Officer Shot Down In Jail By V. Stalecup

Flee In Sheriff's Car; Last Seen Near Floydada Going At Top Speed

UNDER INDICTMENT IN HOWARD COUNTY

Local Sheriff Department Sends Officers To Assist In Search

DICKENS, Dickens Co., Texas (AP)—Sheriff W. B. (Bill) Arthur, 48, was shot and killed with his own gun Saturday afternoon in the jail here and Virgil Stalecup, 27, desperado, facing 254 years in the penitentiary and Clarence Brown, 34, his assailant, escaped in the sheriff's car pursued by a posse of more than 100 West Texas officers.

Seen Near Floydada

The fugitives were last seen ten miles south of Floydada, driving westward at break-neck speed.

County Attorney Alton B. Chapman said he learned that Stalecup had been locked in the death cell of the jail until Friday morning when the sheriff removed him to the run-around where Brown was confined.

Goes To Repair Plumbing

Saturday afternoon Brown and Stalecup asked Sheriff Arthur to come to the second floor to repair some plumbing which had become stopped up. As the sheriff walked through the door to the cell where Stalecup and Brown were prisoners, they grabbed him, seized his pistol, and fired one shot which struck Arthur in the neck. He died instantly.

Captured Last Tuesday

Stalecup was captured last Tuesday near Clarendon. Sheriff Arthur returned the prisoner to Dickens county jail, as Stalecup had escaped once and the sheriff insisted he wanted to hold him.

He was charged with a holdup near Dickens several months ago.

Faces 254 Years

Stalecup had been given a 99 year sentence in Wichita county, a 10 year sentence in Lamb, 30 years in Potter, and various other sentences. He also is wanted in Memphis, Big Spring, Clarendon and Colorado.

Under Indictment Here

Virgil Stalecup is under grand jury indictment in Howard county for the theft of Pat Tatum's automobile on August 31, 1934. Mr. Tatum is manager of the Kirby Petroleum company's holdings in Howard-Glasscock field. Stalecup faces three indictments in Mitchell county for participation in the holdup of a Ponca Wholesale company truck several months ago.

Assist In Search

The sheriff's department was notified about 3 o'clock Saturday afternoon of the murder of Sheriff Arthur, and Sheriff Slaughter immediately dispatched two cars filled with officers to patrol roads in the northern part of Howard and Borden counties. Included in the searching parties were Sheriff Fletcher, W. H. Legge of the state highway patrol, Bob Wolfe and Walter Winn. The officers expected to remain in that territory throughout Saturday night or until such time as a thorough search of that area can be accomplished.

Deputy Andrew Merrick remained in Big Spring Saturday night, and he reported to The Herald late Saturday night that he had not heard from the Howard county officers relative to their search.

"MURDER AT THE VANITIES" SHOWING AT QUEEN 3 DAYS

"The most beautiful girls in the world," tuneful melodies, a cast of popular performers, a trio of new-comers a murder mystery, and Duke Ellington and his orchestra, all wrapped up in a single package labeled Earl Carroll's "Murder at the Vanities," which opens a 3-day run today at the Queen theatre.

Each individual component was excellent, and the whole proved grand entertainment. Paramount has combined the two most popular film themes of the day—music and mystery—and, under the excellent guidance of Director Mitchell Leisen, the picture is more than satisfactory.

Has Beautiful Girls
It is a filmization of the Earl

Carroll show which was produced on Broadway this year. For it, Carroll brought some of his own beautiful showgirls to Hollywood, and dozens of additional beauties of the film capital were added to the cast. They are just as lovely as claimed in Carroll's trademark—"the most beautiful girls in the world."

Such popular actors as Victor McLaglen, Jack Oakie, Gertrude Michael, Charles B. Middleton, Cull Patrick and others contribute their share of the mystery and entertainment. Oakie as the "Vanities" press-agent; McLaglen as a police lieutenant and Miss Michael as one of the principals being outstanding.

Three Newcomers

The newcomers are Carl Brisson, Kitty Carlisle and Dorothy Stickney. Brisson, brought from England, makes his American debut in the picture with excellent results. He sings beautifully, and doubtless will be seen again soon. Miss Carlisle makes her screen bow in the picture, and like Brisson, sings beautifully and acts capably. Miss Stickney, star of New York stage, is triumphant in a small part.

