Youth Charged In Robbery Of Two Cisco Businesses

Charges of burglary at night have been filed against John Joey Jones, 20, in connection with the recent robberies at White Auto Store and Ray's Trading Post in Cisco, Sheriff L. E. Sublett reported Friday. Jones was charged in papers filed in Justice of the Peace W. L. Lewis' court in Cisco. His bond was set at \$2,000 and he was still in the county jail Friday night. A 15-year old Cisco boy also was in the jail awaiting action by juvenile authorities in the same case.

The youths burglarized the two stores last April 11, taking \$110 in cash and a large number of watches and other items. They took \$80 and bought a used car in Abilene, loaded up their merchandise and headed west. They traded watches for gasoline and food along the way.

The car broke down in Los Angeles, Calif., and police took over. They were booked for investigation when a number of watches was found in the car.

Sheriff Sublett drove to Los Angeles for Jones last week, returning last Wednesday. The 15-year old boy was flown back and authorities met the plane in Dallas.

The Jones boy had lived in this area much of his life.

About 1730 Hans Hummel Basel invented a way of weaving ribbon looms by water power but was prohibited from using it.

EXPLORERS MEET

Officers of Explorers Post 23 held a meeting Monday, May 26, at Charley Williams Shoe Shop. Plans were discussed for the Junior Rifle Club to be started by the post.

A meeting will be held for all members interested in joining the club Monday, May 3, at the Y. M. C. A. at 7:30. Those interested in joining will sign up for the club and a tentative date for the club's first meeting will be decided upon.

Fred Vasquez, pastor of the Memorial Christian Church in Abilene, was guest speaker at the area meeting of the Men's Fellowship at First Christian Church in Cisco last week. Roy Hathaway introduced Dr. Norman Conner, pastor of First Christian Church in Abilene, who in turn introduced the guest speaker. Speaking on "The Culture of Poverty," Rev. Vasquez discussed results of progress and said that those who are 65 years and older are the victims of progress. Members from Eastland, Albany, Coleman, Moran, Abilene, and Cisco attended. A chicken dinner opened the evening program. Host pastor was Rev. Almon Martin. The above picture shows, left to right, Roy Hathaway and Rev. Almon Martin, Cisco; Fred Vasquez, Abilene; Dr. Norman Conner, Abilene; Jay Staggs, Eastland, the incoming district governor.

Improvements Aplenty Shown In County Tour

The judges advised County Agent J. M. Cooper on Friday that Seranton had won 1st place in the district for first-year clubs. In addition to a \$100 cash award, the club will be judged again soon in the statewide contest.

Nimrod won 4th place in their district, which included some 20 clubs. Olden placed 5th in another district.

Olden was one of three Eastland County communities to be judged Wednesday in the Texas Community Improvement Program, sponsored by the electric utility companies operating in Texas in cooperation with the Texas Agricultural Extension Service of Texas A&M University.

Nimrod and Seranton were also judged.

This program has been set up to stimulate individual family and community effort toward farm, home and community improvement. The objectives are to make farm and ranch life more desirable and satisfying as well as more profitable and stable for farm families.

In judging, credit is given for individual family and group effort within the communities to improve farms, ranches, homes and communities. Scoring is made on the progress the community

makes in a 12 month period. The Olden tour began at 8:30 a.m. in the Community Center with coffee being served to those present. Gilbert Copeland, vice president of the Community Center and Vocational Agriculture teacher of Olden High School, welcomed the group and introduced judges and guests.

Judges were Mrs. Jean Henry, home demonstration agent of Hamilton; R. E. Burleson of A&M University, Extension Service; and James Benton, Gonzales Texas Extension Service. Guests included Annie Lucy Lane and John Burleson, District Agents of Stephenville; J. M. Cooper, Eastland County Agent; Mrs. Beverly Nicholson, County Home Demonstration Agent; Miss Delmelia Dunn, Assistant County Home Demonstration Agent; Bill McCutchen, Assistant County Agent; Scott Bailey, Eastland County Judge; Frank Sayre, manager of Texas Electric Service Co.

