**A BIBLE THOUGHT FOR TODAY**

THE CRY OF THE HELPLESS: O, God, give us help against the adversary, for vain is the help of man.—Psalm 60: 10, 11.

**AN ADVOCATE OF HIGH WAGES**

Philip K. Wrigley is the son of his father. He is the head of the William Wrigley, Jr., company, founded by his father. He is an advocate of wage increases "where they can be effected without imposing financial strain." His plan, he insists, will help clear the way to general business recovery. He has announced an increase in pay for factory workers of the company in the city of Chicago.

His argument is that if "we pay simply enough wages for our workers to live on we cannot halt the downward trend in general business conditions." He advances as a reason that the workers are the great consumers of products and must have more than enough to cover the bare necessities of life if improvement is to be felt in a host of lines.

Philip K. Wrigley has started the ball rolling in the other direction. His Canadian subsidiary recently augmented its working force and at the same time announced a wage raise. Regardless of all this the cost of government is drying up the revenues of individuals and corporations who are large employers of labor. Commodities prices have touched the levels of 1914.

Why shouldn't the cost of government touch the same low? Why shouldn't those who employ labor at fair wages and do their level best to maintain high standards of living be given a square deal by the lawmakers of the nation and all American commonwealths? It is possible to kill the goose that lays the golden egg.

**SLASHING THE COST OF GOVERNMENT**

President Roosevelt has asked the new congress for the broadest powers possible under the constitution to permit him to "slash government cost." Under the sweeping authority which he hopes will be granted by the congress the president would be empowered to reduce veterans' compensation and expenditures, which run nearly a billion dollars a year and constitute one-fourth of the annual budget. Indeed it is said that all cases under the veterans administration would be subject to review and revision downward. He is willing to accept all responsibility. He is willing to accept all responsibility. Why not? A president should be willing to accept all responsibility in war time and this is a war that has been launched or inaugurated for the destruction of depression by the army of patriots who are led by the commander-in-chief of the fighting forces of the nation.

**BILLIONS IN CURRENCY AVAILABLE**

If there is a dearth of money in the United States, why not tap the sources of supply? This from Washington is a hint carried by Associated Press wires:

"Banks of the country can issue three billion dollars in new currency without the shifting of a single comma in present laws. This realization emerged forcibly March 8 from a profusion of talk about banks and money and scrip." Additional information: "Authoritatively for most of the new expansion in cash has existed for more than a year, has been used by the banks to a limited extent, and can be used further when members of the federal reserve system and national banks choose."

"Well, the congress has organized for the war on depression. Now crack down and on with the passing show and relief measures that have been outlined as well as promised to the American people.

It seems a pity, but nevertheless true, that in human affairs it is the prophecies of misfortune that come true more often than those which create hopes and appear for the good of humanity.

**DID YOU EVER STOP TO THINK**

By EDSON R. WAITE, Shawnee, Oklahoma

THAT it is always to your advantage to see the goods you buy before you spend your money.

The value of your dollar depends on the wisdom you use in spending it.

The stores of your city give you definite assurance of handling quality goods at prices that are right.

People should not board money. Put your dollars to work in your own home city. Working money is an asset to any community.

The man who buys at home helps not only himself, but also the community in which he lives.

Your welfare and the progress of your city depend upon you and your neighbor buying in the home city.

You should spend what you spend and invest what you invest in your own home city.

The greater the volume of trade in a city, the greater the business concerns and the entire city will be.

United Press Staff Correspondent  
PARIS.—"If England's world of finance has gone off the gold standard—Paris' world of fashion has certainly gone on the bronze standard," says Mollie P. Page, shoe stylist, who knows her business in the French capital.

Spanish audiences resented it when sound was turned off during showing of American talkies.

**ILLUSION:** The magician exhibits a flower pot with hinged sides on a table in the center of the stage. He opens out the sides to show that this container is empty. Closing it up, he places a screen between it and the audience. After a short period of magic incantations he removes the screen. The astounded audience sees a beautiful girl, covered to the shoulders in lovely flowers, rising from the "empty" container. Where did she come from?

**EXPLANATION:** The girl was hiding behind the drape of the table. There is a trap door in the bottom of the flower pot, with a hole large enough to allow her to crawl through. The flowers, called "magicians' feather flowers," are a regular part of a magician's outfit. The flower girl wears a rubber tunic and a bathing cap to keep the flowers compressed into small space. She slides the tunic down and the flowers expand when she emerges.