The story deals with the opening night of Carroll's "Vanities" in New York. First an unknown, mysterious woman is found dead, and then one of the principals of the show is murdered on the stage during a number. McLaglen eventually solves the dual killing with a unique solution.

Arthur Johnston and Sam Coslow have added a number of songs to their growing list of popular hits, "Cocktails for Two," and "Marahua," being among the best. The chorus numbers, staged by LeRoy Prinz, are effective. Duke Ellington and his famous orchestra furnish the musical accompaniment and are seen as well in the effective production numbers.

Building Permits Show Sharp Drop

AUSTIN—Reports from chamber of commerce secretaries in 35 Texas cities to the bureau of business research of The University of Texas indicate a sharp drop in building permits during September in comparison with August, but a marked rise compared with September last year. Permits totaled \$1,213,000 during September, a drop of 26 per cent from August but a gain of 46 per cent over September last year.

Cities showing gains over August as well as over September last year were: Amarillo, Corpus Christi, Galveston, San Benito and Sherman.

Ben Carter returned Friday night from a business trip to El Paso.

"BELLE OF THE NINETIES", WITH MAE WEST AT RITZ THEATRE SUNDAY, MONDAY

Mae West chose Roger Pryor for her leading man in her new Paramount film, "Belle of the Nineties," coming to the Ritz theatre today and tomorrow, because she likes "new men"; because he has sex appeal; because he is an accomplished actor, and because he is a definite screen personality, the blonde star recently revealed.

Just what kind of men attract Mae West had Hollywood buzzing ever since Pryor has been chosen by her for the male lead in "Belle of the Nineties."

"There's no secret about it," pointed out Miss West between scenes of her new Naughty Nineties vehicle.

"I like new men—I want to get them first. I don't want men whom you see every time you enter a theatre. And I want men with sex appeal. Mr. Pryor has plenty of it."

"In selecting him from all the other Hollywood men I do not want to infer there aren't good actors in Hollywood. There are, but I place Mr. Pryor in a class with such performers as Paul Muni, Lee Tracy, Spencer Tracy and a few others."

Pryor, native of New York and son of Arthur Pryor, leading American composer and band master, embarked on his stage career fourteen years ago. He has been in Hollywood less than a year, playing three other picture roles before Miss West picked him as her "new man" in "Belle of the Nineties."

Pryor is cast as a famous boxer, who falls in love with Mae West, the "American Beauty," the country's most famous burlesque queen. He follows her to New Orleans where she proves to be Dixie that a "gall with good lines is better than one with a good line."

In a plot that involves a robbery, murder and a fire these two fight their way through to true love and a fitting climax for this absorbing romance of the Gay Nineties.

At Austin

By GORDON K. SHEARER

AUSTIN (UP)—Texas legislators have become greatly perturbed over reported use of the House and Senate roster on a letterhead of proponents of a centennial-year publication.

W. E. Lee, Orange, advocating a bridge over the Neches river for a short route between Port Arthur and Orange, said that the proposed crossing would be 20 feet higher than the Brooklyn bridge.

South Texans who think that Dallas is being given an undue share of the proposed celebration of Texas' centennial say that only three of the six territorial flags that have flown over Texas, have been planted farther north than Austin.

California's Native Sons are to have a counterpart in Texas. The Young Texas centennial was the inspiration. A charter application has been made for the Sons of the Republic of Texas.

Two of Texas' new congressmen met in the state capitol recently—Sen. Nat Patton and Maury Maverick. Patton will represent the new East Texas district in Congress.

Senate proposals to establish a capitol lunch room brought a reminder that a capitol lunch counter was expelled a few years ago on complaint that it had become unsanitary.

Bills for relief from tax penalties that have been offered in the special session of the legislature offer relief only from the penalties and interest that apply when taxes become delinquent.

The court costs are from \$40 to \$50 depending upon whether service is direct or by citation. An effort was made to limit the time in which a suit may be filed for delinquent taxes but it was rejected.

look at the whole question realistically, with sentiment discarded.
We like to tell ourselves that the Washington naval treaty was the result of a great bit of pure unselfishness on our part, forced on designing nations by American idealism. As a matter of fact, it was not that at all.

