# ROOSEVELT PLANNING FARM AND HOME RELIEF

## HUSBAND AND WIFE FOUND NOT TO DEATH

By United Press  
DAS, March 22.—Alarmed Mrs. Thelma Russell, 24, did not get to work today, fellow workers at a grocery company and her husband and found the couple shot.

Russell, apparently was as she was sleeping. She was found in her night clothes, lying on the floor, with a bullet wound through the forehead. Her husband's body was found in the bathroom. The justice of peace, rendered a verdict of murder and death.

Fly was told, had been in the house for the past several days.

## Gasoline Plant Operators to Meet at Breckenridge

Meeting of the Natural Gas Association of America will be held in the city hall at Breckenridge, Texas, Tuesday, March 28. The sessions will be held, one from 10 to 12 in the morning and another from 1:30 to 5 in the afternoon, with a dance at the Petrolium Club rooms beginning at 9 o'clock that night.

Large attendance of gasoline plant operators and employees from the section of the county is expected to be present.

Morning Session  
R. E. Lederer, vice president of the Pacific Coal & Oil Co., will preside.

Afternoon Session  
J. P. Weatherall, president of the Gasoline Plant Operators' Association, will preside.

Dr. H. C. Cross, Standard Accident Insurance Co., Dallas, will be in charge of the program for the meetings.

## Is Named German Envoy to U. S.

Dr. Hans Luther (above), former president of the Reichsbank in Berlin, is the new German ambassador to the United States, succeeding Friedrich Wilhelm von Preusswitz and Gaffron who resigned because of differences with the Hitler government. Luther, 54, former mayor of Essen, great industrial city in the Rhineland, was chancellor of Germany for brief terms in 1925 and 1926.

## Ranger Rotarians Hear Talk On Current Events

F. D. Hicks was in charge of the program at the meeting of the Ranger Rotary club today and presented an interesting talk on events of the past year.

He pointed out that in 1908 Eastland county raised 50,611 bales of cotton, while in 1932 the crop was only 4,671 bales and the smallest yield was only 1,800 bales, produced in 1921, during the oil boom. He said concerted efforts were being made to increase the yield in the county and to improve agricultural conditions.

In speaking of national events he touched on the highlights of 1932, which included the renewal of animosity in the Far East, the death of Calvin Coolidge, the Japanese withdrawal from the League of Nations, the election of Hitler, withdrawal of troops from Nicaragua, Gandhi's actions in India, the guarantee of Philippine independence by the United States.

Of the more recent events he spoke briefly on the election of Roosevelt, saying that was expected by a majority that was expected when he carried 41 of the 48 states. He said that Hoover proved to be a good loser, which was different from the state race, where the losing candidate showed poor sportsmanship.

The speaker touched on the lame duck session of congress, saying that the only major accomplishment was the elimination of other lame duck sessions, with provisions that the president would assume office on Jan. 20, following his election. He mentioned the attempted assassination of Franklin D. Roosevelt and the untimely death of Mayor Anton J. Cermak of Chicago, who was killed in the attempt on Roosevelt.

He stated that of all the state banks only about 8 per cent opened under restrictions and that in Ranger \$3,000 in gold had been turned in at the bank by citizens of Ranger and the Ranger trade territory.

He mentioned the bonus and the Volstead act legislation and stated that 10,000,000 people would be aided directly or indirectly by Roosevelt's economy program and relief measures if the people would continue to have confidence in the new leader.

E. L. Fontaine presented Wyllys Barnes, old-time minstrel man, who entertained the club with a unique program, featuring the glass harmonica.

Pink carnations were presented to each member and visitor by the Golden Florist in keeping with national flower week, which begins Friday.

P. Pettit of Cisco and C. J. Moore of Ranger were visitors.

The program next week will be under the direction of Ben Whitehouse.

## Madman's Victim's Same Family Plot

By United Press  
HEARNE, March 22.—Withering fire of a madman's gun today killed a dead here today and the killer will be buried by the side of his victims.

Funeral plans were completed today when relatives and children of W. H. Rouse, 53, electrician, who shot his wife and 21-year-old son, Alvin, before talking his own life, arrived here.

Rouse died in the house where he shot and killed his son. Mrs. Rouse, the first person shot, was killed while attempting to flee from the house. Her body was found on the lawn.

A coroner's verdict of murder and suicide ended official investigation of the shooting.

## Out-Of-Town Visitors At The Cooking School

The following out-of-town women visited the Ranger Times Free Cooking School Wednesday afternoon:

Mrs. Will Keith, Eastland; Cleo Neptune, Eastland; Mrs. L. S. Hamilton, Olden; Mrs. L. S. Hamilton, Olden; Mrs. W. A. McMillan, Olden; Mrs. R. F. Middleton, Olden; Mrs. L. A. Cook, Eastland; Mrs. F. L. Michael, Eastland; Mrs. A. W. Eberly, Dallas; Mrs. E. D. Worsham, Fort Worth; Mrs. T. E. Payne, Eastland; Mrs. K. B. Tanner, Eastland; Mrs. Henry Collins, Olden; Mrs. M. C. Nix, Olden; Mrs. M. K. Gates, Eastland; Mrs. B. H. Robinson, Thurber; Mrs. J. A. Thorp, Thurber; Mrs. E. L. L. Foster, Thurber; Mrs. J. E. Marrs, Thurber; Mrs. O. E. Randolph, Eastland.

## Merchants Contest Removal of Snow

By United Press  
HARRISBURG, Pa.—The state highway department's pride in the rapidity of snow removal from highways received a blow here when York county merchants asked the snow be permitted to lie where it fell.

The department policy sends crews with sweepers and plows out as soon as a snowfall starts and usually all roads are kept open.

The merchants, however, complained that such rapid snow removal hurt their business in Spring Grove borough, for the accumulation of snow prevented plows and sweepers from parking near the stores.

## Many Delightful Recipes Are Given At Times Cooking School At First Session

The Ranger Times Free Cooking School opening was a great success yesterday. A large number of ladies from Ranger and nearby communities expressed themselves as delighted with the lecture and demonstration by Mrs. McDonald, who is a noted lecturer and food expert. She brings practical suggestions in a kindly, even tone that emphasizes her subject, "Happy Kitchens," in a truly happy manner.

She explains that cooking is not drudgery but an art to be enjoyed especially as the health of husband and family depend greatly upon this important service. A cordial invitation is extended to all the ladies to attend these valuable lectures and gain new inspiration in an art that is as old as civilization; also to view many interesting displays arranged around the hall by the various merchants who have made this cooking school possible.

The following recipes were taken from Mrs. McDonald's lecture on Tuesday:

**Ham Bountiful**  
2 pounds ground cured ham, 16 crackers, 3 tablespoons finely minced onion, 2 eggs, 3/4 cup sweet milk, 4 dashes tabasco.

