Testimony Begins in Third Doy Arnold Trial

WITNESS TELLS OF SEEING MRS. ARNOLD KILLED

Jury Is Completed Monday Evening After An All Day Session.

BAIRD, Texas, March 13.—Albert Ewing, a real estate dealer, testified today at the third trial of Doy Arnold on charges of murder in the death of his wife, that he saw the defendant beat the woman with a stone on the streets of Baerckridge in September, 1932.

"I was attracted to the street by the screams of a woman," he said. "I saw Arnold hit the woman with a rock. I yelled at him. Arnold told me as I started toward him, 'My friend, I just couldn't help it. I still love her better than anyone.'"

Two other state witnesses also testified they saw the defendant, accused of beating and stabbing his wife, hit the woman with a rock as she lay in the street. Testimony began today in the trial. Selection of a jury was completed last night after veniremen had been questioned through the day and early evening.

Extortion Gang's Threats Defied

Flouting an extortion demand for \$25,000, under threat of death if he refused, H. F. McElroy, above, city manager of Kansas City, Mo., was unharmed when he spent the "deadline" night alone in his home, unguarded. He then reported the case to police. His daughter, Mary McElroy, was kidnaped in 1933 and freed for \$30,000 ransom.

Traveling Papers Given to Insull At Athens Today

(Copyright by United Press)
ATHENS, Greece, March 13.—Samuel Insull was furnished with United States government traveling papers today as those around him guarded him in fear that he might commit suicide.

Insull's wife was urging him to return to the United States and face trial, but it was reported he would go to a half dozen other countries, including Liechtenstein, the small republic of 60 square miles and 10,000 inhabitants on the Rhine river between Switzerland and Austria.

The report he would go to Liechtenstein was equally insistent with reports he might return to the United States.

EASTLAND GROUPS FOR ONCE GET DOWN TO BUSINESS; ALTHO YEAR LATE, START AFTER BUILDINGS

The unusual happened at the meeting at the Eastland Chamber of Commerce Monday afternoon called for the purpose of discussing plans for financing the proposed permanent grounds and buildings for the Eastland county community fair.

The meeting was called by H. C. Davis, joint secretary of the Eastland Chamber of Commerce and the Eastland Retail Merchants Association and for the first time since Adam and Eve slammed the back gate of the Garden of Eden, most of those putting in their presence at the meeting were on time.

Another unusual thing was that no one, except Donald Kinnaird, Eastland's overworked mayor, would agree to talk and the meeting actually got down to business and disposed of the matter at hand without taking up so much time talking about a lot of subjects entirely foreign to that for which the meeting was called to discuss.

Still another unusual thing was that only two committees were appointed, the usual number at meetings of this kind in Eastland, is around six or eight.

A committee composed of Mayor Kinnaird, J. A. Beard, F. V. Williams, J. B. Johnson and G. H. Hipp was appointed to arrange to send a delegation to Washington to push Eastland county's claims before the Public Works association for the \$87,000 loan for which the Eastland county community fair association has made application. The application, it was stated has been approved by the regional office at Fort Worth and has been forwarded by that office to Washington.

Mayor Kinnaird at the request of H. C. Davis, brought up the matter of the proposed new post office building for Eastland. It was his opinion that Eastland's failure to decide on a site for the building had caused the matter to be delayed in Washington and urged those interests offering sites to get together and decide on a site. At the same time, however, the Mayor said that he knew it to be a fact that the post office department had already decided upon a site.

Mayor Kinnaird was in favor of calling upon Congressman Thomas L. Blanton for further assistance in getting the post office building roof.

"They say Blanton is very powerful in Washington and if he is let's see what he can do about this post office building," Kinnaird said.

Kinnaird was also of the opinion that Blanton might be able to assist in obtaining the loan from the Public Works association for the Eastland county community fair.

Kinnaird said Congressman Blanton had already, at his request, been doing some valuable work towards getting the post office building for which, Kinnaird stated, appropriations had already been made, but apparently were being held up because the majority of the cost of the project would be for material whereas the government desired to push those projects where money expended would go largely for labor.

