THE MAVERICK MENTORS — Coaching staff for the 1964 Eastland High School Mavericks is made up of these play-callers: from left, Backfield Coach Denson Moody, Head Coach Millard Glass, Line Coach Harold Price, and Junior High School Coach Kenneth Norris. The Mavericks first outing of the season will be Friday on local sod against the Comanche Indians with kick-off time set at 8 p. m.
(Photo by Cotton's)

Fullen Motor Co. Expansion Work Is Under Way

The Fullen Motor Company is renovating the old service station to the west of their office for more space for their Chevrolet cars.

The purpose of the tearing down the building, is for more room for parking their cars, reconditioning used cars, and for a new wash rack.

The building which runs north and south is going to be moved back to provide more room for the working of the mechanics and provide more room for the entire business, according to Morris Jones.

WILSON REUNION

The children of the late Mr. and Mrs. J. L. Wilson are having a family reunion at the Eastland City Park, Saturday night and Sunday, September the fifth and sixth.

All relatives and friends are cordially invited to attend the reunion and the Sunday luncheon.

Co. GOP Meet Set For Sept. 10

A County Republican meeting will be held at the County Courthouse Thursday, Sept. 10, at 7 p.m., it has been announced.

The public has been invited to attend.

Mr. and Mrs. Bill Cooper and children of Morton Valley have returned from a week's vacation to Red River, N.M. and Colorado Springs, Colo. where they especially enjoyed the cool climate.

50+ Formally Invited to Special Industrial Meet

Invitations have gone out to over 50 Eastland County residents to attend the special meeting with Texas Industrial Commission officials to be held in Eastland next Tuesday at 2:30 p.m. in the County Commissioner Courtroom.

The meeting was called after Gov. John Connally requested that the Commission consider Eastland County as a pilot site for an industrialization program for the state. Harry Clark, executive director of the Commission, has announced that a Community Development porgram has been conceived and possibly could be tested in this county.

Gov. Connally sited the county as a pilot site during a visit here in early 1962 when he was campaigning for the top state position.

Accompanying Clark will be Larry Milner, Commision staff member and former Cisco chamber of commerce manager. Judge Bailey spoke on the meeting for the Eastland Lions Club Tuesday noon. At that meeting the judge said that it was his impression from talking and corresponding with the state officials that the success or failure of such an industrial project for the county will hinge on the cooperation of all persons within the county.

Formally invited to the meet are:

Eastland — J. M. Cooper, Beverly Nicholson, Victor Cornelius, Bill Hoffman, H. V. O'Brien, Tom Wilson, James Smith, Virgil Seaberry, Frank Sayre, Don Pierson, Mike Collins, Jay Staggs, Roy Lee Smith, Sgt. Roger Sosebee, Mrs. Marene Johnson, R. P. Haun, Jr., Mrs. Arthur Murrell and Mayor Frank Deaton.

Cisco — Al Anderson, Mayor John Webb, J. W. Sitton, Dr. E. E. Addy, Tom Stevenson, James McCracken, Richard Moore, Grady Hogue, Jack Cozart and Gene Abbott.

Ranger — Mayor Morris Newnham, A. E. Crawley, Grover Lee, C. B. Pruitt, W. T. Eaton, Theodore Nicksick, Glyn Gilliam, Lester Crosley, Houston Moore, Don Yarborough and Gerald Dugan.

Gorman — Gene Baker, Joe Collins, Merlin Shell, James Myers, Eric Arnold, D. B. Warren, Claude Fuller, and Ross Wilson.

Rising Star — B. A. Butler, John Pruitt, G. A. Dunn and Walter Smith.

Carbon — Merritt Dunn.

Wet August Brings Total Near Normal

After the "dryest" three-month period since 1911, Eastland has just had the "wettest" August since 1914.

According to James Smith, official weather observer, Eastland had 5.83 inches rainfall in August. The average August rainfall is 1.77 inches.

In 1914, Eastland had 7.83 inches in this end-of-summer month and only twice in the intervening years has this monthly total passed five inches with 5.28 in 1920 and 5.13 in 1914.

So far this year, Eastland has had 15.78 inches, compared with 15.25 during the same period in 1963. The average for the first eight months is 17.36 inches.

Approval Granted for Emergency FHA Loans

Eastland County was approved by Farmers Home Administration Tuesday for emergency loans because of drought, according to a telegram received from Congressman Omar Burleson.

This program will be in effect until June 30, 1965 and is designed to aid those farmers who are unable to obtain credit from local sources, because of the 1964 crop - killing drought, Mr. Homer Cole of the Eastland Farmers Home Administration office, said.

Approximately 50 per cent of area farmers were unable to plant this year, it is estimated.

The loans, made at 3 per cent interest, could possibly run up to $30,000 for farm operating expenses.

Mr. Cole said that his office would begin accepting applications as quickly as the necessary forms are obtained, and the public will be notified when to begin inquiries.

This brings to two the number of emergency drought programs for the county and another is pending. Permission was granted recently for emergency grazing of soil - banked land, and an emergency feed program is awaiting USDA okay.

THE TEXAN DRIVE-IN JEST for fun

Son: "Dad, why is a man only allowed one wife?"

Dad: "Son, when you grow up you will learn that the law protects him who can't protect himself."

Call Issued For Unused Glasses

Those old or unused eyeglasses which many people have lying around the house are urgently needed by the poor the world over, according to Jack Arrington, Manager of Arrington Hamner Funeral Home in Eastland.

Arrington has volunteered to collect discarded eyeglasses for distribution by New Eyes for the Needy, Inc., of Short Hills, New Jersey, which is a non-profit organization that has helped over a half million people without ever asking for a penny. Their sole purpose is to help provide better vision for those who cannot afford to buy glasses themselves.

Eastland County residents, or others, who wish to help this worthwhile cause may bring their discarded glasses to Arrington Hamner Funeral Home in Eastland. The glasses will be wrapped and sent to the home office of New Eyes for the Needy.

According to Mr. Arrington, New Eyes for the Needy, founded by Mrs. Arthur E. Terry in 1932, collect eyeglasses, broken jewelry (both real and costume), and pieces of precious metal. The work of sorting, testing, overseas packaging, and acknowledging the thousands of pairs of glasses is carefully done by volunteers.

"All metal - framed glasses and jewelry are sold to a refinery," Arrington said, "and the redeemed cash is used to purchase new prescription glasses for the indigent in the United States. The unbroken and reusable plastic-framed glasses are tested and sent abroad to medical missions and charitable agencies that are equipped to dispense them properly."

