EASTLAND'S fine elementary school Cafeterium ceremony came in for service and this week as the Lions their Teacher Banquet Thursday evening and Band Boosters put on Smorgasbord Friday.

Dr. Gordon Bennett, president of McMurry College, speaker for the Lion and called the building of the best planned and situated he had ever seen—such an educator has rarely seen his share. Theaters fed 550 people between 5 and 7:30 p. m. in the great hall with the most delicious food you could imagine we might add. In respect isn't it nice to be in a town where the peacemakers turn out so wonderfully support their band and have good meal and fellowship ther. Living in the big with its coldness, "be

**A BORN TEACHER IS REWARDED** — Miss Verna Faye Johnson receives the Outstanding Teacher Award Plaque from Donald Kinnaird Jr. at the Eastland Lions Club First Annual Teachers Appreciation Banquet at the Elementary School Cafeterium Thursday evening. Surprised at the honor, but not-the-least "taken aback," Teach Johnson, or more simply Teacher as her students lovingly refer to her, responded with sincere and clever remarks. ## Outstanding Award To 'Teacher'

(ED. NOTE: The following are the presentation remarks made by Former Teacher Donald Kinnaird Jr. Thursday evening as he made the presentation, revealing Miss Verna Faye Johnson as Eastland's Outstanding Teacher at the Lions Club Teachers Appreciation Banquet)

The ability to teach is one of the most elusive of human mysteries. Some people are born with it; they have only to walk on to a platform or into a classroom, and the meeting comes to order automatically. It has nothing to do with one's personal appearance; some of the most insignificant creatures that ever breathed have been able to twist a group's thinking round their little fingers.

Few, however, that are not born with the ability ever achieve it. It can be done, of course, like everything else, by laborious persistence and infinity of backbone. But in the main, "NO."

You may be earnest, eloquent, shrewd, humorous — but The Thing, that intangible talent of which I speak, u

less you are born with it, is not for you, and never will be. There is a member of almost every school faculty, who as a teacher, as a personality, as a community person becomes a legend. The behavior of this individual is removed from the norm. Children, Teachers, Superintendents, quickly detect this unusual characteristic. It is talked about, and recognized by everyone with whom they come in contact. It forms the meat of luncheon, playground, bridge table and faculty lounge conversation.

What a dull, gray world it would be, if occasionally such a teacher, outstanding in attributes of personality, classroom techniques, teaching methods or appearance, did not emerge to give school folklore — that precious cup which contains tradition, continuation and bits of broken rainbows. . . . Such a person is the recipient of our award tonight.

The individual to be honored is a graduate of Texas Tech and The University of Texas. The beautiful teaching career which we are recognizing tonight began at Yellow Mound in 1924. This person graced the halls of the Eastland Public Schools for the first time in 1926 and has since earned the respect of all educators and parents alike within this area.

This lovely person has taught at least three of the present faculty members of the Eastland School System, including Mr. Seibert, the Superintendent. The Senior Classes for many years chose this teacher as their sponsor.

The many hours of work outside the regular teaching load of this kind educator are unequalled, and several years ago a 10 p.m. curfew, for outside counseling had to be set up.

We could easily estimate that at least 2,000 students have had their lives enriched by exposure to the study of English within the walls of

## 39 Faculty Members Honored at Banquet

All Eastland public school teachers were honored at the Lions Club's First Annual Teachers Appreciation Banquet held at the Elementary School Thursday evening.

The teachers had picked one of their own number for special recognition and saw Miss Verna Johnson named as Outstanding Teacher of the Year, as Donald Kinnaird Jr. presented her a silver plaque.

The 39 faculty members were introduced by their respective principals, and each drew applause from the capacity audience as each name was called. Charles Marshall introduced the high school faculty; J. W. Bailey the junior high faculty; and Ray Neal Baize, the elementary faculty.

Lion J. T. Gregory was general chairman for the event and was assisted by J. C. Poe, Bill Leslie and Everett Plowman.

Guest speaker Dr. Gordon Bennett, president of McMurry College, said "Dedicated teachers hold the keys to our heritage. This is nothing new — it has always been so. Tonight, I'm proud to be a Lion and to participate with Eastland Lions in honoring your teachers."

"To you teachers I say there are three things you must do for our boys and girls One, teach them to dream — not just daydream. Two, give them a sense of individual importance, and three, stimulate their curiosity."

Former teachers recognized were Mrs. I. C. Inzer and Mrs. Guy Patterson.

Supt. Wendell Siebert also introduced transportation, lunchroom and custodian personnel for recognition. The guest speaker was introduced by Joe Weaver and Club Sweetheart Jennifer Pryor provided dinner music.

