Loobes Nose Out Mavericks by 12 to 6 Score

LOCALS HOLD LEAD EARLY IN THE GAME

Garrison Proves Elusive On Water-Soaked Field At Cisco.

The Cisco Loobes are still in the Oil Belt Conference race by virtue of a 12 to 6 victory over the Eastland Mavericks at Cisco Friday afternoon, but Cisco is glad that Mr. Garrison and his mates are, so far as the Lobo 1933 grid season is concerned, a matter of history.

On a gridiron logy from an early afternoon drizzle and swept by a biting north wind, the two elevens battled through four quarters that produced moments as spectacular as a dry field would have permitted. Both dipped into their bag of tricks for a wide open assortment of plays, and it was an aerial raid in the closing moments of a tense fourth quarter that produced Cisco's desired win.

A combination of smart football, good punting and alert defense accounted for the Maverick touchdown early in the second quarter, the first that an Eastland team has scored on a Cisco team since Ed T. Cox passed to Harrell for a score in 1924. It was the first touchdown of the game and put the Mavericks in the lead in a Cisco-Eastland contest for the first time since 1922.

Here is the history of that score after a quarter of an hour of football that was practically all Eastland.

Tully had kicked off to St. John of Cisco to put the ball in play and Barker had made a 30 yard run around left end that about told the story of Cisco's offensive success in the first period. After a punting duel between Garrison and McMahon, Eastland took the ball on their 36 yard line. Garrison quick-kicked, a marvelous punt that rolled still on the Cisco three-yard line. McMahon, standing behind his own goal got off a nice kick to mid-field where Garrison took it and brought it back to the Cisco 41. The Eastland flash, who was a thorn in the collective flesh of the Lobo all afternoon, faked a pass and ran for nine yards. Hart failed to gain and Cisco halted the drive with an intercepted pass. McMahon kicked and Hart recovered Garrison's fumble on Cisco's 44 yard line. After Hart had plunged at guard for three, Simmons snared a 17-yard heave from Garrison which placed the ball on Cisco's 23 yard stripe. Garrison ripped off ten yards at a tackle for a first down, and picked up three on the next play to put the ball within ten yards of the Lobo goal. The Cisco defense stiffened however, and the Loobes took the ball on their 20 when St. John knocked down Garrison's pass in the end zone. Cisco made a first down and then attempted an unfortunate triple pass that the Eastland forwards messed up. Tully rose in the path of the attempted toss by Harrison, snatched the ball and was chased out on the Cisco seven-yard stripe after a sparkling run of 23 yards around the left side of the Cisco team.

Garrison was unable to gain, but Mays, as furtive as a ghost, slipped through right tackle, turned whirly further right and circled the Cisco secondary for the score. Tully's kick was wide.

The Loobes, stung by this success, opened a counter offensive that frittered out time and again against a sturdy Eastland defense before it produced a tying touchdown. Smashes at tackles netted several nice runs by Barker and Beasley, a substitute, and stellar kicking by McMahon. Cisco full, gained ground for the Cisco team that finally put them in Eastland territory. The Eastland forwards, backed against their home sad, staved off attack after attack, Taylor and Kellett featuring the defense. A roughing penalty charged against the Loobes when Garrison kicked from behind his goal, further deferred the Lobo score. That penalty nullified a beautiful return by Barker who had run the kick from mid-field through the entire Maverick team to cross the goal line. As a result, Eastland got the ball on their 20-yard line.

After failing to gain the Mavericks were penalized to their four-yard line where Garrison again kicked from behind his goal to Barker, who ran the ball to the Maverick 23. A series of line

Banker Named In Stock Probe

Among the officers and directors of the Chase National Bank who served as directors of Albert H. Wiggins' family-owned corporations was Gates W. McGarrath (above), then chairman of the New York Federal Reserve and at the same time of the Bank for International Settlements. This was revealed at the Senate Banking and Currency Inquiry when Wiggins, retired head of the Chase National, admitted he sold the bank's stock "short" a month before the market crash.

THEFT RING CASE TO GO TO GRAND JURY

FORT WORTH, Nov. 4.—Investigation of an alleged North Texas theft ring will be carried before a Tarrant county grand jury Tuesday, Ranger Sergeant Osoba said today.

Osoba said he was working under orders to ignore rumors about political pressure to stop the inquiry and would proceed, "letting the chips fall where they may."

Rangers have collected evidence against a score of persons, he said. Charges of receiving and concealing stolen property have been brought against a former sporting goods store employe and a druggist. Evidence will be presented to the grand jury.