**IT'S FUN TO BE FOOLED**  
**...IT'S MORE FUN TO KNOW**

A trick frequently worked in cigarette advertising is the illusion that mildness in a cigarette comes from mysterious processes of manufacture.

**EXPLANATION:** All popular cigarettes today are made in modern sanitary factories with up-to-date machinery. All are heat treated—some more intensively than others, because raw, inferior tobaccos require more intensive treatment than choice, ripe tobaccos.

That is why Camels are so mild. That is why Camels have given more pleasure to more people than any other cigarette ever made. It's the secret of Camels' rich "bouquet"... their cool flavor... their non-irritating mildness. Give your taste a chance to appreciate the greater pleasure and satisfaction of the more expensive tobaccos.

# LARGE OAK TO BE TRANSPLANTED

**MADISON, Wis.**—A burr oak 10 inches in diameter will be transplanted to replace a 300-year-old white oak in a rock garden which became the traditional meeting place for home economics students on the University of Wisconsin campus. The old tree, christened "Euthenics Oak," became diseased and was cut down.

# MAY HOLD MINERS' SCHOOL

**GREAT FALLS, Mont.**—The Cosmopolitan Club of Great Falls may conduct another school for amateur gold prospectors and miners, similar to that held last summer, this coming spring, officials have announced. An instructor from the Montana School of Mines, Butte, where such a school opened Jan. 16, will be asked to conduct the course.

**COLUMBUS, Neb.**—When a survey has been completed here of the proposed Columbus-Genoa power canal project, the report will be turned over to the Reconstruction Finance Corporation in the hope of securing funds for building the project from the Reconstruction Finance Corporation.

**HENDERSON, Tex.**—Indiscriminate thieves entered the home of Sam Broome, city officer, while he was on duty protecting property of other citizens, and helped themselves to his wardrobe. While he was lamenting his loss his son came in to report his watch had been stolen during a baseball game at London. Things are getting pretty bad, Broome declared, when crooks even prey upon officers.

# WOMAN ENDS 43 YEARS OF SERVICE

**JUNEAU, Wis.**—Miss Mayme O'Connor, station agent, is finishing her 43rd year as a railroad employe and is believed to be the oldest telegraph operator in point of service on the division line. She started her career before she reached 20, and was night operator here in 1890.

**ROCK SPRINGS, Wyo.**—Plans for the expansion of the municipal airport here to twice its present size have been completed. The United Air Lines, which is making the improvements, expected to complete them this year.

Now they're proposing pocket radio sets for patrolmen on the beats. Might be all right if the cops don't get their programs mixed and find after an hour that they've been trying to run down "the arch counterfeiter of 1902."

# REPORT BICYCLE COLLISIONS

**HARRISBURG, Pa.**—Bicycles and motorcycles figured in 385 collisions in various parts of Pennsylvania during the past year, according to figures just released by the department of revenue. Twelve persons were killed and 403 injured.

Roosevelt's smile has been as board for the south as for the north. But it remained for Mrs. Roosevelt to achieve the ultimate in impartiality by choosing her inaugural gown in a shade which stylists describe as "just between grayish blue and bluish gray."

Sir Hubert Wilkins plans another attempt to reach the North Pole. Of wider interest, however, in the field of polar exploration seems to be the search of neighbors' refrigerators for more ice cubes.

# OLD HOTEL RAZED

**VAN BUREN, Ark.**—Built in 1859, one of Van Buren's oldest buildings, the Chapman Hotel, has been torn down. Pegs and mortises were used in placing the timbers in the 14-room building. The structure was erected and run as a hotel by the late Capt. Levi Chapman, who commanded a steamboat from Memphis to Fort Smith after the Civil War.

MASONIC TEMPLE—RANGER

The Cooking School will be under the personal supervision of MRS. MARTHA McDONALD noted "Happy Kitchen" expert

**T**HE EVENT for which we have been preparing for weeks is almost here—YOUR Cooking School. We have taken a long time to plan a superlative four-afternoon program of cookery. New ideas, new food fashions, new time-savers, entertaining shot-cuts—all will be combined in something we know you'll like—a real, practical "Happy Kitchen." And we know your kitchen will be a great deal happier, too, after you see it.