Mix well and shape in patties. Fry as many slices of pineapple as you have patties in fat to a golden brown. Remove to platter and fry patties in the same fat until done. Place a patty on each slice of fried pineapple and garnish the platter with candied sweet potatoes.

**Candied Sweet Potatoes**  
Empty 1 can of sweet potatoes in pan, pour over them 1/2 cup of brown sugar, 2 tablespoons of butter and two tablespoons of water. Caramelize slowly so that it doesn't burn.

**Salad**  
Make up a usual jello from one package of orange jello and as it begins to congeal add one cup of shredded carrots and two slices of pineapple. Place in Keltinator until congealed.

A delicious lime salad can be made by making lime jello in the usual manner and when beginning to congeal fold in one full cup of cottage cheese.

## Ranger Merchants Hear Talk About Sales Tax Evils

F. E. Morris of Dallas, executive secretary of the Texas Retail Dry Goods Association in Texas, addressed a crowd of 36 of the retail merchants of Ranger Tuesday afternoon at the office of the Ranger Chamber of Commerce on the subject of the proposed sales tax in Texas.

The speaker pointed out the features of the tax and how it would affect the retail business in the state, pointing out many of the evils of the proposed tax.

At the conclusion of his talk a committee composed of John H. Galloway, Walter Harwell and R. V. Galloway was appointed to visit all the merchants of the city and to secure their co-operation in writing letters to state senators and representatives protesting such a tax in the Texas legislature and asking their co-operation in fighting this additional tax burden.

## Water Well Lit Colorado Theatre

By United Press  
LOVELAND, Colo.—A well that was dug to provide water became the source of the lighting supply of Loveland's first opera house.

The well, when dug, was found to be virtually dry, but it did produce gas.

The gas was piped to a storage tank, and from the storage pipe to the opera house.

"Uncle Tom's Cabin" and other "operas" of the day were played through to their heart-throbbing ends by the flickering gaslight.

The one difficulty was that the well supplied gas so slowly and the opera house used it so rapidly that sometimes the lights went out just as the villain was about to get his just dues.

Finally, the well was given up as useless. It didn't produce water and didn't produce enough gas to be of any value.

## Reynolds Sentenced In Bank Robbery

By United Press  
TYLER, March 22.—The jury deliberating the fate of Clarence Britt Reynolds, who lives near Big Spring, found him guilty on a charge of robbing the State Bank at Winona and he was sentenced to 15 years in prison. The verdict was returned last night, 40 minutes after the case closed.

The defendant's father testified Reynolds was in Big Spring at 7 p. m. on the day of the bank robbery.

## Gold Found Under Dance Hall Floor

By United Press  
RAINIER, Wash.—One and one-half dollars was "panned" here recently in a lode under a burned dance pavilion. The "prospectors" had been razing the ruins and discovered the tiny vein of gold.

Approximately \$4 in dimes, nickels, and pennies, which had fallen through cracks in the pavilion floor also were found.

## Judge in Death Trial of Seven

Judge James E. Horton, above, of Athens, Ala., will be the judge when seven negroes go on trial for their lives at Decatur, Ala., in the famed Scottsboro case.

## Policeman Who Killed Youth Loses Appeal

By United Press  
AUSTIN, March 22.—The court of criminal appeals here today affirmed the conviction of Policeman Lonnie W. Wilkerson of Fort Worth, sentenced to five years for the shooting of Buster Grimsley, 17, as the youth fled from a golf course.

The slaying occurred on the links of the Riedgala golf club, where Grimsley and other boys were hunting golf balls. Wilkerson shot in an effort to frighten the boys into a halt, he said.

One of the boys testified that after Buster was shot and Wilkerson was asked what to do with him, the answer was "lay him down and let him die. I ought to have killed you, too."

Wilkerson denied such a statement.

## Pure Gasoline Bill Is Passed

By United Press  
AUSTIN, March 22.—The Harman "pure gasoline" bill, requiring the labeling of inferior grades of motor fuel, was passed by the senate today.

The measure requires labeling all grades of motor fuel below the standard grade as "inferior motor fuel." These words are required to be written on the pump or receptacle from which the fuel is sold.

Sponsors of the bill said its purpose is to stop the mixing of kerosene with gasoline and its sale as standard fuel.

## Cellar Well Puts End to Shortage of Water Supply

By United Press  
CHEYENNE, Wyo.—It has been an unusually dry winter in the west and there is something of a water shortage in Cheyenne, just as there is in many other western cities.

W. L. Peiker doesn't care.

Peiker's neighbors, who can't water their early spring lawns because the city has imposed restrictions, notified police when he irrigated his yard with no regard for the city ordinance.

A patrolman called on Peiker and offered him a ticket. Peiker refused the summons and invited the officer to inspect his basement.

There the astonished patrolman saw a pump, with a capacity of 500 gallons per hour going full force, pumping water from a private well in the basement.

Peiker explained that he always had been troubled with a damp cellar. "I thought there might be water," he said, "so I cut a hole through the concrete, dug down four feet, and there was the well."

## Eastland Man Injured In Fall

A painful and unusual accident happened to Alex Clarke, Eastland city commissioner, Monday evening, when he stepped off the edge of a back porch, thinking the floor was level with the ground, and broke his right wrist.

The accident happened at the home of John M. Mouser, where he was a guest that evening. Mr. Clarke has suffered considerably from the injury and is expected to be at his post down town today.

## ILLINOIS STATE CAPITOL BUILDING TO BE RAZED

By United Press  
VANDALIA, Ill.—Illinois' first state capitol building here is being torn down. The state capitol was located here when the state was admitted to the Union and later moved to Springfield. The building had been used for many years as a county courthouse.

## WORK PROGRAM OF ROOSEVELT IS THWARTED

By United Press  
WASHINGTON, March 22.—President Roosevelt's proposal to recruit an army of 250,000 jobs and put them to work on government projects was blocked, at least temporarily, today by the house labor committee.

The group, headed by Chairman Conner, a foe of the president's plan, voted formally to hold public hearing of indefinite duration before attempting to make a report on the bill.

Open and defiant revolt had flared in the house against the president's proposal to put that number of persons to work on public projects at \$1 a day.

The American Federation of Labor declared officially against the relief program. President Green of the federation asserted found it dangerous to wage sales.

## Eastland Baptist Revival Drawing Large Attendance

The Eastland Baptist church revival drew an even larger attendance Tuesday night. The service opened with hearty congregational singing led by Mrs. O. B. Darby with Mrs. H. B. Breazeale as pianist.

Voice solo, Mrs. Darby, "Think on Thy Way," prefaced the sermon by Rev. William H. Joyner, whose theme, "Turning to God," was based on 59th verse of Psalm 119. "I thought on my way, and turned my feet to Thy testimony."

This and the next scripture selection from Ezekiel, 33-11, "Turn Ye Turn Ye or Why Will Ye Die," formed the appeal strongly given by the evangelist who said, "This is an appeal to the will."

