Wright Plane In British Museum

By LEE WILLSON
United Press Staff Correspondent
LONDON.—The first motor-powered airplane to take the air with a human load now hangs in the British Science Museum here. It was made and flown by Americans. But this original machine of the Wright brothers, which made its epoch-making flight at Kittyhawk, N. C., has been in Britain since 1928.

The directors of the museum denied today that any overtures had been made by any American institution, including the Smithsonian Institution, to acquire the exhibit.

The plane, with the dummy of a pilot stretched at full length on a wing close to the body of the machine, hangs between one of the earliest types of gliders known and a modern, low-winged seaplane, capable of more than 300 miles an hour.

The huge hall which houses the machine is filled with other records of man's attempts to conquer the air. The biplane in which Alcock and Brown first flew the Atlantic hangs next to the tiny Moth in which Amy Johnson made her first flight to Australia.

Parts of the first model to make a free flight under power, which was furnished by a small steam engine, lie beneath a reconstruction of the same machine. This

WARNING to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a liquid laxative.

Doctors know the value of the laxative whose dose can be measured, and whose action can be thus regulated to suit your individual need.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly three thousand births without the loss of one mother or child, should give anybody complete confidence in any prescription which he wrote!

But most important of all, a gentle liquid laxative does not cause bowel strain to the most delicate system, and this is of the utmost importance to expectant mothers and to every child.

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful tasting laxative of delightful action, made of fresh herbs, pure pepsin and active senna. Not a single mineral drug; nothing to cause strain, or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.

NOTICE! SCHOOL PATRONS EASTLAND. Thursday, March the 1st, the taking of Eastland Scholastic Census will begin.

Again I have been selected to supervise the taking of School Census for Eastland for 1934 and for the best interest of you, the city and school. Your co-operation is solicited. Last year you gave me your courteous support which was appreciated by the school faculty, the board and myself. We all worked together then, so let's do so again and keep our school in good condition. It is just as much your interest to see that your school-age child has been enumerated as it is the one taking the census. This work will continue through March and will likely be conducted along the same lines adopted last year, viz. Close checking between School Faculty and Enumerator that no child in school-age be overlooked. Ages 6 to 18 years as of September 1st, 1934, to be listed. The children coming 6 are the ones most likely to be overlooked by the parent. Those born on September 2nd, 1916, to and on September 1st, 1928, are to be listed.

Assuring you of my courteous treatment and asking yours in return. Yours truly, H. A. COLLINS, Census Enumerator.

CARBON

Tom Greer, who has been suffering from rheumatism for the past two months is some better but is not able to do any work.

The warm weather the past week is making lovers of fruit feel anxious for the safety of the fruit crop, but their long faces spoiled when Monday found that the north wind Sunday and Sunday night had sent the temperature down to twenty above, and set the peach blossoms back for another thirty days.

C. P. Hastings, wife and children, Bettie Jean and Alma Jo spent Sunday in Carbon with C. P.'s mother, who has been sick for several days.

Hog raisers here have been very busy the past week summing up their sales in an effort to cooperate with the AAA and most of the boys are finding that they are (or have been) larger contributors to the over production of "squeals" than they thought.

B. B. Poe, who is working on a highway improvement project north of Cisco was at home with his folks for the week-end.

The mild open weather this winter has enabled our farmers to do more plowing than usual; while much of the plowing here is never done until spring, our crop preparation is not as backward as it was at this season the past two or three years, but we were glad to have the cold wave Sunday for we believe it will save the fruit.

AN APPEAL ON OIL CONTROL TO THE COURT OF LAST RESORT

Confronted by an adverse ruling by a federal district judge the federal government moved to take to the supreme court of the United States, if necessary, its fight to establish the constitutionality of the petroleum code under the national recovery act.

Charles I. Francis is special assistant to Atty. Gen. Homer Cummings. Speaking of the indictments returned by the federal grand jury Francis said: "The charges were filed on points held unconstitutional, but the jury went ahead indicting them anyway."

"WALLED DOMAIN OF TEXAS CATTLE BARONS"

Chairman Wood and his fellow commissioners of the state highway department appear to be ready for the battle. Their commission agreed to pay one-fifth of the cost of constructing Hug-the-Coast highway 36 through Kenedy county, known as "the walled domain of Texas cattle barons."

