BODY OF MISSING GIRL IS FOUND IN CREEK

FATHER BEING QUESTIONED BY CITY POLICE

Was Taken From Car Last Night While Father Was Away.

HOUSTON, July 24.—Elijah Stuart, 28, employee of the Harris county relief commissary, broke down today and told officers that he killed his 5-year-old daughter, Dorothy. He previously said she was kidnapped.

Police said they learned Stuart took out a \$400 insurance policy on the girl less than a month ago. They said he received the policy yesterday.

Stuart said he drove to the bridge while his daughter slept and removed her from the machine and carried her to the edge of a pool.

"I held her head under the water until she didn't move any longer," he told officers. "I was in such circumstances I thought I would be doing the best thing by killing her."

His story of holding the child under water does not coincide with the findings of county health officers who conducted an autopsy on the body.

The health officer said he found no water in the lungs or stomach. He said the child was evidently given a caustic poison.

Stuart went to headquarters today not knowing the body had been found.

Police asked about an insurance policy said to have been taken out on the child's life less than a month ago. The policy covered the life of only one child, police said.

Railroad Trains In Britain to Be Streamlined Soon

LONDON.—The modernization of British railroads is under way. Streamlined expresses are to make their first appearance this month when the Great Western railway will introduce experimental super rail cars on the Birmingham to Cardiff route.

Three cars have been built for this purpose. The cars provide for most revolutionary change in railway passenger policy that ever has been introduced in Britain, and will bring greater rail comfort and convenience.

They have a maximum speed of 75 to 80 miles per hour and provide a morning and afternoon business service in each direction.

In external appearance and design the new cars are similar to the experimental rail car, which has been providing local services in the South and Oxford districts during the last four months. It is the outstanding success of this car that decided the company to extend its use to main-line express services between important centers where the running of an ordinary "through" train is not justified.

The new cars resemble huge seaplane floats with large flush fitting observation windows running along the top half and emerging, at the ends, into sloping control cabins. The design is the result of wind-tunnel tests, and head-wind resistance is reduced to a fifth of that encountered by a similar flat-ended car.

The sides are carried down within a foot of the track, completely enclosing the whole of the mechanism and practically all of the wheels. All exterior fittings such as headlights, door handles and hinges are streamlined so as to reduce wind resistance to a minimum.

Girl Arrested In Death of Father

SALLISAW, Ok., July 24.—A family tragedy today brought the arrest of Alysne Hunnecut, 18-year-old farm girl, in connection with the slaying of her father.

Officers said the father beat the girl with a hoe handle.

Black Horse Turned White Overnight

HAVERHILL, Mass.—William Takofsky knew he put his black horse in the barn the night before, but when he returned in the morning a white horse was in its place—a miracle he thought.

The wonder of it all ceased when he discovered that the animal had been painted by some Jester.

AIRPORT WAS HISTORIC GRAZING GROUND

LEXINGTON, Neb.—"New York—1,360 miles; San Francisco—1,360 miles." Thus reads a signboard near this city, which is a halfway point on United Air Lines' coast-to-coast route. Three-mile-a-minute air transports fly over the battlefield where the Cheyenne Indians made their last historic stand against the whites. The airport was once famous as a buffalo grazing ground.

JURY SANG HYMN

NEW HAVEN, Conn.—While attorneys were endeavoring to reach a settlement among themselves, a superior court jury passed the time singing hymns in an ante-room.

Eastland County Is on Emergency Drouth Relief

Eastland county was among those added to the farm administration's emergency drouth list Monday, according to announcements made Tuesday by County Agent J. C. Patterson and County Judge Clyde Garrett. Other Texas counties added to the emergency list include Chihuahua, Coleman, Denton, Hemphill, Jack, Lipscomb, Ochiltree, Palo Pinto, Roberts, Stephens, Taylor and Wise.

8 Days Remain For Transfer of School Papers

Eight days remain for transfer of school students from the school district in which they reside to other districts in which they wish to attend school.

Those desiring to transfer into the Eastland school district have been advised by Supt. F. B. Bittle to fill out blanks for the transfer at the county superintendent's office.

MINNEAPOLIS STRIKERS FACE ALTERNATIVE

Striking truck drivers in Minneapolis faced the alternative today of accepting truce terms or having martial law declared in the nation's major labor disturbance.

