Looking the picture of health,
with his forceful, mag-
netic personality and a clear vis-
ion which lurks the active
of a man whose endurance
and who has at his
command more rules of
diplomacy than any other
man in the United
States, Thomas L. Blanton
is coming his fellows, and
before them the subject
of election. When one
thinks of the man it is no wonder
that he commands the respect and
admiration of every member of the
body, whether democrat, republic-

Wins Last-Hour Stay of Death

A second reprieve from the death chair, only an hour before execution time, has given new hope to Mrs. Anna Antonio, above. A new statement by Vincent Saetta, one of the two men convicted of slaying the woman's husband, denying that she hired them to murder, stayed execution of all three until July 9, for further investigation.

Candidates Have Spent Much On State Campaigns

AUSTIN, July 5.—Several of the candidates for governor already have spent more than the total \$10,000 they are permitted to use in their races, first period expense accounts show.

C. C. McDonald reported a total expense of \$5,296; Clint Small reported expenditure of \$4,787. Accounts earlier gave Allred's expense at \$4,527, Hunter at \$3,501, Edgar Witt at \$5,283.

Five Are Killed In Plane Crash

ST. ANSGAR, Iowa, July 5.—An Independence Day celebration left an aftermath of mourning in three communities today for five people killed in the crash of a flaming plane within sight of several thousand.

The victims were passengers and pilot. The four passengers were being taken on a holiday taxi flight, as hundreds of persons had been during the day. The plane circled over the town, then headed for the field. Witnesses heard the plane's motor backfire, lose altitude and then saw it crash in the town's main street. Almost instantly it broke into flames.

Ferguson Takes To Stump Again

ITASCA, Texas, July 5.—Former Governor Jim Ferguson returned to the political stump here last night with his old-time fire, homely illustrations and eloquence.

C. C. McDonald is the logical man for Texas to elect governor, was Ferguson's plea. McDonald's platform and his ability to carry it out should be in the people's minds when they vote, he said.

Citing McDonald's 10 years' service as secretary of state and assistant attorney general, Ferguson got the crowd aroused with the declaration: "We do not want any more children in the governor's chair."

Marie Dressler Is Still Unchanged

SANTA BARBARA, Calif., July 5.—Silence from the estate of C. K. G. Billings, where Marie Dressler, famous actress lies ill, today indicated there was no change in her condition. Doctors' discontinue bulletins unless a decided change occurs.

NATIONS DEATH TOLL REACHES 142 ON FOURTH

By United Press
America's celebration of the Fourth of July under widespread police orders for a safe and sane observance resulted in 142 violent deaths, a United Press survey revealed today.

But the danger from explosives, once most feared on Independence Day, was reduced to the lowest point in many years. Only five fireworks deaths were reported. Many thousands, however, suffered injuries in firecracker and skyrocket accidents, the total running to almost 2,500 in New York city alone.

Airplane and traffic accidents killed more than 50 throughout the nation as highways were jammed with crowds. About the same number was drowned.

Bullock Revival Still In Progress

The Bullock revival meeting is progressing and will likely run a few days next week.

The Rev. C. J. Cloud is bringing great Gospel messages inspiring the people to strive to go in the way of right, light, and truth of Christ. During the first three days of the meeting the revivalist preached answering three important questions: "Why I Believe in God," "Why I Believe in Christ," "Why I Believe in the Bible."

He answered these questions by saying that he could not get along without God; that he could not get along without Christ; that he could not get along without the inspired word of God, the Holy Bible.

Everyone is cordially invited to come to worship God and hear Brother Cloud preach. He has been in the active ministry of the Methodist connection for 16 years, serving most of the time as pastor and part of the time as traveling evangelist.

The pastor of the Ranger circuit of Methodist churches announces that there will be preaching on the regular appointment at the Mount Zion church Sunday afternoon at 3 o'clock. We will try to have the Rev. C. J. Cloud to be present to preach at Mount Zion.

Unsold City Bonds Destroyed by Fire

EL PASO, Tex.—Fire destroyed \$765,022 worth of unsold El Paso city bonds.

But it was no accidental fire. The city council authorized destruction of the worthless securities to make more room in the state comptroller's office at Austin.

The bonds were to have been sold to a Dallas company which, however, ran out of money and to forfeit a \$15,000 pledge.

