NUMBER 55

## Moore...

ABOUT Eastland By Virgil E. Moore

Okay, let's look over this precinct redistricting thing one more time. Maybe, as Benny Butler, editor and publisher of The Rising Star Record, says, "Precincts No. 1 (Eastland, Ranger and Olden) and 4 (Cisco) have been enormously over-represented."

Being thick headed, though, we still can't see it that way. It still looks like to us that Precinct 1, with 45 percent of the people and approximately the same amount of all county's taxable property, should have more than one vote. Benny likes to group us with Cisco, to make it more even. And, we will admit, Cisco has been a mighty good friend of Eastland and Ranger. In fact, their vote and influence has saved our royal necks more than once.

But when Benny talks about the north half of the county having two votes and the south half of the county having two, making things even all the way around, he is talking about a split of just about eight to two — at the best seven to three. For you will find that from 70 to 80 percent of Eastland county's citizens live and vote in Precincts one and four.

But let's take a look at his arguments. First incident he points out is Cisco's new fabric mill. Now that doesn't have much to do with the commissioners court, Benny. You should know that's chamber of commerce work. And, honest, we haven't had a thing to do with your drought. In fact, we have had a little dry weather ourselves, although we did get five one-hundredths of an inch of rain last week.

And as for your treatment your good Democrats get at the Democratic conventions (which again has absolutely nothing to do with the commissioners court), you are not by yourself. In fact, the most worked over man at the convention this year was Dr. Price Ashton, and he's from Ranger. You see, the loyalist Democrats, and Moore about is one of them, have sat and watched while the conservatives have run the show. I'd vote for your Mr. Shook or Mr. Gray or Mr. Hickman or Mr. Clark for chairman of the convention, but first one of them has got to study up and know what to do when he's elected. So far, it looks like to us that only the conservatives know anything about a convention. But like we said, Benny, that has nothing to do with the commissioners court.

And as for you folks being thrown overboard, we kinda think we already have. That's what we are talking about. And as far as we can see, you southerners do not have any more of the geography than we do up here in the north.

Yes, Benny, we are sold on the American system. And we believe in the principles of Thomas Jefferson, the Magna Charta, the Constitution and the war - cry of the Alamo. You left out that part about American womanhood, God and the little dogs, though.

We are not wanting to ditch any of those things. We just want a vote of the people — if that's not too undemocratic.

In a more serious vein, may we in the thinking of Frank C. ... The Reporter-News ran an editorial this week — after you I had already both had our say — on "Why Not Elect County Commission Courtwide?" We think Mr. Grimes has an excellent idea, and you Yankees will go by it if you will.

Grimes says, "There is a simpler and easier way to achieve more equitable and fair representation for all the people. That is to adopt a constitutional amendment saying that each county commissioner must be elected by all the people of the county, not just by those in his precinct, but that he must be a resident of his precinct." "This is precisely the way Abilene and other cities set up their governing bodies. Each city commissioner must be a resident of a particular area of the city, but he is answerable to the people of all the other three areas as well. As a result, he sees and serves the city as a whole, not just one little corner of it." "We hope the next Legislature takes the requisite action. The present set-up constitutes taxation without representation in its most

### County Bright Spot In Texas; No Accidents

Eastland county was one of the few bright spots in Texas today as far as a careful driving record was concerned, following a bloody Labor Day weekend.

Highway Patrolman Les Strawn said this morning that not a single highway accident was reported over the long holiday, and that not a single fatality was recorded in the entire Abilene district.

Strawn credited vigorous enforcement and use of radar units with curbing death on the county's highways. More than a hundred radar speeding tickets were issued in the county.

### Texas Nation's Leader in Pecan Tree Production

Pecan trees of all ages on United States farms in 1954 numbered 7,459,457, with 4,580,818, or 61.2 percent in 100 leading counties, according to 1954 census of agriculture figures for ranking counties released today by the Bureau of the Census, U. S. department of commerce. Pecans harvested in 1954 amounted to 28,578,225 pounds, with 16,565,654 pounds in the 100 counties which led in the number of trees.