Osoba, at the same time, said his men had learned the triple slaying of three men last July resulted from the theft of \$150,000 in narcotics and not from division of loot of the \$72,000 mail robbery here in February, as believed by local officers.

The slaying resulted, he said, after a member of a gang, reportedly headed by O. D. Stevens, went to a Dallas hotel to purchase narcotics from a dealer and learned the narcotics originally had been stolen from the gang itself.

88th Grand Jury Has Final Report

The 88th district court grand jury, empaneled for the September term of that court, in its final report to Judge B. W. Patterson states that it had been in session 8 days during which time it examined 116 witnesses and returned 49 indictments, 48 of which were felonies.

The report stated that by far the greater portion of the indictments returned were against transients, many of whom were more or less habitual criminals.

The jail was visited and the report shows that the prisoners were satisfied with the treatment they are receiving at the hands of County Jailor E. P. (Pack) Kilborn.

The grand jurors also expressed their appreciation for the co-operation extended them by the sheriff's department and the criminal district attorney's department.

ROOSEVELT REJECTS THE PRICE PLAN

WASHINGTON, Nov. 4.—President Roosevelt flatly rejected today the proposal of middle-western farm state governors for immediate inauguration of a price-fixing program.

The announcement of the white house stand was made in a prepared statement.

"The president and the department of agriculture recognize the very great difficulties which the farmers of the northwest face during the next several months. And will exert every effort to bring about an increase in prices without expediting the compulsion of the individual farmers which the governors' plan apparently contemplated.

"The agriculture department," the statement added, "is in complete sympathy with the governors' objectives. The governors were invited to sit with the department or send representatives here any time they wish in order to explore every method to improve the situation in respect to each commodity."

The result of the conference has been "a 100 per cent failure," Governor Langer of North Dakota said as the fate of the governors' plan was sealed.

Belief State Jobs Could Be Bought Was Prevailing

AUSTIN, Nov. 4.—Widespread existence of a belief that state jobs can be bought had been thoroughly evident here today when the house of representatives committee recessed after listening to 13 witnesses.

On reassembling sometime next week, the committee is expected to bend its efforts to finding out how far that belief was justified.

Testimony so far has purported to show that pressure salesmen "traded on the gullible by reason of their political alignment with those who could deliver jobs."

Pacific Fleet to Be Transferred to Atlantic Soon

WASHINGTON, Nov. 4.—The transfer of the United States fleet from the Pacific to the Atlantic was viewed in informed circles today as a friendly gesture to Japan, designed to mollify whatever apprehension may exist there over the likely rapprochement between the United States and the Soviet Union.

The navy department announced last night both the scouting fleet, normally stationed in the Atlantic, and the battle fleet, whose home is the Pacific would be moved to the east coast next spring.

Both fleets have been on the west coast since the outbreak of trouble in the far east two years ago.

Apparently the girl and her companion were shot from ambush. An aged monk of the convent in the garden found the bodies at a spot usually unfrequented except at Easter time when devout pilgrims go to the holy grounds.

FORD TO LAY OFF EMPLOYEES TO CUT HOURS

DETROIT, Mich., Nov. 4.—Employees of the Ford Motor company will be laid off one week each in rotation in order to bring their average working week over a three-month period to 35 hours, the Ford company announced today.

While Ford officials would not comment on the point, it was understood wages were to be paid only for the 35-hour week average. Previously the men had been working on a 40-hour week average.

Ford officials insisted their action was based on a desire to comply with the NRA code and some observers saw no new conflicts in it between Ford and the recovery administration.

Others interpreted the remark of a Ford official in connection with the announcement of the plan that the NRA embodies "prohibition against work" as at least emphasizing the disagreement between Ford and the recovery administration.

Administrator Johnson said if Ford really wanted to retain any of the men he is laying off, the NRA will be glad to consider an exception permitting him to continue them all in employment.

STRONG AND SUMMERS STAGE WRESTLING MATCH

Hatton W. Summers of Dallas has been a congressional representative 20 years. Sterling P. Strong of Dallas won an election as congressman-at-large in 1932. Summers is chairman of the house judiciary committee. Joseph Weldon Bailey of Dallas was elected a congressman-at-large a year ago. He will not be a candidate against Summers. He may be a candidate for another office.

Bailey withdrew in order to give Summers a free field. Strong is not going to withdraw from public life. He has announced his honorable intention, speaking of the future. He is going after Sumner's scalp and congressional seat.

Sterling P. Strong was born in a northwest Texas county. He is a lifelong pro. He was a pro when the antis ruled the Texas roost. He filled a number of local offices. He battled for the white ribbon of the pros. Away back before the falling of the stars he was a candidate for state treasurer. He was defeated. Away back in the days of Thomas M. Campbell's reign he was the state superintendent of the Anti-Saloon league. In those days he was for precinct prohibition, county prohibition, state prohibition, nationwide prohibition and worldwide prohibition. All the time Strong was a courageous fighter.

