Proposed County Juvenile Board Measure Still Has Several Hurdles

The bill to create an Eastland County Juvenile Board is believed to be in committee and not likely to be passed by the legislature until mid-May or early June, County Judge Scott Bailey surmised this week.

The measure, labeled House Bill No. 986, was introduced by Rep. Wayne Gibbens at the request of Judge Bailey, county juvenile officer. Considered a "local bill," the measure isn't expected to face any opposition.

3 Trustees Re-Elected

Dr. Bob Alexander, W. L. Griffen and Virgil Seaberry Jr. came up "top three" men in the uncontested Eastland School Board election Saturday, according to Wendell Siebert, school superintendent.

These incumbents will serve three year terms, Siebert said.

Eastland's school board met Tuesday night for the purpose of electing officers.

The following officers were chosen: J. T. Gregory, re-elected president; Dr. B. B. Alexander, vice president; and Dr. F. H. Lund, secretary.

The Mavericks will have boys entered in both the Freshmen and the Senior division.

Hart and 2 Incumbents Are Elected

Incumbents Frank Deaton and Dr. M. A. Treadwell and newcomer Bill Hart will be sworn in as Eastland City Commissioners at the next regular monthly meeting, Monday, April 19, after Tuesday's election results are tallied.

A light turnout of voters, 211, gave Attorney Hart the top vote with 172, followed by Deaton's 168 and Treadwell's 162. W. Q. Verner drew 146.

As written, the bill would require an election by qualified voters in the county within 90 days after passage by the legislature. A state-wide constitutional amendment is anticipated for July, and the local matter might be held in conjunction with that vote, it is reported.

Purpose of the juvenile board in the county would be to provide a broader base for handling juvenile matters, Judge Bailey said. The bill provides that the county judge, the district judge and a third party to be selected by them, would comprise the board, each member to receive an additional compensation not to exceed \$1,200 per year, at the discretion of the commissioners court.

The third member might conceivably be a woman from one of the other towns in the county, Judge Bailey said. He lives in Cisco and District

Possibly such a board could serve as sort of a probation authority with juveniles to help cut down the number of "repeaters" — those who are returned to corrective institutions for more than one time. The board would also serve in an advisory capacity on juvenile authority remaining with the county judge.

A "juvenile officer" could be appointed by the board. (Continued on page 4)

MICKEY ROGERS

Mickey Rogers Is Manager At Fredericksburg

Mickey Rogers, formerly of Eastland County, recently became manager of Piggly Wiggly's store in Fredericksburg. The youngest store manager of the Piggly Wiggly chain, Rogers is a 1959 graduate of Carbon High School and is the son of Mr. and Mrs. C. L. Rogers of Carbon.

He is former assistant manager of Store No. 28 in San Antonio; also, of Worth Food in Cisco.

Division Manager of the San Antonio Division of Shop Rite Foods, Inc., Art Thompson said, "We have been training Rogers for a position of responsibility and he has met every challenge with flying colors."

His father is an Eastland courthouse employee.

AT A&P FIRE — Firemen converge to the area in the A&P Grocery Tuesday night where fire did extensive damage to the west wall near the front of the store about 9 p. m. The blaze was believed to have started in the refrigeration unit where frozen foods are kept, adjacent to the fresh produce station. A fireman here goes up the ladder to check ceiling damage. At left foreground is Fire Marshall Guy Robinson and at right Fireman Joe Herring. Between the two, can barely be seen Johnny Grimes who was checking the freezing unit area. (Staff Photo)

Plenty of Volunteers Stand By at A&P Fire

There were some 125 local and area firemen available when the A&P Grocery Store on the south side of square in Eastland caught fire Tuesday night.

The fire started in a refrigeration unit located on the west wall, near the front of the store, and damage to that area, and smoke and soot damage throughout the store, was heavy.

The alarm went in at 9 p.m., as the Eastland Volunteer Fire Department was hosting a district fire meeting, with visiting firemen in town from Cisco, Ranger, Breckenridge and other area towns.

Firemen, their wives and families were gathered "just around the corner" from the burning store, in the Fellowship Hall of the First Christian Church.

Sgt. Jack Jordan of Abilene, a Department of Public Safety Weight and Measure Patrolman in town with a unit for a routine check-point operation, is credited with spotting the blaze and smashing the front door of the store to determine the extent of the fire and notify firemen. Jordan received a severe cut on his hand in so doing and was given emergency treatment by an Arrington Hamner Funeral Home ambulance driver and taken to Eastland Memorial Hospital for further treatment.

