

EASTER SERVICE SITE—The huge amphitheatre at the city park will be the scene Sunday at 7 a. m. of the traditional Easter sunrise service.

3,000 Expected At Park Easter Service

Early rays of the morning sun will glow on an estimated 3,000 or more faithful at 7 a. m. Sunday when the annual sunrise Easter service is held at the city park amphitheatre.

Worshippers Pray Along Christ's Route To Calvary

JERUSALEM, April 4. (AP)—Worshippers of Jesus Christ—in modern dress, desert garb and army uniform—knelt together today to pray on the route Christ followed when he carried his cross to calvary.

While the Christians observed Good Friday with their traditional procession along the via dolorosa (way of sorrows), two other religions marked holy observances today.

Early this morning the ancient walled city of Jerusalem was brightened by colorful Moslem banners as the faithful made their way to Haram Esh Sharif to prepare for starting their pilgrimage to the desert shrine of Nebi Musa (the prophet Moses).

At sunset today the Jews will begin their prayers at the wailing wall to mark the beginning of the eight day feast of the passover. Hordes of Orthodox Jews prepared to trudge through the narrow streets of the old city to the wall—presumed to be partially built of stones from Solomon's temple.

The Christian observance of Good Friday began shortly after dawn with services in the Basilica of Calvary in the church of the Holy Sepulchre. Here stand altars commemorating the places where Christ was nailed to the cross, where the cross stood and where his body was embraced by the Mother Mary. Before these altars Roman Catholics prayed to being observance of one of the holiest days of Christendom.

Proceeds from a free-will offering at the service will go to the Protestant Council on International Relief, for use in overseas relief.

In event of cold or inclement weather, the services will be held at the First Baptist church at the same hour. Police will be on hand to direct traffic at the amphitheatre.

Showdown Set On Division Of Jap Industries

The scene shifted to the Orient today in the continuing diplomatic difficulties between the United States and the Soviet Union.

Over Russian objections, the United States proposes to send at once to China, the Philippines, the Netherlands East Indies and British Pacific possessions about 300 of the 1,000 Japanese industrial plants earmarked for reparations. A showdown was imminent.

At the same time official sources at the four-power conference in Moscow said Soviet Foreign Minister W. M. Molotov, despite his own demands for British and American reports in China, still had not furnished US Secretary of State Marshall with Russia's statement in an exchange of information April 1 had been set as the deadline, set by Marshall last Monday.

In Washington the Senate prepared for next week's debate on President Truman's proposed \$400,000,000 loan to Greece and Turkey to stem Communism in the Middle East. Sen. Tom Connally (D-Tex.), leading Democrat on the Foreign Relations Committee, predicted its passage with "overwhelming approval."

Two stirring Easter hymns, "Christ Arose," and "Christ, the Lord, Is Risen Today," will be sung by a choir of 80 to 100 voices under the direction of W. R. Bawes, who held a rehearsal for the group at the First Baptist church Thursday evening.

A trumpet quartet, directed by Joe L. Haddon, will sound Bach's thrilling, "Sleepers Awake." Scripture readings will be by the Rev. Gage Lloyd, First Presbyterian minister, and prayer will be led by Dr. P. D. O'Brien of the First Baptist church. Capt. Olvy Shepard of the Salvation Army will be in charge of the Easter program, and the Rev. W. L. Porterfield, Wesley Methodist pastor and association president, will preside.

Approximately 900 employees of the Southwestern Greyhound Lines maintenance department went on strike at 10 a. m. today over the company's nine-state system. J. E. Stanley of Dallas president of the International Machinists Association, told the Fort Worth Star-Telegram.

Promptly at 10, the mechanics, stock clerks and other employees laid down their wrenches and assumed positions in picket lines outside the shops.

No shops are maintained at Fort Worth, but one-third of the strikers are employees at the Dallas garage. Other main shops are located at Amarillo, Houston and Kansas City.

Stanley said the independent union had voted not to take any action against drivers. He added that he did not know whether the union drivers had voted any sympathy action with the maintenance workers' effort for higher wages.

Typical of the pay raises being sought is the effort to gain \$1.50 an hour, a 20-cent pay hike, for journeyman mechanics.

Chiang's Troops Squeeze In Reds

PEIPING, April 4. (AP)—Government capture of two cities in rugged northwest China was reported today as Nationalist forces moved from north and south threatened to squeeze Chinese Red troops in Central Shensi province in the jaws of a vise.