Mr. and Mrs. Clyde Bishop and daughters, Clyda Sue and Beverly Ann, of Abilene visited recently with Mrs. Avie Allgood and Mr. and Mrs. E. D. Allgood.

BREAD of Life

Continue in prayer, and watch in the same with thanksgiving.—Col. 4:2.

O Thou by Whom we come to God,
The Life, the Truth, the Way!
The path of prayer Thyself hast trod:
Lord, teach us how to pray!

City Gifted With Gravel

The Eastland Police Department has about two and a half yards of gravel now. They got it Sunday afternoon.

To be specific, they picked it up off Highway 80 just west of Ammerman Street. They don't know whose gravel it was or exactly how it got on the highway.

Apparently the driver of a loaded gravel truck was going to change gears and moved the wrong lever.

All the police know for sure is that they had to direct traffic while the city employees scraped up and loaded the gravel, then hauled it to city property where it is being stored.

Mavericks Indian-Hunting Friday in Local Stadium

The Eastland High School Mavericks will be stampeding the local stadium Friday night attempting to route the Comanche Indians in the first grid class of the season.

Kick-off time is set at 8 p.m. and a capacity crowd is expected to see the locals launch their new year.

This clash has been the Mavericks' for the past two years, with Eastland downing Comanche, 12-7, last year.

The light and young Mavericks are expected to take to the air for their ground gaining behind the tossing of Quarterback Jerry McCullough.

According to an earlier report by Backfield Coach Denson Moody, passing will be a team asset this year with a shortage of size and speed. "McCullough has improved tremendiously in handling the ball," reports Moody. Johnny Moylan, another backfield running ace is also coming through for action, the coach said. Gaylon Griffen will carry the fullback duties and Mickey Sargent at wingback.

Head Coach Millard Glass has pegged the average weight of his team somewhere between 150 and 155 pounds, and cited "desire" to play as the team's strongest point.

Coach Harold Price, line coach, reports that although the linemen are relatively small, they are powerful. Veterans on the line will be Gary Rollins, Danny Phillips, Wayne Waldon and Mike Miller. Miller, an end, will be on the strong side and will be a frequent pass ttarget, it is reported.

Coach Glass has evaluated Comanche as a light team too, but improved. The coach also emphasized the importance of support from the fans of the Mavericks.

According to reliable sources, the Comanche mentors had to revise their offensive backfield during the past two weeks, when the leading scorer for the Indians last season got married and dropped out of school. Also a senior letterman, and largest player in the backfield decided to not play football this season. This left the Indians with only five backfield men who had played any varsity ball — a sophomore, a junior and three seniors.

In a controlled scrimmage against Burnet last week, the Indians came out with two touchdowns to their opponents one.

The Mavericks came out short in a scrimmage against Hamilton Friday when Hamilton scored once.

Probable starters for the Mavs Friday night are as follows:

Jerry McCullough, quarterback; Gaylon Griffin, fullback; Johnny Moylan, halfback; Mickey Sargent, wingback; Garry Rollins, tackle; Butch Phillips, tackle; Wayne Waldon, guard; James Fullen, guard; Bill Boles, center; Mike Miller, end; and Larry Wilson, end.

Tickets will be available at the gate.

Term Begins; Enrollment Up

School got underway in Eastland Tuesday morning with an increase of 39 over last years' opening enrollment.

This year there are 797 students, with 237 in high school, 150 in junior high (seventh and eighth grades), and 410 in the elementary grades.

Mrs. Harold Durham, Principal of the elementary school, will be teaching during the afternoon. She will be in her office at the school each morning and will be glad to hold interviews with parents between 8:30 a.m. and noon, she said.

Pep Rally To Launch Grid Season

The first Pep Rally of the Maverick football season will be held at 6:30 p.m. Thursday, on the south side of the square.

The Eastland High School cheer leaders, Kathy Kingaid, Sue Underwood, Sherry Jo Butler, Julie Elrod, and head cheerleader, Sharon Sayre, invite all the public to attend and cheer the Mavericks on to victory.

Bids Asked for Re-Modeling And Cooling Post Office Here

General Services Administration, Dallas, is soliciting bids from small business firms for the following air-conditioning and lighting projects at the Eastland post office.

Bids are being solicited for removal of skylight, new roof, new aluminum front entrance doors, repainting exterior stonework, repairing walks and driveway, interior and exterior painting, miscellaneous repairs, new boiler, conversion of heating system to hot water, general airconditioning (approximately 17.5 tons), and imporved illumination at the U.S. Post Office, Main and Green Streets, Eastland.

Bids for both projects will be publicly opened and read at 3 p.m., September 24, 1964, in the GSA Business Service Center, 1114 Commerce Street, Room 101, Dallas, Texas 75202.

Firms wishing bid forms or other information on either of these projects may write the Business Service Center or call RIverside 9-3355.

Old Rip Event Saturday

The Old Rip Scrip drawing enters its sixth month of life Saturday, when the drawing will be held on the west side of the square at 2 p.m. The hopper is at Eastland Drug.

Since the first drawing, the Chamber of Commerce and the participating merchants have given away approximately $950 in Old Rip Scrip. Some of the scrip is being kept by the winners, either as souvenirs or possibly for Christmas shopping, since the scrip is good indefinitely. Most of the scrip won, however, has been redeemed within two weeks of the date it was given.

James Smith, Chamber of Commerce President, says, "We've been well pleased with the response to this drawing. The summer heat and vacations have lowered our attendance somewhat, but we are sure that the attendance will soar with the start of school.

"We will continue to hold the drawings as long as both the merchants and customers participate as actively as they have in the past."

At each drawing, there are four tickets drawn: one for $50.00, one for $30.00, and two for $10.00 each. The Chamber of Commerce wants to give away some eight or nine hundred dollars between now and Christmas. If you are interested, ask the merchants for tickets each time you make a purchase, deposit the tickets in the hopper, bring your stubs and come on down to the drawing.

VISIT IN OLDEN

Mr. and Mrs. Charles M. Hutto, Jr. and Charles Randy of Shepherd, Texas, visited recently in the home of his parents, Mr. and Mrs. Marvin Hutto of Olden.

Mr. Charles Hutto is head of the agriculture department of the Shepherd school system.