Other guests included Bill Parks, Comanche; Henry Fry, Cisco; Glyn Gilliam of Ranger; Tom Wilson, Johnson Smith, Gilbert Meredith, Ellen Justice, Roy Lane, Everett Plowman, all of Eastland.

Mr. Copeland told a brief history of Olden, which was better known as Olden Switch until the discovery of oil in the latter part of 1917 and (Continued on page 6)

\$1200 Is Raised In Cancer Fund Campaign Here

Workers in the house-to-house Cancer Drive last Tuesday collected \$590.97; and in the business part of town, \$621, according to Mrs. Guy Sherrill, chairman.

After enjoying refreshments of cakes and cookies, the workers began crusading at 6 p. m. and where doors were not answered they left a booklet listing the seven dangerous signals of cancer and explaining why a complete physical check-up each year is necessary, regardless of how one may feel.

Anyone overlooked in the house-to-house campaign may contribute by mailing your gift to Mrs. Guy Sherrill, 300 East Plummer, or contact her and she will pick it up for you.

"I wish to thank everyone, all the workers, for their time and effort, which they gave so generously to the drive," Mrs. Sherrill said, "and to remind all that there is still much to do in regard to fighting cancer."

Noted Speakers On Slate For Fifth EC-65 Seminar

A program featuring several outstanding speakers has been arranged for the 5th and final training seminar to help Eastland County attract new payrolls at the Victor Hotel in Cisco on Tuesday, May 4. The session will begin at 9 a.m.

The project, known as the EC-65 Program, began last winter as a joint project of

the Chambers of Commercences in the communities of Eastland County and the Texas Industrial Commission. Governor John Connally asked the TIC to direct the program as a pilot project for Texas counties needing new payrolls.

The program, which appears in detail elsewhere on this page, will feature ad-

resses by Paul Marable, executive vice president of the Waco Chamber of Commerce and president of the Texas Chamber of Commerce Managers Association; W. P. Sayles of Abilene, manager of area development for West Texas Utilities Company.

Robert B. Williamson, research associate of the Bureau of Business Research, University of Texas; James J. Kelly, assistant executive director, Texas Industrial Commission; and Ed C. Burris of Houston, executive vice president, Texas Manufacturers Association. Mr. Burris will speak on "Working with Existing Industry."

Director Harry W. Clark of the TIC and Larry Milner, the TIC's West Texas representative, will also be here to participate in the program.

Jim Smothers, manager of the Cisco Chamber of Commerce, was in charge of local arrangements. He said this was the final training seminar and that Mr. Clark would give a summary for the five sessions.

A sixth and final meeting will be held in June and announcements concerning this will be made Tuesday.

All communities of the county are expected to have delegations in Cisco for the final seminar.

Dr. Harris Isbell Is Addiction Authority

By DIXIE DUNCAN

Many people have had the honor of receiving an award from a famed person such as the President of the United States, vice-president or attorney general. Few of these persons, however, are from the surrounding area of Eastland.

One of the few is Dr. Harris Isbell, son of Mrs. F. T. Isbell of Eastland. In September of 1962, Dr. Isbell was awarded the PHS Commissioned Corps Meritorious Service Award emblem at ceremonies in the State Department auditorium. Attorney General Robert F. Kennedy made the presentation, given to Dr. Isbell to recognize his outstanding work in drug addiction research. Occasion of the ceremony was a White House Conference on Narcotics and Drug Abuse, of which Dr. Isbell is one of the world's outstanding authorities.

A 1927 graduate of Eastland High School, Dr. Isbell was for 17 years Director of the Center at the Public Health Service Hospital in Lexington, Ky. The Center gained world-wide recognition under his leadership. He is currently head of the Section of Clinical Pharmacology at the University of Kentucky, where he organizes and conducts a course in Therapeutics, including mechanism, application, evaluation, side effects and effectiveness of drugs.

Graduating from the Tulane University of Medical School of New Orleans in 1934, Dr. Isbell designed a test for the purpose of detecting narcotic addiction called the "Nalline Test," among other developments of great importance.

Dr. Isbell has lectured in health organizations in numerous foreign countries and was extensively quoted in the recent article, "Sleeping Pills and Pep Pills — Handle with Extreme Caution!" appearing in The Readers Digest.

