

Your Obligation of Citizenship Is to Vote Next Tuesday

(An Editorial)

Voters of our city and county will join Texans and the nation next Tuesday in electing officials to serve in offices from the courthouse to the White House. Some 2,500,000 Texans are expected to be among the approximately 70,000,000 who will participate in the general election.

In considering our ballots, we must remember that this is a free country — America, where people can vote as they please. Let's vote our convictions and respect our neighbor's views.

Those who feel that a candidate should have something more than a party's blessings to be qualified for public service are just as entitled to consideration and respect of their views as the party faithful. Their ballots are worth just as much on the tally sheets.

As a small-town newspaper, we don't presume to tell people how they should vote. We have no hesitation, however, in pointing out that Governor John Connally has served our state extremely well during his first term as the chief executive. His administration has been one of unusual progress, and he certainly deserves a vote of real confidence next Tuesday.

Congressman Omar Burleson, the only county or district official who has opposition, has served the 17th District faithfully and well for many years. He has grown in usefulness to his district and, certainly, he merits a resounding vote of confidence.

The ballot contains three proposed amendments to our State Constitution. You will want to read the sample ballot elsewhere in today's paper. A study of the proposed amendments leaves us with a conviction to vote "yes" on all three of them.

Regardless of the outcome of the election, our country will remain a haven of the free. As we vote Tuesday, let's do so with a renewed pledge to be good neighbors and citizens dedicated to progress without prejudice.

D. VIERGEVER ELECTED NEW C-C PRESIDENT

Members of the Chamber of Commerce met last Thursday and elected as their new president, Don Viergever, and vice-president, B. W. Robertson.

Mr. Viergever, manager of Hollywood Vassarette, is on the Board of Directors and is also an active member of the Rotary Club.

The new directors are Jack Arrington, Jay Staggs, Everett Plowman, Neal Edwards and Mrs. Marene Johnson. Retiring president is James Smith.

Retiring directors are Frank Deaton, Charles W. Martin, Taylor Smith, Lewis Tiner and Pat Miller; and holdover directors are James K. Smith, Crowell, Tom Wilson, Charles Freyschlag, H. V. O'Brien, Bob Perkins, B. W. Robertson, Frank Sayre, M.A. Treadwell, Jr., Jim Parks, Don Viergever, Barnard Hanna, and A. D. Taylor.

C-C directors will meet next month, at which time they will decide how much money should be put back for the highway fund, Smith said.

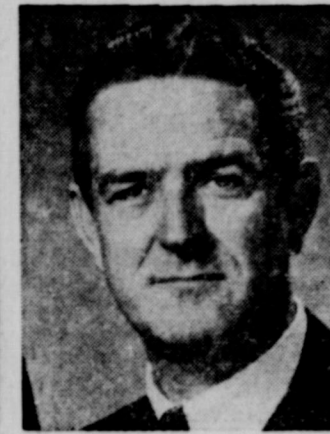

Record Turnout Of Voters Seen For Tuesday's General Election

SEN. BARRY GOLDWATER

PRES. LYNDON B. JOHNSON

GOV. JOHN CONNALLY

An all-time record absentee vote plus an all-time high in pre-election enthusiasm by both parties indicate a record voter turnout in Eastland County for the Presidential General Election Tuesday.

Polls will open at a dozen voting places in the county at 8 a.m. Tuesday and some observers are guessing that the total number of voters may reach the 7,000 peak.

In 1960 at the last general election, total for the county was 6,417. Record in recent years was in 1940 when 6,881 voters turned out that pre-war year.

See SAMPLE BALLOT Page 4

By noon Friday, 331 had voted absentee indicating that by closing time at 5 p.m., some 350 might have voted early. Only 267 voted absentee in 1960; 166 in 1962; and 27 in 1958.

Poll tax sales in the county amounted to 4,747 issued, plus 597 exemptions, including some 70 "free" exemptions for national office voting. In Eastland County, unfortunately, poll tax exemptions are not a good indicator at all, simply because all eligible exempt persons aren't required to get exemption certificate.

Under the law it's optional with the exempt voter as to whether he gets a certificate or not. Many don't, but vote, making it impossible to determine before hand how many people are eligible to vote in the county. In the first primary 5,905 voted in the county.

Holdovers of the special free poll tax will be eligible to vote in only four races — presidential, vice president, United States senator, congressman-at-large and U. S. representative.