Rev. Lovell to Be At Rural Churches

Rev. Johnnie Lovell will speak Sunday morning at 11 o'clock at the Sap Oak Baptist church, near Gordon. Sunday afternoon at 3 o'clock he will speak at the Lone Cedar Baptist church, five miles south of Ranger, and Sunday night there will be a great mass meeting which all of Ranger is invited to the big open-air revival on the vacant lot across the street from the city hall. Rev. Lovell will discuss the following subjects: "What would happen, what would take place if Christ should come to Ranger tonight?"

Rev. Lovell will also be in a street service with his loud speaker in Ranger, about 5:30 o'clock Saturday afternoon.

'BEER-SANDWICH' GAME TO BE PLAYED FRIDAY MORNING AT OLDEN

The "beer and sandwich game" or the deciding game of the three game series between the soft ball team of the Lyric Theatre of Eastland and the Arcadia Theatre of Ranger will be played on Magnolia field in Olden Friday morning at 8:15 a. m.

Manager John Burke of the Eastland group has urged baseball enthusiasts to be present and bring a challenge to Texas lawyers to "rededicate themselves to the public welfare, even at the cost of private business."

Speaking before the annual bar association convention, which opened this morning, Townes criticized the legal profession for "an apparent laxity in public affairs at a time when capable leadership is sorely needed."

Donald R. Richberg, chief counsel for the NRA, will speak tonight.

Still Fights

The campaign for assemblyman from Queens county, N. Y., is going to be a stiff fight this year—for Jack McAuliffe, above, who reigned as lightweight champion of the fistie world for 12 years, is on the Democratic ticket for the job. Jack is shown in a political fighting pose here.

SAN FRANCISCO WATERFRONT IS STRIKE SCENE

SAN FRANCISCO, July 5.—Violent rioting broke out on San Francisco's waterfront shortly before 10 a. m. today in a longshoremen's strike.

Two freight cars were set on fire. Police rushed charging picket lines of marine strikers, flaying with their clubs and firing gas guns.

Two men were shot. One, a spectator, was wounded in the hand and stomach. A striker was shot in the leg. Police said the shots were fired by strikers.

The trouble began after trucks operated by the San Francisco Industrial association, in an effort to break the strike, had made a total of about 15 trips from the McCormick Steamship company pier to a warehouse, carting away coffee and general cargo.

Approximately 2,000 strikers were gathered back of police lines near the Matson Navigation company pier. These pickets saw five break out in two box cars some distance away and seemed to accept the smoke as a signal for action. They surged forward. Police rushed to meet them. Bricks began to fly.

Police brought up a tear gas squad and rained gas bombs on the rioters.

Nazi Chieftians Hold Conference

BERLIN, July 5.—Nazi political chieftians, the men who know the towns and provinces and people in the streets, met today to discuss the party's present fate and its future trend and fortunes.

Chancellor Hitler ordered what amounted to an emergency national party convention. He was expected to join the convention if it seemed advisable.

The future of Franz von Papen still was uncertain. Official announcement he would remain in the cabinet for the present, despite the humiliations to which he had been subjected, deepened a mystery. He offered his resignation and it was declined.

Lawyers Urged to Take More Interest In Public Affairs

FORT WORTH, July 5.—John C. Townes, Houston, president of the Texas Bar association, today flung a challenge to Texas lawyers to "rededicate themselves to the public welfare, even at the cost of private business."

Speaking before the annual bar association convention, which opened this morning, Townes criticized the legal profession for "an apparent laxity in public affairs at a time when capable leadership is sorely needed."

Donald R. Richberg, chief counsel for the NRA, will speak tonight.

EASTLAND TO HAVE 50 CENT GAS AT ONCE

At a meeting of the Eastland city commission this morning, which was attended by officials of the Community Natural Gas Company, which operates the gas distributing plant in Eastland negotiation begun by the commission sometime ago for a lower gas rate and which resulted in the gas company granting a reduction to 67 1-2 net basic rate, was continued and resulted in a still lower rate of 50 cent net being granted.

The maximum rate under the new agreement is 67 1-2 cents. The 50 cent rate scales down as did the other rates and becomes effective for gas used after June 25.

Officials of the Community Natural, in granting the 50 cent rate, stated they were granting it because of the cooperation the commission and the citizens of Eastland were extending them and in the belief that by reason of the lower rate there would be sufficient increase in volume to justify it.

