... Lodge Officers

## Eastland Youths Elected Key Order Arrow Posts

Two Eastland lads came back from the Order of the Arrows Banquet in Brownwood Wednesday night with the top officer jobs of the organization.  
Bill Boles, son of Mr. and Mrs. Winston Boles, received the honor and office of Lodge chief and Steve Lund, son of Dr. and Mrs. Fehrman H. Lund, was elected for the position of Recording secretary.  
This makes only the second time that Eastland County has had a youth as head of the Order of the Arrows Lodge. The first to be head of the lodge from Eastland was Eddie Hart in 1946. The officials opening of the lodge dates back to 1945.  
The local boys were nominated for their offices by out-

of-county Scouts, which doubtless honors them.  
The area which is covered by the lodge includes such cities as Brownwood, Lampasas, Ranger, Richland Springs, San Saba, Stephenville, Comanche, Bangs, Goldyate, Carbon, Olden, Cisco, Eastland & Breckenridge.  
Boys attending from the Eastland lodge were: Bill Boles, Randy Boles, Larry Thompson, George Simms, Steve Lund, Rhett Smith, Bill Garner, Bryan Garner, Dale Squires, Randy Squires, Jeff Germany a long with two sponsors, Kenneth Thompson and Winston Boles.  
The banquet was highlighted by the speech given by a representative from the Marlin Gun Company.  
A complete list of officers elected were Bill Boles, Lodge Chief; Mike Shillingburg, vice-lodge chief; Steve Lund, recording secretary; John Yentis, publication secretary; and Bobby Rothe, treasurer.

## Castro's Cuba Is Program For Lions Meeting

An excellent documentary film of Castro's rise to power in Cuba and the ensuing developments in that near-by country up through the mass exodus of refugees into this country, was the program for the Eastland Lions Club at its regular luncheon meeting on Tuesday at the White Elephant.

The program was in charge of Dr. Bob Alexander and E. O. Moore was projectionist for the up-to-the-minute film. The movie was produced as a class-room instructional aid by Texas Electric Service Co. It portrays vividly Castro's break with the U.S. and his courting of the Communist.  
The club voted on a motion by Bill Leslie to suspend meetings for Dec. 28 and Jan. 4, and will meet again next on Tuesday, Jan. 11. The White Elephant will be closed from Jan. 3 through 8 for remodeling.  
Club Sweetheart Jerrier Pryor was presented an automatic flash camera by the club as a Christmas gift at the Tuesday meet.

## 3 Juvenile Hearings Set

A juvenile hearing will be held in County Court Tuesday at 10 a. m. for the examination of three Cisco area youths charged with crimes during the past weeks.

Two youths, one 13 and the other 15 years old, will be questioned about the breaking into the Will Gattis Store in Scranton where quite a bit of damage was done recently by vandals.

County Sheriff L. E. Sublett said that the store has been broken into for the past two or three weeks and that his department wrapped up its investigations Sunday. The proprietor of the store is elderly, it is reported, and the damage included the pouring of syrups and other liquids all over the place.

The third juvenile, a 15-year-old Latin American, will face aggravated assault charges resulting from a Dec. 16 incident, in which he reportedly struck another person with a heavy can opener.

## 13 Posts Up For Election In Primaries

Offices up for election in 1966 are the following:  
91st District Judge, County School Superintendent, County Judge, District Clerk, County Clerk and County Treasurer.

Also, to be elected will be commissioners from Precincts Two (Gorman and Carbon) and Four (Cisco) and all Justices of Peace in the county from Eastland, Ranger, Gorman, Rising Star and Cisco.  
Neither incumbents nor aspirants for offices have officially indicated their plans for the May Primary.

## Investigation Of Cisco Burglary Still Underway

Burglary of the Hillcrest Welding Shop recently on E. 6th St. in Cisco is causing the county sheriff's department a great deal of hard work, long hours and grey hairs, Sheriff L. E. Sublett reports.

The shop was apparently broken into about Dec. 14 and a great deal of material taken. Two men have been put in jail, a third is being sought.  
Reportedly taken were welding rods, a chain saw, a gas and water pump, a cutting torch, gauges and radiators. Bill Pritchard is the owner-operator.  
Developments in the case are expected soon, Sublett said.