Other voters will make selections for the national, state, district, county and precinct, as well as deciding on three state constitutional amendments.

Indications are that election judges in the various precincts will "tear" the ballot for those persons with free poll tax receipts giving them only that portion which contain the four national races.

Democratic candidates nominated in the earlier primaries, unopposed on the Tuesday ballot are as follows:

Ben Ramsey, Ruel C. Walker, Robert W. Hamilton, K. K. Woodley, Clyde Grissom, T. M. Collie, Wayne Gibbens, Perry T. Brown, Edgar F. Altom, E. (Lefty) Sublett, O. L. Stamey, Porter Woods (Eastland), A. W. Dawson (Continued on Page 3.)

358 VOTE ABSENTEE

Absentee vote total at the County Clerk's office at closing time Friday afternoon was 358 — an all-time high, it was reported.

How Will Vote Compare With Former Years?

Will Eastland County be in the Democratic or Republican column after Tuesday's general election.

Right now that's anybody's guess — and basing judgment on past voting records, it could go either way.

In the past dozen general elections the county has voted for Democratic presidents eight times and Republican presidents four times.

Voters picked Democratic administrations in 1920, 1924, 1932, 1936, 1940, 1944, and 1948. The county voted Republican in 1928, 1952, 1956 and in 1960.

Recent voting records look like this:

(Statistics for 1920, 1924 and 1928 not immediately available.)

1932 — Demo, 4,958; GOP, 598; Socialist, 47; Communist, 2.

1936 — Demo, 4,859; GOP, 724; Socialist, 16; and Communist, 2.

1940 — Demo, 5,818; GOP, 1,063; Socialist, 2; Communist, 1.

1944 — Demo, 4,607; GOP, 643; Socialist, 5; and Texas Regulars, 809.

1948 — Demo, 5,121; GOP, 1,177; Socialist, 3; and Dixiecrats, 326.

1952 — Demo, 3,336; GOP, 4,518.

1956 — Demo, 2,512; GOP, 3,569.

1960 — Demo, 3,058; GOP, 3,359.

1964 — (Like it said in the beginning, it's still a question mark.)

Battle Murder Trial Set Nov. 16 In District Court

The trial of James Will Battle, 49-year-old Ranger Negro, on a charge of murder has been set for Monday, Nov. 16, in 91st District Court at Eastland. Trial date was announced Friday by District Judge Turner M. Collie.

Battle was charged July 20 by an Eastland County grand jury with the shooting death of Don Gonzales, 45, in Ranger on July 4. Testimony of seven witnesses was heard by the grand jurors before the indictment was returned. He has since been free under a \$2,500 bond.

Judge Collie had earlier set Oct. 19 as the trial date, but the magistrate's illness forced postponement until the Nov. 16 date.

Prosecutor will be Earl Conner Jr., veteran Eastland County district attorney. The Battle case probably will be

Conner's final murder trial of his career as DA since his term of service ends Dec. 31. Conner was defeated for reelection by Perry Brown, Rising Star attorney.

Adding challenge to the coming trial is the fact that the Ranger Negro will be defended by Bill Hart, a fast-rising young Eastland attorney.

Battle was taken into custody by Ranger city police officers a few minutes after the slaying took place on Saturday, July 4, at 2:30 p.m.

Gonzales, the shooting victim, allegedly was creating a disturbance at the Little Gem Hotel, owned by the defendant. Battle, at the rear of the frame building barbequing some meat, rushed inside to stop the commotion. Gonzales reportedly pulled a

'Ladies for Lyndon' Get Praise From Chairman

Mrs. Vonceil Hopper of Ranger, chairman of the Eastland County "Ladies for Lyndon" committee, Saturday commended the group for its "fine efforts in working for a victory for the Johnson-Humphrey ticket."

DESDEMONA — Mrs. M. F. Roberts.

GORMAN — Mrs. Melvin Shell.

RISING STAR — Mrs. J. A. Dunn.

CARBON — Mrs. Hubbard Gilbert.

"Next Tuesday's victory — which will be assured if we Democrats get out the vote — will come in large measure from the enthusiasm and effort of these dedicated and devoted Democratic women," Mrs. Hopper said.