Dougherty county, Ga., was the leading county in number of pecan trees, with 228,073—3.0 percent of the U. S. total — and was second in pecans harvested with 745,341 pounds. Mitchell, Ga., was second in number of trees with 184,595, and tenth in quantity harvested with 388,439 pounds. Mobile county, Ala., third in number of trees with 121,961, was 14th in harvest with 319,816 pounds. Comanche, Texas, ranked fourth in trees with 109,526, and third in harvest with 660,292 pounds. San Saba, Texas, was fifth in trees with 102,289, and fourth in harvest with 659,912 pounds. Dona Ana, N.M., sixth in number of trees with 101,164 was first in quantity harvested with 3,586,465 pounds.

The top 100 counties in number of pecan trees in 1954 were distributed by States as follows. Texas, 42; Georgia, 22; Oklahoma, 20; Alabama, 7; Louisiana, 4; Mississippi, 3; Florida and New Mexico, 1 each.

### Cisco Football Tickets On Sale

Tickets for the Cisco - Eastland football game will go on sale here Wednesday morning at the school business office, Wendell Seibert, superintendent, announced today. Tickets will be sold on a first come, first served basis, Seibert pointed out.

"We hope that a lot of trouble and time can be saved by Eastland fans, who can get their tickets here instead of waiting until they get to Cisco," he explained.

### Mrs. Wilkins Is Buried Monday

Funeral services were held here Monday morning at 10 a.m. for Mrs. G. B. Wilkins of Midland. Mrs. Wilkins, a former resident of Eastland, died last week in Midland. Hamner Funeral Home was in charge of arrangements with burial in Eastland cemetery.

Reason for the political spanking received by the Eastland Telegram and The Ranger Times, two of Eastland County's largest newspapers, has been explained by not giving state legal advertisements to politically unfriendly publishers.

### THEY NEED OUR HELP!

### A LOOK AT CISCO Opener Nears, and Grid Fever Jumps

Football fever at Cisco and Eastland — traditional grid rivals — was reaching a new high this week as the season opener loomed only three days away.

Both teams were trying to whip into shape for the opening game, but neither team had yet come up with a "for sure" starting line-up.

At Cisco, Lobo fans were pointing with pride to Benji Lipsey, their senior backfield ace. Lipsey "will doubtless be depended on for the biggest share in the offensive job," The Cisco Press pointed out.

### Sheriff's Raid Nets 71 Bottles Of Liquor Here

Eastland county sheriff, J. B. Williams, John Boyd, chief deputy, Patrolman Ed Freeman of the Ranger city police and Bill Reed, deputy, conducted a raid on an alleged bootlegger Saturday evening, Sept. 1, about 9 p.m. in the vicinity of Ranger.

### Daniel by 3343 Majority Wins Runoff Race

The Texas Election Bureau's tabulation as of Saturday, Sept. 1, showed Price Daniel the apparent winner in the gubernatorial election. TEB showed in its final tabulation, Daniel 698,187 votes. (Continued on Page Two)

## Hollywood Plant Grand Opening Is Announced

### Dinner, Open House Scheduled Sept. 20

Thursday, Sept. 20 will be the big day. That's when the official opening of the new Hollywood-Maxwell corset factory will be held here, it was announced today.

Plans released by H. J. Tanner, manager, include a dinner in the Connellee Hotel roof garden and an open house at the plant. Fred Brown, manager of the Crazy Hotel in Mineral Wells, and a former resident of Eastland, will serve as master of ceremonies at both the dinner and the open house.

Brown was one of the leaders who convinced the company to locate in Eastland some 10 years ago. Both he and his wife plan to attend the affair.

Eighteen officials of the Hollywood company, and their wives, are expected to attend the open house. Among those officials will be H. J. Tanner, president; J. R. Dawson, vice president; Phillip Holsberg, secretary-treasurer; L. C. Burris, sales representative; Carl Long, manager of the Dallas warehouse; and Dale Posey, assistant production manager.

Also expected at the grand opening are Pat Stamford of Midland and Bill Hyde of Abilene, builder and engineer.