Clint Bray gave the invocation and Homer Smith the benediction. H. V. O'Brien was master of ceremonies.

## Bill Spence Has Service Manager Course at Ford

Bill Spence, service manager at Hood King Motor Company in Eastland, has graduated from the service management course, conducted in Dallas by the Ford Marketing Institute.

The course is one of a number offered at the Institute to dealers, their personnel and Ford Motor Company employees by professional, full-time instructors.

Subjects range from management and merchandising courses for dealers and their department managers to selling courses for salesmen.

Expected to visit in the near future in the home of Mrs. C. L. Noble is her daughter, Mrs. Wallace Hawkins of Cuba.

## Homemakers' Style Show To Be Tuesday Evening

The Eastland High School homemaking students will present their style show Tuesday night, May 17 at 7:30 p. m. in the Eastland High School auditorium. The students will model the dresses made in class as well as some garments made at home. Pre-school children will wear the garments made for them by the second year class.

Kathy Kincaid, Future Homemaker of America president, will be the commentator. Mary Ann Turner, a homemaking student, will play the background music.

The public is invited to attend the style show.

## Nolan L. DeFord Named Agent For Humble Oil Co.

The Marketing Department of Humble Oil and Refining Co. has announced the appointment of Nolan L. DeFord as commission agent for Eastland County and portions of Palo Pinto and Callahan Counties.

The announcement was made by W. A. Dreier, manager Fort Worth District Marketing.

Mr. DeFord has served the Humble company in various capacities since 1946. First as a service station manager in Gordon, and commission agent at Strawn in Palo Pinto County. He moved to Eastland 12 years ago and was local manager for Humble when he joined Barton Oil Co. in 1960, a reseller of Humble products.

He is a veteran of World War II, having served with the 36th Division for five years.

Mr. and Mrs. DeFord have one daughter, Nannette, who is a freshman at the Eastland High School. They are members of the First Baptist Church.

Mr. DeFord has announced that Mr. Deibert Justice is tank wagon salesman.

## 72-Bed Nursing Home To Be Built in Eastland Soon

Construction of a 72-bed nursing home is expected to begin this month in Eastland, according to an announcement by a spokesman for a corporation chartered for that purpose.

Principals of the corporation are three Eastland physicians and two out-of-town men who have nursing home operation experience.

The new home will be known as Colonial Acres and will be located on a 300 by 400 lot on the South side of Sadosa St., facing Dixie St.

It is expected that construction will take some four and a half months, with tentative grand opening to be held in the fall, the spokesman said.

Some \$200,000 is expected to be spent in construction of the new facility, and will enhance Eastland's status as a medical center for this area.

The air conditioned building to be of brick veneer will be built to state and local requirements and qualify for Medicare specifications, and will be a "state vendor home," he said. Design will be similar to the Keeneland Home in Weatherford.

The new facility will offer professional nursing services, special dietary service, and at full capacity will employ from 30 to 35 people, the spokesman said.

The building will be of fire proof design and include a chapel, beauty and barber shops, with a modern nurse-call system, and fire detector system. All halls will have hand rails. Private and semi-private facilities will be available.

The air conditioning will be controllable in the individual room.

Further announcements concerning the new nursing home are to be made soon, it was reported.

## CHAMPS OF SEVEN TOWNS TO COMPETE ON SATURDAY

Take the top athletes from the towns of Ranger, Eastland, Cisco, Breckenridge, Jacksboro, Mineral Wells, and Weatherford, fire them with a spirit of school loyalty, work out each day from now until May 21, then put all in competition on the track of Ranger Junior College, and what do you have? We don't know — we only know that anything could happen and you want to be there when it does.

Five groups, 9-10, 11-12, 13-14, 15-16, 17-18, will compete in five events. It may turn out to be a battle of champions, what with Jerry Watson, second place winner in recent state finals representing Ranger High School, not to mention other champions.

All of this for the unbelievable low price of \$1.00 for the day. The Jaycees invite you to meet your friends for a day of fun at the RJC Track. Several Eastland athletes are entered in the meet and they are as follows:

In the Prep division will be Jimmy McCullough, shot put; Danny Brooks, shot, Randy Boles, hurdles, high jump, Dudley Coaplund, 440 relay and high jump; Larry Wilson, relay, pole vault, 100 yard dash, Randy Lowrance, 220 yard run, Joe Trout, relay, 880, 220, John McClesley, relay, broad jump; Daryl Thomas, relay, 100 yard dash; and Randy Squires, pole vault, 100 yard dash, and the broad jump.

Entered in the Intermediate division for 15-16 year olds will be as follows: Robert Munoz, pole vault, 100 yard dash, high jump; Phil Hunt, 220 yard dash, and the 440 yard relay.

