#### HOME TOWN TALK

By Beddy

THERE are very likely many whose children have not been listed in the 1930 Big Spring district scholastic census. It is very important that every child who will be 6 years old September 1, 1930, or not older than 18 years on that date, be included. The enumerators have been very thorough, but they cannot get every child.

The general census will be started Wednesday. Beginning in a few months now there will be daily dispatches over the Associated Press wire from Washington giving population of cities throughout the nation; many towns will be registering protests that their population is too low and that some neighboring town has been given more than it deserves.

The big thing for Big Spring is to see that every human being is listed in the census. We'll stack up mightily well with other Texas cities if we make it a perfect job. The school officials, the Chamber of Commerce and other organizations can aid the census takers.

IN 1920 there were 104 men to every 100 women in this country. Whether that ratio has fallen or risen will be one of the most important facts to be determined by the 1930 census, according to Dr. Joseph A. Hill, acting director of the census. Wonder what the ratio will be in Big Spring. The way these poor, neglected bachelors find time weighing on their hands it does look as if there were about 100 men to every 10 women. "Wotta plight! Of course we married guys don't worry about anything except that the ratio is even, as to numbers.

In the first very simple decennial census but four questions dealing with the sex of inhabitants were asked. Many more are asked now. Answers to these are of much value in determining mortality rates, calculations of life tables and in studying the incidence of disease. It is a knowledge that is needed in business, in legislation and in other connections.

And, by the way, there is a penalty for refusing to answer questions which the census enumerators must ask. Better answer them all. Uncle Sam says so.

THREE elections will be held within a period of three weeks: the regular city election to choose three commissioners, next Tuesday; the regular school election to choose three trustees, Saturday, April 5; the school bond election to pass on a proposed bond issue of \$100,000, April 17.

A record vote was cast in the recent municipal bond election, more than 1,200. Record votes should also be polled in the coming elections, for the simple reason that there are many more qualified voters in the city than ever before. Every person who voted on the three bond issues should vote in the election of next Tuesday, to choose commissioners.

#### T. A. Milner Dies, Rites in Abilene

Funeral services will be held from the South Side Baptist church in Abilene at 3 p. m. Friday for T. A. Milner, father of J. L. Milner of Big Spring, who died at his home in that city Wednesday night, friends here were advised.

The wife of T. A. Milner was buried in Abilene last autumn. His son and daughter-in-law from here left during Wednesday night on being informed of his death.

#### PRACTICAL PROOF NOW PRESENTED

Significance Explained By American Scientist

BERLIN, March 27. (AP)—Professor Albert Einstein, has presented to the Prussian Academy of Sciences a new paper he has written with Dr. W. Mayer on two strictly static solutions of the field equations of his uniform field theory. It connects gravitation and electricity.

Three solutions were described as follows: These field equations can be rigorously solved in two cases. The first case is that of a spherically symmetrical field in space, for example, the external field of an electrically charged sphere of fixed mass. The other case is that of the static field of any number of uncharged mass particles at rest with respect to one another.

By HOWARD W. BLAKESLEE, Associated Press Science Editor. CAMBRIDGE, Mass., March 27. (AP)—Einstein's first practical proof of some connection between gravitation and electricity is announced in his new paper.

His discovery of mathematical equations which he said prove that gravitation and electricity are related created a world sensation, about a year ago. One of the great goals of science is the learn the connection between these two universal forces. With light, they affect every moment of human life. Einstein's first announcement did not attempt to say what the relation is, but only that its existence is demonstrated in mathematical formulae, which he called field equations. These equations, however, failed to work altogether satisfactorily, and their accuracy was challenged. Einstein modified them seeking to eliminate weak spots. The Berlin Dispatch indicates success.

Significance Dr. M. S. Vallarta, assistant professor of physics at Massachusetts Institute of Technology, today explained the importance of the Berlin announcement.

"It means," he said, "that Dr. Einstein has found from his latest equations both the laws of gravity and the laws of electricity. The same equation gives both of these laws correctly. This, at least, is the conclusion to be drawn from the brief description.

"By giving correctly both gravitational and electrical laws, the equations seem to verify the existence of a connection between the two fundamental forces. This is the first time that a mathematical solution has worked. It is very important.

An idea of the first solution—that of a spherically symmetrical field in space—may be obtained from comparison with physical conditions upon the sphere which as conceived in the mathematical solution, is not flattened at the poles like the earth, but is perfectly round. With such a globe the pull of its gravitation would be the same everywhere at a given distance above the surface. The electrical forces of such a globe—assumed to be electrically charged—would likewise be symmetrical. It is to the gravitational and the electrical forces of such a globe that Einstein has applied his field equations.

The second solution is not so important, being in the nature of a confirmation."

PAJAMA PARADE CAUSED BY SMOKE IN HOTEL. WICHITA, Kan., March 27. (AP)—A parade of pajama clad guests, including several girls' basketball teams playing in the National A. U. tournament, was started early today when dense smoke clouds poured into the Hotel Lassen here from a fire in the hotel drug store. The damage was slight.

#### Marilyn Miller To Marry Again

NEA New York Bureau After rumors that reported her engagement to literary scores of celebrities, Marilyn Miller, above, noted stage star, has announced that her third husband will be Michael Farner, an Irish capitalist living in London. She was divorced three years ago from Jack Fleckford, screen actor and brother of Mary Pickford, and her first husband, Frank Carter, also an actor, was killed in an automobile accident.

#### PEN MONEY BILL FILED

Governor Vetoes Seven Bills; \$575,000 For Rehabilitation

AUSTIN, March 27. (AP)—Governor Moody today filed without his signature the bill appropriating \$575,000 for rehabilitation of the penitentiary system. He vetoed seven bills, including bills creating two new district courts.

He filed the bills creating new district courts in Dallas county, in Nueces county, and in the Panhandle comprised of the counties of Gray, Hutchinson and Carson counties.

Court bills vetoed were those creating the 120th district of Van Zandt, Kaufman, Rockwall and Dallas counties and the 115th district of Coleman, Runnels, Tom Green, Coke and Concho counties.

The governor had not taken action on the bill appropriating funds to meet emergencies of state schools, eleemosynary institutions, departments and the penitentiary system.

#### Organization Of Independents Is Seen At Meeting

FORT WORTH, Texas, March 27. (AP)—Organization of the Independent Petroleum Association of Texas was in prospect of completion today after a meeting of the directors.

Tom E. Cranfill of Dallas, president, was authorized yesterday to name a committee of seven to effect completion of the organization and plan a membership campaign, as well as to appoint a legal committee to consider effect of possible rules under the new pipe line law.

Russell Brown of Ardmore, representative of Wirt Franklin, conferred with the directors regarding the national convention of the Independent Petroleum Association of America, set for April 18 and 19.

J. K. Scott of Big Spring was improving satisfactorily Thursday after having undergone a mastoid operation in a local hospital. His wife and daughters, Viola and Thelma, and two stepsons, A. S. and A. L. Wood, reside here. Two daughters, Mrs. George Bynum of Waxahachie and Mrs. George Fletcher of O'Donnell, with Mr. Fletcher and a son, A. A. Scott, of Waxahachie, with Mrs. Scott, were with him.