MAV BAND BOOSTERS PLAN SMORGASBORD MAY 14th

Plans are being made for the Band Booster Club's Smorgasbord Supper to be held on Friday, May 14, from 4:30 p. m. until 7:30 p. m. at the elementary school cafeteria, according to Eastland High School Band Director John Foster. Tickets are priced at \$1.25 for adults and students over 12 years of age and 80 cents for students under 12.

Proceeds will go toward paying for the new overlays, or "dickies", that the Booster Club purchased for EHS Band uniforms.

The menu will consist of barbecue beef, fried chicken, red beans, potato salad, cole slaw, tossed salad, macaroni and cheese, sweet corn, green beans, assorted relishes, cakes and pies, coffee, tea and bread.

Beginning at 8 p. m., the award winning high school band will present a concert free of charge in the high school auditorium. The band has consistently placed high in the annual interscholastic

League contests and this year, has won the coveted trophy for performance in concert and in sight reading. Elementary and Junior Bands will also be in concert, Foster said.

Please make your plans to attend both the Supper and the concert and let these students know they are appreciated and their efforts to schools outstanding.

Paint And Be Fire Safe

If a paint brush figures in your Spring Clean-Up plans, keep these fire safety pointers in mind, urges Fire Marshal Guy Robinson.

1) For paint removing and brush cleaning, solvents labeled "non-flammable" are safest. If you must work with flammable ones, better use them outdoors. Indoors be sure windows are open, stoves are off, and no smoking in the room.

2) In storing paint materials, keep them well away from furnaces and also away from exits or under stairways — so you will not be blocked from escaping should these highly combustible materials catch fire.

3) Get rid of old paint and solvent containers and those with small left over amounts. Store paints and solvents only in capped metal containers — glass jars and bottles break easily, creating a definite fire hazard.

4) Safest practice with rags used to wipe up paint or solvents is to dispose of them immediately outside the house. If you must store them, use a metal container with a tight cover.

Another fire safety tip for do-it-yourselfers is this: Any time you use mastics or adhesives — to cement counter-topping or floor tiles, for example — use extreme care. Some mastics are highly flammable, and they may involve you in a serious flash fire.

Horticulturists To Attend Annual Pecan Field Day

Some of the top horticulturists of Texas are scheduled to attend the annual spring field day of the Pecan Growers Association on May 3 in Cisco, according to Oscar Schaefer, president of the association.

Tom Denman, Stephenville agricultural experiment station horticulturist, and B. G. Hancock, horticulturist of the Extension Service of A&M University have accepted invitations to attend and appear on the program, Schaefer said.

The morning session, beginning in the conference room of the First National Bank at 10 a.m. in Cisco, will feature discussions by both men on Di-Syston as a systemic insecticide for aphids that cause honeydew, shuckworm and pecan weevil research findings, use of thuricide as well as results of various fertilizer analysis tests.

After a Dutch Treat lunch at noon in Cisco, the group will go to the Jim Jennings pecan orchard a mile east of Scranton to check on the stage in the life cycle of the pecan nut case bearer, most destructive insect of the pecan in the state.

Women as well as men are cordially invited. Out of the county pecan growers are also invited, according to Schaefer, who is looking for a large group to attend the annual affair.

Besides the spring field day, the association also sponsors a fall tour, the county pecan show and the midwinter meeting. It was organized in 1956 by County Agent J. M. Cooper to help in the development of the pecan industry in the county.

Vocational Nurses Have Business Meet

The second business session for the Cisco Junior College Vocational Nurses class was held last Wednesday with Mrs. Sam Kimmell, president, presiding.

Adopted as class motto was "May our Thirst for Knowledge Never be Quenched," which was submitted by Mrs. Mary Featherstone of Albany.

Tentative plans for a picnic were discussed, and the class decided to change the business meeting time to 8 a.m. every other Monday in order that Mrs. Venita Mitchell, class instructor, could be present.

Dues were paid, and each class member was asked to decide upon a class scripture.

The Easter lily sent to Mrs. Mitchell on Easter Sunday was displayed in the class room.

All of the children are adults at the time of the widow's death; therefore, have no entitlement. Are accrued benefits payable to the children in this type of case?

