### FARMERS GET IMPORTANT ANNOUNCEMENTS FROM ASCS

G. Meredith, office manager of the Agricultural Conservation and Conservation Service, has made the following important announcements:

Compliance determinations on peanuts, feed grain, cotton diverted acres will begin in the near future. The ASCS office will appreciate your cooperation when the reporter calls at your farm to measure your crops.

If you have diverted acreage, be ready to show the reporter the designated area. Please notify this office at your earliest convenience and identify the area if you do not plan to be at your farm.

Producers participating in the 1966 cotton and feed grain programs who plant cotton and feed grain are reminded that the crop must be planted and treated in a workmanlike manner to be eligible for price support payments.

Cotton producers are reminded that this will be a definite factor in the protection of 1966 cotton history.

Eastland County cotton producers voted 123 to 33 in favor of transferring cotton allotments outside the county for 1967, 1968 and 1969. Transfers may be initiated from June 1 to December 31; however, the 1967 allotments and yields will not be available until September or October.

If you have any questions on how to protect your 1966 history you should contact this office immediately.

Producers who have cotton production records for the years 1963 through 1965 should bring them to this office in order that they may be filed for future production data.

Final date to file an application for a new grower wheat allotment for 1967 is July 1, 1966. To be eligible, a producer must have at least two years wheat growing experience out of the past five years. He must also receive 50 per cent or more of his current years income from the farm on which the request is made.

Producers who plant other crops in peanuts in less than four row patterns are reminded that the other crop must be competitive during the entire growing period to be eligible for full deduction.

**ARE YOU IN ORBIT NOW?**

... is another way of asking, are you on the right track? For example, the person who is telling his creditors that he will pay up never does, is on the wrong track. And keeps putting off from day to day providing self adequate insurance protection for all insurance risks, and never does, what about? Well, he's out of orbit. The moral is, stay in and our of trouble and let us show you how.

# Area Junior 4-H Workers Attend District Leadership Conference

Some 127 4-H junior leaders and county extension agents took part in the District Eight 4-H Leadership Development Congress at Tarleton State College June 13, 14 and 15, following and carrying out the theme, "Take A Part? I'll Be Glad To."

The leaders were broken into involvement groups of assembly, banquet, group living, relaxation, recap, recreation and agents. In these groups the junior leaders actually did the planning and execution of

these plans for the congress. Through this experience, these 4-H members learned to do by doing.

The group was welcomed to the campus of Tarleton State College by Dean Paul Cunyus, Dean of Instruction, Mr. Robert T. "Sonny" Davis, President of the Texas Leadership Institute Inc., and Dr. Bardin Nelson, Texas A&M University Sociologist spoke in general assemblies. Mr. Davis a well known leader throughout the state and who has spoken to youth groups in Eastland, spoke to the group on the "Six Steps to Greatness for 4-H," giving the concepts and the principles.

During the congress there were assemblies, games of ping pong, volley ball, horse shoes and washers. This was planned by the leaders-youth leaders. Andy Hamilton, Eastland County delegate from the Ranger 4-H Club, was a member of this group and planned this part of the program as well as participating as a leader.

Recreation was in the form of night parties. Monday night the theme for the party was "The Jet Set". The participants were divided into

groups and given tickets for a trip around the world by jet. One of the stops was London, in which Eva Thompson, Ranger 4-H member and also a delegate to the congress, was responsible for the decorations and directions for the game, "London Hats". Miss Thompson led the six different groups in this game as a part of the jet trip.

Robert Harbin, Eastland 4-H Club member served as a member of the group living committee. This committee kept the members of the congress aware of certain college rules which had to be followed as we were visiting a college campus; in charge of the registration and reception; the flag ceremony; how the group was expected to dress for the different occasions and places. Robert took an active part as a member of this group and had a part in the flag raising ceremony. They also played another important part — responsible for refreshments at mid-morning and mid-afternoon.

Many learning experiences were taken advantage of, one was the banquet on Tuesday night. Sharon Harbin, Eastland 4-H member, served with this group. They planned, decorated for, and conducted the program for the banquet. Sharon had a part on the program which was a mock Art Linkletter program in which all were involved as well as those in the audience.

Yes, all who attended the Leadership Congress answered the challenge in the theme "Take A Part? ... I'll Be Glad To." They left the Congress after the noon meal Wednesday anxious to return to their own Counties and waiting for someone to say they are anxious to put to use the information and experience which they received so they may develop better Leadership in themselves as well as in others. A challenge to you is, give these youths the opportunity to Take A Part.

Hang up if the caller doesn't say anything.  
Hang up at the first obscene word.  
Hang up if the caller doesn't identify himself to your satisfaction.
