Mavs Tie It Up In 75-56 Win Over DeLeon

By BILL HERRIDGE
The De Leon Bearcats got a second victory Tuesday as the Mavericks, Boy's B team, and the Big Red Varsity squad left their hardwoods with victories.

Through the first half, the Mavericks seemed to have decided on the outcome of the game. At the half, Eastland led with a 43-22 lead over the Cats.

This win once again ties Eastland and Baird for first slot in the District 10-A race. If Eastland and Baird both win their Friday night games, a sudden-death playoff game between the two will be necessary to determine the winner of the 10-A crown.

The third quarter revealed an excellent May defense as the Bearcats were able to score only 8 additional points. Things got rough in the final quarter as Miller and (Continued on page 2)

'Attorney General's Opinion Forbids Expenses' -- Brown

Eastland County Commissioners are not entitled to a \$75 monthly expense account, according to an opinion written by County Attorney Perry T. Brown, basing his opinion on a letter from the attorney general's office.

Order No. Six last week providing: "Order fixing salaries and allowance for the calendar year of 1965 providing further that members of Eastland County Commissioners Court shall receive such expense salaries as is provided for in Article 2350c of Vernon's Civil Statutes. Upon a call for the vote by the county judge motion declared passed."

Rites Wednesday In Eastland For Mrs. Fox

Final Rites for Mrs. Nettie Mae Fox, 80, were held at 2 p.m. Wednesday at Arrington-Hammer Funeral Home Chapel in Eastland, with the Rev. Boyd Seales of Abilene officiating. Burial was in Merriman Cemetery.

The communique from the attorney general's office, dated Feb. 1, and received Friday, contained a copy of Attorney General's Opinion WW-513 (1958), and the following summation: "County commissioners may receive the traveling allowance expense provided in Article 2350n for traveling on official business within the county, provided the county commissioners are using their vehicles for traveling on official business within the county rather than the county furnishing the commissioners (Continued on Page 2.)"

Mrs. Fox died at 6 p.m. Monday in the home of her daughter, Mrs. Gordon Woods, of Route 3, Cisco. She had been ill seven months.

Veon Howard Gives Program

Veon Howard presented the program last Monday at the Rotary Club meeting. For the program, he showed a Bell Telephone film entitled "Responsibilities of Citizenship."

Born Nov. 28, 1884, in Fort Worth, Mrs. Fox was preceded in death by her husband, Joe W. Fox, in 1942. They were residents of Eastland County most of their lives.

Guests were Sam Kimmell of Cisco and Don Griffin, a senior in Eastland High School. Charles Freyschlag presided.

Surviving are a son, Tom L. Fox of Abilene; four daughters, Mrs. Woods of Cisco, Mrs. E. T. McKelvin of Bloomington, Texas, Mrs. Dick Yielding of Eastland and Mrs. Bill Noblett of Henderson; a brother, S. J. Perkins of Littlefield; two sisters, Mrs. Ada Ray of Ranger and Mrs. Ethel Lanterman of Snyder, Okla.; two half-brothers and a half sister, all of Oklahoma; eight grandchildren and 17 great-grandchildren.

Seaberry, Frost, Hart Merging Law Firms

Two long-established Eastland law firms and a relatively new firm will merge March 1, principals in the organizations have announced.

Frost Sr., and later including brothers Bill and Cyrus Jr., Cyrus is presently an independent oil operator, living in Louisiana and Bill is trustee for a Lubbock bank.

The firms of Turner and Seaberry, Jack Frost and Bill Hart will consolidate on that date under the name of Turner, Seaberry, Frost and Hart.

Ye fearful saints fresh courage take; The clouds ye so much dread Are big with mercy and shall break With blessings on your head.

Principals are Virgil T. Seaberry Jr., Jack Frost and Bill Hart, and the offices of the new firm will be located on the third floor of the Exchange Building.

Both the Turner and Seaberry and Frost firms are familiar names in Eastland, having been established here many years. Bill Hart, son of John Hart, moved here last year from Midland, and opened his office.

The Turner and Seaberry firm is a pioneer Eastland concern, having been established here originally as Turner and Seaberry, made up of the late John Turner and the late Judge Virgil T. Seaberry Sr., and later to include the late Carl Springer. Virgil T. Seaberry Jr. joined the firm in 1950.

He has been called "One of the best school men in the state of Texas," by educators and laymen alike.