"That statistics show 333 people die every minute," and that the verse referred to the spiritual and not the physical death. Other high lights brought out that the will is one of our greatest assets, that there are two types of human will, the unwilling will or stubborn man, and the willing will or reasonable man. Striking contrasts of these different wills were made and what each accomplished. The virile statement of the speaker, brought "I will"—is expressive of an invincible determination to dare and do. Personal will is responsible for every step of progress made by human beings. The prodigal who said, "I will arise and go to my father," stated definitely his entire change of life, and purpose. "I will"—took Columbus across the ocean, and sent Lindbergh on his flight.

The second point of the address brought, that an obstacle in the way of our will is sin, that sin cut the jugular vein of Rome, and sin stabbed Greece. That in Russia today, communism is stabbing the country, "Let America Beware," "America needs God." "Blessed is the nation whose God is the Lord."

The speaker declared that sin destroyed everything good in the in the home and in the individual, and the wages of sin are death. That if any individual could really realize sin he would turn to God. Lack of realization causes him to fail to turn. Many avenues in which God reveals his life and makes it possible for the sinner to become reconciled to Him, were given.

This Wednesday morning, Rev. Joyner chose as his subject "Does It Pay to Pray?" He will preach this evening on the topic, "A Big Fool." His subject for Sunday night is announced as "Holding the Devil's Coat."

Mrs. Faulk was received into membership by letter from Albany, Texas.

## BEER WILL BE LEGAL IN MANY STATES APRIL 7

By United Press  
WASHINGTON, March 22.—Fifteen days and a dime were all that intervened today between thirsty citizens and the legal right to signal for a mug of beer.

Over protests of prohibitionists and many lesser obstacles the 3.2 per cent beer, wine and fruit juice bill will be enacted today.

Vice President John N. Garner signed the bill this morning. President Franklin D. Roosevelt signed it this afternoon. Father time will provide the 15 days. The dime must come out of your own, or someone's pocket.

Friday, April 7 will be the first day on the beer drinker's calendar.

## Eastland Entries In County Meet

When the various schools of the county meet at Olden Friday and Saturday, March 24 and 25, to vie with each other in the events as outlined by the University Interscholastic League, the Eastland high school will be well represented. The list of students as they will probably appear in the different contests is given below.

Declaration: senior girls, Kathleen Cottingham; junior girls, Lucile Johnson; senior boys, Evan Mitchell; junior boys, Frank Lovett.

Spelling: Hazel Harrell and Wyatt Robertson.

Essay writing: Ralph D. Mahon, Jr.

Extemporaneous speaking: Ralph D. Mahon, Jr. and Caroline Cox.

Track: 120 yards high hurdles, Daniels, Fulcher and Coleman; 100 yard dash, D. Brown, E. Brown and Burgamy; 1 mile run, Baggett, Coleman and Salado; 220 yard low hurdles, Fulcher, Daniels and E. Brown; 220 yard dash, E. Brown, D. Brown and Davis; 440 yard dash, Layton, Garrison and Seibert; 880 yard run, Martin; McNeely and Lovett; 1 mile relay, Fulcher, Barrington, Taylor and Sullivan.

Field: pole vault, Garrison; broad jump, Burgamy, E. Brown and D. Brown; high jump, Daniels, Fulcher and D. Brown; shot put, Daniels, Gary and Lovett; discus, Fulcher, Tindall and Pippin; javelin, Gary and Stone.

## H. C. ANDERSON BETTER

H. C. "Andy" Anderson of Ranger has been a patient at the West Texas Clinic and Hospital for the past two days, suffering from rheumatism.

Reports on his condition today said that he was still suffering pains in his left arm and shoulder, but that he was showing some improvement.

## Bride Named By Doug Jr.

Lucy Doraine, above, is honeymooning with Jorgen Dietz, who is suing Douglas Fairbanks Jr. for alleged alienation of affections of Dietz's former wife, Fairbanks Jr. said Miss Doraine tried to sell him a \$300 piece of jewelry for \$6000. Fairbanks called this an attempt at extortion.

## DEAD RATS FOUND IN WHISKY MASH

By United Press  
PULASKI, Va.—Twenty-five dead rats were found in 100 gallons of mash by local officers when destroying an 80-gallon still they had captured on Walker mountain near here.

## THREE GUESSES

WHO IS FRANCES PERKINS?  
WHAT IS THE NAME OF THIS FAMOUS CHARACTER OF GREEK MYTHOLOGY?

## WILL BE SENT TO CONGRESS IN NEXT FEW DAYS

Farm Measure Will Have Two Major Purposes Statement Says.

By United Press  
WASHINGTON, March 22.—President Roosevelt's smoothly-working legislative machinery sped his farm relief bill through the House today, with many votes to spare. Only an hour and a half debate preceded its passage.

This farm credit legislation will have two purposes, it was declared. One would be the incorporation in one or two control bodies the functions that now are being administered by the eight farm credit agencies.

Another would be the reduction of the interest rate on farm mortgages and the extension of time in the general financing scheme.

It was understood that mortgages held only by the federal agencies and private mortgagees such as insurance companies would be included.

The administration is considering the Jones bill which calls for a bond issue of perhaps \$30,000,000,000 to ease farm mortgage burdens.

## Eastland Lions Hear Program

The Eastland Lions club meeting Tuesday noon, for luncheon on Connelley roof, had Wood Butler and L. J. Lambert as program chairmen. They presented Judge Earl Conner, guest speaker, who entertained with the story of his trip, accompanied by Cyrus B. Frost, to Washington. The inauguration, the inaugural parade, was described as were the historical landmarks taken in. Other guests were Rev. F. A. Walker, retired Methodist minister, and Morris L. Keasler.

Bert McGlamery, chairman, representing Lions club on charity committee, made his report on the amount of relief contributed in this section the past two weeks, which included \$350 worth of food.

F. B. Bittle, superintendent of schools, reported Eastland high school students were busy at work on the essays on "What I Would Do for My Community if I Were a Member of the Lions Club," for which the Lions are offering the local winner \$5 in gold, to be awarded March 30. The winner goes to district E to enter the international Lions essay contest, and the district winner goes to the national Lions essay convention, and winner of national prize, is awarded a trip to St. Louis, Mo., to the international meeting to be held there in July. This trip includes a Chicago World's fair visit with all expenses paid. The district contest will be held in Breckenridge in April.

## BEER WILL BE LEGAL IN MANY STATES APRIL 7

By United Press  
WASHINGTON, March 22.—Fifteen days and a dime were all that intervened today between thirsty citizens and the legal right to signal for a mug of beer.

Over protests of prohibitionists and many lesser obstacles the 3.2 per cent beer, wine and fruit juice bill will be enacted today.

A BIBLE THOUGHT FOR TODAY

GOD'S GENEROSITY: O God, let all the people praise thee. Then shall the earth yield her increase; and God shall bless you. And all the ends of the earth shall fear him.—Psalm 67: 5-7.