A — Only as reimbursement to pay for expenses incurred as a result of last illness and burial of the veteran.

WELCOME VISITOR

What interests the readers of local newspapers? The Suburban Press Foundation conducted a survey to find the answer to that question, and Editor & Publisher has printed the results. They cast a revealing light on the wants of the millions of people who live in the small towns and the countryside.

As one would expect, local news led the field in readership, with 92.9 per cent of those polled saying they always read it; 6.5 per cent saying they read it sometimes; and only 0.6 per cent confessing they never read it.

Next — and close behind — came editorials and local columns. A mere 0.7 per cent said they never read these.

Third in reader interest was advertising. Only 2.7 per cent said they never read it. All the rest said they always or sometimes read it.

Actually, the whole local paper is very thoroughly read. Even the poorest read classification — sports news — drew a combined "always" and "sometimes" readership of 89.1 per cent.

The local paper is one of the most welcome of visitors to rural homes. It stays for seven days, not just one. And the whole family has a lasting and hearty appetite for just about everything in its columns.

500 Expected For Laymen's Banquet At Breckenridge

More than 500 Methodist laymen and their wives are expected to attend a banquet at the American Legion Hall in Breckenridge at 6:30 p.m. Monday, May 3, according to Dr. S. W. Reynolds, superintendent of the Cisco district of the church.

Dr. W. Kenneth Pope, bishop of the Central Texas Conference, will be the speaker for the dinner. Paul L. Whitton of Cross Plains, the district lay leader, will serve as master of ceremonies. The program will include music by a men's chorus from

Mineral Wells. Certificates to new lay speakers of the district will be presented to a group including Leo Clinton of Cisco, Charles L. Garrett of Ranger, Charles P. Marshall of Eastland, and Othel Clark of Gorman. Dr. Reynolds will handle the presentation and will give a report on the work of laymen in the 46 churches of his district. Mrs. Pope, wife of the bishop, will be honored by women of the district. A large delegation of local Methodists was expected to attend the dinner.

WSCS Circles Meet; Program Presented On Christian Women

Members of the Woman's Society of Christian Service of the First Methodist Church are urged to attend the next meeting, which will be held on Tuesday, May 4, in the home of Mrs. H. J. Bulgerin. At that time, members will be honored with a coffee. WSCS members met last Tuesday in their respective circles. The program topic for the day was, "A Look at Ourselves as Christian Women," and it presented a challenge to the thinking of those present. They were asked to think of ways in which Christian women differ from secular women who give their time and talents to worthy causes. It was concluded that the principal difference lies in the knowledge of the

Christian woman that she has divine help in times of trouble, and a life in the hereafter.

In the absence of the person who was to have the program for the Ruth Circle, the society presided. Mrs. H. J. Bulgerin read interesting poems and articles from "Ideal" magazines.

The lesson was presented for the Davenport Circle by Mrs. Guy Patterson; and the Deaton Circle, Mrs. Carl Elliott.

Members of the Davenport Circle met in the home of Mrs. C. M. Pogue. Present were: Mmes. Pogue, Patterson, Fred Davenport, R. E. Sikes, O. O. Mickle, Cecil Collings, L. C. Brown, J. B. Bryant and Milburn Long.

The Deaton Circle met with Mrs. Frank Crowell. Attending were Mmes. Crowell, Elliott, Frank Deaton, Ed Willman, Roy Lawson, Tonsie Johnson, B. O. Harrell, Charles Harris, James Horton, Tom Harris and Joseph Perkins.

The young women's circle, henceforth to be called the Ruth Circle, met in the home of Mrs. W. L. Griffin. Present were Mmes. Griffin, Bulgerin, Maurice Dry, Don Viergever, Don Kinnaird Jr., Lester Davenport, Jack Arrington, E. S. Perdue and M. L. Forgye.

SON VISITS

Guests this weekend in the home of Mr. and Mrs. Veon Howard have been their son, Mr. and Mrs. Ted Howard and children of Dallas.

Martha Circle Meets With Mrs. Woods

Members of the Martha Circle will have a regular meeting May 10 in the home of Mrs. P. O. Woods.