(CONTINUED FROM PAGE 1)

All this represented one of the greatest naval programs in any nation's history. It was going to be horribly expensive. We wanted to get out from under. Tax reductions were inevitable. The load could not be carried.
So we proposed and put through the great treaty—and saved ourselves hundreds of millions of dollars that we probably could not have persuaded ourselves to spend anyway.

turn of the heavy industries is going to be a very slow, uphill pull. And appreciable decrease in unemployment—unless public works be mightily expanded—depends on the heavy industries.

These same economists have reached the conclusion that unemployment is a chronic problem. It may be an overwhelming one politically in 1935, some of the more pessimistic fear.

When the congressional campaign first opened it appeared that the poor politician who is usually complaining about the millions his opponent spends would have nothing to squawk about. And the senate was going to be denied one of its favorite sports—strafing the spenders.

All that is changed now. Contributions only trickled into the two national headquarters but little Jimmy Byrnes, of S. C., fair-haired boy of the White House and current chairman of the senate slash fund committee finds himself as busy as a bird dog.

Senator Byrnes' brother Democrats think they have found four spots where local angels have untied the bankroll to elect Republicans. As this isn't supposed to be fashionable this year, the senator has his investigators busy in New Mexico, California, Pennsylvania and Delaware.

As the preliminary charges pro and con between Joe Guffey and Senator Dave Reed in Pennsylvania have been pretty well aired, this leaves the New Mexico and California situations as most interesting.

Although Senator Bronson Cutting, the millionaire Republican liberal from New Mexico, support-

ed his old shamanist, President Roosevelt, the Democrats are out to get his scalp. They charge he has put a complete handpicked ticket in the field and is spending much too liberally in an effort to make himself political dictator of the state.

Byrnes' sleuths are prying around in California to find out how much dough the movie moguls are spending to re-elect Republican Governor Frank Merriam over Socialist-Democratic Upton Sinclair. They also want the facts about getting the industry, from stars to stenographers, to contribute a day's pay.

Calamity—
One of Wall Street's biggest erstwhile speculators—a man whose pool operations back in the palmy days made the senate banking committee gasp for breath when brought to light—recently told friends in Washington that the day of the speculative market was gone, and for a long, long time.

He personally has picked up his marbles and gotten out of the game. He said he had firm convictions that a number of stocks were coming back but pointed out the only way he could make money on the market was to buy up 10,000 shares or so and hold them.

And imagine what would happen to anybody who bought 10,000 shares of stock these days, even though for a legitimate investment. The purchase would force the price up some and then a dozen investigators would be swarming all over me. No sir, I'm through. The market's down to a dividend basis and probably will stay there.

Sting—
Liquor circles reveal a big drive by Japan to capture the American whiskey market with a product bottled to look like Scotch whiskey. British importations are said to be declining somewhat as a result of this new competition.

Rising—
Washington hears that the wily Schacht is insisting with Hitler that extreme Nazis be gotten rid of in order to improve foreign opinion of the Nazi regime. Forecast is made that German Minister of Propaganda Goebbels will be "promoted" out of the way, much as Mussolini "promoted" General Balbo.

Notes—
The Reciprocity Information committee will hear cement and plate-glass manufacturers next Monday protest against lowering duties in a trade with Belgium. After having paid out billions, congress has no money for the senate restaurant and it must remain closed until provision is made.

Some senators eat and don't pay, according to treasury sleuths. The house frugally provided for its restaurant but senators who eat there must dig up.

Representative Bankhead of Alabama is telling his constituents if they don't like his cotton restriction act he will try to have his brother, Senator Bankhead, help him to repeal it.

Former Undersecretary of State Castle is a loser by the court ruling that the sugar allotment of Hawaii is valid.

Womack troubled the Pups no little during the last quarter with his sweeping end runs.

Roundtree and Hollis stood out for the visitors, Roundtree breaking away several times down the sidelines.

BIG SPRING INDEPENDENT SCHOOL DISTRICT REAPS RESULTS IN NEW TAX PLAN

Pioneering in the fields of a new tax system has repaid the Big Spring Independent School district well.

By the time you read these lines the district will have collected more taxes than it has collected in the past few years by the time current taxes become delinquent.

