EASTLAND, TEXAS, TUESDAY, AUGUST 28, 1956

NUMBER 52

Nine Schools To Take Part In Workshop

Teachers from nine Eastland county schools will convene in Eastland, Thursday and Friday

Moore...

ABOUT Eastland
By Virgil E. Moore

Guy Parker received a pretty picture post card from Victor Cornelius, who is in Paris, France, Monday. On the back of the card he wrote: "As conservative as a retired banker might be, you wouldn't like this place, \$3.75 per ham sandwich, but the shows are okay."

Well, the dove hunters are oiling their guns up and getting ready for the big shoot which begins Saturday. As in the past, shooting hours will be from 12 noon until sunset in this, the north zone. We would like to hear from some of the hunters on what kind of season you are expecting.

And speaking of seasons, it's getting mighty close to football time. In fact, if you asked any of the Mavericks, it's already that time. We see by the Cisco Press—Cisco is Eastland's first opponent this year—that our rivals to the west will have only five let-terners returning this year.

Returning lettermen include backs Benji Lipsey and Randall Hess, end Johnny Trigg and line men Rodney Callaway and Harold Donica. Coach Jay Williams will probably build his team around Lipsey, a good quarterback.

Lipsey saw a lot of these same Eastland Mavs about three years ago in junior high. Then his team ended up with a minus yards rushing average, and he lost most of the yardage. The Mavs should be ripe this year, if they are ever going to be. A good win over Cisco would be a great way to start things rolling.

Ray Edwards celebrated his birthday today and Wednesday Mrs. James Horton, Mrs. Richard Jones and Jim Webb have their day.

Somehow we got dumber up Monday between B. M. Bennett of Gorman and Henry Carter of Rising Star. The two county commissioners were good naturedly working us over for a story we recently printed saying we thought that the two towns should be placed in the same commissioners precinct.

Forget which one of them said it, but either Froggie or Henry mentioned the fact that a county commissioner, although elected by people of one precinct, is actually what his title designates, a COUNTY commissioner. He should serve the entire county, the commissioner said.

Firemen See Humorous Play

Mrs. Homer Smith presented Betty Westfall and Joan Whitten in an amusing play Monday at the regular noon meeting of the Rotary Club.

It was announced that there would be no meeting of the club next week because Monday falls on Labor Day.

PAIR OF BIRDIES—Nate Feeman, golf pro at the Nevele Country Club in Nevele Falls, N.Y., demonstrates his sure-father "birdie" technique for novice golfers. Nate has trained a pair of parakeets to sit on the rims of his pupil's glasses. If the novice keeps his eye on the ball while he swings, his head will not tilt, and the birds will remain in place. If he moves his head, however, the feathered pair will take to the air.

45 Mavericks Start Workouts

Eastland High Mavericks, 45 strong, were going through rugged fundamentals and conditioning Tuesday morning after opening drills Monday.

The Mavs, eyeing their opening against Cisco, were whipping into shape quickly, and the coaching staff expressed their admiration for the shape many of the boys are in.

Workouts — being held twice daily, at 8 a.m. and 5:30 p.m. — are due to get down to the "head knocking" situation either this afternoon or tomorrow.

A few more boys are expected to join in the workouts later, some are still working, but the 45 man turnout was considered good.

The Mavs will have one of the biggest teams they have fielded in years. This is that year that local fans have been talking about for the last four years, ever since watching this same senior-studded team walk over everyone in sight back in junior high.

The Mavs already are gaining statewide attention, but local fans consider that a liability, and not an asset.

The locals will probably hold a scrimmage session sometime this week.

It was the same picture around the district, too. In fact, all Texas high schools have started drilling for the 1956 season.

Mrs. Dan Amis Suffers Serious Facial Injuries

Mrs. Dan T. Amis, 24, of Lubbock suffered severe facial cuts and her husband and two daughters were slightly injured in a traffic accident near Sweetwater on Highway 80 Sunday night.

Mr. Amis is the son of Mr. and Mrs. Tom Amis of Eastland. They were on their way home to Lubbock after visiting here when the accident occurred.

A report from Sweetwater this morning revealed that all of the Amises except Mrs. Amis had been released. She was to be released this afternoon.

The Amis car and one driven by Otis B. Autry of Wichita Falls collided at an intersection.

Damage to the Amis car was estimated at \$600. The two Amis girls, Karen Elaine, 4, and Pamela, 3, were not seriously injured.