Supt. P. B. Bittle of the Eastland schools spoke briefly about the county interscholastic meet which is to be held in Eastland the 23rd and 24th of this month and asked for the co-operation of Eastland citizens in taking care of the crowds, necessary expenses, etc., which he said would amount to approximately \$100. As a result of his talk a committee composed of P. B. Bittle, M. E. Lawrence and Curtis Kimble was appointed as a finance committee for the interscholastic meet.

Former Secretary of State Is Buried
By United Press
AUSTIN, March 13.—Judge D. A. Gregg, who was secretary of state for several months at the close of 1914, was buried here today.

His death at the age of 63 occurred yesterday at the family residence here.

Hasn't Seen Own Motion Picture

So Princess Youssoufoff was awarded \$125,000 in her libel suit against the movie "Rasputin and The Empress"? Well, that is interesting. But Ethel Barrymore, who played the role of the Empress, couldn't express an opinion. You see, she's never seen the picture! That's what she said when, as shown here, she arrived in New York from a stage engagement in London.

ANNOUNCE THE PROGRAM FOR COUNTY MEET

Dates and program as announced by the executive committee of the Eastland County Interscholastic League meet for the various contests are: Class B, playground ball, Eastland High school gymnasium, 1 p. m., March 15; class A, playground ball, gymnasium, 3 p. m., March 16; Ward school, class A and B volleyball, gymnasium, high school class A at 7 p. m., March 16; rural and class B volleyball, gymnasium, 9 a. m., March 17; music memory, Junior high building, 7:30 p. m., March 21; choral singing, high school auditorium, 7:30 p. m., March 22; one act play, high school auditorium, 1 p. m., March 22; tennis, contestants to meet in gymnasium, 1 p. m., March 22. All the contests are to be held in Eastland.

The date of the county meet has been designated as March 23 and 24. The first day of the meet, essay writing, study hall 25, high school, 9 a. m., declamation, all division assemble in high school auditorium, 9 a. m.; lunch in high school cafeteria, 12 to 1 p. m.; declamations continued at 1 p. m.; track and field preliminaries, Connelley park, 1 p. m.; extemporaneous speaking, study hall 1120 in high school building, 1 p. m.; 3-R contest, room 21, high school building, 3 p. m.; debate finals, high school auditorium, 7:30 p. m.

Second Venire For Murder Case Called

By United Press
SAN MARCOS, Texas, March 13.—A second venire of 100 men was to report to district court here today while state and defense counsel continued efforts to select a jury for trial of two men charged with murder in the Hidalgo county hatchet slaying of Claude Kelley, 31, of Weslaco.

When court was recessed last night a venire of 66 was exhausted with only three jurors chosen.

GUARDS ARE REQUESTED
By United Press
BIRMINGHAM, Ala., March 13. Sheriff James Hawkins asked today that national guards be sent to Bradford and Porter, coal mines near here, where strikers threaten mine operations.

DERN NAMES COMMITTEE ON AIR MAIL

By United Press
WASHINGTON, Mar. 13.—Secretary of War George Dern has appointed Col. Lindbergh, Orville Wright, Clarence Chamberlain and Major General Hugh Drum to make a thorough study of air mail operations by the army. It was learned at the war department today.

General Drum will be chairman of the committee, which will inquire into all phases of army air corps air mail operations, to date, it was said.

Dern's instructions said it would have authority to call witnesses and take testimony.

All phases of air mail flying will be studied by this committee, including flying equipment, cross country flying, night flying, instrument flying, as well as the equipment of various fields used by the air mail planes.

Skeleton air mail service was ordered resumed today by the army over nine key routes with safety of personnel placed as the first consideration.

The resumption of service came after a 48-hour halt in all operations occasioned by a demand from President Roosevelt the growing list of army air fatalities be cut short immediately.

Feeder routes to the basic air mail network will be added as rapidly as fully trained pilots and first class equipment can be placed in service.

The army's experience with the air mail, however, was hardly expected to last than the time to get it underway on an effective basis since congress was rushing plans to give the task back to the private lines.

Spanish American War Veterans Name Camp at Meeting

At a meeting of the Spanish-American War Veterans, held in Ranger recently, a name for the new camp was selected. The name chosen was Camp Sam McKinnon.

