

### Rafts Forming Lake Hazards

Unapproved rafts are creating hazards in Lake J. B. Thomas and action will be taken against them unless they conform with regulations.

This was the word from the Colorado River Municipal Water District headquarters here Saturday. E. V. Spence, general manager, said that there had been several complaints of rafts being towed into the lake and anchored, presumably for night fishing operations. These are hazardous to night navigation unless they meet with safety requirements.

All rafts are subject to the district's inspection and launching fees as are boats and similar devices. In addition to satisfying safety requirements, the rafts, if left in the lake overnight, would have to be lighted in the approved manner to forestall the possibility of collision with moving craft.

Owners of the rafts now on the lake have not been ascertained and if they are not located, the district will be obliged to tow them in, said the general manager.

Persons with lots at the lake are permitted, under rules promulgated for recreational use of the lake, to have rafts or floating docks for their convenience.

In the case of rafts or such devices being left in the lake overnight or for protracted periods, it would be necessary to provide approved sanitary facilities.

Revenues from the launching fees and recreational permits go toward maintaining the lake and its facilities in an acceptable manner for the public, Spence pointed out. The district does not enter into recreational activities for money-making purposes.

### 58 Entries Are Assured For 4-H, FFA Pig Show

At least 58 entries are assured for the ninth annual 4-H and FFA Pig Show which will be staged Thursday at the Howard County fair buildings.

Thirty-eight of the entries are to be 4-H animals, while 13 are from the Knott FFA Chapter, five

represent the Big Spring FFA, and two are from the Coahoma FFA unit. Others may be entered prior to the weigh-in deadline of 5 p.m. Wednesday.

The 58 entries received thus far represent nearly that number of 4-H and FFA members. Consequently, nearly all of the pigs will be sold at the Thursday night sale as each individual owner is permitted to sell one animal.

At the weigh-in, the pigs will be divided into lightweight and heavyweight divisions for judging. The heavier 50 per cent will go in the heavyweight class.

Judging in the Jaycee-sponsored show is to start at 8:30 a.m. Thursday. The sale is scheduled for 8 p.m. Thursday.

Ten prizes will be awarded in each of the divisions, the awards ranging from \$10 for first place down to \$1 for tenth. The grand champion will win an additional \$10 and the reserve champion will draw \$5 for his owner.

There also will be five prizes—\$5 down to \$1—for the best breeding gilts. The Sears Foundation also will provide awards of \$15, \$10 and \$5 for the best Sears' gilts in the show.

Howard County owners of Sears' gilts will compete with Martin County gilt owners for prizes of \$30 and \$20 which are offered the best two animals in the Sears event. An area boar show also is scheduled with \$30 and \$20 awards to go to the best two boars from Martin and Howard.

### Bonds Posted In Theft Case

Bonds totaling \$9,000 were posted Friday for Wanda Fay Sebastian and Eloise Wood who are charged with theft of clothing from the Hemphill Wells and Margo's stores. One charge alleges theft of a man's suit from Hemphill Wells and the other two allege theft of women's suits from Margo's.

The pair waived examining trial in Justice Court Friday and Justice of the Peace Cecil Nabors set their bail at \$1,500 each on each of the three charges. The bonds were executed in Waco and the two were released.

The women were brought to Big Spring Thursday from Odessa where charges also were filed. They were arrested in Colorado City last week and officers said a large quantity of clothing and other items was found in their car.

### Student Council Is Elected At Forsan

FORSAN—Officers have been elected for the student council of Forsan High School.

They are Harold Hicks, president; Johnny Baum, vice president; Mary Ann Fairchild, secretary; Mary Lovell Fletcher, treasurer; and Howard McChristian, Edell Ratliff; Sus Averett, Ida Lou Camp, and Muri Bailey.

Officials also have announced the arrival of class rings for seniors and Mary Ann Fairchild, Nancy Story, Nan Holladay, Sue Jones, Harold Hicks, James Skeen, Albert Oglesby, Tommy Henry and Johnny Baum have been designated to sell advertising for the school annual.

### Forsan Country Club Opens For Youngsters

FORSAN—The Forsan Country Club has been open following football games of the past two Friday nights for the convenience of young people. Large groups of youngsters have attended.

C. C. Brunton and other leaders are working toward regular use of the building as a youth center for Forsan. Sandwiches and cold drinks are served at the gatherings and entertainment is provided.

### Bureau Plans Cattle Count

WASHINGTON, Sept. 18 (AP)—The Census Bureau said today it will try to get an accurate tally of the nation's cattle this fall.

The beef nose-counting will be done as part of a general survey of every farm in the United States. The census will begin in the northern states early in October and follow the close of the harvest southward through November.

This fall, farmers will be asked to tell the census taker the number of cattle and calves of all kinds that are on his place. He will be asked how many are cows, including the number of heifers that have calved, how many heifers and heifer calves he has, and how many of his stock are bulls, bull calves, steers and steer calves. He will also be asked to report the number of his milk cows, including those that have gone dry and milk heifers that have calved.

Additionally the census bureau will ask the number of cows and heifers milked on each farm the day before the census taker called and how much milk the farmer got. The farmer will also be asked to report how many pounds of butter he churned the preceding week and whether he sold any milk or cream, and the quantity and dollar value of the sales.

### 4-H Cotton To Be Judged On Tuesday

Judging of Howard County 4-H Club cotton patches is set for Tuesday, County Agent Durward Lester has announced.

Ralph Jones, Martin County agricultural agent, will judge the cotton. Twenty-five county 4-H Clubbers have the cotton projects. Patches to be judged are those of Donald Fuller, Sherry Fuller, Bobby Adkins, Robert Lomax, Warren Wise, Royce Hull, Mac Robinson, Wayne Low, Jane Blissard, Bennie Blissard, Horace Hamilton, Larry Adkins, Lile Lewter, Rodney Brooks, Barbara Lewter, Judy Brooks, Phillip Riddle, Kay Robinson, Shirley Robinson, Neva Jean Jackson, Jackie Hopper, Arlon DeVaney, Larry Fryar, Joyce Robinson and James Shortess.

These dead fish are part of the hundreds dying in "Railroad Pond," a small body of water separated from Lake Texoma's Big Mineral Arm by an old railroad bed. The pond is rapidly drying up in the face of the drought and extreme heat. Officials at the Hagerman Wildlife Refuge say that most of the fish were either gar or carp. (AP Photo.)

### AT ASSOCIATION MEET

## Baptists Hear Of Membership Gains

Substantial increases in Sunday School and Training Union enrollments and a net gain in church membership were reported at the annual meeting of the Big Spring Baptist Association here Friday.

Rev. Ed Welsh of the Phillips Memorial Baptist Church reported that Sunday School enrollment has increased 10 per cent over the past year. Darrell Mock, educational director at the First Baptist Church in Big Spring, said that training

union enrollment has gained by 12 per cent over the previous year.

Also reported for the past year were 384 baptisms by the 26 churches making up the association. Raised for all causes during the year in the association was a total of \$409,000.

Approximately 300 persons—messengers from the various churches—were on hand for the meeting. The program was largely inspirational, although it was dotted with reports from the various agencies of the church.

Dr. P. D. O'Brien, Big Spring First Baptist pastor, was re-elected moderator. Rev. James F. Fields of Courtney was named vice moderator and Rev. Mark Reeves of Coahoma was elected clerk.

It was decided that next year's meeting will be held Sept. 26-27 and the North Side Baptist Church of Big Spring will be host.

The annual sermon was preached Friday morning by Rev. E. B. Coon of Stanton. Other sermons were presented by Rev. Bill Dunn and Rev. Jack Seicraig of Colorado City.

### Sheep, Goat Men Ask Aid Changes

JUNCTION, Tex., Sept. 18 (AP)—The Texas Sheep & Goat Raisers Assn. today went on record as favoring a return to last year's drought relief program. The group, at its third quarterly meeting, opposed the current program.

About 75 directors attended the meeting here today. Walter Pfluger, Eden, is president.

The women's auxiliary also met here today.

T. A. Kincaid, Ozona, chairman of a special committee, reported a proposed bill is being drafted to present to the Legislature to bring the feed control law up to date.

The group voted to recommend A&M College select the new site of the college's wool scouring plant.

### Accident On Sub

WASHINGTON, Sept. 18 (AP)—The Navy disclosed today a steam pipe on the atomic submarine Nautilus at Groton, Conn., burst Thursday night during routine test operations. One man was injured.

### Man Injured In Saturday Mishap

Pfc. Billy D. Fulcher, airman home on furlough, was injured in a pre-dawn traffic mishap Saturday morning. The pick-up truck which he was driving hit a light pole at Ninth and Gregg.

Fulcher, son of Mrs. R. M. Bain, 119 Frazier, was taken to the Webb Air Force Base hospital in a Nalley ambulance. Hospital attendants say his condition is not serious, though he suffers from chest bruises.

It is expected that Fulcher will be released from the hospital Monday morning.

Two collisions were reported to police Friday, but there apparently were no injuries in either. Juan C. Parras, 505 NW 7th, and Roscoe Newman, Red Chain Feeds, were operators of vehicles involved in a collision on the Lamesa Highway about 1 p.m.

William Coleman Smith, 1902 Johnson, and Henry Nesbitt Martin, Midland, were drivers of cars which collided in the 500 block of West Third about 9:15 p.m. Both vehicles were going in the same direction.

## DO IT YOURSELF Large Coffee Table Serves Double Duty

By BILL BAKER  
A famous Hollywood personality presented me with somewhat of a problem a few months ago—he wanted a truly "different" type of coffee table for the living room of his hilltop mansion.  
I solved the problem by designing a unique bookcase-coffee table for him. I delivered the finished product and it was well received. Recently I saw him again, and he was full of praises for the unusual table. He said it was the greatest conversation piece in his home. He considered the table his favorite piece of furniture because of its useful and unusual features.  
Because of his enthusiasm, I have made the same unique design available for you—and now you'll be able to build an exact copy of this smart table in your

Conversation Piece

This smart, substantial bookcase-coffee table will be the talk of the town. With Bill Baker's do-it-yourself pattern you can make it at home with neither power tools nor expensive equipment. The table holds dozens of volumes.

wide slots where you'll find space to hold all of your current magazines and papers.  
Now, more about the pattern you'll use to build this table: unlike many patterns you may have used where you are faced with a double-talking barrage of complicated instructions and impossible-to-understand charts and diagrams, the bookcase-coffee table pattern (and all other patterns of this series) is easy to understand and follow.  
Exact-size heavy duty paper pattern pieces allow you to trace each section directly to your wood. Cutting and assembling is made easy with this method.  
Easy-to-understand instructions, listing step-by-step procedures, carry you through the building job with no problems.  
A material list will help you to make your purchases—and you'll buy only what is needed. Your lumber list, for example, is figured so that there will be no waste of materials.  
Another advantage in this pattern is that no elaborate tools are needed to turn out the finished table. You don't have to have expensive power tools since only a few basic tools will suffice.

## Howard County Cotton Crop Estimated At 22,000 Bales

The Howard County cotton crop, estimated at 22,000 bales, is reported by the Federal report as being from poor to fair; 40 per cent open; 1.7 per cent harvested, with 579 bales ginned to date and 599 more hands needed in the fields.

The Martin crop of an estimated 57,000 bales is rated at from fair to good, 40 per cent open; 1.7 per cent harvested, with 954 bales ginned to date, and the report says at least 1,500 hands will be needed in the fields before the harvest is completed.

The cotton in Scurry County is rated as poor and the crop is estimated at 12,000 bales, which is 40 per cent open and two per cent harvested with 260 bales ginned. The Mitchell County crop is estimated at 14,000 bales, graded as fair, is said to be 40 per cent open with four per cent of it harvested and 500 bales ginned to date.

Midland and Glascock County cotton is estimated at 10,500 bales, is rated fair to good, with 10 per cent of it open and less than one per cent gathered. Eighty-six bales have been ginned so far in the two counties.

In Dawson County the crop has been estimated at 65,000 bales. This cotton is reported to be from fair to good, 15 per cent open and one per cent harvested with 600 bales ginned to date. The report indicates a need for an additional 2,000 hands. The Borden County crop is estimated at 8,000 bales of fair to good cotton, 15 per cent open, one per cent harvested, with 70 bales ginned to date.

In Lynn County the crop estimate is 65,000 bales, from fair to good, 10 per cent open, one per cent harvested, 300 bales already ginned and a probable need of 1,500 more hands.

The Gaines County crop is estimated at 40,000 bales and is described as being from good to very good, five per cent open, less than one per cent harvested, with 500 more hands needed.  
Only two counties, Reeves and Lovington, were reported as having "excellent" cotton this year.

