PRESIDENT ROOSEVELT GIVEN FREE HAND

Before final adjournment, the lame duck congress voted Franklin D. Roosevelt broad powers to cut government expenses on his own initiative. Now it is for him to swing the ax as well as to make the pruning knife a valuable weapon or agency in reducing the cost of government and weeding out the wild extravagances of federal departments and federal office holders.

Chiefs of departments of government made a last stand and defeated many plans for sweeping reductions in appropriations as well as the elimination of wasteful inactivities which are worthless to the people and the government and are of value only to hrdes of office holders on the payroll of Uncle Sam. 1

The Lone Eagle of Idaho, William E. Borah, said it all He favored a cut in all departmental appropriations. He defended congress. He said: "Congress has been criticized all over the country for being extravagant when as a matter of fact every effort made for economy HAS BEEN DEFEATED BY THE DEPARTMENTS." He clinched his argument by placing this in the record of the adojurnment and extending back into the soliday proceedings of congress: "The real fight against economy in this country has come in the last 50 years from the heavy duties, discussing the death executive departments. THERE IS WHERE THE EXTRA- of John the Baptist; their varied VAGANCE AND WASTE IS."

Science has made a new discovery about body odor. It is caused by state perspiration curds, and requires deep-pore cleansing. It cannot be ended

by ordinary soaps, because their slug-gish lathers cannot reach into the pores and cleanse them. Instead the soap combines with the waste mate-rial and forms clogging curds!

Kirk's Coco Castile soap works in an entirely different way. No matter how hard the water, this 100% pure vegetable oil soap breaks instantly into a searching, bubbly lather. This bubbly lather cleans deep into the pores, actually removes the embedded stale perspiration curds—then rines out completely, and in a flash. Thus it ends body odor at its source!

Delightful to use, Kirk's Coco Castile is entirely free from M. S. (medicine smell). And stimulating to the skin. A big generous cake, half again larger than the average toilet soap, and now, at the lowest price in history! At this new reduced price, it is America's outstanding soap bargain. Be sure to ask for Kirk's Castile by name—at your grocer's