Mrs. Cliff Deaton of Wichita Falls and formerly of Cisco, daughter of the late Dr. and Mrs. Randolph Lee Clark, will be the main speaker. Mrs. Deaton will be accompanied by Mrs. Macon Boddy, Democratic state committee woman from Henrietta.

Governor Issues Proclamation On 'Food Is Bargain'

WACO - "Food Is A Bargain" time will be observed in Texas October 19 through 31 by official proclamation of Governor John B. Connally. Leslie L. Speir of Groves, president of Texas Retail Grocers Association, said the Governor's proclamation recognizes the achievements of food producers, manufacturers, wholesalers and retailers during the past two decades.

The "Food Is A Bargain" campaign is being conducted on a nationwide basis by the food industry. The Governor's proclamation cited the fact that "consumers in 1964 spend only 19 cents of the after-tax dollar for food, the lowest percent of adequate history."

"The food industry worked diligently to give consumers better fairer prices and has rendered the free of service of all our people for the welfare of the state."

Robert E. Crook, vice president of member Texas Retail Grocers Association, said Waco, expressed appreciation and recognition of this recognition of the industry.

Battle Murder

(Continued from Page One)

knife and lunged toward Battle, a World War I overseas combat veteran, who grabbed a .25-caliber automatic and blazed away at his attacker. The gun spewed out four fast shots. One bullet plunged through Gonzales' right chest, another pierced his left chest, a third ripped through his left jaw and the fourth bullet lodged in his forehead just above the hairline. It was the only slug which remained in Gonzales' body.

Turkeys Are On 'Plentiful List'

COLLEGE STATION — The most important ingredients for a traditional Thanksgiving dinner will be especially plentiful this November, reports the Texas Agricultural Extension Service.

Look for an abundance of turkeys, cranberries and apples — all needed for that special dinner.

Also designated plentiful by the U. S. Department of Agriculture's Marketing Service are beef, peanuts and peanut products.

Bigger turkey marketings during the three months preceding Thanksgiving and a larger cranberry crop than last year indicate heavy supplies of both of these foods. The apple crop estimated at 145.9 million bushels promises to be the largest since 1937.

Relatively attractive beef prices likely will continue through November, as beef supplies are expected to remain fairly large. A good peanut crop will probably send production slightly above last year, with heavy movement to market during November.

Eastland County Sheriff Lee Horn, Ranger Chief of Police Bill Ogden and Justice of Peace M. D. Underwood checked the corpse at a Killingsworth Funeral Home and attested that he had been shot four times.

Justice of Peace Underwood reiterated Friday that still missing since the mid-summer slaying is the knife which Gonzales is alleged to have used at the scene of the shooting.

Gonzales finally fell outside the front of the hotel and died 10 minutes later in Ranger General Hospital following futile emergency treatment. He had been rushed to the hospital in a private car by persons at the scene of the incident.

Battle probably will plead self-defense during his coming mid-November trial.

It'll likely be a colorful duel of legal wits pitting Hart, the defense counsel, against fiery District Attorney Conner, who'll be battling for a conviction.

For the TRUTH on SOCIAL SECURITY Look at the Record

Senator Goldwater's Answer on Social Security:

can think of no other word but lie, to describe the statements that I am opposed to Social Security, or as I would take any action to wreck or destroy the Social Security System. My record is clear. I have done more than just talk about Social Security. I voted to vote on it; and I say again — that the record is clear.

President Eisenhower, in his statement the other day, indicated with pride to his administration's record in improving Social Security. I share his pride in those accomplishments. I was there. I voted right down the line on behalf of Social Security. Anyone interested in the truth just has to look at the record. On July 17, 1956, I voted for the Social Security Act — the administration's pro-extended and increase Social Security coverage. The same month, I voted with the administration to support the line to resist unsatisfactory amendments to the Social Security Bill and finally during those historic days of voting, I stood with my party in voting for the significant liberalizing amendment that lowered the retirement age for women from 65 to 62. On August 1, 1956, I voted in favor of the administration's program to extend and improve the actuarial status and the public assistance benefits to provide for the maternal and child welfare health programs. I am, anyone who says I am against Social Security — and I say the record proves it."