That is to say, with three more months to go before 1934 taxes become delinquent, the district has already collected more than \$45,000, as compared to a similar amount collected by January 31, 1933 on 1933 taxes.

What is the reason for this unprecedented condition? Let Rex Stagan, special tax representative of the district tell you: "We owe the success of our program entirely to the 700 people who have cooperated with us in our Modernized Tax Plan or our Cooperative Tax Plans."

Modernized Tax Plan is merely a descriptive phrase attached to a practical application of a sound business principle to an obsolete tax system.

To those who pay their school taxes in October goes a 4 per cent discount on all current taxes. If they pay in November they get a 3 per cent discount, in December 2 per cent, in January 1 per cent. After that the same old delinquent penalties come into effect.

So far as can be learned Big Spring school district is the first tax agency in the state which has dared to break the bonds of custom and venture into the realm of experimentation. It has paid well.

Taxpayers have benefited to the extent of several hundred dollars by paying during October and getting discounts, which in truth have the effect of amounting to a four cent cut in the tax rate.

At the same time, the school system has saved hundreds of dollars on interest normally borrowed for operation until tax payments come in during January.

While this Modernized Plan is just cause of gratification, Ragan says that the Cooperative Plan for delinquent tax collections has proved equally beneficial.

It is simply a plan whereby the tax agency and the taxpayer get their heads together and reach a friendly agreement for payment of taxes. It is fitted to the taxpayer. Does this scheme work? The far it has worked well enough that in some cases that the tax office has refused payment offers from some who were evidently not able to pay.

Such was the case when a widow, arrears in her house payments and who wishes for a living, offered to pay off her delinquent taxes under a cooperative plan. "She needed it worse than the schools," said Ragan.

The impossible was accomplished under this plan. Taxes 10 years delinquent have been paid. Better than half the taxes five years old for the final tally of the day late in the second half.

Womack troubled the Pups no little during the last quarter with his sweeping end runs.

Roundtree and Hollis stood out for the visitors, Roundtree breaking away several times down the sidelines.

C. W. Robinson Announces For County Clerk

"I have been solicited by a number of my friends and others from various parts of the county to make the race for the office of county clerk of Howard County on the Independent ticket in the November 6th election—as they do not consider the gentleman named by the fifteen members of the democratic executive committee of the county represents the voice of the people. If the executive committee had desired to they had a chance to at least vote for a candidate for this office who received 1254 votes in the democratic primary, but instead they ignored those votes and nominated a man who at the time of their first session of the committee was member of same and resigned in order to make an application for this office.

"I have always been a democrat and have at all times and under all circumstances supported the nominee of the democratic primaries, but in announcing for this office, I like many others, do not consider that the man named is a true representative of the party. I have no hesitancy in asking your support in the coming election.

"It will be necessary for you to write my name under the office of county clerk in the Independent Ticket column and draw a line through the name of R. L. Warren in the democratic column.

"I have had nine years clerical experience, and I need the work. I will deeply appreciate your vote and influence and will do my best to ever prove you made no mistake in voting for me.

"Yours truly,
"C. W. ROBINSON"

Vote for C. W. Robinson for COUNTY CLERK of Howard County

In the Election — Nov. 6, 1934

Friends have solicited me to make this race knowing I am competent to fill the office in a satisfactory manner. Nine years experience in clerical work. Am a life-long Democrat. I am soliciting the vote and support of the citizenship because of the death of the Democratic nominee for the office of County Clerk—following the July primary—a nominee was selected by the county Democratic committee instead of by the citizenship as a whole. I believe it is an old-time Democratic custom to let all the people have an opportunity to do the nominating and therefore decided to announce.

If you want to elect me you will have to write "C. W. Robinson" under the blank space for County Clerk in the Independent column and scratch the name of R. L. Warren in the first Democratic column.

I surely would appreciate your going to this trouble to help elect me.

LET US EXAMINE IDEALS BEHIND NAVAL TREATY

If the experts who are looking over the ground in London and Tokio are to be believed, the famous Washington naval treaty will expire painlessly at the end of this year, and all limits will be off naval construction.

Japan does not propose to be bound by treaty limits any longer. England feels the need of more ships. France and Italy are openly building against each other.