## Faint Signs Of Seasonal Pickup In Business Sighted Last Week

By WALTER BREEDE JR.  
NEW YORK, Sept. 18 (AP)—Faint stirrings of a seasonal pickup were clearly discernible on the nation's business scene this week.  
Steel production started pulling out of its long summer slump. Business loans by leading New York banks moved sharply higher—the first gain in five weeks.  
The stock market bounded to a new 25-year high.  
Check clearings swelled in volume; the number of new claims for unemployment insurance declined. There were encouraging predictions from makers of furniture, TV sets, automobiles and heavy electrical equipment. Volume of applications for GI mortgage loans was just below the all-time record.  
Still sluggish were such vital sectors of the economy as petroleum production, auto output and rail freight traffic.

Oil drilling activity, as measured by the number of rotary rigs in operation, sank to a 3 1/2-year low. Another reduction in allowable crude oil output was ordered in Texas.  
The lag in auto manufacturing was expected to continue for about three or four weeks more. Spokesmen said it would take the industry that long to get into production of 1955 models.  
Retail trade, which had bounded ahead the previous week, declined slightly. Market analysts blamed the weather—cold and rainy in the east, uncomfortably warm in some western regions. While total volume was off, there was a sharp rise in sales of back-to-school togs and women's apparel.  
There was some grousing among merchants at reports that customers were putting record sums of cash into savings accounts and government bonds.  
Be that as it may, 1954 was shaping up as still another record retail year. Reporting to President Eisenhower, the big American Retail Federation put it this way: "We anticipate that by the end of 1954, the vigorous trend of our economy will enable the retail industry to write a new record into the books and make 1953, the previous all-time high, the second-best year."  
Latest reports on chain and department store sales compared unfavorably with a year ago, but officials were optimistic.  
Edward Gudeman, vice president of Sears, Roebuck & Co., said Sears expects a "marked improvement" in business this fall. Leo Weick, vice president of May Department Stores, declared: "We are optimistic about fall and Christmas season sales."  
There were other expressions of optimism.  
Commerce Secretary Sinclair Weeks, in a talk to the National Petroleum Assn., said he was "extremely optimistic" for the rest of 1954. "We're doing all right," said Weeks, "and we're going to do better."

93 Living Units**

Ninety-three housing units are expected to be constructed at Webb Air Force Base as a result of the military housing measure passed by Congress shortly before its adjournment.

The type of housing is not known here, however, and base officials have no information as to when construction will be started.

Major Ernest Helster, air installations officer for Webb, plans to confer with Air Force installations officials in Dallas early next month to gain information on how the housing program will affect Webb. Congress voted \$75 million for military housing for the next six years and the Air Force expects to receive approximately half of this.

At present, a special committee set up by the Director of Installations at USAF headquarters in Washington is studying the program and will make recommendations as to how the plan should be handled.

Approved legislation should produce an estimated 3,200 to 4,000 family units for the Air Force during the first year of the six-year program. Additional funds will be sought when Congress convenes next January, since the on-base housing situation for airmen and officers with families is critical in the U. S. and in overseas areas.

**KIWANIS HAS PROGRAM**

**Webb 'Open House' Set For Kids Day**

Webb Air Force Base will play host to hundreds of boys and girls of high school and junior high age at an "open house" next Saturday afternoon.

The open house will be tied in with National Kids' Day, sponsored each year by the Kiwanis International. This will be the third successive year that the Air Force has cooperated in the event.

Last year some 1,600 youngsters from the Big Spring area thronged to Webb to view the equipment and the operations of a typical jet pilot training base. Invitations this year have gone out to school groups in Lamesa, Odessa, Snyder, Colorado City, Brownfield and Midland, in addition to Big Spring.

In addition to the activities at Webb, the local chapter of Kiwanis International has an entertainment program planned for the youngsters that will include free movies in the morning and a football game in the evening. Ceremonies, including the crowning of beauty queens, are scheduled for half-time.

The Kiwanis will select a boy and a girl as honorary base commanders for the day.

Webb's participation in the day-long program will begin with a pickup of youngsters at the Junior High School at 3:30 p.m. by military transportation. The visitors will then be taken directly to the flight line on the base.

On the flight line they will view exhibits of a T28 prop-driven trainer, a T33 two-place jet trainer,

B25, C47, and C48. Major William Whalin, project officer, hopes to obtain representative aircraft from other bases, to include bomber and fighter type planes.

Webb's fire-fighting equipment, a mobile control tower, and other equipment which would be of interest to the youngsters, will be on display. Members of the base fire department will stage a demonstration of how they extinguish fires.

Also scheduled for the afternoon is a 45-minute guided tour of the base, with stops at the altitude chamber, synthetic trainer section, a dining hall and an airmen's dormitory. Upon completion of the tour, the youngsters will return to the flight line.

During the afternoon the visitors will witness a training formation flyover of jet aircraft.

Throughout their stay on the base, the visitors will be escorted by aviation cadets and airmen. A mobile canteen to dispense refreshments will be located on the flight line, and an ambulance will be on hand as a first aid station.

The boys and girls will be returned to the junior high school by 4 p.m.

According to Major Whalin, the day has been set aside to honor the young people as citizens, and to instill in them the realization that they are important members of the community and should have an interest in the activities of the community and their country.

**Solon Asks Wheat Cut Be Less For Smaller Acreages**

SHERIDAN, Wyo., Sept. 18 (AP)—Rep. Harrison (R-Wyo.) disclosed today he has suggested a plan to Agriculture Secretary Benson to give small operators a smaller wheat acreage allotment cut.

Harrison said that in many instances the small operator "cannot afford to continue operation and maintain the necessary machinery."

The congressman wrote: "My suggestion would be to take a figure of approximately 150 acres and under, and instead of reducing that man's allotment by 32.6 per cent, to reduce it by 18.3 per cent or one half the present cut." Harrison also suggested a sliding scale to give the small wheat farmer a bigger break.

**FDR Jr. To Take Demo Fight To Floor**

By JAMES DEVLIN  
NEW YORK, Sept. 18 (AP)—Franklin D. Roosevelt's son and namesake and Averell Harriman, one of the late President's closest advisors, will battle it out Tuesday for the Democratic nomination for governor of New York.

Rep. Franklin D. Roosevelt Jr. has the odds against him in his bid for the Albany post that catapulted his father into the White House.

The state's most influential leaders, including the Tammany chief, have endorsed Harriman, holder of high posts in the New Deal and Truman administrations.

Roosevelt forces concede they have an uphill fight but intend to carry the contest to the state convention floor. They claim strong upstate strength and contend Roosevelt will get more votes of New York City delegates than the leaders expect.

The Democratic nominee will in all likelihood be opposed in the Nov. 2 election by Sen. Irving M. Ives, who has no rival for the Republican nomination for governor.

Whatever the outcome of the Democratic convention, the campaign to elect a successor to retiring Republican Gov. Thomas E. Dewey will have overtones of the New Deal against the Eisenhower administration record.

Both Harriman, 62, and Roosevelt, 40, staunchly follow the philosophy of the elder Roosevelt. Ives, 58, is a supporter of President Eisenhower.

Harriman attended the Casa Blanca and Yalta conferences with President Roosevelt and was present at Roosevelt's meeting with

# Names Of War Casualties Asked For New Memorial

Howard County wants a 100 per cent complete list of its sons and daughters who lost their lives in the service of their country. It may be that you can help.

Herewith is a listing of all those casualties of World War I, World War II and the Korean conflict, as complete as it can be compiled from current information. Research included checking with the Defense Department in Washington, the Adjutant General's Office in Austin, and Herald files.

But the list may not be complete. If you know of some name that does not appear here, you are urged to call The Herald and give all appropriate information.

The listing, as finally tabulated, will be used for engraving of the Honor Roll on the War Memorial which will grace the new courthouse lawn. It is hoped there will not be any omission from this Memorial, and the public's cooperation is solicited.

Wanted are the names of those who lost their lives while in uniform, and who entered the service as residents of Howard County. Please check the list below, and help provide any names that happen to be missing.

### Chamber Directors To Meet Monday

A regular meeting of the Chamber of Commerce board of directors is set for noon Monday in the Chamber conference room. Due to cancellation of the last meeting which would have been on Labor Day, several extra items of business probably will be considered, said J. H. Greene, manager of the organization.

## UNCLE RAY'S CORNER

QUEBEC, Que. — While walking about the streets of this city, I saw and entered a building. This building might be called a small museum, but there is only one exhibit of importance—"the skull of Montcalm."

A nun took a cover cloth from a glass case. Inside the case I saw all that may be seen of the remains of Gen. Montcalm, a field marshal who tried to save Canada for the French Empire.

At that time Quebec was the "key to Canada." Whoever controlled the city was likely to hold power over a big stretch of land.

Two nations—France and Great Britain—were struggling for the St. Lawrence Valley, and the chief battle came when the British made an attack on Quebec. The armies fought on the Plains of Abraham 135 years ago.

It is a strange fact that the commander of each side fell mortally wounded during the battle. Gen. Wolfe, the British leader, died too soon to enjoy the victory of his troops.

After the battle was over, the British took control of Quebec. The province as well as the city, latter became part of united Canada.

Another strange fact is that a single monument was set up to honor the two generals. A tall shaft of granite now stands inside the city of Quebec, and it bears the names of Wolfe and Montcalm. Scores of monuments have been prepared for generals, but it is rare for a single monument to honor men who were opposing commanders in a battle.

Quebec is now a seaport of importance. Good-sized ocean vessels anchor in the huge harbor. In the harbor I have seen the vessel which will carry me to Europe. It flies the Dutch flag, but England is the first country I shall visit.

Service of Cayuga was working over a Humble Oil and Refining Co. well.

Thomas, veteran of the Korean War, was the son of Mr. and Mrs. Hubert M. Thomas, Cayuga.

J. B. Pagitt of Cayuga, head driller, said Thomas was 50 feet up the derrick with the other six members of the crew working on the rig below.

He said 40,000 pounds of pipe were suspended from the derrick, with the first joint being lowered into the hole.

Suddenly Thomas yelled, "Hey!" The rig toppled with a terrific, rending sound as the men on the rig scrambled away. Thomas was thrown clear of the rig and killed instantly.

Pagitt said he didn't know what caused the derrick to fall.

## Man Dies When Derrick Topples

PALESTINE, Tex., Sept. 18 (AP)—A 95-foot derrick toppled over today and spilled James Daniel Thomas, 24, to his death, but he yelled a warning in time to save six men working beneath him.

The head driller said it was the first time in his 20 years' experience he had ever seen such a thing.

The accident occurred five miles northwest of Teague in the Teague West gas field. Teague is in Freestone County, about 40 miles west of this East Texas city.

# Nation Ponders Whether Maine Results To Election Trend

By NELMAN MORIN  
PORTLAND, Me., Sept. 18 (U)—A large and uncertain image, shaped like the state of Maine, flashed across the nation's political radar screens this week, and today observers everywhere are wondering what it portends.

Was it just a flying saucer, disembodied and void of importance? Or does it, as the Democrats claim, herald the dawn of a new day for them?

Last Tuesday, rock-ribbed Maine elected a Democratic governor for the first time in 20 years. The voters sent Republican Sen. Margaret Chase Smith and three GOP representatives back to Washington, but gave them smaller margins of victory than they have had in other years.

And in the state legislature, which remains predominantly Republican, the Democrats gained by four seats in the Senate, and 10 in the House.

Although it was a state election, the Republicans injected President Eisenhower's name, and said the results "will have great significance nationally."

So what's the meaning today? "Absolutely no national importance," says the defeated governor, Burton M. Cross. "Purely local issues decided the election."

"It shows that 'Eisenhower' is no longer a magic name," says Frank Coffin, state Democratic chairman. "It's definitely related to the national picture."

"We got a damn good licking," says Fred C. Scribner, GOP national committeeman. "We weren't able to get across the point that the President was an issue in the campaign."

"I think it hurt the President," says lanky Edmund S. Muskie,

## Judge Refuses Plea To Cut Short Suit For Strike Damages

BEAUMONT, Sept. 18 (U)—Attempts by both sides in the Port Arthur retail strike to cut short a damage suit brought by retailers against the CIO and union officials were overruled here yesterday by Dist. Judge Melvin Combs.

Judge Combs denied motions for both sides asking summary judgments, without a detailed trial of the case on its merits. He said the case "will be set and tried as any other damage suit pending in our courts."

The suit was filed by the Sabine Corp., operators of the Sabine Hotel, and other plaintiffs. It originally asked damages and an injunction because of the strike by Sabine Area Industrial Union Local 1814 (CIO). The request for the injunction was dropped last spring.

John Beckenstein, attorney for the plaintiffs, asked jury hearings only to determine the amounts of damages allegedly due the plaintiffs. Judge Combs overruled that request.

# CIO Paper Asks Firing Of Official

WASHINGTON, Sept. 18 (U)—The CIO's official newspaper today demanded that President Eisenhower fire a Commerce Department official for a recent complaint that Congress had not gone far enough in helping business.

The CIO News said in an editorial that Eisenhower should discharge—"and quick"—Asst. Commerce Secretary Lothar Teetor for an "astounding speech" delivered Sept. 10 to the Council of State Chambers of Commerce at Kansas City.

Teetor said in the speech that the action of Congress in broadening coverage of the unemployment

compensation laws was a loss for "the conservative state-righters" and the matter should have been left up to the states to decide. Actually Congress did not go so far in broadening unemployment compensation coverage as President Eisenhower recommended.