The fire was leaping upward and was believed just about ready to ignite the ceiling of the store when Chief Wayne Jackson and the firemen brought the three-alarm fire under control about 9:25 p.m. Only the small pumping unit

was utilized, but hoses were laid to plugs in readiness should the fire have got out of immediate control.

Damage was estimated at "several hundred dollars."

Ranger Worth Mart Robbed; Leads Scarce

Still at large and unapprehended Wednesday afternoon were two Negroes who brazenly robbed the Worth Food Mart in Ranger shortly before noon Tuesday and fled in a Cadillac bearing California license tags.

J. W. Boggus, manager of the store, said the amount of cash and checks taken in the daring, daylight burglary was unknown.

A statewide alert continued to be out Wednesday afternoon.

Only three employees were in the food market at the time of the robbery — Pete Miller,

butcher, Mrs. Vivian Hart, cashier, and Everett Noth. The theft occurred at 11:45 a. m. Miller called the Ranger Police Dept. about 11:50.

The two unnamed Negroes came into the store about 11:30 and purchased four slices of bologna from Miller. They also picked up a can of baby food and a box of crackers.

Mrs. Hart was beginning to check the contents of her cash register as the two men left her check stand and strode out the front door.

'Late Registrants Are Big Problem in Eastland County'

"Late registrants for the draft in Eastland County are a problem," according to Mrs. Jewell Reeves, board clerk at the Petroleum Building, Eastland. To keep books straight and to comply with the law, men are required to register on time, which is within five days after reaching the age of 18 years.

A new policy regarding registrants for draft determines that all young men registering a week (or more) late will be asked to appear before the board in person to explain their tardiness. Official consideration will be given by the board, declaring these men delinquent under law and processing them for armed forces induction ahead of other men in this age group. This policy was announced by Mr. K. B. Tanner, board chairman.

Registrars, maintained for the conveniences of young men, are as follows:

Mrs. Reeves, Eastland; Mrs. Lila Riddings, court house, Breckenridge; Mrs. Thelma Albright, chamber of

commerce, Cisco; Mrs. Mae Belle Olyyer, Retail Merchants, Ranger; Graydon Baze, Postoffice, Gorman; and Mrs. Agnes White, City Hall, Rising Star.

Members of the board include P. W. Pitzer Jr., co-chairman, Breckenridge; H. Sterling Drumwright Jr., Cisco; and Bob Perkins, Eastland.

JUVENILE

(Continued from page 1)

Overall, Judge Bailey said, juvenile problems in this county are somewhat better, but need for proper management continues.

The measure to create the Eastland County board is based on Article 5139, Revised Civil Statutes of Texas, 1925, and there are many other such boards throughout the state. The election would be a "for" and "against" proposition, with a majority necessary for passage. In most other counties the boards have been created without the benefit of local election, it was reported.

Powers conferred on juvenile boards under Article 5140, are as follows:

"Such board shall neither have nor exercise judicial power or function. In the event such Board desires to make inquiry as to whether any child should be adjudged either dependent, neglected or delinquent, it shall have power to direct one of the probation officers of said Board to file against such child in some court of such county having jurisdiction to hear and deter-

mine such complaint. Such board or the members thereof may be present at such hearing, either in person or by one or more of its probation officers and make such inquiry concerning such child as may be proper under the established rules of procedure in such court."

Article 5142 gives such a juvenile board authority to appoint "discreet persons of good moral character to serve as juvenile officers, for periods not to exceed two years."

In counties having a population of less than 80,000 (Eastland, for instance), one juvenile officer may be appointed by the Commissioners Court, when in its opinion, such officer is needed, who shall receive a compensation not to exceed \$125 per month. (Later revised to \$200 a month).

"Such (juvenile) officers shall have authority and shall be their duty to make investigations of all cases referred to them as such by such Board; to be present in Court and to represent the interest of the juvenile when the case is heard, and to furnish to the Court and such assistance as such Board may require, and to take charge of any child before and after the trial and to perform such other services for the child as may be required by the Court or said Board, and such juvenile officers shall be vested with all the power and authority of police officers or sheriffs incident to their offices."