The deceased after whom the camp was named, lived in Straun and saw service under Roosevelt in the famous Roughriders, during the Spanish-American War.

The following officers were elected at the meeting: R. H. Hansford, Commander; Harold Plumley, senior vice commander; W. A. Dunn, junior vice commander; Carl Christian, officer of the day; John T. Lyons, officer of the guard; Edwin L. Little, trustee, one year; Carl K. White, trustee, two years; Hampton Aires, trustee, three years; William M. Reeves, adjutant and quartermaster; R. H. Hansford, patriotic instructor; Ira D. Guest, historian; William M. Armstrong, chaplain; Carl Christian, sergeant major; William M. Reeves, quartermaster sergeant; and Joseph A. Smith and Stephen S. Bruner, color sergeants.

Old Watches Were Well Made Collector Of Antiques Says

By United Press
HOUSTON, — Watch makers hundreds of years ago turned out good products, says C. Scibetta whose hobby is collecting antique watches.

The pride of Scibetta's collection is a timepiece of the fourteenth century, operated by a chain spring. It is a French Verga which he bought in Italy years ago. A jeweler's repair tag in the back of the watch is dated, Liverpool, 1702.

A musical watch for which Scibetta paid \$300 ranks second in his collection. Gold content alone of the watch is valued at \$75, he said. It keeps perfect time, strikes on the hour and plays a tune, despite its 150 years of use.

Cecil Chenoweth of Abilene Is Held On Counterfeit Charge

By United Press
ABILENE, Mar. 13.—While Federal agents continued investigation of reported circulation of counterfeit bills in several Oil Belt towns, Cecil Chenoweth, Abilene youth, remained in jail today charged with purchase, possession and passing of counterfeit money.

Chenoweth, member of a well-known Abilene family, was arrested Saturday and bond set at \$2,500. Federal agents said the youth made a statement but refused to reveal its contents.

It was reported many had bills had been passed in Abilene, Cisco, Eastland and Ranger.

Alameda School to Present a Play On Friday, March 16th

The Alameda school will be the scene, Friday night of this week, of a play entitled, "Nora, Wake Up," which is to be presented by the pupils of the school. The curtain will rise at 8 o'clock.

An admission of five cents and 15 cents will be made and the proceeds will go to the school library.

The cast has been practicing for some time and a good evening of entertainment is promised by the Alameda school pupils and teachers for anyone who will attend.

Services Are Held For Pioneer Citizen

Funeral services were conducted Tuesday afternoon at 4 o'clock for Murray Middleton Poyner, who died at his home five miles west of Ranger at 6:40 Tuesday morning. The services were conducted at the Colony cemetery by Rev. K. C. Edmonds of Ranger, with burial in the Colony cemetery.

The body was prepared for burial by Killingsworth-Cox.

The decedent was born in Comanche county on April 18, 1878 and had been a resident of Eastland county for a number of years. He is survived by his widow, seven brothers, three sisters and three sons.

Letters Delivered After Two Years

By United Press
BEAUMONT, Letters to 75 Beaumont residents have been delivered after a delay of nearly two years.

The envelopes were taken from boxes recently bearing the stamp, "Delay and damage due to mail robbery."

Which robbery of the last two years that caused the delay was not known.

Boy Is Shot By Ft. Worth Policeman

By United Press
FORT WORTH, March 13.—Joe Boykin, 16, was shot to death here today by Radio Patrolman J. C. Wilson as the youth fled from the rear of a burglarized grocery store.

The officer said he fired twice after calling repeatedly for young Boykin to halt. A pistol bullet struck the youth above the right hip and lodged in the stomach. He died 40 minutes later. A grand jury investigation was ordered.

FIFTEEN MEN OF JAP CREW STILL ALIVE

By United Press
SASEBO NAVAL BASE, Japan, Wednesday, March 14.—Navy officials issued a communication at 1 a. m. today saying it was indicated that at least 15 of the 113 aboard the capsized torpedo boat Tomozuru were alive.

Signals heard by rescuers, the communication said, indicated eight were alive in the stern of the boat, three in midships and four in the forward part of the hull.

High officials of the navy stood by anxiously while powerful pumps labored through the night to clear the hull of the water which had flooded it when the boat turned over during naval maneuvers.