The Shensi cities reported taken were Wayaoapao, 50 miles north of fallen Yenan, and Tingpien, in the northwest.

Government troops which advanced from Yenan to take Wayaoapao, formed the south jaw of a vise which Chinese reports said might soon close on Red forces. These reports said a northern column, moving down from Yulin, was only 13 miles away, separated by a stretch of easy terrain.

Official estimates said 2,000 to 3,000 Communists were killed in the bitter, weeklong battle for Wayaoapao, reportedly headquarters for a time for the Red commander-in-chief, Gen. Chu Teh.

Various House members urged safety laws with "teeth."

Lewis got some support, too, for a proposal that the government give back the \$710,000 contempt of court fine on him and his United Mine Workers Union to help widows and orphans of men who died in the two big mine explosions of recent years—Centuria, Ill., last week and Straight Creek, Ky., in 1945.

But members of a House Labor Sub-Committee who heard the booming UMW president testify for six hours yesterday showed no inclination to go along with his suggestion that congress ask President Truman to fire Secretary of the Interior Krug.

Mr. Truman himself left no doubt that he is standing squarely behind his cabinet officer.

Certainly not, the president declared in response to a news conference question whether he had given any thought to removing him. Mr. Krug is an efficient public official, the chief executive added.

But he said he would leave any reply to Lewis up to Krug.

DEFENSE MEDALS COMING

WASHINGTON, April 4. (AP)—The Army will begin distributing soon its American Defense Service, World War II Victory and Occupation medals to eligible soldiers and veterans.

President Has Authority To Seize Phone Industry

Right Is Based On War Emergency Act

Unions in communications fields affecting the business and personal life of most Americans have threatened to strike as a result of unsettled disputes with subsidiaries of the American Telephone and Telegraph company and the Western Union Telegraph company.

In addition, the Radio Guild (Ind) will vote Monday and Tuesday on proposed strike action against the major radio networks.

Top development in the telephone crisis, with the strike deadline set for 6 a. m. (EST) Monday was a statement today by Attorney General Tom Clark that President Truman has the legal power to seize the telephone industry.

The President said yesterday that he was examining the matter to see whether he had the power to do so.

Clark based his opinion on the Federal Communications act, which he said was based on the war emergency and would continue until six months after the official termination of the war.

John J. Moran, chairman of the National Federation of Telephone Workers (Ind) policy committee, said yesterday that the unions would obey a legal seizure, although he doubted whether such legal authority existed.

Union and company officials continued meetings in Washington and at other scattered points in the nation today, but little or no progress was reported by the various mediators.

The strike threat to Western union came with the filing of a 30-day strike notice by the Commercial Telegraphers Union (AFL) on behalf of its 50,000 members employed by the company. The action followed what a union spokesman termed "the complete collapse of collective bargaining."

JUDGES IN LUXURIOUS PEACE PALACE MAY GET CASE SOON

LAKE SUCCESS, N.Y., April 4. (AP)—The 15 men sitting in the \$1,500,000 peace palace in the Hague may have a case to work on shortly.

The International Court of Justice, legal arm of the United Nations, has been in operation a year without any cases. Now the security council appears ready to lose a job to the \$18,000 a year judges.

Britain set the machinery in motion to refer her mine-laying charges against Albania to the World Court with a resolution in the council. Several nations immediately supported the step and close observers of the council's work saw a possible Russian veto as the only barrier.

Andrei A. Gromyko, Soviet deputy foreign minister, exercised the veto to kill an earlier council verdict finding Albania "had knowledge" of the jaying of the mines which wrecked two Royal Navy destroyers and killed 44 sailors last Oct. 22 in Corfu channel. However, there was doubt whether Gromyko would use the veto again to block a reference of the complaint to the court.

Poland, Russia's partner in council voting, indicated it would abstain and in some circles this was viewed as a tipoff on what Gromyko would do next Wednesday when the issue comes up for vote. The Soviet-sponsored Albanian government denied the British charges, and both Russia and Poland insisted the British had no case.

School Elections Set Tomorrow

Voters of Big Spring and Howard county go to the polls Saturday to choose 34 members of various educational boards of trustees.