All of which is a reminder that for years motorists traveling this route from Canada to the Pacific Ocean have had to drive 100 miles around the cattle domain, "walled in" to get 50 miles closer to the coast.

Automobiles are constantly being made easier and more pleasant to drive. They will also go faster. But the most important thing about an automobile is the intelligence of the driver behind the wheel.

Time Lost is Money Lost

It costs money to be sick. You see it directly if your pay envelope is short. You lose out on some important work if you live on a farm or if you are one of the few who are not docked for lost time.

How many times do Gas on Stomach, Headache, Sour Stomach, "That Tired Feeling," "That Morning After" Feeling, Neuralgic, Rheumatic, Sciatic, Muscular or Periodic Pains keep you at home or interfere with your doing a full day's work?

All these troubles are caused or made worse by too much acid in your body. To correct this condition take

ALKA-SELTZER

The New Pain Relieving, Alkalizing, Effervescent Tablet.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

Why don't you try it? Get a drink at your drug store soda fountain for a nickel. Buy a package for home use.

THE NEXT FARM LEGISLATION?

Married Flirts

by MABEL McELLIOTT

BEGIN HERE TODAY GYPSY MORRILL, a red head with auburn hair, was married on the same day as LILA HOTELING, and DEREK BLISS, but while Lila lives in luxury Gypsy has to struggle to keep expenses within Tom's income.

Tom and Gypsy quarrel and Tom leaves home. Gypsy has no word from him and when she sees a telegram to his office Vera intercepts the message.

Tom thrust his hands into his pockets, frowning. It was darned queer he hadn't got a message of any kind. Well, Gypsy was angry and she had every right to be. He hadn't seen any about. Well, that meant that Gypsy had got the letters—and had simply left them unanswered.

THE superintendent of 340 East came into the foyer. "Was that Mr. Weaver I saw here a few minutes ago?" The hallboy looked blank. "Then you didn't give him the mail?"

"Didn't know there was none. You never told me." The superintendent shrugged. It was no affair of his, after all. Those letters that had been coming every day from Cleveland for Mrs. Weaver might or might not be important. He'd just have to wait and give them to her whenever she came.

Tom rushed up the steps of the shabby mansarded and gabled house. Beatrice said afterward he looked like a wild man. "Where's Gypsy?" "I don't know."

Beatrice untangled her long legs from the arm of the wicker chair over which they had been draped, ran her fingers through a tawny bob and demanded, "What's wrong with you? You act half cocked."

"No time now," he grated. He ran for his car. He almost knocked the beetle-browed man down as he swung it out of the drive.

Bride of Cigar Magnate's Heir

The elopement was a complete success, so Mrs. John Schulte is shown here, celebrating with a dip at Miami Beach, Fla. She and her husband, son of the New York and Chicago cigar store magnate, surprised their friends recently and are now honeymooning at the Florida resort.

SWISS GET CASTLE

By United Press

PARIS.—An American, William Cowley Mease, of Philadelphia has just presented to the Swiss Federal Government a castle on Lake Thun, which is to be made into a museum. It is the Castle Oberhofen, the central tower of which dates from the Romans. When the family which founded it died out, the castle became the property of the Hapsburgs, and then passed to the Canton of Berne. In 1815 it was restored and enlarged by the Comte de Pourtales, whose daughter, the Comtesse Helene, was married in 1868 to Count Ferdinand Harrach. Mease bought it during the German inflation.

Mrs. Horton
Entertains Junior Club

The Junior Thursday club was entertained by their sponsor, Mrs. James Horton, at her residence Wednesday night in an informal and most pleasing fashion.

The session was opened by their vice president, Miss Edna Day, and minutes were submitted by their secretary, Miss Sadie Brewer.

An interesting program on "Texas" was led by Mrs. Jack Vaughn, opening with a well written paper by Miss Mary Pearl Jenkins, unable to attend, "West Texas a Kingdom unto Itself," read by Miss Doris Johnson.

A most interesting story of the legends of the cattle country was given by Miss Maurine Davenport, and Miss Sadie Brewer presented a facile book review of "Big Road," by Ruth Cross.

An important change was made in the club life, which voted that the meetings hereafter will be held at 7:30 p. m., alternate Wednesdays, instead of in the afternoon, and with sessions in community clubhouse.