Lake Leon Is Stocked With 33,000 Catfish

Over 33,000 channel catfish were put in Lake Leon this week by the State Game and Fish Commission, according to C. B. Pruet, president of the Eastland County Water Supply District.

This is the first installment of an order sent to the commission in July by the board in an effort to keep Lake Leon well stocked.

The original order included channel catfish, yellow catfish, crappie, bass and walleyed pike.

A letter from the commission stated that they had been doing some experimental planting of walleyes, secured from the state of Iowa, in an effort to get them started in Texas. They have been planted in Possum Kingdom Lake and the newly created Canyon Reservoir.

The letter from the commission stated that if these experiments were successful some walleyes would possibly be planted in Lake Leon, Mr. Pruet said.

Surplus Foods To Be Distributed

Dates for the distribution of USDA Surplus Foods for recipients of Eastland County for September have been announced by J. W. Elder, Sr., representative. They will be distributed at the Eastland County Welfare Center.

Dates are as follows: Monday, September 14 — Eastland, Olden and Ranger; Tuesday, September 15 — Pioneer, Rising Star, Okra, Carbon, Gorman and Desdemona; and Wednesday, September 16 — Cisco, Scranton and Nimrod.

P-TA Board Plans Work For Season

The executive board of the Eastland PTA met Monday in the elementary school cafetorium.

Activities for the coming year were outlined. The meetings will be held the third Tuesday of each month at 3:15 p.m. in the elementary school building. A nursery will be provided. The first meeting will be September 15.

The executive board is composed of Mrs. C. F. Huffman, president; first vice - president, Mrs. Tom Wilson; secretary, Mrs. Tommy Magness; treasurer, Mrs. Troy Cross; second vice - president, Mrs. Henry Parsons; third vice - president, Mrs. Bill Leslie; historian, Mrs. Tot Lovelace; publications, Mrs. F. M. Rollins; parliamentarian, Mrs. J. O. Jolly; hospitality, Mrs. B. H. Courtney; publicity, Mrs. Norman Watson; safety and helath, Mrs. Alvin Pierce; chairman of room mothers, Mrs. T. M. Temple; legislation, Mrs. Marcus O'Dell; and yearbook, Mrs. Ray Pool.

Revival Begins At Calvary Bapt. Church Sunday

Revival services at the Calvary Baptist Church in Eastland will begin Sunday, September 6 and continue 13.

The Rev. Harl Williams, pastor of the church, will preach and J. T. Berry will lead the singing. Church services will be at 7:30 p.m. each evening with prayer meeting beginning at 7 p.m.

Round-up day will be September 6, with an old-fashioned "dinner on the ground" at noon. All church members are urged to bring their lunch and enjoy this time of fellowship following the morning worship hour.

Mr. and Mrs. Lewis Tiner have returned from a trip to Colorado.

Mr. and Mrs. Standridge of Dallas visited her father, J. W. Akers. Mrs. Standridge is the former Jeannette Akers.

Mrs. Avie Allgood had as weekend guests, Mrs. Billie Usrey, Mrs. R. D. Barnett, and Mrs. May Bishop, all of Brownwood.

Mr. and Mrs. L. B. Bishop and his sister, Mrs. Avie Allgood visited Monday in Stephenville with Mr. and Mrs. W. A. Bishop. Mr. L. B. Bishop and Mr. W. A. Bishop are brothers and their wives are sisters.

Weekend visitors in the home of Mr. and Mrs. M. A. Clyatt were their daughter-in-law and granddaughter, Mrs. Iona Green and Mary of Grand Forks, North Dakota. They were accompanied by Mrs. Green's aunt, Mrs. Emma Goodwin, of Crompton, Minnesota.

Mr. and Mrs. L. J. Baggett spent last week with their daughter and her family, Mr. and Mrs. J. M. Greenfield, in Clovis, New Mexico.

Mr. and Mrs. R. E. Baggett have retired and moved from Wichita Falls to their home on the Cisco Highway. Their son, Cliff, will begin work on his Master's Degree at the University of Texas this month.

H. D. Ballinger of Mineral Wells spent the weekend with his parents, Mr. and Mrs. E. W. Ballinger.

Mrs. Don Doyle visited her parents, Mr. and Mrs. J. E. Harkrider, in Fort Worth over the weekend.

The monthly Olden Community Center meeting will be held in the Center building Saturday, September 5, at 7:30 p.m.

Pans for the homecoming will be made and committees will be appointed. All those interested should attend.

'The Fair Is Lots of Fun and Not Necessarily Expensive'

By Mr and Mrs. B. W. Robertson

Even though our prime objective was the World's Fair, we discovered New York City more exciting! In a group of five, we joined a bus tour through Greenwich Village, the Bowery, Chinatown and terminated the excursion with a tour of the United Nations. As it is commonly known, Greenwich Village is a haven for artists and beatnicks; due to the early hour of ten o'clock in the morning, the streets were deserted. The buildings depicted a number of wild art work. The Bowery is several blocks long; it was pitiful to see the number of men, inebriated and flocked on the street. Our guide explained that the distressing fact is that the age group is becoming increasingly lower — in the 20-30 year bracket. A number of missions have been established and failed; we saw the last one that had failed and closed its door. The Salvation Army will provide these characters a hot meal if they will bathe and change into clean clothes, but there are few who will accept. Our tour stopped in Chinatown which held no special appeal. Thence, we proceeded to the United Nations.

Groups of twenty persons were escorted by trained personnel. We were accompanied and lectured by a Japanese girl who led the tour from the Security Council Chamber to the General Assembly Room and to the Economic and Social Council Chamber. The Security Council Chamber was designed by Arnstein Arneburg of Norway; a large mural, back of the horseshoe-shaped assembly table, was painted by the Norwegian artist Peter Kraho. The walls are of marble and blue and gold tapestry; the doors are set with inlaid wood. All furnishings, including the tapestry for the walls, curtain and the delegates and secretarial chairs, were supplied by Norway.

The vast scale of the acoustically - designed meeting hall, 165 feet long by 115 feet wide, with a 75 foot ceiling, creates an appropriate setting for the General Assembly. In the dome, a circular skylight four feet in diameter admits a single shaft of light.