The downtown square will be decorated for the occasion by the Volunteer Fire Department. Entertainment at the open house will include the local band and two or three entertainment groups.

All members of the Chamber of Commerce have been urged to attend the dinner in honor of the Hollywood - Maxwell officials. Further details will be made available in the near future.

Coffee, doughnuts and cold drinks will be served at the open house, and all employees of the company in Eastland will be presented with corsages by the C.C. The dinner will be held at 6:30 and the open house at 7:30.

### PIPKIN CHAIN ACQUIRED BY WORTH FOOD

Pipkin Piggy Wiggly stores—13 of them in West Texas—this week became known as Worth Food or Food Mart.

The local store will now be known as Worth Food. Supermarkets in Eastland, Ranger, Graham, Cisco and Coleman will all carry that name while all other stores in the Pipkin chain will carry the Food Mart, Inc. name, according to Gordon W. Foster, president of Food Mart, Inc., new owners of the 13 Pipkin stores.

Worth Food Market will continue to give S&H Green stamps, and personnel of the company will remain unchanged.

The large chain which now owns the stores, now operates 43 Supermarkets in Texas and New Mexico. The firm has been doing an annual volume of \$43 million, and anticipates \$50 million with the 13 new stores.

Grady Pipkin, former owner of the 13 stores, has retired, and will continue to make his home in Eastland, where he founded his chain in 1919.

### Investigation of Death of Ranger Baby Continues; No Arrests Yet

Law enforcement officers, not one of which condones abortions, are continuing their investigation into the case involving the finding of a premature baby's body in a trash can in the rear of the J. C. Penney company and Western Auto store in the 100 block of Ranger's Main street, Friday, Aug. 31.

If it was a "miscarriage" or an act of God that would be a different story. But, the leaving of the body in a trash can is a crime. Officers moving carefully, are conducting an investigation covering all angles of the case—and as one high official said—"we are going to be sure before we do anything that must be done."

Rumors of all kinds were flying thick and fast in Ranger at press time Tuesday, however, they were unfounded, and until a release is given the newspapers nothing can be published as facts.

The body of the infant was found by city sanitation workers as they made their rounds Friday morning. It was wrapped in a pink satin pillow cover and stuffed in a shoe box. It had been unceremoniously dumped into a trash can.

AND THE GUARD GOT WET—Smiling under an umbrella as the rain pours down, Britain's Queen Elizabeth inspects a guard of honor of the Argyll and Sutherland Highlanders, during her recent visit to Oban, Scotland. Her Majesty's escort, sword held high in royal salute, gallantly got drenched.

### Tanner To Conduct Panel At West Texas Chamber of Commerce Course

H. J. Tanner, manager of the Eastland Chamber of Commerce will serve as co-moderator of a panel on industrial development at the fifth annual short course for chamber of commerce managers, staff office secretaries and presidents to be held in Big Spring Sept. 7-8.

Jesse Owens, manager of the Odessa Chamber of Commerce, will serve with Tanner.

Most of the program is to be conducted by means of workshop sessions in which participants will discuss aspects of community development including industrial development, retail trade development and civic affairs, and organizational problems and techniques including committee organization and management, membership indoctrination and finances.

Chamber of commerce personnel who have attended three of the short courses will be presented certificates by A. C. Bishop of Sweetwater, chairman of the WTCC's Community Services committee.

Registration will begin at 3 p.m. in the Settles Hotel Sept. 7. At 7:30 p.m., a buffet supper at the Cossden Country Club with entertainment furnished by the Big Spring Chamber will conclude the first day's activities.

Program for Sept. 8, with Bishop presiding, opens at 8:45 a.m. with an invocation, address of welcome by Ira L. Thurman, president of the Big Spring Chamber, response by Pat Ryan of Lamesa, president of the Chamber of Commerce Managers Association of West Texas, and group singing led by E. O. Wedgeworth of Pampa.

A keynote address by Marvin Hurley follows. Hurley is executive vice president of the Houston Chamber of Commerce.

