It's Not Just an Accident -

. that Eastland enjoys a good fire record year after year. Usually it is the fire department or the City Commission, or both, that get the credit, and they deserve all the credit they get. But without the co-operation of the individual, no town would have a good fire record. Elimination of the common fire hazards such as defective wiring, faulty flues, greasy rags and mops, weeds and grass, and the worst of all, the careless smoker, among others, is a direct result. Do you have any of these hazards in or near your home?

FINE SHOPPING

(Continued from page 1) ear, and Christmas is not far behind - only 20 days and only 16 shopping days - so there's cause to be about the noliday business.

And shoppers have found me and again that the place to start and finish is with eastland merchants who offer the very best, at the most pleasing prices - and the convenience of shopping Eastand is so good, it just doesn't bear comparison with long drives, searches for parking, end clamoring through crowded stores looking and hoping for buys.

The smart shopper has this

"Save yourself the bother. Do it all in Eastland. And there's no better time than Dollar Day."