The delegates area, set beneath the domed ceiling, contains rows of bleached wood desks and blue upholstered chairs facing a raised podium and speakers rostrum. At the podium are the three places for the President of the General Assembly, the Secretary - General, and the Secretary for General Assembly affairs. The wall behind tains the United Nations emblem. Fluted wooden battens form the gold colored side walls from the dome downwards. At the sides of the hall are seats for advisers and official guests; above them are two tiers of glass enclosed booths for interpreters, and for press, radio, film and television facilities which enable the world as a whole to see the General Assembly at work. Seats for the press and the public rise gradually to the rear of the hall. On the river side of the General Assembly and Secretarial buildings and connecting with both is a long, low lying structure containing three chambers —for the Economic and Social, the Trusteeship, and the Security Councils — each with similar dimensions — 72 feet wide by 135 feet long with 24 foot ceilings — each equipped with interpreters, press radio, television and film booths.

The decor of the Social and Economic Chamber was designed by Sven Mareklisu of Sweden. An unusual effect is achieved by the sombre colors and unique ceiling treatment used in the public gallery. Exposed pipes and ducts are boldly decorated with rectangles of black, gray and white and are thus integrated with the design.

By contrast, the delegates area is bright, with a white marble floor and concealed lighting above a suspended ceiling. Sweden furnished the carpet, curtains, pine wood paneling, railings, doors and the white marble.

Although the United Nations was of utmost interest, the Fair contributed to our knowledge concerning the United States and foreign countries. One spokesman stated that it would require 30 eight-hour days to see all the exhibits, therefore, it was of prime importance that we budget our time. We chose first the Du-Pont Show which presented "The Wonderful World of Chemistry", a musical revue employing a new theatrical technique by which the singers and dancers on the stage join in musical interplay with other singers and dancers on motion picture film. Breath-taking creations from the World of Fashion were modeled by beautiful girls who could sing and dance while they complemented a New York original. Following the musical revue, we moved into the dazzling Red Room for demonstrations of chemical wizardry. This fast-moving show, augmented by the splendor of its setting and the music of a modern quintet, provided an entertaining look at the versatility of chemistry.

The next exhibit of great interest was the Vatican Pavilion, which enclosed the noted statue, "Pieta", sculptured by Michelangelo in the years 14-1498 - 1500. Michelangelo was commissioned by the Cardinal of San Dionigi to carve the statue for which he was paid 450 ducats (approximately $1,-200 in American currency). Today, the statue is priceless and was loaned from the Vatican in Vatican City. The statue is insured for five million dollars. The masterpiece is displayed in a dark chamber with spotlights on the statue, and it is viewed from a moving walk. No flash bulbs were allowed; however, with the Polaroid, we captured four excellent snapshots. It was disappointing that we could not study the art for at least five minutes. "Pieta" is Michelangelo's interpretation of the sorrow of the Virgin Mary mourning over the dead body of Christ. Of particular interest were the sheerness of Mary's veil, the intense sorrow reflected in her countenance, and the lifelessness of Christ's hand.

In its own interpretation of man's evolution, the Ford Exhibit carried us on a tour in open convertibles — of man's humble beginnings. In a striking representation designed by Walt Disney, dinosours devour each other, followed by the light of erupting volcanoes. Then come the cavemen who discover family life, develop tools, and try to pry a rock down onto a huge elephant. The ride was climaxed with a trip through a city in space in which the passengers feel like real Astronauts.

Of lesser interest to us, but outstanding in each field, we visited the Chrysler-Plymouth Show, the Better House of Living, Eastman Kodak, 7-Up Pavilion and the Federal Building.

To bid a gala farewell to New York, our group met for dinner at the Hawaiian Pavellion. The delicious meal consisting of broiled banana, sweet potato, chicken and beef and spinach on coconut was served in wooden dishes by native Hawaiians. Of special note was a small cup of substance called poi which was placed with each table setting. The native hostess explained that the method of eating poi is to dip one finger and lick; even though it is a dainty potion of native food, it tasted like wall-paper paste to inexperienced connoisseurs. An amusing part of the show was when the hostess chased four men and one girl from the audience to teach them the hula. On fellow from San Antonio was picked from our group; jackets were removed and tied around their waist and rolled up their trouser legs in order to simulate a grass skirt. Everyone cheered and laughed until tears rolled.

The fact that one may spend as much or as little as they wish on any trip certainly holds true with New York City. For those who are contemplating a visit to that area we shall quote a few prices: subway fare 15 cents; bus fare 15 cents; taxi fare, reasonable; boat tour around Manhattan Island, $2.75 U. N. Tour, (as described) $5.50; theatre tickets $8.80; orange juice at the theatre 40 cents; ticket to fair grounds $2.00 for adults and $1.00 for children; Savoy Plaza Hotel suite (2 bedrooms) $35.00; Copa Cabana Night Club, $6.50 minimum; dinner at Danish Pavillion, $2.90; meals, reasonable. On the Fair grounds, one could purchase a sandwich for as low as 40 cents and soft drinks at 15 cents.

With much regret that we could not crowd more into five days, we returned to Eastland, our friends and customers to whom we owe the credit for our expense-paid trip. We mutually agree that New York City and the Worlds Fair is an excellent choice for a vacation.

Coin Supply Meets Demand Here — Not So in Other Parts of the Country

The Eastland National Bank has been able to supply the coin demands of local merchants, during a coin shortage which has reached serious proportions in many parts of the country.

Banks across the nation have reported that they are receiving only a small percentage of their usual supply of coins from the Federal Reserve banks and that they, in turn, have had to resort to rationing. The Eastland bank has not rationed coins, although occasionally the Federal Reserve Bank in Dallas, through which the bank receives coins from the Denver mint, has not filled its orders.

The shortage has been caused partly by coin-vending machines which have increased the demand. America has some ten million coin collectors, but they are responsible for the shortage only in a small way, since most of them acquire only one or two samples of each issue. Assistant Secretary of the Treasury R. A. Wallace declares that the real culprits are the speculators. "They buy them by the roll and by the bag, put them in vaults and hold them in anticipation of high profits in the future", he said.

The number of coins that should be in circulation in Eastland County, based on an equal distribution of the overall supply in terms of population, amounts to 5,460,000. This would be approximately 300 coins per person, including 193 pennies, 41 nickels, 37 dimes, 20 quarters, and 6 half-dollars.

Much less than that amount is in actual circulation, however. According to Mike Collins, cashier at the Eastland bank, large quantities of coin have been removed from the normal channels by machines which are operated by out-of-town people, who carry the coins to their home office.