Governor Olson virtually issued an ultimatum he would call out 4,000 national guards if the drivers rejected proposals already answered by employers.

About 900 workers in the Chicago union stock yards walked out, endangering 75,000 head of cattle from drouth areas. All shipments to the stock yards were ordered halted.

San Francisco longshoremen voted on accepting mediation and returning to work immediately. Sentiment in other Pacific coast cities seemed likely to be influenced by the outcome of the vote.

Explorer Plans An Expedition to Sheba's Capital

PARIS.—The explorer, Count Byron de Prorok, has just left for the Hedjar, where he is to make arrangements for an expedition this fall to the recently-discovered ruins in the Arabian desert which some believe to be the lost capital of the Queen of Sheba.

De Prorok will be accompanied by four students from the United States—James Jackson, Yale; William Russell, Washington U.; Harry Coombs, Stanford, and Harry O'Neil, St. Louis. Captain Trafford, British explorer, an Italian mineralogist, Signor Pastori, and two camera experts will complete the party.

No less a personage than the king of Abyssinia persuaded de Prorok to risk his life on a mission, which has been fatal to dozens of explorers.

The Abyssinian monarch, who claims descent from Solomon, heard of the discovery of the alleged capital of Sheba while Count de Prorok was at Addis Ababa. He had just finished an exploration of the so-called Mines of Solomon, which he had found during the winter.

"Our legends here have it that Sheba lived in just that region," said the king. "I wish you'd go and check up."

Andre Malraux, author of French best-sellers, and two aviators flew over the Arabian ruins last spring. De Prorok hopes Malraux will be able to join the expedition.

The French writer has given de Prorok all the historical data on Sheba, which he had collected more or less as a hobby over a period of years and which led him to believe that the city he saw in his plane was truly the lost capital.

In addition to the support promised by the king of Abyssinia—ammunitions and money—Count de Prorok will bank for success on an old acquaintance, Mohammed Ben Nasir. Known from one coast of Arabia to the other, Mohammed will lead the expedition those effects will be carried on the backs of camels.

Sikes Aids Eastland Win of Team Trophy In Coleman Tourney

Eastland golfers with Medalist Bob Sikes with his 67 at the forefront won the team trophy in the qualifying rounds at the fourth annual Coleman Country club tournament Monday and were second in team honors by Ranger golfers whose scores aggregated 304, three over Eastland's.

Three of the Eastland four, Bob Sikes, D. Tully, J. E. Liles and R. L. Perkins, shot subpar golf. Tully, by virtue of the 70 shot jointly held runner-up position with J. T. Memmet, Phil-Pe-Co champ. Liles shot 71 and R. L. Perkins Jr., this his first participation in tourney play, hit the ball 93 on his two-time trek of the nine-hole course.

Ranger linksters were led by Gid Faircloth and James Smith, who shot 71's, Bob Smith and Houston Cole shot 85 and 77, respectively.

Sikes bagged seven birdies in his two trips over the sand green layout. He had a 34 on the first nine and a 33 on the last.

Exhume Body of The 'Great Lover'

NEW ORLEANS.—FERA workers here are busying themselves digging up the skeleton of New Orleans' famous lover and commander of Spanish Fort more than a century and a half ago.

The skeleton, unlike that of present day lovers, is in a grave—not a closet.

Louis J. Genella, engineer in charge of the work on the ancient fort, said the "tomb" near the old battlements is that of Don or "General" Pablo.

According to legend and Genella, Pablo was slain for having a love affair with the daughter of the chief of a tribe of Indians living in southeastern Louisiana. The daughter was betrothed to an Indian brave.

Don Pablo, his skull laid bare by the scalping Indians, and then buried by tomahawk blows, was split near the fort between two magnolia trees.

The tomb, made of brick and cement, is being uncovered slowly.

And until that is done workers cannot be sure that the skeleton is that of the gay Spaniard.

Holloway Tells A Tall Fish Story

RANGER, Texas, July 24.—Mr. and Mrs. R. F. Holloway of Ranger and Mr. and Mrs. Robert Holloway of Brownwood returned Saturday from a fishing trip to Colorado. Mr. Holloway says they had a wonderful time and tells the champion fish story of the year.

Last year, according to the story, a hail storm visited the region around where he fished this summer and the water was so cold from the effects of the hail that the fish came out on land to sun.

He says he saw several out on the prairie on their way back to the creek. "This is a true story," Holloway says.