The change was necessitated by several members employed in school work or other occupations.

A social hour was enjoyed and refreshments were served by the hostess of ice cream and cake, to Misses Nell Caton, Doris Johnson, Marguerite Quinn, Maurine Davenport, Sadie Brewer, Edna Day, Ruth Ramey, Mmes. Jack Ammer, J. O. Brothers, Frank Hightower, J. F. Collins, S. J. Petty, Harry B. Some, Jack Vaughn, D. A. Masner, J. C. Whatley, H. L. Hassell.

Miss Rowena Cook will be hostess to the Young Women's association of the Baptist church, Friday night.

An evening of social games has been planned, and every member is urged to attend.

Exhibit of Texas-Made Products

The Thursday Afternoon club will present their first program in

March, on Thursday of next week, and, in keeping with the study, will have an exhibit the next day, Friday, March 2, opening at 6 p. m., of Texas-made products, arranged in the Stubblefield building on the south side of the square, and to be open to the public also all day Saturday.

The object of this exhibit is to inform the people of Eastland county of Texas industries.

Whatever funds that are derived from the display will be used for the Eastland public library.

The exhibit is free to the public and this and adjacent cities are urged to visit the show.

On the opening night, Friday, at 8 o'clock, Peg Moreland, the ditty ditty singer of song and guitar music.

Eastland and Eastland county manufactured goods will prove interesting, and the display will also be put on by local merchants of Texas-made goods that they handle in their stores.

In addition, a display of Texas-made articles sent directly to the club for this exhibit by the manufacturers, will be made as their donations, the proceeds from which will go toward the library benefit.

This class includes cotton goods, coffee, pecans, handkerchiefs, cedar chests, sugar, cookies, crackers, flour, and food stuffs, some of which will be used for demonstration; tire patches, disinfectants, insecticides, toilet goods, twine, books and tablets.

The Thursday Afternoon club program next week centers about "Know Your Texas." This program stimulated the desire to know it more thoroughly than from merely a book point of view, and to share the practical knowledge with their neighbors.

The Intermediate R. A. and G. A. The Intermediate Royal Ambassadors and Girls Auxiliary of the Women's Missionary society of the Baptist church held their usual session in the classroom at 4:15 p. m., Wednesday.

Eddie Cantor, Ruth Etting, Gloria Stuart and David Manners in "Roman Scandals"

"Roman Scandals" Lavishly Produced

Eddie Cantor in "Roman Scandals" comes to the Lyric Theatre Saturday night. This is the pop-eyed comic's fourth annual screen musical comedy for Samuel Goldwyn.

Ruth Etting, Gloria Stuart, David Manners, Edward Arnold and Verne Teasdale are his companions as he frolics among the gorgeous slave girls gathered for the pleasure of a Caesar; in and out of prison dungeons or flying over dusty roads at the reins of a thundering chariot, with lives at stake.

George Kaufman wrote the original story of Eddie's adventures. William Anthony McGuire, responsible for "The Kid from Spain," "Whoopie" and earlier Cantor successes, did the adaptation. Dubin and Warren wrote the songs.

Another lavish Samuel Goldwyn Production, "Roman Scandals," has among its most spectacular features a great Slave Market where a hundred of the Emperor's beauties spin and strut in a stirring martial dance, their silver mesh costumes glittering in the moonlight, as the senators and the rabble look up at the alabaster bodies of the captive slaves for sale to the highest bidder.

Ruth Etting's song, "No More Love," and a vivid dance creation by Grace Poggi, who will be remembered for her rumba interpretation in "The Kid from Spain"

are details in the production's panorama.

Eddie has three songs, "Keep Young and Beautiful," and "Build a Little Home," written by Al Dubin and Harry Warren, and "Tax on Love," by Warren and L. Wolfe Gilbert.

In this United Artists release Eddie plays a wistful, dewy-eyed lad in West Rome, Oklahoma, whose imagination carries him back to the aid of beauty in distress in the Rome of the Caesars—to fantastic complications in court intrigue, ending in a stirring chariot chase, with the Emperor's soldiers in hot pursuit of Eddie who has gained possession of a court secret. Of course Eddie escapes—back, in fact, to West Rome, Okla.

Frank Tuttle directed "Roman Scandals" for Mr. Goldwyn and Busby Berkeley staged the dances.