In other phases of his speech Teetor said Congress should reduce taxes on high incomes, abolish the excess profits renegotation act as "a costly nuisance to industry," and amend the Taft-Hartley law to give states more leeway in handling labor-management matters.

In its editorial titled "Teetor Should Go," the CIO News said "the administration—if it wants order rather than chaos in its own family—should fire Teetor. And quick."

# Shepperd Keeps Eye On Gas Price Wars

By The Associated Press  
Gasoline price wars were spotted in Texas Saturday and the state attorney general said he had his eyes on them.

Some of the price cuts began three weeks to a month ago. Prices have dropped as much as 8 1/2 cents a gallon.

Reports of cuts came from Houston, Fort Worth, Wichita Falls, Big Spring, Midland, Lubbock and Plainview.

In Austin, Atty. Gen. John Ben Shepperd said his office is "watching" the situation but has taken no action.

Another official source said it wasn't against the law to cut the price of gasoline in Texas unless a conspiracy exists. He said current price cuts don't follow the usual pattern, that some seem to start with the independent stations and others with the major stations. He said the most common explanation from the gasoline trade was that it's mostly an effort to get rid of surplus stocks.

In Houston, Gordon Griffin of Brownwood, executive secretary

and general counsel for the Texas Service Station Assn., charged Shell Oil Co. and Gulf Oil Corp. were trying to start a price war in Houston.

Griffin charged further that major companies are trying to start wars in Wichita Falls, Fort Worth, Lubbock, Abilene, Midland, El Campo, Victoria and other Texas cities.

He charged that the major companies were following a pattern used in other cities and have been touching off price wars with an aim of reducing the dealers' margin of profit. He said they should reduce their tank wagon prices—wholesale—so the operators could pass the savings on to motorists.

He said domestic gasoline stocks total 150 million gallons and the companies will have to reduce prices to sell it.

Price cuts in Fort Worth started several weeks ago, stopped for a while and then were renewed. Prices range as low as 16.9 and 17.9 cents per gallon for regular and 18.9 to 20.9 for premium. Wichita Falls has had a gasoline war for three weeks with prices 5 to 8 1/2 cents below normal. Lowest are 17.9 for regular and 19.8 for premium.

Most major stations at Big Spring have been selling regular at 22.9 and ethyl at 24.9 for about three weeks. However, the Coaden refinery in Big Spring and Coaden stations there still have the old prices of 27 to 29 cents.

Sunday will mark the 30th day of the price war in Midland. Major stations there are selling gasoline at 17.9 for regular and 19.9 for premium. At several Shell, Magnolia and Conoco stations, premium goes to 20.4.

In Lubbock, gasoline has been selling at major stations from 5 to 6 cents per gallon cheaper than normal since the last week in July.

In Plainview, prices are about 2 and 3 cents below normal.

# FB Queen To Be Chosen Here

The selection of a Texas Farm Bureau district queen in the ballroom of the Settles Hotel Monday afternoon will highlight that organization's district meeting which will convene at 10 a.m. tomorrow.

The Howard County Farm Bureau does not have a queen to enter the contest for district honors this year. The district queen selected here tomorrow, from candidates from other counties in the district, will go to the state convention of the TFB at Galveston Nov. 8, to enter the contest for state Farm Bureau queen, the winner of which will represent Texas in the national convention of the American Farm Bureau Federation in New York on Dec. 12.

The principal speakers at tomorrow's meeting, which is open to the public, will be C. H. DeVane of Coahoma, vice president of the TFB, and Kenneth Ingvalson of Washington, D. C., director of leadership services for the American Farm Bureau Federation. The meeting being held here tomorrow is one of a series of 13, one in each TFB district, throughout the state. A similar meeting was held at Lubbock yesterday and the next is scheduled for Brownwood at the Brownwood Hotel Tuesday.

# Charles C. Crow Of C-City Dies

COLORADO CITY—Charles C. Crow, 43, died Friday in a hospital in Big Spring after a brief illness. He had been a resident of Colorado City for six years, and was a veteran of World War II. Colorado City veterans will act as pallbearers.

Funeral services will be held Sunday afternoon at 4 p.m. from the Kiker and Son Chapel. Floyd J. Spivey, Church of Christ pastor, will officiate. Burial will be in the Colorado City Cemetery.

He is survived by his mother, Mrs. Josie Crow of Colorado City, two brothers, John of Big Spring and Bentley of Rankin, and two sisters, Mrs. W. T. Nugent of Odessa and Mrs. I. J. Latham of Colorado City.

# Adequate Power Seen

NEW YORK, Sept. 18 (U)—An adequate supply of power can be expected during the fall and winter in all parts of the country, according to reports reaching electric industry sources here.

# Diagnostic Clinic For Cerebral Palsy Victims Is Planned

The Childrens Service League of Midland, is sponsoring a cerebral palsy diagnostic clinic to be held Sept. 27, for all children living in Midland, Ector, Howard, Martin and Andrews counties.

The clinic will be held at the City-County Auditorium at 301 West Missouri, Midland, beginning at 9 a.m.

All children diagnosed as having cerebral palsy are invited and urged to attend. The services of the diagnostic clinic are free of charge to all patients.

Any treatment prescribed may be obtained at the Cerebral Palsy Treatment Center, located at 619 West Indiana, Midland, free of charge to patients.

Dr. E. T. Driscoll of Midland will be the examining orthopedic surgeon at the diagnostic clinic next week. He will be assisted by a pediatrician and a physiotherapist. Patients residing in Howard County should contact Jewell Barton, public health nurse at the Big Spring-Howard County Health Unit, for appointment.

# Ackerly's Booth Wins Second Place

ACKERLY—The Ackerly community booth, prepared by Mrs. Ray Adams, A. H. Smith and others, won second place at the Dawson County Fair.

Delores Mabry, one of the contestants in the Farm Bureau queen's contest recently, rode the Farm Bureau float in the fall-fiesta parade Thursday.

4  
TIMELY REASONS WHY

You'll  
always  
be glad you bought  
a Chevrolet now!

**1**

You'll stay proud of Chevrolet's lasting good looks

Other low-priced cars just don't have the quality look you see in Chevrolet. And if you like Chevrolet's looks now, you'll like its looks always. For there's fine design in those clean and smoothly curved lines (nothing "boxy" about Chevrolet!). And fine design like this always wears well—never really goes out of style.

**3**

You save when you buy and when you trade

Even so, Chevrolet is priced below all other lines of cars. (That's possible because Chevrolet builds the most, and can build 'em better to sell for less.) And at trade-in time, you'll be ahead again from Chevrolet's traditionally higher resale value!

**2**

You'll enjoy exclusive features for finer motoring

Chevrolet's the only low-priced car with the finer materials and workmanship of Body by Fisher. It has the highest-compression power of any leading low-priced car, for more fun in the going and more miles out of the fuel. Chevrolet puts your safety first with the biggest brakes and the only full-length box-girder frame in the low-price field. It's the only car in its field with that smoother, softer Utilized Knee-Action ride—and, it's even the only one with Safety Plate Glass in all windows of sedans and coupes!

**4**

You'll get a special deal right now

Right now, we're in a position to give you the deal of the year on a new Chevrolet. Come in and let us show you how much you'll gain by buying now!

Now's the time to buy!

Riding THE GRUB LINE With Franklin Reynolds

E. L. Turnbow of Patricia was talking about how the yields of some crops are fooling the farmers this year.

Then he harvested it and the production was a little more than 2,000 pounds or an average average of more than 700 pounds.

Cotton in the Patricia area is expected to average from a quarter of a bale up this year.

As in Howard County, early gear in Dawson County has, in many spots, been a victim of the mosaic infection.

Farmers from pretty well all over Dawson County are planting small grain to protect both their soil and their homes and outbuildings from the expected sand and dust storms.

The Seventh Annual Carlet Stocker and Feeder Show and Sale at Clovis, N. M., will be held Oct. 17-18-19-20-21-22.

A minimum of 20 or more head of calves or yearlings of one sex will constitute an entry.

There will be first, second, third and fourth place ribbons for each of the following classes: Hereford steer calves; Hereford heifer calves; Hereford steer yearlings; Hereford heifer yearlings; Angus steer calves; Angus heifer calves; Angus steer yearlings; Angus heifer yearlings; Crossbred steer calves; Crossbred heifer calves; Crossbred steer yearlings; and Crossbred heifer yearlings.

The Fourth Annual Feeder Lamb Show and Sale will be held Oct. 13, with a minimum of 25 head of lambs making up an entry.

Jack Cosens, who lives about five miles northeast of Lamesa, has grazed 23 head of stock on five acres of alfalfa for the past three weeks, and the stock shows a preference for the Blue Panic, and the grass, incidentally, is putting on a good seed crop.

Farmers can plant all the wheat they wish, it is being pointed out, without any fear of a penalty, if the wheat is used for grazing and cover and is turned under before it makes grain.

But back to Blue Panic grass. A. T. Kias of the Key Community planted five acres of this grass, sown in the spring. He put three head of livestock on the grass but they got so fat and the grass of rank, that he had to move in and mow it recently.

Members of the Glasscock 4-H Club have made a good buy in livestock feed, according to County Agent Oliver West, which should cut down on the cost of getting

their animals ready for the shows and sales. They have gotten seven and one-half tons of fine-stem, leafy alfalfa hay at \$30 a ton which runs \$1.30 a bale.

Ninety-five lambs are on feed by Sterling Stone, 4-H Club member, says County Agent Fred Campbell. This is the largest number since 1951-52 when these boys and girls fed out 120 head.

So far they have 63 Fine Wool lambs, 31 Crossbred lambs and three Corriedales.

G. W. Dent of the Key Community says his land was hurt worse by wind last year than ever before and that he doesn't ever want to go into another blow season with bare land.

He is growing Redtop cane in 20-inch rows on cotton plow-up land.

The crossbred Holstein-Jersey cow that recently surprised everybody, including herself, by calving four babies at one time, isn't the only quite unusual thing on the D. C. Buchanan Farm northeast of Big Spring.

On that farm also is one of the very finest native grass pastures in West Texas.

Buchanan established this native grass mixture in 1951 and has taken good care of it. He rests the pasture during the summer and uses it for winter grazing.

In spots the Sand Bluestem is seven feet tall. And that Sand Lovegrass is one of the finest of our native grasses.

Our limitless plans of wind-waving grasses were very impressive when the first white men came into this West Texas country and most prominent among these was Sand Lovegrass.

Up in Dawson County, in the Minger Community, Jack Brayles has succeeded in getting a little more than 50 acres of West Texas returned to this fine grass.

The index moved to 170.61 at the end of the week compared with 170.37 a week ago and 177.69 a year ago.

Orange State Solon Blasts Convention Labor Platform

By DAVE CHEAVENS AUSTIN, Sept. 18 (AP)—The Democratic convention's platform proposing new labor laws giving the next Legislature a ready-made major issue has drawn its first challenge.

Rep. Edgar Berlin of Fort Worth today called the convention's platform proposals a "union busting proposition" and promised a last ditch battle against them.

Berlin said he would try again to push through a bill he offered in the Legislature in 1951 giving the State Industrial Commission specific mediation and conciliation powers.

The convention with its heavy conservative majority suggested that the 54th Legislature outlaw strikes not voted on directly by employees of a firm and bar pickets who are not employees of a struck business.

This obviously was aimed at the strike situation in Port Arthur. Gov. Shivers in many campaign speeches accused the CIO of importing pickets in the long labor troubles there.

"How could you maintain a picket line from the employees of a firm that has only three or four people on the payroll?" Berlin asked.

"Peaceful picketing is sanctioned by state law and so long as the pickets are peaceful it doesn't matter whether they work for the struck firm. The basis of unionism is cooperation between workers."

Berlin said he thought the plan he proposed in 1951 would fulfill the convention platform pledge to maintain a "proper balance" between the rights of labor, management and the public.

Chances of legislation sponsored by the outnumbered labor group appear slim. Conservatives will be in a heavy majority in the 54th Legislature.

Record Building In Texas Seen In '55

AUSTIN, Sept. 18 (AP)—The Texas Construction Journal today forecast that building in Texas will set a one and a half billion dollar all-time record in 1955.

The authoritative journal also predicted that building in the current year will exceed 1953's figure despite a slight decline during the first half of 1954.

The 1955 forecast includes all types of construction, such as homes, highways, pipelines, power transmission systems and dams.

Commitments already are made for 1955 construction totalling \$1,342,307,247, the journal said.

"Many additional millions will be added to make 1955 an all-time record year for the construction industry," the magazine said.