Big Spring Independent School district will select three trustees from a field of six. Candidates are John A. Coffee and Dr. J. E. Hogan, appointive members of the board. H. W. Smith, Boone Horne, Dr. C. W. Deats and Dan Conley. Interest in the balloting, which is to be at the city fire station with Robert Stripling as judge, was forecast in a total of 43 absentee ballots filed with Ira Thurman board secretary.

At Knott Independent School district, the terms of T. M. Robinson, Fred Roman and W. A. Jackson expire and they are considered candidates for re-election.

Two places will be filled at Coahoma from a field of three. Making the race are Truett Dorsey and Aubrey Cranfill. Charles Lindley is the board member not seeking re-election. Judge of the election is Leroy Echols, assisted by Hezlie Read and Lem Dennis, and balloting will be at the American Legion hut.

Among the common school districts, Forsan is to select three trustees with none formally filing for places on the ballot. For writing purposes, however, J. E. Chancellor, G. L. Monroney and W. L. (Bill) Johnson, incumbents, will be among leading candidates. Mrs. A. P. Olesby is judge, assisted by Mrs. Thompson and Mrs. J. P. Kubacka. Voting is at the school.

Besides Coahoma, the Gay Hill common school district will elect three board members and Midway two. The remaining 14 districts will name one trustee each, according to information from the office of County Superintendent Walker Bailey.

In commissioner precincts No. 2 and No. 4, members of the county board of trustees will be named.

GOOD TALLOW BUSINESS

Whale Really Up A Creek

NORFOLK, Va., April 4. (AP)—Blackie, a stranded whale, oblivious of the tallow factory man with the gleam in his eye, churped the waters of Little Creek today as the navy and coast guard passed the buck to each other on who should dispatch the 80-foot mammal.

J. W. Field, vice-president of the Norfolk Tallow company, said he understood the coast guard will kill Blackie today and that he had hired a tug to tow the carcass to his plant for rendering for fat and oil.

However, coast guard spokesmen said "us kill Blackie?—no indeed. Definitely no indeed. He's at the amphibious training base and that's navy property."

And the navy spokesmen said "us kill Blackie?—nothing doing. That's a job for the coast guard." For a spell late yesterday the whale seemed to have solved the problem by taking the honorable way out. It lay still on a mud-flat in a few feet

of water where it came to rest about 200 yards offshore after negotiating the Little Creek ferry channel from the depths of Chesapeake Bay. Its one above-water eye was closed. A navy officer decried: "The whale is dead."

But Blackie didn't recognize the finality of the navy's statement. In the dark of the night the whale began spouting and churning the shallows between the two barnacle encrusted pilings where it came to rest.

"He's kicking like the dickens this morning," a sailor at the Amphibious Training Base reported gleefully. He's turned about since last night and is now facing the channel. But he's hard ground and can't move further."

Navy spokesmen said the whale evidently had been injured and that because it was too dangerous to attempt to tow him to deep water while he is alive the merciful thing to do would be to dispatch him.

Explosion Occurs On British Ship For Deportation

JERUSALEM, April 4. (AP)—The Palestine government reported tonight an explosion occurred aboard the deportation ship Empire Rival while she was enroute from Haifa to Port Said last night.

The Empire Rival is shipping water, the announcement said, but gave no further details. The vessel has been used for moving uncertified Jewish immigrants from Palestine to internment on Cyprus.

The explosion on the Empire Rival was the second mishap to befall a British deportation ship in three days. The Ocean Vigour was badly damaged while in harbor Wednesday at Cyprus, where it had taken a load of Jewish refugees. Government sources said a hole was blown in her bottom by a mine which apparently had been attached to the hull by a swimming "forgerman." No one was injured.

One Dead, 35 Hurt As Tractor Derails Train

CHICAGO, April 4. (AP)—One passenger was killed and about 35 persons were injured when the Burlington Railroad's speeding Twin City Zephyr was derailed by a tractor and crashed into the railroad station at suburban Downers Grove last night.

The tractor had fallen off a westbound freight train that had just passed on an adjoining track and into the path of the streamliner, eastbound from Minneapolis to Chicago.

The crash in a flash of flame and shower of falling bricks ripped up rails nine miles from Naperville, Ill., where 45 persons died last April 25 in a collision of two Burlington passenger trains.

Several eyewitnesses said they saw "a tremendous ball of fire" as the Zephyr left the rails.