ANOTHER SENATOR DIES IN HARNESS

Senator Robert B. Howell of Nebraska died in harness. He was a regular republican. He was serving his second term. He was an authority on utilites. He had a long and honorable career as a public servant at home before he was elected to the senate. His successor will be a democrat, appointed by Governor Charles W. Bryan. This will give the democrats 60 senators of the 96 membership of that very august body. Thomas J. Walsh's successor will be a democrat.

All of which is a reminder that The Austin American carried a remarkable front page article in a recent issue. It carried this caption: "What About the Next Six Months?" It was bristling with readable ideas and remarkable facts. It dealt with the gold standard and the \$20,000,000,000 worth of bonds and other obligations with gold interest and gold principle at the rate of 26 grains to the dollar as per the contract made by the government when it sold the bonds and issued gold certificates. It was a reminder that private debtors owe billions of dollars, that property values have been reduced to the minimum, and that there is not gold enough in the world and has never been sufficient to pay these obligations of the debtor class in gold at the present valuation as fixed by the few nations now on the gold standard. There are many western senators. Almost to a man later along in the year these senators are going to have something to say about silver and its re-organization. They are organizing. They are perfecting their plans.

What will the harvest be when the national lawmakers begin their grinding at the regular session of this democratic congress with an overwhelming majority in senate and house?

CHAMPIONS OF SILVER ARE BUSY

Silver is bobbing up again. It may bob up very aggressively in the near future. Silver champions plan to place before President Roosevelt their plea that the white metal be used to get more hard money into circulation as part of the administration's permanent banking statute. Senator Dill of the State of Washington has re-introduced his bill authorizing the government to buy in the open market \$250,000,000 in silver "to remove the surplus known to be in the metal marts of the world." Senator Dill is very clear about the purpose of his bill: "It is but the first step in an immediate proposition to restore silver; that when this is done then we will be in a position to say to Enkland and India and the other silver countries that they must help us maintain silver and hold up its price through international agreement prohibiting dumping of the metal and debasement of silver currency.

Senator Key Pittman of Nevada is the president pro tem of the august body known as the upper branch of Congress. He is a champion of silver and will go all the road. Those who know the plans of the Lone Eagle of Idaho predict that he will speak for the white metal and its partial restoration as the running mate of gold as a stabilizing medium—intended for use in the silver using nations of the Orient and Latin-American nations.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

This evening I had the pleasure of sitting in an easy chair in the lobby of the Oklahoma Biltmore hotel at Oklahoma City, watching the crowd mill around.

The state legislature had adjourned for the day and many of its members were in the lobby, most of them in little groups discussing this and that. Many of them are men who, from newspaper reports, spend much time on the floor of the House and Senate fighting each other. But as you see them this evening, meeting in a social way, they seem quite friendly. It may be just the calm before another storm tomorrow! Among them are several newspaper men who are members of the legislature. They lend a dignity to the body that one cannot help but observe.

I noticed James E. Barrett, managing director of the Biltmore, passing from group to group with a welcoming smile and a hand-shake here and there.

No, the members of the Oklahoma legislature are no different from those of other states. They are not half human, as some think. Neither are they supermen, as others think. So far as I can see, they look like just average citizens and quite human.

Like the average members of all legislatures, most of them try to do the best they can for the state as a whole. Most, of course, being just human many of them make some mistakes.

Modern Dairy Methods Explained

The following article, written for the Ranger Times by Bob Montgomery, manager of the Oakwood Jersey Dairy, explains how a modern dairy is kept sanitary and the milk kept at a high standard:

Have you visited your dairyman? Do you approve of the conditions under which your milk is produced?

To the many citizens of Ranger who wish to know why Cream-Kist milk is demanded by so many homes, we wish to say, our loyal customers have made an investigation of the methods of production here in the dairy.

They found our tubercle-tested, registered Jersey cows in fine condition, being cared for in sanitary barns and clean carrels and drinking fresh well water.

We use the electric milker, finding it more sanitary than hand-milk and each cow's udder and teats are washed and sterilized just before being milked.

Milk is airtight and cooled to a low temperature immediately after milking then bottled and capped by machine and delivered to you cold for safety.

All dairy utensils and bottles are thoroughly washed and sterilized after each use then sterilized again just before using.

Our milk house is kept freshly painted, always free of flies and unpleasant odors.

The employees of this dairy are given a physical examination every six months by our city health officer.

To produce Cream-Kist milk we spend both labor and money. We could produce cheaper milk but we would not call it Cream-Kist.

It is our wish to make it even better and believe the people of Ranger appreciate a quality product. Visit our dairy, the Oakwood Jersey Dairy.

Turtles Providing Farmer With Cash

NESHKORO, Wis.—Two thousand live turtles are buried in the mud of a specially constructed pool on Reinhold Meyer's farm near here. Turtles provide him with ready cash for paying his taxes now that prices of regular farm produce are low.

Meyer pays boys three to four cents a pound to catch turtles for him in the fall. In the winter he ships them to the eastern market where there is a demand for turtle soup. He has shipped 15 barrels, each containing about 200 pounds, so far this winter.

Wells Maintaining Levels of Lakes

By United Press ST. PAUL.—Water, forty-four hundred millions gallons of it, is used every year to maintain the levels of 12 lakes in Ramsey county.

The water is pumped from deep wells, ranging from 450 to 690 feet in depth, to combat nature with its droughts.

The restoration of lake levels was begun in 1924 at White Bear lake and has continued every year since that time. The yearly flowage of artificial additions to the 12 lakes is 4,400,000,002 gallons at a cost of \$26,450, or \$6 per million gallons.

ANSWERS

to today's THREE GUESSES

FRANCES PERKINS is the FIRST WOMAN to hold a position in THE U. S. CABINET. PEGASUS is the name of the flying horse of Greek mythology. The quotation is from THE BIBLE.

The Chesterfield FORMULA—what is it?

The formulas and processes which make Chesterfield a milder and better-tasting cigarette are secret—to prevent others from copying them

If every person knew the method and processes of tanning leather, it would be of interest; but what people want to know is: Is it a good shoe? Is it comfortable? Will it wear longer? Is the price right?

So it is with Chesterfield Cigarettes. If smokers, men and women, knew all of the formulas and processes of manufacture, it would be of interest to them; but what smokers really want is the result.

Everything that goes into Chesterfield Cigarettes is as good as money can buy.

Every process has in it all that science knows about cigarette manufacture.

The formulas are secret to prevent others from copying them. The mildness and the better taste you may prove for yourself. May we ask you to try Chesterfield?

