a patient in a Dallas hospital but is improving some. Mrs. Melton is staying with a son, Curtis Melton, in Galveston, during the hospitalization of Mr. Melton.

Mrs. Mary Tucker is visiting in Coleman with her daughter, Mrs. Eva Stone, and family.

Mr. and Mrs. Mitchell Campbell of the New Hope community visited us Thursday night. It seems this reporter is needed on the Farm Bureau publicity again, after time off. We like to work when needed.

We attended the Comanche County Council in February and met one group who attended, also visited the Saint Jo HD Club near DeLeon and were delighted with their meeting.

We were sorry to learn that one of the Cheaney HD Club members, Mrs. R. W. Gordon, is to undergo surgery soon.

Most of Eastland County sand passed our way during the night of the high wind and sand, recently.

Have you gardened yet? It's time, if you think thunder in February doesn't mean frost in April, like our mother's old weather prediction.

See you next week.

HOSPITALIZED AT RANGER
 Eastland patients in Ranger General Hospital are Eric Lee Tucker, medical; O. T. Grubbs; Monroe Poe, and Alma Quinn, surgical.

Mrs. Jovette Williams and children, Allan and Rebecca, of Dallas, spent the weekend in the home of Mr. and Mrs. Frank Sparks. Mrs. Williams is Mrs. Sparks' daughter.

Mr. and Mrs. A. V. Womack and daughters, Marsha and Gigi, of Anson, spent the weekend in the home of Mrs. Womack's brother-in-law and sister, Mr. and Mrs. Joe Stephen.

Mrs. Seaberry -
 (Continued From Page One)
 The family settled on a farm near Poolville and Mrs. Seaberry had lived the past 75 years on the same farm. Her husband, H. J. Seaberry, died in 1937.

Mrs. Seaberry was elected Sunday afternoon an honorary member of the Parker County Centennial Association because of her long residence. She would have been 100 in August.

Survivors are six sons, W. C. Seaberry of Mineral Wells, J. W. and D. O. Seaberry of Weatherford, Lloyd and Emmett Seaberry of Poolville and Virgil T. Seaberry of Eastland; two daughters, Mrs. Effie Wilkins of Weatherford and Mrs. F. Hubert Toombs of Eastland; a brother, M. T. Voyles of Olney; a sister, Mrs. Celia Clark of California, 12 grandchildren and 16 great-grandchildren.

Mrs. L. W. Hart, who recently returned from a visit with her son, Walker Hart of Lamesa, has gone to San Antonio to spend about a month with her daughter, Miss Jane Hart of that city.

W. E. Brashier, who has been undergoing treatment in Eastland Memorial Hospital, was taken home Sunday. His condition is improved.

"HOMEMAKING CHATTER"
 BY MINNIE MAE HART
 Eastland County Home Demonstration Agent

If you're an average American, you ate your way through \$435 worth of food in 1955 and chances are you'll spend the same or more this year unless you plan carefully to cut food costs.

The fact that we're eating out more than we used to, and buying more highly processed and more expensive foods accounts for the increase in family costs in the last ten years.

Here are some ways to cut food costs, which we find most beneficial.

1. Buy the "makings" instead of ready baked and ready-cooked foods — unless time is more important to you than money.
2. Grow some of your own groceries in a garden. If you live on a farm, produce your own meat and milk, poultry or eggs.
3. Freeze or can fresh vegetables and fruits for use when the price of fresh produce hits a seasonal high peak.
4. Prevent food waste.

If you need more detailed suggestions for planning the food supply, planning meals, growing a garden, or freezing and canning, either write us, or drop-by our office when you are in town.

Does your family like cherry pie? Then you might be interested in trying my recipe for "Spicy Cherry Pie" for a change.

To make the crust you:
 Blend together 22 ginger snaps

rolled fine or 1 2-3 cups crumbs, 1-4 cup softened butter or margarine, and 1-4 cup sugar. Pour mixture into 9 inch pie plate; firmly press into an even layer against bottom and sides of plate. Bake in moderately hot oven (375 F.) for about 8 minutes. Cool.

For the filling you do the following:
 1-2 cup sugar
 4 tablespoons cornstarch
 1 teaspoon cinnamon
 1-2 teaspoon nutmeg
 1 1-2 cups cherry juice
 2 No. 2 cans pitted cherries, well drained

Thoroughly mix together sugar, cornstarch, cinnamon, and nutmeg in a saucepan; blend in cherry juice. Cook over medium heat; stir until sauce thickens and clears. Fold in cherries; cool. Pour into ginger snap crust; chill. Top with whipped cream before serving if desired.