The train, which the Burlington said was traveling at its usual 75 miles an hour clip through the suburb 21 miles west of Chicago, smashed into the side of the unoccupied brick depot, partially wrecking it.

The Diesel engine was thrown on its side but the seven derailed coaches remained upright and were not badly damaged, thus holding down the number of casualties in the crowded train.

The one known dead was identified by police as Lloyd W. Wright, 58, of Oak Park, Ill.

Eyewitnesses said a large farm tractor fell off a passing freight train shortly before the Zephyr hit it at the main street crossing in the Du Page County community and careened from the rails.

Two coaches behind the engine wedged in a V-shape into the one-story station. Flying bricks and mortar poured onto some of the passengers through a hole ripped in the side of one coach.

Plan To Improve Through Traffic

A move toward improving east-west highway traffic flow through the city was made by chamber of commerce committees Thursday, when they endorsed a plan for opening Second and Fourth streets as diversions routes, and for widening Highway 80 approaches to the city.

The highway committee, headed by George White, and the safety committee, with Roy Reeder as chairman, adopted a resolution, which will go up to the C-C directorate for final action.

This resolution calls upon the state highway commission to examine feasibility of opening four-lane routes from the Couden plant to the east city limits, and from the airport to the west city limits; and also to make studies toward possibility of opening and improving Second and Fourth streets so that they might be alternate highway routes through the city and relieve congestion on Third street.

Several C-C representatives plan to be in Sweetwater Saturday, at a highway session at which state road officials will be present. The matter may be discussed there.

Convict-Guinea Pigs Flee Jail

DALLAS, April 4. (AP)—Two malaria-ridden convicts escaped from the hospital ward at the federal correctional institution at Seagoville, near here, this morning. Warden Reed Cozart identified the fugitives as Charles T. Talk, 25, of Buffalo, N.Y., and Matthew C. Healan, Jr., 22, of Pennington Gap, Va. Both were convicted in England while serving with the US Army Air Forces during World War II.

Cozart said the two ex-servicemen contracted malaria after voluntarily submitting themselves as human guinea-pigs from malaria control experiments.

Seagoing Trojan Horse Is Used

BATAVIA, (AP)—A "Trojan Horse" afloat spelled defeat to at least one pirate band in waters near Soerabaya, a Royal Netherlands Navy announcement said.

The pirates had been attacking native prahus, then hiding when naval patrol vessels appeared. The Navy then manned one of the native craft with armed Dutch sailors. Pirates boarded the craft and after a "short struggle" were captured, the announcement said. The marauders suffered "a few casualties; the Dutch sailors suffered no losses," the Navy's statement declared.

The first coins made of nickel were issued by Switzerland in 1881.

Baptist Churches Launch Revival Campaign Easter

Four Baptist churches in Big Spring officially inaugurate a "simultaneous" revival campaign Sunday in conjunction with approximately three score other Baptist churches in district No. 8.

In all, there are approximately 2,000 prospects which the members of the First Baptist, East Fourth Baptist, West Side Baptist and Airport Baptists hope to contact during progress of the meetings.

Two churches, the Airport and West Side, start formal evangelistic services Sunday. The Rev. David Boston, evangelist, will lead the effort at Airport. The Rev. East Fourth Baptist church launches its enlistment on Monday when more than 100 laymen, are expected to participate in a special Brotherhood night event. The Rev. L. D. Ball, Sweetwater, will be the evangelist and George McClellan, educational director, will be song leader.

The First Baptist church has a series of preparatory meetings during the first week, starting Monday evening with the Brotherhood, Tuesday the Sunday school, Wednesday officers and teachers, Thursday the training union, Friday the deacons and Saturday the youth. Dr. P. D. O'Brien will be the evangelist for the formal services the second week and Ernest Hock will direct the music.

The Risen Lord and His Disciples

HIGHLIGHTS ON THE SUNDAY SCHOOL LESSON

By NEWMAN CAMPBELL.
The International Uniform Lesson on the above topic for April 6 is John 19:38-42; 20:1-14. The Memory Verse being Luke 24:34. ("The Lord is risen indeed.")

THE FIRST day of the week, Sunday, Mary Magdalene went to Jesus' tomb early, before it was light. She saw the stone rolled away, and she ran to Simon Peter and John, and told them.

They hurried to the sepulchre. John, outdistancing Peter, and John looked into the tomb, but did not enter. Peter went into the tomb, however, and there he saw the linen clothes in which Jesus had been wrapped lying, and the napkin that had been about His head wrapped together in one place by itself.