Every item on the Happy Kitchen cooking school program will be prepared and cooked before your very eyes, from start to finish. Each one of four two-hour sessions is a complete unit in itself—yet the four afternoons are a combination which you shouldn't miss. Every single minute of the Happy Kitchen hours will brighten and lighten your household tasks for months. Each individual dish is built around the theme of **less work—more fun**. There are secrets old and new, keys to the most intriguing meals you've ever cooked or tasted. And most important—the key to the way **your** kitchen can be turned into a real Happy Kitchen.

There is no charge—no obligation whatsoever at the Cooking School. Your presence is the only thing that's required to get you the biggest batch of kitchen time-savers you ever imagined. Come early and bring paper and pencil, or you'll miss lots of marvelous suggestions. The Happy Kitchen comes to town but once a year—it's here now!

**Remember—the "Happy Kitchen" school is YOUR cooking school—we heartily invite you to make it so**

# "THIS IS REAL COFFEE

**VACULATOR Coffee Brewer**

"Have you found a new brand of coffee?"  
 "No. It's the same brand, but this coffee is made in a Vaculator coffee brewer. It brews perfect coffee by extracting the maximum amount of aromatic oils which give coffee its fine flavor, and leaves in the coffee grounds the elements which make some coffee unpleasant. After this, you'll always have 'vaculated' coffee."  
 You, too, will like the new and different way of making coffee. Ask any employe of this company for an explanation or demonstration.

**\$4.95** 95c DOWN \$1.00 A MONTH...

# HOW THE VACULATOR OPERATES

1. Measure water in the bottom, pulverized coffee in the top, one heaping teaspoonful of water to one cup of water.  
 2. Heat generates pressure that causes water to flow upward. The use of hot water hastens this preliminary action.  
 3. Coffee is brewed in upper glass where correct temperature is controlled. When upward flow stops, current should be turned off.  
 4. Removing from heat creates a vacuum in lower glass which "pulls" down filtered coffee in a jiffy.  
 5. Remove upper glass and serve. The coffee will stay hot upwards of thirty minutes in the de-canter.

DRUGS ARE PASSING

Years ago nearly all people believed that drugs would cure almost anything. The feeling prevailed that if the right kind of drugs could be found, it would soon make them well. Now a more enlightened public is getting away from this foolish idea. They are depending on Nature and not placing all of their faith in habit-forming drugs. If you cut your finger, there is no known way to compel it to heal, yet Nature will repair the damage if you will stop cutting it. By the same token, Nature will restore health if you will remove the cause of the disease. If you have some ailment that is due to faulty elimination or unbalance in the body's chemical arrangements, the thing to be done is to correct the body chemistry; clean up the entire system and allow Nature to repair the damage just as is done in the case of the cut finger. Hundreds of thousands of people have let Nature relieve them of such chronic ailments as: rheumatism, neuritis, colitis, acidosis, nervous ailments, liver and kidney disorders, arthritis, and others by just adding Crazy Water Crystals to their drinking water. One oz. of Crazy Water Crystals will make approximately 15 gallons of natural Crazy Water, at a cost of only 10 cents per gallon. Inquire today for complete information concerning Crazy Water Crystals.

EASTLAND PERSONAL

John S. Hart returned to Longview Monday after a week-end visit with his family. Mrs. W. A. Deck was a visitor in Fort Worth Sunday. Bill McDonald of Austin visited in Eastland over the week-end. Miss Sallie Hargus of Austin spent the week-end in Eastland visiting relatives and friends. Miss Viola Harris returned to her home in Christal Sunday after a several days stay with her sisters, Misses Thelma and Billie. Miss Gladys Brown of Ranger visited relatives here Sunday. A cable reports that a Solomon Island native "has just paid \$1800 for a wife on the installment plan, and will be the rest of his life paying for her." Well, well. Things are pretty much the same this world over, aren't they?