"We are not bothered by the large-scale speculators," Mr. Collins said, we do not discourage the collectors, although we would refuse to give rolls of coins if we knew that the customer planned to hoard them." He explained that normally there is a coin shortage from October through Christmas and that this year there is grave concern because the shortage has started earlier. Mr. Collins said, "The mints are working full blast to combat this coin shortage. By the middle of 1965, the situation will be back to normal. With the cooperation of local citizens, this bank will be able to continue to supply every need throughout the remainder of the shortage."

Xi Alpha Zeta Moves 'Inside' For Hobo Party

Rain didn't dampen the spirits of members of the Xi Alpha Zeta chapter of Beta Sigma Phi as they held a hobo party Thursday evening.

Members, guests, and food simply moved into the Texas Electric Service Co. Reddy Room.

Those present were Mr. and Mrs. Wade Freeman, Mr. and Mrs. Allen Rushing, Mrs. Marene Johnson, Mr. and Mrs. A. D. Taylor, Mr. and Mrs. Don Viergever, Mr. and Mrs. Norman Watson, Mr. and Mrs. James Smith, Mr. and Mrs. Bill Walters, Mr. and Mrs. Tommy Magness, and Mr. and Mrs. Bill Leslie.

Olden H. D. Club Has Program On Roses

Mrs. Arthur Murrell of Eastland will speak to the Olden Home Demonstration Club Tuesday, September 8, at 2 p.m. Mrs. Murrell's topic will be "Legend and History of the Rose."

The meeting will be in the Olden Community Center and Mrs. I. V. Walker, club president, urges all members and other interested people to attend.

Mrs. J. D. Herrell will be hostess for the meeting.

Life Development Study For WMU

Mrs. Lenis Rice and Mrs. Mattie Donelson spoke on "Spiritual Life Development" when the Mangum Baptist WMU met Monday afternoon.

The meeting was opened by Mrs. Rachel Clower, who read the prayer calendar. Mrs. Rice led the prayer for the missionaries. The meeting was closed with a season of prayer, led by Mrs. Billie Wood, Mrs. Cora Wood, Mrs. Stella McBee, and Mrs. Rittie Brown.

Members attending were Mrs. Mattie Donelson, Ann Tucker, Lenis, Rice, Stella McBee, Billie Wood, Lee May, Rachel Clower, Myrtle Biles, Correyene Wod, and Rittie Brown. Mrs. H. S. Curtis of Eastland visited the meeting.

The next meeting will be on September 14.

Attend Houseparty

Four members of the First Baptist WMU attended the state WMU Houseparty at Baylor University from Tuesday through Friday last week. Mrs. Eddie Simms, incoming President, was accompanied by Mrs. H. T. Weaver, Stewardship chairman; Mrs. J. O. Jolly, G. A. Director; and Mrs. Winston Boles, Sunbeam Director.

State WMU officers led in conferences and several missionaries spoke to the group. Mrs. Virginia Seelig, daughter of Mrs. Clyde Garrett of Eastland, was the song leader and soloist for the houseparty.

Nursing School Applicants Now Being Accepted

The Eastland Memorial Hospital, affiliated with Cisco Junior College Vocational Nursing School, is now accepting applications for the new class to be enrolled in January, 1965.

Reuirements for prospective students are: ages between 18 and 55; good physical and mental health with personal qualifications necessary for nursing; two years of high school or its equivalent. Preference will be given to high school graduates.

Interested persons in the Eastland area should contact Mrs. Mary Lee, R.N. or Administrator Leon Musgrove at the Eastland Memorial Hospital. More information and application forms may be secured from them. The applications should be completed and returned to the hospital at least two months before the enrollment date.

Mrs. Tom Sharpe and June of Olden attended the wedding of their granddaughter and niece, Miss Dolphin Kile, to James Robert Smith in Galena Park Saturday night.

They were accompanied by Mrs. C. A. ile and Joan of Ci co, aunt and cousin of the bride.

Mr. and Mrs. Gene Clark of Odessa announce the birth of a son, Tommy Allen, on August 22, 1964. The Clarks have a daughter Karen, four years old.

Grandparents are Mr. and Mrs. Tom Clark and Mr. and Mrs. L. A. Scott, all of Eastland. Paternal great - grandmother is Mrs. Stella Roderick of Eastland. Mr. R. L. Adkins of Las Vegas, Nevada is the maternal great-grandfather.

Mrs. Sarah Mueller of Morton Valley has moved to Ranger, where she has bought a home at 108 Sue Street.

RECENT VISITORS

Recent guests in the home of the J. C. Allisons were Mrs. Bill Beaty and her son, James Beaty of Robert Lee. Also James Allison of Loving, Texas was an overnight visitor at the Allisons. He was guest speaker at a breakfast at the 2nd Baptist Church in Ranger, and also spoke at the morning and evening worship service at the church Sunday. Rev. Allison will enter The Southwestern Baptist Theological Seminary this fall in Fort Worth.

Mr. and Mrs. Homer Smith have returned from San Antonio where they visited their sons, Juan Jay, stationed at Lackland Air Force Base, and Dr. and Mrs. Don Smith and family. Dr. Smith is with the Aero Space Division at the Brooks Air Force Base.

Mr. and Mrs. Smith also visited with her sister, Mr. and Mrs. Horace Smith, at Lake Buchanan.

McAFEE-LARRY FRANKS G SET FOR SATURDAY

John W. McOne, Eastland, gagement and riage of their daughter, Donna Lois, to Larry D. Franks, Jr., son of Mr. and Mrs. L. D. Franks, Sr., of Fort Worth.

The couple will be married at 12 noon, Saturday, September 19th, at the Eastland Church of Christ.

Miss McAfee, a graduate of Carbon High School, is presently employed at A. Brandt Company in Fort Worth.

Her fiance is a raduate of Technical High School in Fort Worth. He attended North Texas State University in Denton, and served two years in the United States Army.

Mr. Franks is presently employed at Mrs. Baird's Bakery in Fort Worth.

The couple will make their home in Fort Worth.

All friends of the couple are invited to attend the wedding.

Bridge Winners Are Announced

The regular session of duplicate bridge was played at Lone Cedar Country Club last Saturday with players from Breckenridge, Cisco, Ranger, Gorman, and Eastland participating.

Winners were First place, Mrs. Clyde Grissom and Mrs. Joe Stephen of Eastland; Second place, Mrs. E. L. Graham and Mrs. Dick Bearman of Cisco, and Third place, Mrs. W. E. Chaney and Mrs. Jack Carothers of Eastland.