#### PRISONERS FRIGHTENED BY ATTACK

Warden Bares Plot To Burn Pen Factories

JEFFERSON CITY, Mo., March 27. (AP)—Tear gas bombs and clubs were used to rout 750 convicts from the dining hall of the Missouri penitentiary this afternoon and quell a second mutinous outbreak in as many days. About twenty prisoners were injured in the clash with prison guards and a company of Missouri National Guardsmen.

Fifty more convicts who worked in the twine factory announced after lunch they would not return to work and were taken immediately to their cells. The factory was closed.

At this time most of the industries inside the prison had ceased operations.

The convicts were dislodged with "dead" tear bombs containing gas which were hurled into the dining hall to frighten them, but when they started rioting the guardsmen brought their clubs into action.

Windows in the dining hall were smashed, and objects were thrown, but the prisoners were not armed, and the skirmish was short lived. While it was under way a force of national guardsmen was stationed at one end of the stockade with machine guns trained on the wall, but not a single shot was fired.

JEFFERSON CITY, Mo., March 27. (AP)—Warden Leslie Rudolph of the Missouri penitentiary announced this afternoon that he had bared an organized plot among convicts responsible for today's rioting to burn down at least two prison factories, and if possible, to make a break for liberty.

#### Trafton May Be Suspended For Carnera Fight

KANSAS CITY, March 27. (AP)—Harry Davis, member of the state boxing commission, announced today he would recommend to the commission the indefinite suspension from Missouri boxing rings of George Trafton, Chicago heavyweight, who was knocked out in 54 seconds here last night by Primo Carnera, Italian giant.

Trafton did not land a clean blow on Carnera and was counted out after three knockdowns. Davis said the blows that resulted in the first two trips of the Chicagoan to the canvas did not appear to have been solid enough to cause an upset. The boxing official added he was not sure that the final blows struck by Carnera were of knock-out force.

#### Oil Field Workers Receive Injuries

Two employes of firms operating in the oil fields received injuries for which they received treatment in a local hospital.

J. E. Wallace, employe of the O. H. McAllister Trucking Company, sustained a fracture of the left foot Tuesday afternoon when a tank crushed that member, and L. F. Zirlas, employe by the Cosden Company, crushed a finger of his left hand in a mishap in the fields, Wednesday.

Both men have been released from the hospital.

GERMAN CABINET QUILTS. BERLIN, March 27. (AP)—President Von Hindenburg today accepted the resignation of Chancellor Mueller's coalition cabinet.

#### ACQUITTED OF FALL OIL BRIBE

Edward L. Doheny (center), oil operator, shown with his counsel, Frank Hogan, and Mrs. Doheny, leaving the District of Columbia supreme court after a jury had found him not guilty of seeking to bribe Albert B. Fall, secretary of interior in Harding's cabinet, in connection with the Elk Hill, Cal., naval oil lease.

#### THREE HELD NEAR TEPIC

Kidnapers Of Bristow Caught Negotiating For Ransom

MEXICO CITY, March 27. (AP)—A dispatch to the newspaper Excelsior from Tepic today said three of the bandits who kidnaped J. E. Bristow, American oil man, were captured when they entered Tepic to negotiate for ransom.

Their names were given as Emilio Perez, Jose Guerrero and Jose Guerrero.

The account said that Mr. Bristow was the victim of his own imprudence in entering a part of Nayarit which is beyond civil and military control and against which he had been warned. It was said he had located a gold vein and disregarded the advice.

General Pablo Rodriguez dispatched troops after the remaining bandits.

#### Scout School To End Tonight

The final session of the first annual leadership training school, conducted under direction of the leadership committee of the local Boy Scout council, will be held at the First Methodist church basement this evening beginning at 7:30 o'clock. Certificates will be awarded those who have qualified. A. C. Williamson, area executive, is director of the school.

Attendance at this evening's session will be necessary for several men to qualify for certificates, although a few already have qualified by attending five of the six sessions.

Mr. Williamson reported the Midland school closed Tuesday evening with the awarding of certificates to eleven men.

#### Presbyterians In Social Gathering

A general social gathering of members of the First Presbyterian church was held in the assembly room, educational wing of the new church building at Seventh and Runnels streets Wednesday evening.

Congregational singing and a prayer led by Mr. Donnell opened the meeting. Mrs. Lee Weathers gave a reading entitled, "The New Church," which she composed herself. Readings were given by William Mann, Robert Owen, Lona Tish Heblsen, Temp Currie Jr., Virginia Cushing played a piano solo.

Impromptu talks were made by T. S. Currie and E. E. Fahrkamp. Punch and cake were served following the playing of games. Visitors included Mr. Smith of Wichita Falls and Mr. and Mrs. Hoffus of Fort Worth.

#### Airport Manager

Margaret Perry, who has taken over the management of a Culver City, Cal., airport, has qualified herself as one of the first woman airport managers in the United States.

#### Rum Crusader Arrested For Having Liquor

PAMPA, Tex., March 27. (AP)—For six months, Miss Beulah Allred has fought rum and what she termed the disregard of officers for the prohibition laws. Today she was under arrest, charged with transporting liquor.

Miss Allred protested she bought the whiskey to take before a grand jury in furtherance of her campaign, and she merely displaying it before being hit for the intended purpose, but J. I. Downs, police chief, pointed out that the law did not recognize possibly good intentions.

Immediately after her arrest, Miss Allred, who has conducted her anti-liquor campaign with mimeographed broadsides, advised the governor of her plight.

#### The Weather

East Texas: Rain near the coast, rain and sleet in interior with local snow, somewhat colder, freezing in north and southwest portions tonight; Friday partly cloudy. Fresh to strong northerly winds on the coast.

#### WINS PROMOTION

Carlton Sewell, a local boy, who has been with the Montgomery & Ward company since its local store was opened, has been promoted from salesman in the men's furnishings department to head of the department. This change was made when Rance King was transferred from the local store to the position of floor manager of the Lubbock store.

#### NEWS BRIEFS

PARIS, March 27. (AP)—Premier Tardieu won his first skirmishes on the bill for ratification for the Young plan in the chamber of deputies today. He twice opposed a question of confidence and twice was sustained, first by raised hands and second by a vote of 319 against 262.

PORT ARTHUR, Tex., March 27. (AP)—Denunciation of military training in public schools and colleges and a vote of approval for President Hoover's peace policy were voiced at the morning session of the annual Texas conference of the Woman's Missionary Union of the Methodist Church South in convention here.

PORT ARTHUR, Tex., March 27. (AP)—Advocating expenditure of less money by women for cosmetics and more for the education of young people today, Mrs. J. E. Leigh of Dallas, corresponding secretary of the Texas Baptist Woman's Missionary union, in an address opened the annual convention here last night.

WASHINGTON, March 27. (AP)—Mrs. Josephine Foolsie Knox has been awarded a limited divorce from Philander C. Knox Jr., son of the former senator and secretary of state, on grounds of excessive intoxication and cruelty. The divorce was granted yesterday.