Wherever you buy Chesterfields, you get them just as fresh as if you came by our factory door

They Satisfy—people know it

## CAREY'S CHANCES . . . By Laufer

Give Max Carey a couple of good hurlers and he'll be right up there at the end of the season. That's the summary of the Brooklyn Dodgers' chances to win the National League flag this season. Clark, with his 20 victories last season, was the standout hurler on the squad and the main reason why the team finished no lower than third. The others of the staff, Benge, Carroll, Monco, Beck, Thurston, Quinn, Shaute, Heim-

ach, Ryan and Phelps weren't so hot. Carey's best bet for a pitching prospect this season is Walter Beck. The youth, who played with Memphis last year, won 27 while losing 6. Of course, he doesn't expect to win that many games in big time, but if he even comes close, he'll be a great help. Lefty O'Doul, Hack Wilson, Joe Strip and a couple of others will take care of the hitting.

prosperity, built upon a foundation more solid than ever before. Explaining the optimism of his organization over prospects for increased business for 1933, Mr. Mason told the local dealer that the electric appliance field and the electric refrigeration industry in particular were about the least affected by adverse business conditions. "Throughout the entire depression there has been steady progress in this industry, particularly in the development of products and the public acceptance of the importance of modern methods of food preservation. Resumption of public buying will find us equipped in every way to meet this new turn of the tide."

Mr. Killingsworth said that the exceptionally large number of people who have visited the local

## Fort Worth Gets Ready to Start League Season

By VERNON A. McGEE United Press Staff Correspondent FORT WORTH.—Baseball troops selected by Fort Worth club managers for the 1933 Texas league pennant campaign began preliminary maneuvers here March 14.

Batterymen reported for training three days earlier, under supervision of Walter Holke, tall, blond 250-pound field general who has promised Fort Worth a "hustling ball club."

Holke has recruited men from the 1932 rosters of the Fort Worth and Tyler clubs, and from the Indianapolis Indians. Indianapolis teases were opened to Holke through the sale of an interest in the Fort Worth Cat franchise to Norman Perry, genial millionaire owner of the Indians.

Among the pitchers at practice are C. O. (Preacher) Thurman, Dick Whitworth, Abe Miller, Harry White, George Hollerson, E. W. Chambers and Charley Biggs. Catchers include Oscar Seimer, Mickey O'Neil, and Dallas Warren. Vernon (George) Washington, East Texas farm youth who last summer showed Tyler he could hit a ball, also is in training. Without "hardly any training at all," Washington went to mat 323 times, made 43 runs, 113 hits and 178 bases. Holke is anxious to see what he can do with training.

Fieldmen who are at practice include Alex Hooks, Harvey Ballew, and Ray Ater for the infield. Art McHenry, J. C. Gilbert, George Loopy, J. R. Phelps, Russell Scarritt, Wallace Moses and Hart Sullivan will be available for outfield posts.

The Cats launch into a schedule of exhibition games after two weeks of training at Mineral Wells. The first game is slated with the Dallas Steers here March 26.

The approaching campaign will be Holke's fifth as manager. He has spent successful seasons with the Three-I and New York Pennsylvania leagues. He played with the New York Giants in 1917 when the Chicago White Sox took four out of six world series games for the championship.

## Mover Took His Home With Him

By United Press GARY, Ind.—Only the concrete-lined basement of the home of George Filgutt remained after he had moved from Gary to Chicago.

Board of works members were puzzled, since Filgutt was believed to have owed for special assessments on the sidewalk and a mortgage foreclosure was pending.

Three weeks were required for Filgutt to complete the moving operations. First went the family and the household furnishings. Later the house was hoisted with dollies and rolled down the street. Then Filgutt returned with a truck and loaded the cement slabs of the sidewalk onto the vehicle and drove away.

Barbara Stanwyck and Lyle Talbot in "Ladies They Talk About," now showing at the Arcadia Theatre, Ranger.

## SPEAKING of SPORTS

By E. B. STEELE United Press Staff Correspondent BATTON ROUGE, La.—Biff Jones believes in sugar-coating the tiresome practice sessions for his Louisiana State university football team, by keeping the workouts interesting.

That is one of the three fundamentals in coaching, as expressed by the former army mentor. The others are:

A man should be a student first, then a football player.

Under no condition should a man with an injury be permitted to play.

In connection with the former, the academic requirements for football players at Louisiana State have been raised.

After one season here, in which he guided Louisiana State to the co-championship of the southern conference, Jones let it be known that he was pleased with the spirit and co-operation of the school, and that he expected a better team next season.

"When I first came here, I was told that discipline at the school was impossible, but I have found the students as easy to handle as were the cadets at West Point."

Jones had started spring training at the L. S. U. camp, and is concentrating on shifting of players to various positions to determine where they adapt themselves best.

"We are devoting much time to the teaching of fundamentals," he said. "There could be a lot of debate about the relative value of fundamentals and deception but in the end the vote would be overwhelmingly for the fundamentals. "Later we will be able to spend much time on game scrimmage, which gives us a chance to develop

## Ranger Now Home Of New, Popular Bread

Ranger is now the home of one of the newest breads, but one that is growing rapidly in favor over this section of the country. It is the Schooley Baker's First Aid Health Bread.

Mr. Schooley has been offered free rent, lights, water and gas by two towns in this section of the country, if he will move his bakery, he has stated, but he prefers to remain in Ranger. In the meantime he is shipping his bread over a wide territory, covering Eastland, Cisco, Breckenridge, Dublin, and other towns in this section of the country.

The bread is made from a formula perfected and owned by Mr. Schooley, which he compiled while working in the dietetic department of one of the largest sanitariums in the country. The bread is guaranteed to relieve constipation and is made entirely of whole wheat, mixed with fruits and other ingredients without the use of drugs or any habit-forming contents.

## Suicides Wane Authority Claims

CINCINNATI, Ohio.—Suicide is on the wane, said W. Howard Cox, president of the Union Central Life Insurance company, after having become one of the nation's leading death factors during the depression.

Insurance claims paid on suicides, he reported, reached their peak in May, 1932, and declined thereafter. Cox declined to give figures on the increase in self-destruction, but said it was "more than alarming."

Looking into next season, Jones said he expected to have 60 or 65 candidates on the field. There will be at least four sophomores, perhaps six or seven, on the first team. He said the schedule this year was harder than last, and "only two games, those with Mississippi and Mississippi State, could be classed as easy ones."

## Mat King Makes Good As Sheriff

By United Press ALBANY, N. Y.—Carroll (Pink) Gardner, generally recognized as a world's light heavyweight wrestling champion, has proven a success as sheriff of Schenectady county.

The state department of correction, in a report of inspection, commended Gardner for his administration of the affairs of the county jail.

"The sheriff," the report declared, "devotes a large amount of personal attention to the management of the jail and seems to be making strenuous efforts to bring the jail up to the proper standards."

When not wrestling, or tending to the duties of sheriff, Gardner supervises a prosperous monument making business in Schenectady. Gardner's mat activities the past dozen years have taken him to all parts of the United States, Australia and other countries.