Four Bandits Rob A Kansas Bank

OXFORD, Kan., July 24.—Four bandits engaged a posse in a gun battle here today after the robbers had looted the Oxford State bank and kidnapped three employees.

The robbers took about \$5,000. The employees were released.

Blizzards Hamper Aid Sent to Byrd

LITTLE AMERICA, Antarctica, by Mackay Radio to United Press, July 23.—The five-man party turned back by blizzards and low temperatures while enroute to relieve Richard Byrd, reported today that it was heading for this expedition base.

Byrd, who reported his arm injured last week, has been isolated at a tiny hut 123 miles southward for months. The tractor party started out to relieve him but found the flag marked trail almost erased by snows and finally decided to turn back.

HEAT WAVE IN MIDWEST STILL TAKING LIVES

KANSAS CITY, Mo., July 24.—Death dealing temperatures continued in the midwest today where scores had succumbed and complete crop failure is threatened.

As relentlessly as war and as deadly as a plague, the sun beat down from a clear sky. Estimates placed the dead from this 14-day onslaught of 100-degree heat at more than 200. In the last three days 64 have died in St. Louis. Nebraska's heat dead numbered 49, and 60 have died in Kansas City in two weeks.

Nervous Runt Is Public Enemy No. 1

WASHINGTON, July 24.—A trigger nervous hunt of the underworld, George (Babyface) Nelson is the most hunted man in America today.

He was John Dillinger's machine gunner. When Dillinger fell before the fire of federal agents, Nelson became No. 1 on the list of public enemies.

Only 25 years old and barely five feet tall, Nelson is described by federal authorities as an even more ruthless and cold blooded killer than Dillinger.

Department of justice agents are out to kill Nelson on sight.

Indians Predict Oklaohma Floods

DUNCAN, Okla., July 24.—Indians in Southwestern Oklahoma were leaving the lowlands today fearing a big flood.

Wise men of the Comanche tribe held a council and decided certain signs gave indisputable proof a great flood is soon to sweep the country.

"When snakes go, it is time for Indians to go, too," was the wise men's dictum.

Tribal predictions were expected rain would come Thursday, when the moon is full.

Woman's Emotions Were Dillinger's Ruin

CHICAGO, July 24.—John Dillinger was trapped by a woman torn between the conflicting emotions of loyalty to the man who supported her on the one hand and fear, jealousy and the love for money on the other.

The mysterious woman in red, who had played mistress to Dillinger in his wild flight from the law, met the outlaw in Calumet City, Ill., saloon and went with him to escape the sordid life of a lady at the bar.

A corner of the veil of censorship that covered the Dillinger hunt was lifted today and revealed Dillinger never suspected death was closing in until the bullets of a federal agent burned through the back of his head.

Kin in U. S. Fear For Roehm Aide

The Chicago family of Ludwig Neumeier is worried about him. For at last reports he was in Germany acting as chauffeur to Ernst Roehm, executed Storm Troop leader. Dispatches reported that "Roehm's chauffeur" was slain. So this picture of her son Ludwig with his little daughter Erika, saddens the Chicago mother, Mrs. Fanny Neumeier.

ESCAPE PROBE IS STARTED BY PRISON BOARD

HUNTSVILLE, July 24.—Officials of the prison system today started an investigation to find out why three killers were allowed to escape from the death cells.

Raymond Hamilton, Joe Palmer and Blackie Thompson, the three men who went over the walls in a hail of bullets, appeared to have vanished. No word had been received of them since early yesterday when they engaged in a battle with Oklaohma officials.

W. A. Paidock, chairman of the prison board, called that body together for the investigation at the prison. He and another board member questioned guards, convicts and witnesses to the break in an informal investigation but would not say what they had learned.

Meanwhile Mary O'Dare, Hamilton's sweetheart, was arrested last night at Tyler. Police questioned her today but did not reveal their findings.

They said they wanted to find out if she knew of the activities of some of Hamilton's acquaintances.

SPEAKING OF THE FUTURE OF TEXAS AND TEXANS

Builders everywhere in Texas—and this covers all men and women who love Texas regardless of whence they came—declare for a new Texas, a Texas which pioneers and heroes and statesmen believed would come as a result of their sacrifices for the liberty of mankind and the establishment of a government of and for and by all the people.

There is a mighty issue to be settled at the primary ballot box.