Equalization Board Begins Study of Property Values

Equalization of property values in Eastland was taken up by the Board of Equalization for the Eastland Independent School District which began today what it is thought will be a two week session.

The board is composed of Frank Lovett, Jess Williams and H. O. Satterwhite.

W. B. Pickens, newly elected president of the Eastland Lions club, at the regular meeting Tuesday, assumed charge and after a plea for full cooperation from the members announced the following standing committees for the year:

Membership: F. M. Kenny, W. S. Poe, P. L. Crossley.

Cotton Not Hurt Yet By Drouth

WASHINGTON, July 5.—Cotton was not seriously affected by heat last week, but rain is now "rather badly needed" over a large western area, it was reported today.

Temperatures in the cotton belt were "only moderately high" but decidedly above normal in northern sections, the reports said.

Regional reports included: Texas crop holding up well considering the scanty soil moisture and remains mostly in good condition, though local deterioration is now reported from some drier sections.

Fourth Bus Victim Now Identified

FORT WORTH, July 5.—Southwestern Greyhound Bus Line officials today said the last of four bodies taken from a wrecked bus at Lancaster Tuesday night had been identified as that of Elmer Zienle, 22, of New York.

Kienle, 22, of New York. Austin youth with whom he stayed while attending a missionary meeting there.

Catches Two Large Fish In Ringling Lake This Week

Fish catches which are regarded as unusually large have been reported by J. W. Watson who Sunday and Tuesday caught bass weighing three and one-half pounds in Ringling Lake on each of the dates.

Fishing in the lake this year is reported to be that which is gratifying to local emulators of Isaac Walton.

BEGINNER'S LUCK

CLINTON, Conn.—Edward Fitzpatrick is a firm believer in beginner's luck. While seasoned fishermen complained of small catches, Fitzpatrick, casting a line for the first time, landed a 14-pound striped bass. It took him an hour to pull it into the boat.

Face Seduction Case Ordeal

With her mother comforting her, Vivian MacMillan, Edson, Alta, stenographer, told her story in Edmondson court, accusing Premier John E. Browning of Alberta of seduction. Miss MacMillan, right, and her mother are shown here as they left the courtroom after the girl's testimony.

Girl Is Sought In Denver's 'Love Slave' Inquiry

DENVER, Colo., July 5.—Investigators today sought a second girl of less than legal age reported to have been held as a "love slave" in a rendezvous at a fashionable residential district here.

If she is found charges will be filed against a new group of Denver business men. Already nine persons face charges in connection with alleged offenses against a 15-year-old girl who said she had been kept in the house more than two weeks.

Several of the men arrested when detectives raided the house were prominent business men, the district attorney said.

ROBBERY VICTIM NUDIST

ST. LOUIS.—It was 4 A. M. A drowsy sandwich shop attendant turned to greet a customer. To his amazement he saw a man uttering a word, but not, he explained, a nudist. He had been robbed by a Negro in an alley, he said, and was forced to disrobe. A phone call brought friends to the rescue.

City Commission Defers Action on Gas Franchise

The Eastland Fuel Corporation, subsidiary of the Hickok Oil Corporation, which last Monday night presented to the Eastland city commission, an application for a franchise to build and operate a gas distributing system in Eastland, re-presented the plan to the commission Tuesday night, the commission having taken no action on the matter Monday night. The commission, however, again recessed the regular meeting without taking action on the matter to meet again Monday night at which time the matter of the new franchise will again be brought up.

At Monday night's meeting Commissioner Sherrill presided in the absence of Mayor Donald L. Kinnaird.

The fact that Mayor Kinnaird was absent and the further fact that members of the commission desired more time to discuss the proposition, were given as reasons for not taking any action on the new gas plant proposal.

Tuesday night Mayor Kinnaird was again absent and the commission again urged this and the fact that they had not had sufficient time to study the proposition as reasons for again deferring action.

Frank Williams, district manager for the Community Natural Gas company, which now has a franchise and operates a gas distributing plant in Eastland, was present at Tuesday night's meeting and told the members of the commission that he had authority to say to the commission that Eastland would receive the same rate and same advantages that Cisco receives. The Hickok people have been granted a franchise for a plant in Cisco and are making plans to start installation of a plant immediately. They are offering Cisco a 60 cent rate, the same as Eastland is being offered by them.

R. L. Ponsler, representing the Eastland Fuel Corporation, charged that the Community's reduction in the Eastland gas rate recently granted was brought about because of the movement his company was making at Cisco and what they proposed to do in Eastland.