A Presidents' Panel and workshop session is to be conducted by W. H. (Bill) Collins, editor of the Midland Reporter - Telegram and past president of the Midland Chamber of Commerce.

The Secretaries' Session is to be conducted by Edith Gay of Big Spring and Clotelle Thompson of Pampa, office secretaries of their chambers of commerce.

Four Managers' Meetings are scheduled: Committee indoctrination and management — J. H. Green of Big Spring and A. C. Bishop of Sweetwater;

Retail trade development—E. O. Wedgeworth of Pampa and Wayne Smith of Plainview;

Membership, member indoctrination and finance — Bill Quimby of Colorado City and Grady Elder of Snyder;

Industrial development — Herb Tanner of Eastland and Jesse Owens of Odessa.

Dr. R. Gage Loyd, pastor of Big Spring's First Presbyterian Church will address the assembly at luncheon on "Community Leadership and Responsibility." Delbert Downing of Midland will preside at the luncheon.

Concluding the short course will be a general assembly at which George R. Jordan of Brownwood, chairman of the Short Course Program Committee, will preside.

## Paper's Political Spanking Is Explained

By VIRGIL E. MOORE Reason for the political spanking received by the Eastland Telegram and The Ranger Times, two of Eastland County's largest newspapers, has been explained by not giving state legal advertisements to politically unfriendly publishers.

The newspaper went on to declare that, "Reavley ... confirmed that some publishers' opposition to the Shivers administration had been the deciding factor against their receiving any of the ads in question. However, he declared, such cases have been held to a minimum." "Reavley went on to explain that the statutory powers of the Secretary of State on the matter were 'very broad' and there is 'nothing illegal about selecting a man's friends' for awarding such advertising. He said in cases where

he had to choose between what he termed 'a friend' and someone who had been 'outspoken' opposition, with 'everything else being equal,' he had, 'of course,' selected the 'friend.' He added: "I don't believe that this will come as a surprise to many people and I doubt that it will be changed for a long time to come."

Ben Ezzell, editor of the Canadian Record, another newspaper which got the snub treatment, had this to say about the situation: "Although the state law requires that the Secretary of State have all proposed amendments to the state constitution published in a newspaper of general circulation in every county in the state ... with the obvious intent that the newspapers so chosen in each county should offer the widest possible circulation and readership ... such publications are more often handled in the direction of the governor in power, or the state legislators ... as political plums to be handed out to

the faithful, or a political punishment to be withheld from those newspapers which have earned official displeasure through their independent editorial policies."

In a front page column Aug. 26, the Telegram reported: "The Telegram this year didn't receive a single one of the constitutional amendments which, by law, must be published in some newspaper in each county. They are published and paid for by the State two years ago, and in the past, we have always received our share of the business, but not so this year. Every newspaper in this county—including the smallest, the Carbon Messenger — received some of the amendments, except the Telegram and The Ranger Times; our sister paper."

"Now maybe there was no politics involved. But when two of the largest newspapers in the county are snubbed, well ... we kinda got to wondering."

Reavley told The Observer that he felt the whole plan of legal publications should be changed. He said he felt that instead of legal publications several thousand pamphlets should be printed and distributed to the county clerks to be handed out to anyone interested.

The Telegram and The Times have one question to put forth to Mr. Reavley ourselves: Who, sir, would print the pamphlets? The Mission Times.

### Jack Cameron 21st Annual Tourney Champ

The 21st annual golf tourney at Ranger Country club is past history and a new champion is wearing the crown.

Jack Cameron of Houston, won the championship flight Monday, G. Ferguson was runner-up, according to reports.

First flight winner was Boyd Pearson, runner-up was Herb Weaver; top man in the second flight was J. W. Methan, Jess Elliott took second honors. Third flight went to Clyde Reed and Noel Sims, second place.

In the senior flight H. X. Wallace emerged victor and Pappy Cole was second.

## GAS INDUSTRY EXPANSION

NEW CONSTRUCTION EXPENDITURES  
MILLIONS OF DOLLARS

SINCE World War II expansion of the gas industry has averaged a billion dollars per year, or 10 times the rate of pre-war development. As a result of this expansion, an average of 900,000 new customers per year have been added to utility gas lines which now serve more than 29 million users in the United States.