It is the issue of naming men for the major and minor state offices as well as the naming of lawmakers who will have a mighty hand in the shaping of the future progress and development of this commonwealth. A man cannot serve two masters. He cannot be loyal to two masters. He cannot serve the people, all the people, and owe secret alliance or allegiance to those who think only of their own interests and their own success in life and its activities. Texas should come first.

The future of Texas should come first and not the selfish dollar or its contaminating influences if made use of for sordid or selfish purposes. Social justice should reign in Texas. Law enforcement should rule in Texas. Development of all the resources and industries (including the basic wealth industries) should be guarded and protected at all times by the men and women who make the laws.

Texas is standing at the crossroads. It is to make the turning point in this period of history and that turning point one that shall usher in the brightest dreams of the immortal founders.

FRANK JENKINS, publisher of the Klamath Falls (Ore.) News and Herald, says:

"Newspaper advertising is merely the salesman that talks to more prospects than any other salesman can.

"No merchant would even think of employing his star salesman on the floor hit and miss—a day now and a day next month, giving him a job just whenever he happened to feel in the mood. Every merchant wants his star salesman on the job regularly.

"Smart merchants, who know how to make advertising pay, keep their advertising, which talks to more prospects than all their other salesmen put together, many times over, on the job regularly."

C.C. Robey

Eastland County Bar Association committee to draft a resolution on the death of our member, C. C. Robey, beg leave to do as follows:

C. Robey was born in Eastland County in 1882 and died at the age of eleven years death of his father and the little boy thereafter was brought up on his own resources. He showed unusual courage he set out to earn a living and secure an education. He secured employment as a grocery clerk, then as a clerkship in a law office, afterwards he secured a post office employe, a bank, a court reporter, where he had a law and was admitted to the bar.

He held honorable positions until he was elected Attorney General of Texas, and served in the United States District Attorney for the Northern District of Texas.

In 1918 he married Miss Minnie Cleburne, Texas, also a lawyer and secretary of the Eastland County Bar Association. No children were born to this union.

More than 15 years Mr. Robey was an honored member of the Eastland County Bar Association and "none but to love him, none but to praise."

The Robey was a lover of the fine arts, of painting, of religion, and was largely devoted to the service of his church and community. He was a careful painstaking worker and always went to the head of the question and took the most direct and most efficient way to the goal. His life was a record in itself and a copy of his life would be a great help to his family and to his community.

JANE TERRI comes to New York determined to show her hometown Marburg, and especially AMY JACKSON that she can make success of her life. Amy has been her best friend until HOWARD JACKSON broke the engagement. Jane had forced upon him and married Amy.

Now Jane obtains a position in a real estate office and soon is making a large income. She meets an actor with ROBERT THOMPSON, married, but tired of him. When she hears the expense of their child she contemptuously dismisses him. Amy takes the baby named AMY, promising never to reveal its parentage.

When America enters the World War Howard decides to enlist in the aviation corps. Amy heartily wishes this impending separation, and she goes to play hostess to a commencement dinner party.

Howard leaves for a training camp in Texas. Amy and his mother go to the station to see him off.

NOW GO ON WITH THE STORY

CHAPTER XXIX

It was Mrs. Lowe who took charge of the situation. Pretending anxiety over Mrs. Jackson's baggage, she set her and Amy both to making inquiries. Then she took them back to Amy's home, talking all the while of trivialities.

Once there, Amy had to be busy and Mary Jackson put on an apron and helped. "It's nice to be in a kitchen again," she said. "I was getting sick of boarding houses and hotels. I may be pretty awkward at first. You were very good to let me come, Amy."

"I'm thankful you could come," Amy told her. "I couldn't shut up the house and stay with Mother and Father. They love me too much. They're so close to me it kills them to see me unhappy. You love Howard the most. I won't feel you breaking your heart about me all the time. I'm sure they're relieved I'm staying here. You understand. It's too much strain on all of us."

"My dear," said Mary Jackson. "I understand very well. Love is much harder to endure than hate, and what your parents feel for you I feel for Howard. If you knew what it has cost me to leave him free and not hang on him and depend on him and simply claim my life on his—it wasn't fun, you can believe it."

"Oh, why didn't you come sooner and be with him? I ought to have insisted—I'm so sorry! I didn't mean to crowd you out. Really I didn't. I didn't think."