He moved from the northwest habitat, where he was born, to the city of Dallas. He was active in business life for many years.

In the battles of 1932 he threw his hat into the ring as a candidate at large. Cyclone Davis, for 50 years a top-notch in the pro and farm labor and later in the Klan fight on the side of the Klan, went down in defeat. Farmer George Terrell won the seat. Joseph Weldon Bailey led all the rest. He won a seat. Strong made a remarkable race. Pitted against him were two repealers.

Now Dallas is a congressional district. Bailey is out of the running. Summers, like Barkis, is ever willing to serve. For 50 years Dallas has been a bloody cockpit of political rows and political battles. Strong is a pro. Summers has ever been a pro. Dallas has a tremendous voting population. It is said there are more than 75,000 qualified voters in the city and county. Behind the scenes it is whispered that it will be a three-cornered fight for the congressional seat.

There is to be a bitter contest for the congressional seat which goes to the Alamo City. Another will be staged in the county of Harris, in the city named for Sam Houston on the banks of Buffalo bayou where the deep water ships of the seven seas dock at the piers and unload and load cargoes of precious freight for the markets of the world. There may be many new faces in the Texas congressional delegation of 21 after the primary contests have been settled in the midsummer months of the coming year.

Just now the real battle is onlooking to national recovery, the restoration of the purchasing power of the tillers of the soil and the wage workers in city and country. It is not a war fought by the sword, it is a war waged by the men and women in the households of the commonwealth who are making the sacrifices necessary and ever engaged in a heroic struggle to restore peace and happiness and a fair share of prosperity to the human atoms who dot the surface of the earth in this erstwhile Southwestern garden of the Lord.

If you intend living your life out in the present generation, replan your affairs on the new deal and get busy.

Forgotten Sweetheart. by MARY RAYMOND

Stella, a little way by Mrs. Waring's tales of Joan's triumphs, had undertaken to show the full extent of her culinary talent in honor of "Miss Joan."

MRS. WARING smiled, but she shook her head. Stella meant Robert Weston. Mrs. Waring had not thought of him for a long while. Bob had passed completely from the picture. Joan must have forgotten him a long time before.

They found Bill and Sara at the station, waiting for them. "You'll never guess who just passed by," Sara said. Dick Thornton and his bride! They were married this afternoon and are leaving on a two weeks' honeymoon.

"Joan's been foolish," Sara was saying complacently. "Men don't care on girls play around and have careers. There's always some other girl waiting to grab a good catch like Dick."

CHRISTIAN SCIENCE CHURCHES

"Adam and Fallen Man" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, Nov. 11.

Among the citations which comprise the lesson-sermon is the following from the Bible: "So God created man in his own image, in the image of God created he him" (Genesis 1:27).

The lesson-sermon also includes the following passage from the Christian Science text-book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The great truth in the science of being, that the real man was, is, and ever shall be perfect, is incontrovertible; for if man is the image, reflection, of God, he is neither inverted nor subverted, but upright and Godlike" (page 200).

"My Lips Betray" At Lyric Sunday

Lilian Harvey, star of a number of Continental photoplays, who has already taken America's motion picture audiences by storm with her role in "My Weakness," starts an engagement at the Lyric Theatre today in "My Lips Betray," her second production for Fox Film. In this picture, specially adapted to her versatile talents, she has John Boles as her leading man.

The story is laid in a strange and mythical setting, and the principal characters are a romantic king and a charming cabaret entertainer. Through an error perpetrated by the royal, if tipsy, chauffeur, rumors begin flying about that this young girl who is on the verge of being evicted by her landlady for non-payment of rent is really the king's favorite. Things change with amazing rapidity. Instead of being a poverty-stricken entertainer, the girl becomes the centre of everyone's attention. She is dined and wine and feted and decorated, and, entirely against her will, is forced into accepting the situation. She must play the part if only to keep the people around her happy.

The king finally hears about the rumor and decides to investigate for himself. He goes to see the young woman who is supposed to be his favorite and put a stop to her ruse. But he finds a girl who captivates him completely and makes him fall a victim to her indomitable charm. He finally decides to let rumor and romance take their course.
The cast in support of Miss Harvey and Boles includes El Brendel, Irene Browne, Maude Eburne, Henry Stephenson and Herman Bing. John Blystone directed, from the screen play by Hans Kravitz and Jane Storm. Dialogue is by S. N. Behrman, with music and lyrics by William Kernell.