DWI, Concealed Weapon Charges Cost Man \$150

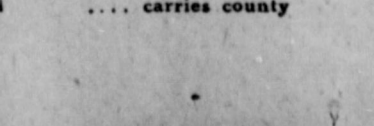

An 18-year-old man paid fines totaling \$150, received a three-day jail sentence and had his drivers license suspended for six months when he entered a plea of guilty to driving while intoxicated and carrying a concealed weapon.

Mack Jones was fined \$50 and cost on the DWI charge and \$100 and cost for carrying a dagger.

He was arrested by Ranger police and entered his guilty plea in County Court in Eastland.

Air Condition any Car, 3 Hours. Reg. \$400 with 4-cyl. compressor. Elect. clutch \$26 extra. SPECIAL FACTORY PRICE \$273.00

Precinct Abolishment Issue Dodged by Court

Commissioners Take No Definite Action

Eastland County commissioners straddled the fence Monday when the issue of abolishing some of the smaller voting precincts in the county came up for discussion.

The court, faced with 11 representatives from some of the smaller precincts, decided to let the voters of the smaller precincts decide for themselves whether or not to do away with their precincts. They recommended that voters of each precinct have an election of their own to decide what steps should be taken.

The issue came up in response to a resolution passed at the County Democratic convention in May. The resolution follows:

"Whereas, as there are 25 precinct voting places in the County of Eastland to represent the people, and whereas, many of these precincts tabulate very few votes, some as little as nine, and whereas there are now only half as many candidates to seek election since the new law was passed extending the time of office, and whereas, the cost of holding the election under the present setup almost makes it prohibitive for the office seeker in view of the high filing fee, and; whereas, those who vote in the smaller boxes (as a general rule) come into the city to get the returns; be it therefore resolved: Where there were in the last general election under 20 votes polled at any voting box that such precinct be abolished, and that the voters of said precinct shall go to the nearest voting precinct to cast their ballot; that copy of this resolution be transmitted to the Commissioners court of Eastland county, Texas, and that it act on same as a mandatory move by this convention."

That would involve nine of the 25 precincts in the county: Alameda, Scranton, Nimrod, Dothan, Romney, Pleasant Hill, Staff and Cook.

Commissioners quickly passed the buck to the Democratic convention. County Judge John Hart apparently expressed the sentiment of the court when he said, "This is certainly not a pet calf of the commissioners court."

Commissioner Henry Carter said he felt that it wasn't his place to "tell a man where to vote."

Other Court Action
In other court action, commissioners voted to make a payment of \$1000 to the Osburn Co. The firm has just completed compiling all delinquent tax lists from 1919 through 1954. The work was authorized in 1954.

Total cost of the work will be \$6505.44, with the state paying \$1917 and the county the remaining \$4588.44. The \$1000 payment, as required by law, will be repaid the general fund out of collections made of delinquent taxes. The remaining \$3588 will be paid the (Continued on Page 3)

Member F. D. I. C.

A spokesman for the group of representatives from the smaller precincts, W. E. Lusk, declared that he was present because he "wanted to find out where I have to vote and who I have to vote against."

Lusk, from Sabanna, was a delegate to the convention which passed the resolution. He said he would favor a chance to vote to decide whether or not to keep the precincts. "I'd rather do that than let a Shiver's committee decide it for us," he asserted. A check revealed that Sabanna would not be effected by the 20-vote ruling anyway, since more than that number of votes were cast there in the November general election in 1954.

Commissioners quickly passed the buck to the Democratic convention. County Judge John Hart apparently expressed the sentiment of the court when he said, "This is certainly not a pet calf of the commissioners court."

Commissioner Henry Carter said he felt that it wasn't his place to "tell a man where to vote."

Yarborough Tops Daniel In Eastland County Vote

Eastland county voters split almost down the middle in Saturday's second Democratic primary, but finally came up in favor of Ralph Yarborough by a 411 vote margin in the spirited gubernatorial race.

In the only other statewide race, the county picked the winner, voting in favor of Will Wilson of Dallas over Tom Moore of Waco by a margin of 2808 to 1649. The complete but unofficial count in the governor's race showed Yarborough with 2469 votes to Daniel's 2058.

The county also has a new county commissioner. He is R. L. (Bob) Carter of Rising Star, who defeated Mark Clark by 34 votes in the Precinct 3 race. Carter, a businessman, formerly served as city commissioner in Rising Star.

In the governor's race, Ranger and Rising Star boxes combined to give Yarborough his biggest lead. Eastland and Cisco boxes voted for Daniel by a very narrow margin.

Daniel carried only six boxes in the county, plus the absentee lead. His opponent was out front in the remaining 19 precincts. In Eastland Daniel received a combined vote of 447 votes to Yarborough's 424, for a 23 vote margin. In Cisco his combined was 592 to 491, a margin of 101 votes. Ranger gave Yarborough a lead of 188 votes, casting 499 votes for the Houston attorney to 311 for Daniel.