One I Love

By LAURA LOU BROOKMAN
NEA SERVICE, INC.
When JANET HILL learns ROSE SILVANI has been breaking engagements with her to meet BETTY KENDALL, a society girl, she tells him their marriage is off. Janet is 22, pretty and secretary to BRUCE HAMILTON, advertising manager of Every Home Magazine. She still loves Rolf who is handsome and attractive in spite of being irresponsible and extravagant. Janet tries to forget him but succeeds only in being miserable and lonely. She meets JEFF GRANT, young rooming house man who has moved to the rooming house where she lives. Then one night Janet finds a little girl crying on the street. The little girl is ROSIE SILVANI, who has been trying to sell candy and lost her money. Janet starts to take her home. A holdup man grabs Janet's purse but Jeff Grant saves it and the man runs. Jeff takes Janet and Rosie to the little girl's home. They find the family almost destitute, and Janet and Jeff become close friends. He asks her to help him select a girl for the street and they buy a purse. Later at lunch Janet looks at a newspaper and sees in headlines that Rolf has eloped with Betty Kendall. Janet tells him about her broken engagement with Rolf and that she will never care for anyone else. Later he gives her a birthday present for Janet to a stenographer, DOLLY.

By Cowen

PAULINE HAYDEN entered the office where Janet was working. There was no one else in the room. Pauline came over to Janet's desk and said quietly, "What's it all about? Do you know?" Pauline nodded toward Hamilton's desk. "Your boss is talking to Chambers, isn't he? They've been at it half the morning. Something's going to happen around here, I'll bet!" "What makes you think so?" Janet asked. "Oh—lots of things. I can tell by the way Bradford and Dolly had their heads together a while ago. They know something's on foot but they don't know what it is." "But there isn't anything strange about Mr. Hamilton talking to Mr. Chambers? They're always having conferences." "I know. But this is different." Pauline picked up a typewriter eraser and toyed with it. "You'll see I'm right!" she prophesied. Janet smiled. Pauline, who wouldn't for the world have asked a personal question, was always scenting such rumors. The fact that almost always they proved groundless never seemed to dampen her ardor. Janet herself didn't think it strange that Mr. Hamilton should spend most of the morning in the business manager's office. It was Pauline's prediction, of course, that made Janet a little surprised when Hamilton announced later in the afternoon that he would not be down the next day, possibly not on the day after. He didn't say that he was going out of town, that he had other business, or make any explanation. He simply told her he wouldn't be down. He outlined some work that Janet was to do in his absence, told her he'd trust her to "keep the top" and departed fully three-quarters of an hour before the time he usually left the office. Maybe Pauline was right. Janet didn't bother much about that. If anything was to happen she would know it soon enough.

Booster Class Meets The booster class of the Methodist church is putting into effect their own relief plans working to good advantage along their individual lines but built on the Red Cross work plan and in line with that work.

At their meeting in class Sunday morning opened by their president, Mrs. W. W. Kelly, three additional families were adopted for whom a budget was fixed in relief work for each month, with support from private members of the class of donations of money, food and clothing. This in addition to the family adopted last week, when over \$25 was spent in general relief work.

Plans were made for the prayer meeting service for Wednesday night of this week with Booster class in charge. Miss Jessie Lee Ligon was appointed to make out program.

Miss Lillian Thompson was elected first vice president to fill vacancy caused by the removal of Mrs. Britain from Eastland to Kerrville.

Mrs. J. C. Patterson is the second vice president. At close of business session a fine spiritual lesson, "Prohibition As It Affects the Individual, the State, the Church," was given by Judge W. P. Leslie, class teacher.

Those present, Mr. and Mrs. W. W. Kelly, Mr. and Mrs. C. W. Price, Mr. and Mrs. M. H. Kelly, Mmes. Ed Willman, Frank Hightower, Nell A. Mgoore, J. C. Patterson, and Mrs. Arthur Vaughn and guests, Mr. and Mrs. Hardin of Abilene; Misses Lillian Thompson, Aline Walker, Jessie Lee Ligon, and Mrs. D. S. Eubanks, welcomed as a new member; Messrs. B. M. Collie, Davis, T. J. Haley, and Judge W. P. Leslie.

—EASTLAND PERSONALS— Osgood Hunter was a Dallas visitor Saturday to Sunday and attended the medical fraternity Phi Chi dance Saturday night.

Mr. and Mrs. Hardin of Abilene were guests Saturday to Sunday evening of Mr. and Mrs. Arthur Vaughn.

Sam Conner, student at State university at Austin, spent the week-end with his parents, Judge and Mrs. Earl Conner, being one of the motor party from Texas U. of James Smith, Saunders and Lewis Gregg of Ranger, who visited their parents.

Mrs. Joe C. Stephen is now at home to her friends at her residence and has as her guest her mother, Mrs. Bull of Abilene.