Ballyhoo Aided "Buy British" in Depression Year

LONDON—"Buy British" ballyhoo and preferential empire duties gave British Empire countries a much higher percentage of Great Britain's total trade during 1932 than for many years past.
The value of imports from the empire into Great Britain actually increased by almost two million pounds sterling during 1932, compared with 1931, while imports from foreign countries fell by more than 156,000,000 pounds.
Statistics compiled by the board of trade show that empire countries during 1932 supplied 45.42 per cent of Great Britain's imports, compared with only 28.73 per cent in 1931. Empire countries bought 45.33 per cent of Great Britain's exports during 1932, compared with only 43.69 during 1931.
During 1932 the following 12 countries were the chief suppliers of imports into the British market, in the order of their importance: United States, Argentina, Australia, Canada, Denmark, New Zealand, India, Germany, Irish Free State, Netherlands, Soviet Union, France. Canada actually jumped from 12th place in 1931 to fourth place in 1932.

TABASCO The Condiment Supreme
A dash of this pungent flavor adds a rare flavor... makes good food better and all foods good.
WITHOUT A RIVAL For Over 60 Years
In spite of the cry of a fickle world for something new! There has never been a condiment that has taken the place of TABASCO. It is like Gorham Silver... it never grows old. TABASCO is the favorite of every generation. What better recommendation do you ask?
TABASCO THREE TIMES A DAY
The snappy twang of TABASCO tickles lazy appetites into action. Try a dash of man's favorite condiment.

# One I Love

By LAURA LOU BROOKMAN  
© 1933 NEA SERVICE, INC.

BEGIN HERE TODAY  
When JANET HILL is a ROLF CARLIE has been breaking engagements with her to meet BETTY KENDALL, a society girl, she tells him their marriage is off. Janet is 22, pretty and secretary to BRUCE HAMILTON, advertising manager of Every Home Magazine.

Only Mrs. Curtis was little and plump and ineffectual while Bruce Hamilton was big and brusque and dictatorial. Janet found herself quite suddenly agreeing with Hamilton that his sister did need someone to manage her affairs.

THE maid in the smart gray uniform who opened the door said, "Yes, Mrs. Curtis is expecting you. Won't you come in?" Janet was ushered into a sunlit living room and then the maid disappeared. It was a large room with green walls hung with a great many pictures.

Janet sank into a chair to wait. She had never seen a room like this before. She had never been in such a large, imposing house, either. Janet sat up very straight, feeling a trifle self-conscious.

ALL at once Buster interrupted this conversation. Slowly he strolled forward and brushed against Janet's knee. He said, "Me-ow!" and then, lightly, gracefully, leaped into her lap.

## 1933 Frenchmen Are Healthier

PARIS—That the average young Frenchman of today is a better physical specimen than his father at the same age is indicated by army figures, although health experts have voiced a warning against violent sports superinducing cardiac troubles.

For the year 1932, according to the military index for Parisian district, 38.37 per cent of the recruits were in the strong class, 45.55 per cent in the medium, and only 16.08 were classed as feeble.

**Judge and Mrs. Hickman**  
Honor Guests of Art Tea  
The fine arts tea hosted by the Girls Literary club of Eastland high school, named Judge and Mrs. J. E. Hickman, as honor guests in compliment for the special invitation extended the high school clubs as special guests of the state art exhibition displayed in the Hickman residence under their sponsorship this spring.

A program of readings was presented by students, Misses Madge Hearn, Kathleen Cottingham, Lucile Johnson, and Lucy May Cottingham. Miss Lesbia Wood, sponsor of the hostess club, presided at the attractive tea table, laid in figured India print, with flower center of yellow and white narcissus, and lighted with yellow tapers in silver sticks. Tea was served with delicious cake, of officers of the society, Misses L. G. Tucker, Lurline Brawner, and Betty Perkins, to the 40 or more visitors.

**Readers Luncheon Club**  
Mrs. Morris L. Keasler entertained the Readers Luncheon club Tuesday at 1 o'clock in a delightful setting of spring flowers with the two luncheon tables centered with sweetpeas in pastel shades, and place cards marking guests' names in sweetpea design.  
A delicious menu was served of chicken noodles, green peas with mushrooms, buttered carrots, cherry and pineapple salad, and last course of angel food cake and ice cream.  
Club members attending were Misses James Horton, Carl Springer, B. M. Collier, Wayne Jones, T. J. Haley, A. H. Johnson, Horace Conley, Leslie Gray, J. E. Hickman, and hostess.

Guests of the afternoon were Misses J. R. McLaughlin, W. B. Pickett, and Mrs. Patterson, the mother of the hostess, who has resumed her Eastland visit with her

## BILIOUSNESS

"My trouble was biliousness—the whole spring and summer I was almost down, felt so sluggish, tired and dizzy," writes Mr. S. W. Taylor, of Joplin, Mo. "I remembered that at one time Black-Draught had helped me. I went to the drug store and bought a package and began taking it at night. After then, I felt as well as anyone. I am full of pep and get out on the job like a champion. Children like the taste of Black-Draught. Pleasant Tasting SYRUP OF BLACK-DRAUGHT. Free from the sickening after-effects often felt from taking mineral drugs. Costs only 1 cent or less a dose.

Fehl, John Ernst, and the honoree, Mrs. Frank King of St. Louis. In game scores, high, an etching, framed, was awarded Mrs. Jarrell, and cut-for-all favor, an etched wastepaper basket, went to Mrs. Duke.

Mrs. Howard presented the guest of honor lovely hand-made lingerie. A dainty tea plate was served of chicken salad, saltines, pineapple fluff, devil food cake squares and coffee, at 5 o'clock.

**West Ward P.-T. A. Studies Child Help Problem**  
The Parent-Teacher association of the West Ward school held an interesting meeting Tuesday afternoon, opened by their president, Mrs. Paul McFarland, with the usual business routine following, and the program presented by Mrs. J. C. Patterson, chairman. The choral club of 35 girls under direction of Mrs. Ruth Herring, principal of the school, appeared in group numbers, that will be sung at the interscholastic league choral contest tonight at 8 o'clock in high school auditorium.

Little Eleanor Webb, winner of story-telling contest in first grade of all class A schools of Eastland county, was presented in the reading, "Alice and the Blue Bird." Mrs. Patterson presided over the round-table discussion on "Health." The teacher who presented the needs of their classrooms included Mrs. Herring, Mrs. Earle Johnson, Misses Lavelle Hendrick, Faye Blankenship, and Sidney Henderson.

The president appointed as nominating committee to name slate to be voted on at the next meeting, the third Tuesday in April, Misses E. H. Jones, O. O. Mickle, Earle Johnson, Frank Crowell, J. J. Tabelman, who are to report at that time.

Mrs. D. S. Eubanks was elected to the 22nd annual conference first district Congress of P.-T. A. to be held in first Methodist church in Ranger March 30-31 and April 1.

The theme of the convention will be "Safeguarding the Child Through the Crisis." In the room mother contest, Miss Henderson's classroom was awarded the 2 cash prize for having the most mothers in attendance at this session.