Mr. Williams of the Community Gas company countered with the statement that the Hickok people were endeavoring to force the Lone Star Gas Company to buy their gas; that the Hickok company had presented a contract for the Lone Star to sign, but that they would not sign it because there were other producers in this field the Lone Star had to consider as well as Hickok.

Mr. Ponsler replied that it was true that his company had sought a contract with the Lone Star, but that in doing so they were seeking a market for their gas and not only that but that they, too, were protecting the interest of other producers in the contract they offered the Lone Star.

Mr. Ponsler stated that his company had large holdings in this section, had been operating expense and that the Lone Star appeared to be gradually crowding all competitors out.

Horace Condey, representing the Eastland Fuel Corporation, told the members of the city commission present that he felt his company should take the commission's refusal to start action on the proposed new franchise as a refusal to grant the franchise. Members of the commission present, however, said, so far as they knew at this time, they were not opposed to the new plan, but that they had not had time to consider the matter as thoroughly as they wanted to before taking action on it.

Mr. Condey then stated to the commission members present that Mayor Kinnaird, with whom he said he had been discussing the proposed new franchise for about two months, had assured him that the commission members knew all about the proposition, were in possession of all details to same and furthermore were heartily in accord with it.

Mayor Kinnaird's failure to be present Monday night and again Tuesday, and the statement by the commission members that they did not know anything about the new proposition until they got it from Mr. Condey a few hours before Monday night's meeting, Mr. Condey said, was convincing to his mind that there was something in regards to the proposition that Mayor Kinnaird did not want to face.

STATE RELIEF BOND ISSUE TO BE REQUESTED

DALLAS, July 5.—Former Governor James E. Ferguson announced today Gov. Miriam A. Ferguson definitely had decided to call a special session of the state legislature shortly after September 11th.

Alarmed over continued drought conditions, Ferguson said, the governor will ask the legislature to provide for issuance of the remaining \$9,500,000 worth of state relief bonds.

The session will not be called until the run-off primary is out of the way and the state democratic convention set for September 11 is over, Ferguson said. But for the election, he intimated, the session would be called sooner.

"If the drought continues two weeks more there will be 200 counties needing relief," he asserted, "instead of the 96 now on the federal list."

The condition is now statewide and only a five or six inch rain can help. Even a soaking fall over the state can't help the corn crop now.

"Texas will be faced with the most serious situation in its history if the dry spell continues much longer, coming as it does on top of a world-wide depression."

"The situation will be worse even then the blue days of last winter for any country that doesn't make a corn crop in adversity."

"In travelling from Travis to Hill county yesterday Ferguson said he saw no cotton that would make over a bale to 15 acres or any corn that would have five bushels to the acre."

Rural Teachers to Receive Their Pay From Federal Fund

Instruction that \$9,369.03 is being sent from Federal Emergency Relief Administration headquarters at Austin for payment of teachers salaries for the continuance of rural school terms of this year which have already ended has been received by county school superintendent B. E. McGlamery.

The schools and the amount of money which they will benefit by the rate are: Elm, \$240; Crocker \$120; Grandview, \$120; Okra, \$586; Dothan, \$260; Bullock, \$459; Pleasant Hill, \$160; Carboon, \$1,212.54; George Hill, \$85; Desdemona, \$2,196; Yellow Wood, \$350; Union, \$121; Flatwoods, \$148.75; Morton Valley, \$1,132.08; Colony, \$454; Alameda, \$606.25; and Shady Grove \$100.

Rising Star and Pioneer previous to this time had received sums which total \$2,000.

TO PLAY SUNDAY

Eastland golfers Sunday will endeavor to maintain their non-defeated record Sunday when they play Gorman golfers on the Gorman golf course.

In a former match with the Gorman golfers Eastland won ten matches and lost three. The Eastland club this year has defeated Ranger twice, Cisco twice and Gorman once.

Cattle Counties May Be Given Relief If Rain Doesn't Fall

FORT WORTH, July 5.—Unless rain falls within the next two weeks all cattle counties in Texas will be designated in the drought area in the government drought cattle relief program, C. Z. Crain, federal surplus commodities director, predicted today.

Plans to speed the movement of drought area cattle to packing plants was announced simultaneously by H. L. Durby, head of the Texas division of the United States bureau of animal industry.