The Frost firm is made of Jack Frost who was formerly associated with the firm of Frost and Frost, originated by his late father, Cyrus B.

As administrator, Siebert has lead the Eastland school financially forward — from bankruptcy to solvency.

Have a Heart -- Help a Heart: Saturday Is Heart Fund Day Here

Heart Fund campaigning will be in full swing in Eastland Saturday as members of the Co-Ed Club sell Heart Balloons downtown, according to Eastland County Heart Chairman Mrs. Reita Choate.

More than 10,000,000 Americans are afflicted with heart and blood vessel disease, half of whom are hypertensive sufferers. An estimate of about 500,000 school age children are among the victims of rheumatic fever and each year about 30,000 to 40,000 children are born with congenital heart defects, reports show.

Mary Ann Manning, Karen Bond, Jan Taylor, Jeanne Hanna, Donna Ford, Jean Ann Eidson, Cheryl Sosebee, Sharon Chick, Julie Elrod, Anna Smith, Sharon Sayre and Judy Morehead are the girls who will sell the balloons.

Causes of heart and blood vessel diseases are atherosclerosis, "hardening of the arteries," which occurs when the inner lining of the arteries become hardened, narrowed and roughened; high blood pressure, resulting from constriction of the smallest blood vessels, producing increased resistance to blood flow and increased pressure in the arteries; rheumatic fever, almost always preceded by "strep" infection, sometimes damaging the heart valves; and inborn heart defects, resulting when hearts and major blood vessel near the heart fail to mature normally during the period of growth before birth.

February, with its Heart days, Valentines Day and Heart weekends, is known to all as Heart Month and those who have pennies, nickels or dimes to spare will be contributing to the Heart Fund.

All these things are being fought by scientists and research workers. If you wish to fight with them and have no other weapon, give to the Heart Fund, workers urge.

The American Heart Association, reorganized in 1948 as a national voluntary health agency, is set up to spearhead the fight against the cardiovascular disease. Its present membership includes approximately 27,000 of the nation's leading heart specialists and research scientists. More than 1500 research scientists are supported by Heart Fund dollars.

Since 1948, almost 100 million Heart Fund dollars have been channeled into research. Researches being made for new, more effective ways to prevent and control such diseases.

Eastland County money will earn interest for the first time as the result of a contract awarded this week by the Eastland County Commissioners Court to Eastland National Bank to serve as depository for county funds.

County funds will earn three per cent interest, held in time deposits of 30 days, and commissioners are to work out a schedule of which funds will be placed in interest-earning accounts. A county depository is named every two years, and the Eastland bank has been chosen for several years, it was reported.

County funds include permanent improvements, school, county clerks, district clerk and other county funds.

A check for \$2,500 accompanied the bank's bid as security, and the agreement to be entered into is to be approved by the state comptroller's office. Motion was made by Buck Collins of Rising Star and seconded by C. B. (Runt) Dill of Cisco.

An application and bond from J. R. Bucy for independent weigher at Rising Star was approved by the court.

The Hamilton-Duncan Road comprises about a half to three-quarters of a mile off FM 2214 south of Lake Leon, deeded to the county by the W. T. Duncan family for use as a neighborhood road. (Continued from Page Two)

Local's Sister To Be Buried Thurs. in Cisco

Funeral services will be at 10 a. m. Thursday in the East Cisco Baptist Church for Mrs. Peggy Lindsey, 32, of Maljamar, New Mexico, who was killed in an automobile accident Monday night on the highway between Lovington and Maljamar.

Rev. Jim Hooten of Dallas will officiate, assisted by Rev. Ray Hartline, pastor of the church. Burial will be in Oakwood Cemetery with Rust Funeral Home in charge of arrangements.

The Boys' B Team won their tilt with the De Leon B Team, 56-44.

Palbearers will be Jimmy George of Eastland; Clifford Chandler of Snyder; Charles Fletcher of Abilene; Rev. Bob Cheek of Champion; Dale Maston of Garland; James Wheat, Bill Sharpe, and Charles Pence, all of Cisco.

As uneasy Baird scouts looked on, the winning combination of Mike Miller, Terry Treadwell, Jim Herridge, and Heyden Wilson, along with entire Maverick roster proved effective on the hardwoods.

Mrs. Lindsey was born Nov. 9, 1932, and was the wife of Ben Lindsey, who operated a welding business in Cisco until about three years ago.