The county failed to vote its full strength, casting almost 1500 fewer votes than in the first primary. Saturday 4527 persons voted their convictions, while 5913 votes were cast in the July primary.

A canvass of votes by the Democratic Executive Committee will be made this afternoon at a meeting in Eastland.

Statewide, it's still anyone's guess how the gubernatorial election will come out. Although Daniel leads by a margin of 3547 in complete, unofficial returns,

Yarborough, who polled just 12,000 votes, had received 698,125 votes to 694,578 for his opponent.

Robert Johnson, head of the bureau, said that correspondents of the bureau remain on the job in 254 counties. Virgil Moore, Eastland county correspondent for the bureau, said he expected no major changes in the Eastland county vote, "although there may be minor revisions."

In the statewide race for attorney general, Wilson rolled to a 803,740 to 515,119 victory over Moore.

How They Voted

Precinct	Governor		Attorney General	
	Daniel	Yarborough	Moore	Wilson
Absentee	70	31	34	64

Grid Ducats... Go On Sale

It's that time again! Season football tickets for all Eastland home games went on sale here Tuesday. Five tickets for reserved seats cost just \$5. Tickets can be purchased at the school business office.

"Those who had reserved seats last year will have an opportunity to get the same seats again if they prefer," Mrs. Steve Potts, announced. She emphasized that they shouldn't wait a round the long, however. Tickets are for the DeLeon, Cross Plains, Gorman, Wylie and Clyde games are included in the offer.

Policies and Aims of P-TA Are Clarified

Mrs. M. W. Herweck, president of Eastland county P-TA, Monday released the following regarding the policies and aims of the parent-teacher association:

There should be a clear and definite understanding of the functions of the parent-teacher association. Many parents are not entirely familiar with the objectives of the parent-teacher association nor with the functions of the various committees necessary for the successful completion of P-TA activities. There is still a feeling on the part of some parents that mothers work in the P-TA to gain favors from their children's teachers. This attitude reveals a total ignorance of the purposes of the parent-teacher movement.

The P-TA should concentrate on parent education and its primary function of understanding children, subordinating the role of securing playground equipment, library books, band uniforms, and drinking fountains. The purposes and activities of the local P-TA should lie in the educational needs of boys and girls in their community, with success dependent on participating interest and support of a sound educational program.

Good relations between parents and teachers can result in a happier and more successful school experience for many children. It should be explained that the P-TA is in cooperation with, and not in opposition to or in competition with, the school. The objects of the parent-teacher associations clearly point out the program of the organization:

To promote the welfare of children and youth in home, school, church and community.

To raise the standards of home life.

To secure adequate laws for the care and protection of children and youth.

To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child.

To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social, and spiritual education.

The B-29 was invented by a Texan, Fred Dexter. It hangs from the hips, never slips and will not buckle under baby's clothing. It is actually small enough to carry in your purse, wash in a small basin and dry one underneath another on a coat hanger. Sure! It's the money-saving idea ever to hit the diaper line.

Just the one size to buy and so easy to wash and dry indoors on rainy days that three dozen is all you need for one baby from birth through three years. Dexter calls his creation the "Dexter Diaper" and the name is sewn in every genuine diaper for your protection.

Attending the graduation exercises were his parents and Betty Nell and Kathie Jones, Mrs. C. A. Harlowe and Mr. and Mrs. Wilson Meglason of Cisco.

SOME VOTES IN COUNTY COST PLENTY

Vote counting in Eastland county really costs money. In fact, some votes in the county cost as much as \$2.05 each to count.

That was indicated Tuesday in a check of voting in some of the smaller precincts in the county. At Alameda it cost \$35 to count 17 votes. At Staff the cost was \$30 for 20 votes, at Pleasant Hill \$29 for 17 votes, Romney \$35 for 24 votes, Dothan \$37 for 20 votes, Long Branch \$35 for 19 votes, Cook \$35 for 21 votes and Sabanna \$26.75 for 21 votes.

In the eight towns combined it cost \$262.75 to count 159 votes. Average that out and you will find that for each voter the cost was \$1.65.

As a comparison, take the largest box in the county at Cisco. There it costs \$123.75 to count 835 votes, or 18 cents a vote.

Who pays the cost? Not the average tax payer isn't hit a cent. The candidates for the different offices pay.

Why worry about it then? Because the cost of running for some of the offices is getting completely out of line.