Sharon Wilson Joining CJC Wrangler Belles

A tuition scholarship has been awarded to Sharon Kay Wilson of Eastland by Cisco Junior College for her participation in the Wrangler Belles program for the 1964-65 school year.

The daughter of Mr. and Mrs. J. D. Wilson, 611 West Patterson, Eastland, Sharon Kay is a 1964 graduate of Eastland High School.

During her high school days, Sharon was a member of the Beta Club, Sub-Deb Club, and the band. She played basketball and was a cheer-leader.

At Cisco Junior College, she will be one of some 30 attractive coeds in the well-known drill team that will stage special half-time shows for CJC football games and other sports events. The Belles will also represent the college in various parades.

VISIT HERE

Mr. and Mrs. Rod Stephen and sons of Longview visited Mr. and Mrs. Joe Stephen last week.

Critique of New School Given by M. H. Perry

The completion of the new air-conditioned 16 - classroom school, is the realization of a 15-year dream, School Board President M. H. Perry told the Eastland Rotary Club at their weekly meet Monday.

"What we've tried to do," Perry said, "is get the most for the tax-payers' money."

Introduced by Mayor Frank Deaton, program chairman for the day, Perry was also complimented by the mayor for the work that he and the entire school board has done for the unselfish work they've contributed.

Perry attempted during the brief talk to answer questions about the new school facilities which had not been definite before:

. The cafeteria will seat 260, and up to 400. There are 500 seats for the auditorium.

. The stage curtain was due to arrive Monday.

. Half the furniture in the new elementary school will be new — all of it will be modern.

. Besides the 16 classrooms, the building has a teacher's workroom, nurses room, principal's office and secretarial office.

. Two - way intercom and television cable has been installed (for use in educational television in the future.)

. Playground equipment will be moved from the old school sites to the new and additional added.

. A master landscaping plan will be adopted to which individuals, firms and organizations may contribute for the over-all beautification of the facilities.

. A total of 2,700 feet of curb and guttering and 1,700 feet of sidewalk has been constructed.

. Gym is nearly complete with seats and goals due to arrive during September. A sidewalk at the gym was to have been poured this week.

. Lighting facilities have been improved at the high school and junior high buildings.

. A master intercom system will link all the buildings in the school.

. First bids for an ag shop were too high.

. More tennis courts are needed.

. Total school enrollment this year is some 800.

. The school made $15,000 in interest on their bond money while construction has been in progress.

. A five-foot sidewalk will be built from the new gym to the high school.

. The south ward site will be surveyed for sale by lots.

. The construction project is within its budget, and

. The tax rate will remain the same as last year.

Perry thanked other board members, city officials and others for assistance in the project.

President Cyrus Barcus presided and Secretary Kenneth Thompson introduced these guests: James Cotton and Bill Boothe, both of Cisco, Bill Ganns of Dublin and John Long of Dallas.

The club voted not to meet next Monday, Labor Day.

Jim Horton spoke briefly about his recent Hawaiian trip and Earl Bender gave a brief Rotary information talk on attendance. Sweetheart Sharon Sayre invited the club to the pep rally to be held Thursday night.

Protests Re-Entry ndoned Well in City

abandoned ity of Breck- k by Tom ler, provided terest to oil- ounding area.

well, which cks from the Breckenridge, y by Patten. is re-entering in July, 1930 d that same ays he took C. A. Pasch- nd found the t 15 feet un- the surface. ated 151 feet nue.

Breckenridge on the books ng within the city limits and is at present considering a stronger worded ordinance.

The City announced this past week plans for an official protest with the Railroad Commission against the application for re-entry.

The Tyler oilman explained he was operating under a letter of permission from the Railroad Commission to re-enter at his own peril subject to the regular permit hearing in Austin September 4.

The Tyler man said he wasn't doing any drilling, but was simply using a baler on a cable to clean out the well.

A hearing before the Railroad Commission in Austin is scheduled at 9 a.m., September 4.

vatian District Seeks t Land, Owner Needs

tion Service conservation ons to meet land and the of the farm- s of Eastland al of the Up- Conservation

ervation Dis- s assisted by tural agencies assistance to operators, in chnical assist- t rental, and cost share assistance in working toward complete treatment of the land.

The Great Plains Conservation Program, activated in 1963 in Eastland County, is one of the cost share programs that is of material benefit is doing this important job. Using a complete conservation plan for a farm or ranch as the blueprint, farmers and ranchers are building, what they hope are weather-proof units, by applying conservation practices, cost-shared through a GPCP contract.

There have been 180 applications for assistance submitted in Eastland County. About 90 of these on some 45,000 acres are active contracts. The climatic hazards of an agricultural enterprise have been evident this year. While a conservation plan applied will not insure adaquate rain at the right time every year, it does decrease the risk involved in farming or ranching in Eastland County.

MRS. RONNIE G. HOLIDAY
—Photo courtesy Cotton's Studio.

Alice Ann Webb, Ronnie Holiday Are Married In August 30 Ceremony

Miss Alice Ann Webb became the bride of Ronnie Glenn Holliday in a double ring ceremony performed at 2 p.m. Sunday, Aug. 30, in the First Baptist Church of Cisco. Vows were read by the Rev. Jesse Cassle, pastor.

The bride is the daughter of Mr. and Mrs. Stanley Webb of Cisco. Parents of the bridegroom are Mr. and Mrs. W. D. Holliday of Woodson.

Miss Doris Lee Glenn of Abilene, soloist, sang "Because," "I Love You Truly," and "The Lord's Prayer," accompanied by Mrs. W. E. Austin at the organ.

The matron of honor, Mrs. Janice Latham of Odessa, the bridesmaid, Miss Sheri Heyser, and the candle lighters, Misses Shirley Page and Valjeanne Loudder, wore identical street length dresses in rainbow colors of silk organza over polished cotton with scoop necklines and tiered skirts. Their head dresses were matching cabbage roses with scalloped circular veils. They each carried a single stemmed mum in matching color.

Best man was Neal Branscomb of Hamlin, and Larry Sullivan of Woodson was groomsman. Ushers were James Stanley Webb, brother of the bride, and C. B. Rust.

Given in marriage by her father, the bride wore a floor length gown of silk organza with fitted jacket of chantilly lace with long pointed sleeves. Her finger tip veil of silk illusion was secured by a tiara of seed pearls and drop crystals. She carried a bouquet of feathered carnations centered with a white orchid atop a white Bible. She wore a single strand pearl necklace, and she carried out the tradition of something old, something new, something borrowed, something blue. Her something old was a gold loveknot pin, which she wore at her wrist, that her grandmother wore at her wedding.