## John McCoy To Replace Father On Elevator

John McCoy will begin as new elevator man in the Courthouse on Monday, Jan. 3, according to County Judge Scott Bailey.  
Mr. McCoy is filling the vacancy left by his father, E. M. McCoy, who passed away last week.  
Substituting elevator man, since the death of Mr. McCoy has been J. B. Bryant.

## Mary Mitchell Buried Dec. 22

Funeral services for Mary T. Mitchell, 81, were held at 10:30 a. m. Wednesday in Daughy Funeral Home in Tucumcari, N. M.  
Mrs. Mitchell operated the Village Hotel here for many years before leaving Eastland in 1958.  
She is survived by Mr. and Mrs. Don Hill of Las Vegas.

# Population Study Shows Gains Due In Eastland County In 4 Decades

Population of Eastland County will drop 157 people in the next 15 years; gain 1,479 in the next 45 years; and be boosted by 3,252 by the year 2020.

That's the prediction of the Texas Water Development Board which has just released information about every county in the state relative to future water needs planning. The study was made in conjunction with the Texas Bureau of Business Research of the University of Texas.

The report shows the state's population tripling and West Central Texas' doubling by the year 2020.

The statisticians see Eastland County's future like this: 19,369 by 1980; 21,005 by 2000; and 22,778 by 2020. Eastland County's 1960 reading was 19,526 and it's presently estimated at 19,000 by the Texas Almanac.

Palo Pinto and Brown would seem to have the brightest futures of the county's neighbors, according to the report. A population of 54,438 by 2020 is seen for Palo Pinto (up from a present 20,516) and 62,174 for Brown County, up from 24,728.

Callahan County, similar to Eastland, is expected to lose population by '80, then gain in 2000, and up to 8,953 in 2020 (up from a present 7,929).

Comanche County — probably more similar to Eastland than any other because of agricultural and limited industrial facilities — is guessed to double by 2020. It presently registers 11,865. The seers guess 14,912 by 1980; 19,196 by 2000; and 24,711 for 2020.

Prospects look good too for nearby Erath County which presently counts 16,236. The forecast is for 22,278 by 1980, 30,350 by 2000; and 41,346 by 2020.

Stephens County is expected to double in population by 2020 when 16,687 is the guess. Presently, there are only 8,885 population (lowest of the seven-county area), and the slide-rulers guess 12,022 by 1980; and 14,164 for 2000.

Purpose of the study was to determine the water needs of the estimated 30 million Texans half a century from

now, by figuring the "surpluses" and "shortages" and attempting planning that would balance the two.

As for the state's biggest consumer of water, irrigation — which took 12.5 million acre-foot of water last year, the 2020 estimate depends on a large number of variables and has not been devised, it was reported.

Irrigation may definitely enter the Eastland County picture as more and more dry-land farmers here explore the production-raising techniques of irrigation. Each year there have been more peanut raisers drilling wells and laying down pipe in the county.

Mr. Cox, in his history of Eastland County, reports population data as follows: 1880, 4,855; 1890, 10,373; 1900, 17,911; 1910, 23,421; 1920, 28,505; 1930, 34,156; and 1940, 30,406.

Water needs of this county appear adequate, but there will probably be needs in the next few years for development of more filtration facilities to serve more waters.

This is particularly true of the Eastland County Water Supply District which furnishes water for Ranger and Eastland and will also be serving Olden and Morton Valley soon as the result of water system developments now in progress, in those two towns. (Olden will buy water through Eastland and Morton Valley through Ranger). This is expected to be maximum delivery capacity for the Water District with existing treatment facilities at Lake Leon.

The state Water Board's population predictions, one must remember, are simply that, based on many variables and the year-to-year increase and decrease of a county or a town's population is affected by many things.

Any such crystal ball gazing is subject to revisions and very likely this county can in the next few years, require that certain projections, data, and prognostications be altered.

The top 15 counties in 220 are forecast as Harris (Houston) 5,071,661; Dallas 3,651,199 (Continued on Page Four)

All offices in the Courthouse were closed Friday, Christmas Eve day, and all commissioners were excused from their duties in order that they might enjoy the Christmas holidays to its fullest extent, Judge Scott Bailey reported.