DALLAS, Texas, March 27. (AP)—J. W. Perryman was sought by officers today and Arthur Varnhill was in jail awaiting trial on a petty theft charge, after the two broke suddenly away from a deputy sheriff who was taking them from the county jail to the county criminal court. The pair started running in opposite directions, but Varnhill halted when Walter Liles, the deputy sheriff, fired a shot into the air. Perryman escaped.

PLYMOUTH, Eng., March 27. (AP)—Captain William Rind of the United States lines President Harding died suddenly of cerebral hemorrhage aboard his vessel here today. He was taken ill on the bridge of his ship a few hours before arriving in harbor. His body will be sent to New York for funeral.

CHICAGO, March 27. (AP)—The Rt. Rev. James De Wolf Perry, bishop of Rhode Island since 1911, is the new primate of the Protestant Episcopal church in America. Elected by the house of bishops yesterday, the primate succeeds Charles F. Anderson, bishop of Chicago, who died January 28, last.

BAXTER SPRINGS, Kas., March 27. (AP)—Charged with perpetrating an extortion plot demanding \$50,000 of L. D. Brewster, Baxter Springs capitalist, Miner F. Crawford of Picher, Okla., was held in jail here today in default of bond set upon his arraignment in justice court.

#### VERY LIGHT MOISTURE FALLS HERE

Some Areas Report Heavy Snowfall During Night

A heavy mist that started Wednesday night changed in to a light snowfall before day-light Thursday and scattered flakes of snow continued falling in Big Spring until noon. However, the total precipitation was not sufficient to register at the government farm where a rain gauge is maintained, according to a report received at two o'clock.

Virtually every section of Texas received either rain or snow Wednesday night and Friday morning. The coldest temperature reported along the Texas and Pacific line between Fort Worth and the western border was at El Paso, where the mercury had slided to 23 degrees above zero. Freezing weather was predicted for southeastern parts of West Texas Thursday night, according to the Associated Press weather report received at The Herald office.

The snow blanket that covered Big Spring and immediate territory Thursday morning was light and was all nearly melted before noon. However, Snyder, Ranger, Cisco, Coleman, Throckmorton and Colorado reported heavier falls. Fritz R. Smith of Snyder, district judge, reported to friends in Big Spring that five or six inches of snow had blanketed Snyder and surrounding territory.

Cisco and Clyde experienced 24 hours of mid-winter weather, during which snow fell consistently. However, the fall ceased in both cities between 9 and 10 a. m. Thursday, with the mercury around 35 and 40 degrees.

Rain or snow had fallen or cloudy skies were threatening all territories between Fort Worth and El Paso. A light rain at Fort Worth ceased at 8:30 o'clock Thursday morning and the temperature was reported at 42 degrees. Weatherford reported a temperature of 42 degrees, with cloudy skies, but no rain.

Ranger reported a temperature of 50 degrees with mist.

Cisco had approximately three inches of snow which had fallen during the past 24 hours. The mercury was reported at 38 degrees.

At Clyde. A heavy snow which fell continuously for 24 hours at Clyde stopped at 10 a. m. Baird reported a heavy snow throughout Wednesday night, but precipitation stopped at 9 a. m. with the thermometer reading 40 degrees above zero.

Abilene had a light snow until 10:30 a. m. and the thermometer registered 40 degrees. Sweetwater reported only a light mist since 5 a. m., with temperature at 38 degrees. Lottain reported cloudy conditions with no rain. Colorado temperature was reported at 32 degrees. Itan had a light mist and temperature of 36 degrees.

West of Big Spring Stanton experienced a light snow as did Midland between 11:30 and 12:30 o'clock Thursday, with a temperature of 45 degrees. Sleet was falling at Odessa and was continuing when latest reports were received shortly after noon Thursday. Monahans had a light snow with 38-degree temperature.

At Poyote. Snow was still falling at Poyote, but Van Horn reported no rain with temperature hovering around 28 degrees. A light snow had started at Pecos and skies were overcast. Toyah reported a temperature of 36 degrees.

Sana Blanca reported no rain and that temperature was stationary at 45 degrees.

El Paso had received no rain or snow Thursday morning, but temperature was the lowest reported in Texas, 25 degrees.

### CISCO MAN PREDICTS END FOR PRORATION BY PIPELINE LAW

AUSTIN, March 27.—Proration will be lifted from every Texas oil field as a result of the pipeline law just passed by the legislature.

That was the prediction of C. E. Stalker of Cisco, one of the foremost independent operators here during the passage of the independent's bill.

The law will go a long way toward restoring active oil development, Mr. Stalker said. It will enable the independent operators to get his product to market, thus stimulating new development.

But it will serve as a conservation measure in an important respect as well, he said. It will prevent the necessity for a drilling race to keep the major from draining out an operator's oil, since the major company now will have no priority in claims upon the pipeline, and no priority in the oil market. Both independent and major companies can meet on the common ground of the wisdom of leaving the oil stored in the earth until it can be brought up to economic advantage. The one-sided race is over. These were approximately the views he expressed while here, divested of the technical language in which the oil man talks.

The University of Texas now is losing \$1,100 a day, he said. This is the difference in royalty receipts, as compared with previous higher prices for oil.

### Boy Carries Baby To Safety, But Girl Reverses Heroic Act

TULSA, Okla., March 26.—When fire destroyed the home here of Mr. and Mrs. W. H. Page, a 5-year-old son of the household carried John William Page, 11-month-old baby, outside to safety.

Then a three-year-old sister of the children carried the baby back inside the flaming house and tucked him in his crib. The infant was burned to death.

The sister explained she thought it was "too cold" for the baby outdoors.

### Governor Signs Bill For Sulphur Tax

AUSTIN, March 27.—Governor Moody yesterday filed with the secretary of state the bill levying a tax of 55 cents per ton on sulphur. It will produce approximately \$1,300,000 annually, about \$685,000 a year more revenue than the present 26 cents per ton receipts tax is realizing.

The bill was passed by both houses of the fifth special session of the legislature in closing hours of the session.

The tax had been the basis of a warm controversy that lasted through both the fourth and fifth special sessions. The house had voted a \$1 tax and the senate 50 cents. The house finally agreed to compromise on 75 cents, but the senate refused to agree to a levy in excess of 55 cents.

### HOUSTON-OKLAHOMA CITY PIPELINE RUMORED

TULSA, Okla., March 27.—A report was heard in oil circles here that a 12-inch pipe line would be laid by the Empire Pipe Line Company from the Oklahoma City field, 512 miles south, to a point south of Houston, Texas, on the gulf coast, to a refinery to be built by the cities Service Refining Company. The oil to be piped would be largely that of the Indian Territory Illuminating Oil company. A Cities Service subsidiary, which discovered the Oklahoma City pool. No announcement concerning the project was forthcoming from the Empire Company.

### BILLY SUNDAY'S SON ARRESTED IN CHICAGO

CHICAGO, March 26.—George M. Sunday, 36, son of Billy Sunday, evangelist, was held for Los Angeles, Calif., authorities, who telegraphed he was there for bond forfeiture and adultery.

Sunday was arrested on a downtown corner last night. In his pocket was found a telegram bearing

FOUR YEARS' SUFFERING  
WITH INDIGESTION AND  
STOMACH TROUBLE

"Orgatone has certainly benefited me," says Mrs. R. T. Williams, residing at 35 W. 11th St., San Angelo, Texas, while in the Lone Star Drug Store for another bottle of Orgatone (Argotane). Mrs. Williams' husband is with the West Texas Utilities Co., both of whom are well known here, having been citizens of San Angelo for several years.