Following the ceremony a reception was held in the Fellowship Hall of the church. Members of the houseparty were Mrs. Gerald Hammer and Mrs. Billy Hammer of Pampa, Miss Molly Cortez of Hondo, Miss Judi Roach and Miss Jolene Burnam.

For her wedding trip, the bride chose a shoie de shan gold color silk linen suit with a shell blouse of pure silk printed in colors of gold, brown, and mint green. She wore black accessories, and her corsage was the orchid from her bridal bouquet.

The bride is an honor graduate of Cisco High School, where she was a cheerleader, an all district basketball player, a member of the National Honor Society, and an officer in the Student Council. She received a medal for being an outstanding choir member and was a candidate for Queen Lobo. She was chosen Miss Cisco of 1964 at the annual July 4th beauty pageant.

The bridegroom was valedictorian of the 1962 graduating class at Woodson. He was selected Mr. W. H. S. and was outstanding in football, basketball, and track. He will be a junior at Rice University this fall, where he is a member of the varsity team.

Mr. and Mrs. Holliday will reside at 1002 Bradlett in Houston.

Word Expected On Drought Feed

Eastland County is one of 40 Texas counties awaiting word on an emergency drought feed program

An official of the Texas Grain and Feed Association Saturday said that new regulations governing distribution of drought area feed grains by the government at prices lower than the support price formula are expected daily from the Agriculture Department in Washington.

Ray B. Bowden, executive secretary of the association, said, "Congress passed a bill that would allow feed mixers a wider participation in any grain relief program that might be instituted in Texas.

"The state Agricultural Stabilization and Conservation Service committee approved grazing and haying on land that had been in the soil bank program in an effort to relieve drought - stricken counties. However, it has not decided on use of surplus grain held by the Commodity Credit Corporation.

"It is our understanding that as soon as the new regulations are in the hands of the Texas ASCS committee a decision will be made on the application of grain to the drought feed relief," Bowden added.

Feed grain was approved by the government last year, but the program brought criticism from stockmen who found it impossible to get balanced mixed feeds from their suppliers.

Bowden said new regulations should alleviate such a condition in any future drought feed grain program.

He said 40 counties or more in Texas are in line for feed grain, but that the rainfall pattern of the last few weeks may have improved the outlook for feed in counties which applied earlier for grain.

Vets Questions And Answers

Q — If a veteran dies while receiving pension under the old pension law, may the widow and minor children be paid under the old law?

A — If the veteran died on or after July 1, 1960, any pension payable to the widow and minor children must be paid under the new pension law.

Q — I was recently hospitalized in a VA Hospital for 30 days for treatment of a service-connected disability. After 18 days, I was released for seven days leave, then returned for five more days. Am I entitled to temporary 100 per cent rating for my service - connected disability during the period of hospitalization?

A — No. To meet requirements for temporary 100 per cent rating, you must have received continous treatment for a period of 21 days. Passes of more than four days within the first 21 days will be considered as interrupting the continuity of treatment.

Q — As a so-called peacetime veteran am I entitled to any disability compensation from the VA?

A — Yes, such disability compensation is generally 80 per cent of the wartime rates. However, if the disability occured under extra hazardous conditions wartime rates apply.

Q — Does a veteran who served between September 16, 1940, and December 31, 1956, earn any gratuitous Social Security wage credits?

A — Yes. These gratuitous credits amount to $160 for each month of duty, but are not listed on the Social Security earnings record until benefits are applied for.

HAY FEVER POLLENS ARE IN ON INCREASE AS FALL NEARS

The pollens that trigger hay fever are in the air again. From now until first frost the nine million American sufferers face their annual season of sneezing, stuffed-up runny nose, itching and swollen eyes.

Many people suffer from hay fever needlessly. Enough is known by the allergy specialists to make the average sufferer fairly comfortable and able to carry on a normal existence, says Today's Health, the magazine of the American Medical Association.

Consult with your physician or allergist if you have any of the above symptoms. Hay fever is a serious and sometimes incapacitating illness that requires the attention of a physician.

Desensitizing injections are the most effective and practical means of managing hay fever. Treatment may be given just prior to the season or all year round. Your physician will decide which will be most effective.

Seasonal hay fever is primarily caused by inhalation of pollens, the male fertilizing element of flowering plants, trees or grasses. Allergens, such as dust of all kinds, molds, and animal fur, aggravate symptoms during the hay fever season.

Some people move to another part of the country, where the pollen count is at a minimum. Your physician can obtain from the American Academy of Allergy listings and maps which give the pollen count indexes for different parts of the country.

Any location with an index of 10 or above is not recommended for those allergic to ragweed. In most of Alaska the count is O. Lowest in the continental United States is Cape Coral, Fla., with .19. Lexington, Ky., on the other hand, has an index of 156.

Desdemona News

Attendance at church services at the different churches here the past Sunday was on the upswing.

Public school will open here Monday, August 31st.

Mr. and Mrs. Charles Williams and children of Austin and Mr. and Mrs. Leo Williams and children of Graford spent several days this week with their mother, Mr. and Mrs. David Dequire, also while here they visited a sister, Mr. and Mrs. Ben Koonce.

On Thursday of last week Mrs. Howard Wade was in Comanche attending a Reading workshop.

Visiting last week here with the Genoways and the Ott Raglands were Mr. and Mrs. Elmer Wilhilm and children of Austin.

Jerry Buckley has been here the past several days visting his parents, Mr. and Mrs. R. O. Buckley and doing some work on his farm up in the mountains.

Mr. and Mrs. Chubbie Forman of Irving spent the weekend here with her parents, Mr. and Mrs. Roy Guthery.

Mr. and Mrs. Wayne Whitlock were here on the weekend to visit his mother, Mrs. Geo. Whitlock, Jackie, Roy Lee and Ray.

Visitors at the Church of Christ Sunday were Mrs. S. E. Lemley of Gorman, guest of Mrs. Mother Huddleston.

Mr. and Mrs. Fron of Dallas, guests of Mr. and Mrs. L. E. Clark, and Mr. and guests of the Roy Watsons.

A "Pink and Blue" shower was given Monday night at the home of Mrs. Docy Williams honoring Mrs. Garth Priddy, daughter of Mr. and Mrs. Ben Koonce. When school opens they will live in Lubbock where both will be in college.