Mrs. William Cupton and son, Bill, of Fort Worth, were the Friday to Sunday guests of Mr. and Mrs. Walter I. Clark, and other Eastland friends.

Mrs. Gilbert Reineman returned to her home in Gladewater Saturday, following a two weeks visit with her parents, Judge and Mrs. Earl Conner. She was accompanied as far as Fort Worth by Mrs. Curtis F. Corzelli, who had spent the week-end in Eastland as guest of friends.

Miss Pauline Randolph is in Breckenridge for a week's visit with friends.

Eastland was represented at the Eastland County Federation in Gorman Saturday by Mmes. J. E. Hickman, W. A. Martin, W. K. Jackson, A. H. Johnson, J. M. Perkins, Milburn McCarty, W. E. Stallter, B. M. Collie, Carl Springer, C. C. Webb, W. A. Whitley, Bert McGlamery, W. P. Leslie, James Horton, Frank Crowell, T. J. Haley, and Miss Sallie Hill.

Miss Sallie Hill, district agent, College Station, and Miss Mildred Horton, state home demonstration agent, were business visitors in Eastland of Miss Ruth Ramey, Saturday afternoon.

Hazel Randolph House Party Miss Hazel Randolph was the charming hostess of a little house party from Saturday to Sunday evening at the home of her parents, Mr. and Mrs. O. E. Randolph of South Seaman street, entertaining Misses Mavis Murray, Sammie Ruth Matthews, and Camilla Hunt of Ranger, and Catherine Utz and Kathleen Cottingham of Eastland.

The six girls had a merry time, attending matinees and other pleasant amusements.

money satisfactorily loaned. Mrs. W. A. Martin, Eastland county chairman, traveling library, reported 11 cases in circulation, 350 books for set, 14 cases in all and enough books on hand to fill three more cases.

Corresponding secretary, Mrs. Bert McGlamery, presented letters which allowed \$1 for the Carrie Reeves name in permanent club headquarters; \$1 for Sul Ross as well.

The Civic League of Eastland presented by request, description of Eastland relief garden project. Judge Clyde L. Garrett's request that all Eastland county clubs cooperate with similar movement was presented by chair.

Mrs. J. C. Patterson on request presented Mrs. W. P. Leslie, in greater length on garden projects; gardens for 40 families prepared and seed furnished to 50 families. Committee intends to see that gardens are cared for through summer.

Sixteen rugs were displayed, winners being, first place, Bass Lake club; second place, Mrs. Milburn McCarty, Eastland; third place, Mrs. J. M. Perkins, Eastland. Silk hooked rug, first place, Mrs. J. E. Hickman; second, Mrs. Carty. Paired rug, first place, Flatwood club; second, Mrs. Perkins. Rugs were judged on design, color blending, workmanship and general appearance. Winners

will enter rugs in district rug contest. Mrs. W. B. Reagan of Cisco, parliamentarian, took charge of program, which opened with piano solo by Mrs. Donna David of Gorman. The parliamentary drill was confined to Eastland county parliamentary usage, was very interesting, and thorough.

The gag law was demonstrated Old-Time Fiddlers Enjoyed Saturday Night The Connellee theatre was filled to the doors Saturday night by a very interested audience who applauded the old-time fiddlers in contest for a \$50 violin, that was awarded to Mrs. J. Homen for all-around general excellence in her performance of the violin.

In the guitar contest Bill Richardson of Pioneer was awarded a large basket of groceries as winner. Floyd Jordan represented the voyagers, without any opposition.

SERVED 5,000 MEALS DAILY By United Press KANSAS CITY, Mo.—A relief kitchen established on the North Side, Kansas City's poorer district, has served an average of 5,000 meals daily for the last month, it was reported today. The kitchen is financed by a political club and by business men of the district.

"Strange as it may sound, Rock Wool makes better cakes and pie," says Mrs. McDonald. "Not as an ingredient in the recipe, of course, but as a factor in assuring better baking facilities."

"Rock Wool, you know, is the trade name for the asbestos oven insulation used in the modern gas ranges. It is this insulation that keeps oven heat uniform, without hot spots or cold corners, thus assuring more accurate baking results."

"Proper insulation also saves money and promotes better working conditions. All heat is sealed inside of the oven. It cannot escape to waste gas or overheat the kitchen."