Entered in the Senior Division from Eastland will be Rodaney McCoy, pole vault; Gene Wilson, 880 yard run, Edward Ivory, 220, 100, 440 yard dash; and Larry Finley will run the 100, 220 yard runs and the 440 yard relay.

Entrants for the track meet will be from several area towns including Cisco, Ranger, Breckenridge, Mineral Wells, and Carbon.

The Jaycee program is not part of the school program and the transportation is up to the individual who is competing in the track meet, the coach said.

## Funeral Rites for Mrs. Langston Monday at 4 p.m.

Funeral services for Mrs. Helen Marie Langston, 43, will be held Monday at 4 p. m. at Killingsworth Funeral Chapel with the Rev. Bob Ferrell, pastor of Olden Baptist Church, officiating.

Burial will be in Evergreen Cemetery Ranger.

An Eastland resident for six years, Mrs. Langston passed away Friday, May 13, in Eastland Memorial Hospital.

She was an L.V.N. and had worked at Sunrise Menor Nursing Home in Eastland for six years.

Born April 14, 1918 at Kaufman, she was the former Helen Marie Reed and married C. L. Langston Dec. 2, 1965 in Eastland.

She was a member of the Church of the Nazarene in Ranger.

Survivors are the husband, a son, S. Sgt. William Reed, stationed in Viet Nam; three brothers, J. D. Taylor, Woodrow and George; and one sister, Hettie Taylor.

## No Indictments From Grand Jury

No indictments were returned this week by 91st District Court Grand Jury, according to Mrs. Henry Van Geem, District Clerk deputy.

The jury recessed Thursday, May 12, at 7:20 p. m. until Monday, May 16.

## Graveside Rites Sunday For Mrs. Williams

Graveside services for Mrs. Cornelia Williams will be held at 4 p. m. Sunday, May 15, in Eastland Cemetery under the direction of Arrington Hamner Funeral Home.

Born March 22, 1875, in Ray County, Tenn., Mrs. Williams died at 3:05 a.m. Saturday, May 14, in Breckenridge Nursing Home after an extended illness.

She had lived in Breckenridge for the past four years and was a member of the Rose Ave. Baptist Church.

## Howard Patton Funeral Service Sunday At 2 p. m.

Funeral services for Howard Wayne Patton, 23, will be at 2 p. m. Sunday in the chapel at Arrington Hamner Funeral Home. Burial will be in Eastland Cemetery.

The Rev. J. E. Lamb, pastor of Pentacostal Church, Ranger, will officiate.

Born in Eastland, Jan. 3, 1943, Howard was the son of Mr. and Mrs. Jim Patton of Eastland. He passed away at 3:50 p.m. Thursday, May 12, in a Big Spring Veterans Hospital.

He and his wife had lived in Odessa for the past six months where he was employed with a plastic company. He married Violet Hufstutler Oct. 1, 1965.

Survivors include his wife; his parents; four brothers, J. L. of Odessa, Eugene of Duncannonville, Billy Ray and James, both of Eastland; three sisters, Eula West of Odessa, Verna Mae Slade of Danville, Ill. and Wanda Vineard of Hickory, Ky.; his grandmother, Mrs. Geneva Purdom of Eastland and several aunts and uncles.

**Outstanding Teacher**  
(Continued From Page 1)  
This learned teachers classroom.

The person we honor tonight not only provides guidance for the young minds within her classrooms but advises, in many instances, prior students who return to seek her counsel. We many times judge one's works by what one produces.

The school system of Eastland is blessed with an excellent faculty in its entirety. In using this scale, however, there is no other single faculty member who has molded so many minds, influenced aided students financially, and has achieved more respect and admiration of both her colleagues and Eastland citizens than the one honored tonight.

The educator we are honoring received a letter dated December 12, 1965. I would like to share with you some excerpts from this letter which Mr. Seibert gave me. These excerpts are self explanatory and represent the highest tribute a teacher can receive.

I might mention at this point that the young girl who wrote this letter was emotionally at the lowest ebb possible... When she received a helping hand from the recipient of tonight's award — (I quote)

"Perhaps you have occasionally wondered what has happened to me. I know I frequently remember Eastland High and all of the wonderful faculty there. I'm sure you all realize that had it not been for you, I would probably not have finished school. I can only say "Thank You," with all sincerity, for the help I received during that difficult period. I hope you feel, that the extra effort you expended to me, was worth it. I know it was for me. Again my heartiest thanks to all of you. God bless you. Sincerely..."

It might be of interest to each of you to know that the young woman who wrote this letter has already been sent

or is awaiting overseas with the Department.