The Miller-Treadwell duo netted 55 points between them, with Terry getting 33 and Mike 22.

Survivors include her husband; two daughters, Pam, 11, and Sheila, 8; her parents, Mr. and Mrs. Lane Carey of 208 W. 19th Street, Cisco; one brother, Ray Carey of Eastland; and two sisters, Mrs. Barbara Smith of Abilene and Miss Kay Carey of Cisco.

After the first five minutes of play, the Bearcats never got closer than 10 points to the lead. With ball-stealing and re-bounding in abundance, the Big Red came out of what Coach Denson Moody called a slight slump.

One Leg of Interstate 20 Completed in This County

The six-mile stretch of Interstate 20 west of Cisco to the Callahan County line has been completed and accepted from the contractor and work is moving satisfactorily on other highway projects in the county, Resident Engineer R. P. Haun has announced.

Third section to be undertaken will be the five-mile leg from mid-Eastland-Cisco to the Highway 6 junction south of Eastland.

Cecil Ruby Co., Inc. had the contract for grading, drainage, structures and hot mix asphaltic concrete paving on a bid of \$1,893,546.04 on the 6.212 miles beginning one mile west of Cisco and extending to the Callahan line.

Preliminary drawings are being completed at the local Highway offices for the section between Eastland and Ranger and are to be submitted to the state and to the Federal Bureau of Roads for approval. A public hearing on this section will be held after these approvals come through.

Cooper & Woodruff, Inc. is 30 per cent complete on a project extending 5.660 miles from a point 1.5 miles east of Ranger to a point 3 miles west of the Erath County line, with IH 20 specifications and bid for \$1,086,119, Haun said. Base is presently being hauled for the south lane and traffic will probably be turned onto that lane in the next few weeks, he said.

Work is moving swiftly on the 14-mile State 206 work from Sabanno to Cisco and the department looks for a mid-summer completion date, he said.

Right-of-way negotiations are moving ahead of schedule near Cisco for the five-mile stretch from State Highway 206 eastward, and are expected to be completed in time for a possible mid-July bid letting, he said. This IH 20 strip is a Unit One construction and will include sub-grading and bridges.

AGE ANNUAL SALARY county officials in 14 with similar population tax valuations as County, is as following to County according to County Scott Bailey, who reports this county's figures to Judge T. D. Howard of Eastland County, who in compiled and released pages:

Eastland County figures (parenthesis): Assessor: \$5,800.42 (\$5,520. plus taxes); Clerk: \$5,751.50 (\$6,072. plus taxes); Commissioners: \$5,182.92

report also listed deputy clerks, hired and employees, but only officials have been here).

Howard prefaced his report by saying: "There is a great disparity in salaries paid in the 14 counties for the same job. Salaries range from a high of \$6,000 a low of \$4,320, for elective posts."

As though all local officials might be a bit out of line.

2 Inductions Set For March

Texas Local Draft Board 36, Eastland — Stephens County, received a call for two inductions during the month of March, it has been reported.

There are 15 called for Armed Forces examinations, ten of whom will be regular registrants and five, 18-year-olds.

Federal Court Order until February of 1963. After passage of a bond issue early that year, the school launched its first building program, now completed, since the mid-30's, paid off its old indebtedness and got "out from under" the court order, and took a giant stride by integrating without incident and being removed from the state's "warned" list, because of sub-standard Negro facilities.

Siebert has been instrumental in instituting a "tightening" scholastic program to better qualify local graduates for college and university work.

Supt. Wendell Siebert's Contract Extended 3 Years

Eastland Public School Superintendent Wendell Siebert has been awarded a three-year contract and a "pat on the back" by the board of trustees in action this week.

Board President J. T. Gregory, in announcing the contract, stated that the board wishes to publicly thank Siebert for his untiring effort in behalf of the schools and the welfare of the students.

A native of Eastland, Siebert has been chief administrator of the schools here since 1955. He was named Eastland's Citizen of the Year at the annual Chamber of Commerce banquet in 1963.

He attended the University of Texas, where he excelled in athletics as a member of the track team, and graduated with honors in 1940.

After a hitch with the Air Force, he returned to his home town as assistant coach in 1946. A year later he was named head coach.

He has been called "One of the best school men in the state of Texas," by educators and laymen alike.