### Country Echoes

Mrs. Bill Tucker

The neighbors tell me the bird is definitely not a Mockingbird, but a Bluebird which we have in captivity. On warm afternoons which is every day, this species of whatever kind it is, warbles and trills, in sweet low tones, while we type or run the sewing machine, and we had come to the conclusion we would one day hear it burst forth in all the scale of notes and imitations which a mockingbird is capable. Since it isn't, we have been thinking of mailing it to the Forest Park Zoo. This might be a good idea, don't you think?

The reporter for the Lemley family reunion turned in her story too late for last week's issue, so we are including it this week.

The Frank Lemley families gathered at the farm home of Mr. and Mrs. Sanford Lemley, for their annual reunion and big fish fry. A total of 40 pounds of fish was cooked in deep kettles outside, with plenty of french-fried potatoes to accompany the fish steaks. The fish supper was the beginning of the week-end festivities on Saturday, August 11.

CALL 601 FOR CLASSIFIED AD SERVICE

### Moore About -

(Continued from Page One) virulent and inexcusable form."

That's what Frank Grimes said, not Moore About. And he said it after we came out with our story about the Boston Tea Party. But he too thinks taxation without representation isn't right. We think his idea is wonderful. We like it, and we too hope the Legislature takes such action. What do you think Benny?

That's it for now. See you Thursday.

### CMD Opinion, Air Conditioners Now a 'Must'

DETROIT — Automobile air conditioners, while making strong sales gains nationally, are moving into the wide open spaces of the Southwest.

This trend is emphasized in Chevrolet's June retail sales, according to W. E. Fish, general sales manager. He estimates that one of every eight new passenger cars delivered by the company in the Southwest region during June was equipped with air conditioning.

The company's action this spring of introducing units applicable to either a six-cylinder or a V-8 car and making it available as a dealer - installed accessory has spurred popularity, he said. Further advantages, he said, are the three different choices of air conditioning packages; dealer installation and service facilities developed through the company's nation - wide field training program; and quicker deliveries.

### DAUGHTERS VISIT

Visiting in the home of Mr. and Mrs. Harry Woods over the week end were their daughters and their families, Mr. and Mrs. Wallace N. Parker and children, Triscyan and Penny of Redstone, Colorado, who were on their way to Denton to live, Mrs. Cecil W. Mayfield, Jane Ann and David Woods of Arlington and Mrs. Nelda Roth of Breckenridge.

### Daniel

(Continued From Page One) Yarborough polled 694,844 votes, according to the count.

Daniel winning by some 3343 votes, called on Yarborough supporters "to accept the decision of the majority and join us in our work for progress and good government."

The final count showed Yarborough picking up 266 votes over the previous count while Price Daniel gained 62.

### Opener-

(Continued From Page One) wasn't eager to name his starters Tuesday, but the local eleven will be star-studded with seniors. Tuesday both teams started one-day workouts and returned to their school work.

Ticklers By George

"My formula should blow us sky high!"

SHOULD LAWYERS REPRESENT CRIMINAL DEFENDANTS?

One of the cardinal principles of American law is that a man is considered innocent until proven guilty by proper legal proceedings. Practically everyone pays lip service to this ideal, but many fail to realize that the right to be represented by counsel is a logical and essential corollary of that theory of justice.

Should lawyers defend in court persons whom they know or have good reason to believe are guilty of the crimes charged against them? A recent scientific sampling of the attitude of the public in Texas toward lawyers and law problems shows that more than half of all persons interviewed thought it was wrong for a lawyer to defend such a person.

Such an attitude is rather startling to thinking citizens and members of the bar. Surely the guiltiest criminal has a right to a fair trial by the law of the land. Such a trial he cannot have without a competent attorney to see that a fair jury is selected and that only lawful evidence is introduced against him.

