INFANT DROWNS IN FISH POND; BURIAL MONDAY

Funeral services were conducted from the family residence, Route 3, Gorman, Monday afternoon for Burnis Dale Elrod, 14-month-old son of Mr. and Mrs. D. O. Elrod of Alameda, who drowned Sunday morning.

The infant was playing in the yard of his grandfather, R. R. Browning of Alameda Sunday morning at 11:30 when the tragedy occurred. While playing in the yard he fell into a fish pond, where he drowned before help could reach him.

He was born in the Alameda-Cheaney community Feb. 20, 1933, and was but one year, two months and 13 days old at the time of the accident. The entire community was saddened Sunday when word of the accident spread as the family has been well known and respected in that community for a number of years and the child, though young, was well known throughout the section of the county.

Conviction Grows That June Robles Has Been Killed

TUCSON, Ariz., May 14.—A growing conviction that June Robles, 6, is dead was shared by her parents today as continual efforts to contact her kidnapers had failed.

Officers and friends of Mr. and Mrs. Fernando Robles said the family had received no reply to their second public appeal to the kidnapers to accept \$10,000 ransom for their daughter.

TO THE PUBLIC

The Eastland Daily Telegram and the Weekly Chronicle, having signed the Graphic Arts Code approved by Hugh Johnson under the Federal Recovery Act, is operating under that code and following it to the letter.

TO THE PUBLIC

The Graphic Arts Code authorities have approved a price schedule, and methods for arriving at the cost of commercial printing, which each and every commercial printer is bound under the code to comply with in making prices on commercial printing. The Daily Telegram and the Weekly Chronicle, just like the other commercial printers of this county who are under the same code these papers are under, received these price schedules by collect express.

TO THE PUBLIC

The cost of administering this Graphic Arts Code is assessed against the commercial printers coming under it, and these newspapers have paid their assessments.

TO THE PUBLIC

We respectfully ask the cooperation of the people in putting this code into effect and living up to its rules and regulations.

TRADE AND BUSINESS ACTIVITIES CONTINUE UPWARD TREND

All the people are interested in the National Recovery Act. They are all interested in labor conditions as well as farm conditions the nation over. Dun and Bradstreet issued their trade review April 27. This was the foreword: "Trade and business conditions since the start of the second quarter of the year continue in the definitely upward trend of the first three months of the year."

May day is here. Mailed day the world over wherever civilization has obtained a foothold is a holiday for organized wage workers and their sympathizers. Now what will happen on May Day 1934 in the industrial circles wherever the workers have obtained a foothold, speaking of organizations and their leaders ever battling for improved standards of living, collective bargaining, higher wages and shorter hours. Evolution is the order of life. It has been so from the beginning. It will continue to be the order of life until the end of time. It is for the people now on earth (in all climes and under all flags) to make the best of it.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

JOHN GARLAND POLLARD, while Governor of Virginia, said:

"My early conception of a good man was one who is well behaved, does not swear, never gambles, never gets drunk, pays his debts and goes to church on Sunday; but with experience and observation I soon learned that a man may be all this and yet be so selfish as to be justly called a very bad man.

"I came to believe that if one is to be truly a good man, he must not only behave, he must also serve. The greatest of all sins is selfishness and the greatest of all virtues is love expressed in service."

Music Week

Splendid Success
The week just closed was devoted by Eastland to the annual observance of National Music Week, of which the national piano playing tournament was a country-wide affair.

Tournament headquarters were in Abilene. Eastland is proud of the record made in the tournament by the students from the Drago studio.

The Music Study club and their president, Mrs. E. C. Satterwhite, appreciate the work of the chairman and committee, who arranged the comprehensive Music Week observation, and who worked faithfully to make it a success.

Mrs. Fred L. Drago, general chairman, was assisted by Mrs. Satterwhite, and Misses W. K. Jackson, N. N. Rosenquist, F. O. Stallter, A. H. Johnson, F. O. Hunter, Grady Pipkin, Howard McDonald, T. M. Collier, A. F. Taylor, Frank A. Jones, P. B. Birtle, H. O. Satterwhite, W. A. Hart, F. Y. Williams, J. M. Perkins, presiding chairman for recital; Miss Lavelle Hendrick, Mrs. C. W. Hampton, Wilda Drago, the Drago violin octet, and Misses Olivette Kilbough, Jane Ferguson, Wilma Beard, and Rev. E. R. Stanford.

The Music Study club will hold its last meeting for this season on Friday afternoon, May 18, when a program will precede the installation of officers for 1934-35.

New Line of Buicks Is Now On Display
FLINT, Mich., May 14.—A new line of Buick motor cars, priced in the low medium bracket, will be introduced Saturday in Buick dealers' showrooms throughout the United States and Canada.

The new cars, of traditional Buick design and construction, invade a price field hitherto untouched by Buick and open up for this veteran unit of General Motors a new and extensive market. Production in volume already is under way at the company's plants and adequate stocks of the cars are now in the hands of dealers. The new line will be designated the Series 40 Buick.

The price range will be from \$795 for the standard business coupe to \$925 for the five-passenger, four-door club sedan. These are the lowest prices ever placed on Buick motor cars.

On a 117-inch wheel-base chassis, the new line includes five body types at the following f. o. b. prices. Five-passenger, four-door club sedan with built-in trunk, \$925; two-passenger business coupe \$795; four-passenger sport coupe, \$855; five-passenger four-door sedan, \$895; five passenger touring sedan, \$865.

Brilliant performance and economy are outstanding features. Powered with a Buick straight-eight, valve-in-head engine developing 38 horsepower, the new cars are capable of speeds up to 85 miles an hour and will accelerate from 10 to 40 miles an hour in 21 seconds. Fuel economy is 15 miles per gallon of gasoline at a cruising speed of 55 miles an hour.