SEVEN KEYS TO success were listed in the magazine ADVERTISING AGE recently as follows:

1. Locate and associate yourself with growth. A growing industry is hard to beat.
2. Select a type of work and an atmosphere where you can be happy. If you like your work, you are more likely to be successful.
3. Work hard. There's no substitute. A smart man who works hard will beat a brilliant man who does not.
4. Remember: Character is important. It takes integrity and intellectual and moral courage to earn real responsibility.
5. Seek experience above money when young. This pays off in the long run. As you get older, gradually step up emphasis on material rewards if a choice is necessary.
6. Protect and nourish your health. Without health, all is lost.
7. Believe merit will be rewarded. If what you believe is merit is not rewarded, don't be disappointed. Figure out why. Is your merit real? What can you do to improve? TODAY'S FLAG-BIT from the VFW: "When flags of two or more nations are displayed they should be flown from separate staffs of the same height and the flags should be of approximately equal size."

In an opinion submitted to county officials, District-County Attorney Perry T. Brown writes: "It is my opinion that said Attorney General's Opinion forbids payment of such allowances in Eastland County, as said commissioners are furnished pick-ups by the county; that said opinion and Article 2350, Section 6, clearly states that Article 2350 has no application in counties that have furnished cars or pickups to the commissioners as has Eastland County." The commissioners apparently do not concur on the opinion received from the state office, stating that it is a copy of an opinion written for another county, with similar circumstances. According to County Judge Scott Bailey the court has asked the county auditor to secure another opinion specifically on this county's circumstances. The question appears to hinge on whether the pickups and trucks assigned to the various precincts actually are "provided for the commissioners."

"The allowance provided in section 2 of Article 2350, Vernon's Civil Statutes, constitutes allowance for traveling expense and automobile depreciation and does not constitute salary or compensation."

By ETHEL KEITH

Mr. and Mrs. H. O. Fein of Fort Worth were here last weekend to visit his mother, Mrs. Ollie Fein.

Mrs. Annie Koonce and Mr. and Mrs. Duce Koonce have been patients in the hospital recently with the flu.

Mrs. John Arnold.

Mrs. Williams visited in Kermit with her son, Mr. and Mrs. Debert Williams.

Word was received here late Saturday that Raymond Sparkman of Freer had passed away.

He was a son of Mr. J. J. Sparkman and Mrs. Joe Murrell. Mr. Robert Hutchins of El Paso visited Friday with Mrs. Emma Quin.

The John Allens spent the weekend in Odessa with their daughter, Mrs. Nell Maupin.

New Olden Fire Department 'On the Grow' with Equipment

The Olden fire department, organized approximately two months ago, continues to grow, according to Fire Chief Bert Kent.

Members of the department have recently completed the installation of a much needed, two-horsepower general alarm siren. Mounted on a 35-foot utility pole, the siren adjoins the fire station, which is located behind Olden Community Center.

"This siren is something we have been striving to get for some time now," Chief Kent said. "It is the very latest of its type and is complete with all automatic controls."

He stated that by obtaining the siren, it is now possible to alert all volunteers when they are needed, as well as being able to cooperate with the Ranger and Eastland fire departments during storm alerts.

Among the first piece of equipment for the department

was a 500-gallon booster truck, on loan from the City of Ranger. Since then, the department has obtained two-and-one-half fire hoses and other items from Eastland.

Officers other than Mr. Kent are: I. E. Talley, assistant chief; and Gene Woods, secretary-treasurer. All men of Olden are volunteer firemen. Olden Fire Department wishes to thank all firms and organizations that have helped in any way.

Even in our lowest-priced Chrysler models, 383 cubic inches of V-8 engine is standard. So is our big size — the factory build jr. editions. And nearly half our '65 models are priced only a few dollars a month more than some of the most popular small cars, comparably equipped. That figure includes power steering, power windows, automatic transmission, radio and heater. When you get ready to plunk down the cash, remember: If you're going to pay the price of a Chrysler, get the most.

Five Men Win Acquittal In Chicken Fight Cases

A third trial of another group of defendants charged with "being concerned with a chicken fight" will be held in the court of Justice of Peace M. D. Underwood in Ranger Wednesday morning at 10 o'clock.

A six-member jury will hear the cases of seven men from Young and Stephens Counties.

Defense attorney will be Payne Royce, attorney-at-law of Graham.

County - District Attorney

Perry T. Brown will be the prosecutor.

Two Ranger men, two defendants from Gorman and a Snyder man were acquitted Wednesday in the Ranger JP court in connection with a gathering allegedly for a chicken fight on Jan. 10.