# Court Dismisses Hogue Indictment

The aggravated assault indictment against G. C. Hogue of Cisco has been dismissed as the result of an order signed by Judge Frank Sparks in 91st District Court.

A motion was filed by District Attorney Perry T. Brown Dec. 21, asking the dismissal, basing the request on "lack of legal or competent evidence."

The order was redrafted and signed by Judge Sparks Dec. 22.

The indictment was returned by a 91st District Court grand jury on Sept. 17, as the result of a Sept. 8 incident in Cisco.

The order signed by Judge Sparks is as follows:  
"Be it remembered that on this, the 22nd day of December, 1965, came on to be considered the motion filed here in by Perry Brown, county attorney of Eastland County, Texas, asking the Court to dismiss the above-entitled and numbered cause, be, and the same is, dismissed.

"Signed Frank Sparks, judge presiding."  
Mr. Hogue issued the following statement:  
"I am sorry that my wife and children had to see their husband and father humiliated and embarrassed for taking a stand on this moral issue. I did and it gave me more faith as a Christian, and the people have supported me overwhelmingly."

to the attention of the court that the board of trustees of said college, assembled for the purpose of discussing and evaluating the offense alleged against Grady Hogue as president of such college, and the said board passed a resolution exonerating the said Grady Hogue of any wrong doing and commended him for the act which brought about the indictment in this case.

"The court finds that it will be for the best interest of the Cisco Junior College, and the entire community if such indictment be dismissed. The Court is without any evidence pertaining to the incident, but many citizens have urged a dismissal, believing that such act will be for the best interest of all parties concerned, including the State of Texas.

"It is, therefore ordered by the court that the above-entitled and numbered cause, be, and the same is, dismissed.  
"Signed Frank Sparks, judge presiding."  
Mr. Hogue issued the following statement:

"I am sorry that my wife and children had to see their husband and father humiliated and embarrassed for taking a stand on this moral issue. I did and it gave me more faith as a Christian, and the people have supported me overwhelmingly."

# DUO STEALS, SELLS, AND BUYS PIGS IN FAST DEAL

Not only did two young men get caught and face criminal charges for stealing hogs, they also discovered later that they had "sold cheap" when they sold them.

The two, one 18 and the other 19, are both from Cisco, and are charged with hog stealing as the result of an incident in which they reportedly took seven head of hogs from the Roy Maynard place some nine miles south of Cisco Friday night a week ago.

They took the loot to Abilene the following morning and sold the lot for \$196. — then got shakey because they

found out that the Eastland County Sheriff's Department was hot on their trail. Hurriedly, they took the money back to the auction and bought the porkers back. They were headed back to Eastland County when they were apprehended by local officials.

Officially charged, the two have since made bonds of \$1,000 each and are free, presumably to pay closer attention to the livestock market.  
The hogs are safe at home, except for one piglet which was born and expired during the ordeal of heavy transactions.

# Senator Creighton To Run For Re-Election

State Senator Tom Creighton of Mineral Wells has announced that he will seek reelection in the 22nd District that he has served for two terms in voting next spring.

The 22nd district, which was enlarged by the last Legislature to include a population of more than 200,000 people, is composed of Clay, Montague, Jack, Wire, Stephens, Palo Pinto, Parker and Eastland Counties. The southern half of Tarrant County also is part of the district.

Creighton, county attorney of Palo Pinto County for eight years prior to his election to the Senate, has advanced to 11th in seniority.

He was president pro tempore of the chamber during

the regular session this year. Creighton is a chairman of the Game and Fish Committee, vice chairman of Committee on Jurisprudence and member of the Committees of Banking, Oil and Gas, Finance, Privileges and Elections, Counties, Transportation, State Affairs and Legislative Congressional and Judicial Districts.

Creighton served as an enlisted man two years during World War II and then returned to finish his education. He graduated from the University of Texas Law School in 1950.

He and Mrs. Creighton have three sons, Thomas William Jr., 13; Kenneth Roy, 11; and Mark, 8.