"I had a very chronic case of stomach trouble," she continued, "everything I ate would sour and would form on my stomach which made me miserable for hours afterward. I had severe headaches and my back ached so at times I couldn't do my work at all. I had a severe case of constipation and was forced to take strong laxatives all the time. I was in a general rundown condition and needed something to build me up. I saw where Orgatone (Argotane) was so highly advertised and began taking it.

"I am certainly improved, and feel much better. My back doesn't bother me any more. I have a better appetite than I had and gas doesn't form on my stomach any more. My head doesn't ache any more, and that certainly means a lot to me. My general health has improved and my bowels are regulated and I am not bothered with constipation. Before taking Orgatone (Argotane) I was nervous and restless and couldn't sleep or rest of a night at all, but since taking it I sleep fine every night. Orgatone (Argotane) has certainly helped me, and I know anyone who takes it will find that it will benefit them as it did me."

## Editorial

**TROPHY CASE NEEDED**  
Big Spring high school should have a trophy case. We have won a number of loving cups and trophies of various kinds, and have no place to display them. Many of these are beautiful and should be exhibited where everyone who comes to high school might see and admire them. Only recently we have felt this need more than ever. Big Spring went to the county meet at Coshoma last Friday and Saturday and won prizes in many of the literary and field events. We were proud to get the trophies and we brought them home. Not having a place to show them off to a good advantage, they were placed in the office of the principal, alongside of others we had won. Now we feel the need of a trophy case more keenly than ever.

Wouldn't it be great for some business firm or some individual of means to donate a trophy case to the Big Spring high school? The student body and faculty would al-

ways remember such generosity. Such a gift would fill a long-felt need.

### THE WANDERER

I have traveled wearisome journeys;  
My clothes are covered with dust;  
My face and hands are all dirty,  
But I've been the way of the just.

There were times when stars shone brightly  
And glittering lights did blind,  
But now the way is dark and dreary  
And now, no rest can I find.

My journey is almost ended,  
I have weathered the heat and cold,  
My eyes have now grown weary,  
And I have no use for gold.

As I travel the land of the blue sun  
Where cares and woes have no way,  
But where skies are always blue  
And where nights are always day.

—Catherin Van Open.

## Dr. W. R. White Talks To Students

Last Thursday afternoon Dr. W. R. White, Baptist evangelist, gave the high school students an interesting talk on whether a man was like a sheep. He said that if a man slept all the time and didn't care about the future, he was no better than a sheep. His talk was thoroughly enjoyed by the student body.

Rev. S. B. Hughes, pastor of the East Fourth street Baptist church, introduced the speaker. Mr. and Mrs. Taylor McCasland sang a beautiful hymn, accompanied on the piano by Miss Bertha Lee Thielepape, a high school student.

Dr. White has been conducting a revival meeting at the East Fourth street Baptist church. Large crowds of interested people have attended his services, and he will continue his revival meetings until March 30.

The following members of the faculty accompanied the contestants to the county inter-scholastic league meet at Coshoma; D. H. Reed, J. A. Coffey, Mrs. P. E. Martin, Misses Dorothy Jordan, Kitty Wingo, Letha Amerson, and Georgia Kirk Davis.

La Velle Barbee was absent from school Friday afternoon on account of a severe headache.

## Cups And Ribbons Presented In Thursday's Assembly

One of the most interesting and enthusiastic student assemblies of the year was held Thursday afternoon at the sixth period. The interest centered itself in the presentation of seven loving cups and 45 blue, red and white merit ribbons which Big Spring high school representatives won at the County Inter-scholastic league meet held in Coshoma last Friday and Saturday, March 21 and 22.

The loving cups were won in the following debates: Boys' debate, girls' debate, girls' playground ball, boys' playground ball, junior boys' track, mile relay and junior relay. The two debate cups belong to Big Spring high school permanently, since they have been won by representatives of the school for three consecutive years. Although the results of this meet have been favorable, all students are urged to show a greater interest in inter-scholastic league affairs so that next year they may win all of the trophies.

The Girls' Choral club rendered two very delightful numbers, as follows: "In a Little Old Garden" and "The False Prophet." Immediately following these songs a one-act play was presented by English 4 students. "April Fool" appealed to one's sense of humor and was very typical of an April Fool's lesson. Walter Deats played two highly appreciated numbers on the saxophone. He was accompanied at the piano by his mother.

12 to 16—Mildred Broughton. This program was planned to teach the girls the different types of stories and what stories were best suited to the different ages.

At a called meeting last Tuesday officers were elected to fill the places of those who had been transferred to other rooms: Jacqueline Ruffner was elected vice president, Ruby Creighton, secretary and treasurer, and Mildred Rhoton, reporter. The vice president was charged with the responsibility of the program committee and those appointed to help her were Frances Shank, Imogene Thomas and Willie Mae Heath.

A social was planned for next week, but a definite date has not been set.

### Skillful Skirts To Fete Scorpions

The Skillful Skirts in paying off an honest debt incurred as a result of ticket sales for Junior Circus Night, will entertain the Scorpions with a picnic on Saturday, March 29, 1930. The Scorpions have promised to be on their best behavior and to leave their stingers at home. The Skirts claim to be Skillful in their culinary attainments and will do their best to reach the men's hearts via their stomachs. The group will meet at the high school at 6:45 p. m., and will proceed to the picnic ground.

### COMING TO TOWN SATURDAY

If you have ever lived in the country you can appreciate and understand the thrill that came at the end of the week, when each child was bathed, dressed in his Sunday clothes and made to sit perfectly still on the porch until all the chores, such as milking, churning, feeding the pigs and chickens, were done and the family car was gotten out and Pa and Ma got ready. We then started the long, tiresome journey to town.

It took about an hour to drive the distance and we usually got to town about noon. If all the kinsfolk were away we would have to park and wait until Pa could buy us some hamburgers and red sodapop. After we had eaten our lunch the younger children, including me, cried for some stick candy, which we usually got after a few hours of constant pleading.

"Our Sunday clothes" were our greatest handicap, and long before we got home most of us had taken off our shoes and stockings. We usually lost one or both of our stockings, for which we were soundly "tended to."

A part of our Saturday diversion was to see a wild-west picture at the Queen, for it was a very popular amusement house in those days.

## Baylor College Club To Appear Here On Tuesday

The senior class of the Big Spring High school will present on Tuesday evening, April 1, the Baylor College Choral club. The choral club is one of the outstanding organizations of its kind in the state. It is now making its seventeenth annual concert tour. There are 21 girls in the group and they will be entertained in Big Spring homes during their stay here. The program will be presented in the high school auditorium under the direction of Arthur Faguy-Cote. Some of the most familiar classics which will be rendered are "When Twilight Weaves," by Beethoven-Branscombe, "The Brownies" by Leonid Stebbins, "Cradle Song" by Kreisler-Page, and "The Bells of St. Mary's" by Adams. "The Gypsy Suite" by Luigi Denza will be given in fitting climax. This promises a very enjoyable evening and everybody is urged to attend.