Those present, Misses R. E. Sikes, Frank Crowell, Guy Parker, J. Atchley, Dingler, Eugene Tucker, Earle Johnson, Earl T. Williams, L. E. Gage, J. R. Bogus, H. B. Ball, Herring, L. D. Hale, Ray Larner, E. M. Thraatt, C. G. Shubblefield, B. O. Harrell, C. D. Wood, J. J. Tabelman, J. C. Patterson, Guinn, L. P. Lippard, J. S. Little, Lydia Young, C. R. Thompson, H. W. Guthrie, John Harrell, Don Parker, S. W. Kitley, J. S. Van Geem, L. Y. Morris, E. H. Jones, O. O. Mickle, Paul McFarland, Karl K. Page, John Hart, D. S. Eubanks, and Misses Sidney Henderson, Faye Blankenship, Lavelle Hendrick.

**Odell Grubb to Sponsor Elk Dance**  
Another dance sponsored by Odell Grubbs is planned for Friday night, March 24, with Johnnie McFall's 10-piece orchestra from the Hilton hotel, Abilene.

**Prince of Wales Gets Lemonade**  
By United Press  
LONDON.—As the late Sir Thomas Lipton put tea on the map, so Lady Astor, famed Virginia hostess and Britain's first woman member of parliament, seems to be putting lemonade on the map—at least so far as society here is concerned.

At a recent reception at her house, where the Prince of Wales, Prime Minister MacDonald, most of the members of the cabinet, Ambassador Mellon and over 400 members of society had gathered, orangeade and lemonade were served.

Lady Astor besides being prominent in politics here, is one of London's most distinguished hostesses. Hers are some of the most brilliant functions. Royalty frequently is present at the Astor house parties. Representatives of labor often rub shoulders with royalty under Astorian auspices.

**Famed Hoax May Be At World's Fair**  
By United Press  
FORT DODGE, Iowa.—The Cardiff Giant, famed hoax of 60 years ago, may be exhibited at the Century of Progress exposition in Chicago, L. M. O'Leary, secretary of the Fort Dodge Chamber of Commerce, has announced.

More than 50 proposals from persons seeking to obtain the giant for display have been received. The famous giant, carved from a block of gypsum, now is stored in an amusement park. The image is the property of a group of local business men, who rescued it several years ago from a warehouse in the east.

ARRITTA DAVENPORT, Editor — Phone 224, Ranger

**Banquet Committee Busy On Detailed Plans**  
The banquet committee composed of chairman, Mrs. J. E. Jacobs, president of Young school Parent-Teacher association, together with Mrs. B. A. Tunnell, Mrs. Irl Goforth, Mrs. Ferris and Mrs. C. A. Smith, held an important conference at the home of Mrs. Tunnell this afternoon during which hour details were worked out for the banquet to be held at the Methodist church on the evening Friday, March 30, in compliment to delegates and prominent representatives of the P.-T. A. and Child Study association convention which is to convene here at that time.

Outstanding program committee members include Mrs. C. E. Maddocks, outgoing president of the city council of P.-T. A. and Child Study association and Mrs. F. R. Bell, president of this district. The delightful affair will be presided over by Mrs. Maddocks, who will act as toastmistress.

The menu will be served by the ladies of the Women's Missionary society of the Methodist church. Tickets and reservations may be made by calling Mrs. Ferris of Cooper school P.-T. A. Mrs. Tunnell, president of Hodges Oak Park P.-T. A. or Mrs. Jacobs.

All members having friends, together with the general public of Ranger, who are interested in the city's schools are most cordially invited to attend this banquet. The complete program for the entire three days session will be printed in this column soon.

**Mrs. Tunnell Is Elected President of Hodges Oak Park P.-T. A.**  
The important business meeting held by members of Hodges Oak Park Parent-Teacher association Tuesday afternoon, March 17, brought into office for the ensuing term, Mrs. B. A. Tunnell, president to succeed Mrs. J. S. Reynolds, who was recently elected president of the city council of P.-T. A. and Child Study association.

Other prominent officers include: first vice president, Mrs. George Armstrong; second vice president, Mrs. Clyde H. Davis; third vice president Mrs. Reynolds; secretary, Mrs. Rayfield, and treasurer, Mrs. John Hassen. The outgoing president was given a most complimentary and splendid work and accomplishments made during her term of presidency. The incoming president, Mrs. Tunnell, is beautifully fitted and a very enthusiastic worker at all times and takes advantage of promising projects.

She was only a short time ago succeeded by Mrs. Leslie Hagaman, as president of the Women's Missionary society of the First Methodist church. Judging from the well chosen officers the association will carry on with a year of unusual undertakings long to be remembered through the full co-operation of all.

**Cooper P.-T. A. Elects Officers For Coming Year**  
Tuesday afternoon the Parent-Teacher association of the Cooper school met in its regular session with a representative group present. The meeting was opened by repeating the Lord's Prayer in unison, led by the president, Mrs. F. P. Brasher.

The nominating committee made its report and the following officers were elected for the following year: Mrs. J. B. Ferris, president; Mrs. P. P. Brasher, first vice president; Mrs. H. L. Baskin, second vice president; Mrs. C. O. Jensen; third vice president; Mrs. Louis Pitcock, secretary; Mr. Tom Burks, treasurer, and Miss Rose McEver, reporter.

It was decided that lunch be served Thursday of this week. Even though the services of the school nurse have been invaluable to the school, it was felt that in view of present conditions it was best to discontinue her services.

After a pleasant social hour the meeting was adjourned.

**W. M. S. Hears Splendid Program Led By Mrs. Tunnell**  
A splendid program was heard by members of the Women's Missionary society at the Methodist church Monday afternoon given under the leadership of Mrs. B. A. Tunnell, publicity chairman.

The devotional hour was opened with prayer said by Mrs. Gid J. Bryan, followed with the devotional read by Mrs. S. P. Boon. Mrs. R. R. Stafford offered the first paper, "Child Labor and the Depression," selected from another issue of the magazine "World Outlook." "A Man Who Desired to Become a Deaconist," was well discussed by Mrs. A. J. Ratliff.

The summary of the interesting topic came with the leader, giving the high lights taken from another valued magazine, "Missionary News." Joy's in Africa was added to the well rounded out talk drawing the program to a close before entering into the business session presided over by the president, Mrs. Leslie Hagaman. It was at this time an important meeting of all officers was called for 9 o'clock this morning.

Some very wonderful work is being accomplished under the leadership of Mrs. Hagaman with future plans looming for perfect development.

**Rev. Gray Opens New Bible Course**  
Ladies auxiliary of the Presbyterian church met at the home of Mrs. C. E. Maddocks, 700 Sixth street, Monday afternoon for the usual weekly study observed in the form of a Bible course.

The Rev. L. G. Gray, pastor of this church, presented an very interesting outline at the 3 o'clock hour suggestive to next course of study to be enjoyed by the members due to his delightful manner of conducting such similar series of study.