LYRIC TODAY

Here is Lilian Harvey, star of "Congress Dances" and many other international successes, who makes her American film debut in the Fox production, "My Lips Betray."

Gaynor-Baxter Film Opening

Janet Gaynor and Warner Baxter are together again for the first time since they were seen in "Daddy Long Legs," in their latest picture for Fox Film, "Paddy, The Next Best Thing." It shows at the Lyric theatre Monday, and is scheduled for an engagement of two days.
In this film, Miss Gaynor and Baxter respond to the popular demand for more pictures in which they are both featured. And the roles they portray are the type which give each of them their greatest opportunities thus far. Miss Gaynor is a young, impish colleen, who adds a strong dash of roughness to her famous wistfulness and thereby creates a new kind of character for herself. Baxter has the part of a big-hearted fellow who, much as he may try, cannot help falling head over heels for her.

The story centers around the romances of these two persons. At first those romances are separate—Miss Gaynor's for another man, and Baxter's for another girl. But the development of the plot finally does send them to each other and makes them admit their mutual love, even against their will.
The characters that they portray represent two different worlds—one the quaint intimacy of a village on the Irish seacoast, and the other the cosmopolitan life of a much-travelled sportsman. It is this element of difference that is reported as the means for giving this film some of its most distinctive qualities.
Walter Connolly, highly reputed player of the dramatic stage, has a featured role in support of Janet Gaynor and Warner Baxter. Others in the cast include Harvey Stephens, Margaret Lindsay, Mary McCormack, Joseph M. Kerrigan, Fiske O'Hara, Claire McDowell, Merle Tottenham, Roger Imhof and Trevor Bland.
"Paddy, The Next Best Thing" was directed by Harry Lachman from the famous novel by Gertrude Page. Edwin Burke, who will be remembered for his keen authorship of "Bad Girl" and a number of other film successes, wrote the screen play and directed the dialogue.

This section of the state. There will be other club women here from Snyder and Goldthwaite.
The convention proper, with reports of delegates, will open 9:00 a. m., Wednesday in Community clubhouse, with Mrs. Robert Wylie of Abilene, president of Sixth District, presiding.
The meeting is open and the public is extended a cordial invitation to be present.
Luncheon at 12:30 at the Connellee will conclude the convention plans.
The toastmistress and speakers list for luncheon will be announced later.

That Reminds Me

just criticism but propaganda to undermine the fundamentals of good government. There is always a rat lurking in the crevices of a shoe factory, and the smell of NRA is no doubt too tempting for some of the "chiselers" to keep off of. We only hope that they will fall into their own trap—which they surely will.

Loboes Nose Out

(Continued from page 1)
plays with Barker and Harrison ripping at the center and tackles, advanced the ball to the six yard stripe from which point Barker circled the left side of the field in a long run that crossed the goal in the extreme northeast corner of the field. Cisco's kick was no good.
The score stood at a tie until the last period when the Loboes, after the Mavericks had persistently repelled attacks from their goal, bombed the visitors' defenses with an aerial raid that produced two touchdowns before one was counted. St. John, tossing for the home team, first heaved to Barker who eluded several tacklers and ran for a total gain of 54 yards. The play was annulled and Cisco penalized. A few minutes later, with both stands tensely watching the course of the final moments of the game, the Cisco team unleashed another drive, Barker's runs alternating with St. John's passes, advancing the ball to the eight-yard stripe of the Mavericks where Rutledge, Cisco's end, took an over-the-line toss from St. John and crossed the goal for the winning score.
In the third quarter the Eastland team, with Garrison and Tully leading the offense drove up the field in a series of first downs that looked like a revival of their first quarter power. Garrison's smashes at tackles and his tosses to Tully featured. The drive ended when Page, Cisco end, threw Garrison for an eight-yard loss and Harrison intercepted his attempt to pass and raced 54 yards before Garrison himself threw him out on the Maverick 11 yard line. The Eastland team exhibited a stalwart goal line defense to drive the Loboes back from this opportunity to score.
Garrison was outstanding in the Eastland attack with Tully and Mays doing yeoman duty in the backfield. In the line Kellett and Taylor were stars.
Cisco had the better of both first downs and yardage gained from scrimmage. The first downs were 15 to 8.
Starting lineups:
Eastland—Taylor and Chick ends; Gary and Kitley, tackles; Kellett and Frost, guards; Cook, center; Garrison, quarter; Simmons and Mays, halves; Tully, full.
Cisco—Rutledge and Page, ends; Timmons and Brown, tackles; Merkett and Blackburn, guards; Littlepage, center; Harrison, quarter; Barker and St. John, halves; McMahon, full.