## Mrs. Etter Sponsor Of Senior Class

Mrs. Madge Lewis Etter was born in Rule, Texas. She attended the Rule high school and was graduated from there in 1922. The next year she attended the State Teachers' college at Canyon and for the next three years she went to the Abilene Christian college. She was graduated from there in 1927 with a B. A. degree. Mrs. Etter majored in English. She taught two years in Rochester high school and two years in Idalou high school before coming here and has now been with the Big Spring high school for two years. At the present time she is teaching English. She is also sponsor of the senior class.

### THE TWO SIDES

Do you ever stop to consider the thoughts of others in everything you do or say? Do you bear in mind that after all this is not a free country and that we are dependent on the other, that we are each obligated to some one for something? Before you criticize, do you let your broader self rule and consider the circumstances that might have varied the thing you criticize?

Remember that there are two sides to every situation. The person who can be kind and considerate to those who have wronged him or the person who will give the other credit for some understanding can be said to have one of the most essential elements of culture. The whole world would be more congenial and there would be a host of people standing in high esteem if we would pay heed to the wonderful thought conveyed in these simple lines:

"There's so much good in the worst of us  
And so much bad in the best of us,  
That it ill behooves any of us  
To talk about the rest of us."  
—Baylor College Bells

## W. W. F. Club Holds Splendid Meeting

A meeting was held Tuesday, March 25, by the W. W. F. G's, with Miss Bommer as sponsor.

A program was planned by the vice president and her committee, and was as follows:

## Mysterious Blast Kills Three Boys

TULSA, Okla., March 27 (AP)—Mystery still shrouded the cause of an explosion which blew the bodies of three boys to bits in a lonely wood near Turkey Mountain, southeast of here.

The youths, Luther McClough, 16, Union; Butler McClough, 13, a brother, and Harold Edward Komon, 13, left their homes yesterday.

The tragedy was discovered by Ben McClough, pumper on a nearby oil lease, who found the head of his oldest son, lying in a thickly wooded section half a mile from his home. Further search disclosed other parts of the bodies of the two scattered about the ground, while patches and bits of clothing were caught in the branches of trees nearby.

Investigators, speculating upon the cause of the explosion, said the youths probably discovered nitroglycerine, left by oil workers who had cleaned out a well, and that in some manner they had discharged the explosive.

## Man Held For Questioning In Fairfield Case

FAIRFIELD, Tex., March 27 (AP)—Tommye Dodd, 30, was held here for questioning in connection with the latest story told by Miss Wilma Jones, 23, concerning an alleged attempt to burn her to death last Wednesday night when she was bound to a bed in a hotel room and the mattress fired.

Dodd, Miss Jones and Dodd's mother, Mrs. Sarah Jane Dodd, 50, all were charged with forgery in connection with a \$250 check to which the name of G. S. Moore, Oakwood business man, was signed.

Immediately after Miss Jones made her second confession, Sunday night, in which she exonerated Moore of the attack on her, Dodd was taken to Mexico and held in jail, but was returned here Monday night.

County Attorney W. V. Geppert said Dodd would be questioned today. State rangers had already concluded Moore had no connection with the fire here last Wednesday night, and Geppert announced charges against Moore would be dropped. Examining trial for the girl, he said, would be postponed several days.

Ranger Sergeant J. B. Wheatley and Ranger E. M. Gault had not cast aside their theory that the fire was part of an attempted blackmail scheme against Moore.

THE WORDS on the back of the package still mean what they say. No "extras," which do not contribute to the quality of the smoke, are included in the price of Camels. Just the utmost smoke-enjoyment that modern science can put into a cigarette.

That statement was on the first package of Camels manufactured and has been on every one of the billions of Camel packages sold from that day to this. When it was first written, other cigarette manufacturers were giving away flags, pictures of actresses, pictures of ball players—almost anything that would make the smoker think he was getting something extra for his money. The makers of Camels believed the smoker wanted a cigarette sold strictly on its merits, with all of its cost put into quality—a cigarette made of such excellent tobaccos—so perfectly blended—so mellow—so fragrant—that it would win its own way.

The vast popularity of Camels is a tribute to that four-square policy.

**Two Views On Baseball Broadcasting**

Wichita Falls Times.  
**THE TEXAS** League magnates will find, sooner or later, says the Abilene Reporter, that they have nothing to gain and much to lose if they persist in their policy of banning the "noise" from the grandstands. The Abilene paper contends that broadcasting of games helps attendance in the long run because it is a form of advertising that maintains interest that otherwise might wane.

The Vernon Record, on the other hand, says that "if it isn't good business to stop broadcasting of baseball games, the owners will find it out and being good business men, they will be ready to make a change." The same paper calls attention to the fact that "professional baseball is a business, and the public has no proprietary rights, unless and until it has paid its admission fee at the turnstile."

It is a matter on which much can be said on both sides. Is the individual who listens to Thursday's game by radio more likely to go to see, to buy a ticket to Friday's game? Does the fan's contact with baseball by radio maintain interest in a way that brings more bits of the game or does the habit of listening to broadcast reports of games grow on the fan until he would rather listen at some than witness at the park? Will additional attendance result when there is less of public good will? No one can answer these questions off-hand. The Texas League club-owners will try to find he answers by experience, this season, and as Vernon Record says out, they are good business men and may be depended on to fairly apply the answers they find.

need not worry about Mr. Dell. He's far more interested in Dorothy Dalton than in me."

"What?"

Mr. Brown stopped short in his walk while one might have counted twenty. When he resumed Jacqueline could see him thinking.

"Haven't you seen it?" she continued innocently. "I thought everybody knew. Of course, Dorothy—a pretty girl, and heaps too good for him. But I shall be very much surprised if she doesn't accept him."

Very soon afterwards Jacqueline said she must leave him, and Mr. Brown raised no objection. He was still thinking.

"It's working," murmured Jacqueline, as she watched him walk away with his head down. "I shouldn't be surprised if Dorothy gets her flax after all before she's too fat for her job. Men are strange. I don't believe any man really begins to want a girl until he knows somebody else is after her."

"Well, once more to be in the top floor back for nearly the last time, I hope. This is the end of a perfect day."

"HOLLYWOOD"—The cross-eyed countenance which has brought fame to Ben Turpin has been utilized by others whom the comedian has never seen.

Gene Howe, otherwise known as "Erasmus R. Fack," the "Faceless Texan" columnist of the Amarillo Globe who recently broke into national news reports by labeling Charles Sellers E. H. Southern the noted Shakespearean, "The King of High Hatlers," because Southern refused a newspaper interview, has a small cut, unmistakably of Turpin, adorning his column heading.

Turpin, of course, makes no pretense at column-ing, and says he did not know his cock-eyed grin was greeting Globe readers daily, but he does not mind.

**Chapter 7**  
**MR. BROWN TRIES AGAIN**

"Life is very difficult," Jacqueline informed herself after her staccato friend had gone.

She sat on the edge of the narrow bed and gazed absently at her divided reflection in the mirror.

"There's poor old Dorothy, for instance. All she wants in the world is Mr. Brown, a fat and a brown baby—I mean a baby Brown. She would be just the very wife Mr. Brown wants; and just because he could have her, for the asking, he thinks he wants me."