And Uncle Sam, apparently, is going to be left to contemplate the wreckage of what once looked like a remarkable achievement in disarmament.

Before we permit ourselves to get too stirred up by all of this, it would be a good thing for us to

Daniel's Devils Defeat Midland
The Big Spring Devils smashed through for a 21-0 win over the Midland Bulldogs at Steer Stadium Saturday. The Daniels coached Demons smashed in and around tackle and struck through the air numerous times for three touchdowns and a safety and managed to hold their opponents in hand when their goal was being threatened.
Smith and Ford were outstanding for the locals. Ford baffled the enemy with his off-tackle plays, and although not going over for a touchdown was never quite stopped during the afternoon. Smith accounted for Ford and galloped twenty-five more into "pay dirt." "Chock" also was a Hercules on the defense, several times breaking through to set the Midlanders secondary for losses.
The Pups held the locals to a lone touchdown during the first half, that as a result of Ford's pass to Yanez, but the Demons opened up in the last two periods for two touchdowns and a safety. Wood took a pass from Womack and raced some 20 yards to account

MUSTANGS RUN WILD OVER FORDHAM RAMS

Ponies Ditch Their Pass Attack

NEW YORK (AP)—Southern Methodists Mustangs galloped into the Polo Grounds here Saturday, raced four times over the Fordham goal line, and then galloped back home on the big end of a 26 to 14 score.

Robert Wilson, one of the best backs to invade the East in years, stormed through the Fordham line to lead the wild Mustangs offensive.

The Mustangs ditched the much heralded passing attack and ran rough shod over the touted Rams with many smashing running plays.

The visitors completely outplayed the New Yorkers.

One Game On Tap For Week

McCamey Badgers To Entertain Sweetwater Mustangs

Only one football game is carded in district 3 for the week.

The Sweetwater Ponies play the McCamey Badgers at the Upton county metropolis in a conference game. The Mustangs have engaged in only one title game—bowling to the Big Spring Steers.

Lubbock snowed them under in a non-title affair Friday.

The Badgers went into their second conference game the past week and lost to San Angelo. The McCamey team had previously won from the Colorado Wolves by a top-heavy score.

The Pony-Badger game will probably be a neck-and-neck affair, with the dope about even. Sweetwater has a scrappy team in spite of losses, and the Badgers have showed up a lot better than the critics figured.

Bovines Win 20 To 0 In Uninteresting Game Friday

Teams Appear Sluggish On Field

It is to be hoped the Steers got the sluggishness out of their systems Friday afternoon when they thumped a hefty but none too spirited Class B Granbury 'eleven' 20 to 0 in a dull, uninteresting game.

Only a very small crowd saw the Bovines in their fifth non-conference affair of the season. At times the Herd exhibited marked improvement, but most of the time they acted as if on a lark, and piddled around in mid-field when they should have been pushing deep into enemy territory.

Players that early in the season were holding regular slots, were "warming" the benches, and coaches substituted freely without any appreciable gain or loss.

Kept 'Em in Check

The Steers, however, did not find the visitors very troublesome, and kept them well in check. The locals doubled Granbury in first downs and took a wide margin in yards from scrimmage.

The Big Springers average of three completed passes out of ten attempts was nothing to brag about, but they went for a total of fifty-four yards gain and two of them were touchdown tosses.

The locals bristled at the opening whistle and reeled off yard after yard, but as they neared the visitor's pay-off stripe they drew numerous penalties.

Hare slipped through left tackle for a ten yard gal hand a first down on the Granbury fifteen. Cordill followed with a gain of six yards through the line. Hare failed to gain on a jumbled play and Steers were assessed a five yard penalty. Hare then went wide around left for six yards but the play was called back and a fifteen yard penalty slapped on the Bovines.

Hare to Cordill

On the next play Hare went way back and shot a pass to Cordill on the five marker. He held the ball for a few seconds and then dropped it. Cordill then tried the

Wisconsin Falls Before Ramblers

SOUTH BEND — The Ramblers completed their home stay for the year here Saturday with a 19-0 victory over Wisconsin.

It was too much Shakespeare for the enemy and the Micks held the advantage in every quarter.

PAMPA WINS 21-6

heaving angle and whipped one twenty-five yards to Bob Flowers, who speared it, galloped toward the side-line dodging tacklers and stepped across. He snagged the pass on the thirteen yard line. Cordill converted.

