M. H. Perry

Since moving to Eastland in 1946, when he taught during the last semester at Eastland High School, Mr. M. H. Perry, Jr. has been among the "top active" citizens of this town.

Chairman of the Eastland County Water Board for many years, Mr. Perry also spent many years on the school board (1950-1965), serving 13 years as its president. After leaving this position, he was elected as a director of Eastland National Bank. Among many other things, he currently serves on the Eastland County Industrial Foundation

Born in San Saba, Mr. Perry is the son of Mrs. M. H. Perry, Sr. and the late Mr. Perry. He graduated from high school there, then entered Southwestern University in Georgetown.

After graduating from college, he was a coach and teacher in Grandview prior to the war; then, served in the Navy from 1942 until 1946. In 1948, he was appointed co-ordinator of Eastland County Vocational Schools, a position which he held until 1953, when he began working as an agent for Southland Lite Insurance, his present line of business.

Mr. Perry and his wife, the former Ann Taylor of Eastland, have two children, Mike, a senior student at North Texas State University, and Linda, a freshman student in Eastland High School.

Serving on the official board of the First Methodist Church, he holds membership in the Quarterback Club, Band Boosters Club and the Lone Cedar Country Club; also, he is a member of the Texas Association of Life Underwriters.

Among the first public "building" that Mr. Perry did in Eastland was his participa-

tion on work details with a lot of other people in the building of Eastland Memorial Hospital.

In 1964 he was cited by the Eastland Chamber of Commerce as one of Eastland's Golden Deeders. Active in the Industrial Foundation Corporation, he was busily engaged in the recent expansion of the Hollywood-Vassarette plant building, and is presently beginning another term as a director of the local chamber.

He realized one of his longrange goals with the comple-tion of Eastland's new Elementary School Building, and his family, friends and business associates can attest that he spent long, long hours helping iron out the details on that project.

One of his creeds might well be "Cetting the best with what you have available," and judging from the buildings and projects with which he's been con-

nected, he does just that. Building a better Eastland!

Serving a 75-mile area at no extra charge. We honor all funeral service policies.