ROBBERY

(Continued from page 1)

After eating the bologna and other food outside, the pair went back into the store and after one quickly grabbed a bag containing currency and checks and raced out to a maroon and white Cadillac parked on South Austin Street. A witness said the auto bore California tags with a "BIW" prefix.

The car was identified by witnesses as a 1963 or 1964 model. Reports were in conflict, however, as to which direction the vehicle left the city.

Miller told Police Chief Bill Ogden that he could "positively" identify the pair. He said the largest of the two men was tall and heavy set, wearing a derby hat, and the smaller man was bareheaded and wore a T-shirt.

Eastland County Sheriff Lefty Sublett and State Highway patrolmen assisted Chief Ogden in his investigation.

In December of 1963, Newlyweds Millie and Bill Splawn pleaded guilty in 91st District

Court to the March 8, 1963 robbery of the Ranger Worth Food Mart, and were sentenced by the late Judge T. M. Collie.

Millie drew a five-year sentence and Bill a 10-year term. Both are still serving in Texas prisons.

John Blackwell was found guilty and given a five-year suspended sentence as an accessory to the robbery.

Approximately \$900 was taken in the 1963 robbery.

Two men were surprised during the burglary of the same store in November of 1964. The two plead not guilty, posted bonds of \$5,000 each, and are still free.

The pair was arrested at the scene about 10:40 p.m. by Ranger policemen.

dricks of Eastland were summoned to the scene and began immediately the operation of "cleaning up." The manager and his staff spent most of Tuesday night and Wednesday morning wiping soot off counters, opening at noon. Huge fans were called on to draw the amassed smoke from the building.

An automobile crashed into the front of the store about nine months ago in mid-afternoon resulting in heavy damage, but no injuries.

The downtown excitement attracted hundreds of onlookers Tuesday night, as local volunteers, many of them in dress clothes, battled the blaze, armed with visiting standbys ready to help if the need had arisen.

It takes about 15,000 ordinary pins to weigh a pound.

Cape Canaveral was named by Spanish explorers for the cane-like reeds growing there.

Put telephone wires underground and you've put them in a safe place. Safe from wind, rain, hot weather, cold weather, stormy weather. All around safer from the kinds of trouble which can affect your phone service.

That's why this year Southwestern Bell is spending \$10 million burying hundreds of additional miles of telephone cable underground. In effect, buying life insurance for your telephone service.

There's another benefit. New jobs will be created. Some in the telephone business and an estimated 500 new jobs among the hundreds of firms which sell supplies, services and materials to the telephone company.

This is a 1965 communications bonus. Part of a massive construction effort to make the world's best telephone service even better.

Bruce, Three Incumbents to Water Board

A total of 378 votes were cast Tuesday in the annual election of directors of the Eastland County Water Supply District in Ranger.

Only 35 votes were cast in the Eastland Precinct in the Eastland County Water board election Tuesday. Both M. L. Perry and H. T. Wilson, who were unopposed, were re-elected. There was no substantial write-in. Election Judge E. E. Layton said.

L. Bruce, new candidate, and James Smith, incumbent seeking a second two-year term on the ECWSD board, were unopposed in the referendum.

H. G. Adams Jr., well known Ranger groceryman and an unannounced candidate, polled an amazing 112 votes as a write-in candidate.

Voters balloted during the day at the offices of the Ranger Chamber of Commerce. A. H. Powell was election judge.

The unofficial results: L. Bruce — 257. James Smith — 217. Write-in votes: H. G. Adams Jr., 112; Joe Dennis, 10; Felton Brashier Sr., 4; Buck Wallace 2; Gaston Dixon 2; Felton Brashier Jr., 2; Rip Galloway 1; Joe Scott, 1; Frank P. Kribbs, 1; Bill Anderson, 1.

Washington

"As It
Looks
From
Here"

OMAR BURLISON
Congressman
17th District

WASHINGTON, D. C. — Many proposals now before the Congress would have been almost unthinkable a few brief years ago. Doubtless some of the ideas and the philosophy behind them have been in the minds of many who are now the chief sponsors, but until recently they had little hope of seeing such enacted into Law.

Programs involving billions of dollars are being passed as if the Government had the money to pay for them. Even this is not the most serious aspect. The most serious part is the attitude that it is all right to violate the Constitution in the name of securing other alleged Constitutional rights. On this line of reasoning the fact that police powers are sometimes abused by local officials, and that they have in some places been beyond question, becomes an argument, not for halting the abuse but for eliminating local powers.