The mail carrying combination of Hare and Cordill put another touchdown across early in the second stanza after playing around near the Granbury goal line for several minutes.

Hare plunged center for six yards to the five for a final down, and Cordill picked up three more on the next play but drew a penalty for off-sides. On the next attempt Hare slid through left tackle for two yards.

A lateral B. Flowers to Cordill was fumbled on the 12 but recovered without any loss of ground. Cordill went wide around left end across the goal but the play was called back and a five yard penalty given. Cordill then stepped back and lined a ten yard pass to Hare who skipped eight for a touchdown. Hare made good from placement for the fourteenth point.

Granbury Tosses Chick

Just before the half Granbury tried several passes that clicked and took them into Steer territory. Hare, who was standing in his own end zone, rather than slap a Granbury pass down hooked it and barely made it across to his own one-half yard line.

In the third quarter Granbury took the ball to the Big Spring ten yard line where they started an unsuccessful aerial attack and lost the ball on downs.

The last Herd tally came late in the game as the climax of a drive started after Cordill blocked W. Kelly's attempted punt on the fifty.

On the first play Cable went over left guard for two yards and then Cordill sprinted along the side-line to the one marker before being nailed by W. Wilson. Hare was tossed for a two yard loss and then picked-up one at center and Cordill smashed through tackle for a touchdown. He failed to kick extra point.

A few seconds before the game ended Cordill put a beautiful pass into Winslow's arms, who was almost in the clear, but he muffed it. The Big Springers had the ball on the Granbury three yard line when the game ended.

Granbury lacked a lot being as good as that kind of material should have been. B. Cherry and W. Kelly were the two carriers, with Cherry outstanding. The line lacked needed fire and pep and failed to render much help.

The Miners threatened with an aerial attack in the last minute of play but the game ended when the Porkers intercepted a pass on the thirteen yard line.

V-8 Leadership Is Based on Engine Facts and Records

SOME things about an automobile are more or less a matter of opinion. But when it comes to the engine, you are dealing with the hard facts of power and its application. Either you have V-8 power or you don't have it.

You should know that experience and the records of performance are definitely in favor of the V-8 type engine. You need not depend on words—the record speaks for itself. It is something you can see as you "Watch The Fords Go By." Something you will realize even more fully when you drive the Ford V-8 yourself.

Isn't the difference between green or black or between velour and broadcloth upholstery, but a far-reaching difference in basic engine design. Only the V-8 can give you V-8 speed, power and performance. It costs more to produce, but Ford has made it possible to use this engine in a low-price car. Only the Ford gives you a V-8 engine unless you pay \$2500 or more!

Chapter 10
WARNING
They were in the corridor, Silver interposed between herself and Lon, and Marian uncaring, Marian watched the deeply impressed Lon support the now supposedly ex-husband Silver to the curb. Watched Silver slide into the car first with a backward glance of defiant triumph, without thought of either of them.

"I don't understand," returned Marian. "Cliff was right, real love is glorious. Can't you imagine how I felt pretending to love Cliff with him watching? Just think I, Silver, honed down here to be with him. Jan, I'm going to have that man if it's the last thing I do."

"I do," Jan, he has money, hasn't he? That car and something about him makes me believe he's well fixed, you know. Not that I mean to be mercenary, I'd love him regardless, but it would be so much more convenient."

WITNESSES IN RICHETTI QUIZ

Two of the witnesses called to testify before the federal grand jury investigating the Kansas City Union station massacre of June, 1933, a crime for which Adam Richetti is wanted, are Dr. Peter DeMaria (left), assistant superintendent of the General Hospital in Kansas City, and George "Jimmie" Ryan (right), police lieutenant. "Pretty Boy" Floyd was wanted in the same case. Authorities at Waverly, O., murmured to federal agents' request that Richetti be extradited. (Associated Press Photos)

and a sense of honesty forced the story from her reluctant finger tips. She had created the Silver tip, she had created the Silver tip, she had created the Silver tip to her to reveal that Silver to the world.