Three known survivors were released from their dark suffocating prison soon after the boat was taken in tow.

Faint hammerings on the metal sides of the vessel told of the presence of living men inside.

Conspiracy Trial At San Antonio Involves Five Men

By United Press
SAN ANTONIO, March 13.—Testimony continued today in the trial of five men charged with conspiracy in connection with the disposition of \$546,000 worth of stolen bonds.

Those on trial are Z. D. Bonner, former president of the Commercial National bank here; John Cunningham, San Antonio attorney; Harry Royster, Tulsa sportsman and aviator; Jimmie Daize, Chicago; Saul Stern, Izzy Lazarus and Louis Fishman, all of Chicago.

Cunningham and Bonner were indicted last summer and charged with receiving bonds stolen Nov. 29, 1932, from the Continental Bank & Trust company of New York.

Selection of Jury Continues at Belton

By United Press
BELTON, Texas, March 13.—Selection of a jury to hear the case of Fred Blair, veteran Killeen city marshal, charged with murder in connection with the fatal shooting of Jim Baker, 70, continued here today.

Hundreds Paying Tribute to Dr. Hunt

By United Press
ABILENE, Texas, March 13.—Hundreds of Texans today paid final tribute to one of the Lone Star state's most picturesque leaders.

The body of Dr. James W. Hunt, 58, founder and president of McMurry college, lay in state in the college auditorium today. It was to remain there until 4 p. m., for which time the funeral services at St. Paul's Methodist church were scheduled.

Dr. Hunt, who for several months suffered from heart attack, died last night after being stricken Saturday night.

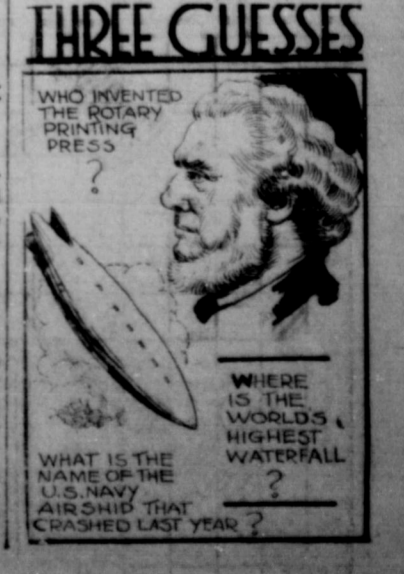

Plot to Kidnap Factor's Son Made Known By Police

By United Press
LOS ANGELES, March 13.—Police today disclosed a plot to kidnap Alvin Factor, 8-year-old son of John Factor, from the home of the boy's uncle in Beverly Hills.

The boy was brought to the home of the uncle soon after Factor himself was kidnaped in Chicago last summer.

Detectives indicated no early arrests were anticipated.

A BIBLE THOUGHT FOR TODAY

Rest in the Lord, and wait patiently for him.
—Psalm 37: 5, 7.

THE LONE EAGLE SCORES ANOTHER HIGH RECORD

Sen. W. E. Borah of Idaho, known as "The Lone Eagle" of the Rocky Mountain crags, has scored another new high record. There is a half billion dollar naval construction appropriation on the way. And "The Lone Eagle," ever against a powerful navy or a real battling land war machine is said to have made one of the most vigorous speeches of his long career. He declared American arms makers were now selling war equipment on a large scale in the Orient. He predicted that if war should break out between America and Japan "our soldiers would be torn limb from limb and disemboweled by munitions sold by their own compatriots." He assailed European arms makers. He asserted they furnished Hitler war equipment and campaign funds. He did not overlook France. He declared the government war lords of France controlled munitions manufacture in all nations allied with her directly or indirectly. And this was the climax of the scream of "The Lone Eagle": "Capone and Dillinger are no more heartless or bloodthirsty than those who make arms and munitions for the disemboweling of human beings. They break down governments. They kill human beings. They do it for nothing but sordid gain."

Some day the wires will carry the story that "The Lone Eagle" expired on the floor of the senate on account of an attack of high blood pressure which had stilled his golden tongue forever on this side of the invisible river. He is a magnificent copy maker and he knows the proper time to place himself in the center of the lawmaking blacksmith shop and make the anvil ring.