Hope you try this recipe. Your family will love it!

 told the boy that the father had struck Mrs. Barton, choked his daughter-in-law and leveled a loaded shotgun at her as she attempted to leave to summons the police.

The boy advised the women to take the children and get into his car and that he would take them to Eastland. As they prepared to leave, the father came to the car with an open pocket knife and began pulling his wife from the car.

James Henry intervened and in the ensuing fracas was cut in the side. Statements indicated that the father said he was going into the house, get his gun and kill them all.

The boy took a .22 calibre rifle from his car and shot four times at his father while he was going into the house. The older Barton fell into the door.

James Henry reported the shooting to the police who dispatched an ambulance to the scene.

Nuesse said that the case would warrant a grand jury hearing.

 vigorously opposed by them just a few months ago.

Advocates of the "soil bank" idea want to convince people that it will put money into the farmer's pocket. As a matter of fact, it only attempts to pay him a little money for what he will not produce next year. The goal of any agricultural program should be to raise his purchasing power, and this certainly does not do that.

The bureaucracy of Washington has its own language. The following are a few definitions:

Program: An idea that cannot be carried out with one phone call.

Channels: The trail left by inter-office memos.

Committee: A means for evading responsibility.

Reliable source: The guy you just met.

Informed source: The guy who just told the guy you just met.

Unimpeachable source: The guy who started the rumor originally.

Search the files: Ask the janitor to look through yesterday's sweepings.

For the past several years, I have felt the Congress was doing more investigating than legislating. Some investigations are of course very necessary, but not to the point of straining at a gnat and swallowing a camel.

The serious charges made by retired General Matthew Ridgway certainly justify a closer look at our defense preparedness program.

General Ridgway, writing in The Saturday Evening Post, said, "The decisions of the Defense Department were based on decisions other than clear-cut military needs. They were based on budgetary considerations, on political considerations, on the advantage to be gained in the field of domestic politics by a drastic reduction in military expenditures."

The safety of our country demands that the accuracy of these statements be determined.

I have a limited number of booklets called "Our Capitol," containing 56 pages of pictures and information on points of interest in Washington. If you are interested in having one of these booklets, address me:

EHS Is 1 of 31 Schools In Sat. Gorman Meet

Eastland High is one of the thirty-one schools which will participate in the first big track meet of the season for this part of the state — the third annual Indian Trail Invitation meet at Brogdon Field, Gorman, Saturday.

Twenty-seven high schools and four junior colleges have accepted invitations, and the meet promises to be one of close competition. In fact, the meet will almost be a preview of two district meets, District 7-A and District 7-AA, which includes Comanche, Brady, Winters, Coleman, Ballinger, and Lake View of San Angelo. All of the members of the district except Lake View will be entered.

Of this district, Eastland, Rising Star, Cross Plains, and Gorman will be entered. Ranger is not having a track team this season, and Wylie is expected to be weak in track.

Of District 8-AA, De Leon, Stephenville, and Cisco are entered. That leaves Breckenridge, Graham, and Mineral Wells of that district which are not entered.

There are 11 Class AA high schools entered, which are: Hamilton, Coleman, Winters, Brady, Comanche, De Leon, Ballinger, Anson, Stephenville, Cisco, and Diamond Hill of Ft. Worth.

Twelve Class A schools are entered. They are Albany, Caldwell, Hamlin, Bangs, Goshute, Eastland, Rising Star, Cross Plains, Alvarado, Granbury, Clifton, and Gorman.

Of Class B, there are four schools. They are: Early High, Richland Springs, Hico, and Leuders.

Four Junior Colleges are competing. They are Tarleton, Howard County (Big Spring), Cisco, and Ranger. The junior colleges will compete in a separate division from the high schools, but they will have the same track and field events as the high schools.

All of the high schools will compete in the same division, regardless of class. In other words, there will be a High School Division and a Junior College Division.

Give Your Chicks a Super Start

Your chicks should grow up to 5.6% faster on 7.4% less feed per pound of gain than ever before on Purina Super Chick Startena

Purina scientists have done it again! They have improved even last year's wonderful formula so much that you can see the difference.

SUPER GROWTH. Several thousand chicks in many different tests have averaged 5.6% bigger than ever before on Startena. And they took 7.4% less feed per pound of gain.

SUPER SAFE. You can order Startena with a built-in coccidiosis control. It's the best control ever tested by Purina Laboratories to

help you protect chicks from the worst killer of all chick diseases.

SUPER VIGOR. You can see brighter yellow shanks, perkier red combs and fast smooth feathering.