The hour was attended by a goodly number of members composing this active auxiliary. The time is drawing near for the eagerly looked forward to Presbyterian gathering of members and representatives. The auxiliary will continue its study on next Monday afternoon at the home of Mrs. E. L. Fontaine at the usual hour, 2:30 o'clock.

**Mrs. Bishop Leads Program At P.-T. A. Study Meet**  
Mrs. Harry Bishop led the program lesson Tuesday afternoon when members of the P.-T. A. study group of Young school met at 2:30 for an interesting lesson composed of papers given by the following program representatives: "Joyous Use of Home Leisure," Mrs. C. A. Smith, "Our Neighbors' Children," Mrs. A. N. Larson, "Why Parents Should Visit the Schools," and Parliamentary drill was splendidly given by Mrs. Barney Carter, special visitor of the hour.

Members present: Misses Bishop, E. L. Norris, J. E. Jacobs, A. C. Smith, Hutchinson, Roy Baker, Anderson, A. N. Larson, C. F. Byas and Barney Carter.

**Royal Service Program Is Presented at W. M. S.**  
Circles No. 1 and 2 of the Women's Missionary society of the First Baptist church were entertained at the home of Mrs. McGee, Monday afternoon at the 3 o'clock hour when a complete royal service program engrossed the full attention of members, presented under the direction of Circle No. 2. Following the rendition of the lesson one of the most interesting to have been heard for several meetings, it was decided to hold next Monday's meeting at the church at 1:30 o'clock.

Members are asked to keep in mind this meeting and be present as plans are underway for another profitable session.

**Boycue Lee was seen with a beautiful bouquet yesterday evening.**  
Our high school and student body were very disappointed yesterday in chapel when Mr. Von Roeder announced that the Brown Twins, Inc., would not be able to sing for us. Someone's always taking the joy outta life.

**Unique Brooder Is Displayed at Times' Cooking Class Tues.**  
Mrs. Martha McDonald, when she opened her first session of the Times Cooking School, was greeted by two surprises. The first was a crowd of 225 ladies and the second was a brooder of 100 baby chicks, displayed by Dudley's Hatchery of Ranger.

A brooder, built to fit under a kitchen stove, held the chicks, and they were kept warm throughout the session from the stove.

Mrs. McDonald said that this was the first time she had seen chicks displayed in this unique manner and she was sure they were contented throughout the class because they remained quiet and did not disturb her in the least.

## Ranger High School Notes

JEWELLE JUDD, Editor

**Treasure Hunt**  
Members of the third year foods class entertained Tuesday evening with a well planned treasure hunt. The guests were divided into four separate groups. All were given separate sheets of directions. Upon arriving at the place directed by the first note, each group found another set of directions. The last note telling them where to find the "treasure."

After a prolonged search, group No. 1 was the lucky finders of the treasure, which consisted of candy and fruit. Those in group No. 1 were Libby Cleveland, Ella Mae Smith, Lucille Patterson, Dela Cleveland, Cuba Crabb and Jewelle Judd.

The entire party then completed the evening with a campfire feast at the foot of Hagaman dam. The green grass and the trickling brook constituted a very appropriate setting.

Those present were Miss Lila Louise Davenport, Lucille Patterson, Yvonne Mayfield, Evva Littlejohn, Ruby Bishop, Macon Younce, Jessie Mae Grant, Ora Lee Ratliff, Hazel Davis, Roberta Pounds, Agnes Higginbotham, Lucille Robinson, Tera Mason, Connell Dunson, Margaret Reuser, Virginia Norris, Libby Cleveland, Eloise Pedigo, Dela Cleveland and Mr. Pedigo and Adrian Hagaman.

**Banquet Promises to Be High Light of Social Season**  
The hand banquet to be given Thursday night by the Parents club of the band, promises to be the high light of the many social functions given for the younger set this season.

This banquet is given to welcome the junior band into the senior band, Director R. L. Maddox stated today. There will be approximately 95 to 100 band members and guests present. C. E. May will be chief speaker and Bobby Powell will act as toastmaster.

**Famous First Stories**  
Yesterday Bayne Harrell was seen leaving the school with a stack of boards. What does this mean? Just another unsolved mystery.

Boycue Lee was seen with a beautiful bouquet yesterday evening. Our high school and student body were very disappointed yesterday in chapel when Mr. Von Roeder announced that the Brown Twins, Inc., would not be able to sing for us. Someone's always taking the joy outta life.

**Unique Brooder Is Displayed at Times' Cooking Class Tues.**  
Mrs. Martha McDonald, when she opened her first session of the Times Cooking School, was greeted by two surprises. The first was a crowd of 225 ladies and the second was a brooder of 100 baby chicks, displayed by Dudley's Hatchery of Ranger.

A brooder, built to fit under a kitchen stove, held the chicks, and they were kept warm throughout the session from the stove.

Mrs. McDonald said that this was the first time she had seen chicks displayed in this unique manner and she was sure they were contented throughout the class because they remained quiet and did not disturb her in the least.

Mrs. O. E. Randolph and daughter, Miss Pauline of Eastland, formerly of Ranger visited friends Tuesday afternoon.

Mrs. Roy Olhrest returned to her home last night after several days visit spent in Dublin, where she visited her sister, Mrs. Jim Johnson and husband.

Mrs. Leta Cox returned to her home at Abilene yesterday following a week-end visit here.

Mrs. Roy Jameson has returned from a visit to Oklahoma cities.

## PARIS STYLES

By MARY KNIGHT

United Press Staff Correspondent  
**PARIS**—Look out for the Welsh hat—it is on its way to become as famous as the Eugenia hat. The milliners gradually have been raising the crowns of hats, some higher in the back than in the front, until now they have reached a high-straw mark of eight to 10 inches, tapering to the circumference of a large dinner cup. Directly in the back a fairly bushy weather, or plume, is apt to rise from the base of the hat to an inch above the crown.

The new high hat may prove a hindrance to the low-roofed automobile, but the Welsh hat is well on the way to the modern woman's wardrobe. Madame Agnes has designed many interesting types of this model in picot-straw, using tufts of feathers and narrow bands of taffeta ribbon adding, occasionally, a tiny Parisian veil to the very narrow brim that surrounds the high crown and dips slightly over the nose.

**NEW INDUSTRY FOR OREGON**  
By United Press  
MEDFORD, Ore. — Oregon's newest industry may be the manufacture of briar pipes. Southern Oregon woods yield two varieties

of shrubs which are excellent substitutes for French briar. The state forestry board has advised. Experiments with burls of manzanita and would fill the bill since the wood is soft and does not produce a "sweet" taste when used.

## LYRICAL

Today and Tomorrow

Headlines whizz across the terrific dramatization of the king's career. Get set to get out of your seat when you see the blonde eye-frog, who walked out and left who bossed kings talking.