With reference to this feeling on the part of a sizeable portion of the public, a certain district judge who tries many criminal cases, and who served eighteen years as a prosecuting attorney before his election to the bench, recently offered the following comments:

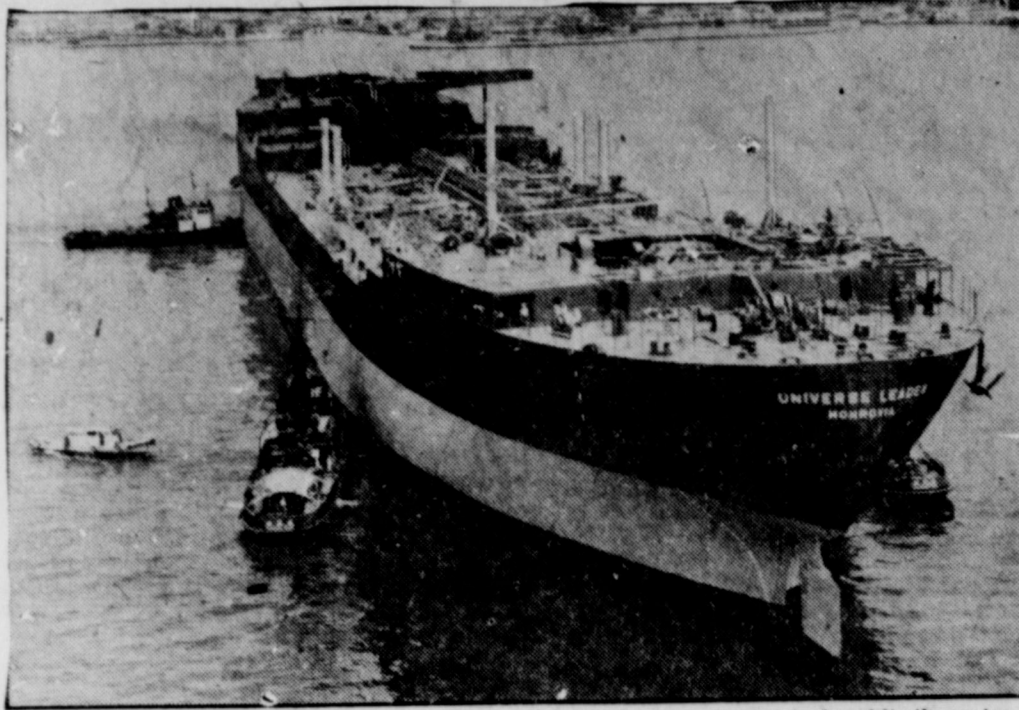

"The result of this survey is no surprise to me, in that during my eighteen years of prosecuting, this feeling has been made known to me by hundreds of persons. 'The feeling on the part of the general public in this regard is brought about to a great extent by the sincere efforts on the part of the defense counsel to see that his client receives the benefit of every legal safeguard to which he is entitled. These legal maneuvers are often misunderstood by the layman as an unethical effort to defeat justice, by delay of the trial, and by taking advantage of certain defenses that to the layman appear to be trivial technicalities.'

"Attorneys are the only ones who can correct the erroneous feeling of the general public regarding the defense of one who appears to be guilty as charged. We attorneys should emphatically state to the inquiring person that it is one of the cardinal rights of the individual in a democratic society to be considered innocent until his guilt is established, beyond a reasonable doubt by legal and competent evidence.

"The public must be brought to the realization that all who are charged with crime are entitled to the expert counsel and aid of an attorney, and that the sworn duty of such attorney is to see that each protective legal right, to which the accused is entitled, is afforded him.

Now and then a lawyer will overstep the bounds of his duty in defending those charged with crime. When that happens, the legal profession is even more indignant than the public generally, and appropriate disciplinary proceedings are instituted where warranted.

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

WORLD'S LARGEST TANKER—The "Universe Leader," world's largest tanker, hits the water at the Kure dockyard in Japan. The mammoth ship, weighing 84,730 tons and costing more than 16 million dollars to build, will be completed some time in October. An American vessel, it will be placed on the Iran-North America run under Liberian registration.

WHO'S CRAZY?