Was it worth it? Miss Verna Faye n Levens thinks so.

It is indeed a pleasure to honor for me to present a plaque to Miss Johnson only from the Lion's Rotary and from her colleagues, appreciative students, and grateful hearts of Mrs. Ge of Uvva mb of F lcomb a Angelo; children in in Rodg Epping at Austin in t Hu son ar Mrs. B

**Lady, you'll just love flameless electric cooking...it costs so little a meal**

When you cook the modern electric way you cook for pennies. It costs an average of only about 3c a meal. Surface units on an electric range use heat thriftily, cooking by direct contact with utensil bottoms. The electric oven, insulated all around including the bottom, keeps heat inside where it belongs. And once the oven reaches the baking temperature you select it uses electricity only about one-fourth of the cooking time. The low cost of cooking delicious, wholesome meals for your family is another of the many reasons why you'll love flameless electric cooking.

## THIS COUNTY RANKS 142nd IN OIL, GAS PRODUCTION

As Texas celebrates its 100th anniversary as an oil-producing state, Eastland County shares in the development that made the Lone Star State the No. 1 energy source for a booming American civilization.

Eastland County ranks 142nd among the Texas counties producing oil and gas.

## Pecan Field Day Is Set Monday In Gorman

The annual spring pecan field day will be held next Monday, May 16, at Gorman, according to J. M. Cooper, county agriculture agent.

The morning session will be held in the banquet room of the Brown Jug Cafe, beginning at 9 a.m.

After lunch in the same room the group will go to the nearby pecan orchard of Charley Underwood for a field trip and to check on the progress or stage of the pecan nut case bearer.

Fred Brisson, retired professor of the horticultural department of Texas A&M; B. G. Hancock, horticulturist of the Texas A&M agricultural extension service, and Tom Denman, horticulturist of the agricultural experiment station, Stephenville, will be on the program.

Cooperative marketing, fertilization, pollination, banding for the pecan nut case bearer and control of insects and diseases will be discussed on the all-day program.

Arthur D. Ellington, president of the Eastland County Pecan Growers Association, will give a report on the results of the pecan grafting session held April 18, at the T. Graham Orchard in Cisco.

On behalf of myself and my family and friends, let me say that I am very grateful for the vote and support that I received in the Democratic Primary.

This vote of confidence makes me even more mindful of the responsibility of holding public office. I shall try in every way to prove worthy of your trust and respect.

## New Gas Ranges Are On Display

Modern gas ranges with full scope economy and automaticity will be on display through May 31 at local gas appliance dealers and Lone Star Gas Company offices during Lone Star's Gas Range Campaign to commemorate the 150th anniversary of the American Gas Industry.

A wide variety of '66 range models by such manufacturers as Caloric, Roper, Kenmore, Tappan, O'Keefe & Merritt, Gaffers & Sattler, and Hardwick feature styles and colors to enhance any kitchen decor and sizes to fit available spaces with little or no alteration.

In addition, homemakers can choose from ranges tailored to meet the needs of their families. The large family might require double oven flexibility which permits cooking in two different ovens, at two different temperatures, at the same time. For the smaller family, single oven ranges are available in the same attractive styling and with the same automatic features.

sands a year are paid in lease rentals and bonuses on acreage which operators hope will some day yield oil or gas.

In addition to sharing the tax load for local schools and levels of government, oil and gas producers and royalty owners send some \$127,000 a year to the State Treasury in severance taxes. Oil taxes account for \$75,000; gas \$52,000.

Triggered by the first discovery in 1917, the search for oil in Eastland County is still under way. The Oil and Gas Journal reported 16 wells were drilled in the county last year. Five of these were "wildcats" seeking new fields or production from new strata. Results: 5 oil wells; 4 gas wells; 7 dry holes. Oil men and other investors risked an estimated \$441,000 in Eastland

County to drill 56,000 feet of hole. Some \$120,000 disappeared forever in dry hole. The Texas Employment Commission reports an industry payroll of about \$1.7 million a year for Eastland County. This, of course, is only part of the total employment created by petroleum operations for many others work in related service and supply jobs.

One of the most significant technological developments in the last two decades has been the high recovery of liquid like butane and propane from natural gas. Four plants operating in the county produce approximately 71.3 million cubic feet of gas-a-day, which gives added value to gas production here.

Payrolls, distribution of royalty checks to local landowners, new drilling ventures and tax payments are some of the ways by which oil and gas revenues are injected into the Eastland County economy.

One of the most important "crops" harvested by Texas ranchers, farmers and other landowners is the royalty interest from oil and gas operations. These payments are at the rate of approximately \$97,000 a year in Eastland County. Many more thou-