Interest in an Eastland bank is so paramount that those who are working on plans for a bank can well feel that plenty of cooperation will be given any reasonable and consistent plan for the establishment of one. Of course the need is recognized more and more each day... and the instant that a bank is open and ready for business many hundreds of dollars will be saved the business interests of the town. A bank is the most needed and important thing we know of at this time. No efforts should be banished in order to make it a possibility.

Eastland Frogs Humble Breck Dynamos 13 to 5

By CHAS. E. LAFON
The Eastland Horned Frogs won a listless game from the Breckenridge Dynamos at Welch Field, 13 to 5. The Frogs were not in their usual form but with the hits of the locals and errors on the part of the Dynamos the locals managed to maintain their undefeated record.

The Frogs put the game on ice in the half of the first inning as a result of three hits, two errors and a walk. The Dynamos never seriously threatened, due to the effective pitching of the local's entire hurling staff as it was in the way of a workout preceding today's game with the T. C. U. Horned Frogs. Odell started and was relieved in the seventh by Boatman who was replaced by L. Wallace in the ninth.

A. Wallace, Pope and Morris led the Horned Frogs in hitting with Watson and Amis playing a bang up defensive game. Amis pulled a "Trav Jackson stunt" when he laid down a bunt to the pitcher and beat it out for an infield hit after two men had been retired in the seventh.

Porter, Nixon and E. Moore were the batting strength of the Dynamos. Hodges, shortstop for the Dynamos played a great defensive game at short as did E. Moore, the kid rightfielder of the Dynamos who robbed the Frogs of several would-be base knocks. It was the Dynamos' first game and that accounted for the fact that they made so many misques atfield.

There was a soft ball game preceding the Frog-Dynamo game. Bill McDonald's City Slickers winning from C. J. Rhodes Loafers 6 to 4. A triple by John Burke and the pitching of N. Day were the main entertaining features of the game, in fact it was more enjoyed seemingly, by the fans, than the hard ball game.

Horse Racing Is "Taking It On the Nose" at Houston

By TED H. MALOY
United Press Staff Correspondent

HOUSTON, Tex.—Horse race betting is taking it on the nose here. The same may be expected over the state.

Business men have joined the clergy in opposing operation of bookmaking shops here at which thousands of residents have bet hundreds of thousands of dollars. From the neighborhood butcher to the department store the cry has risen against the bookies for taking money away from trade.

The bookies have flourished since legalization of horse races and pari-mutuel betting last summer. Tax placed on betting at licensed state tracks was designated as a revenue-raising measure.

When the licensed seasons at the state tracks have closed the betting mania has continued and the bookies are the agents for the hangers-on.

"Such practice should be stopped," wrote the hard-boiled members of the Retail Merchants Association to Public Safety Director George Woods, "because it is not only a violation of the law but is demoralizing to employes as well as injurious to business."

That, with a statement from Bishop Clinton S. Quin of the Texas Episcopal church diocese declaring the bookies should be legalized or closed, precipitated a secret drive against the shops by city and county authorities.

The bookies will be closed, the officers announced simply following a secret meeting.

The meeting was called after the mayor, the police chief and others were summoned to appear before a new Harris county grand jury which had been charged by District Judge Langston C. King to return felony indictments against operators of the bookmaking establishments.

Reliable estimates had placed the number of bookies here from 100 to 500, Judge King said.

Operation of the shops is a felonious offense, Judge King instructed his jury, despite assertions by some that the offense was only a misdemeanor. He said

a penalty of two years imprisonment could be assessed.

Opposition to the bookies is assuming state proportions.

President R. J. Slagle of the Retail Jewelers Association here said that the state jewelers organization had heard a report from its legislative committee at a recent meeting declaring that millions of dollars were being lost in Texas bookmaking establishments.

Since the movement started here to close the bookies, bankers and business men have rallied to join the ranks.

Houston A. D. Simpson of the President Clearing House Association and a bank executive, announced, "Personally, I'm against 'em." His expression was popular among business leaders.

The bookies covered the city in an elaborate system taking bets on all racing tracks. From the agents who walk about the streets to the ones in fancy "clubs" the shop operators have been reaping the "sucker" harvest. Branch offices are maintained by some of the clubs.

THIS CURIOUS WORLD By William Ferguson

THE curious disease of ailurophobia will cause strong men and women to faint at the sight of a cat... even a small kitten. Some persons are thrown into convulsions. The mere mention of a cat is enough to strike fear into the heart of some sufferers. The malady is not uncommon.

P. T. A. president, dispensed punch from a prettily arranged table, and the intriguing fishing pond was supervised by Mrs. L. J. Lambert, retiring P. T. A. president.

A regular honest-to-goodness pole and line was used to fish for candies. Souvenirs were secured from Mrs. Dan Childress, by having to throw three balls in tubs, successful contestants receiving either a beach hat or a fan or some other clever oddity.

A big box of candy became the lucky possession of Miss Hazel Haynes.

Altogether the evening was one of the cleverest and most enjoyable of the many charming affairs of graduation year, fostered by the Parent Teacher Association of Eastland high school.

—they age good grapes to make rare wines

—and they do something like that to mellow good tobaccos

WHERE THE RARE WINES come from they know that the two most important things in wine-making are the selection of the grapes and the long years of ageing in the wine cellars.

IT'S VERY MUCH THE SAME in the making of a cigarette. You have to get the right tobaccos, then put them away to age and mellow in wooden casks.

You can't make a good cigarette like Chesterfield in a day. It takes over two years to age the tobaccos for your Chesterfields—but it adds something to the taste and makes them milder.

Everything that modern Science really knows about is used to make Chesterfield the cigarette that's milder, the cigarette that tastes better.