When you want to interest anyone in your home city, when you want to give elaborate details the outlook and the prevailing conditions, the greatest aid is to send your home city newspaper to them regularly. It will bring favorable attention to your city and will also be a revelation as to what a good place it is.

One leading politician tells me that the sun of prosperity is rising for the nation and we have the world by the tail; the road is greased and from now on we will have an easy pull. Of course, we hope he is right.

The irresponsible use of the tongue does much harm. Repeating something that somebody told somebody else against the character of someone is known as character assassination.

It's time that a lot of politicians removed their "smoke screens" and let the folks at home know where they stand.

SOMETHING ELSE TO BE STREAMLINED

Preparing And Filing Income Tax Returns

Corporations and Partnerships

Let me add a word about partnerships, syndicates, pools, joint ventures, etc. They are not subject to taxation as taxable units but they are required to file returns of income. The individual members of such concerns, however, are taxable upon the earnings they receive from that source.

Corporations differ from individuals inasmuch as every corporation, not expressly exempt from taxation, must file a return regardless of the amount of income it has earned.

In conclusion I wish to point

out a recent Treasury decision which makes it necessary for all attorneys or advisors who aid individuals and corporations in the preparation of their income tax forms, to sign their names and take an oath that the information furnished is true "to the best of my information and belief." Appropriate forms for this oath have been mailed to all the Collectors' offices.

It has been my purpose here to anticipate the problems which might beset the average taxpayer unaccustomed to the complications of filing returns. I have attempted to reduce the Revenue Act and its amendments to non-technical language, in order that the small taxpayer who cannot afford expert advice and counsel may read these instructions and be guided step by step in the preparation of his return and payment of his tax to the Government. I cannot close, however, without pointing out that all the Collectors of Internal Revenue and all the Deputy Collectors will be glad to give any possible assistance.

It means something—

Perhaps the best type of machine ever built for moistening tobacco. Recently perfected from a model built in our factory and now used in the manufacture of Chesterfield Cigarettes.

THIS most modern way of moistening tobacco for stemming—first used in the manufacture of Chesterfields—opens up the pores and puts the tobacco in condition to remove the stems.

The tobacco is put into the wire baskets stems down and enters the long steel ovens where the steam comes up from below, softening the stems without wetting the rest of the leaf. The stems are removed by stemming machines of the latest type.

Everything that modern science knows about, or money can buy, that can make a milder cigarette, a cigarette that tastes better, is used in making Chesterfield.

Chesterfield

the cigarette that's MILDER • the cigarette that TASTES BETTER

By Antonio
Another Good Team

—This is another year when the baseball clubs for San Antonio's season at whom the same to scoff at the last season, but who some group to praise season ended, are expected to do big things this year. The consensus of San Antonio's Manager Hank Severid, the sports writers and the boys, who risk their necks to pick a team to finish second position in the Texas League before the season starts, is that year few bets of 100 to 1 would have been called that the Texas League would be the winner of the annual Dixie event with the winner of the association pennant. Year such a bet would be as hazardous as Hank Severid's. It was brought out of his first year in San Antonio and the local fans are to match something better than second division entry matter of baseball teams. Down a Houston, it is stated that a fellow by the name of Shaughnessy will be given, or rather blame as they because San Antonio won a League pennant for the first time in 25 years.

squadrons at any temporary base. At high altitudes, the Department explained, a pilot cannot remain conscious without an extra supply of oxygen. The new machine is equipped to furnish planes with extra oxygen for altitude flying on short notice. During peacetime, the "air factory" will be pressed into service at outlying army airdromes, where commercial supplies of liquid oxygen are difficult to obtain. English and German flying corps, it was understood, are equipped with similar plants.

PLAYER WINS HONORS
By United Press
WATERVILLE, Me.—Lawrence E. Dow, captain of the 1934 Colby college football team, has won the Colby Echo's \$100 scholarship and campus citizenship. Dow is president of the junior class, secretary of the athletic association, and a member of the student council. He is working his way through school by working on the night shift in the baggage room of the local railroad station.

