TURK POLICE HESITATE TO SEIZE INSULL

By United Press ISTANBUL, Turkey, Mar. 31.

Police, asked Samuel Insull to go ashore for questioning today but he refused bluntly, and police left his chartered ship to get new instructions from the government at Angora. Insull remained under guard.

He has been here since Thursday when his little ship cast anchor at the entrance of the Bosphorus which joins the sea of Marmora and the Black sea, to which Insull was going.

Police planned, if possible, to hand Insull over to the American ambassador at his request. They were non-plussed when the aged utilities man refused their request to go ashore.

CASE TO ENTER SECOND WEEK

FORT WORTH, Mar. 31 .- The \$71,000 mail robbery trial will go into its second week Monday when arguments will be completed.

The defense rested its case to day with testimony of O. D. Stevens, alleged master mind of the robbery, that he withdrew from the plot before it was carried out. The prosecution did not offer rebuttal witnesses. After an hour of arguments Federal Judge Wilson recessed court until Monday.

Stevens testified he first knew of the robbery when he read of it in newspapers. He said he had plotted a mail robbery with Johnnie Carson, who has pleaded guilty to the conspiracy, and Joe Martin, another defendant, but "got out" after the men had made several trips to the terminal and failed to go through with the robbery.

Judge Wilson, late yesterday granted a plea for an instructed verdict of not guilty against Mrs. Stevens, Mrs. W. D. May and Mrs. Ruth Howard. He temporarily overruled a similar plea for M. D. Howard and Claude Hill.

Ohio landed in the democratic column of 1932-to the chagrin of Sen. Simeon Fess, the ghostly spellbinder of the Buckeye republicans and dyspeptic trainer of the elephant. Senator Fess has a son said to be a very engaging and active young man. He held a clerkship and is charged with having lent his influence to airways legislation, at a profit of \$3000 or \$4000 or \$5000. That's his business.

Just the other day the President named a democratic supreme court judge of Ohio to the bench of the United States court of appeals-the only woman in American history so highly honored. Now Mrs. Berniece M. Pyke, democratic national committeewoman and former welfare director of Cleveland, has been named collector of customs for the Northern Ohio district by the Presidentthe second woman to hold such a position. It is empowered to pick a site for the centennial celebration in 1936, "that selection to approval by the legislature which meets next January, 1935." Moreover, the act specifiec that the site should be the one affording "the largest financial support and inducement." An advisory committee calling for the enrollment of 1000 men and women of Texas will be selected by the 31 senators and the 150 representatives.

Well, there is a governor and a lieutenant-governor to be nominated and elected this year. There will be 16 senators and 150 representatives voted into office by the qualified men and women of the commonwealth, meaning those who have paid poll taxes or have exemptions. Of course, the governor to be elected this year will be the centennial celebration chief magistrate and the lawmakers to - be chosen will have a large voice for the fittest for office and legislative post in the coming July primary, for those named in the July primary or the August runoff will be elected without opposition in the month of November.

French Newspaper Scores Air Force

PARIS-Twenty-three generals, 38 colonels, 73 lieutenant-colonels, 238 battalion chiefs: such, not counting captains, lieutenants and reserve officers is the alleged red tape of France's air army.

Vigorous protest against this state of affairs has been voiced "La Griffe," politico-literary weekly in a special number devoted to aviation.

Warning that in case of emergency this country's air force would be virtually paralyzed by surplus "red tape," the editor points to chapter 32 of the 1934 budget and to bill No. 1710 as evidences of threatening calamity.

The first measure calls for 7, 498,000 francs "leave of absence expenses" for the 23 generals and 12 others, now on the reserve list. The second calls for creation of 40 new battalion-chief commands. The "Griffe" furthermore points out that the vice president of the superior air council, in addition to his salary as division-general, and in addition to "all his allowances." is scheduled to receive a new "fogy" of 34,000 francs "for en-

tertainment.' The chief of staff of the air army, it is said, would get further allowances of 23,400 francs and each member of the air council would receive a "raise" of 29,880 francs under the proposed budget. The "Griffe" urges as remedy that surplus officers be assigned to serve alternate terms in the air and land forces ,or else that part of them, at least, be given work Three-Year Cruise in government bureaus.

May Harrison Is Candidate For County Treasurer

To the Citizens and Lers of Eastland County:

Eastland County:

In asking for re-election to the office of County Treasurer I feel that I need no introduction to you. You know me and my official record is open for your inspection. I have lived in this county practically all of my life and have always tried to do my part in every movement made to better our moral condition and raise the standard of living. For many years I have had to depend upon my own efforts for a living. You have aided me when I was greatly in need of your help, which I appreciate more than I can express in words.

When you first elected me to this office I promised to render you honest, efficient and cheerful service; and you know whether or not I have fulfilled that promise. With the experience I have had in handling the business of the office, I feel that I can give you still better service and I now reaffirm my former promise to give you honest, efficient and cheerful service if you re-elect me.

Very sincerely yours, MRS. MAY HARRISON.

CHRISTIAN SCIENCE

"Reality" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, today.

The Golden Text is: "Thou, O Lord, remainest for ever; thy throne from generation to genera-

tion" (Lamentations 5:19).

Among the citations which comprise the lesson-sermon is the following from the Bible: "The Lord hath brought forth our righteousness: come, and let us declare in Zion the work of the Lord our

God" (Jeremiah 51:10).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Mealth with Key to the Scriptures" by Mary Baker Eddy: "To grasp the reality and order of heing in its Science, you must begin by reckoning God as the divine Principle of all that really is.

All substance, intelligence, windom, being, immortality, cause, and effect belong to God" (mare