At the last meeting, which was Monday in the home of Mrs. C. M. Oakley, Mrs. Guy Robinson gave the opening prayer and a devotional entitled, "Satisfaction Comes Within."

Together, Mrs. Oakley and Mrs. Christine Beskow gave a lesson, "Test of Truth," after which the meeting was closed with benediction. Refreshments of pineapple cake, ice cream, coffee and punch were served.

Present were Mmes. M. G. Cartwright, Malone, N. T. Johnson, J. W. Watson, Woods, Ellis Neal, Robinson, A. D. Webb, Beskow, Clint Jackson and one guest, Mrs. R. B. Wesson.

Christian Woman's Fellowship meeting will be held May 3.

Mrs. Horton Gives Devotional

The Martha Dorcas Sunday School Class of the First Methodist Church met last Wednesday in the home of Mrs. L. C. Brown for a monthly business and social meeting.

Mrs. James Horton, class president, opened the meeting by reading the Constitution and by-laws, with Mrs. Ed F. Willman offering the opening prayer.

Scripture reading, taken from Psalms was given by Mrs. C. M. Pogue, after which Mrs. Horton gave a devotional entitled "Sixty Oak Trees," an original by herself.

Refreshments of cake, nuts and coffee were served to the following members: Mmes. E. R. Townsend, W. F. Davenport, Roy Lawson, Joe Stephen, C. M. Marshall, Willman, R. A. Poole, C. M. Boles; and hostesses Mmes. Earl Bender, C. H. McBee, Pogue, W. B. Harris and Brown.

Shower Honoree

Julie Elrod, bride-elect of Gayle Chaney, was honored with a bridal shower Friday, April 23, from 7 to 9 p.m. in the home of Mrs. Don Doyle. Her colors of white and pink were used with artificial flowers throughout the house.

Hostesses were Mmes. Doyle, Walter Maynard, Bob Carroll, Marzeen McMillan, Niles Turner, Emfinger, Pete Tendall, Maurice Jones, Otis Kelley, Bill Pryor and M. G. Key. They served punch and decorated cake squares with crystal and silver from a table centered with a miniature bride and groom standing under an archway of flowers. Approximately 50 people called between 7 and 9 p.m. and some 90 gifts were received.

OES Tea To Fete Church Of God Has State Camp Meeting

Remember when the First Church of God had its state camp meetings in Eastland? Well, it began another "old fashioned" camp meeting April 30, which continued through May 2. Located west of Eastland on Highway 80, it has been named "Camp Inspiration."

A few improvements that have been made to the camp within the past few years include the old college building being razed; three new haydite block, air-conditioned cabins, accommodating 20 people each, have been built and a fourth will soon be finished; a new bath house and restrooms have been built; the kitchen has been completely remodeled with new cabinets; the tabernacle has been floored with concrete and repainted; and a new entrance and road has been built.

For the past two years the church has had the West Texas District Junior and Senior Youth Camps here. A large turnout was expected at the meeting to end May 2. All churches in the West Texas District from El Paso to Wichita Falls are dismissing Sunday services in order to attend the camp meeting.

Guest speaker has been Rev. Leroy Oesch from Tulsa, Okla. Everyone is welcome to visit the camp, look around and attend services which end at noon Sunday.

Karnes Students To Give Recital

Mr. Ben Karnes will present a piano concert at 4 p.m. Sunday, May 2, at the Woman's Club and the public is cordially invited to attend. This will be in observance of National Music Week, which has been observed in the United States for 42 years from May 2 through the 9th.

Members of Eastland Music Study Club urge all clubs, schools, churches, radio stations and other interested groups to prepare and publicize special programs during this week.

"Make music your keynote for living," is the Eastland Music Study Club theme.

Notary Public Requirements Expelled Out by State Official

Secretary of State Crawford Martin announced that all Notaries Public de-qualified for re-appointment for the term ending June 1, 1967, must re-qualify by the payment of the required fee and filing of a new oath and with the County Clerk at his residence between May 1, 1965 and May 15, 1965, inclusive.

Martin emphasized that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State. The law specifically requires that the County Clerks approve notary bonds.