"No, I didn't want to come. I only wanted the one glimpse of him. I couldn't have stood any length of time with him, any more than you can stand being with your parents. I'm selfish about Howard—I feel so outraged and—victorious about his going into this war."

"That's exactly what I've been saying to myself, but I didn't dare say it out loud. I'm glad you said it. And I wished, I can't tell you how much I wished and hoped that he'd be rejected—I mean by the physical examiners. I hope still that he won't be able to pass the air tests. Ground work isn't as dangerous as actual flying."

THE two women exchanged warm smiles. "You didn't tell How-

A PAYROLL to support 34,000 Texas People

IN 1933 over 34,000 Texans depended upon the pay checks of Texas legal reserve life insurance companies for their means of a livelihood. To the 10,000 people directly employed in home offices and the field went \$8,000,000.00 for wages, salaries and commissions.

For purchases made in Texas and in tax payments, in 1933 these companies paid out an additional \$2,115,000.00... support of further employment in Texas.

The Texas companies also had another payroll, much larger and equally important. In 1933 they sent \$20,000,000.00 to Texas beneficiaries and policyholders in payment of death claims, surrender values, endowments and annuities.

These companies had \$83,000,000.00 invested in Texas in 1933... and released into the channels of trade \$30,000,000.00 of spendable income.

The Texas companies and their 1,200,000 policyholders invite you to join them in the important work of making Texas a better state in which to live and make a living.

Epworth League
There was a fine attendance of members at the Epworth meeting held last night in Methodist church, with interest in the topic discussed, Latin American League, with Miss Mary Frances presiding, as chairman of the program.

Chaney brought the analysis of the view of Latin American League, stating that the Americans are gracious, and kind.

"The Republic of Cuba," was the subject of Seibert, who was the Missionary's message, and not discouraged; that the revolutions make it difficult to conduct the mission in Cuba.

Joan Kitley concluded the program.

Booster Bible Class

An ensemble song service directed by Mrs. Edward Everett brought the keynote of the lesson for the Sunday morning session of the Booster Bible class in Methodist church.

Mrs. Ed F. Willman, president, accompanied the hymns, "There Shall Be Showers of Blessing" and "He Whispers His Love to Me," closed with prayer by Judge W. P. Leslie, the class teacher, who gave a marvelous lesson on the current subject, "Elijah and The Voice of God."

The speaker said, the still small voice, can be heard if we listen. When we feel we are left alone and despondent, God is still with us, and will lift us as He did Elijah, out of his despair, fears, and defeat, by giving him something to do, and not merely by whispering soft words of sympathy.

In spite of the rainy day there was an attendance of Mr. and Mrs. Ed F. Willman, Mr. and Mrs. M. H. Kelly, Mr. and Mrs. C. W. Price, Mmes. Edward Everett, M. H. Belew, Misses Ruth Ramsey, Jackson, Jessie Lee Ligon, and Minnie Lay; Messrs. T. J. Haley, Cecil Hibbert, W. W. Kelly and Judge W. P. Leslie.

Mrs. Wesley Board was presented as a visitor.

Martha Dorcas Interesting Meeting

Mrs. W. E. Coleman presided over the session of the Martha Dorcas Bible class, Sunday morning in the Methodist church, substituting for their president, Mrs. H. O. Satterwhite, unable to attend.

Song service, "Take It to the Lord in Prayer," and "I Love to Tell the Story," was led by Mrs. June Kimble, with Miss Maifred Hale at piano.

Prayer was offered by Mrs. W. P. Leslie. Mrs. W. C. Marlow announced the Martha Dorcas picnic outing at City Park, tomorrow, Wednesday evening, at 7:30 o'clock, and that husbands and children were invited.

The committee reported Mrs. E. E. Stanford, still at Lovett-Payne Hospital but slowly improving.

Mrs. Guy Quinn, confined to her home by illness, and Mrs. Robert Ball in the hospital, recovering.

ering from an operation for appendicitis.

Also, that Mrs. Robert Ferrell, was to be operated on for appendicitis at the local hospital today.

The class mailed a card of interest to little Julia Brown, who is making a nice recovery from an appendicitis operation.

The lesson on Elijah from First Kings, was brought by Mrs. W. H. Mullins in an able coverage, dealing with Elijah's patience and trust in God.