McADOO GOES ALL THE ROAD FOR HIRAM JOHNSON

Senator William Gibbs McAdoo won a remarkable victory in California in 1932. He buried Rev. Bob Shuler "and all the rest," speaking of prohibition and republican rival contenders for the senatorial toga. Now he has announced his support in the campaign of Sen. Hiram Johnson, republican and Roosevelt follower who is seeking a re-nomination at 68 McAdoo is not satisfied with taking a hand in the senatorial contest. He has declared for George Creel for governor and has advised the democrats and independents to cast their ballots for the noted newspaper writer who as the head of the department of publicity when Woodrow Wilson was the war president of the United States.

If there is any one man in public life that Herbert Hoover detests, it is Hiram Johnson. It will be a bitter pill for the former president and his close friends should the McAdoo slate for senator and governor go over in the primary election and in November win the ballots of a majority of the voters of the Golden Coast state.

A remarkable man this democratic senator from the Pacific coast country. Born in Georgia, he made history in Tennessee, moved to New York, became a builder of tubes and tunnes, married the daughter of Woodrow Wilson, became secretary of the treasury and after the coming of Warren G. Harding moved to California announced as a candidate for president and lost the prize in two of the most memorable conventions in the history of the democratic party. Texas backed him. He is 70. He is an American senator. He has built a machine all his own and is planning to be the super-leader of the new as well as the old democrats of the Golden Coast State. McAdoo has guts as well as brains. He is an ugly customer if he happens to be on the other side of the political fence. He never is old and never young. He is the high ace of the American gamblers in the political playhouse.

BARGAIN TIME TO BUY OR BUILD A HOME

A tremendous housing program enacted by the congress before adjournment and signed by the President of the United States is on the way. Bernard L. Johnson of Chicago is the editor of the American Builder magazine. He addressed the national realtors convention in session in the city of Minneapolis. He declared a saving of 41 per cent in the cost of a home "is the tempting bait offered the present day home buyers." There are reasons why. Home buyers and builders are getting a better break. Improved lots are away down. Their original developers and owners in many cases have been wiped out. Present buyers, Editor Johnson stressed, can take advantage of their loss by acquiring good home building sites today at a fraction of their former expense, "which bulked as large as 20 to 25 per cent in the heyday of speculative home cost. Moreover, he said, promotion and sales building, is today practically climaxed."

Speaking of the President's plan for encouraging home building, the editor of the American Builder asserted new financing procedures are being set up that will cut home costs tremendously. He reminded his audience the President is out for 5 per cent money for home buyers on mortgages "to run not three years or five years, but 18 and 20 years." Moreover, he said second mortgages with their high interest and premium charges would no longer be needed; that all financing will be on one long term mortgage with no renewal charges; that the net rate to the home owner will be 5 per cent and lastly, the simple change of interest from 6 per cent to 5 per cent means a saving of 18 1-2 per cent on the monthly payments to pay off completely in 18 years. He advised all builders of homes to make sure that the house structurally is well built and this applies to the smallest house as well as to the largest.

Editor John is an optimist. It is his viewpoint that "the wise man who buys or builds at the bottom of the market gets the benefit from the steadily increasing values as the market prices advance; that many authorities agree that home properties have already touched bottom and are starting to advance, and that this gives the present home builder a prospective increase in the value of his property and emphasizes again that now is the bargain time of build." Civilization has ever been built on the home and around the home. The past may have been most depressing, but all that happened is dead as the dodo. It is the future that is appealing and the planners and the diggers will be the builders of the future as planners and diggers were the builders throughout the dead ages.

Atty. Gen. Homer S. Cummings and his staff are compiling a list of "the public enemies of the United States." Of course, the list will carry the names of notorious desperadoes—including kidnapers, murderers, bank robbers and assassins. It is said that John Dillinger heads the list and will receive the No. 1 designation. This is not all the attention he will receive. Posting of a \$25,000 reward for the capture of Dillinger will be the beginning of the fireworks. It is a mistake to say that there is "honor among thieves." A reward of \$25,000 is about the fattest offering ever made for the capture of a ruffian, high or low, in the history of the department of justice. Money is a very loud talker.

SOPHIE KERR'S SUPERB LOVE STORY "STAY OUT OF MY LIFE!"