Now You May Be Admitted by Asking

Texas farmers will receive more than 23.8 million as payments for land placed in the soil bank acreage reserve program. Bob Cherry, extension economist, says that a total of 63,672 agreements were signed in Texas before the July 27 deadline.

Under the acreage reserve program, farmers are paid for each acre of land retired from the production of basic crops up to a specified percentage of their allotments. The program is designed to aid soil improvement and reduce surplus production, points out Cherry.

Farmers of the nation have signed agreements covering approximately 10.7 million acres while the 63,672 agreements signed in Texas cover 1,970,235.3 acres. The 3-10 of an acre represents the acreage taken out of tobacco.

Cherry says 14,708 wheat agreements covering 1,066,390 acres and with payments expected to reach \$6,193,574 have been signed in Texas. Texas cotton farmers signed 49,322 agreements put 865,654 acres of cotton allotments into the acreage reserve and if they comply with all program requirements, can expect to receive \$17,020,420 in government payments. Peanut producers of the state signed 3,195 agreements covering 33,995 acres for which they will receive \$396,415. Only 74 acreage reserve agree-

ments were signed by rice growers in Texas on 4,286 acres on which they will receive \$219,487. The single tobacco grower by reducing his allotment by three-tenths of an acre and putting the reduction in the soil bank will receive \$102.

The economist said the largest number of acres put under acreage reserve agreements was in the Panhandle district and in the districts immediately to the south and east of the Panhandle. Extension district 8 in central Texas and district 10, south-central, were other areas of heavy sign up.

Buick CENTURY 4-Door 4-Door Buick

SENSATION OF THE CENTURY  
-at an easy-to-take price

It's Bonanza Time at Buick Dealers!

FIRST TIME you take the measure of a '56 Buick CENTURY, you'll know what the sports-car folks mean when they say the CENTURY is a great performer.

The getaway is right away—the road feel superb—the handling a joy. For this is Buick's most spirited and spectacular car.

It has the highest power-per-pound ratio in all Buick history.

It rides on a chassis compact to the last ounce and inch.

It takes to movement like a prima ballerina—nimble to the nth degree.

And when you press the pedal you get the response of Buick's mightiest V8 engine and the silk-smooth wizardry of an advanced new Variable Pitch Dynaflo\* that lets you switch the pitch for emergency acceleration that's the most satisfying safety measure in the land today.

As we said, the name is CENTURY. And, as you'll discover, the price is a cinch. For the CENTURY is just a cut above Buick's lowest-price SPECIAL Series—and that's just a cut above the well-known smaller cars.

So you really ought to try a '56 CENTURY...

Especially now, while your present car is at its peak worth...

Especially now, at today's Buick prices (who knows when they'll ever be as low again!)...

And especially now, with Buick so solidly in the Top 3 of America's best sellers—and that kind of sales volume permitting us to make you an even finer trade-in allowance.

Drop in on us this week—today would be even better!—and see what a buy you can make right now on the best Buick yet.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

AIRCONDITIONING  
at a COOL NEW LOW PRICE  
It cools, filters, dehumidifies. Get 4-Season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING

It's a great time to buy a Buick

**Lawn Party Honors Austin Varner Family**

Mr. and Mrs. Austin Varner, Leslie and Paul were honored with a lawn party Thursday night at the home of Mr. and Mrs. Leon Fowler 506 South Oak Lawn. Mr. and Mrs. Vernon Lewis were co-hostesses.

Varner, minister of the church of Christ, and his family, will move to Graham Thursday where he will be minister of the Graham Church of Christ.

Various kinds of ice cream and cakes were brought and served by members of the church of Christ.

Lewis presented the honorees, in behalf of the church, with a punch service set and a goose neck desk lamp.

Approximately 115 persons called during the evening.

These gay young separates are made from Everglaze cotton satin featuring an elaborate printed pattern on white and a matching solid color. The skirt with its burst of unpressed pleats and the scoop-neck blouse are styled by Jo Collins.

