#### SHOULD NOT LET DELINQUENT TAX CONTRACT

For the past several years it has been the custom of the commissioners' court of Eastland county to let a contract for the collection of delinquent taxes. Heretofore, these contracts have been let to individuals other than officials of the county. As a remuneration these contracts provided for the payment of a per cent of the delinquent taxes collected. At times this has been as high as 15 per

It is our understanding that the contract of this kind now in effect will soon terminate. It is our position that another such contract should not be let. Textile Mills Have Many Unfilled Orders

AUSTIN.-Unfilled orders of Texas textile mills at the close of 1932 amounted to 5,893,000 yards, the highest total since the close of 929, according to the University of Texas Bureau of Business Research.

The total at the close of 1929 was 7,032,000. Several other evidences of im proved conditions in this industry were pointed out. First, the rate of decline in production for 1932 was not as great as for the preced-ing year. Total production reached 45,962,000 yards for 1932, a

crush and dissolve three BAYER Aspirin Tablets in half a glass of water. Gargle with it twice—as pictured above. If you have any indication of a cold—before gargling take 2 Bayer Aspirin Tablets with a full glass of water. This is to combat any signs of cold that have gone into your system. Keep on taking if cold has a "hold." For Genuine Bayer Aspirin will not harm you. Your doctor will tell you, it does not depress the heart. Get a box of 12 or a bottle of 100 at any drug store.