By Sophie Kerr

BEGIN HERE TODAY When HOWARD JACKSON, young geology professor, comes to Harburg, JANE KERRY, the prettiest girl in town, determined to win his heart. Howard, however, falls in love with ANN LOWME, Jane's best friend. Jane, however, is not to be outwitted. She enrolls in a secretarial school and later becomes private secretary to the president of the Harburg Real Estate company. She meets HOWARD JACKSON, head of the company's rental department, who shows her attention. Ann and Howard are married and go to live in his home town. On a day when Ann was wearing a shabby dress and Jane on the street, Jane who had been a school teacher, saw Ann's efforts to renew their friendship.

SHE had been proud of when she had furnished it. She had thought it odd and chic, and so it was. The walls were hung from floor to ceiling with a shadowy far-away white and gray cretonne. The furniture was painted black but the rug in lively soft rose and pillows of rose-color, gave cozyness to this austere Jane's own negligee was the same rose. She had seen the room in a decorator's exhibition and had not been satisfied until she had duplicated it in every detail. Now she laid it. It's gaily seemed callous to her suffering.

THE telephone rang and she took it up. "Oh—Roger... I feel awful... I don't want to see you... I don't want to talk to you... There's nothing to talk about... She banged the receiver down, fiercely and lay back again on the pillows.

"I'm going to get rid of him, she thought. "He's a coward. I hate him, too, along with everything else. Whining around—I shall tell him." She was stronger now and she got up again, huddled into some loose clothes and combed her hair. That made her feel better. When she went into her living room Kitty was there cleaning. "Make some fresh coffee and toast and bring it here," said Jane, and sat down at her desk.

Presently she heard the bell and waited. Kitty went to the door and a moment later Roger Thorpe came in. Jane swung around sharply. "I told you I didn't want to see you," she said. "I know, but I want to see you—for God's sake—if you knew what a swine I feel! You can't mean it when you say you're through with me."

OUT OUR WAY

BORN THIRTY YEARS TOO SOON.

MANY CHANGES IN STATE RACE MAY BE SEEN

By GORDON K. SHEARER... United Press Staff Correspondent... AUSTIN, Tex. — With four weeks to go, the race for governor in Texas is still a puzzle.

Forged Pardons Are Not New In History of Prison

AUSTIN, Tex.—Forged pardons are not new in Texas. One of the most celebrated releases by spurious order occurred during the administration of the late Gov. J. D. Sayers.

Farmer's Dream Of Riches Gone

HARLEM, Mont., June 30. — Farmer Sam Harvey's dreams of sudden riches vanished to leave him holding a dozen sacks of rusty old bones.

Witt's record of having polled the greatest number of votes ever given any one in a Texas election must not be overlooked, nor the fact that he comes from the center of the vote area.

Reports of Small accretions are brought to Austin so frequently as almost to suggest a planned design to create a "Small Will Win" psychology.

Two of Lost Tribe Are Still Surviving

ST. LOUIS. — A lonely vigil is kept here by the last two members of a lost tribe—that of the Wooden Indians.

Devil's Sink Hole Produces Guano

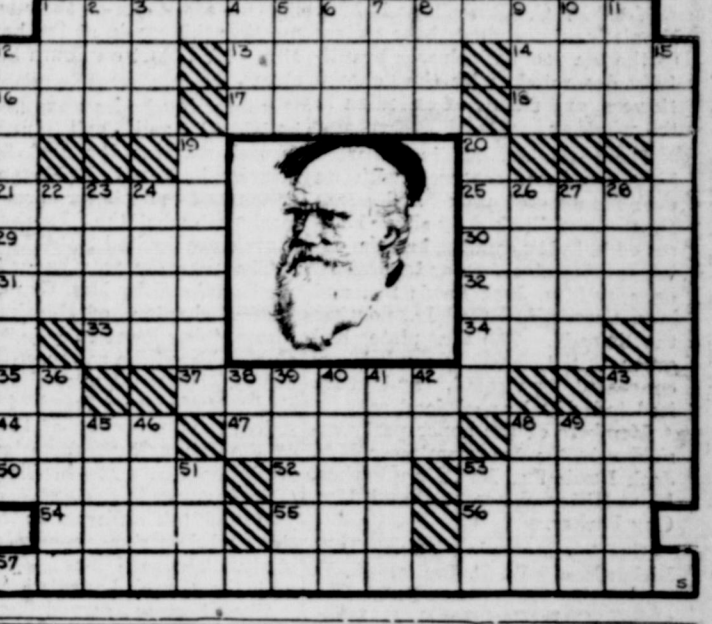

ROCKSPRINGS, Tex.—Devil's Sink Hole, 13 miles east of here, has become something more than an attraction for sightseers.