For instance, it costs \$675 to get your name on the ballot in Eastland county in the 91st district court judgeship race this year. And it costs \$67.50 just to run for constable, a job that pays \$900 a year. That's win or lose. All the candidates pay, and only the winners get any of the money back.

Eastland county now has 25 voting precincts. At one time it had 27. Two of the precincts have been abolished. At one time there is no doubt that all of the boxes were needed. Today, with modern cars and good roads, there seems very little reason in keeping all of the boxes.

Wow! Eastland Babies To Wear 'B-29 Diapers'

Carl Johnson Dry Goods is pioneering in the sale of one of the most unusual baby diapers ever introduced in this area.

The diaper is shaped like a B-29 to make one size fit all age babies without folding. Just put your baby on the built-in, wing section goes in back, tail section in front, bomb-bay snugs up in crotch to absorb like a sponge. To adjust for size, merely shorten the tail section in front before pinning.

The B-29 was invented by a Texan, Fred Dexter. It hangs from the hips, never slips and will not buckle under baby's clothing. It is actually small enough to carry in your purse, wash in a small basin and dry one underneath another on a coat hanger. Sure! It's the money-saving idea ever to hit the diaper line.

Just the one size to buy and so easy to wash and dry indoors on rainy days that three dozen is all you need for one baby from birth through three years. Dexter calls his creation the "Dexter Diaper" and the name is sewn in every genuine diaper for your protection.

Attending the graduation exercises were his parents and Betty Nell and Kathie Jones, Mrs. C. A. Harlowe and Mr. and Mrs. Wilson Meglason of Cisco.

Mrs. Everett Smith ... married Saturday

Esma Ann Noble and Everett Smith Are Wed Saturday Night

Esma Ann Noble, daughter of Mr. and Mrs. Barney Noble, became the bride of Everett Smith, son of Mr. and Mrs. Mack Smith, of Cisco, Saturday night at the Eastland church of Christ. Clarence Brock, pastor of the church of Christ in Olden, read the double ring ceremony, before ferns and white flowers.

Given in marriage by her father, the bride wore a white lace and nylon dress with white accessories. She carried a bridal bouquet. Her shoulder length veil was attached to a small white hat. White lace earrings were her only jewelry.

Anzell Porter of Olney was maid of honor and bride's maids were Barbara Holloway and Carolyn Noble, cousin of the bride. H. D. Ballinger served as best man. Ushers were Carl True and Leo Stambough.

"Whither Thou Goest," "Bridal March" and "The Lord's Prayer" were sung by Mr. and Mrs. David Fry.

Mrs. Katherine Harris assisted in the reception at the Woman's Club. The pink and white wedding cake, topped with the traditional bride and groom, and lime punch were served from a lace covered table.

The bride graduated from Eastland High School and is a member of the Church of Christ. She is employed at Davis Drug.

Smith attended school in Cisco and is presently employed by a motor firm in Cisco.

The couple will make their home in Cisco.

PAT IN PARIS

Patricia Anne Cowden, the 1956 Maid of Cotton, poses at the Stade Roland-Garros, scene of this year's International Davis Cup Matches. Visiting the site of the famous tennis matches was one of the many exciting thrills Pat experienced on her recent trip to Paris. She is wearing a Lacoste tennis shirt, named for the French Tennis champion Rene Lacoste.

What Protein Level for Dairy Cows' Rations?

Good dairymen know that the proper amount of protein in the grain ration is vital to the performance of their milking cows. The question is: What is the proper level of protein to feed?

Research and practical experiences have shown that a good 16 per cent ration will do the job efficiently, regardless of the kind of roughage available, if the amount fed is adjusted to roughage quality.

The soundness of this program was illustrated in a feeding test conducted at the Ralston Purina research farm in Missouri. Thirty-six mature Holstein cows averaging about 1200 pounds live weight were divided into three equal groups on the basis of previous production and other factors.

Lot I received good alfalfa hay and corn silage with a 16 per cent grain mixture at the rate of 1 pound for each 3.7 pounds of milk. Lot II received poor quality timothy hay free choice, along with corn silage and 24 per cent grain at the same rate as Lot I. Lot III received the same poor quality hay and corn silage, but were fed more pounds of the same 16 per cent grain mixture that was fed in Lot I. Lot III cows received 1 pound of supplement for every 2 3-4 pounds of milk.

Cows in Lot I, fed good hay and normal feeding of 16 per cent supplement, increased their production an average of 1.2 pounds per day over their previous lactation. Cows in Lot II, fed poor roughage and a normal amount of 24 per cent supplement, fell off an average of 6.35 pounds per day. Cows in Lot III, fed poor roughage with an increased amount of 16 per cent supplement, gained an average of .6 of a pound of milk per day over previous lactations. Lot III returned an average of 19 cents more per cow per day over feed costs than Lot II.