Any person not now a Notary Public who desires appointment should apply to his County Clerk before May 20, 1965. Application during this period will assure that the appointment will be made in sufficient time for the applicant to qualify at the beginning of the new term.

The Secretary of State further pointed out that each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished to the County Clerk.

RECORD FOR SEASON — The 57-pound catfish that Cats Ingram, left, and Carroll Scott are holding in the above picture is the largest taken from Lake Cisco in the past year or two. They took the big fellow off a line put out by them and Grady Hogue last Wednesday night. It was a yellow catfish and "he put up quite a fight," reports Ingram and Scott, who boated him. (Photo by Cotton's Studio).

DISTRICT AGENTS John E. Bursleson and Miss Annie Lucy Lane of Stephenville were photographed at Nimrod last Wednesday as they took part in the community improvement contest tour.

THE JUDGES of the improvement contest were photographed at the Nimrod Community Club as refreshments were being served there last Wednesday. Shown, left to right, are Richard E. Bursleson, Texas A&MU; Mrs. Jean Henry, Hamilton County home demonstration agent; and James S. Denton, District 10 farm management specialist.

READY TO SERVE refreshments at the Scranton Community Club at the conclusion of the improvement contest tour last Wednesday was this group shown above. Pictured, left to right, are Mrs. John Shrader, Mrs. A. T. Blalock, Mrs. P. M. Ray, Felix Boland and Mrs. Felix Boland. The group explained that Mr. Boland was their kitchen policeman, which might be a nice way to say "dish washer."

Leo Hatten Is Hired As Registrar At College

Lt. Col. Leo A. Hatten, who will retire July 31 after more than 20 years on active duty with the U. S. Army, has been employed by Cisco Junior College as registrar and assistant to the president for the 1965-66 school year, according to an announcement by President G. C. Hogue.

Col. Hatten, 45, will assume his duties at the college Sept. 1. Mr. Hogue said. A native of Eastland, Col. Hatten is a 1937 graduate of Eastland High School. He was graduated from Tarleton State College and holds a BBA degree from the University of Texas and a Master's degree from George Washington University. In addition, he is a graduate of several military schools.

During his military career, Col. Hatten has seen service in virtually every theater of operations — from the Normandy landing in France during World War II to the Pacific and duty at Okinawa and, recently, a tour in Viet Nam.

His decorations include the Commendation Medal for Viet Nam service, the Bronze Arrowhead and the Purple Heart for duty in Normandy, and others.

Col. Hatten is married to the former Reda Clark, a native of Cisco. Mrs. Hatten and their two daughters, Patricia, 18, and Lynn, 16, have been making their home in Cisco for the past two years with their mother and grandmother, Mrs. Leila Clark. They came here for the girls to attend high school while Col. Hatten was in Viet Nam. He has been on duty in the Pentagon, his present assignment, for the past year. The Hattens are members of the First Methodist Church of Cisco. He is a member of the Masonic bodies.

Now, That It's Spring Again —

It is time to rejoice for the Season ushers in a period of new life, renewed hope and pleasant memories of Eastertime. But Spring, all too often, may bring memories of hail and windstorms, too, which are neither joyous nor pleasant. And sometimes they cause death and much destruction of property, without warning. If you are not carrying insurance against these hazards, and others just as destructive, better give us a call today. Tomorrow may be too late.

IMPROVEMENTS

(Continued from page 1)

early party of 1918. During the boom, Olden had an estimated population of 10,000 and Magnolia Oil Company had 2,000 persons on the payroll. Businesses during the boom included a hotel, two banks, two shows, three drug stores, two dry good stores, five grocery stores, barber shop, post office, doctor office, hardware stores, and a YMCA.

Mr. Copeland also told of the purchasing of the present Community Center building and how it was paid for with a membership fee of \$2.50 per family per month. The fee has now been lowered to \$1.00 per family per month.

Improvements to the building has included the installing of two restrooms and kitchen cabinets. During the past year, members conducted a test of 65 water wells in Olden, thus leading to the project of forming an Olden Water System and buying water from the City of Eastland. To date, 131 Olden families have signed for the water and the plans are now in the hands of the engineers.