TRADE FISH EGGS
By United Press
HELENA, Mont.—The Montana fish and game commission has traded 500,000 trout and grayling eggs to Michigan for 5,000,000 walleye pike eggs. The pike will be planted in the Yellowstone and Missouri rivers.

The Newfangles (Mom 'n' Pop)

—If another way, had Hank NUTT sought new worlds to go and gone to some other WONT manager, the San Antonio SOMEONE would be as it always GIVE up in the air. But Hank HIM and has convinced his A the St. Louis Browns' owner here's at least expenses made with a farm in the BREA League if the entry stays in the division a good portion year. k and the Missions have the with them at the beginning of season. Last year they didn't for 25 years without a pennant is mighty hard on the of a baseball fans in any

U. S. Army Buys An "Air Factory"

WASHINGTON.—In jockeying for a position on the tail of the enemy in the "next war," Army sky fighters will have no fear of the stratosphere. They will be provided with plentiful supplies of "homemade air." The war department has purchased the first portable plant for the manufacture of oxygen to be built in this country. The huge "laboratory," virtually a complete chemical plant on wheels, has been placed in service at Wright Field, Dayton, O. The new unit is mounted on a truck 32 feet long, eight feet wide, 11 feet, three inches high, and weighs, completely equipped, over 22 tons. Its chassis has 10 drive wheels, 12 forward speed shifts, and three reverse. It is geared to produce 15 liters of liquid oxygen per hour, sufficient to fill six small vaporizers, used by Army aviators at high altitudes, each hour. The contrivance is mobile and may be commandeered for duty with aerial

young catcher of last season, is going to try to land a berth with the Browns. If he doesn't Severid services again despite the fact that Milwaukee has similar ambitions. Hank will begin his umpteenth year as a catcher and probably will go on through the season doing a lot of heavy backstop work. In addition to the two new pitchers Hillin and Caldwell, the hurling staff will be much the same as last year except that the colorful Fabian Kowalik has gone to faster company. He will be hard to replace. Elton Walup has caught the eye of Rogers Hornsby and the Browns' manager may find some way to make this youngster control his speed and amount to something big. Other pitchers will be Abe Miller, Hal Wiltse and George Mills from last year's staff. Another newcomer is the giant young sailor, Howard Mills, whom the

Ten Day Training Camp Established For Baseball Team

By United Press
FORT WORTH, Tex.—A brand new idea to baseball—a 10-day training camp for rookies—is being introduced here by Del Pratt, manager of the Fort Worth Texas League baseball club. This training camp, to be held here from March 5 to 15, will be for rookies only. No regulars will be permitted to the lot for training. So many applications have been received from promising young ball players, the new Fort Worth manager said, that the training camp has been devised as a scheme to look over the raw material. Youngsters with real ability will be welcomed at the school, Pratt said, if they come prepared to take care of their own expenses—and bring their own uniforms. Those who appear to be sufficiently promising will be taken to Lake Charles, La., for the regular spring training season. Pratt is known as one of the outstanding developers of young talent in minor league baseball. Several of his proteges while with the Beaumont and Galveston clubs

Belgium paid fealty to a new king with thunder of cannon and ringing of bells as Leopold III took the oath in the impressive ceremony shown above, before both houses of parliament and an audience of notables in Brussels.

now are holding down major league and Class AA berths. Star players from sandlot teams within a 100-mile radius of Fort Worth have asked for tryouts, Pratt said. Just how many of these can pay their own way is uncertain, Pratt said, but many of them offered to do so.

Hospitals Use Liquid Laxative
Bills and doctors have always recommended liquid laxatives. And the public is returning to laxatives in liquid. Do you know the reasons?
A dose of a liquid laxative can be taken at any time. The action can thus be made to suit individual need. It is habit; you need not take a "dose" a day or two later, as with a mild liquid laxative irritant.
A dose of a liquid laxative produces perfect movement, and there is no discomfort at the time, or afterward. Cathartic may often do more harm than good.
A specially prepared liquid laxative, Caldwell's Syrup Pepsin, gives relief from constipation. It helps the average person's bowels to regularity. Dr. Caldwell's Pepsin is an approved medicine which all druggists carry for use. It makes an excellent laxative, effective for all ages and may be given the child. Member N. R. A.