The two disciples went to their own home, but Mary stood without the sepulchre weeping. She stooped down and looked inside and saw "two angels in white sitting, the one at the head, and the other at the feet, where the body of Jesus had lain."

"Why weepest thou?" they asked, and she answered, "Because they have taken away my Lord, and I know not where they have laid Him." When she said this she looked back and Jesus was standing there, but "she knew not that it was Jesus."

Jesus said to her, "Woman, why weepest thou? whom seekest thou? She, supposing Him to be the gardener, saith unto Him, Sir, if thou hast borne Him hence, tell me where thou hast laid Him, and I will take Him away." Jesus said, "Mary," and she recognized Him and cried, "Rabboni; which is to say, Master."

Jesus said to her, "Touch Me not; for I am not yet ascended to My Father: but go to My brethren, and say unto them, I ascend unto My Father, and your Father; and to My God, and our God."

Mary Tells of the Resurrection. Mary rushed to the disciples and told them she had seen Jesus and the things He had told her.

The same day, in the evening, at home, with the doors locked because of their enemies, the disciples were assembled, and suddenly Jesus appeared in their midst, saying, "Peace be unto you." Then He showed them His hands with the prints of the nails and His side which had been wounded by the soldier's spear, and they knew He had risen indeed, and they were glad.

Now Thomas was not with them when Jesus came to them, and when he returned he refused to believe that Jesus had been resurrected.

Rev. Horn To Attend Lutheran Conference. The Rev. O. H. Horn, pastor of St. Paul's Lutheran church, will leave Monday for a pastor's conference in Houston. The annual parley will be held at Emanuel's Lutheran church and the local pastor will serve as state secretary for the sessions throughout the week.

EASTER

The Bible tells us that it happened. The cross shows us now it came to pass. The flowers symbolize the resurrection. Flowers and cross and Bible; they are more than a pretty picture. They present an answer to the greatest of life's questions, "After death, what then?"

You can't explain mysteries, but you can believe them. For nineteen hundred years Christians have been unable to explain the resurrection of Jesus Christ, but they have believed it. For those who have not read, or reading, have not believed, the answer to life's greatest question is, "After death, nothing!" For Christians, who know that Jesus Christ proved eternal life—for them the answer is, "After death, life!"

The Bible tells us that He died and rose again from the grave. The cross tells us that He did it for us. The flowers tell us that through Easter we, too, have the hope of everlasting life. Bible, cross, flowers! They are the Easter story. They are the message of the Church.

**THE CHURCH FOR ALL...
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Bronc Infield May Be Set With Arrival Of Keystoner

Stasey Men Stage Long Bat Drill

The old vaudeville chant, "Who's on second base?" — anything but funny to Manager Pat Stasey of the Big Spring baseball club since the training grind got underway — may be answered with the arrival of Don "Rusty" Young from Fort Worth.

Rusty has been working out with Tyler. He comes with the recommendation of Harry Faulkner, general manager of the Tyler gang.

If Young makes good, the inner cordon could be made up of the classy Orrie Morino at third base, Andy Viamonte at short, Young at second and Leamon Bostick at first.

Bostick, incidentally, suffered a slight foot injury Thursday and had to take things easy most of the day.

The Broncs, with General Manager Joe Langston and Stasey in charge, went through a lengthy batting drill at their new training base at the bombardier school west of town Thursday. Henceforth, the workouts will start at 10 a.m. and continue until 2 p.m. daily.

In the infield drills, the amazing pegging arm of Armando Tranquero, newcomer catcher, became an item of discussion.

The youngster betrayed no weaknesses in throwing to all bases. From all indications, he will more than fill the bill for the Broncs.

Langston was informed Thursday another outfielder is on the way here. The youngster, whose last name is Mendez, is expected to arrive here early next week. Unless he gets here before Tuesday, Dick Fielder and Mel Newton will probably form the picket line along with Stasey in the Hosse's opening exhibition game against Ballinger.

LOOKING 'EM OVER

WIN TOMMY HART

J. B. Neely, Big Spring high school's new assistant coach, has been in the grid tutoring business—off and on—since 1935, at which time he departed Hardin-Simmons university to take a job as mentor in the elementary schools in his native Abilene.