The SWAY is a retailer who believes everybody and everything without fear or favor. If his employees take off for grandmothers' funerals on the day of an important ball game—he believes them. And if all the salesmen who sold him stock said their companies were losing money on the deal—he would believe them. After listening to sales talk, he believes one brand is as good as another, and gives them all equal display. And doesn't care what kind of advertising he gets because they all seem equally strong. Fortunately the SWAY is a rare creature. Most retailers know that customers do have strong brand preferences, and that preferences quickly can change. They are quick to take advantage of manufacturers' newspaper advertising—featuring the product in their own store displays... and including the brand in their own newspaper ads. Since the retailer himself advertises in newspapers, he knows that the manufacturer who does the same is really in earnest, is sincerely after the market. He knows that the best advertising is the kind that reaches his own customers, all of them. And he likes the manufacturer who thinks the same. All business is local...and so are all newspapers!

# Pro Grid Picture Bright; Season To Open In Week

By RALPH BERNSTEIN  
PHILADELPHIA, Sept. 18 (AP)—The National Football League opens its 35th season next Sunday with tight races predicted for both Eastern and Western divisions, the most extensive football television schedule ever devised, and prospects of a new attendance record.

Opening day games find the up-and-coming Chicago Bears visiting the world champion Detroit Lions in the Motor City; Cleveland's Eastern champions invading the best of their principal challenger, the Philadelphia Eagles; Los Angeles at Baltimore where some 20,000 season ticket holders will demonstrate their faith in the last place Colts; New York at the Chicago Cardinals; Pittsburgh at Green Bay and Washington at San Francisco to face the rough and tough Forty-niners.

NFL Commissioner Bert Bell says unprecedented sale of season tickets in all league cities plus the finest pre-season game crowds in the history of the league presage another record-breaking year at the box office. The pros drew \$2,164,585 last year for 73 league games. Bell predicts the NFL will beat that figure in 1954 and he credits it all to television.

Bell said the NFL's TV program will carry 68 games over 160 stations from Massachusetts to Seattle, Wash. There will be pro football TV every weekend, Saturday night and Sunday; during the season. Radio and television revenue to the 12 NFL teams should approximate \$1,800,000.

Detroit looks as strong, if not stronger, than last year in the Western Division. Jack Christiansen heads one of the league's finest pass defenses. The offensive backfield with quarterback Bobby Layne and halfbacks Bob Hoernschemayer and Don Walker shows no signs of slowing down. Coach Buddy Parker says he has the best ends in the league in Leon Hart, Dorne Dibble, Cloyce Box and Jim Doran.

The Eastern Division defending champion Browns have been hurt badly by the loss of linebacker Tommy Thompson, middle guard Bill Willis and end George Young, the jump to Canada by halfback Ken Carpenter, and trading of Jagade to the Bears. Of course, Coach Paul Brown still has Otto Graham, the great passing quarterback, Danie Lavelli, pass-engaging end and the incomparable place kicker, Lou (the toe) Groza. This could be the first year in history Cleveland doesn't at least lead its division.

## Stokes Takes Bat Crown In WT-NM

By The Associated Press  
This year's West Texas-New Mexico League batting champion came off a team that didn't make the playoffs and hit only .285 as a unit.

Don Stokes, Plainview outfielder, captured the hitting title with .405 average.

Stokes also finished at the top of the final league averages in hits with 207 and total bases with 342.

One new record was set. Osmond Walker, Abilene, topped the old mark with 8 stolen bases.

Other leaders included Curt Hardaway, Pampa, with 152 runs; Doug Lewis, Pampa, with 54 doubles; Gil Valentin, Albuquerque,

with 19 triples; Frosty Kennedy, Amarillo, with 35 home runs; and Glenn Burns, Abilene, with 137 runs batted in.

Clovie's Red Dial turned out to be the winningest pitcher with 25 victories. Other 20-game winners were Eddie Locke, Amarillo with 24; Andy Alonso, Abilene, with 23; George Socha, Albuquerque, with 21; and Len Ruyle, Amarillo, with 20.

Dial and Vibert Clark, Pampa, topped the circuit in strikeouts with 234 each. Socha's 286 innings pitched and 24 complete games made him the league's busiest hurler.

Team batting leader was Pampa with .309. Clovie led in team fielding with .952.

## Townsend's Catch 22-Lb. Yellow Cat At Buchanan

By JOHN BUSER  
The R. H. Townsends topped off an otherwise not too successful fishing trip at Lake Buchanan last weekend by taking a 22-lb. yellow cat off their trotline on Saturday morning.

Generally the fish hadn't seemed to be biting too well but the big one more than made up for the fact that the rest of their catch was few and small. They were using living perch for bait and were fishing in the Tow valley section. Mrs. Townsend's father, E. A. Heinen of Kerrville, was fishing with them.

W. T. Boettie brought home a few small bass from his fishing trip at Lake Thomas last weekend along with a number of crappie.

Several have continued to report nice strings of crappie both at Lake Thomas and at Moss Creek Lake. Catfish are being taken off trotlines and landed by those using fishing rods, too.

Leo Gonzalez landed a nine foot, two inch sailfish about fifteen miles off Acapulco, Mexico, this Monday. The fish weighed 97 1/2 pounds and it took an hour and 45 minutes to land the fish. Gonzalez says that he would have given up several times had the captain not kept giving him advice on how to bring the fish in.

## 'World Series' Of Golf Is Set

WASHINGTON, Sept. 18 (AP)—A field of 115 carefully culled golfers open play in the first "world series" of golf here Thursday.

The \$40,000 payoff will be the second biggest of the year with the winner in the open competition collecting between \$8,000 and \$10,000. Exact figure will be determined later.

The idea is something new in golf. Sponsors of eight tournaments are putting up \$2,000 each toward the kitty. To be eligible, a golfer must have played in at least five of those tournaments.

Actually, the tournament is a development of the national celebrities competition, which has been played here for a decade under the sponsorship of the Washington Post and Times Herald.

He didn't have the fish mounted. Due to customs, etc., it would have been a lot of trouble. He said that they ordinarily cut the fish up and use them for bait and he suspects that is what happened to the one he landed.

He only fished the one day there. He reports prices quite cheap particularly since the devaluing of the peso last year.

Dewey Martin reports that most of the hunters he has been talking to seem to be getting their limits and that good hunting has not apparently been restricted to any specific areas.

Another report is less sanguine, indications there being that hunting has fallen off some from the opening days, the birds seeming to have been scared off.

JUNIOR FISHING DEPT. John Max Snider, 5-year-old son of Mr. and Mrs. Derral Snider, landed nine pan-sized crappie recently at Moss Creek Lake all by himself. He was using a man-sized rod and reel, too. The adults with him were just as proud as he was, too.

Alert Odessa Wins From Waco, 12-0

ODESSA (AP)—An alert Odessa High School football team turned a fumble and a pass interception into a 12-0 victory over Waco Friday night before 15,000.

In the third period, Russell Rumbaugh recovered Roy Garner's fumble on Waco's 23 and Ed Tyler promptly passed 23 yards to Ed Barham for an Odessa touchdown.

Leroy Scott intercepted one of Garner's passes in the fourth on Waco's 25 and scooted to the Tigers' 6. Scott ground out 5 yards and then Kenneth White went over for the touchdown.

Waco rolled up 347 yards rushing and 108 passing.

One Odessa touchdown was rubbed out by one of the numerous penalties in the ball game. Odessa was penalized a total of 80 yards and Waco 71.

Breckenridge Beats Wichita Falls, 41-13

WICHITA FALLS (AP)—A precise and speedy class AAA Breckenridge machine ran rings around the AAAA Wichita Falls Coyotes Friday night, winning 41-13 before 13,000 fans.

The Buckaroos, paced by quarterback Bennett White, rolled up a 21-0 lead on the Coyotes midway through the second period, then coasted home.

Breckenridge gained 349 yards rushing to Wichita Falls' 117, and threw only two passes. The longest runs came in the second half, when 200-pound tackle Jerry Cramer of Breckenridge went 5 yards for a touchdown with an intercepted pass.

**Lake Falcon Near Normal Level For Water Storage**

LAREDO, Sept. 18 (AP)—Lake Falcon, which began filling just a year ago and has had its ups and downs since then, is nearing the normal level planned by engineers. When the 5-mile-long dam, 75 miles downstream from Laredo on the Rio Grande, was finished during the summer of 1953, it looked like there would be little, if any, water behind it when U.S. Pres-

ident Eisenhower and Mexican President Adolfo Ruiz Cortines met for a dedication ceremony in October. The Rio Grande had reached its lowest flow on record upstream and had stopped flowing completely between Laredo and the Gulf. However, heavy rains early in September of last year sent a big

rise down the river and by dedication time the lake was about one-fourth full. Then Falcon began dropping due to heavy demands for irrigation water from the Lower Rio Grande Valley. From a storage of one million acre feet in November it steadily dwindled to 400,000 acre feet early this year. Upstream rains boosted the supply somewhat, but it took the biggest flood on record, in late June and early July, to really fill the reservoir.

don't do this →  
to our beautiful West Texas  
Women!

Surely you don't want to de-emphasize the pretty figures of American women, and especially our lovely West Texas ladies.

We are posing this comparison for our discriminating clientele for a look of things that we hope do not come.

(a) The straight from the shoulder long bodice look.

Our Lovely Clientele  
Prefers Anne Fogarty's  
Figurine Silhouette

with a gentle bodice . . . a tightly sculptured midriff and a sudden sweep of skirt. The dress pictured at left is of sheer wool in turquoise by Anne Fogarty.

(b) The moulded, graceful line, figurine look of today.

We sincerely thank  
Mrs. C. B. Marcum for  
posing for the above  
photos.

## Women's Clubs Begin A Busy Year

The pictures here represent just a few of the women's organizations who are beginning a busy fall season. Following is a resume of the various other clubs in Big Spring.

Among the study clubs is the Child Study Club devoted to learning about child development. Its membership of young mothers is headed by Mrs. J. C. Morgan, president. They meet once a month.

A variety of professional groups is organized including the Business and Professional Women, the Texas Association of Accredited Beauty Culturists, the Credit Women's Club, the Altrusa Club, the Desk and Derrick Club and the

Registered Nurses Study Club.

Beta Sigma Phi and Epsilon Sigma Alpha are the two sororities active in Big Spring. Beta Sigma Phi has three chapters—Mu Zeta, Beta Omicron and Xi Mu. Epsilon Sigma Alpha has one, Alpha Chi.

Almost all the churches have women's missionary groups and circles.

Although the P-TA's are not strictly for women only, the majority of the officers in the local units are women. There are 12 units and they are represented in the City Council P-TA, of which Mrs. Alton Underwood is president.

There are a number of small

clubs whose purpose is to meet for sewing. These are the Sew and Chatter Club, the Eager Beaver Club and the Needle and Thread Club. Among their projects is the making of bandages.

On the social side is the Ladies Golf Association, a group of women belonging to the Country Club. They sponsor golf and bridge events and social functions for the club. A current project is to buy furniture for the clubhouse patio.

Women's lodges are numerous. There are two Rebekah groups, an Eagles auxiliary, American

See WOMEN'S CLUBS, Pg. 2, Col 1

**HYPERIONS PLAN**—A 1955 Hyperion may become a reality according to these women who represent the five Hyperion clubs already active. From left to right, Mrs. W. C. Foster, vice president 1946 club; Mrs. Obie Brisco, president 1905 club; Mrs. Ira Thurman, vice president 1930 club; Mrs. Hayes Stripling, president 1948 club and Mrs. James Duncan, president 1953 club. Each club will submit three names to the Hyperion Council for charter members of the 1955 club. A big event for the 1905 club early next spring will be the celebration of its 50th anniversary.

**HD COUNCIL**—These four officers of the Howard County Home Demonstration Council are considering a pamphlet on "Homestead Improvement," the project of HD clubs for the coming year. Left to right are Mrs. Waymon Etchison of Lomax, secretary; Mrs. Ray Shortes of Coahoma, chairman; Mrs. Robert Brown of Knott, vice chairman and Mrs. Ross Hill of Elbow, treasurer. In October the council will present their annual reports to the county judge and commission at a coffee.

**FORUM PRESIDENTS**—Get together for coffee and comparison of each other's year-books. Left to right are Mrs. H. M. Rowe, Modern Woman's Forum; Mrs. Charles Tompkins, Woman's Forum and Mrs. Glen Brown, Spoudazio Fora. The three study clubs all had their first meetings since spring last week. Each organization has an annual tea to which members of the other two are invited.

**MEMBERSHIP DRIVE**—Is the current project of the local chapter of the American Association of University Women. Some of the officers are shown here around membership chairman, Mrs. Rogers Hefley, who is contacting a prospect. Standing from left to right are Mrs. Ruth Burnam, vice president; Eulalia Mitchell, president and Neil Brown, treasurer. Evelyn Arnold, secretary, is not shown. The club's program for 1954-55 will concern international relations. A tea on Oct. 16 at 3:30 p.m. at the student union at Howard County Junior College will climax the membership drive.

**MUSIC STUDY CLUB**—"Our Musical Workshops" is the course of study for this club, composed entirely of local women musicians and singers. At their first meeting this fall the club voted to be responsible for music at church services at the VA Hospital and to sponsor the Young Artists' Concert Dec. 26. Seated is Mrs. H. M. Jarratt, second vice president; standing, left to right, are Mrs. C. A. Boyd, reporter; Mrs. Don Newsom, president and Mrs. Dan Conley, corresponding secretary.