Brown turned up that very evening. Mrs. Hubbard wheezed in the stairs and announced him with mysterious awe. Evidently Mr. Brown had impressed her favorably.

He was in the parlor with the folding doors. Jacqueline gave an exclamation of astonishment. He was dressed in a frock coat, and a shiny silk hat lay on the table.

"Why, what's the matter, Mr. Brown?"

"I've been promoted to the floor," said Brown, with a quiet pride.

"You mean a waiker?"

Brown nodded. "Jacqueline," he said, "I want to speak to you, May I sit down?"

"Yes, do, Mr. Brown," she answered sweetly. "What do you want to speak to me about?"

"I've been thinking over what we were talking about last time we went out together," said Brown. "I love you, Jacqueline. I shall love you as much as ever—even more. I love—What's that?"

There was a noise outside the door as if the ball valve of the clatters had struck against a door.

"I father think it's Mrs. Hubbard," said Jacqueline.

"Listening outside the door, do you mean?" cried Brown.

"I shouldn't be over surprised," murmured Jacqueline. "You see she takes a motherly interest in me."

She went leisurely to the door and opened it. A door on the other side of the narrow hall, was gently closing. Jacqueline sniffed the air delicately and returned to Mr. Brown.

"It was Mrs. Hubbard," she said. "I recognize her atmosphere. But she's gone now. You may go on, Mr. Brown. I thought we had settled it that I wasn't the sort of wife you were looking for, Mr. Brown."

"I've reconsidered it," he said, magnanimously.

"That's very kind of you, Mr. Brown. But I haven't."

"But I love you, Jacqueline. I shall always love you. I've tried to forget you; I've tried for more than a week, but I can't. I am at

**Democrats Victorious In Kansas City Vote**

KANSAS CITY, March 27 (AP)—In the first test of strength since the 1928 Hoover-Smith fight, Kansas City democrats, led by Bryce B. Smith, millionaire bakery executive, routed republican candidates for all municipal offices.

Approximately 146,000 voters, the greatest number ever to visit the polls in a city election, ended all vestige of republican power.

Smith was elected mayor by an unofficial majority of 25,726, defeating George E. Kimball, lawyer. Democrats also elected eight councilmen and two municipal judges. Previously the democrats held a slight working majority in the council.

**HOW'S your HEALTH**

**BERBERI**

This disease is of little local importance, since few if any cases are now to be found in the United States.

Historically beriberi is of importance in that the study of its cause led to the discovery of the existence of vitamins.

Beriberi was found to prevail in countries where the diet consisted principally of rice. In China, Japan and the Malay a strange disease had been known to affect certain persons. These affected suffered disturbances of motion, sensation, trophy and affections of the heart. The disease assumed many forms, and resembled poisoning by alcohol and other toxic substances.

In 1897, Eijkman experimentally demonstrated that a disease closely resembling beriberi could be produced in birds by feeding them polished rice.

Between 1906 and 1911 two other scientists, Fraser and Stanton, in a series of studies carried on in the Malay States, conclusively demonstrated that beriberi was the result of a one-sided diet consisting mainly of white or polished rice.

They further demonstrated that ure could be accomplished by feeding the sufferers the husk or so-called milling waste of rice.

From these studies it was concluded that the husk or natural covering of unpolished rice contains some "vital" life. Further search proved this substance to be a complicated nitrogen-containing compound to which the term vitamin was first applied by Funk in 1911.

Today this vitamin is designated antineuritic vitamin B. It is found in practically all grain products and in meats, vegetables and nuts.

**10 Radicals Held After Frisco Melee**

SAN FRANCISCO, March 27 (AP)—Ten alleged radicals were under arrest and two persons were being inquired here as the result of a riot which interrupted an address by Dan Hoan, socialist mayor of Milwaukee, here Monday night.

During the address, in which Mayor Hoan was describing Milwaukee's program for workmen, Michael Daniels, leader in a disturbance at a meeting of the city and county board of supervisors Monday night, rushed toward the platform shouting:

"What have you done for the working man?"

Several of Daniels' followers lined up behind him and pushed toward the platform. A melee ensued. Chairs were hurled and fists flew as Daniels and his supporters advanced. Policeman Jack Keenan received a cut on the face. Cameron King, chief clerk of elections for the city, was struck with a chair. Officers finally restored order.

## Tax Collector Receives Data On Trailer Law

Announcement of an amendment by the state legislature to laws effecting registration of automobile trailers has been received by Jess Slaughter, Howard county tax collector and sheriff.

The new amendment is of particular interest to farmers and rural residents who operate farm tractors, farm trailers, farm semi-trailers or implements of husbandry.

Provisions of the amendment, as received in information to M. Slaughter follows:

"Every owner of a motor vehicle, trailer or semi-trailer used or to be used upon the public highways of this state, and each chauffeur, shall apply each year to the state highway department through the county tax collector of the county in which he resides for the registration of each vehicle owned or controlled by him, or for a chauffeur's license, for the ensuing or current calendar year, or unexpected portion thereof; provided, however, that owners of farm tractors, farm trailers, farm semi-trailers, and implements of husbandry, operated or moved temporarily upon the highways, shall not be required to register such farm tractors, farm trailers, farm semi-trailers, or implements of husbandry, provided, however, that such farm trailers and farm semi-trailers are operated in conformity to all provisions of the law save and except the requirements as to registration and license and providing further that the ex-

## Rangers End Probe Of Fairfield Case

FAIRFIELD, Tex., March 27 (AP).—Having satisfied themselves that the alleged attempted burning of Miss Wilma Jones was a self-perpetrated hoax, two state rangers returned to Austin today after a week's investigation.

Sergeant J. B. Wheatley said that the 23-year-old Leon county woman admitted to him that she set fire to her bed the night of March 19 to attract attention from her forger trial. Immediately after the fire she cast suspicion on G. S. Moore, wealthy Oakwood business man, on whom she was alleged to have forged a check. She later exonerated Moore.

Miss Jones was still held today on the forgery charge, but W. V. Geppert, county attorney, thought bond would be fixed during the day. He was uncertain whether any other charge would be filed against the young woman, stating she has told so many stories I don't know what to believe.

Tommye Dodd and his mother, Mrs. Sarah Jane Dodd, of Buffalo, charged as accomplices in the forgery, were at liberty under \$500 bail. They and Miss Jones waived examining trial and will await action of the May grand jury.

Sunday night Miss Jones accused a young man friend of trying to burn her to death, but Sergeant Wheatley said she later admitted she fired the mattress.

## MARKETS

**BOSTON WOOL**

BOSTON, March 27 (AP)—A fair amount of inquiries is being received on foreign wools. Sizeable orders have been booked on Australian 64s 70 wools for import. Brokers are able to buy small quantities in the primary market against these orders. Small orders are being received for South American cross bred wools for import but little has been purchased against these orders because holders in the primary market do not appear interested in the prices offered.

**TEXAS SPOTS**

DALLAS, March 27 (AP)—Spot cotton middling 15.26; Houston 15.65; Galveston 15.80.