A high school student from 1926 through 1930, J. B. held down a guard slot of the Eagle club which won the state championship in 1928. His future boss, Pat Murphy, was one of the assistant mentors of the Abilene team during the final two years Neely was in school.

From the fall of '30 through the spring of '35, J. B. attended classes at HSU where he played both football and basketball. After serving his coaching apprenticeship in the Abilene grade schools, J. B. joined the varsity troops in 1939 and remained until 1942 when he accepted a commission in the Army as a physical education officer.

Discharged in 1946, J. B. took a job with the Veterans Administration in Amarillo, but the love of the coaching game crept back into his veins and he was soon scouting around for a post. When he learned the Big Spring staff was expanding, he put in his application.

Neely will concern himself principally with the B string here. In addition, he'll coach the reserve basketball team, tennis, golf and intra-mural sports.

One of LeRoy "Six" Wood's vivid memories of his football career concerns the time he tried to tackle Orben "Spec" Sanders, the University of Texas product who made the All-Pro team the past season.

Wood was playing with the Eastern New Mexico college Grey hounds at the time, Sanders with Cameron Jaycee of Oklahoma.

Six charged in for the kill but never made it. Sanders waltzed crazily, let go with a stiff arm which the Big Springer never saw and was on his way to one of the three touchdowns he scored that night. Wood was left bottom side up in his wake.

Frank Hardesty, the local druggist who saw the Texas Rebels last weekend, says he believes Charley Parker is more at home in a 220-yard race than he is the century. The records seem to prove that out.

Hardesty opines the Texas team may be able to shatter the world's quarter-mile relay record once Allen Lawler rounds into top condition.

M-Sgt. James McNeill of the local U.S. Army recruiting office, pulled in a two-pound croppie while fishing in Moss Creek lake the other evening, one of the largest seen in this section in some time.

Progress is being made on the Midland Longhorn baseball league park. Work on the fences started Wednesday and the stands are rapidly taking shape.

The Midland stadium is located west of town across highway, 80' from the site of the old park.

Taylor Spink, publisher of The Sporting News, the baseball Bible, is now printing a weekly digest patterned along the lines of the senior edition, in the interest of American Legion baseball.

The periodical is being distributed by a major automobile company which foots all the bill.

Amarillo Couple Killed In Affray

AMARILLO, April 4. (AP)—A man and his wife died here yesterday as the result of a shooting in a cafe.

Mrs. Maxine Wyatt, 32, died instantly, while Elton D. Wyatt, 25, died later of gunshot wounds.

Shortly before Wyatt died, murder charges were filed against him. Witnesses said they saw Wyatt turn a gun on himself after firing a shot at his wife.

A coroner's verdict in the death of Mrs. Wyatt read "death from a gunshot wound."

Longhorns Set For San Angelo Meet Saturday

High school track coach Mule Stockton and a squad of approximately 20 boys will take off for San Angelo Saturday morning where they take part in the annual invitational track and field meet there later in the day.

The Bovines scored 13 points in last week's Lubbock show. They figure to do better than that this time out with miler Don Webb rounding into shape and Ernie Abbe figuring to pick up some in the sprints.

Webb or Abbe did not enter the Lubbock meet.

Other lads who Stock figures will pick up some points include Horace Rankin, hurdler; Bobby Fox, broad jumper; Leon Lepard, 880-star; James Fannin, quarter miler; Jim Bill Little, another miler; Ike Robb, weight man; and James Abbe, Gene Shannon, Bobo Hardy and Murph Thorp, all relay men.

Some 22 schools, including a vastly improved Abilene team, will compete in the Angelo games. The Eagles, racked by illness and injuries when they competed in the Big Spring Relay last month, finished second to Lubbock in the Lubbock meet and are said to be improving every day.

The meet will be the last for the herd before they take part in the area show at Midland a week from tomorrow.

Dog Club Plans May 25 Show

Local members of the West Texas Kennel Club have been informed that the second sanctioned dog show of that organization will be held in the City-County auditorium in Midland on May 25.

Mrs. Lewis Spence, dog fancier of Dallas, has been engaged to judge the show. Premiums are in the offering for the best of each breed and for the best animal at the show.

Entries will not be limited to the club's membership. Instead, all persons owning blooded animals are eligible to have their dogs on hand. All canines six months of age and older are eligible to compete.