### Women's Clubs Begin Busy Year

(Continued From Page 1)

Legion Auxiliary, VFW Auxiliary, Ladies Society of B.F.A.E., Ladies Auxiliary to the Patriarchs Militant, the B.P.O.D.s, Order of Eastern Star, Woodmen's Circle, Pythian Sisters and Grand International Auxiliary.

The XYZ Club is the women's affiliate with the ABC Club and the Kiwanians have their Kiwanee Queens. The Jaycees wives are organized as the Jaycee-Ettes. Rotarians' wives are the Rotary-Anns. The Periman Basin Medical Association has an auxiliary, made up of doctors' wives, of course. The Lions Club has an auxiliary and city firemen's wives are known as the City Firemen's Auxiliary. There is also a Trainmen Ladies group.

Strictly social clubs are the Rook Club and the Newcomers Bridge Club.

The Rook Club was organized in 1922. The Newcomers Club is comparatively new club to which bridge-playing newcomers are free to join. A canasta club formed only this year is called "The 1954 Canasta Club."

Big Spring can now boast five garden clubs, of which the Big Spring Garden Club is the parent club.

Meeting once a month is the T&P Ladies Safety Council, devoted

ed to promotion of safety in and out of the home.

A Gold Star Mothers Club is headed by Mrs. John Tucker. Webb Air Force Base wives are active in two clubs, the Officers' Wives' Club and the Non-Commissioned Officers' Wives' Club.

### Sock Patches Ease Housewife's Chore

Manufacturers are always busy coming up with new ways to make the housewife's job easier.

Latest aid to the homemaker will cut the time she spends in darn-ing her husband's and son's socks. Now available is a package of cotton knitted sock patches that iron on without the necessity of any sewing. The cotton patches contain a heat reflecting disc which makes the application possible.

The patches come in all white, pastel, and standard color assortments. A dollar package contains 218 cotton patches.

### Mrs. Angel To Review

Mrs. Clyde Angel will be presented in a book review on Sept. 29 by the B.P.O.D.s at the Settles Hotel at 8 p.m. She will review "Snips and Snails" by Louise Baker, and proceeds will go to the Texas Crippled Children's Association. A tea will be given after the review.

### Follow These Tips For Club Publicity

By ANNE LE FEVER

September, with the coming of fall, has found the women's organizations of the town preparing to begin work and study for the year. Some of the Parent-Teacher Associations have already had their acquainted meetings, and others are scheduled before the end of the month.

Some of the study clubs have had their opening meetings this past week, while others are planning luncheons, brunches or teas for the first affair.

Publicity for these groups means a lot, not only for scrapbooks, but to let other organizations know of the activities taking place. In getting good publicity for clubs and organizations, some simple rules might be of assistance to the publicity chairman or reporter.

First, the meeting should be reported on the day after it has taken place so that it can appear in the paper while it is still news. This also applies to weddings and parties. News items should not be kept over just for the sake of being released in the Sunday edition. A party, meeting or any affair held at the first of the week ceases to be news by the end of the week. The newer an article is, the better chance it has of being printed in case a choice has to be made because of lack of space.

Another element of time is the deadline that all reporters have to observe. Club reporters should try to call the Herald Women's staff before 10 o'clock so that the article can be written by at least 10:15 of the day that the release of the news is to be made.

Deadlines for the daily and for the Sunday papers differ in the fact that the Sunday deadline is at 11 o'clock Saturday morning for

very short items. Longer ones should be turned in much earlier in order for the women's department to have enough time to give a good writeup. If a picture is to be used Sunday, it should be in the office by Thursday afternoon.

Time of both club reporter and newspaper reporter will be saved if notes are made before the phone call. Check on every name, being sure of the spelling, and, above all, know husbands' initials or first names. Members may be called by first names in meetings, but that does not identify them sufficiently to the general public.

Correct spelling of guests' names is also important, whether they are guest speakers or merely visiting the organization. In reporting the topic used by a speaker, accuracy is needed in giving the title. It adds to the interest if a few facts can be quoted from the speech.

Routine business may not rate much space, but if a club is working on a special project, it may be developed into a feature story and that is what the news reporter searches for constantly.

For the calendar which is published in each Sunday paper, regular meetings are announced as they are scheduled in the office. Any change in the date, time, place or any unusual announcement in this connection should be called to our attention by the preceding Thursday afternoon.

Observance by publicity chairman of these rules should enable the clubs and organizations to get better publicity in the newspaper. This, in turn, will lead to more informative material for the scrapbooks, so many of them destined to be entered in district and state contests in the spring.

### Betty Berry Is Bride Of Lt. Addison

Lt. and Mrs. John V. Addison left for Colorado Springs, Colo., following their marriage Saturday at 7 p.m. in the home of the bride, the former Betty Berry, 1510 Nolan.

The informal, single ring ceremony was read by the Rev. Clyde E. Nichols, pastor of the First Christian Church. Pink asters and greenery and white candles in white candelabra formed the setting.

The bride wore a dressmaker suit of Arcady blue velvet. Her accessories were navy. She carried a bouquet of pink sweetheart roses and feathered carnations.

Her only attendant was Norma Jones of Big Spring. Lt. Dean E. Cling was the bridegroom's best man.

The bride is the daughter of Mrs. Anna Mae Berry of Big Spring and T. M. Berry of Fort Worth. Lt. Addison is the son of Mrs. B. E. Harrington of Los Angeles, Calif., and H. D. Addison of Wayne, Neb.

Following the ceremony a reception was held in the home. Guests were served by Dot Cauble and Mrs. P. A. Ratliff. Out-of-town guests were Mr. and Mrs. B. E. Harrington of Los Angeles.

Upon their return from their wedding trip the couple will live at 1515-B Wood.

The bride attended Texas Christian University. She is a member of Beta Omicron chapter of Beta Sigma Phi and is employed by Cosden Petroleum Co.

Lt. Addison attended the University of Nebraska and is presently stationed at Webb Air Force Base.

### Woman's Forum Hears Talk On 'Americanism'

"God gave us something special when He gave us democracy, and we should do everything possible to help in the government," R. H. Weaver told the Woman's Forum at their meeting Friday afternoon. The study was "Americanism."

The group met in the home of Mrs. D. D. Dyer with Mrs. J. D. Elliott and Mrs. C. M. Boles as co-hostesses. Entertaining rooms were decorated with arrangement of bachelor buttons and cock-corns.

During the business meeting, Mrs. Leroy Tidwell and Mrs. H. M. Fitzhugh were introduced as new members. It was announced that the club scholarship had been awarded to Joycelene Welch. Mrs. Willard Hendrick gave a report on the program for the year. Mrs. Neil Norred requested members to bring old sheets to her to be used in making bandages for the Cancer Society.

In accordance with the theme of the meeting, a cake, decorated with an American flag was served to 17 members and one guest, Mrs. E. P. Drivier.

### College Students Return To Campuses

Mrs. Aubry O. Nichols has returned from Abilene and Denton where she accompanied her son, Garry Dale, to Abilene Christian College and her daughter, Margaret Ann, to North Texas State College.

Garry Dale will study for his master's degree. He received his bachelor's degree in May from the college where he is a member of Kappa Kappa Psi, national intercollegiate fraternity for band members; Pi Epsilon, Beta, art fraternity and the "A" Club for men with high standards of scholarship, leadership and character.

Miss Nichols will be a junior music major at NTSC.

### Peach History

Though the peach probably is native to China, it came into Europe and thence to the United States by way of Persia, according to the American Association of Nurserymen. The tree will flourish over a considerable area of the United States. It is particularly beautiful and decorative in flower, and in the home garden offers one of the world's most delicious fruits for the family table.

### Strawberries

In recent years there has been vast expansion in the growth of strawberries for home use, according to the American Association of Nurserymen, probably due largely to widespread adoption of the deep-freeze, by means of which the flavor, and fruit can be easily preserved for winter consumption.

### Versatile Plants

Great strides have been made in the nursery industry in breeding and selecting plants that will beautify any type of architecture, says the American Association of Nurserymen. Examples are lower-growing plants for the ranch type home; lobby and lower-floor plants for office buildings and stores, and plants especially selected for picture window views.

MOLLIE PARNIS

LONG, MOLDED BODICE

### Important Current Trends Reflected In This Dress

Mollie Parnis' success-in-fashion story is built on her sure knowledge of how to build the body beautiful coupled with an innate awareness of important and current trends. In her dress pattern today, she exhibits her engineering skill by molding a long bodice with darts that extend into the skirt seams or finish off at the peaks of the skirt gores.

It has a double collar and if wool is the fabric choice, Mrs. Parnis suggests using satin for the top one as well as the sleeve banding. On the original model, she puts a ribbon tie and leather buttons both of which are chic additions. A dress that lends itself to almost any material, it will be most effective in certain

of the winter cottons, faille, wool crepe, alpaca of the new silk and worsted mixtures.

Other pretty trimming ideas offered by the designer are pique, linen or taffeta. The trick is to select one that contrasts in texture with the dress.

This pattern is cut to DESIGNER MEASUREMENTS, not Standard Pattern Measurements.

Size 10 bust 34, waist 24, hips 35 inches; size 12 bust 35, waist 25, hip 36 inches; size 14 bust 36½, waist 26½, hips 37½ inches; size 16 bust 38, waist 28, hips 39 inches; size 18 bust 40, waist 30, hips 41 inches.

Size 12 requires 2¾ yards of 54-inch material for dress and ¾ yard of 36-inch material for contrasting fabric. To order pattern No. 1194, address Spades Syndicate, Inc., P. O. Box 535, Dept. B-5, G. P. O. New York 1, N. Y. State size. Send \$1.00. Airmail handling 25 cents extra. New Pattern Booklet No. 11 now available for 25 cents. Add 4 cents for handling, if paid by check or money order.

Mrs. Glen Jones was honored at a pink and blue shower Friday in the home of Mrs. Geary Thornton. Co-hostesses were Mrs. Louis Burcham, Mrs. Willie Gale and Mrs. Jimmy Woods.

The refreshment table, which was covered with a lace cloth, was centered with a crystal punch service. Miniature dispensers were favors.

About 25 guests called and sent gifts.

**Patay McAllen, bride-elect of Hilton Hagen, was honored Friday with a miscellaneous shower in the home of Mrs. L. D. Jenkins. Hostesses with Mrs. Jenkins were Mrs. A. J. McAllen, aunt of the honoree, Mrs. B. P. Huchton and Marybeth Jenkins.**

Receiving were the honoree, her mother, Mrs. G. B. McAllen, and Mrs. Jenkins. Miss Jenkins registered the guests.

The refreshment table was covered in green overlaid with an Irish lace cloth. The centerpiece was formed of yellow chrysanthemums and fern showered with white satin ribbon and two gold wishbones. This arrangement was flanked by yellow candles in crystal holders. The punch service was also crystal. Yellow candles decorated the buffet. Pink roses and purple sage were used throughout the house.

Miss Jenkins served punch and Mrs. A. J. McAllen served cake. Mrs. Jenkins presented the honoree with a red carnation corsage. Pictures of the group were made by Mrs. Huchton.

The honoree wore a creamy white velvet dress trimmed in gold.

Forty guests attended.

**No Imitation**

Major and Mrs. Harry Long and son, Richard, stretch out a Tibetan snow leopard skin which the major took off the animal he shot in Burma 10 years ago. The family is now living at 1307 Pickens after moving here a little over three weeks ago from Mather Air Force Base, Calif. The younger son, Kenneth, was visiting friends when the picture was made.

**Longs' Leopard Skin Is Not Store-Bought**

Leopard-hunting is neither a vocation or avocation of Major Harry Long, newly come to Big Spring and Webb Air Force Base. But he has a nine-foot leopard skin in his home and he didn't buy it from the fur store.

He shot a Tibetan snow leopard in 1944 near Likiang Mountain on the Burma border. Two shots downed the leopard and the major said it happened so fast he didn't have time to be scared.

"People hunt these leopards for days without seeing one, but this one practically fell right in my lap," the major said.

Major Long has spent a total of four years in the Far East—two years in China and Burma during World War II and two years on Okinawa during the Korean conflict.

Here with him are attractive Mrs. Long and their two sons, Kenneth, a Washington Place grade schooler, and Richard, an eighth grader who practices with the Junior High football team.

One of the family's greatest interests is traveling. They've covered the country from coast to coast, but this is their first Texas station.

If the major ever wants to write a book he'll certainly have no trouble with details. He has a 25-page chronological record of every move he and the family have made during his almost-15 years in the Air Force and lists of

every state and country he has been in. He also has a fat album of pictures to back up stories of his travels.

The Long family is strictly a "hobby-ing" one. Mrs. Long does intricate leathercraft with a professional look, judging from the handbag we saw. The major and the boys all have their own stamp collections and Mrs. Long helps out on her husband's. She and the major are now enrolled in ceramics classes at Webb. Oh yes, and textile painting is another one of her hobbies.