PA'S SON-IN-LAW

placed a bowl of coral pink geraniums in the exact center of the green-barred cross and pushed the table close to a low, wide window which the evening before had looked out on Monterey Bay, and the far blue line of the Pacific, but which now looked out a blank wall of fog, against which were silhouetted ragged eucalyptus trees.

SHOW WINDOWS OF LOCAL STORE TURN MODERNISTIC

Everybody on Main street was looking at Albert M. Fisher's freshly decorated windows Friday night and Saturday.

The windows are an example of Mr. Fisher's statement that there are "no more small towns" in the sense of artistic sense. The automobile has made the whole world kin and because of that it behooves the smaller town merchants to put on a big city appeal, is his belief.

The windows are trimmed in silver and black in a modernistic effect. The arrangement is changed so that the two side windows give double the effect with an actual loss of only 8 inches per window. The windows are in two smaller units, but each unit advertises a different article. The men's wear is on the left hand side, as it has been, and the women's on the right hand.

The most striking change is the addition of small niches on the sides of the big center window. These are lighted by a clever hidden effect that shows up the display.

The change in the window is much more pronounced than the average onlooker will perceive at first glance. For instance there is no glare from the reflection of windows from across the street; this was done away with by the use of a green carpet that absorbs the light. The lighting effect has been softened and arranged so that articles within the window can stand out with no harshness.

The windows are the result of a year's study and thought. During the trip that Mr. and Mrs. Fisher took this summer to the eastern United States, windows were studied in towns large and small and New York designers were consulted on the subject. The newly decorated windows are the result.

AUTY HIT, BILLS BEER, THREE PASSENGERS UNHURT

The driver, unable to avoid a collision, struck the deer, killing it. The car was damaged. The men turned over the animal, a 185-pound buck, to a game warden.

GOSH! I WISH THE YOUNG SMART-ALECKS WOULD OUTGROW ALL THAT TOMFOOLERY!

LISTEN—JASPER KNOWS MOST OF THE BOYS IN THE NEIGHBORHOOD. PERHAPS HE COULD USE HIS INFLUENCE TO PERSUADE THEM NOT TO MOLEST US THIS HALLOWE'EN—

SAY, THAT'S A SWELL IDEA! I'LL PUT IT UP TO HIM—

JASPER, I WONDER IF YOU COULD PERSUADE YOUR LITTLE FRIENDS NEXT DOOR NOT TO PLAY ANY TRICKS ON US THIS HALLOWE'EN? YOU'RE PRETTY INFLUENTIAL AMONG THE BOYS IN THIS NEIGHBORHOOD—

SURE, UNCLE CLARENCE—I'LL FIX IT SO THEY WON'T BOTHER US AT ALL.

THANKS, JASPER! I'LL DO SOMETHING FOR YOU SOME DAY.

WHAT, MAY I ASK IS THE BIG IDEA?