SUPER ECONOMY. It takes only 2 lbs. of Super Startena per light-breed chick, 3 lbs. per heavy. This is a real saving, because most feeds recommend 3 to 4 lbs. of starter—or more—before the chicks are ready for growing ration.

Spinach and Cheese Souffle—there isn't a more perfect Lenten dish to be found anywhere. And made with quick-cooking tapioca, it's guaranteed to be "delicate of texture, tender and light."

Whether you serve it for lunch, dinner or supper, good accompaniments are chilled tomato juice, a crisp green salad, coffee and a delicious pineapple pudding garnished with whipped cream and nut meats.

Cook spinach as directed on package. Drain. Meanwhile, sauté onion in 2 tablespoons butter in saucepan until tender but not brown. Combine tapioca, salt, pepper, and milk; add to the onion. Cook and stir over medium heat until mixture comes to a boil. Remove from heat; add cheese and 1/4 cup butter and stir until melted. Add spinach and mix well.

Beat egg whites until stiff. Beat egg yolks until thick and lemon colored. Add tapioca mixture to egg yolks and mix well. Fold into egg whites.

Spoon into 2-quart casserole. Place in pan of hot water and bake in moderate oven (350°F.) 45 minutes, or until soufflé is firm. Serve with mushroom or egg sauce. Makes 6 to 8 servings.

Repair Work On Huge Majestic Sign Finished

Work was completed this week on repairing of hail damage to the huge electric sign in front of the Majestic theatre here. The sign is the largest electrical display between Abilene and Fort Worth, being almost five stories high. Its size was deceiving until observers here noted the dwarfness of workers as they repaired the big sign.

The Majestic also has the largest seating capacity of any building between Abilene and Fort Worth. It has a total of 870 seats with 554 downstairs and 316 in the balcony.

Among the shows to fill the big house during the past 12 months were "Mr. Roberts," "Strategic Air Command," "Ransom," "The Living Desert," "Seven Year Itch," "Not As A Stranger," and several others.

The Majestic is equipped with a full size cinemascope screen with 4-channel magnetic sound by means of which sound can be projected from all parts of the building. There are three speakers behind the screen and a total of 12 speakers mounted on the walls.

The Majestic is owned by Texas Consolidated Theatres, Inc., a division of the Interstate Circuit, which in turn is a division of United Paramount Theatres.

Susan Guess Is Feted At Party On 3rd Birthday

Susan Guess, daughter of Mr. and Mrs. Norman Guess, 605 S. Bassett, was honored on her third birthday anniversary Thursday afternoon.

When the children arrived at the Guess home they were given favors — surprise packages which held hats, horns and masks. Wearing the hats and masks and blowing their horns afforded much merriment for the children. After the gifts were opened, the guests went into the yard where they played outdoor games, were photographed by Mrs. Fehrman H. Lund, and especially enjoyed playing with Susan's Cocker Spaniel and two five-weeks' old puppies.

Susan's birthday cake was a white frosted creation embossed with pink roses and the inscription "Happy Birthday, Susan." Three blue candles lighted the confection. With it ice cream and punch were served. Mr. and Mrs. Guess were assisted in entertaining the children by Mrs. Don Doyle and Mrs. Lund.

Guests were the honoree and June Ann Sparks, Craig Lund, Martha and Ginger Kinard, Donna and Jerry Doyle, Vicki Marlene and Robert King, and Cynthia Ann Smith.

Cadillac

At Home... Among Strangers!

You're going to get a wonderful thrill when you take the wheel of your first Cadillac and head out into the country—a long, long way from home.

We're not just talking about the car's wonderful performance and its extraordinary riding and handling ease—satisfying and inspiring though these are bound to be.

No, we're talking about something more.

We're talking about the *friendliness* you're going to encounter—how you'll be driving among people who seem to know something about you, and who are ready to trust and respect you as if they had known you for a long, long time.

This is true, of course, because Cadillac quality and goodness have made it the overwhelming preference of people of judgment and discrimination—and the whole world has come to know and

understand this and to appreciate what it means.

Yes, your best foot is forward when it rests on the throttle of a 1956 Cadillac.

This great personal benefit is strictly a plus value when you take the title of the "car of cars." It comes in addition to the long-known Cadillac virtues: matchless beauty and luxury and comfort, and safety and long life.

Why not consider a Cadillac for your next car?

It is a logical choice—not only for quality and goodness and prestige—but for economy of ownership and operation as well.

We suggest that you come in soon and see for yourself. We'll be happy to give you a personal demonstration at the wheel... and to explain why this is such a wonderful time to make the move from every standpoint.