Non-members can secure entry blanks by writing the Show Secretary, Mrs. G. D. Woodford, 2100 West Kentucky street, Midland. All entry blanks must be postmarked not later than midnight Saturday, May 17.

The club boasts members in 12 West Texas counties, including Howard.

Moylan Upsets Bill Talbert

HOUSTON, April 4. (AP)—An apple-cheeked youngster and three court veterans square off in the semi-finals of the 13th River Oaks Invitational tennis tournament today.

Eddie Moylan, chunky 24-year-old San Francisco netter, took a straight set victory from favored Bill Talbert yesterday to move into the semi-final round, along with national champion and top-seeded Jack Kramer, Los Angeles, Frank Parker, Los Angeles, and Gardner Mulloy, Coral Gables, Fla.

Moylan set Talbert down, 6-0, 6-4 in one of the major upsets of the tournament.

Kramer took a 6-2, 10-8 victory over Sam Match, Rice Institute of Houston.

Parker, who won the River Oaks title 15 years ago, disposed of Frank Guernsey, Charlottesville, Va., 6-2, 7-5, and Mulloy defending Ullist, took a hard match from Francisco Segura, of Ecuador, 7-5, 4-6, 6-0.

Parker and Mulloy tangle today, leaving Kramer to tackle Moylan.

City Kegling Meet Set For April 13

'FOR ACTIONS DETRIMENTAL'

Giants Bounced By League Czar

PHILADELPHIA, April 4. (AP)—The door barring Merle Hapes and Frank Filchock from professional football—probably forever—swung shut today.

Square-jawed Bert Bell, commissioner of the National Football League, in the most far-reaching ruling in the annals of the pro gridiron game, suspended them indefinitely for their roles in the attempted fix of last year's championship game.

Bell admitted the decision was a "rough one to make." But said the "New York Giants' backfield stars were found guilty of actions detrimental to the welfare of the National Football League and of professional football."

"Professional football," Bell said, in his decision, announced yesterday, "cannot continue to exist unless it is based upon absolute honesty. The players must be not only absolutely honest; they must be above suspicion."

The ruling on Filchock and Hapes was the most recent chapter in the greatest sports scandal since the 1919 World Series. On

by 24 hours earlier three men had been sentenced to prison terms for their parts in the attempt to fix last December's game.

Testimony at the trial of Alvin Paris and the three others, Harvey Stemmer, David Krakauer and Jerome Karowitz, disclosed that Hapes and Filchock had refused the bribe offer.

Hapes, a former University of Mississippi star, announced following Bell's ruling that "I'm through with professional football, anyway."

Filchock former Indiana University star, told reporters in Washington that "I still want to play football. I guess I always will. I haven't made any future plans," he said, "simply because I never thought of being out of football."

Testimony at the trials of Paris, Stemmer, Krakauer and Karowitz disclosed Hapes and Filchock were offered bribes of \$2,500. Each and \$1,000 bet in their names as well as lucrative off-season jobs if they would "lay down" in the game.

Sunday Is Deadline For Softball Entries

Managers who desire to enter teams into the Muni softball league should contact The Herald sports desk no later than Sunday.

Schedule for the circuit will be drawn up by a committee composed of Leon Glenn Bredemeyer and Pete Farquhar Monday and entries will not be accepted after that time.

League play will get underway Monday, April 13.

Cards Break Camp

ST. PETERSBURG, Fla., April 4. (AP)—The St. Louis Cardinals broke camp last night after what Manager Eddie Dyer termed, "the best training camp trip I've ever known," and headed for Houston, Texas, for a four-game series with their farm club there and the first stop on their long trip home.

Present Lineup Of Padres Won't Do, Claim San Antonio Backers

SAN ANTONIO, April 4. (AP)—San Antonio fans have been so busy wondering if they will have a baseball park that they haven't had much time to wonder about the club. And that, at latest check-up, goes for the parent St. Louis Browns, too.

In Sanford, Fla., far away from what San Antonians claim is the best spring training climate in the world, the Missions have been struggling along between showers and cold winds frankly waiting for the Browns and their American association brothers from Toledo, also Sanford trainees, to assign them some talent.