Junior Commission Oversees Oil Fields

AUSTIN, Tex.—"Junior Commission" is the name that has been tacked on the East Texas committee of three designated by the Texas railroad commission to oversee oil tenders and oil movement.

Charming Reception
Honors Mrs. Goodman

Mrs. P. L. Parker entertained in honor of her daughter, Mrs. R. B. Goodman of El Paso, on Tuesday afternoon, with a tea-reception, at her attractive home, from 5 to 6:30 o'clock.

A delightful twilight coolness prevailed in the reception rooms, fragrant with charming arrangements in bouquets of pink carnations and ferns and pink snapdragons, in harmony with the color motif of the affair, pink and green.

Arriving guests were greeted hospitably at the door by Mrs. C. A. Hettig and received by Mrs. Parker, Mrs. Goodman, and Mrs. Walter Durham of Comanche, daughter of the hostess.

Mrs. P. G. Russell and Mrs. Frank Lovett conducted the callers to the tea room which was beautifully decorated with the chosen flowers, and stands of callodian in the windows.

The tea-table, laid in imported Hamilton lace, centered with an oval mound of pink and green flowers and flanked by silver holders of tall pink candles, had the silver service at either end, presided over by Mrs. Jack Lewis Sr., and Mrs. Homer Brelsford Jr., pouring the libations. The tea table had green tinted cheese sandwiches, congealed lime salad, and green iced individual angel food cake.

Members of the house party assisting in the tea room were Mrs. Jack Lewis Jr., Mrs. Don Parker, Mrs. Milton Lawrence, and Mrs. Guy Parker.

Move to Boycott Indecent Movies Started In Houston

HOUSTON, Tex.—A movement to boycott indecent motion pictures shown in Houston has been started here by the Legion of Decency.

The legion called for 20,000 Houstonians to assist in the drive against salacious movies by pledging themselves not to attend.

The Legion of Decency was organized locally last week when sentiment throughout the state began to be voiced publicly.

Favorable reaction to the campaign and to the legion, sponsored by the Catholic clergy, is growing.

The Rev. George A. Wilhelm, pastor of the Holy Name Catholic Church and leader of the movement here for cleaner movies, said he was promised cooperation from the Ministerial Alliance and the Baptist Pastors' Conference.

Plans of the legion are to boycott the theater that insists on billing movies considered "indecent" until the management agrees to "clean up," the Rev. Mr. Wilhelm said.

"Cleaner movies are a real need and I am sure a favorable reaction will be forthcoming from the Alliance," Secretary F. C. Fields said. "We have discussed the matter and find that the project has our sympathy. We hope the force of public opinion will aid us to get cleaner movies and to uphold all morals."

The movies, Father Wilhelm said, are getting steadily worse, coming to "a climax this past spring with a number of indecent films."

"It was only through such a legion that the drive against these indecent pictures could be made successful."

"For years we have been urging the motion picture industry to cut out the rough stuff," he added. "But they laughed at us. We know that decent shows draw better crowds than salacious ones and we will prove that to the movie people with our Legion of Decency."

The legion is getting millions of signatures from right thinking people all over the nation, he said, and 20,000 pledge cards are being distributed in Houston.

Father Wilhelm said he was certain similar legions would be organized soon in other Texas cities which he understood were making similar clean-up drives.

"The movies have a wonderful opportunity for presenting worthwhile shows, but they have been debauched and put in the honky-tonk," he asserted.

"Something terrible has happened to America since the World War, some sort of moral breakdown. It is time for America to wake up and get over the jazz age."

History of Texas Rangers Is Written

By United Press
FORT WORTH, Tex.—A romantic and colorful history of the Texas Rangers has been completed by C. L. Douglas, Fort Worth newspaperman, and published by the Southwestern Press.

The book, entitled "Gentlemen in the White Hats," is as factual as well as picturesque relation of the famous Texas constabulary, dealing with such figures as Captain McNelly of the old time Rangers and Tom Hickman of the modern era.

An interesting chapter deals with Capt. Frank Hamer and his capture of Texas' most famous outlaw since Sam Bass, the murdering Clyde Barrow and his gunnoll, Bonnie Parker.