Another legislative landmark was established last week with the passage of a Federal Aid to Education Bill. This measure has a little something for many areas, and it was so designed to get support for it. The fact that a Federal official, namely the Commissioner of Education, is given broad and almost dictatorial power over the administration of the measure does not seem to be any great objection. Federal controls are spelled out in the measure, and yet it is said by the proponents that control is not to be exercised over local schools.

Another measure soon up for debate is Medical Care for the Elderly. Many people have been led to believe that a clear choice is possible between so-called Medicare and Eldercare. As a matter of fact, neither of these approaches is directly identifiable in the measure just agreed upon by the Ways and Means Committee. The Bill which will be brought up for decision will be presented under what is commonly known as a "closed Rule," which means it is a "take it or leave it" proposition, not subject to amendment.

The Bill will be a combination of Medicare, Eldercare, additions to the Kerr - Mills Act, and a number of other provisions not yet well publicized. It will be more than 200 printed pages in length and virtually every word will be meaningful.

The impact of this complicated and far-reaching legislation on the Nation's economy and on the health of the people can not, at this point, be thoroughly understood by anyone, including many Members of Congress. The measure as it has been developed by the

Ways and Means Committee deserves public hearings in its final form. The public interest can not be served by undue haste in pushing through Congress a bill so vitally important to the people. For instance, it should be made crystal clear that the working man, young people just beginning efforts to make a living, are going to be taxed to provide health care for every person over the age of 65, regardless of their financial need.

A justified increase in cash retirement benefits under Social Security is also a part of this Medicare Bill. This same feature was lost in the last Session of Congress because it was a part of a similar measure rejected by the Congress.

By reason of the high cost of living, many people who have earned their Social Se-

curity are being deprived of a part of it. This is a matter which should be handled separately, and not have to carry the burden of other highly controversial issues.

State Capital NEWS

By Vern Sanford

AUSTIN, TEX. — A goodly number of the 3,000 Texans who gathered in Washington for President Lyndon Johnson's inauguration went through the sort of celebration — on a much smaller scale — in Austin Monday and Tuesday.

Following Monday's early-afternoon State Democratic Executive Meeting, the round of State Inaugural parties be-

gan. One of the best-attended was a reception in the Gondolier Hotel for House Speaker Ben Barnes of DeLeon and Dan Blocker (the "Boss Cartwright" of Bonanza fame).

"Boss" was a headliner, along with TV celebrity Edie Adams, at the \$25-per-plate Democratic Victory Dinner, honoring Gov. John Connally, Lt. Gov. Preston Smith and other party winners.

Following the solemn ceremony of the swearing-in of Connally and Smith on Tuesday, another round of lunch-

eons and receptions began. Gov. and Mrs. Connally received thousands of visitors at a reception in the Governor's Mansion, across the street from the Capitol.

Connally's kind of celebration, heavy of the folksy flavor, is a far cry from the former custom of a series of governor's bills on the eve of inauguration.

Bill Filing Begins — First bill filed in the House of Representatives was one by Rep. Maud Isaacks of El Paso — only woman member in the

House. It would allow youngsters 15-1/2 years old to obtain drivers licenses if they pass approved drivers education courses. It's designed also to abolish the special motor scooter and motor bike licenses.

—A measure which sponsors say will raise \$10,000,000 in tax money for the State, during the next two years, has hit the legislative hopper. It is not a liquor by the drink bill. But it would make available to people dining in

Texas restaurants tiny, 2-oz. (or less) bottles of distilled spirits.

Bill calls for an annual license fee of \$500 from each restaurant providing the service. Sponsors claim it will encourage tourism while at the same time will not permit open bars.

Measure was introduced in the upper house by Sen. Jim Bates of Edinburg and in the lower house by Rep. Willis Watley of Houston.

Bills which would put poll tax repeal on the

Nov. 1966, ballot — via constitutional amendments — have been introduced in both houses of the Legislature.

A proposal by Sen. Franklin Spears of San Antonio also would try to extend the vote to all military personnel who qualified under residency requirements presently applicable to other Texas voters. House measure, co-sponsored by Dallas Representatives James W. Stroud and Cooper Blankenship, specifies that military personnel could vote only in the county in which

they resided at the time they entered the service.