Also achieved during the past year was the securing of a fire truck, building of a fire station and forming a volunteer fire department. A community homecoming planned and held in November, with 600 persons registering, and the construction of a football field are also projects of the Community Center.

First step on the tour was the fire station, where Bert Kent, fire chief, explained the use of equipment. The following homes were toured:

Gilbert Copeland, Lee Williamson, L. J. Williamson, Carl Boustead, Onous Dick, I. E. Talley, and Gaylon Ashton. Also noted throughout the community were vacant lots that had been cleaned and improved.

Officers of the Community Center are president, L. J. Williamson; vice president, Gilbert Copeland; treasurer, Gene Woods secretary, Desie Hooks.

Letters TO THE EDITOR

EDITOR:

How well do I remember April 28, 1893, the night Cisco had that awful storm. I lived 10 miles from Gorman. Our dad had all of us to get in the cellar. He stood out and watched the cloud. At last he called us to come out, that the storm wasn't going to strike here. Of course there wasn't a telephone anywhere then in the county so the next morning here came a boy on horse back from Rising Star telling of the awful storm that hit Cisco.

My dad hitched his mules to the wagon, drove to Gorman, put his team in the livery stable, got on the train, and came to Cisco. He said it was an awful sight. By that time it had cleared off and was a quiet beautiful day. Twenty people were killed and lots of houses blown down. He stayed and helped all he could.

I remember it all so well.

Bray's Department Store Is A 2-Family Endeavor

By this time, Eastlanders could easily say that no introduction is necessary for Clint and Dayton Bray, owners of the new Bray's Department Store on the west side of the square in Eastland; however, for the benefit of those who have not met them or been in to survey their new store, this introduction is given.

Clint and his wife, Bea, who has been employed with Cisco Telephone Company since 1942, will be moving to Eastland in the near future. He was employed with Penney's Company from 1946 until this year and, during the first two years with Penney's, attended business college.

He is a graduate of Bismark High School, Arkansas, and served with the armed forces in the Pacific during World War II.

Also graduating from Bismark High School, Dayton joined and served with the U. S. Air Force from 1946 until 1948. He became an employee of Penney's Company in 1951 and went to work for Sears in 1960.

He, his wife, Berta, and their 13-year-old daughter, Carolyn,

moved to Eastland last March from Houston.

Both Clint and Dayton are deacons in the First Baptist Church, where both families are members. In addition, Clint is a member of the Lions Club and Masonic Lodge. They stated that their ambition is to serve the people of Eastland and to participate in community activities.

Bray's Store, completely remodeled with new fixtures, occupies the space of the former Wilson's Variety and Men's Store on the west side of the square in Eastland.

Opening day will be Monday, May 3. The store will

stock nationally advertised merchandise of the following brands:

Hanes, Munsingwear, Hollywood Vassarette, Maiden Form, Dan River fabrics, Ty-lon Zippers and threads, Toddie Wink knit wear for infants, Levi products, Phoenix suits for men, John C. Roberts shoes for men,

Personality shoes for women, Red Goose for children, P. F. Fliers (canvass footwear),

BUCHING UP DISPLAY — Co-Owner Clint Bray gives a display of men underwear in last-minute preparation for the opening of Bray's Department Store family Store which is located on the West Side of the square in Eastland. A week-long opening celebration will be held, during which hundreds of dollars in merchandise will be given free.

LOTS OF FAVORITES — Mrs. Dayton Bray sorts and catalogs patterns in preparation for the opening of the Bray's Department Store in Eastland. A complete line of Simplicity Patterns will be offered. In addition to such accessories and notions, a complete line of greeting cards will be stocked.

'HATS ARE SUCH FUN' — Carolyn Bray, teenage daughter of Mr. and Mrs. Dayton Bray, co-owners of Eastland's new Bray Department Store, delights in the womanly pursuit of modeling hats during pre-opening days. The large, modern store will open its doors Monday, May 3, with a week long Opening Celebration with many, many free gifts and special events. Outfitted as a family store, name lines will be carried with the latest in fashions and quality apparel for every member of the family — including hats for the ladies. LOTS OF UNPACKING — That's Dayton Bray behind the mountain of packing boxes all filled with brand new merchandise which will go on display at Bray's Department Store Monday.