This test indicated that the 16 per cent grain ration, fed at a slightly higher level with poor roughage, made best use of poor roughage, and fed at normal levels supplemented good hay economically and efficiently.

Surplus agricultural commodities valued at about \$1 1/2 billion have been sold to foreign countries in exchange for their own currency since September 1954. Of this total, \$759 million worth was arranged for in the first six months of 1956, reports John G. McHaney, extension economist. Sales of cotton ranked second to wheat flour.

Monorail Line To Be Operated At State Fair

America's first commercial operating Monorail line will be installed at State Fair park in Dallas in time for the 1956 State Fair of Texas, Oct. 6-21.

Monorail is the latest development in express transportation. A short demonstration line has been in operation in Houston since February. The Houston line will be dismantled and parts of it will be used in construction of the state fair line; thus the Dallas Monorail will become the only one operating in the nation. Officials said the transportation it will provide will be "safe, silent and swift."

Monorail utilizes a fiber-glass coach suspended from an overhead beam supported by a system of inverted J-shaped towers. The 60-passenger coach which has been used in Houston will be completely remodeled for its state fair debut.

The state fair line will be approximately 4000 feet long. It will extend from a point near the automobile building and the auditorium through the fairgrounds to the main parking lot on the rear of the grounds.

The beam on which the Monorail coach will run on its pneumatic tires will be supported by 40 steel towers, 30 feet high, and spaced approximately 100 feet apart.

There will be ground-level loading stations at each end of the line and one intermediate stop—an elevated loading platform on the midway plaza near the main entrance to the Cotton bowl.

To be known as the "Monorail Skyway," it will serve both as an unusual exhibit demonstrating the most modern type of fast transportation and also is expected to have a novelty appeal comparable to that of a giant midway ride.

Although the Monorail coach is capable of attaining speeds up to 250 miles per hour, the short distances it will travel on the fairgrounds will limit its speed. It will probably take about two minutes to travel from the front part of the fairgrounds to the back, exclusive of the time it takes to load passengers at the intermediate stop.

The line will be operated by the Texas Skyways Co., a subsidiary of Monorail, Inc., under terms of a six-year contract with the state fair. A 25-cent fare will be charged. After the fair, the Monorail will be operated throughout the year on weekends and at other times.

CARD OF THANKS
We want to thank our friends and neighbors for the lovely flowers, cards and prayers, also the nice gifts and contributions during my recent illness. Especially are we grateful to Dr. Treatwell, Mrs. Reid, and each of the nurses at the Eastland Memorial Hospital for the kind, efficient care I received. To each and every one we say thank you and God bless you.
Mrs. Minnie Baker
Husband Alfred C. Baker

Robinson and Miner Announce Wedding Party
The wedding party for the wedding of Miss Bettie Joyce Robinson and Mitchell Miner was announced today. The ceremony will take place in the First Christian Church August 31 at 8 p.m. with the pastor, Roy Turner, officiating.
Maid of honor will be Mrs. James L. Rogers of Harlingen, who will serve as her sister's only attendant. Clarence A. Pelton of Fort Worth will be best man.
Johnny Ray Fritts of Fort Worth and Jim Fuller, brother-in-law of the prospective bridegroom, will usher.
Miss Jana Weaver will provide traditional wedding music accompanied by Miss Helen Taylor.
No wedding invitations are being sent but friends and relatives of the couple are cordially invited to attend the wedding and the reception following at the Woman's Club.