A plan to discourage the purchase of imported beef by Texans was laid out by Sen. Dorsey B. Hardeman of San Angelo.

His proposal would make it illegal — subject to fines up to \$500 and a jail sentence — to sell imported meat, unless the grocer displays a sign six by 12 inches large, with the words, "Imported Meat Sold Here," and labels packaged meat, "Product of . . ." stating country of origin.

Carbon MOD Nets \$70 From Talent Show

The March of Dimes talent show, held recently at Carbon High School, turned out to be a huge success, according to Don Nicholas, chairman of the show. Approximately \$70 was made for the March of Dimes fund that night. Mrs. Truman Bryant is chairman of the fund.

Pies and cakes contributed by the women were sold before talent show workers had a chance to auction them off, Nicholas stated.

Among the talent presented was Louise Dorsey of Eastland, doing a comedy skit in which she was "Cousin Matilda"; From Gorman High School was a gospel singing group called "The Continentals"; and from Carbon, "The Free Lancers."

Many thanks are extended to those who helped by presenting their talent which made the show the success it was, Nicholas said.

Independent front suspension takes the "truck" out of truck ride. It smooths rough roads, protects truck, driver and cargo from excessive jolting. And on Chevrolet pickups it's a proved system with millions of miles of user experience behind it. Try it out on one of Chevrolet's great Fleetside or Stepside pickups. It's one of the big reasons that Chevrolet is first choice with pickup users from coast to coast.

Clues Scant In Store Break-In

County and local officers were without any clues at mid-week as to the identity of the person or persons unknown who broke into Montgomery Ward & Company's Ranger store sometime before dawn Saturday.

Monroe Myers, an employee, discovered the break-in Saturday at 8 a.m., and the local police department was notified.

Entry was made by jimmying a back door of the store. A safe in the first floor office containing credit records, etc., was unlocked, but the looters turned it over spilling the contents.

On the second floor the offices of Manager Harold Turnipseed was visited. A safe containing several thousand dollars in cash was tampered with, the hinges smashed, etc., but they failed to gain entry.

Only loot taken by the person or persons unknown was 30 or 40 cents in change taken from a soft drink dispenser.

Surplus Loot Up For Claims

The thieves have been captured and confined, but there is some "leftover loot" and if it belongs to you, you're welcome to it.

That's the word from County Sheriff L. E. (Lefty) Sublett who reports that four items remain from a cache recovered in this area recently. His department recovered a great deal of stolen property for the Fort Worth Police Department in connection with a robbery ring, and the culprits have been tried and sentenced, but there four electric items are extra and were not a part of the Fort Worth robberies.

These items include a Bell and Howell Headliner slide projector; an 8mm Keystone movie projector; a Sears hair dryer; and a 19-inch Westinghouse portable television.

So if you've recently lost any of these items and can properly identify same for the sheriff, you can retrieve them.

PROGRESS OF CEMETERY HISTORY STUDIED AT MEET

The County Historical society board of directors met last Monday at 5 p.m. in Cisco at the Community Room of the First National Bank. Representatives of each town were present, according to Mike Collins, chairman of the Eastland County Historical Survey Committee, who stated that an area meeting of the 15 counties (Region Three) will be held April 17 at the White Elephant Restaurant in Eastland.

Those present at Monday's meeting discussed progress of cemetery reports, which is the committee's current project. A search is underway for Civil War graves, Collins stated, and Boy Scouts of the County will participate in this project.

It is the members desire to obtain enough information on cemeteries in the county to have a map drawn up showing the location and names of them. Incidentally, there are about 75 cemeteries in the county, according to Collins.

A campaign has been launched to begin work on town markers for Eastland County. It is the Historical Survey Committee's wish that every town in the county will have a marker. If this is done, it will create interest in historical events and preserve the history of the towns.

The marker for Fort Blair will be completed by early summer and plans are being made for the ceremony, Collins said. Also, it will be the only county in the state of Texas in which every town has a state marker.

The two committee members who were named at this meeting are Judge Scott Bailey, legislative committee; and Helen Murrell, history and tourist committee. Mrs. Lee White of Rising Star is chairman of the historical marker and land marks committee. Collins stressed that markers must be ordered through Mrs. White.

Mr. and Mrs. Herman Pearce, Jack Evans and son, Mike, spent the weekend at their lake cottage. They are from Monahans and Crane.