Those present: Mmes. J. Atchley, Fred Hale, M. Doherty, W. J. Peters, D. J. Jobe, W. P. Leslie, W. E. Coleman, J. L. Roper, W. B. Harris, Jack Noell, June Kimble, W. C. Marlow, W. H. Mullins and Miss Maifred Hale, a visitor.

The session closed with the class prayer.

Home Makers Class

The Home Makers class heard a marvelous lesson from Mrs. Ray Larner at their Sunday morning session in Baptist church.

The class procedure was opened by their president, Mrs. S. D. Phillips, who transacted the routine business.

Mrs. Larner's theme dealt more with hearing and obeying God's voice than with any other phase of Elijah and the current lesson.

Highlights brought were, that Elijah heard God's voice, because he was willing to listen, and that if we are willing to hear, to be still, His voice will be heard.

Those present: Mmes. S. D. Phillips, W. P. Palm, O. B. Darby, T. L. Amis, V. E. Veksel, Williams, Ray Larner, and a visitor, Mrs. J. J. Galusha of Ponca City, Okla., sister of Mrs. Larner.

Young Peoples Department Baptist Church

Four classes combined for their lesson at the meeting of the Young Peoples Department of the Baptist church Sunday school, those of Mrs. Breazale, Mrs. Herrington, Judge C. L. Garrett and Mrs. Garrett.

The lesson on "Elijah and The Voice of God" was given in two parts by Mmes. Herrington and Garrett, who brought out the thought, that one had to be in a listening attitude to hear God's voice, and not turn a closed heart and deaf ear. And that one had

to have a will to do God's will.

Members of the Truth Seekers class present were Mr. and Mrs. L. G. Rogers, Mr. and Mrs. Don Parker, Mr. and Mrs. Howard Gaston, and Mrs. C. L. Garrett.

Busy Bee Sewing Club

Mrs. J. V. Freeman entertained the Busy Bee Sewing club very delightfully at her home Friday afternoon.

Visiting and needlework occupied a pleasant hour, and at five o'clock, the hostess served a tea plate of congealed peach salad, mayonnaise topping, potato flakes and iced tea with lemon.

Present: Mmes. Arthur Vaughn, Argye Fehl, James Beale, Ira L.

Hanna, M. B. Griffin and J. V. Freeman, hostess.

Miss Thomason Here

Miss Lillian Thomas of Shanghai, China, who for several years has held the important post of librarian of the University of Shanghai, is visiting Mrs. Scott Key, her niece, and Mrs. Jake Armstrong of Houston, who is also the guest of Mrs. Key.

Howard Key of the faculty of Alamo Heights High school, San Antonio, will be here in a day or so, for a few days visit with Miss Thomason, his aunt.

Miss Thomason has visited in Chicago, the World's Fair, and

will leave in a few days in company with Mrs. Armstrong for St. Louis, prior to leaving for California, where she will sail from San Francisco, on the President Hoover, for Shanghai, stopping enroute for a visit in Honolulu.

Millions NOW WANT THE NEW Firestone CENTURY PROGRESS TIRE

THAT TEN MILLION PEOPLE HELPED TO BUILD

EQUAL OR SUPERIOR TO ANY FIRST QUALITY TIRE BUILT REGARDLESS OF NAME, BRAND, BY WHOM MANUFACTURED OR AT WHAT PRICE OFFERED FOR SALE

THE immediate and enthusiastic acceptance of the new Firestone Century Progress Tire started a tremendous wave of buying that is keeping the Firestone factories running twenty-four hours a day to meet this huge demand.

We knew that car owners would replace their thin-worn, dangerous tires if they could get what they wanted in a tire at the price they wanted to pay. We found the answer through ten million visitors to the Firestone Factory at the World's Fair last year. We asked them—"What do you value most in a tire?"—and their answer was—"Give us Blowout Protection, Non-Skid Safety, and Long Wear, at a moderate price."

Drive in to the Firestone Service Dealer or Service Store today! Equip your car with these new Firestone Century Progress Tires, with the massive flat tread, deep-cut non-skid, broad husky shoulders, and Gum-Dipped cords. Tire prices probably never again will be as low as they are today. At these unusually low prices for first grade tires, we make it easy for you to buy not only one tire, but a complete set.

And Remember—with every tire you are protected by the new Firestone Triple Guarantee

- for Unequaled Performance
- for Life Against All Defects
- for 12 Months Against All Road Conditions