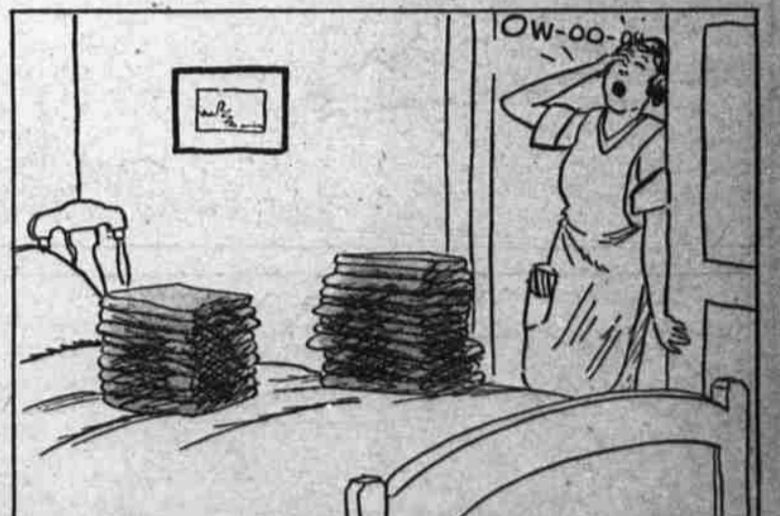

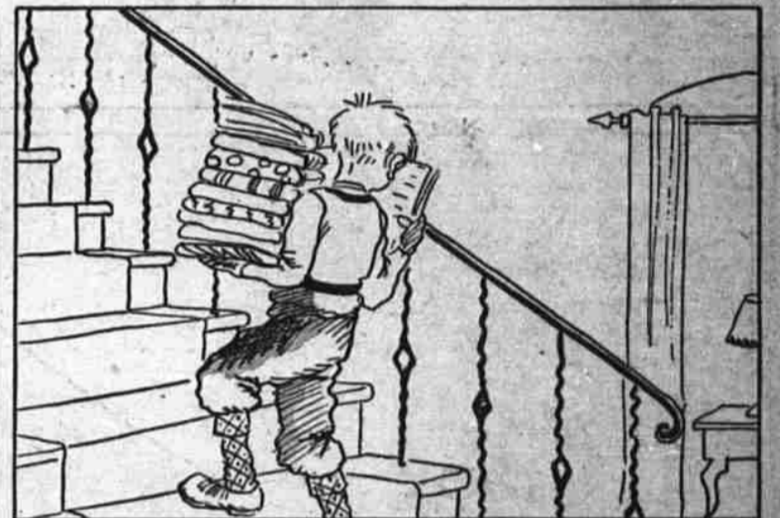

WELL, UNCLE CLARENCE—I FIGURE THAT A GOOD OFFENSIVE IS THE BEST DEFENSE!

OH HELLO THERE "BECAUSE-OF." WHAT ARE YOU LOOKING SO WORRIED ABOUT?

IT'S BECAUSE OF A PLAY I'M WRITIN'

YOU DON'T SAY SO?

THERE YOU GO! JUST LIKE J.L., THAT'S MY MOTHER, -OR J.T., I FORGET HER NAME FOR THE PRESENT. ANYHOW, ALWAYS WHEN I SAY SOMETHING SHE SAYS, "YOU DON'T SAY SO!"

WELL?

BUT I DO SAY SO! THEN YOU SAY I DON'T SAY SO!! LOOK!! I-AM-WRITE-TING A-PLAY!! WHO SAYS SO? I SAY SO! I AM WRITING A-

LET IT GO! WHAT'S THE PLAY LIKE?

IT'S ABOUT A VERY BEAUTIFUL PRINCESS. YOU SEE THIS VERY BEAUTIFUL PRINCESS IS AWFUL UNHAPPY ABOUT LIFE SO SHE STEPS OUT ON THE STAGE AND SAYS, "UGH"

"UGH" !!?

"UGH!" BECAUSE OF SHE'S SO UNHAPPY. THEN THE VILLAIN COMES ON WITH A MORTGAGE WHAT HE'S GONNA GIVE HER FATHER THE KING.

SO THE PRINCESS SAYS, "HEY YOU!! LAY OFF MY OLD MAN, THE KING, BECAUSE OF I LOVE HIM SO FONDLY!!"

SO THEN GEN'RAL LEE UPS AN' SAYS-

GENERAL LEE? WHAT'S GENERAL LEE GOT TO DO WITH IT?

PLENTY! HIM AND HIS HORSE TONY HAVE BEEN HIDIN' IN THE BUSHES AN' HEAR THE WHOLE THING. THE HORSE EATS UP THE MORTGAGE AND THE PRINCESS SAYS, "THANKS VERY MUCH"

OH!

THEN THE KING SAYS TO THE GENERAL, "WON'T YOU STAY FOR SUPPER? WE GOT A STRAWBERRY SHORTCAKE TONIGHT!" THEN THE KING SAYS TO THE VILLAIN "YOU CAN'T HAVE ANY THOUGH!"

THEN WHAT HAPPENS?

THEN THE GEN'RAL EATS UP ALL THE STRAWBERRY SHORTCAKE, AN' THAT'S THE END OF THE PLAY. I PLAY THE PART OF THE GENERAL!!

WHEN ARE YOU GOING TO PUT THE PLAY ON?

THAT'S JUST IT! I DON'T KNOW

WHY NOT?

BECAUSE OF MISTER OVERBAUGH, WHO OWNS THE GROCERY STORE, KEEPS ON REFUSIN' TO TAKE HALF INTEREST IN IT AND FURNISH ENOUGH STRAWBERRY SHORTCAKE TO GO AHEAD WITH REHEARSALS.