Model railroading is another family interest. Each Christmas they put up a big electric train layout, with the major, no doubt, doing the engineering.

The major's new assignment at Webb will be to head the Morale and Welfare Section of Air Base Group.

**Fireman's Auxiliary**

Mrs. J. W. Trantham reviewed "Honeymoon for Seven" by Alfred Toombs for the City Fireman's Auxiliary when they met in her home Friday afternoon. Mrs. Edson Taylor was co-hostess. Nine members were present. The next meeting will have Mrs. John Waddell and Mrs. J. J. Willingham as hostesses.

**Center Point Club Hears Mrs. Fryar**

"The Prettiest Dress I Ever Had and Where I Wore It" was the roll call answer when the Center Point Home Demonstration Club met in the home of Mrs. H. S. Hanson recently. Mrs. Hanson gave the devotion from Luke. The group voted to send some money to three Howard County patients who are in the Abilene State Hospital. Mrs. Shirley Fryar gave a report of the THDA convention in Dallas. Eleven members and two guests, Mrs. L. B. Murphy and Mrs. Fryar, were present. The next meeting will be held in the home of Mrs. Albert Davis on Oct. 7.

**Party For Officers**

Officers' wives will honor their husbands this evening from 5:00 to 7:00 with a cocktail party in the lounge of the Officers' Club. The usual family night dinner will be served in the club.

**Cotton Duck Facts**

Cotton duck gets its name from the era of sailing vessels. Until the United States developed its own sailcloth weaving plants in the middle 1800's, sails were imported. The lighter weights bore the stencilled design of a raven as a trade mark. The heavier constructions were marked with a duck, and in time a number of heavy fabrics were merely called "duck."

**Club Announces Dates And Book Reviewers**

Dates for the reviews sponsored by the Modern Woman's Forum have been announced by the Book Review committee. This is the club which met last year on the fourth Thursdays of each month. This year, only four reviews will be given, and they will be on the second Wednesday of October, November, and March and April of 1955.

Reviewers have agreed that the book they give for the club will not be reviewed again for clubs or organizations.

Tickets for the series are \$2., and they will go on sale this week. They may be bought from any

club member. A ticket for a single review will be \$1.

The first review, which will be given by Mrs. Roscoe Cowper, is set for Oct. 13. She will give "Never Victorious, Never Defeated," by Taylor Caldwell. The second will be on Nov. 10, with Mrs. L. A. Ewing of Lubbock doing the reviewing. Mrs. Ewing is the former Mrs. Charlotte Sullivan, who taught in Howard County Junior College until her marriage in the spring.

Mrs. Clyde Angel and Mrs. B. L. LeFever are the reviewers to be presented in March and April. The dates and the books which they will review are to be announced at a later date.

Proceeds from the reviews are used for the club scholarship to Howard County Junior College. Joycelene Welch received the scholarship this year. Mrs. Joe Pickle is the chairman of the review committee.

**Little Boy Shirts Please Big Sister**

Little boy shirts are big fashion news for fall and winter. Crisp, fresh cottons, beautifully tailored with all the precision of a man's shirt, are hits of the season. They are worn equally well with skirts, Bermuda shorts, pedal pushers, slacks, or blue jeans. The trimly tailored little boy shirts will be seen everywhere, for they are going to be favorites of the collegian, her career girl sister, and the smart young homemaker.

One designer has created a group of the shirts with Egyptian inspiration for the fabric. Called "Cleopatras," the colorful printed cottons have such names as "Pharaoh's Daughter," "Caravan," and "Hieroglyphics."

**NCO Wives' Club**

The NCO Wives' Club will hold their social meeting Monday at 7:30 p.m. at the NCO Lounge. The October business meeting will be Oct. 4 at 1:30 p.m. at the lounge.

**Council Board Meets In Midland**

Representatives from Odessa, Midland, Kermit, Big Lake and Big Spring were present at the coffee given in Midland recently for the District Board of the United Council of Church Women. The meeting was held in the home of Mrs. Charles Klapproth. The next meeting will be in Kermit on Nov. 3.

Announcement was made of an area leadership training school to be held in San Angelo on Oct. 24. Dr. Floy Hyde, national director of United Councils will be in charge. A state meeting, to be held in Mineral Wells in 1955 is also planned.

## Outdoor Fashion Show A Hit At Country Club

The new pool at Big Spring Country Club reflected a colorful parade of fall fashions in a show Friday evening sponsored by the Ladies Golf Association.

Clothes were furnished by Zack's of Margo's and commentary was by Mrs. Jim Zack.

Styles with a teen-age flare were shown first. Most of the skirts were puffed out with numerous petticoats—the reigning teen-age ideal. A tangerine-like shade was seen in a versatile corduroy jumper worn by Julie Rainwater; one that could go glamorous for dates and team with sweaters for school.

Other young styles were separates and coordinates.

Mrs. Bill French wore a very slim skirt, long-sleeved pale pink sweater and a black cotton long sleeved shirt for a fashionable casual look. Ropes of beads were worn with this and were prominent with a majority of all the day time clothes shown.

All jewelry was furnished by Lynn's.

Outstanding in the coat line was a pure beige cashmere with fox cuffs as a luxury note. A brilliant turquoise knit suit was worn underneath. This was modeled by Mrs. Tommy Hutto.

The new-in-fashion felt was seen in the purple jumper with circular skirt worn by Mrs. James Duncan. This was another convertible type that could be worn with a blouse for day time and without for after-five.

An intriguing low cut back was fashioned into the late day dress worn by Mrs. E. L. Powell. A rope of rhinestones hung down the back to play up this feature.

Among the formals was a lime-ice creation of layer upon layer of nylon net. Like most of the dance frocks it was short. Ginger Hatch showed it.

The show ended on a note of hilarity when Mr. Howard Schwarzenbach appeared in a number straight from the 1920's as a take-off on the new Dior look.

The other models were Mary Ann Nugent, Nancy Smith, Jane Reynolds, Sally Cowper, Kenda McGibbon, Barbara Rude, Mary Lane Edwards, Mrs. Ibs Robb, Mrs. J. W. Atkins, Mrs. Arch Carson, Mrs. J. C. Morgan, Mrs. Kent Morgan, Mrs. Tommy Jordan, Mrs. Frank Sabbato, Luan White, Mrs. Marvin Saunders, Helen Gray, Cecelia McDonald, Mrs. A. F. Katch and Mrs. Rayford Lyles.

The models appeared first through an arch of autumn leaves and stepped onto the patio and then modeled around the pool. Hurricane lamps and lanterns were placed around a tree. Lighted torches marked the guests' entrance. Autumn flowers and large leaves floated in the large pool and the wading pool.

A punch party on the patio was held for the guests immediately following the show. Mrs. Ova Mae Edwards and Mrs. Travis Read served.

Proceeds from the event will go to buy new furniture for the club patio.

### Bridge For OWC

The Officers' Wives' Club will hold its second bridge meeting of the month Thursday at 1:30 p.m. at the Officers' Club. The second in a series of lessons for bridge beginners will be given by Mrs. William S. Smallwood. Dessert will be served and all officers' wives are invited to attend.

### Webb Wedding

A Webb graduate won his wings and a bride all on Sept. 15. Pictured here are Lt. James Colegrove, member of Class 54-R, and his bride, the former Juliana Gonzales. Reading the vows is Chaplain Charles J. Fix. The young couple is from New Brunswick, N. J. He is being reassigned to Laughlin AFB, Del Rio, where he will receive training in the F-54 jet.

## CAMPUS CHATTER

By FRANCES WALKER

of the college Agriculture Department, and sponsor of the Aggie Club.

On Thursday night the Jayhawkers again assembled on Scene for a winner roast and dance sponsored by the Aggie Club. Aggie Roy and Loy Loudamy prepared a delicious pot of chili and roasted the winners.

Friday night a number of the Jayhawkers were seen viewing the Forsan football game.

Ronnie Anderson, Frank Hunt and Richard Hood went hunting yesterday. They didn't tell me what they were hunting or what kind of luck they had.

Congratulations to Sus Ann Miller and Kenneth Barnes who are now engaged.

Anyone interested in trying out for cheerleader should see the new physical education teacher, Mrs. Walker, as soon as possible.

Friday night a "School Days" dance, sponsored by the Lass-O Club, was held in the SUB. Decorations included pictures of familiar scenes in different schools from grade school through college. A high stool with a large white dance cap sat in one corner and a familiar assortment of school equipment formed a centerpiece for the punch table.

Faculty members present were Mr. Orland Johnson, Mr. Davis, Miss Connolly, Mrs. Walker, Mr. McAlister, Dr. Hunt, Mr. Hendrix and Mr. Ben Johnson.

Everyone makes plans to attend the assembly Wednesday morning at activity period in the large auditorium. The purpose of the assembly is to have nominations of student officers and cheerleader tryouts. Class meetings will be held that class officers and Student Council representatives may be nominated. Each class is to have three council representatives. Miss McCollom, council sponsor, has asked that all students refer to their constitutions (found in the student handbook) for the qualifications and requirements for candidates for offices. See you in class in the morning.

Incidentally, Mr. Frazier may be heard on KBST every morning at 6:45. His program is one that you will never regret hearing. I might add that Mr. Frazier is also head

last spring. Everyone later went to the auditorium for an organ concert by Mr. Hendrix, piano and organ instructor.

Tuesday night we met on Scene Mountain for a watermelon feast. Everyone had a wonderful time, doing everything from riding the merry-go-round, to dancing in the moonlight.

The geology lab met on Scene Thursday afternoon to study the creation and the land formations in a 30-mile radius. The Geology Department, newly established, will become one of the major departments in the college this year. A great deal of equipment has been ordered to expand the class, and interest in the field is increasing rapidly. The department is headed by Bruce Frazier.

Newcomers Club

Mrs. R. C. McKenzie was ladies' high score winner at the Newcomers Bridge Club when the group observed Husbands' Night with a dessert bridge at Smith Tearoom Friday evening. Men's high was won by Sherman Cowan and low was awarded to Mr. McKenzie. Mr. and Mrs. A. J. Conrad were hosts. The next meeting will be an afternoon bridge party on Wednesday at the tearoom.

Mr. and Mrs. W. H. Yater of Stanton have been guests of Mrs. J. W. Wooten, 500 Gollad.

College is really in full swing now with activities, lessons, and all. As a matter of fact, so much has happened this week that I will only have time and space to mention briefly a few of the more outstanding occurrences.

The Lass-O Club held its first meeting Wednesday, and the Aggie Club met on Thursday. Both clubs are planning to have a very active year.

Monday night a gala party was held in the SUB so that everyone would have an opportunity to become well acquainted with everyone else. A few mixer games were played, refreshments were served, and entertainment was provided.

### Glamorous Mother

Lovely Jeanne Crain's girlish figure in no way reveals that she is the mother of four. She gives the credit to a well-planned exercise routine. You'll be seeing Jeanne this winter in Universal-International's "Man Without A Star."

### HOLLYWOOD BEAUTY

## Jeanne Crain Offers Good Figure Exercises

By LYDIA LANE  
 HOLLYWOOD—When I arrived at Jeanne Crain's hilltop house for tea, recently—just before she left for a picture assignment in Europe—I found her stretched out by the pool being photographed in a sexy look so incredibly girlish it was difficult to realize that she was the mother of four.  
 Later in the living room as Jeanne poured tea from a beautiful silver service I expressed words of praise for her figure. "Do you have to work terribly hard," I asked, "to keep it this way?"  
 Jeanne smiled. "Nature helps you, after you've had a baby, to snap back fifty per cent of the way but the rest is up to you. I like to start bed exercises the fifth day. It isn't that you have to do so much but you have to be faithful. You have to make your exercise routine a part of your daily living—as much of a habit as brushing your teeth.  
 "When you wake up in the morning," Jeanne advised, "learn to stretch. Feel yourself pulling one leg, then another, wiggle your shoulders, stretch your arms—get the kinks out of your muscles as naturally as a dog or cat does after a nap.  
 "There are many ways to reduce," Jeanne continued, "but my favorite is with tension type exercises. These build a long lean line, not a knobby bulge. It's a matter of stretching followed by relaxation. This brings up the circulation so that nature can help you.  
 "One of my favorites is to stand with my hands above my head and my hands clasped so that my palms are toward the ceiling and stretch as far as I can until I feel my pelvic girdle. This like all of the exercises I'm telling you about, is good anytime, not just after pregnancy. Lots of people don't have a clearly marked waistline. It's there of course, but it's not free. If they would really stretch like this every night and morning their figure couldn't help but improve.  
 "Another waist exercise which I like is to get on my knees and twist as far as I can, first to one side and then the other.  
 "But the main consideration is  
 Follow Jeanne's exercise routine for a slim waist—whether you are a mother and want to get your figure back into shape or just want to attain and preserve a slim midsection. And if you want more information on this subject, order the following leaflets:  
 M-8 Esther Williams' Post-Natal Exercises and Diet.  
 M-2 Maureen O'Sullivan's routine to regain and retain figure after childbirth. Send 5 cents for EACH leaflet you order. Enclose a self-addressed, stamped envelope and mail your request to Lydia Lane, Hollywood Beauty, in care of the Big Spring Herald.