Mourning Dove Hunt Prospects Are Depressed
AUSTIN — Mourning dove hunting prospects in Texas seem "rather mediocre" barring scattered areas favored by moisture, according to the executive secretary of the Game and Fish commission.
He said field reports indicate that native birds which comprise the bulk of the present population have been "cut down somewhat" by lack of water and feed.
The executive secretary pointed out, however, that where water and feed exist there should be "pretty good hunting" for the north zone opening at noon Saturday, Sept. 1. South zone hunting of mourning dove opens Oct. 12.
"Our field men agree," he added, "that there probably will be tremendous concentrations of doves around tanks containing water, especially if there is feed nearby."
"This condition will work hardship on the bulk of the hunters since the fleet birds simply will not be scattered enough to accommodate the majority of them."
He went on to say that substantial general rainfall could have a bearing on the situation and relieve the crowded conditions around the sparse water supplies.
The executive secretary said the depressed dove population prevails particularly in the south central part of the north zone, which comprises about three-fifths of the state.
"Reports indicate that a strip across the northern part of the state is more favorable," he said. "The Panhandle while dry in places still is lush as compared to the areas hardest hit by the drought."
He emphasized that hunters "should keep a few routine things in mind," citing: hunting is from 12 o'clock noon until sunset; daily and possession limits both call for 10 doves; danger from fires is very high; permission should be obtained from land owners at all times; game should be promptly drawn to avoid spoilage in heat; great care should be taken not to shoot in the vicinity of field workers or livestock; Texans may hunt doves in their own home county without the usual \$2.15 hunting license; persons over 65 or under 17 do not need dove hunting licenses; rules of safety should be observed; guns must be plugged to restrict shell content to three; hunting on public roads is unlawful.
Concluding, the executive secretary suggested: "watch your bag limits, particularly you fellows hunting around a popular water hole. You can knock 10 birds quicker than you think. Our wardens stand instructed to cover these concentrations closely. They have no other choice than to file on those caught abusing the limit. Federal wardens who operate in Texas, since mourning doves are migratory game, have like responsibilities."

WEEKEND GUESTS
Mr. and Mrs. Farrell E. Smith and children, Sylvia and Karen, of Corpus Christi, spent the weekend with Mrs. Blanch Murray. Mr. and Mrs. Smith left Monday for Dallas where they will attend the American bar convention. The children will remain with Mrs. Murray until Thursday.
ATTEND REUNION
W. C. Bagley and F. M. Wilhight attended the Old Settlers Reunion at Pioneer Park in Roaring Springs Saturday. The reunion began Thursday and lasted three days.

Precinct
(Continued From Page One)
Osburn firm out of money collected in delinquent taxes.
Commissioners also voted to pay an extra trapper for one month.
A \$12 a month raise for the sheriff's office deputy was approved after considerable discussion. Sheriff J. B. Williams and Richard Cox, county treasurer, presented their reasons for asking the raise. The office deputy's salary will now be in line with that of other male deputies in county offices.
The court accepted the resignation of Paul Brashers as assistant county veterans service officer. There was no mention made in the court concerning the flareup which occurred two weeks ago over wages paid Brashers as veterans officer while he was holding the post of state representative.
All commissioners were present.

Darlene Joyce Johnson ... engagement announced
Darlene Johnson and Darrell Basham Engagement Announced
Mr. and Mrs. O. L. Johnson, Route 1, Eastland, announce the engagement and approaching marriage of their daughter, Darlene Joyce, to Darrell Gene Basham, son of Mr. and Mrs. H. E. Basham.
Miss Johnson is a graduate of Carbon High School and is presently employed by Southwestern Bell Telephone Company in Fort Worth.
An employee of Texas Electric Service Company, Basham graduated from Eastland High School in 1955. He will be a sophomore student at Arlington State College in September.

Cynthia Smith Is Honored On Her Birthday
Cynthia Ann Smith was honored Thursday at 3 p.m. with a party to celebrate her fourth birthday, in the home of her parents, Mr. and Mrs. James Smith, 304 West White.
Favors of balloons, candy striped horns and chocolate suckers were given the children.
A large white birthday cake, decorated with yellow and white flowers and bearing the words "Happy Birthday, Cynthia," held four yellow candles and rested on a mirror. Ice cream and punch were served with the cake.
Those attending were Mrs. Norman Guess, Susan and Janet, Mrs. Larry Kinard, Ginger and Martha, Mrs. Fehrman Lund, Steve, Craig and Paula, John Earl Goode, Mrs. Virgil Moore and Trippy, Jane Ann Sparks, Mrs. H. B. Grizzle and Janice, Mrs. Hugh Neel and Carla Sue, the honoree's grandparents, Mr. and Mrs. L. D. Lewis of Cumby and her brother, Kenneth Smith, and the hostesses.

Moore About -
(Continued From Page One)
ing on the part of the commissioner. But still, we can't get it in our mind that Ranger and Eastland belong in the same precinct.
Believe it was Bennett who reminded us that the precinct division doesn't show a true picture of things. For instance, a lot of things, such as hospital help for the needy, are paid out of the general fund. Naturally Eastland and Ranger have more such cases than do Gorman and Rising Star, and therefore the two towns spend more of the county's money.
The two men were not seriously worried about Moore About having any influence in having the precinct lines changed. And for that matter, we aren't either. It would be hard to do, since in a county wide election you would have 55 percent of the people (who now have three votes) perfectly content. Unless a lot of those 55 percent didn't vote, Precinct One's 45 percent wouldn't have much of a chance anyway.
But we still maintain that the division is way behind the times.
—veem
That's it for now. See you Thursday.