TV Antenna Co. Offers Turkeys Free For Toys

Southern Television Antenna Systems, Inc., which offers television cable service in Cisco, Eastland and Ranger, has announced a special promotion to benefit the Christmas toy projects in the three towns. Raymond Thackerson, manager, reported that Southern TV would give a free turkey plus cable installation costs and 30 days of free service to non-users for connections through November 23 providing they donate any repairable toy to one of the three towns. Each year, local civic groups collect toys and repair them for use in annual boxes that are distributed at Christmas time to the needy families. "There's no gimmick to this offer," Mr. Thackerson said. "This is an opportunity for non-cable users to give us a trial without cost plus a Thanksgiving turkey." The antenna service sponsored a project last year that helped the civic groups collect hundreds of toys that went into the Christmas boxes.

First Negro Serves On Jury In This County

A bit of history was made in 91st District Court this week as the first Negro man and Negro woman were seated on juries. Several had been qualified for jury service before but had never been seated. Monday Mr. Leaman Martindale, Cisco became a member of a jury hearing a damage suit, and Wednesday, Della Lewis of Ranger was seated as a member of a jury which was to have heard an insurance claims suit. Mr. Martindale was also recalled for the second trial of the week. However neither Mrs. Lewis nor Mr. Martindale got to hear the second trial because the case was settled during the noon hour and the jury was dismissed after assembly. The second trial involved a Ranger man who was asking damages from the Texas Employment Commission. It was reportedly settled for \$600.

Autumn Vacation in the Southland

After leaving St. Louis, we went into Illinois and headed down into the southern states. The country was very beautiful as they recently had a frost and the leaves showed autumn in the air. Men were harvesting crops and baling hay.

We followed the Mississippi River to Tuplo, Miss., and went on down to Panama City, Fla. The hurricane got there about the same time we did, preventing our going further however, we did enjoy the white beaches and beautiful water.

Next came Mobil, Ala., where we had an interesting tour of the Bellingrath Gardens and estate which was "out of this world." Mr. Bellingrath was founder of Coca-Cola in Mobile, Ala.

The tour of Bellingrath was followed by a visit to Daphne Island, where we enjoyed seeing the old fort that guarded the bay to Mobile. The fort has been there many years. We drove along the coast west to Biloxi, Miss., and while there, caught up on our eating - delicious sea foods.

From there, we went to New Orleans and visited the Sidewalk Cafe. A sight-seeing tour on the S.S. President, which lasted two hours, was thoroughly enjoyed by Carol Ann. We crossed the Causway, which is 27 miles long, across Lake Pontchartrain.

From there we went to Morgan City, La., and on to Galveston, where Carol had lots of fun swimming in the Gulf. We visited relatives in Caldwell, spent the night in Burnet and saw Marble Falls and Granite Shoals, which just about completes the places we visited on our most wonderful vacation.

Dear old Eastland looked real good upon our return, especially 7-11.

Last weekend, Mr. and Mrs. James Horton visited in Longview with their son and family, Mr. and Mrs. Horace Horton. They also witnessed the beautiful fall foliage in the Ozarks and Missouri.

EASTLAND STUDENTS COP TWO HIGHEST ACT SCORES

Eastland High School graduates copped the two highest scores on the American College Testing program and Cisco High ranked second by placing four of her students in the top ten of the 150 Cisco Junior College freshmen who participated in the testing program. Veri Boan and Sharon Wilson, both of Eastland, tied for highest honors with a score of 97 each. This composite score was derived from an average test score on natural sciences, social sciences, English and mathematics. Stephen Bailey, Cisco, tied with Jack Mansfield of Merkel for an ACT score of 91 each.

Steven Boan, freshman from Eastland, smiles his delight as he is informed that he made the highest score of all freshmen in Cisco Junior College on his American College Test. Sharon Wilson, an Eastland High School graduate, ranked second with Stephen Bailey from Cisco third.

From the 150 who took the test, twelve scored in the top twenty five per cent of the nation's college bound freshmen. "Some of these tests were given during the senior year in the respective high schools and their scores came with their high school transcripts," said Dean E. W. Mince. "Not all freshmen have taken the tests yet but they will be required to do so during their freshman year. We may have some more high winners when all the scores are tallied." "These scores are confidential, especially the low ones," explained the Dean. "However, this testing gives us a general picture of the potential of our students. The score on the student's ACT test does not affect his college grade in any way but that rating is a part of his permanent record."