### Study Club Lists Its Projects

FORSAN—Members of the Forsan Study Club endorsed two projects at their first fall meeting Thursday. They will cooperate with the P-TA to start an aid loan room at the school and will purchase two beds to be loaned to persons in the community who might need one.  
The program theme was "Know Your Club." Mrs. E. A. Grissom presided. Lola Milstead reported on public relations.  
Mrs. W. M. Romans reported that she would teach an adult cooking class during the year and would stress menu planning. The date will be set soon. Someone will be appointed to take care of children while mothers attend the class.  
Mrs. Grissom appointed committees. Mrs. A. J. McAllen announced that the club would sponsor the Brownies this year and would also sponsor the Girl Scouts if a leader can be assigned.  
Mrs. Joe Holladay gave a talk about her recent trip as a delegate to the Federation for Women's Clubs convention in Denver, Colo.  
A skit entitled "What's Wrong Here, or This Can't Be Our Club" was presented by Mrs. C. C. Brunton, Mrs. Bill Conger, Mrs. Walter Grissett, Mrs. Bob Honeycutt, Mrs. Grissom and Mrs. Elrod.  
A quiz on parliamentary procedure was held and the prize for the most correct answers was won by Mrs. Romans.

### Mrs. Highley Hostess To Mu Zeta

Mu Zeta Chapter of Beta Sigma Phi entertained members and guests with a card party in the home of Mrs. Dorel Highley Thursday evening. Co-hostesses were Mrs. Zollie Mae Rawlins and Mrs. Lowell Knopp.  
The buffet table was decorated with an arrangement of fall flowers and yellow tapers. Smaller tables, where guests were seated, were laid with cloths of pineapple linen. Place cards bore the sorority crest.  
High score winners were Mrs. Camille Patterson for bridge and Mrs. Lowell Knopp for canasta. Low prizes went to Mrs. Bill Crocker and to Mrs. Frances Doll. Guests of the chapter were Mrs.

Crocker, Mrs. Patterson, Mrs. Bill Talbot, Mrs. Hay Pipes and Mrs. Al Alton.  
Mrs. Norwood Rogers, who is a transfer from a sorority chapter in Paris, Texas, was present.

MISTER BREGER

# Gable, Lana Turner Team In 'Betrayed'

Clark Gable and Lana Turner are teamed again in the film showing at the Ritz Theatre today through Tuesday, "Betrayed."

Also started in this Metro-Goldwyn-Mayer Eastman color picture are Victor Mature and Louis Calhern.

Gable plays a World War II Dutch intelligence officer while Miss Turner plays the girl he trains to be a key agent behind German lines. Mature plays a Dutch resistance leader known only as "The Scarf," but a key man in the plans of Gable. Calhern plays General Ten Eyck, a man distrustful of Miss Turner's loyalty.

When the sensational destruction of German installations by the Scarf turns to tragic disasters causing the loss of many lives, Miss Turner becomes suspect. In turn she casts aspersions on the Scarf himself and accuses him of luring his own countrymen to their deaths.

Gable, who has come to fall in love with Miss Turner but knows his job comes first, sets a trap then for the betrayer.

The picture was filmed almost entirely in Holland, the first picture by an American company to boast that distinction. Along with the story, the film provides a good look at historic cities such as Amsterdam, the Hague, and Delft, as well as a look at the famed Zuyder Zee.

Climax of the film comes with the battle of Arnhem with 1,500 British paratroopers leaping into Holland.

**Judy Holliday In 'It Should Happen' Film**

Judy Holliday and Peter Lawford star in "It Should Happen to You," Columbia comedy which is to show Tuesday and Wednesday nights at the Jet Drive-In. Miss Holliday plays a model who yearns for her name in lights and goes about achieving her goal in a most unusual way. Lawford plays a soap tycoon who wants to use the advertising space already contracted for by Miss Holliday. Jack Lemmon plays a more down to earth boy friend for Miss Holliday.

## 'Bad For Each Other' To Show

Chariton Heston and Elizabeth Scott are starred in "Bad For Each Other," Columbia films showing Wednesday and Thursday at the Ritz Theatre.

Heston plays a skillful young doctor lured into the "ghost surgeon" racket by Miss Scott, who plays a "bad girl from a good family." This racket is the one in which one doctor ostensibly performs an operation and in reality another doctor comes in after the patient is under ether and does the work, leaving before the patient comes out from under the anesthetic.

Dianne Foster plays an idealistic young nurse who disapproves of the way Heston is attempting to get rich quick. Arthur Franz plays another doctor preferring to serve the coal miners of a dismal Pennsylvania area rather than go in for "easy money."

The movie is adapted from the Horace McCoy novel, "Scalpel," with McCoy collaborating on the screen play along with Irving Wallace.

## 'Night People' Set Tonight At The Jet

Another CinemaScope film, "Night People," shows tonight and Monday at the Jet Drive-In. Featured are Gregory Peck and Rita Gam. The film features intrigue in divided Berlin and was shot largely on location in the former German capital. It is in color.

Peck plays an American intelligence officer while Broderick Crawford plays a U. S. tycoon whose son is abducted by the Reds and who decides he'll get faster action by hopping a plane to Berlin and seeing that the State Department and other officials are on the ball. Miss Gam plays a German assistant of Peck's.

Lloyd Wooten showed a cartoon film explaining the American free enterprise system, J. B. Wiginton vice president of the club, presided in the absence of J. B. Apple, the club president.

## ABClub Drive Set To Hike Attendance

Plans for an American Business Club attendance and membership contest were announced Friday at the regular noon meeting of the club. Members are organized in four teams and the winning team is due ice cream and cake.

The first member to sign up three new members will be due a handsome wallet and cigarette lighter combination.

Lloyd Wooten showed a cartoon film explaining the American free enterprise system, J. B. Wiginton vice president of the club, presided in the absence of J. B. Apple, the club president.

## Girdner Bid Is Low On Hospital Project

Girdner Electric Refrigeration Service of Big Spring submitted low bid on the air conditioning of the surgery room at the Big Spring State Hospital.

Bids on the project were opened in Austin Friday by the State Hospital Board. The Girdner bid was \$5,173.27. Walter Moore, board architect, said that a recommendation that the bid be accepted will be made when the board meets Monday.

## Hood County Reunion Set For Sept. 26th

Annual Hood County reunion is to be held in the McKenzie State Park at Lubbock on Sunday, Sept. 26, it has been announced by J. F. Hutstader, president.

This is a gathering of all West Texans who formerly lived in Hood County, and all are invited to attend.

## Dougherty To Seek State Senate Seat

AUSTIN (AP)—Rep. Dudley Dougherty of Beville is making another political bid.

Dougherty, defeated by Sen. Lyndon B. Johnson for the U.S. senatorial nomination of the Democrats, announced in Beville he wants to go to the state Senate. He is now a member of the House.

He will seek the post left vacant when State Sen. John J. Bell of Cuero was nominated for the U.S. House.

## Mexico Reports Crop Damage Along Coast

TAMPICO, Mex. (AP)—Crop damage in the recent hurricane that hit this area has been estimated at 15 million pesos (\$1,200,000).

The corn crop in southern Tamaulipas and northern Vera Cruz states were said to have been the heaviest hit. Truck crops also suffered.

Dangerous Plans

Clark Gable warns Lana Turner that work with the Dutch resistance against the Nazis is extremely dangerous in this scene from "Betrayed" which shows today through Tuesday at the Ritz. The M-G-M Eastman color film also features Victor Mature and Louis Calhern.

Warning

Rod Cameron, portraying the leader of a U. S. Army expedition complete with camels, issues a stern warning to John Ireland, who plays an outlaw seeking refuge in the caravan, in this scene from "Southwest Passage," film in color which shows today through Tuesday at the State. Joanne Dru has the female lead.

## 'Southwest Passage' Tells Story Of U. S. Camel Trek

Showing today through Tuesday at the State Theatre is "Southwest Passage," new United Artists film in Technicolor starring Rod Cameron, John Ireland and Joanne Dru. The film deals with the historic attempt of Captain Edward Fitzpatrick Beale of the United States Army to blaze a shorter

## New Film Stars Piper Laurie, Rory Calhoun

The Friday and Saturday film this week at the Ritz Theatre will be "Dawn at Socorro," which stars Piper Laurie and Rory Calhoun. David Brian, Kathleen Hughes and Alex Nicol are also featured in the Technicolor Universal-International adventure film.

Calhoun plays a notorious Western gunman, now weary of gun-fighting and plagued by an old wound. Miss Laurie plays the daughter of a good family, cast out by her father because he doubts her virtue.

Miss Laurie and Calhoun become acquainted on the stage from Lordsburg, N.M., to Socorro. Calhoun, after a last killing spree initiated by the other side, has at last taken the doctor's advice and is heading for Colorado Springs. Miss Laurie, with nothing else to do, has accepted employment at Brian's gambling hall and saloon in Socorro.

Becoming interested in Miss Laurie, Calhoun manages to miss his train in Socorro and heads to the gambling house.

Nicol has been another passenger on the stage, one anxious to kill Calhoun because he had been out dead drunk while his friends had lost a gun battle showdown with Calhoun and his friends.

Sheriff Edgar Buchanan, who keeps the law in Socorro, is most anxious to get Calhoun on that train to Colorado. The next train is not due until dawn and an anxious night ensues topped off by a game of poker with Miss Laurie as the prize.

## 'Thy Neighbor's Wife' To Show

Cleo Moore, Hugo Haas and Ken Carlton star in a love triangle film, "Thy Neighbor's Wife," which shows Wednesday and Thursday at the State Theatre.

Setting of the film is in an ancient Moravian village in the 1790s with Haas as a stern, self-important judge. Miss Moore plays the young and beautiful wife who is unhappy with her overbearing husband and who turns to an earlier love, played by Carlton.

The film appropriately has a music score based on themes by Smetana, famed Moravian composer. It is a Hugo Haas production for 20th Century-Fox release.

## 'Boy From Oklahoma' Stars Will Rogers Jr.

Showing tonight and Monday at the Terrace Drive-In is "The Boy From Oklahoma," Warner Bros. film starring Will Rogers Jr. and Nancy Olson. Rogers plays an innocent young law student who wanders into a wild and woolly frontier town and gets caught in the middle of a vicious political machine. Miss Olson plays the daughter of the preceding law officer, now dead.

The film is in WarnerColor.

## Woman Substitutes Court Suit For Gun

TOWSON, Md. (AP)—Mrs. Wanda K. Sieniewski has substituted a court suit for a gun in her fight with a construction company.

She is suing the Leo G. Butler Co. of College Park for \$70,000. About a year ago she brought company construction of sewer and water lines to a standstill by impounding its equipment behind chicken wire and standing guard with a rifle.

The 57-year-old grandmother fended off company attempts by land and water to recapture their equipment parked on her property. She gave in after negotiations. But she is asking \$10,000 for property damage, \$25,000 for trespassing and \$35,000 for damages to her health.

## British Actress Finds Hollywood Plain Wacky

By BOB THOMAS  
HOLLYWOOD (AP)—Sometimes it takes an outsider to make you realize that Hollywood is basically a rather wacky place.

Our visitor is Miss Joan Greenwood, volatile British actress who is here to make her first Hollywood movie, "Moonfleet." Here's her reaction to the town:

"I used to think Hollywood would be quite a normal place, because I had many friends who lived and worked here. They gave me the impression everything was ordinary and businesslike here. But it seems to me like the Hollywood of legend. It's a fabulous place."

One thing she can't quite get used to is the shade of her hair. There's a good reason for that: It changes every day.

"Oh, they've tried everything," she remarked. "When I came here, my hair was a little lighter than my normal ash blonde, because I had been swimming in the south of France. It was slightly blue-tinged because of a rinse."

"They decided my hair would have to be changed for the picture. First it was a yellow shade, then mauve, then a bright orange, then a lavender."

"It was very disconcerting to wake up in the morning, brush my teeth and then be startled by my hair. I never knew what to expect. And each shade would put me in a different mood. The orange made me feel giddy, the mauve gave me a depressing mood and the yellow made me look on everything with disdain."

Miss Greenwood, a small girl with a very British way of expressing things, had orange hair on the day we lunched together.

"One thing I can't get used to here," she added. "Nobody walks. You step out of a stage and a studio limousine is waiting to take you wherever you want to go, if only a few steps."

"The English love their walks, you know. I have taken only one since I arrived. I decided to walk from the hotel on Sunset Boulevard to Wilshire Boulevard. I met no one along the way. A man even turned his sprinklers on me. And several cars stopped to ask if I didn't want a ride. When I told them I merely wanted to walk, they thought I was crazy."

Miss Greenwood said she found much to admire in Hollywood, from cucumbers to coffee.