Mr. and Mrs. Sam Powers had the pleasure of having all their children and grandchildren home the past week for the first time in over 5 years. The group enjoyed the past week in a family reunion. The children are Mr. and Mrs. Truman Powers and daughter Lori of Texas City and employed by the Amco Chemical Co.; Captian and Mrs. Stanley Powers of Sacremento, California stationed at Mothers Field and Mrs. Powers teaches science in high school; Mr. and Mrs. Doug Corley, Steve, Jane and Mike of Lubbock.

State Capital NEWS

By Vern Sanford

AUSTIN — Texas' progress in the field of race relations was commended by visiting federal officials here to discuss aspects of the new Civil Rights law.

Gov. John Connally met briefly with Secretary of Commerce Luther Hodges; former Florida Gov. LeRoy Collins, director of the new Community Relations Service; and former Gov. Buford Ellington of Tennessee.

Session was one of a series to be conducted with governors in all states at the request of President Johnson to discuss the Community Relations Service operation. Agency will provide conciliation service at the state and local level to resolve discrimination disputes.

Governor Connally predicted Texas will continue to move forward without outside help.

Texas legislative leaders, who have been the target of many lobbyists, have turned lobbyists themselves.

Lt. Gov. Preston Smith, Speaker Byron Tunnell and Sen. George Moffett, chairman of the Legislative Council's redistricting committee, have been lobbying in Washington for passage of federal laws to clarify the congressional and legislative redistricting situation.

Moffett wants Congress to say that a state may have as much as 15 per cent variation from the average population in its Congressional districts. He and Smith also spoke in favor of the proposed amendment to the U. S. Constitution which would allow the states to set up one house of their Legislatures on a basis other than population.

Atty. Gen. Waggoner Carr has ruled that:

A county commissioners court may decide whether or not it shall appoint county hospital managers with overlapping terms:

A county attorney has the duty of filing suits for foreclosure of the State's lien for delinquent inheritance taxes;

District courts in that county have jurisdiction of these suits even in those instances in which property formerly belonging to a decedent is not within the county, so long as it is within the jurisdiction of this state.

New hunting and fishing licenses are scheduled to be sent to some 2,800 dealers by August 14, State Parks and Wildlife Commission announces.

Old licenses expire on August 31. More than 2,300,000 are expected to be paid during the coming year — at the rate of $2.15 for fishing license and $3.15 for a hunting license.

Pvt. Lindley Is Sent To Okinawa

Army Pvt. Charles N. Lindley Jr., whose wife, Betty Louise, lives in Rankin, was assigned as a cook in Headquarters Co., 1st Battalion of the 173rd Airborne Brigade's 503rd Infantry on Okinawa, Aug. 12.

Lindley entered the Army in January and completed basic training at Fort Polk, La.

The 21 - year - old soldier, whose parents live at 310 N. Daugherty, Eastland, attended Eastland High School.

BROWSING with BEV.....

By BEVERLEY NICHOLSON
Eastland County
Home Demonstration Agent

Know how to peel tomatoes quickly and easily? Try any of these three methods. They make the job easy.

Stroke the skin with the dull edge of a knife blade until the akin is loosened, or

Dip the tomato in boiling water for 1 minute, then cool at once in cold water, or

Run fork into tomato and rotate it over heat of cooking unit until the skin is tight and shiny. Cool at once in cold water.

The peel will come off easily after any one of these treatments.

Suits get mussed as much from being crowded against other suits in closets as from being worn. To prevent this, uphostery tacks may be driven into tops of wooden clothes rods or heavy rubber bands may be wrapped around metal rods at equal distances to keep the clothes spaced apart.

If you have clay flower pots at home that have turned white, toss them away! The whiteness is unused fertilizer, and you can't get it off the pot. Putting a fresh plant into a white clay pot is like putting the plant into salty water. When planting, always use fresh clay pots.

Sometimes leather garments stored in hot, crowded closets through the summer will give off their color to other garments stored next to them.

Former Resident BSU Director Of Wayland College

R. B. Hall of Altus, Oklahoma, former music director of the Eastland First Baptist Church, became the new Baptist Student Union secretary and director of religious activities at Wayland Baptist College, August 27, (today), according to President Roy C. McClung.

Hall has been associate pastor of First Baptist Church of Altus for the last 16 months. Prior to joining the Altus church staff, he was music, education and youth director at First Baptist Church, Frederick, Okla.

He was also minister of education and youth director at First Baptist Church, Eastland, and minister of music and youth director at First Baptist Church, Quannah, while attending Southwestern Baptist Theological Seminary, Fort Worth. He is a graduate of Hardin-Simmons University, where he was active in BSU, serving as fellowship vice - president and as music director of the Life Service Band.

Mrs. Hall, the former Helen Taylor, Eastland, is a graduate of Baylor University. They are parents of a boy, 2, and a girl, 1.

Mr. Hall was in charge of the Wayland students who attended the annual Student Week at Glorieta Baptist Assembly, Aug. 20-26.

National Defense Loans Approved For 25 Students

Some 25 students planning to attend Cisco Junior College during the 1964-65 school year have been approved for National Defense Education Loans up to $600, according to President G. C. Hogue. The loans are available through the federal government for tuition fees, books and certain other expenses.

Cisco Junior College plans to open the 1964-65 school year on Monday, Sept. 17, with the previous week being devoted to formal enrollment, freshman qualification tests and so forth. Pre-enrollment begins Sept. 1.

Mr. Hogue said that the CJC business office has complete information and the necessary forms for the use of anyone interested in a student Loan. These are available at liberal interest rates re-payment plans.

The school has a limited number of scholarships that are offered each year, including those for valedictorians and salutatorians, choir, drill team and band, and football and basketball plus a few for other sports.

Mr. Hogue invited anyone interested in the college to call at the business office, which is open throughout the summer from 8 a.m. to 5 p.m.

FHA LOANS APPROVED

Eastland County was approved today by the Farm Home Administration for emergency loans due to drought conditions, according to word from Congressman Omar Burleson. Details will be released in the next few days, the message said.

PUBLIC NOTICE

In as much as two property owners are threatening all except myself, who go across their land with the law, I am asking all who have loved ones in the cemetery on my land and all that have bought land from me to come to my house and sign a petition to have the county commissioners court to open a road on section lines that goes across the property in question. Everyone interested in seeing justice done, may also sign.