**Rebekah Lodge No. 177 Holds Initiation Here**

Initiation under the direction of Mrs. Olive McCain was held Tuesday night at a regular session of the Eastland Rebekah Lodge No. 177. Candidates initiated were Adams, Paul Taylor, H. B. McAdams and P. Whittier.

Plans for the 42 party which was held Thursday night were made and tickets distributed for sale. Mrs. Bea McAdams, noble grand, presided.

Following the initiation refreshments of punch and cake were served to the following members: Juanita Grisham, Mae Mitchell, Fay King, Lucille Taylor, Mertie Anderson, Frankie Martin, Ina Jordan, Jackie Humphrey, Geneva Brown, Mary Street, Stella Grigsby, Johnnie Mathews, Lee Campbell, Tony Rodgers, Ruby Crawley, Vivian Fox, Edna Belew, Tommy Crawford, Mary Hancock, Jessie King, Florence Crabb, Ruth Lewis, Pop Whittier, J. B. Harbin, Erma Kelley, Bea McAdams, Paul Taylor, H. B. Adams and P. Whittier.

**CELEBRATE ANNIVERSARY**

Mr. and Mrs. J. H. Rhodes celebrated their 60th wedding anniversary Sunday with a quiet evening at their home.

**BIG SPRING VISITORS**

Mr. and Mrs. E. L. Amis of Big Spring visited with friends and relatives in Eastland and Rising Star over the week end.

*Women's Activities*

**Barnett Reunion Is Held Sunday In Kermit**

The Sinclair Camp at Kermit was the setting for the Barnett family reunion Sunday at the home of Mr. and Mrs. Jack L. Barnett, Jamie Ruth and Jackie.

A barbecue chicken dinner was served at noon after which the men played golf in Odessa.

Those attending were Mr. and Mrs. Gene Metz, and Jimmy of Hobbs, New Mexico, Mr. and Mrs. Tom Barnett, Jerry and Jackie of Tulsa, Oklahoma and Mr. and Mrs. W. C. Whaley of Eastland.

The family is looking forward to meeting in Eastland next year in the family home and attending the Eastland High School Homecoming.

TRADE WITH YOUR HOME-TOWN MERCHANTS

**Party Honors One Year Old Vicki Moore**

Vicki Lynn Moore, daughter of Mr. and Mrs. Clovis Moore, was honored on her first birthday Tuesday evening with a party in the city park.

The white birthday cake was decorated with "Little Bo-Peep" figures, and was served with lemonade and ice cream.

Those attending were Audrey, Irma and Stanley Lynn, David, Terry, Wanda and Jack Harp, Randy Joy and David McAfee and Shirley and Dennis Palmer.

Numerous gifts were presented the honoree.

**VISITED HERE**

Mr. and Mrs. Verner Chamberliss and Judy of Henderson, formerly of Eastland, visited with Mr. and Mrs. Garold Wingate over the week end.

**Homework is easier ... when seeing is easier**

**Check study lighting when you check their school supplies**

Youngsters need plenty of good light for home study to prevent eyestrain, fatigue and resultant inability to concentrate. Good light makes seeing easier and homework less tiring ... helps form good study habits that lead to better grades.

Good study lighting is easy and inexpensive to provide. In most cases, a good table lamp equipped with a 150-watt bulb will provide adequate light. The lamp should be well shaded to prevent glare and tall enough to spread light evenly over the entire work area.

Check home study lighting now ... start the school year right with better light!

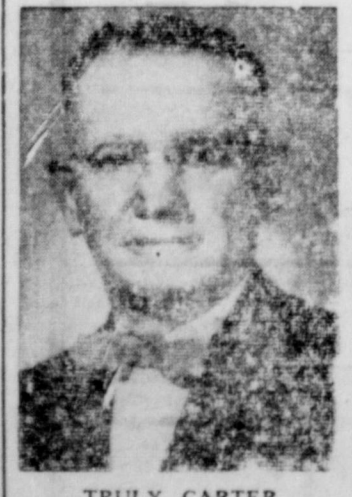

**Free Booklet**  
 For specific recipes for good study lighting, and for tips on better light for every room in your home, phone, write or come by our office for your free copy of "See Your Home in a New Light."