"The fruits are wonderful," she enthused. "I love the figs and the grapes, also the cucumbers. I think the lettuce is not too good. Sort of soft and spongy, like cabbage. But the tomatoes—wonderful."

"I love the coffee. But the tea—abominable! It must be the water. And I can't abide lemons. You get the taste of cloth in your tea."

## Scott Brady Plays Billy The Kid In New Columbia Film

Scott Brady stars as Billy the Kid in Columbia's Technicolor adventure, "The Law vs. Billy the Kid," which shows Friday and Saturday at the State Theatre. Beta St. John plays the rancher's daughter with whom the Kid falls in love.

Alan Hale Jr. plays the ranch foreman infuriated by Miss St. John's preference for the Kid. James Griffith plays the famed law officer, Pat Garrett.

In this film the Kid first flees a murder charge for a fight forced upon him and with the assistance of Garrett hides at the ranch of Miss St. John's father. He gets in more trouble when he decides to take the law into his own hands and punish Hale, who has turned renegade in the bitterness of his unrequited love.

William Castle directed the film, which is a Sam Katzman production.

## Named To Committee

WASHINGTON (AP)—Robert J. Smith of Dallas, president and director of Pioneer Airlines, Inc., has been named to a subcommittee to study special personnel problems in the Defense Department.

## Stars In Film

Gregory Peck appears in "Night People," CinemaScope color film set for tonight and Monday at the Jet, as an American intelligence officer in the divided city of Berlin. Rita Gam also has a starring role in the Twentieth Century-Fox film.

## HI--TALK

By PEGGY HOGAN

Election of the FHA officers was completed this week in the homemaker classes. The leaders for Miss McGregor's group are: president, Sue Boykin; vice president, Charlene Lansing; secretary, Freda Doucra; treasurer, Patty Gregory; reporter, Delores Clark; historian, Martha Bost; parliamentarian, Carol Foster; and song leader, Eunice Freeman. Club mothers are Mrs. Jack Y. Smith, Mrs. Zolite Boykin, Mrs. Joe Thurman and Mrs. Lonnie Coker.

There is an equally qualified gang to head the group sponsored by Mrs. Aumen. President is Pat Tidwell; vice president Linda Rutledge; secretary, Nan Farquhar; reporter, Annette Boykin; parliamentarian, Darlene Agee; reporter, Rosetta Flowers; historian, LaVella Wasson and song leader, Frankie Brown. Club "mothers" are Mrs. Roy Tidwell, Mrs. Beulah Bond, Mrs. George White and Mrs. Betty Harris. Mrs. Steward, El Rodos sponsor,

dent Council met last Thursday to plan a tentative schedule of socials for the school year. An activity for the entire student body has been planned for each month. This will be presented to the council for approval on Monday.

The Corral staff has been selected by Editor Glenna Coffey and Mrs. Steward. The list is big and long but I think you ought to be acquainted with the kids that are going to publish the news you make this year. Here it is: associate editor, Carolyn Whitefield; business managers, Glen Hancock

and Jimmy Parks; sports editors, Dickie Milam, Truett Newell, and Wayne Tollett; art editors, Clara Freeman, Marybeth Stratton, Glenda Adams, Sherry Fuller, Billie Carr, Claudine Butler; society editors, Delores Cooke, LaVerne Cooper and Marilyn Morris; press foremen, Charles Clark, Bobby Phillips, Robert Morehead, Joyce Horne, Sonny Choate, Al Kloven, Bill Crow, Ramona Molina, Maxine Stocks; feature editors, Beatrice Hobbs and Joyce Edwards; typists, Doris Barte, Marylee James, Patsy Reeves, and Lois Spivey; copyreader and proof readers, Patty Gregory, Jean Morton and Twila Leaming; exchange editors, Nancy Roger and Glen Jenkins.

Four future Baylorettes ventured to the Baylor campus Saturday to watch the Bears play the University of Houston. A tour of the campus completed the trip for Jane Reynolds, Glenna Coffey, Janice Nalley and Lila Turner.

The Rainbow Girls elected Sally Cowper and Jacqueline Smith last Tuesday night to serve as "Hope" and "Faith" for the ensuing term. These girls will eventually be promoted to the highest station, that of worthy advisor.

Lee Underwood and his Serenaders, an increasingly popular dance band, supplied another couple of hundred kids with some "hot" music for some of that "cool" dancing Friday night. A big crowd filled the Settles ball-

room for another gay evening of good entertainment.

A downtown pep rally will stage the introduction of our first home football game next Friday. Details of the spirited occasion will be announced later.

The First Christian Church young people had a big hay ride and wiener roast Friday to honor a new teacher, Glen White. The troop ventured out southeast of town to a ranch where they cooked over a high style campfire and then lazily sat around it for some singing and chatting.

Pat Tidwell is our second Senior-of-the-Week. Pat has always been interested and active in all school functions. This year she is serving as first vice president of the student body and president of an FHA Club. She was reporter on the student council as a freshman as well as freshman favorite and a runner-up for Halloween Queen her sophomore year. Pat was vice president of her sophomore and junior classes and served as president of the Spanish Club last year. Orchids to you, Pat, for your reputation of dependability and good service to BSHS.

### Dacron Thread

Dacron thread, available in 20 colors, can be used to stitch garments of dacron, orlon, nylon rayon, acetate, silk or wool fabrics. The thread is shrink-resistant and quick drying.

### Cowleys Return From Vacationing

FORSAN—Mr. and Mrs. Bob Cowley have returned from their vacation which they spent fishing at Springerville, Ariz., and at Creede and Lake City, Colo.

Mrs. Hoyt Andrews and Max have visited in Colorado City with Mrs. Frank Andrews.

Guests of Mr. and Mrs. S. C. Cowley have been Mr. and Mrs. Cecil Franklin and Charles David and Mrs. Bessie Leftwich of Mt. Pleasant. Presently visiting the Cowleys is W. A. Cowley of Brownfield, father of Mr. Cowley.

Mrs. Vera Harris has returned from Blackwell where she visited Mr. and Mrs. C. C. Long.

### Do This When You Close Summer Home

When you close your summer home for the season, make sure mice and squirrels will not be invited guests. Store bedding in metal trunks, tin-lined boxes or boxes covered with metal screening as a precaution against mice. Use steel wool to fill cracks in cupboards.

Place all food supplies, as well as candies and soap, in tight metal containers. If you have gasoline or kerosene lamps, pour out these inflammable fluids before leaving.

THE SWEEPINGS OF THE STABLE ARE THROWN FROM THIS BARRED WINDOW. BUT DIANE UNFASTENS THE CATCH, PRODUCES A KNOTTED ROPE AND WHEN THEY HAVE ESCAPED FROM THE PALACE GROUNDS IT IS HARD TO TELL PRINCE FROM PEASANT.

THEY CREEP THROUGH A VINEYARD WHOSE OWNER DEALS ROUGHLY WITH GRAPE STEALERS. THERE ARE OTHER, EASIER WAYS, BUT THIS IS THE MOST EXCITING.

AT LAST THE KEEN SEA BREEZE AND THE SOUND OF WAVES BREAKING ON THE SHORE! THEY LEAP RECKLESSLY DOWN THE CLIFFS.

FROM A NEARBY FISHER'S HUT DIANE OBTAINS SOME EMBERS AND STARTS A FIRE. NEXT ARN AND PAUL ARE SHOWN HOW TO GATHER SHELLFISH. THEN FROM SOME PLACE IN HER SKIMPY GARMENT SHE PRODUCES A FISHING LINE.

AS THE AROMA OF COOKING SEA FOOD ASSAILS HIS NOSTRILS, A DEEP EMOTION COMES TO HIS EVER-HUNGRY STOMACH. .... PAUL FALLS IN LOVE!

NEXT WEEK—Breakers Ahead!

...AND THE MAN WHO BUILT THAT FOR ME IS MILES AWAY!

ME, STOVEPIPE, I'VE BUILT A COUPLE OF RADIOS...MAYBE I CAN FIX IT.

LATER.

HOW'RE YOU COMING, RUSTY? ANY LUCK?

IT'S A TICKLISH JOB... NEVER WORKED ON ANYTHING QUITE LIKE THIS.

JEEPSERS, LOOKS LIKE IT'S KINDA SMASHED UP INSIDE!

I DON'T UNDERSTAND... WHY SHOULD THAT RUIN YOUR ACT? WE CAN GET YOU ANOTHER TOPPER EASILY ENOUGH.

BUT ALAS, NOT LIKE THAT ONE... IT CONTAINS A TINY RADIO TRANSMITTER... THAT'S THE SECRET OF MY TALKING ZEBRA.

TESTING... ONE... TWO... THREE...

TESTING... ONE... TWO... THREE...

EUREKA, IT WORKS! RUSTY, MY BOY, YOU'RE A GENIUS!

HERE'S A LITTLE SHED WHERE WILLIE CAN SPEND THE NIGHT.

SPLENDID! IT'S SO NEAT AND CLEAN I'VE A NOTION TO BUNK HERE, MYSELF.

HEY, SMOOTHY... LOOK WHERE THEY'RE PUTTIN' THAT BARBER POLE PONY!

YEAH... AND WE'LL BE BACK TONIGHT.

AFTER DARK, TWO FORTIVE FIGURES APPROACH THE SHED.

GOING TO PAINT THE FRONT STEPS?

WANT EM TO LOOK GOOD FOR MY PARTY TONIGHT?

HOW'LL YOU GET THE OLD PAINT OFF? IT'S CHIPPED BAD!

I'VE GOT IT ALL WORKED OUT!

A BLOW-TORCH?

SURE! I'LL BURN IT OFF!

SEE THE TRICK IS TO JUST CHAR IT SO... OH, ANSWER THE PHONE!

IT'S DAISY... FOR YOU!

YES, ALL THE CITY FATHERS'LL BE HERE AND...??

HUH?

UNCA DONALD! THE FRONT STEPS ARE ON FIRE!

MY, YOUR GUESTS WILL HAVE TO USE THE BACK DOOR!

THAT'S WHAT YOU THINK!

WELCOME!

SAY, MOM, ALL THE WORK I GOTTA DO IN THE FRONT AND BACK YARD MAKES A GUY ALL TIRED OUT! HOW 'BOUT A LEMONADE STAND?

ALL RIGHT, I'LL MAKE TWO BIG GLASSES -- THEY SHOULD HOLD YOU!

HERE'S YOUR LEMONADE!

SWELL--THANKS! PUT THE GLASSES ON THE BOX I HAILED OUT HERE FOR GRASS TRIMMINGS, WILL YOU?

THAT DIDN'T TAKE LONG! GUESS I'LL FINISH THE WORK OUT IN THE GARDENS BEFORE I START ON THAT LEMONADE!

I NEVER SAW SO MANY WILTED FLOWER PLANTS-- I'M REALLY POED! AND THAT COLD LEMONADE SURE IS GONNA HIT THE SPOT!

WELL, WHAT DO YOU KNOW! EMPTY GLASSES AND A COUPLE OF DIMES LEFT ON THE BOX-- SOMEBODY FIGURED THIS WAS A COLD DRINK STAND!

BOY, IF BUSINESS IS THAT GOOD WHEN YOU AIN'T IN BUSINESS--WELL, I'M SURE GOING INTO BUSINESS RIGHT NOW!

THERE! THAT LOOKS LIKE SOMETHING! WITH MY ALLOWANCE GONE ALREADY, THIS IS GONNA WORK OUT SWELL!

TRY AND FIGURE THAT OUT! I MADE MONEY OUT OF BUSINESS AND NOT A CENT IN BUSINESS!

AND I STILL GOTTA RAKE UP THE GRASS!

**New VEL\***  
 MAKES DISHES SHINE  
**WITHOUT  
 WASHING  
 OR WIPING!**

—and yet **NO**  
 'DETERGENT BURN'  
 to hands!

"VEL SOAKS DISHES CLEAN  
 —SAVES YOU ALL THE  
 HARD WORK!"

**Don't Wash — JUST SOAK!**  
 Dishes soak grease-free in seconds! No washing is needed. If food clings, a touch of the dishwasher gets it off. There's no greasy dishwasher with Vel — no ring around the pan!

**Don't Wipe — JUST RINSE!**  
 Yes! Just soak and rinse. Dishes dry streak-free without wiping! Even heavy grease in pots and pans is so completely dissolved no hard scouring is needed!

Package for package, Vel cuts grease better than the leading washday detergent, liquid detergents or soaps!

PROVE IT YOURSELF!

"HAND-HEAT  
 TEST"  
 shows why!

Dip hands in water. Then put a tablespoonful of any leading washday detergent in one hand—put a tablespoonful of VEL in the other.

**Feel the Heat**  
 from washday detergents, indicating presence of irritating alkalis and harsh chemicals that cause "Detergent Burn"!

**Feel NO Heat**  
 WITH VEL because Vel contains no irritating alkalis or harsh washday chemicals to cause "Detergent Burn"!

VEL is a miracle of mildness! Vel helps you avoid rough, red hands — causes no "Detergent Burn"!

**MARVELOUS FOR DISHES AND FINEST FABRICS!**