A jury of five men and one woman found the five men innocent of misdemeanor charges of matching, and being concerned with matching a cock fight.

Brown prosecuted and Earl Conner Jr., Eastland lawyer,

was defense attorney.

Sixty-six men were arrested about five miles southeast of Ranger on Jan. 10 and accused of the misdemeanor charge.

About half of the accused have already pleaded guilty and paid their fines, Justice of Peace Underwood said.

Several men from Abilene who were among those arrested were convicted in the Ranger JP court. Their cases are now on appeal to the 91st District Court at Eastland.

EHS HOMECOMING

Harrison pointed out that the Homecoming will be held in Eastland on June 17, 18, 19 and 20 with only two more planning sessions between now and then to complete all details for the Homecoming.

Feb. 15 Is Deadline For New Acreage

Final date to file applications for new farm peanut allotments is Feb. 15, according to Jesse G. Meredith, county office manager of Agricultural Stabilization and Conservation Service.

Producers who do not plan to plant any or all of their 1965 peanut allotment may release this allotment not later than April 4, Meredith said, and it is urgent that this acreage be released so that it can be reapportioned to other

\$204,311 Damage Suit Is Filed As Result Of September Wreck

A damage suit asking \$204,311 has been filed in 91st District Court by a Harris County man against a construction company, in connection with a highway incident which resulted in the death of the Harris County man's wife and four-year-old son, miles west of Cisco on Highway 80 Sept. 4, 1964. The man has received \$48,000 in a settlement of a suit which he had brought asking \$204,311.37, naming Everett Wayne Scott, Campbell-Taggart Associated Bakeries, Inc. and Cecil Ruby Co., Inc. The suit was transferred to Travis County, where the settlement was arranged and a judgment rendered, it is reported.

In his petition, filed by W. B. Wright of Cisco and the Abilene law firm of Scarborough, Black, Tarpley and Scarborough, Brett alleges that on the date in question, he and his family were traveling west on U. S. 80 west of Cisco. The highway was in the process of being converted to a freeway, with the north lane closed and two-

way traffic traveling the south lane. A sweeper, operated by a Strain Co. employee, was operating along the south lane and caused a "large cloud of dust" to cross the highway, which prevented him, "Brett" from seeing, and that his auto was struck by the auto driven by Scott, the petition said. He listed six counts of negligence against the Strain Co.

His wife, Sandra, 23, died that day as the result of injuries received, the petition said, and he asked \$65,000; a

four-year-old son, Larry Wayne Brett, died six days later from injuries received in the wreck, and \$30,000 is asked; \$4,311.37 for hospital, funeral and other expenses; and \$5,000 is asked for personal injuries to himself. The suit was filed Jan. 23.

In the suit which resulted in a settlement, Brett alleged seven counts of negligence against the Ruby Company, stating specifically that the company did not have flagmen signaling while the sweeper caused the dust.

BOY SCOUT WEEK

55th ANNIVERSARY

- FEBRUARY 7-13

Scouting is always thought of as hiking, camping and fun. But Scouting is more than this. It is a great force in building good Americans, and developing finest character.

HUNDREDS OF BOYS REACHED THROUGH SCOUTING IN EASTLAND

BOY SCOUTS OF AMERICA

STRENGTHEN AMERICA'S HERITAGE
BOY SCOUT WEEK FEB. 7-13

Eastland is very fortunate to have the kind of people whose first interest is their children. The Boy Scout movement was founded for the purpose of instilling in the boy a sense of direction and to make him more conscious of where he and this great country of ours' place will be in the world. Scouting exists to train boys in character, citizenship and fitness.

Your first question may be "How is this done?" First he is taught that he has responsibilities, chief among these are duty to God, duty to Country, duty to others, and last but not least, duties to himself.

This is done through the Scout Oath: "On my honor I will do my best to do my duty to God and my country and to obey the Scout Law, to help other people at all times, to keep myself physically strong, mentally awake, and morally straight."

The Scout Law teaches him that a Boy Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent. What higher ideals could you ask a boy to try to live up to?

We ask existing institutions to sponsor Scout Units in the various towns and communities all over the United States.

Eastland has two Scout Troops sponsored by The Lions Club and the Rotary Club. The V. F. W. sponsors the Explorer Post in Eastland. There is a Cub Pack sponsored by the Junior Chamber of Commerce.