The author has been engaged in newspaper work for 11 years and has spent most of those years in Texas. "Gentlemen in the White Hats" is his first book.

Juarez Bone Dry Through 48 Hours

By United Press
JUAREZ, Mexico.—This mecca of American drinkers during prohibition was bone dry for 48 hours during the recent elections.

The usual bar closing period is 24 hours, but this year federal officials were determined to keep voters "in their right minds," they declared.

Soldiers were stationed at strategic points in the city to prevent disorder.

Trick of Picking Up Snake Failed

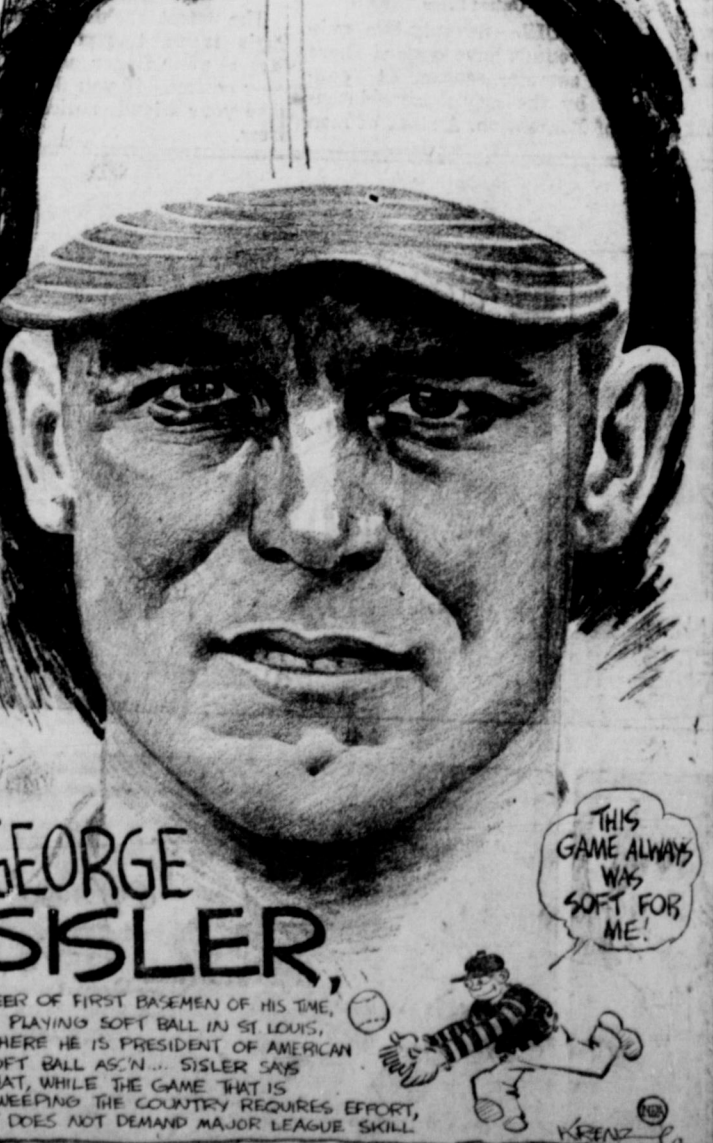

By United Press
FORT DAVIS, Tex.—Norris Creath boasted he could pick up a rattlesnake without being bitten. "It's a trick," he said Creath picked up a three- and a half-foot serpent by the neck. The "trick" failed when the snake bent its head and struck Creath on the hand. Snake bite serum prevented serious consequences.

Vigilantes Watch Traffic Violations In Fort Worth

FORT WORTH.—In addition to keeping one eye cocked for motorcycle policemen, Fort Worth motorists now have to keep their other eye set for the vigilantes.

A lookout for the vigilantes, however, will be unavailing, as the members are secret. The vigilantes is an organization comprised of citizens who duty it is to watch out for traffic violators.

The organization, believed the only one of its kind in the state, was formed not only to curb traffic violations but also to reduce the number of automobile fatalities in Fort Worth.

The committee works like this: A member spots a violator. The member reports it to the committee. The committee sends the violator a letter of warning. The committee members keep check on the violator. Future offenses will be reported to the police.

Judge Harry Boynton commended the plan. He said police would follow-up the vigilantes and arrest violators when the driver was identified positively.