VISITED DAUGHTER
Mrs. B. W. Patterson spent the week end in Fort Worth visiting with her daughter and son-in-law, Mr. and Mrs. V. L. Deakey.

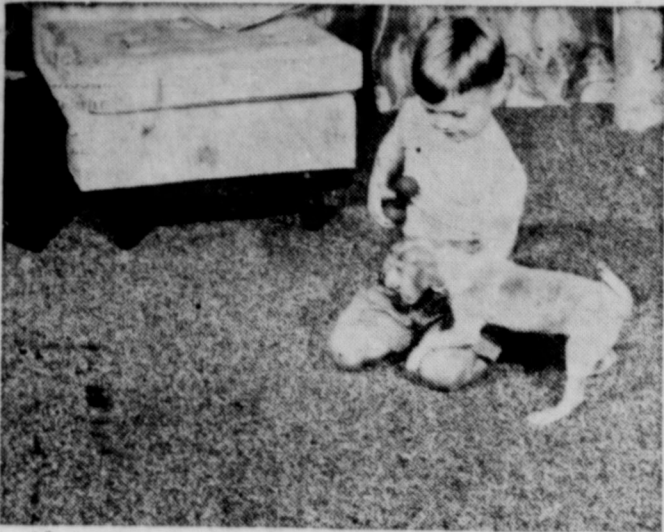

Champion plowman of 38,000 Texas Future Farmers, fourteen year old Tommy Galloway, Wharton, Texas, not only won a new Ford tricycle tractor, presented by Texas Ford tractor and implement dealers at the state FFA convention in Dallas, but lots of attention from the lovely FFA Sweetheart Gay Chandler, and sweetheart candidates. The girls are left to right, Judy Franklin, Liberty, Texas, Gay Chandler (Sweetheart), Yorktown, Texas, Linda Lyles, Temple, Texas, and Gayle Thornton, Keller, Texas.

NEWS FROM STAFF

By Mrs. M. O. Hazard

Mrs. Jimmy Little of this community and her mother, Mrs. Vera Garrett and Lavell from Kokomo and Mrs. Raymond Hendricks and Zelma, of Flatwood, were shopping in Abilene Saturday.

Mr. and Mrs. M. O. Hazard were guests Monday afternoon of Hazard's sister, Mrs. Pearl Bourland in Eastland.

Mr. and Mrs. M. A. Abel, Mrs. Floyd Crawley, Mrs. C. L. Henderson, Mr. and Mrs. Walter Duncan and Mr. and Mrs. O. T. Hazard went to Comanche Friday where they attended the 18th annual meeting of REA at Lake Eanes Park.

Mrs. Vern Garrett, from Kokomo accompanied by her daughter, Mrs. Jimmy Little and Ray Neal were visiting in Eastland Thursday.

Mr. and Mrs. E. G. Henderson and young son, Kelly from Midland were week end visitors of Mrs. Henderson's mother, Mrs. Eva Mason of Gorman who recently underwent surgery in Gorman hospital. The Henderson's were also guests of his parents, Mr. and Mrs. C. L. Henderson of this community. Henderson and Kelly attended the revival meeting here Saturday evening.

Mr. and Mrs. M. O. Hazard were in Ranger Monday morning on business. The Jimmy Little family attended the birthday celebration of Miss Zelma Hendricks Monday evening in the home of her parents, Mr. and Mrs. Raymond Hendricks in the Flatwood community.

Mrs. Era Slaughter and son, Ben Wallis from Abilene were week end guests of Mrs. Slaughter's sisters, Mmes. Floyd Crawley, C. L. Henderson and J. W. Mounce. Mrs. Slaughter attended the revival services at the church here Sunday morning.

Mr. and Mrs. J. C. Foreman, Kenneth and Allen from Olden were the guests Monday evening of Mrs. Foreman's parents, the Allen Crosbys.

Miss Carolyn Collins from New Hope attended the revival services at the Baptist Church here Sunday evening.

Mrs. Zona Griffin returned to her home here Friday after spending several days visiting with her son-in-law and daughter, Mr. and Mrs. J. W. (Slim) Adams at Desdemona.

Mr. and Mrs. Jimmy Little and Ray Neal went to Kokomo Sunday morning where they attended the revival services at the church there and were the guests of Mrs. Little's parents, Mr. and Mrs. Vern Garrett.

Judy Beth Crosby, of Eastland was the over-night guest Wednesday of her grandparents, Mr. and Mrs. Allen Crosby.

AT THE CROSSROADS!