Rising Star News

An American soldier, a Rising Star man, Master Sergeant Joseph R. Walker, is one of the group of soldiers responsible for the building and maintenance of an orphanage in Vietnam, which rescued and became the home of hundreds of homeless war orphans, victims of disease and starvation, according to a dispatch from the U.S. Army Support Command at San Francisco.

Walker called his mother, Mrs. Gill Walker, from San Francisco last week telling her of his arrival in the states after serving more than a year in Vietnam. He will be stationed for a time at Fort Lewis, Washington.

The orphanage was established near Saigon in Vietnam after a French Priest had made an appeal to the U.S. Army for food, clothing, and shelter, necessary for 150 or more waifs made homeless by the ravages of war and disease.

The "project," according to Walker, "has had the cooperation of everyone, the Army, Air Force, U.S. Operations Missions and students from the Vietnam-American Association." The problems which faced sponsors in carrying out their project included sanitation, Vitamin deficiency and tuberculosis; but one by one these problems have been solved.

The children themselves never make a sound when the needle is used. It hurts, but they know that friends have come to help and Walker is one of those who came, who saw, and who did something about helping a nation to peace, leaving his mark in far-away Saigon in the form of a home for the homeless and helpless.

The North Star Home Demonstration Club met for their regular meeting at the club house Oct. 13. The day following, the members met and completed the quilting of a quilt which will be given away on the club's Achievement day in November.

Those who attended the bake sale in Eastland were Mrs. W. V. Fenter, Jess Perry, J. W. Morris and Tom Childers. The Club furnished four cakes and four pies for the bake sale, all proceeds going to the Eastland County Home Demonstration Council Treasury.

Winter Cover Crop Funds Still Available

Funds are still available for the winter cover crop practices in Eastland County, according to the ASCS county office manager, Jesse G. Meredith.

The rye cover crop practice is available to the farm effective 1964 peanut allotment, even though peanuts were not planted, he said. The vetch and winter pea practice is available to all farms, with a 100-acre limit per farm. Dec. 20 is the final date for seeding either practice.

The emergency grazing of Soil Bank has been extended to Dec. 31. To be eligible to graze this area, prior approval must be obtained and the grazing charge paid.

Peanut marketing cards are now ready for issuance upon request. Mr. Meredith issued a reminder that farms with excess peanuts may not receive cards until the excess is disposed of or a Form MQ-92 is filed.

Nov. 1 is the final date for requesting a waiver of the 1964 planting provision to preserve history. Also, the State Committee has determined that deliberate burning of any crop, other than flax, violates reasonable conservation principles and will be considered a practice to defeat the purposes of the Agricultural Conservation Program.

BROWSING with BEV.....

By BEVERLEY NICHOLSON Home Demonstration Agent Eastland County

Fabric manufacturers have offered consumers greater comfort in stretch garments. Now, prospective buyers need to be more discerning consumers. The comfort feature is keyed to America's accelerated way of life. Before buying a garment, consumers should determine if the stretch property of the fabric or garment really adds to its comfort in wearing, or is it just a promotional sales gimmick taking advantage of a new and different product.

Use of the garment should determine whether or not stretch is needed, how much stretch is needed, and where the stretch should be. Get the correct type of stretch for a garment, and give it proper care.

In selecting garments or fabrics of stretch, the direction of the stretch is important. Today's fabrics have warp, lengthwise or vertical; filling, cross-wise or horizontal; and two-way stretch, a combination of warp and filling.

For longer wear, an extra margin of stretch is recommended. Research results on the amount of stretch desired show Tailored clothing, horizontal stretch, 25 to 35 per cent; pants with stirrups, vertical, 40 to 60 per cent stretch; sportswear, horizontal, 25 to 40 per cent.

Sizing of stretch garments should follow regular sizing methods. Stretch garments have the advantage of a tailored smooth fit, yet provide for movement when it is needed. They are not intended to be worn skin-tight.

In caring for stretch garments, give them a chance to relax and snap back into shape often. Let the garments rest between wearings. Launder and press in relation to the most heat-sensitive fiber. Read labels for fiber contents and care procedure.

A son, Kenneth Dwayne Willman, was born in Baylor Hospital in Dallas to Mr. and Mrs. James Edward Willman, Oct. 19.

He is the grandson of the late Edward F. Willman and Mrs. Willman of Eastland; and maternal grandparents are Mr. and Mrs. E. R. Clarkson of Dallas.