**FT. WORTH GRAIN**

FORT WORTH, March 27 (AP)—Wheat was lower with little demand on the cash grain market here today. Trade continued nervous about the future, and few mills and elevator interests were anxious to take on stocks. Mills were nominally bidding \$1.08 1-2-1.09 1-2 for No. 1 ordinary hard delivered T.C.P. Sorghums were in active demand and corn, oats and cane seed fairly well taken.

Bids and offers on coarse grains, basis delivered T.C.P., freight paid:

Corn: No. 2 mixed 93-94; No. 2 white or yellow 97-98.

Oats: No. 2 red oats 55-56; No. 3 white delivered Texas group one points 54 1-2.

Barley: No. 2 barley 62-3.

Sorghums: No. 2 milo per hundred pounds 1.70-1.72; No. 2 kafir 1.48-1.50.

Cane seed: Bulk country run red top per hundred pounds 4.00-4.50.

## Litigation Forces Change In Plan To Sell Andrews Land

AUSTIN, March 27 (AP)—Bids on oil and gas leases in University of Texas lands in Andrews county, advertising for sale Saturday by the leasing board, will be rejected J. H. Walker, commissioner of the general land office, announced today. Leases on two tracts in Ector county will be sold if satisfactory bids are received.

The Andrews county land is involved in litigation, being a part of the area advertised for sale by the late Commissioner J. T. Robinson, which was prevented by an injunction suit and which is now on appeal.

TEGUCIGALPA, Honduras—It has never rained here in February, March or April, except that it poured. Only one rain in those months ever has been recorded, and it has fallen with considerable damage to property.

## Fat Comes At Forty

Sometimes in earlier years. It comes when a certain gland grows weak. That is what modern authorities find. And physicians the world over now combat that cause.

The method they use is embodied in Marmola prescription tablets. People have used them for 22 years—millions of boxes of them. Now in every circle you can see what slender figures, what health and vigor that right method brings. And all without abnormal exercise or diet.

Every box of Marmola contains the formula and facts. Users know the reasons for all good effects. In fairness to yourself, go try Marmola. Watch the results. All druggists supply it at \$1 a box. (Advertisement)

SPORTS ON PARADE

By STANLEY NORMAN
COMING ALONG
Sponsors of the new country club golf course in Big Spring are still confident that the project can be successfully completed.

THE STYMIE
Speaking of golf officials of the Texas amateur golf tournament are having some trouble deciding what to do with the well known stymie. Officials and many players are inclined to discard the stymie rule, but some are skeptical fearing spectator interest in the game will be lessened.

THREE ENTERED
The fact that Athens high school won the national basketball tournament at Chicago last year permits Texas to enter three quintets in the final windup next week. Athens was defeated by Denton this season, but it is permitted to defend its title.

BRIGHT LIGHTS
What will the electrical world perfect next? Baseball will be played under electric lights at Lincoln, Neb., this summer, at the home field of the Links club of the Nebraska State league, a class D circuit.

A RECLUSE
We finally located on Big Spring man yesterday who is still interested in a West Texas league club for Big Spring. Not only is he interested, but he is willing to share a part of the financial burden if other merchants in the city will kick in with their share.

THE TROUBLE
For days and days we have been tramping around the rock-strewn golf course attempting to solve the problem of why we need about 55 or 60 strokes to circumscribe the staked greensward. Now we learn from no less an authority than Grantland Rice that too much looking and not enough swinging may have something to do with our peculiar malady.

Prevent Kaye Don Trying For Record
DAYTONA BEACH, Fla., March 27. (AP)—Unless he is able to make an assault upon the world speed record within four days, Kaye Don, British racing driver, will ask the American Automobile Association for an extension of the original period of from March 15 to 30 allotted him for his trials.

Six Clubs Enter Agreement For City Ball Loop

TEAMS ARE AGREED ON CITY LOOP

Regulations And Rules Adopted To Govern Season's Play

Organization of the Big Spring City Baseball League was perfected at a meeting in The Herald office Wednesday night in which six clubs to compose the circuit were all represented. Rules and regulations patterned closely after the Fort Worth Amateur Baseball Association constitution were adopted with the exception that each of six clubs will be required to post a \$15 entrance fee and each player signed to a contract will be charged 50 cents making a total revenue of \$132 which will be used to defray expense of purchasing baseballs, bases, paying umpires, and keeping the grounds in playing condition.

Approximately 20 men answered the call from I. C. Tinsley, proxy of the loop, in its temporary organization, to meet Wednesday evening. There remains some organization work to do among individual teams, but assurance that six teams will be on the starting line when the season opens was given and the Big Spring City league for the season of 1930 became a reality.

WICHITA, Kan., March 27. (AP)—The National A.A.U. girls basketball title today has a seven to one chance of remaining in Dixie for another year as eight teams prepared to enter the quarter-finals of the fourth annual powder puff tournament.

Dixie Girls Cinch Title

Seven blonde and brunette sextets representing Texas, Arkansas, Alabama and Oklahoma, led by the national champions, the Dallas Sun Oilers and a lone entry from the tournament city, Wallenstein-Raffians, last night survived second round engagements.

WICHITA, Kan.—A tall brunette is a beauty queen. Verna Montgomery, 19, dark and 5 feet 7, has been adjudged the most pulchritudinous of the girls playing basketball in a national championship tournament here. Her home is in Lawton, Okla., and she is a sophomore at Oklahoma Presbyterian college.

Batting Punch of Detroit Tigers Back In Condition for 1930 Chase

If Dale Alexander and Charley Gehring elude the apple this season at the same clip as registered during the 1929 flag chase, the Detroit Tigers will have little to desire in awaiting Alexander's slugged the apple for a season average of 343 and Gehring's mark was 338.

SIXTH ANNUAL RELAY RACES AT TEXAS U. DRAWS 1000 MEN

AUSTIN, March 27. (AP)—The sixth annual University of Texas relays will be held tomorrow with approximately 1,000 athletes from 17 states entered for the greatest track and field competition in southwestern history. The entry list includes several champions and sectional titleholders.

Texas League Pilots Begin To Doubt Weather Man

By The Associated Press.
Postponed exhibitions, delayed practice and shivering sandloters today caused league pilots to decide the weather man had turned the calendar back and that maybe it wasn't really the spring training season after all.

Lions Club To Hold Business Session Friday

The Big Spring Lions club will hold its monthly business session in connection with the regular weekly luncheon at the First Christian church Friday noon, it was announced Thursday by Frank Boyle, president.

Dual Engagement One Of Warming Up Events For District Meet At Abilene And State Wide Struggle To Be Held At Austin

If the weather man is willing and doesn't further prolong advent of spring, the Big Spring track and field team of 11 men will leave this city Friday noon for Lamesa, where a dual track and field meet is scheduled with the Dawson county athletes.

Chicago Grain Men Charged With Fixing Prices Last Summer

CHICAGO, March 27. (AP)—The Tribune yesterday said three Chicago grain dealers are charged with attempting to manipulate grain prices in federal complaints which will be heard April 7. The charges, as quoted by the Tribune, are that the three Chicagoans were responsible for the sale of at least 345,000 bushels of wheat last summer at prices both lower and higher than the market and that they sent out misleading and inaccurate market information, all in an effort to control prices.