# Jan. 24 Murder Trials' Jury List Due Open Soon

The special venire list of 100 names for the Allen and Harvick murder trials set for Jan. 24 in 91st District Court is ordered to be opened by Jan. 10, District Clerk Roy Lane reports.

The 100 named potential jurors for the cases will be ordered for the 24th, when one of the trials will begin. Those not selected that day will be asked to return the following Monday, Jan. 31, when the other trial will probably begin. This procedure will prevent having to call two 100-name lists, it is reported.

Ivan J. Allen, 70, has been arraigned for murder with malice in the fatal shooting of his nephew, Dr. Albert F. Keidel Jr., 37, on Allen's ranch south of Ranger Sunday, Nov. 7.

Mrs. Melvin E. Harvick has been arraigned in a murder with malice charge. She is charged with the fatal shooting of her husband at the Terry Place housing project in Ranger, Nov. 14.

Both are free on bond. District Attorney Perry T. Brown has indicated that he will not qualify jurors on the death penalty in either case.

Eastland attorneys Bill B. Hart and Virgil T. Seaberry Jr. represent Mr. Allen, and Earl Conner Jr. represents Mrs. Harvick. Self-defense is expected to be the defense plea for her.  
A question concerning the validity of the indictments

against the two apparently has been resolved without the necessity of calling back or calling of another grand jury for re-indictments.

It is reported that immediately before the last grand jury was impaneled, it was learned that one of the prospective jurors was not qualified in that he had not paid his poll tax. This apparent was corrected by his so doing before the impanelment. According to reports, the jurors are considered qualified on they are impaneled.

Both Judge Frank Sparks and District Attorney Brown indicated that they could not see the need for a calling grand jury before late January, barring unforeseen circumstances.

**Ciscoan's Brother Was Discoverer Of Famous Caverns At Carlsbad**

By SAUNDRA COAPLAND  
A long-ago written letter from an old friend can bring back fond memories and reveal details of an important discovery.

Mrs. E. Frances Sublett, 73, resident of Cisco, possesses such a letter—one that was written by Bob Beverly known as Hobo Of The Range, to Mrs. Sublett's brother, Jim White, famous discoverer of the Carlsbad Caverns.

Mrs. Sublett is the mother of County Sheriff, L. E. Sublett.

Frances White Sublett was one of ten children, (five boys, five girls). Her famous brother Jim died in April, 1946. She has a sister, Rosie, who still lives in Carlsbad, and a brother, Joe, of Long Beach, Calif. Her husband died in 1942.

Small of stature (five feet, two), Mrs. Sublett is still amazingly active — she frequently walks to town — and is a real conversationalist.

She is fond of "jetting" around over the country and recently made her third plane trip when she visited a son in California. She resides at 1307 Ave. G, Cisco. Reminiscing and talking of her family is one of her favorite past-times.

The White family lived in Mason County when Jim White was born on July 11,

1882. Born on a ranch, he began riding range when he was ten years old. The family moved to New Mexico and lived there awhile before moving to Eastland County. Jim White worked on ranches in this area for several years. A "brone buster" he went back to Carlsbad in the early 1900s and teamed up with John and Dan Lucas, who owned the XXX Ranch, which was about three miles from the entrance to the cave. Seeing the bat flight started Jim White's exploring and discovery.

The following letter was a tribute paid to Jim White after he died in April, 1946:  
Well, old Pal, I am today drooping you a line as I see in the Carlsbad CURRENT-ARGUS of April the 29th, where you had rode out on that long, last trail.

Jim, it is a long train from Mason County, Texas, where you rode in one morning in 1882, and from that time on, until April 28, 1946, making you over the one-half-century lifetime in a part of the old West, not where the West begins, but where the West is.

Jim, I have personally known a lot of trail blazers, and I have known a lot of men who travelled over a lot of their trails. But God, Himself, only made one Jim White and he threw away the molds and there will never be an-

other Jim White.

All the years past, for 45 years, have we been drawn towards one another and in many ways. We often drank the same kind of drinks. We often talked the same kind of language, especially when the drinks were a little too warm, and we had nothing for a chaser but alkali water and sometimes none at all.