Antelope to be Released In West Texas

AUSTIN — Release of antelope trapped mainly in over populated areas has expanded the West Texas range of the speedy pronghorns, states the assistant director of wildlife restoration for the Game and Fish commission.

This announcement came as Chief Clerk Vernon Skaags reminded Texans to mail their applications for the 1956 antelope season by midnight Aug. 31.

He said 811 antelope were transplanted after last fall's hunt failed to meet the harvest quota, and that most of the surplus animals were taken from West of the Pecos. The remainder came from the Panhandle. The bulk of the trapped animals were released in West Texas.

Twenty-eight areas in 25 counties were inspected as possible transplant sites. Nine of these were rejected because of unsuitable habitat.

Concerning this fall's antelope shoot in both the Panhandle and West of the Pecos, the chief clerk said applications to date were below the 1000 head earmarked for harvest. Should the formal requests for the special license, as postmarked before Aug. 31, exceed the total number of permits available, a public drawing would be held.

Persons interested in the hunts

which begin Oct. 1, should write Chief Clerk Skaags for the standard literature and the official forms to be submitted in connection with the applications.

BACK TO SCHOOL MEANS BACK TO HOMEWORK

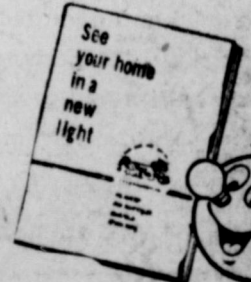

Start 'em off right with better light!

You'll be giving them a good start toward good grades when you check your youngsters' home study lighting. Good lighting aids concentration... reduces eye fatigue and drowsiness... makes homework seem easier.

Good study lighting is easy and inexpensive to provide. In most cases, a good table lamp equipped with a 150-watt bulb will provide adequate light. The lamp should be well shaded to prevent glare and tall enough to spread light evenly over the entire work area.

Check home study lighting now... start the school year right... with better light!

Free Booklet

For specific recipes for good study lighting, and for tips on better light for every room in your home, phone, write or come by our office for your free copy of "See Your Home in a New Light."

Pound Cake Makes a Tea Sandwich

Sliced bakery pound cake served sandwich style with a quick filling of cinnamon tanged cream cheese makes a real hit as an accompaniment for iced tea. Sparkling iced tea is a family favorite and a not-too-sweet pound cake sandwich is a fun surprise accompaniment.
A clear pitcher of iced tea is as tempting to look at as it is refreshing to drink. Serve with a plate of lemon, orange or lime slices or with a sprig of mint. A novel touch also is a pitcher of frozen lemonade or limeade, defrosted, but not diluted to be added to the iced tea as preferred.
Fresh and sparkling tea is a must. Important in making a pitcher of really alive tea is the use of fresh tea, such as Tender Leaf Tea, from a foil-protected package which insures the freshness of the leaves. Measure 1 quart freshly drawn cold water into a saucepan and bring to a full, rolling boil. Remove from heat. Immediately add 1/2 cup of loose tea or 15 tea bags. Let steep uncovered for 5 minutes. Strain tea or remove tea bags and add 1 quart of cold water.

Here's the recipe for the pound cake sandwiches. This tempting combination may be used with vanilla wafers or other cookies.
POUND CAKE SANDWICHES
1 4-oz. package cream cheese 1/2 cup confectioners' sugar
1 tablespoon milk or cream 1/2 teaspoon cinnamon
1 pound cake
Blend cheese with milk. Blend in sugar and cinnamon. Spread between 1/2 inch slices of pound cake to make sandwiches.

Lone Star Gas Announces Plans For New Contest

Lone Star Gas Company is offering substantial cash prizes to winning gas appliance dealers in a window display contest promoting this year's Fall Gas Range Campaign, to be held in October and November.

Oct. 15 is deadline for entries and the deadline for photographs is Nov. 30, according to Hubert Westfall, Lone Star manager here. Window displays, as shown in photographs, must remain before the public a minimum of two weeks.
Separate contests will be held in Lone Star's Dallas, Fort Worth and General Divisions of Distribution. The top prize in each division is \$100, second prize is \$50 and third prize is \$25. A special prize of \$25 will go to any one of the prize winners with a gas range connected on his sales floor.
A Lone Star spokesman pointed out that quality of photographs is not important. Window displays will be judged primarily on originality of ideas and secondly on clarity of presentation.

West Main Phone 802

When the new baby of the family is an OK Used Car, a little bragging is natural. OK Used Cars are a source of pride and joy because they're inspected and reconditioned for safety, performance and value. They're warranted in writing by your Chevy dealer; they're yours at popular prices because of their volume trading.