NEVEY-FIRST RUNNING OF STEEPCHASE IS ON

LIVERPOOL, Eng., March 27. (AP)—All Britain today eagerly awaited the ninety-first running of the Grand National steeplechase over the famous Aintree course tomorrow. Forty horses have been named as starters in the journey over the 4 1/2 miles of heavy going with its 31 difficult jumps. Late scratches are expected to reduce the starting field to less than two-score, the smallest number in recent years.

# Help Your Schools

## REGISTER YOUR CHILD NOW

Last year 2,377 children were registered in the Big Spring school census. Each child brought Big Spring \$17.50 state aid. School authorities estimate 3,000 children should be registered in 1930. This means Big Spring LOSES \$10,902.50 STATE AID unless your child is registered BEFORE April 1st.

## Big Spring Has \$10,902.50 At Stake!

ONLY THREE DAYS LEFT TO REGISTER!

Help Big Spring get her full and rightful quota by phoning your child's name in if you were missed—to 415. DO NOT WAIT UNTIL IT'S TOO LATE—BUT CALL IN NOW! TODAY!

## Age Limit Lowered To 6 Years

A new Texas law includes all children between the ages of 6 and 18 for the School Census. Won't you help your city by registering your child if you were missed?

### Happy Lady Is Staunch Friend Of New Konjola

"Konjola Was The First And Only Medicine To Help Me," She Exclaims

MRS. J. C. SELSOR

Times without number, Konjola, the new and different medicine, has proved its merits when all else tried had failed. Be guided by experiences like that of Mrs. J. C. Selsor, Boynton, Oklahoma, who said:

"Konjola was the first and only medicine to help me, after years of misery from indigestion and constipation. I had dizzy spells, my limbs became numb and the pain across my back was terrible. No matter what I tried the result was always the same—failure. I was just about to abandon hope when I was urged to try Konjola. Well, in three weeks I was the happiest woman in Boynton, for Konjola proved to be the very medicine I should have had in the first place. How glorious it is to be well again, and I owe my present splendid health to this splendid medicine." Konjola is sold in Big Spring at Collins Bros. drug store, and by all the best druggists in all towns throughout this entire section—adv.

### MRS. CREWS TO BE BURIED

Funeral rites for Mrs. Lily Evelyn Dublin Crews, 26, wife of Albert Doyle Crews, who died in a local hospital at 7:45 o'clock Wednesday evening, were to be held at 5 o'clock Thursday afternoon in the chapel of the Charles Eberley Funeral Home, where the body has been prepared for burial.

Thornton Crews of the Church of Christ was placed in charge of the funeral services. Burial will be in the new Mount Olive cemetery.

Mrs. Crews leaves, in addition to her husband, a son, Charles Andrew, and a daughter, Nona Joyce. Other relatives who survive are: Mr. and Mrs. Charles Dublin of Jal, N. M., her parents; sisters and brothers as follows: Mrs. Bob Cusicks of Pecos, Mrs. Claude Wright of Big Spring, Mrs. Ross Gann of Monahans, Miss Annie Laurie Dublin of Jal, Bill Dublin, Robert Dublin, Willard Dublin, all of Jal, and Albert Dublin of Santa Anna, Calif., the only relative unable to attend the funeral.

years, in the family lot in the Masonic cemetery.

Dr. Gary Smith, pastor of the First Presbyterian church in Sweetwater, and Rev. R. L. Owen, pastor of the local Presbyterian church, were in charge of the funeral rites, the first to be held in the newly dedicated Presbyterian church here.

Pallbearers were a group of old friends whom he knew during his residence here, as follows: Temp S. Currie, B. Reagan, R. L. Price, Dr. E. H. Hoppel, A. P. McDonald and W. H. Honan.

The body was prepared for interment by the Charles Eberley Funeral Home. Services at the graveside were conducted by Masonic orders, with whom he has been affiliated in the Shrine, Knights Templar and Blue lodges.

Mr. Vaughan lived in Big Spring 18 years ago, when he was ticket agent in the Texas and Pacific railway office. He then moved to Dallas, where he resided until last

October, when he moved to Sweetwater. In addition to his widow, he leaves a son and a daughter, who live in Dallas; a brother, Frank Vaughan, also of Dallas; a sister, Mrs. Jones, of Dallas, and a niece, Mrs. Chambers of Sweetwater, all of whom attended the funeral. A group of friends from Sweetwater attended the funeral.

### Huge Gasser In Pecos County To Be Given Tests

SAN ANGELO, Texas, March 27 (AP)—Official testing was awaited today of the No. 1-A M. A. Smith of the Transcontinental Oil company and Arkansas Fuel company, in Pecos county, which came in Tuesday, making an estimated 80,000,000 to 100,000,000 cubic feet of dry gas daily, at 1,520 feet. The gasser, one of the largest in West Texas, is located one mile west of the nearest production in the Yates pool. The gas was struck in the top lime at 1,465 feet, and when the well was deepened, blew tools out and wrecked machinery.

Card of Thanks  
We wish to extend our thanks to our many friends, for their kind words of sympathy, at the time of our father's death, J. M. Moss, especially do we thank the employees of the Couden Refinery for the lovely floral offerings sent to Fort Worth.

### Rogers Speaks To Kiwanians

An address by C. P. Rogers, designation of teams for an attendance contest an appeal from E. F. Robbins for the Clean Up campaign and decision to meet the Abilene Kiwanis club at Sweetwater the evening of April 10 for a joint session featured Thursday's session of the Kiwanis club in the Methodist church.

J. E. Kuykendall, Garland Woodward and L. D. Davenport were made captains of the three competing groups in the attendance contest. It is planned for the two losing teams to entertain the winners with a smoker. The contest will end May 3. The contest is in charge of the attendance committee, headed by Louis Talley.

Charles Eberly was chairman of the day. Guests included Mr. Robbins, Mr. Rogers and Rev. Gary Smith of Sweetwater.

Mr. Rogers declared in his talk that many citizens do not realize value to the community of service and luncheon clubs, the Chamber

of Commerce and other organizations. He said the recent bond election had caused Big Spring to shine more brightly than ever because it had shown the people of the city are working together.

CHEVROLET

## A WISE MOTOR CAR INVESTMENT

Consider a few of the basic facts that make the new Chevrolet Six such a thoroughly sound investment.

It offers a great six-cylinder valve-in-head engine, with its capacity increased to 50 horsepower . . . assuring the smooth, quiet, resilient performance which is so essential in a modern automobile.

It offers the all-weather braking efficiency of internal-expanding, completely enclosed 4-wheel brakes—big, powerful, quiet and easy to apply.

It offers the modern riding comfort of four long semi-elliptic, chrome-vanadium steel springs—under the cushioned control of Lovejoy hydraulic shock absorbers.

It offers the greater beauty, comfort and safety of bodies by Fisher—built of selected hardwood and steel . . . and providing thousands upon thousands of miles of quiet, care-free service.

In fact, every important engine advancement has been incorporated in the new Chevrolet Six.

With all these important advancements—coupled with greatly reduced prices for the entire Chevrolet line—it is only logical that thousands are saying every day—"The New Chevrolet Six is a wise motor car investment!"