You had your faults and I had mine, but we often counted it just so much hard luck, and I guess of all the good luck, and all the hard luck, too, you and I have had, was piled up in one pile, it would be the biggest pile of luck that most anyone ever saw.

Jim, I have read accounts of thousands of old trail drivers and have also known such men personally as Goodnight and Col. Jack Potter, but their trails are no com-

intestines enough to blaze down beneath the surface of this old land you and I loved as our birthright, bequeathed to us by our forefathers who had the nerve to undergo the parison to the one you had hardships they did; to hand us a land where we could live a life of freedom.

Those old trail drivers had the sun in daytime and the moon and the North Star at night, but Jim, you had the lonely flare, at times only a small tallow candle and cotton strings to help explore one of the great underworld Caverns.

The last time you and I went beneath this rock-ribbed soil around the Cavern together, you remember we strolled along behind a large crowd and you could say, "Bob, let's drop out here and go down this canyon," and we would soon be in a lighted room large enough to keep our old horses in, and soon the crowd would come upon us sitting on rocks, resting ourselves, and my sisters from California, who were in the crowd, would say, "Well how did you all get ahead of us?" Yes, Jim, you knew your trails, but their trails are no com-

## Churches Note Birth Of Christ In Services

**BY SAUNDRA COPLAND**  
Most of Eastland churches will dedicate their morning and evening services to the birth of Jesus Christ. The public is urged to attend the church of their choice. Services are as follows:

**Because We Sell Insurance —**

... naturally we have a very special interest in the welfare of those who drive moving vehicles. With the period of early darkness already upon us and with snow, ice and slick pavements in prospect, this is the season for extra care by both drivers and pedestrians. Unless more driving caution is used than ever before this holiday season may be remembered more for its record traffic deaths than for the glorious evening which we celebrate this month. So drive with care and always with adequate insurance protection.

### Sublett's Brother

(Continued from page 4)  
you have rode out on so many have ever back Jim, but I know I look around some country where you and if my any chance a lot of bats swarm and, you will be get a job to go in where fear to tread.

JIM WHITE

Jim, we loved the old hills. We loved to feel lonesome when the wolves cried out their lonesome wail at night. We loved the smell of the horse when he was wet with sweat after a long ride across the open hills of our land.

We loved the sweet-smelling cactus blooms in the early springtime and the cry of night owls as they hovered around our lonely camps in the hills and mountains and at early daybreak the loud call of the old wagon cook as he hollered: "Come and get it, or I will throw it out."

But now, never again will we throw the drive in on Black River or back on Castle, nor again will we take orders from the round-up boss at Rustler Springs or over on Cottonwood or ride down McKittrick Canyon or a round Pine Springs or any of the round-up grounds.

But when we ride together again, the Great Rund-up Boss of all this land will be in charge.

And if you have a chance, I wish you would have Him place you in a little camp on some high mountain where I might be permitted, at some future date, to come and spend a few hours of eternity paying you a long-promised visit. But Jim, it is going to be lonely here after you have rode out on that great trail we all must, sooner or later head out over, but this time Jim, you rode out on one that all our forefathers had traveled over before us, but we know we have to sit tight in the saddle on this last ride.

And when we swim that last river where the waves of our past life roll around us, there is only one who can give us strength enough to sit steady on our old pony and keep our feet securely in the stirrups. He stands at the gate that is always open to those wearing His brand, and cheers us on and bids us welcome to His camp.

Jim, there is in this life, a few spots of sun that are hot by clouds soon overcast.

And life will be by many just begun when our is forever past.

And when I ride up to your little shack, as I will some bright and glorious day, I hope to hear you say, "I knew you were coming, when I never came back."

So long, old Pardner, until we again have a chance to rehearse a few stories of the past in a land where no ponies ever hump up on cold mornings and where the water of life may be drunk freely and the old cook camps his chuck wagon in the green valley of life everlasting. Trusting all is well with you, old Pal, I am, mournfully, BOB BEVERLY.

Holiday guests in the home of Mr. and Mrs. J. H. Windland will be Mr. and Mrs. N. F. Cowan and Sylvia of Longview, Mr. and Mrs. Ronnie Gibbs and Ronna Kay of Weatherford and Mr. and Mrs. J. W. Windland and children of Abilene.