What they've had in camp to date isn't enough. They admit it. They might get by, and they might even pull a surprise like they did in 1946 when they were rated about sixth and finished third after crowding Fort Worth and Dallas all season. But they've lost lots of punch in Ray Coleman, Jess Newman and Charley Grant, promoted to Toledo, and Pete Kraus, traded to New Orleans for catcher Marcus Carolla. And they'll miss strong-armed Jack Jakucki, who won 15 games last summer. Jakucki was swapped to Seattle for Joe Demofan, veteran righthander who used to toil for Dallas.

The familiar names of Ed Cole, New Garver, Johnny (Footsie) Marcum, Al Lamaechia and Chili Wagner, the last named the only lefty in the lot, head the pitching roster. Much is being made of Marcum's apparent comeback after he suffered a "dead" arm last year.

Newcomers still on the rolls are Demoran, and a squad of graduates from Jimira of the Eastern league; Ernie Sickhaus, Bob Doyle, Mike Rolla, Marlin Stuart, Ralph Germann and Dave Garland. Germann, the lone southpaw in this group, and Garland still are Elmira property.

Two veterans on whom San Antonio had counted apparently aren't going to play — Bill Seisoth, a left-hander, and Sid Peterson a pre-war star in the Mission ranks.

An outfielder with a potent bat named George Bradley from Toledo also is being difficult this way and has been scratched off the list. In his place the Missions may get a giant with a strong arm but a slight allergy to curveball pitching.

Norwegian Tanker In Texas Port Delayed By Mutiny

BROWNSVILLE, April 4. (AP)—The Norwegian tanker Novafind sailed for Port Isabel, Texas, yesterday after a disturbance described by Sheriff Fleming Boynton as mutiny, had delayed departure 24 hours.

Six members of the ship's crew were jailed.

The sheriff said he and his deputies had watched a free-for-all fight on the ship from shore. He said one man was thrown overboard. Maritime law prevented the local officers from boarding the vessel.

Boynton said the captain of the ship, Capt. K. B. Sorensen, reported that the entire crew refused to work. Sorensen attributed the trouble to drinking among crew members.

H. G. Philen, Jr., ship's agent, halted two of the crew members out of jail, and they sailed with the 100,000-barrel tanker.

Iowan, 16th Wife, Together Again

CEDAR RAPIDS, Ia., April 4.—J. F. Williams, Iowa's most married man, and his 16th wife were back together today.

After a day-long search yesterday, Williams found her "sitting in the union station" where she said she been "visiting."

Police Sergeant Leonard Bruce said Williams, 65, reported his wife left home after they quarrelled when he asked her to get up and fix breakfast. Their marriage was disclosed last month.

Mrs. Williams, the former Mrs. Louise Parker, 60, of Cleveland, said they were married October 2 at Kansas City after a mail romance.

Williams was first married in 1904. One marriage lasted 24 years, but the others were relatively short in duration. One wife married and divorced him four times.

Legislators Go Home After Stormy Session

AUSTIN, April 4. (AP)—Most Texas legislators were gone from Austin today, enjoying Easter holidays at home after a stormy, fast-moving session yesterday that saw the House accomplish more major work than on any previous day of the session.

When representatives called it quits at 2:30 p.m. yesterday, they had disposed of bills that:

1. Levy a new tax on natural gas to the tune of an estimated \$29,000,000 per year.
2. Prohibit mass picketing.
3. Restrict picketing of public utilities to the extent that continuous service may not be disrupted.
4. Establish a policeman's and fireman's civil service system for cities of 10,000 or more population that wish to adopt such a plan.
5. Provide a secret ballot for elections in Texas.
6. Revise and modernize Texas laws regulating State Highway Traffic.

The labor bill deadline with picketing of public utilities now goes to the governor's desk. The others go to the Senate for approval.

Rep. C. S. McLellan, who says he is not ordinarily a "tax man," could relax somewhat after seeing his natural gas tax bill sent across to the Upper House by a 77 to 27 vote.

Care In Picking Faculty Members Urged By Group

DALLAS, April 4. (AP)—The Association of Texas College convention yesterday adopted a resolution which urged extraordinary care in employing faculty members in order to avoid hiring teachers with "inimical ideology." The resolutions committee had Communists in mind. Dr. J. A. Hill, president of West Texas State Teachers College, who read the resolution, said:

Most of Texas' junior and senior colleges were represented by 108 delegates to the convention.

East Texas Baptist College at Marshall was elevated to a senior college status by the association, which accepted two new junior colleges as members. These were Howard County Junior College at Big Spring, and Wharton County Junior College at Wharton.
